The Fool's Run

The ultimate con game thriller from the internationally bestselling master of suspense, John Sandford As much as computer savvy Kidd loves to paint, it doesn't pay the bills. But freelance hacking does. So, when a tech company offers him millions to take down its competition for a major government contract, he jumps at the chance. The potential risks are as significant as the rewards; he could face decades in prison should he fail. As Kidd begins to discover that computer fraud is child's play compared with the defence industry's Machiavellian games, he starts to realise quite how much trouble he may have gotten himself into... The Fool's Run is not only the first novel featuring Kidd, but it marks the debut of John Sandford as one of the world's premier thriller writers. ***Praise for John Sandford*** 'One of the great novelists of all time' Stephen King 'A series writer who reads like a breath of fresh air' Daily Mirror 'Delivers twists to the very last sentence' Daily Mail 'Crime writer John Sandford is one of the best around' Sun 'John Sandford knows all there is to know about detonating the gut-level shocks of a good thriller' The New York Times Book Review 'Sandford is consistently brilliant' Cleveland Plain Dealer 'Perfect entertainment' Kirkus Reviews on Escape Clause

The Fool's Run

Kidd--a tarot card reader/painter/computer whiz--is offered two million dollars to wreak havoc on the computers of Whitemark Aviation, a job that puts his life on the line

The Fool's Run

Filmalized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Fools Run 27

The present selection of Hazlitt's critical essays has been planned to serve two important purposes. In the first place, it provides the materials for an estimate of the character and scope of Hazlitt's contributions to criticism and so acquaints students with one of the greatest of English critics. And in the second place, what is perhaps more important, such a selection, embodying a series of appreciations of the great English writers, should prove helpful in the college teaching of literature. There is no great critic who by his readableness and comprehensiveness is as well qualified as Hazlitt to aid in bringing home to students the power and the beauty of the essential things in literature. There is, in him, a splendid stimulating energy which has not yet been sufficiently utilized.

The Fool's Run

John Marshall remains one of the towering figures in the landscape of American law. From the Revolution to the age of Jackson, he played a critical role in defining the "province of the judiciary" and the constitutional limits of legislative action. In this masterly study, Charles Hobson clarifies the coherence and thrust of Marshall's jurisprudence while keeping in sight the man as well as the jurist. Hobson argues that contrary to his critics, Marshall was no ideologue intent upon appropriating the lawmaking powers of Congress. Rather, he was deeply committed to a principled jurisprudence that was based on a steadfast devotion to a "science of law" richly steeped in the common law tradition. As Hobson shows, such jurisprudence governed every aspect of Marshall's legal philosophy and court opinions, including his understanding of judicial review. The chief justice, Hobson contends, did not invent judicial review (as many have claimed) but consolidated its practice by adapting common law methods to the needs of a new nation. In practice, his use of judicial review was restrained, employed almost exclusively against acts of the state legislatures. Ultimately, he wielded judicial review to prevent the states from undermining the power of a national government still struggling to establish sovereignty at home and respect abroad. No chief justice and only one associate justice (William Douglas) served longer on the Supreme Court. But, as Hobson clearly shows, Marshall's deserved place in the pantheon of great American jurists rests far more upon principles than longevity. This book better than any other tells us why that's true and worthy of our attention.

The Fool's Run

A guidebook for hikers, bikers, and equestrians, *Hiking from Portland to the Coast* explores the many trails and logging roads that crisscross the northern portion of Oregon's Coast Range. Designed to showcase convenient "looped" routes, it also describes complete throughways connecting Portland to the coastal communities of Seaside and Tillamook. Each of the 30 trails described includes a backstory to help users appreciate the history and significance of the places through which they are traveling.

The Langstaffs of Teesdale and Weardale

This richly illustrated book will feature archival and architectural highlights spanning the 750-year life of Merton College.

Dante Gabriel Rossetti

This is an index to all known examples of ritual drama in Great Britain, with a discussion of origins and parallels outside the British Isles.

