Snap! the Goofy Things We Say

This book consists of a collection of sayings my mother put together over a 20 year period, from 1994-2014. She kept a log of every "hip" saying she happened upon. Entertaining verbiage is clean and fun reading for all ages!

Catalogue of the Brooklyn Library

A funny look at the ridiculous things we say. The English language is full of phrases and sayings that make no sense, are mean, sound funny or make us sound like jerks. We tell people to "get over it" or "everything happens for a reason" when they're mourning. We tell kids "don't fall" and "work hard". We tell our friends we have better stories than they do. We say words like "antithesis" to sound smarter. We copy and paste bogus legal declarations on social media. This book is intended to be taken with a light heart. Maybe you'll find some of the things you say in this book and it will make you angry. Ask yourself why it's here and why you're angry. Maybe we have a different context, or maybe you should stop saying them.

Stupid Sh*t You Say

With this book you can discover how to unlock your latent creativity and make your dreams a reality. It provides a 12-week course that guides you through the process of recovering your creative self.

The Artist's Way

All Things to All People is an introverted narrative penned by the son of a Gospel preacher and his alter ego, Begees McFree. This playfully written autobiography of a simple, quiet, and peaceable man guides the reader through depression-induced insomniac confessions. Looking deep into the often-hidden

places of the heart and mind, these confessions freed the writer from lies and misunderstandings that had been buried deep within. *All Things to All People* shares the spiritual struggle of a man after a divorce broke apart his life and separated him from his children. Begees uses freewriting to disentangle his poor choices from his good intentions, gaining more selfcontrol and growing closer to God while strenuously pushing unbelief out of his mind.

Our Dumb Animals

Renee Scott has been teaching in inner city schools for over thirty years. She has had to do many unethical things to control her classroom. She has dealt with gangs, weapons, violence, fights, riots, and intimidation. She has learned to fight fire with fire. Her life experiences have formed her strategies in the classroom. Her reaction to these various situations can only be attributed to her lifestyle and street knowledge. Renee has maintained control of her classroom at great disadvantages by using many unconventional strategies. This book can be compared to other stories like *Dangerous Minds*, *Freedom Writers*, and *Lean on Me*.

Things My Girlfriend and I Have Argued About

A public restroom even more horrific than most, with a stained toilet that can swallow a man whole, sending him to a sewage-filled hell. A riverbank lined with swaying mops given faces and philosophies. A secondary school that seems to waver in and out of reality not only in dreams, but also upon wakeful visitation. An isolated grotto, home to trolls and the posthumous shadow form of Elvis Presley. These are all settings of the peculiar, often unnerving events in Set Sytes's collection of short bizarro fiction. By the author of *How Not to Kill Yourself*, this second edition of *Born to Be Weird* features hordes of new terrors and otherworldly adventures to make your stomach turn and skin crawl.

