Shyfted Dreaming Book One: Red Guise

A naive modern American boy with a head full of answers to questions that he does not yet quite understand finds his self in a world of dreams. Driven by the intuition of a wandering man and the word of a nonsense talking gargoyle, the boy must learn the meaning of the question, 'What is real?' decide what to believe, and decide why to believe before sacrificing his old life to protect the order of a new one from ancient powers.

Shyfted Dreaming Book Three: Electric Blue

One can not run from madness. The blue demon still reigns supreme, and certainty could never be farther from the boy's grasp. The internal struggle has effectively broken the road to the end. The line between friends and adversaries has blurred, it shakes, it is unstable. What is worth saving? What is a little more chaos among chaos? As the boy says, 'With great power comes the ability to survive while remaining neutral.'

Hamlet and the Vision of Darkness

'Hamlet and the Vision of Darkness' is a radical new interpretation of the most famous play in the English language. By exploring Shakespeare's engagements with the humanist traditions of early modern England and Europe, Rhodri Lewis reveals a 'Hamlet' unseen for centuries: an innovative, coherent, and exhilaratingly bleak tragedy in which the governing ideologies of Shakespeare's age are scrupulously upended.

Kalista Chronicles: A Born Angel

The first book of the Kalista Chronicles, A Born Angel is an Urban Fantasy and the Debut Novel of Jenn A. Morales (NEW UPDATE: Now includes Cast of Characters, Places of Note, and a Demoki Dictionary) Every Action has a consequence... Lashdanôke, the Hidden City was meant to be the perfect place for Preternaturals to live free of the animosity of the Human Race. As the Return to Earth approaches, unrest sets in as the perfect façade fades and one girl is thrust into the spotlight after a series of unfortunate events. Young Kalista Iliana Angelic is a straight-A student who does her best to stay out of trouble, but she has a knack for being in the wrong place at just the right time. When she agrees to spy on her sister for her mother, she ends up in the quarantined Death Demon Sector and her life is forever changed.

Your Dream Life Starts Here (Limited Edition Cover)

This book is filled with powerful ideas and simple proven tools that will help you transform your wishes into dreams, and then into an achievable one-page roadmap for creating your dream life - a life designed

by you for you, and for your loved ones. Kristina Karlsson, the woman behind the inspiring global success story, kikki.K, shares personal insights from her amazing journey, from humble beginnings on a small farm in Sweden to the 3am light bulb moment that led her to chase and achieve dreams that are now inspiring a worldwide community of dreamers. Filled with simple and practical magic - and inspiring stories and wisdom from people who've dared to dream big - this book will show you how to harness the power of dreaming to transform your life in small, simple steps. Featuring stories of: Dr Tererai Trent (Oprah Winfrey's all-time favourite guest), Arianna Huffington, Stella McCartney, Sir Richard Branson, Oprah Winfrey, Li Cunxin (author of *Mao's Last Dancer*), Alisa Camplin-Warner (winner of a remarkable Olympic gold medal), Michelle Obama, and others. Whether you want to get the most out of your personal life, career or business, the insights on dreaming and doing in this book may be your most important learnings this year. Your dream life awaits - start today!

Devonshire Characters and Strange Events

"Devonshire Characters and Strange Events" by S. Baring-Gould offers readers a captivating exploration of the rich tapestry of characters and events in Devonshire, England. Baring-Gould's storytelling paints a vivid picture of the region's history, culture, and unique personalities. This book is a treasure trove of anecdotes, folklore, and intriguing stories that provide insight into the heart and soul of Devonshire. It is a recommended read for those interested in local history, folklore, and the colorful characters that have left their mark on the region.

The Tragedy of Dido, Queen of Carthage

This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. We have represented this book in the same form as it was first published. Hence any marks seen are left intentionally to preserve its true nature.