Twelve Years a Slave

ECONOMIST AND SPECTATOR BOOKS OF THE YEAR 2016 'An extraordinary book ... exceptionally fascinating, always readable and penetratingly intelligent' David Abulafia 'As rich, funny and teeming as Anthony Powell's *A Dance to the Music of Time* ... Dinshaw writes with wit and elegance, and the most elegiac passages of *Outlandish Knight* evoke a lost society London and way of life' Ben Judah, Financial Times 'This dazzling young writer is a mine of fascinating, memorable and totally useless information... I have been riveted by this book from start to finish, and leave the reader with one word of advice. Watch Minoo Dinshaw. He will go far' John Julius Norwich, Sunday Telegraph The biography of one of the greatest British historians - but also of a uniquely strange and various man In his enormously long life, Steven Runciman managed not just to be a great historian of the Crusades and Byzantium, but Grand Orator of the Orthodox Church, a member of the Order of Whirling Dervishes, Greek Astronomer Royal and Laird of Eigg. His friendships, curiosities and intrigues entangled him in a huge array of different artistic movements, civil wars, Cold War betrayals and, above all, the rediscovery of the history of the Eastern Mediterranean. He was as happy living in a remote part of the Inner Hebrides as in the heart of Istanbul. He was obsessed with historical truth, but also with tarot, second sight, ghosts and the uncanny. *Outlandish Knight* is a dazzling debut by a writer who has prodigious gifts, but who also has had the ability to spot one of the great biographical subjects. This is an extremely funny book about a man who attracted the strangest experiences, but also a very serious one. It is about the rigours of a life spent in the distant past, but also about the turbulent world of the twentieth century, where so much that Runciman studied and cherished would be destroyed.

Hazlitt on English Literature: An Introduction to the Appreciation of Literature

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. A Genealogical and Heraldic History of the Landed Gentry of Great Britain & Ireland

Patrick Wright's memoir opens on a diplomatic crisis. A growing number of countries are threatening to boycott the Commonwealth Games in protest of the British government's handling of South African apartheid. And the problems only get worse. Patrick Wright was one of the pre-eminent diplomats of his day, putting him at the forefront of some of the late twentieth century's most important global events. His six years at the FCO found him dealing with the backlash from the Falklands War, the collapse of the Soviet Union, strained relations with the EU, the First Gulf War and, perhaps most challenging of all, the 'fire and glares' of Prime Minister Margaret Thatcher. Lord Wright's account is not only an essential documentation of a significant historical period, but witty and entertaining throughout. He revels in gossip, despairs at the mischievous press 'painting lurid pictures of Britain versus the Rest', recalls numerous amusing scenarios and is rather brutal in his assessment of various high-profile political figures.

Colliery Managers' Examination

For list of publications see covers, pt. 28/30, April/June, 1890, p. x; pt. 82, December 1900, p. iii-iv.

London in 1856

Receiving a text from Sasha, my girlfriend, at work was always risky. Especially when she wanted to know if her girlfriend was horny. A short and sweet (and filthy) story.

The Great Chief Justice

2.an authoritative survey of social attitudes2 - The Daily Telegraph 2The most comprehensive study of public opinion2 - Financial Times `The Rolls Royce of opinion surveys2 - The Times The British Social Attitudes survey series is carried out by Britain2s largest independent social research institute, the National Centre for Social Research. It provides an indispensable guide to current political and social issues in contemporary Britain. The most comprehensive review of changing British social values available, the British Social Attitudes survey report is an essential reading for anyone seeking a guide to the topical issues and debates of today or engaged in contemporary social and political research.

The Remount

A beautiful and eerie story of love and memory from the author of The Moon Field.

Hiking from Portland to the Coast

William Hazlitt's tough combative writings on subjects ranging from slavery to the imagination, boxing matches to the monarchy, established him as one of the greatest radicals of his age and have inspired journalists and political satirists ever since.

Treasures of Merton College

Affective Health and Masculinities in South Africa explores how different masculinities modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men's struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are tied to modern individualism rather than African 'tradition' that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men's vulnerability in everyday life that may affect the reader and spark discussion about how masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity, this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health.

English Ritual Drama

The author, describes not only the great showpieces of Venice, but also the Venetians themselves, the smaller streets and canals, the parts of the city not usually seen by the tourist, and what is most worth visiting in the outlying islands and on the mainland. He also provides practical information on such subjects as seasons and routes for going to Venice, hotels and restaurants and shops and on the complexities of the water - transport system.