La Follette's Weekly Magazine

Life with 10+ kids means you hear yourself saying things out loud that seem odd. Exceptionally odd. Things like, "No, I have never thought about what it would be like to drink my own pee," or "Do not let her take that dead mole to school." Then you will hear yourself asking many strange questions and you will get no legitimate answers. Things like "Why are their tennis shoes in the freezer?," "Whose underpants are in the driveway?" or "Why would you invite boys to your slumber party without asking me first?" You will have to explain things that should need no explanation. Such as, "You can't put a ham sandwich in your pants pocket," or "There is no such 'thing' as a love stab." This book is a compilation filled with the actual "Things That Came Out Of My Mouth" and real life stories, complete with photographic evidence, that opens the door to my world where you can take a brief glimpse into my funny life with all these kids. These wonderful children who, on the verge of adulthood, will lie to my face about whether or not they have brushed their teeth in the last 4 days and cannot recall the last time they showered. The same children who will tape a panty liner to their shin because they are too lazy to look for a band aid. This hilarious book is appropriate for anyone of any age and guaranteed to make you laugh out loud. "Listen- just use the lice comb to get the poop out of the tiny crevices and then wash it off and put it back in the secret drawer." "Oh please, please God in heaven, let him puke on the tile just this once." "Yes, people who spend an hour in the bathroom so they can pluck the hair off their knees with tweezers are generally thought to be weird." "You are in the fourth grade. There is no such thing as a 'serious relationship'." "I am almost sure that we are the only people in the world to use your Dad's nose trimmers to cut the umbilical cord from a kitten." "Is someone eventually going to tell me what happened to the mirror that used to be hanging here?" "You cannot just put an upside down paper plate over the dog poop and consider it 'cleaned up!'" "I find it just ridiculous that when I ask you to do something simple you have to roll around the floor in the fetal position faking a seizure." "A parent should never, ever have to say, 'Get the watermelon out of your pants.' Ever!" "I swear, I have the only child in the world that goes poop and comes out of the bathroom to announce to everyone that you have 'released the Kracken'." "Hellboy" is NOT a good Christmas movie." "Don't shut the cats head in the door just to 'teach it a lesson'. You can't teach cats anything." "Sweetheart, are you absolutely SURE you want to dress as "Captain Underpants" for school?" "No, no, no... you are not going to gather

up all the different animal poop and compare which ones stinks the worst. Besides, the answer is cat poop." "Wake up now. I know it's 8 am but wake up and help me in the front yard with this garage sale before I kill your Grandma. She is driving me crazy and I haven't had any coffee yet. No, I'm serious, get up now. Grandma's life may depend on it." "No, Uncle Kevin is not allowed to pee in the yard just because he is a boy. Why, have you seen him do that? No, do not answer me, I really don't want to know."

Funny Things My Kid Says

Now available from Thomas Wolfe's original publisher, the final novel by the literary legend, that "will stand apart from everything else that he wrote" (The New York Times Book Review)—first published in 1940 and long considered a classic of twentieth century literature. A twentieth-century classic, Thomas Wolfe's magnificent novel is both the story of a young writer longing to make his mark upon the world and a sweeping portrait of America and Europe from the Great Depression through the years leading up to World War II. Driven by dreams of literary success, George Webber has left his provincial hometown to make his name as a writer in New York City. When his first novel is published, it brings him the fame he has sought, but it also brings the censure of his neighbors back home, who are outraged by his depiction of them. Unsettled by their reaction and unsure of himself and his future, Webber begins a search for a greater understanding of his artistic identity that takes him deep into New York's hectic social whirl; to London with an uninhibited group of expatriates; and to Berlin, lying cold and sinister under Hitler's shadow. He discovers a world plagued by political uncertainty and on the brink of transformation, yet he finds within himself the capacity to meet it with optimism and a renewed love for his birthplace. He is a changed man yet a hopeful one, awake to the knowledge that one can never fully "go back home to your family, back home to your childhood...away from all the strife and conflict of the world...back home to the old forms and systems of things which once seemed everlasting but which are changing all the time."

The Sunday Magazine

Just weeks after the November 2008 election, the Annenberg Public Policy Center's Kathleen Hall Jamieson and FactCheck.org's Brooks Jackson gathered top strategists and consultants for postelection analysis. Nicolle Wallace, Ambassador Mark Wallace, Jon Carson, Steve Schmidt, Bill McInturff, and Chris Mottola from the McCain-Palin camp met with David Plouffe, David Axelrod, Joel Benenson, Jim Margolis, and Anita Dunn, their counterparts from the Obama-Biden camp to share their insights into one of the most unusual presidential elections in American history. Representatives of the Democratic and Republican National Committees and the major independent expenditure groups did the same. In the resulting book, *Electing the President, 2008*, the consultants who managed the 2008 presidential campaign retrace the decisions that shaped the historic presidential election. Like *Electing the President, 2000* and *Electing the President, 2004*, this work permits readers to eavesdrop on the first cross-campaign discussion that occurred in the nation after Election Day. These political experts assess the importance of new factors ranging from campaign spending to the performance of the press corps, from the effect of the Internet on news cycles to the influence of Tina Fey. Democratic and Republican insiders explain the strategies behind the debates and advertising, reveal what their internal polls showed, and share what they did well and poorly in their efforts to elect the forty-fourth president of the United States. In addition to insider commentary, *Electing the President, 2008* presents political communications and strategy researchers with an election timeline and polling data from the National Annenberg Election Survey. This book offers a ringside seat to what may prove to be the most pivotal political contest for a long time to come. An included DVD features selected video of the proceedings.