Descriptive Catalogue of the Charters, Rolls, Deeds, Pedigrees, Pamphlets, Newspapers, Monumental Inscriptions, Maps, and Miscellaneous Papers Forming the Jackson Collection at the Sheffield Public Reference Library

This is an invaluable work by Frederic William Maitland, an English jurist and legal historian whose contribution was bringing historical and comparative methods to bear on studying English institutions. Excerpt "Persons are either natural or artificial. The only natural persons are men. The only artificial persons are corporations. Corporations are either aggregate or sole. This, I take it, would be an orthodox beginning for a chapter on the English Law of Persons, and such it would have been at any time since the days of Sir Edward Coke. It makes use, however, of one very odd term which seems to approach self-contradiction, namely, the term "corporation sole"

Yale Studies in English

Vanities of the Eye investigates the cultural history of the senses in early modern Europe, a time in which the nature and reliability of human vision was the focus of much debate. In medicine, art theory, science, religion, and philosophy, sight came to be characterised as uncertain or paradoxical - mental images no longer resembled the external world. Was seeing really believing? Stuart Clark explores the controversial debates of the time - from the fantasies and hallucinations of melancholia, to the illusions of magic, art, demonic deceptions, and witchcraft. The truth and function of religious images and the authenticity of miracles and visions were also questioned with new vigour, affecting such contemporary works as *Macbeth* - a play deeply concerned with the dangers of visual illusion. Clark also contends that there was a close connection between these debates and the ways in which philosophers such as Descartes and Hobbes developed new theories on the relationship between the real and virtual. Original, highly accessible, and a major contribution to our understanding of European culture, *Vanities of the Eye* will be of great interest to a wide range of historians and anyone interested in the true nature of seeing.

The Corporation Sole

Publisher Description

Vanities of the Eye

"A genuine contribution to the literature . . . important especially to specialists in Continental philosophy but also to historians, literary theorists, and others who read recent European philosophy and who thus would want to think through the problem of the hegemony of vision."—David Hoy, University of California, Santa Cruz

Hamlet and the Ur-Hamlet

Renaissance humanists believed that if you want to build a just society you must begin with the facts of human nature. This book argues that the idea of a universal human nature was as important to Shakespeare as it was to every other Renaissance writer. In doing so it questions the central principle of post-modern Shakespeare criticism. Postmodernists insist that the notion of defining a human essence was alien to Shakespeare and his contemporaries; as radical anti-essentialists, the Elizabethans were, in effect, postmodernists before their time. In challenging this claim Shakespeare's Humanism shows that for Shakespeare, as for every other humanist writer in this period, the key to all wise action was 'the knowledge of our selves and our human condition'.

Heidegger: Off the Beaten Track

The first fully-fledged example of a revenge tragedy, the genre that became so influential in later Elizabethan and Jacobean drama, *The Spanish Tragedy* (1589) occupies a very special place in the history of English Renaissance drama. Hieronimo, Knight-Marshall of Spain during its war with Portugal, fails to obtain justice when his son is murdered for courting Bel-Imperia, the Duke of Castile's daughter, and decides to take justice into his own hands... This new student edition has been freshly revised by Professor Andrew Gurr to incorporate the latest stage history and critical interpretations of the play. It also appends the scenes that were added in 1602, discusses Elizabethan attitudes to revenge, the Senecan features of the play and the significance of the Anglo-Spanish conflict in the 1580s.

Modernity and the Hegemony of Vision

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Shakespeare's Humanism

What is the role of the senses in the creation and reception of poetry? How does poetry carry on the long tradition of making experience and suffering understood by others? With *Poetry and the Fate of the Senses*, Susan Stewart traces the path of the aesthetic in search of an explanation for the role of poetry in culture. Herself an acclaimed poet, Stewart not only brings the intelligence of a critic to the question of poetry, but the insight of a practitioner as well. Her new study includes close discussions of poems by Stevens, Hopkins, Keats, Hardy, Bishop, and Traherne, of the sense of vertigo in Baroque and Romantic works, and of the rich tradition of nocturnes in visual, musical, and verbal art. Ultimately, she argues that poetry can counter the denigration of the senses in contemporary life and can expand our imagination of the range of human expression. *Poetry and the Fate of the Senses* won the 2004 Truman Capote Award for Literary Criticism in Memory of Newton Arvin, administered for the Truman Capote Estate by the University of Iowa Writers' Workshop. It also won the Phi Beta Kappa Society's 2002 Christian Gauss Award for Literary Criticism.

The Spanish Tragedy

Fineman argues that in the sonnets Shakespeare developed an unprecedented poetic persona, one that subsequently became the governing model of all literary subjectivity. This title is part of UC Press's *Voices Revived* program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, *Voices Revived* makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1986.