Devil's Knot

Based on a true story, this edition of *Devil's Knot* will tie-in to a major motion picture starring Academy Award winners Reese Witherspoon and Colin Firth. This riveting portrait of a small Arkansas town recounts the all-too-true story of a brutal triple murder and the eighteen-year imprisonment of three innocent teenagers. For weeks in 1993, after the grisly murders of three eight-year-old boys, police

in West Memphis, Arkansas, seemed stumped. Then suddenly, detectives charged three teenagers - alleged members of a satanic cult - with the killings. Despite the witch-hunt atmosphere of the trials and a case that included stunning investigative blunders, the teenagers, who became known as the West Memphis Three, were convicted. Jurors sentenced Jason Baldwin and Jessie Misskelley to life in prison and Damien Echols, the accused ringleader, to death. The guilty verdicts were popular in their home state - even upheld on appeal - and all three remained in prison until their unprecedented release in August 2011. In *Devil's Knot*, award-winning investigative journalist Mara Leveritt presents the most comprehensive, insightful reporting ever done on this story - one of the greatest miscarriages of justice in American legal history. In-depth research, meticulous reconstruction of the investigation and close-up views of its key participants unravel the many tangled knots of this endlessly shocking case.

The Columbo Phile: A Casebook

When *Columbo* hit the airwaves in 1971, it quickly became the hottest TV detective series of the decade. Series creators Richard Levinson and William Link received an Emmy Award for their work; Peter Falk received three. The *Columbo Phile* offers fascinating behind-the-scenes information about the creation of the character, the writing of the devious mystery plots, and the altercations between perfectionist Peter Falk and the bottom-line concerns of Universal Studios. Originally published in 1989 and long out-of-print, this 30th Anniversary Edition of the essential *Columbo* book features a new preface by author Mark Dawidziak, an overview of post-1989 *Columbo* developments, including the twenty-four new ABC mysteries, and a personal remembrance of Peter Falk. It remains today the definitive guide to the rumpled Lieutenant Columbo and his career.

Depression and Your Child

Seeing your child suffer in any way is a harrowing experience for any parent. Mental illness in children can be particularly draining due to the mystery surrounding it, and the issue of diagnosis at such a tender age. *Depression and Your Child* gives parents and caregivers a uniquely textured understanding of pediatric depression, its causes, its symptoms, and its treatments. Serani weaves her own personal experiences of being a depressed child along with her clinical experiences as a psychologist treating depressed children. Current research, treatments and trends are presented in easy to understand language and tough subjects like self-harm, suicide and recovery plans are addressed with supportive direction. Parents will learn tips on how to discipline a depressed child, what to expect from traditional treatments like psychotherapy and medication, how to use holistic methods to address depression, how to avoid caregiver burnout, and how to move through the trauma of diagnosis and plan for the future. Real life cases highlight the issues addressed in each chapter and resources and a glossary help to further understanding for those seeking additional information. Parents and caregivers are sure to find here a reassuring approach to childhood depression that highlights the needs of the child even while it emphasizes the need for caregivers to care for themselves and other family members as well.

Creatures of Darkness

More than any other writer, Raymond Chandler (1888-1959) is responsible for raising detective stories from the level of pulp fiction to literature. Chandler's hard-boiled private eye Philip Marlowe set the standard for rough, brooding heroes who managed to maintain a strong sense of moral conviction despite a cruel and indifferent world. Chandler's seven novels, including *The Big Sleep* (1939) and *The Long Goodbye* (1953), with their pessimism and grim realism, had a direct influence on the emergence of film noir. Chandler worked to give his crime novels the flavor of his adopted city, Los Angeles, which was still something of a frontier town, rife with corruption and lawlessness. In addition to novels, Chandler wrote short stories and penned the screenplays for several films, including *Double Indemnity* (1944) and *Strangers on a Train* (1951). His work with Billy Wilder and Alfred Hitchcock on these projects was fraught with the difficulties of collaboration between established directors and an author who disliked having to edit his writing on demand. *Creatures of Darkness* is the first major biocritical study of Chandler in twenty years. Gene Phillips explores Chandler's unpublished script for *Lady in the Lake*, examines the process of adaptation of the novel *Strangers on a Train*, discusses the merits of the unproduced screenplay for *Playback*, and compares Howard Hawks's director's cut of *The Big Sleep* with the version shown in theaters. Through interviews he conducted with Wilder, Hitchcock, Hawks, and Edward Dmytryk over the past several decades, Phillips provides deeper insight into Chandler's sometimes difficult personality. Chandler's wisecracking Marlowe has spawned a thousand imitations.