I actually packed Looking for Sarah Jane Smith for a long-haul flight and such a page-turner did it prove to be that I finished it within a couple of hours.' - Living Abroad Magazine '...A bitter, crude, but funny book... These boys are not particularly likeable, but their story is raw, honest, unsophisticated and rooted in bittersweet reality.' - Post Newspapers 'An agreeably raucous novel that touches on Dr Who and men behaving badly. Its strong language and adult scenes make it the perfect Christmas gift for that impressionable nephew.' - The West Australian Book 2: Girls Like Funny Boys Part coming of age story, part exploration of the maddening nature of dreams, Girls Like Funny Boys is a potent mix of sexual obsession, guilt and fame. "Gina crouched, resting on her haunches to continue the conversation. Her legs were too far apart. There was a hole in her black tights just above the left knee. Johnny felt a hot urge to poke a finger in it. He wished she'd leave him alone. He wished she wasn't wearing tights. He stared at her lopsided mouth and the way her fat lower lip jutted out. It was so red it bordered on purple, the colour of strawberries on the turn." Meet Johnny Goodwin. Most of all I just loved this book.' - Australian Crime Fiction Book 3: To Dare A Future A van driver with abduction and murder on his mind. Movies have replaced the circus and the carnival as the traveling sideshow for the masses of America today, providing longed for escape from day-to-day reality. In the actual movie business, one is either above the line or below the line, the demarcation where the real money and power starts and stops. In a personal attempt to separate fact from fiction, the author takes a look at the beautiful, and the not-so-beautiful, people who work in films, in a behind the scenes account of "movie magic" from the thoroughly kissed bottom.

Born to Be Weird

Things as They are

How I Became Stupid

Ignorance is bliss, or so hopes Antoine, the lead character in Martin Page's stinging satire, *How I Became Stupid*—a modern day *Candide* with a Darwin Award like sensibility. A twenty-five-year-old Aramaic scholar, Antoine has had it with being brilliant and deeply self-aware in today's culture. So tortured is he by the depth of his perception and understanding of himself and the world around him that he vows to denounce his intelligence by any means necessary in order to become "stupid" enough to be a happy, functioning member of society. What follows is a dark and hilarious odyssey as Antoine tries everything from alcoholism to stock-trading in order to lighten the burden of his brain on his soul.

Worthless, Impossible and Stupid

Introducing the global mind-set changing the way we do business. In this fascinating book, global entrepreneurship expert Daniel Isenberg presents a completely novel way to approach business building—with the insights and lessons learned from a worldwide cast of entrepreneurial characters. Not bound by a western, Silicon Valley stereotype, this group of courageous and energetic doers has created a global and diverse mix of companies destined to become tomorrow's leading organizations. *Worthless, Impossible, and Stupid* is about how enterprising individuals from around the world see hidden value in situations where others do not, use that perception to develop products and services that people initially don't think they want, and ultimately go on to realize extraordinary value for themselves, their customers, and society as a whole. What these business builders have in common is a contrarian mind-set that allows them to create opportunities and succeed where others see nothing. Amazingly, this process repeats itself in one form or another countless times a day all over the world. From Albuquerque to Islamabad, you will travel with Isenberg to discover unusual yet practical insights that you can use in your own business. Meet the founders of Grameenphone in Bangladesh, PACIV in Puerto Rico, Sea to Table in New York, Actavis in Iceland, Studio Moderna in Slovenia, Hartwell Metals in Hong Kong and Southeast Asia, Given Imaging in Israel, WildChina in China, and many others. You'll be moved by the stories of these plucky start-ups—many of them fueled by adversity and, more often than not, by necessity. Great stories, stunning successes, crushing failures—they're all here. What can we, in the East and West, learn from them? What can you learn—and what will these entrepreneurial stories, so compellingly told, inspire you to do? Let this book open doors for you where you once saw only walls. If you've ever felt the urge to turn a glimmer of an idea into something extraordinary, these stories are for you.