Seven Types Of Ambiguity

The vast majority of us unknowingly suffer from a slave mentality. We constantly experience the psychological phenomena of cognitive dissonance, where our beliefs and behaviour are in conflict, and Stockholm syndrome - the traumatic bonding with a captor. Our ability to decode reality is linked

to what we are able to perceive. Icke believes our reality has been hijacked by an invisible force the Gnostics used to call Archons. He maintains that we are headed towards a cashless world and human settlements which are projected as local community initiatives but are actually centralized systems of control. Our health is being systematically weakened: if you are sick, you are easier to control. Icke's dystopian view of the future assumes that the masses will stay glued to their TVs, locked forever into the hive mind of the Matrix, which says "I have no power." Can humanity break free? Through truth and love we can become who and what we really are.

Poetry and the Fate of the Senses

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. The Anatomie of Abuses

This book offers a new reading of early modern romance in the light of historically contemporary accounts of mind, and specifically the medical tradition of love-melancholy. The book argues that the medical profile of the melancholic lover provides an essential context for understanding the characteristic patterns of romance: narrative deferral, epistemological uncertainty, and the endless quest for a quasi-phantasmic beloved. Unlike many recent studies of romance, this book establishes a detailed historical basis for investigating the psychological structure of romance. Wells begins by tracing the development of the medical disorder first known in the Latin west as *amor hereos* (lovesickness) from its earliest roots in Greek and Arabic medicine to its translation into the Latin medical tradition. Drawing on this detailed historical material, the book considers three important early modern romances: Ariosto's *Orlando Furioso*, Tasso's *Gerusalemme Liberata*, and Spenser's *The Faerie Queene*, concluding with a brief consideration of the significance of this literary and medical legacy for Romanticism. Most broadly, the interdisciplinary nature of this study allows the author to investigate the central critical problem of early modern subjectivity in substantially new ways.

Shakespeare's Perjured Eye

The first scholarly dictionary of Australian and New Zealand English, including loan words from indigenous languages, originally published in 1898.

Yorkshire Oddities, Incidents and Strange Events

At a time when most modern critics seem more concerned with theories of politics and psychology than with poetry, here eminent scholar Frank Kermode takes us back to the essence of Shakespeare - his words. Shakespeare's revolutionary use of language is where the true power of his plays lies. Yet how could he be so wildly experimental with the English language and still remain a popular dramatist? If we sometimes find his plays hard to understand today, was it necessarily much easier for an Elizabethan theatregoer? How and why did Shakespeare's dramatic verse undergo such an extraordinary change around 1600? And why did he develop an obsessive passion for particular words? This landmark study distils a lifetime's thinking to unlock the secrets of Shakespeare's 'wild and whirling words'.

Phantom Self

Supplement to the Oxford dictionary of the English language, comprising new words and senses of the period from 1884 to the present day - replaces the earlier (1933) supplement.

British Weights and Measures

This seminal book examines the interaction of literary practice and theory in 16th-century France in the context of the great Renaissance writers, Erasmus, Rabelais, Ronsard, and Montaigne.

Silenos

A book-length 2001 study of Shakespeare's works in relation to the culture of the hunt in Elizabethan and Jacobean society.

The Secret Wound

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Praise of Folie

This is an important work of scholarship with regard to Machiavelli and the development of political thought in England. It charts the reactions of successive English thinkers to Machiavelli's challenge, and the different aspects of Machiavelli's thought which were perceived in the changing context of English history. There is the Machiavelli of Catholic and Protestant reformers, the Machiavelli of Raleigh and Bacon, of the royalist Clarendon and the republican Harrington. Through their eyes the reader can see the gradual process whereby the atheistical monster repudiated by the subjects of Henry VIII was quietly absorbed by the politically sophisticated subjects of William III.

Reminiscences of Old Sheffield

The Passionate Pilgrim (1599) is an anthology of 20 poems collected and published by William Jaggard that were attributed to "W. Shakespeare" on the title page, only five of which are considered authentically Shakespearean. These are two sonnets, poems I and II, later to be published in the 1609 collection of Shakespeare's sonnets, and three poems extracted from the play Love's Labour's Lost: poems III, V, and XVI. Internal and external evidence contradicts the title-page attribution to Shakespeare. Five were attributed to other poets during his lifetime, two were published in other collections anonymously, and the remaining eight cannot be attributed to Shakespeare on stylistic grounds. In 1612 Jaggard published an augmented edition with poems he knew to be by Thomas Heywood.

Austral English

A fascinating exploration of Shakespeare's legacy, told through a selection of one hundred objects from the Victoria and Albert Museum.