Creatures of Darkness lucidly explains the author's dramatic impact on both the literary and cinematic worlds, demonstrating the immeasurable debt that both detective fiction and the neo-noir films of today owe to Chandler's stark vision.

Encyclopedia of Television Shows, 1925 through 2010, 2d ed.

This fully updated and expanded edition covers over 10,200 programs, making it the most comprehensive documentation of television programs ever published. In addition to covering the standard network and cable entertainment genres, the book also covers programs generally not covered elsewhere in print (or even online), including Internet series, aired and unaired pilot films, erotic series, gay and lesbian series, risqué cartoons and experimental programs from 1925 through 1945.

Devil House

INSTANT NEW YORK TIMES BESTSELLER "It's never quite the book you think it is. It's better." —Dwight Garner, The New York Times From John Darnielle, the New York Times bestselling author and the singer-songwriter of the Mountain Goats, comes an epic, gripping novel about murder, truth, and the dangers of storytelling. Gage Chandler is descended from kings. That's what his mother always told him. Years later, he is a true crime writer, with one grisly success—and a movie adaptation—to his name, along with a series of subsequent less notable efforts. But now he is being offered the chance for the big break: to move into the house where a pair of briefly notorious murders occurred, apparently the work of disaffected teens during the Satanic Panic of the 1980s. Chandler finds himself in Milpitas, California, a small town whose name rings a bell—his closest childhood friend lived there, once upon a time. He begins his research with diligence and enthusiasm, but soon the story leads him into a puzzle he never expected—back into his own work and what it means, back to the very core of what he does and who he is. Devil House is John Darnielle's most ambitious work yet, a book that blurs the line between fact and fiction, that combines daring formal experimentation with a spellbinding tale of crime, writing, memory, and artistic obsession.

New York Magazine

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Great Men and Famous Women

For use in schools and libraries only. When they are hired by Elsa Hoffman to investigate her wealthy aunt's mysterious death, Sherlock Holmes and the Baker Street Irregulars find themselves faced with ghosts, shady characters, and mortal danger.

The Hostage Brain

The rise of China is no doubt one of the most important events in world economic history since the Industrial Revolution. Mainstream economics, especially the institutional theory of economic development based on a dichotomy of extractive vs. inclusive political institutions, is highly inadequate in explaining China's rise. This book argues that only a radical reinterpretation of the history of the Industrial Revolution and the rise of the West (as incorrectly portrayed by the institutional theory) can fully explain China's growth miracle and why the determined rise of China is unstoppable despite its current "backward" financial system and political institutions. Conversely, China's spectacular and rapid transformation from an impoverished agrarian society to a formidable industrial superpower sheds considerable light on the fundamental shortcomings of the institutional theory and mainstream "blackboard" economic models, and provides more-accurate reevaluations of historical episodes such as Africa's enduring poverty trap despite radical political and economic reforms, Latin America's lost decades and frequent debt crises, 19th century Europe's great escape from the Malthusian trap, and the Industrial Revolution itself. Contents: IntroductionKey Steps Taken by China to Set Off an Industrial RevolutionShedding Light on the Nature and Cause of the Industrial RevolutionWhy is China's Rise Unstoppable?Wha's Wrong with the Washington Consensus and the Institutional Theories?Case Study of Yong Lian: A Poor Village's Path to Becoming a Modern Steel TownConclusion: A New Stage Theory of Economic Development Readership: Academics, undergraduate and graduates students, journalists and professionals interested in economic development, the history of the Industrial Revolution, and especially China's economic transformation and industrial growth, as well as the political economy of governance.