How I Became Stupid

Ignorance is bliss, or so hopes Antoine, the lead character in this stinging satire, who has had it with being brilliant and deeply self-aware. He vows to denounce his intelligence by any means necessary--in order to become stupid enough to be a happy, functioning member of society in this dark and hilarious odyssey.

The Discreet Pleasures of Rejection

Another mordantly hysterical tale from the author of the cult favorite *How I Became Stupid* A funny yet poignant tour of one young man's existential crisis, *The Discreet Pleasures of Rejection* is another short novel from France's Martin Page. Virgil comes home from work one day to a message on his answering machine--his girlfriend is breaking up with him. This news should be devastating, but instead it's deeply troubling, because Virgil doesn't know the woman and doesn't have any memory of being in a relationship with her. The event sends Virgil into a tailspin of unrelenting self-analysis, causing him to question his memory, his sanity, even his worth as a lover. The seamless translation by Bruce Benderson perfectly captures Page's delicate, witty style, bringing this audacious gem of a novel to English-speaking audiences.

Idiot America

NATIONAL BESTSELLER The three Great Premises of *Idiot America*: · Any theory is valid if it sells books, soaks up ratings, or otherwise moves units · Anything can be true if someone says it loudly enough · Fact is that which enough people believe. Truth is determined by how fervently they believe it With his trademark wit and insight, veteran journalist Charles Pierce delivers a gut-wrenching, side-splitting lament about the glorification of ignorance in the United States. Pierce asks how a country founded on intellectual curiosity has somehow deteriorated into a nation of simpletons more apt to vote for an American Idol contestant than a presidential candidate. But his thunderous denunciation is also a secret call to action, as he hopes that somehow, being intelligent will stop being a stigma, and that pinheads will once again be pitied, not celebrated. Erudite and razor-sharp, *Idiot America* is at once an invigorating history lesson, a cutting cultural critique, and a bullish appeal to our smarter selves.

Gorky Park

The “gripping, romantic, and dazzlingly original” (Cosmopolitan) Arkady Renko book that started it all: the #1 bestseller *Gorky Park*, an espionage classic that begins the series, by Martin Cruz Smith, “the master of the international thriller” (The New York Times). It begins with a triple murder in a Moscow amusement center: three corpses found frozen in the snow, faces and fingers missing. Chief homicide investigator Arkady Renko is brilliant, sensitive, honest, and cynical about everything except his profession. To identify the victims and uncover the truth, he must battle the KGB, FBI, and the New York City police as he pursues a rich, ruthless, and well-connected American fur dealer. Meanwhile, Renko is falling in love with a beautiful, headstrong dissident for whom he may risk everything. “Brilliant...there are enough enigmas within enigmas within enigmas to reel the mind” (The New Yorker) in this wonderfully textured, vivid look behind the Iron Curtain. “Once one gets going, one doesn’t want to stop...The action is gritty, the plot complicated, and the overriding quality is intelligence” (The Washington Post). The first in a classic series, *Gorky Park* “reminds you just how satisfying a smoothly turned thriller can be” (The New York Times Book Review).

