Mandalas are circular designs containing lines, patterns, and colors that have been used in personal devotions throughout history and often symbolize a desire to mark or set aside a special time or place. Coloring mandalas is a creative activity that can help us feel connected to ourselves and to the world. In her latest collection of mandalas for coloring, Susanne Fincher focuses on using mandalas as a way to claim our own truths and to find our way in the world. The original designs she presents are associated with being and doing. The "being" mandalas represent a sense of balance, integration, and self-realization. They can be reminiscent of the designs of heraldic shields carried as the emblem of personal power. The "doing" mandalas represent action, energy, and functioning in the world. These mandalas are associated with creativity, ingenuity, teamwork, and productivity. Coloring the mandalas in this book allows you to interact with forms that evoke both steady, centered being, and active, skillful doing. Coloring Mandalas 4 provides a creative and insightful path toward self-knowledge.

A coloring book based on the empowering words of inspirational women throughout history, from the team behind the bestselling and award-winning Whatever Is Lovely and Choose Joy With beautiful illustrations, inspirational quotes, and brief biographies, Courage, Dear Heart invites women to find strength in their community and discover courage by stepping into the calling God has uniquely ordained for them. The empowering coloring pages feature original designs from talented female artists and quotes from inspiring women in both the past and the present. Rather, God has appointed us to purpose and strength and whispers words of courage and reassurance over us. We can be community-builders like Eve, warriors like Deborah, rescuers like Rahab, prophecy-fulfillers like Ruth, leaders like Esther, believers like Mary, teachers like Priscilla, prophetesses like Anna, and members of the great cloud of witnesses like so many of the women quoted in these pages. The purpose behind this book is not only to give children a lot of enjoyment by freely splashing colour on a page, but also to introduce them to one of America's forgotten artists – Jay van Everen. It also serves another purpose - to introduce them to abstract art. So often we think of abstract art belonging to the hippie movement of the 1960's and 1970's. However, Jay van Everen, and other similarly minded artists, were creating abstract art at the turn of the last century, now well over 100 years ago. Then, you may ask "Why is this an eBook and not a paperback?" The answer is quite simple. Instead of colouring in a picture once and then throwing away the book when fully used, with this ebook you will be able to print off as many of the 103 images as you like, and as often as you like ad infinitum. In this book not only will children be encouraged to fill in the white spaces on the 103 images, but they will also be encouraged to create their own abstract art. To enable this we have provided a number of blank templates in the book. There are even more at the rear which can be printed off time and again. All pages have been created to A4 size, which is 29.7cm x 21cm or 8.27" x 11.69". The closest American size is Size A or 8.5" x 11.0". ===== TAGS: Mighty Mikko children's coloring book, Jay van Everen, art, childrens coloring book, childrens colouring, abstract art, Daugherty, American, encouraged, forgotten artist, children, purpose, artist, Geometric, aesthetic, Synchromists, manipulated, remarkable, modernist, enjoyment, murals, create your own, draw, paint, painter, brush, pencil, sketch,