Den of Thieves

A #1 bestseller from coast to coast, *Den of Thieves* tells the full story of the insider-trading scandal that nearly destroyed Wall Street, the men who pulled it off, and the chase that finally brought them to justice. Pulitzer Prize–winner James B. Stewart shows for the first time how four of the eighties’ biggest names on Wall Street—Michael Milken, Ivan Boesky, Martin Siegel, and Dennis Levine—created the greatest insider-trading ring in financial history and almost walked away with billions, until a team of downtrodden detectives triumphed over some of America’s most expensive lawyers to bring this powerful quartet to justice. Based on secret grand jury transcripts, interviews, and actual trading records, and containing explosive new revelations about Michael Milken and Ivan Boesky, *Den of Thieves* weaves all the facts into an unforgettable narrative—a portrait of human nature, big business, and crime of unparalleled proportions.

Shopgirl

One of our country's most acclaimed and beloved entertainers, Steve Martin has written a novella that is unexpectedly perceptive about relationships and life. Martin is profoundly wise when it comes to the inner workings of the human heart. Mirabelle is the "shopgirl" of the title, a young woman, beautiful in a wallflowerish kind of way, who works behind the glove counter at Neiman Marcus "selling things that nobody buys anymore . . ." Slightly lost, slightly off-kilter, very shy, Mirabelle charms because of all that she is not: not glamorous, not aggressive, not self-aggrandizing. Still there is something about her that is irresistible. Mirabelle captures the attention of Ray Porter, a wealthy businessman almost twice her age. As they tentatively embark on a relationship, they both struggle to decipher the language of love--with consequences that are both comic and heartbreaking. Filled with the kind of witty, discerning observations that have brought Steve Martin critical success, *Shopgirl* is a work of disarming tenderness.

Stupid

Martin's been diagnosed with ADHD, but he feels something about his diagnosis isn't right. The Ritalin he's prescribed doesn't seem to make a difference. When Martin's grades continue to sink no matter how hard he tries, his father writes him off as lazy and just plain stupid. His dad is convinced that Martin just needs to focus more on his studies and less on making movies. One night while out pursuing his passion on the city streets with his camera, Martin meets Stick and is introduced to the energetic and exciting pastime of parkour -- free-running. While filming Stick's flips and tricks, Martin begins to see a connection between how his brain interprets the world, all jumbled and fast-moving and out of order, and what the free-runners see. Camera in hand, Martin sets out to make a video that will show his dad what he sees, and hopefully get him to understand that Martin's real learning disability, dyslexia, has never been properly diagnosed. Money

This is the story of John Self, consumer extraordinaire. Ceaselessly inventive and savage, this is a tale of life lived without restraint; of money, the terrible things it can do and the disasters it can precipitate.

Time's Arrow

In this novel a man's life is portrayed backwards, from death to birth, as are some of the scenes - for example, sex begins with climax, moves through foreplay and exhausts itself on flirtation. The plot is about a doctor whose story begins with his death. Shortlisted for the Booker Prize.

GET CLEAN

Unlike most kittens, Martin doesn't like eating mice - let alone catching them. When he catches one by mistake he decides to keep it as a pet and soon Drusilla the mouse is established in an old bath tub in the attic. Martin is kept busy getting food, water, bedding - and then Drusilla's babies start to arrive. How can Martin cope with all his mice? From the number one author of animal magic comes this wonderful new edition of Martin's Mice.

Martin's Mice

When Martin McKenna was growing up in Garryowen, Ireland, in the 1970s, he felt the whole world knew him as just "that stupid boy." Badly misunderstood by his family and teachers, Martin escaped from endless bullying by running away from home and eventually adopting—or being adopted by—six street dogs. Camping out in barns, escaping from farmers, and learning to fend for himself by caring for his new friends, Martin discovered a different kind of language, strict laws of behavior, and strange customs

that defined the world of dogs. More importantly, his canine companions helped him understand the vital importance of family, courage, and self-respect—and that he wasn't stupid after all. Their lessons helped Martin make a name for himself as the "Dog Man" in Australia, where he now lives and dispenses his hard-earned wisdom to dog owners who are sometimes baffled by what their four-legged friends are trying to tell them. An emotional and poignant story seasoned with plenty of Frank McCourt-style humor, *The Boy Who Talked to Dogs* is an inspiration to anyone who's ever been told he or she won't amount to anything. It's also a unique, fascinating look into canine behavior. In these pages, Martin shows how modern life has conditioned dogs to act around humans, in some ways helpful, but in other ways unnatural to their true instincts, and how he has benefited enormously from learning to "talk dog."

The Boy Who Talked to Dogs

In 2009, six years after her mother's death, Gully Wells returns to La Migoua, the house in Provence which belonged to her mother - the glamorous, funny, unpredictable and furiously rude American journalist, Dee Wells. Surrounded by the clutter of decades, Gully is taken back to her childhood, to her mother, her adored stepfather - the celebrated, brilliant, womanising Oxford philosopher, A. J. Ayer - and to the rich, sensual memories that the house evokes. Gully's beautiful, rebellious mother Dee fled Boston when she was seventeen to join the Canadian Army, where she became a Sergeant Major. She married, had Gully, divorced and moved to London where she would meet, and fall madly in love with, the icon of logical positivism, Ayer, who she would later persuade to marry her. There they lived in an extraordinary, liberated and intellectual world, with friends and acquaintances including Bobby Kennedy, Mary Quant, Iris Murdoch, Jonathan Miller, George Melly and Bertrand Russell. In the turbulent and vibrant milieu of sixties London, Gully develops from a cautious only child to a studious teenager. She has a childhood infatuation with the aristocratic homosexual Michael Pitt-Rivers, loses her virginity to a Provençal hairdresser and wins a scholarship to St Hilda's at Oxford, where she blossoms, studies French history under Theodore Zeldin, and falls in love with fellow student, Martin Amis. But as the affair ends, Gully moves on, explores love and travel, eventually settling down in New York. La Migoua, perched on a hill above Bandol, halfway between Toulon and Marseilles, is inextricably woven into Gully's existence. Unsentimental and gloriously witty, *The House in France* is a vivid and moving love letter to a beloved mother, and a celebration of family, of growing up and of the spirit of a cherished house.

The House in France

The Queen of Hearts

First published in 1909, "*Martin Eden*" is a novel by American writer Jack London. The story revolves around a young lower-class autodidact named Martin Eden and her struggle to become a writer in the face of great adversity. John Griffith London (1876 – 1916), commonly known as Jack London, was an American journalist, social activist, and novelist. He was an early pioneer of commercial magazine fiction, becoming one of the first globally-famous celebrity writers who were able to earn a large amount of money from their writing. Other notable works by this author include: "*The Cruise of the Dazzler*" (1902), "*The Kempton-Wace Letters*" (1903), and "*The Call of the Wild*" (1903). Many vintage books such as this are increasingly scarce and expensive. We are republishing this volume now in an affordable, modern, high-quality edition complete with a specially-commissioned new biography of the author.

Martin Eden

The spectacular bestseller from the author of VALLEY OF THE DOLLS. Once upon a time, the entertainment industry was a world that never slept. Magazine editors, models, pop stars and all the rest visited “vitamin doctors” to get the shots that would allow them to stay up all night and then work all day—in offices decorated with beanbag chairs and Calderesque mobiles... In this world, January Wayne goes from poor-little-rich-girl to grown-up swinger, as she searches New York and Los Angeles for a guy just like Mike Wayne, the glamorous movie producer, who also happens to be her father... “SPECTACULARLY SUCCESSFUL. There are plane crashes, drug orgies, motorcycle accidents, mass rapes, attempted abortions, suicide, evil doctors and other assorted activities; and I couldn’t put the damned thing down.” —Library Journal “[Susann’s] pulp poetry resonates to this day. WITH HER FORMULA OF SEX, DRUGS, AND SHOW BUSINESS, Susann didn’t so much capture the tenor of her times as she did predict the Zeitgeist of ours.”—Detour

The Year We Fell Apart

Steve Martin has been an international star for over thirty years. Here, for the first time, he looks back to the beginning of his career and charmingly evokes the young man he once was. Born in Texas but raised in California, Steve was seduced early by the comedy shows that played on the radio when the family travelled back and forth to visit relatives. When Disneyland opened just a couple of miles away from home, an enchanted Steve was given his first chance to learn magic and entertain an audience. He describes how he noted the reaction to each joke in a ledger - 'big laugh' or 'quiet' - and assiduously studied the acts of colleagues, stealing jokes when needed. With superb detail, Steve recreates the world of small, dark clubs and the fear and exhilaration of standing in the spotlight. While a philosophy student at UCLA, he worked hard at local clubs honing his comedy and slowly attracting a following until he was picked up to write for TV. From here on, Steve Martin became an acclaimed comedian, packing out venues nationwide. One night, however, he noticed empty seats and realised he had 'reached the top of the rollercoaster'. BORN STANDING UP is a funny and riveting chronicle of how Steve Martin became the comedy genius we now know and is also a fascinating portrait of an era.

Contemporaries added to this edition include Beyoncé, Sandra Cisneros, James Comey, Drake, Louise Glück, LeBron James, Brett Kavanaugh, Lady Gaga, Lin-Manuel Miranda, Barack Obama, John Oliver, Nancy Pelosi, Vladimir Putin, Bernie Sanders, Donald Trump, and David Foster Wallace. The volume also reflects path-breaking recent research resulting in the updating of quotations from the first edition with more accurate wording or attribution. Comment je suis devenu stupide

Named One of 7 Best Nonfiction Books of the Fall by Kirkus Reviews Andy Borowitz, “one of the funniest people in America” (CBS Sunday Morning), brilliantly examines the intellectual deterioration of American politics, from Ronald Reagan to Dan Quayle, from George W. Bush to Sarah Palin, to its apotheosis in Donald J. Trump. The winner of the first-ever National Press Club award for humor, Andy Borowitz has been called a “Swiftian satirist” (The Wall Street Journal) and “one of the country's finest satirists” (The New York Times). Millions of fans and New Yorker readers enjoy his satirical news column “The Borowitz Report.” Now, in *Profiles in Ignorance*, he offers a witty, spot-on diagnosis of our country's political troubles by showing how ignorant leaders are degrading, embarrassing, and endangering our nation. Borowitz argues that over the past fifty years, American politicians have grown increasingly allergic to knowledge, and mass media have encouraged the election of ignoramuses by elevating candidates who are better at performing than thinking. Starting with Ronald Reagan's first campaign for governor of California in 1966 and culminating with the election of Donald J. Trump to the White House, Borowitz shows how, during the age of twenty-four-hour news and social media, the US has elected politicians to positions of great power whose lack of the most basic information is terrifying. In addition to Reagan, Quayle, Bush, Palin, and Trump, Borowitz covers a host of congresspersons, senators, and governors who have helped lower the bar over the past five decades. *Profiles in Ignorance* aims to make us both laugh and cry: laugh at the idiotic antics of these public figures, and cry at the cataclysms these icons of ignorance have caused. But most importantly, the book delivers a call to action and a cause for optimism: History doesn't move in a straight line, and we can change course if we act now.

Dear Martin

As the 1960's drew to a close, parents across Britain raised a curious eyebrow as their long-haired
 children suddenly returned home with shaven heads, sporting Levi's jeans and vicious looking army
 boots, pleading for three quid to buy a Harrington jacket from the market. The skinhead was born and
 a youth culture stronger and more widespread than any other, before or since, took Britain by storm.
 Marting King was one of them. Boys and girls alike embraced this new working-class fashion and
 music - the West Indian reggae sounds of Blue Beat and the strong sense of identity they fostered. For
 a couple of summers the media would have it that England was under seige, when the young skins
 paraded at seaside resorts on bank holidays and later on terraces at nearly every football ground across
 the country. With his passion for Chelsea FC and their growing reputation as the skinhead club forming

a backdrop, King artfully and humorously describes the heady mix of pleasures which were all part of life as a teenager growing up in working-class south London in the late 60's