Antiquarian Bookman

Essays, conversations, and archival investigations explore the paradoxes, limitations, and social ramifications of trans representation within contemporary culture. The increasing representation of trans identity throughout art and popular culture in recent years has been nothing if not paradoxical. Trans visibility is touted as a sign of a liberal society, but it has coincided with a political moment marked both by heightened violence against trans people (especially trans women of color) and by the suppression of trans rights under civil law. *Trap Door* grapples with these contradictions. The essays, conversations, and dossiers gathered here delve into themes as wide-ranging yet interconnected as beauty, performativity, activism, and police brutality. Collectively, they attest to how trans people are frequently offered "doors"—entrances to visibility and recognition—that are actually "traps," accommodating trans bodies and communities only insofar as they cooperate with dominant norms. The volume speculates about a third term, perhaps uniquely suited for our time: the trapdoor, neither entrance nor exit, but a secret passageway leading elsewhere. *Trap Door* begins a conversation that extends through and beyond trans culture, showing how these issues have relevance for anyone invested in the ethics of visual culture. Contributors Lexi Adsit, Sara Ahmed, Nicole Archer, Kai Lumumba Barrow, Johanna Burton, micha cárdenas, Mel Y. Chen, Grace Dunham, Treva Ellison, Sydney Freeland, Che Gossett, Reina Gossett, Stamatina Gregory, Miss Major Griffin-Gracy, Robert Hamblin, Eva Hayward, Juliana Huxtable, Yve Laris Cohen, Abram J. The Mystery of the Conjured Man

The intimate biography of the iconic DJ who was lost too soon. Tim Bergling was a musical visionary who, through his sense for melodies, came to define the era when Swedish and European house music took over the world. But Tim Bergling was also an introverted and fragile young man who was forced to

grow up at an inhumanly fast pace. After a series of emergencies resulting in hospital stays, he stopped touring in the summer of 2016. Barely two years later, he took his own life. *Tim - The Biography of Avicii* is written by the award-winning journalist Måns Mosesson, who through interviews with Tim's family, friends and colleagues in the music business, has intimately gotten to know the star producer. The book paints an honest picture of Tim and his search in life, not shying from the difficulties that he struggled with.

Forthcoming Books

Discusses the essential elements in creating a successful game, how playing games and learning are connected, and what makes a game boring or fun.

The Making of an Economic Superpower

Based on the unforgettable true story of Alma Rosé, *The Violinist of Auschwitz* brings to life one of history's most fearless, inspiring and courageous heroines. Alma's bravery saved countless lives, bringing hope to those who had forgotten its meaning... In Auschwitz, every day is a fight for survival. Alma is inmate 50381, the number tattooed on her skin in pale blue ink. She is cooped up with thousands of others, torn from loved ones, trapped in a maze of barbed wire. Every day people disappear, never to be seen again. This tragic reality couldn't be further from Alma's previous life. An esteemed violinist, her performances left her audiences spellbound. But when the Nazis descend on Europe, none of that can save her... When the head of the women's camp appoints Alma as the conductor of the orchestra, performing for prisoners trudging to work as well as the highest-ranking Nazis, Alma refuses: "they can kill me but they won't make me play". Yet she soon realizes the power this position offers: she can provide starving girls with extra rations and save many from the clutches of death. This is how Alma meets Miklos, a talented pianist. Surrounded by despair, they find happiness in joint rehearsals, secret notes, and concerts they give side by side--all the while praying that this will one day end. But in Auschwitz, the very air is tainted with loss, and tragedy is the only certainty... In such a hopeless place, can their love survive?

Trap Door

This extensively revised and expanded fifth edition of *Understanding Popular Music Culture* provides an accessible and comprehensive introduction to the production, distribution, consumption and meaning of popular music, and the debates that surround popular culture and popular music. Reflecting the continued proliferation of popular music studies, the new music industry in a digital age, and the emergence of new stars, this new edition has been reorganized and extensively updated throughout, making for a more coherent and sequenced coverage of the field. These updates include: two new chapters entitled 'The Real Thing': Authenticity, covers and the canon and 'Time Will Pass You By': Histories and popular memory new case studies on artists including The Rolling Stones, Lorde, One Direction and Taylor Swift further examples of musical texts, genres, and performers throughout including additional coverage of Electronic Dance Music expanded coverage on the importance of the back catalogue and the box set; reality television and the music biopic greater attention to the role and impact of the internet and digital developments in relation to production, dissemination, mediation and consumption; including the role of social network sites and streaming services each chapter now has its own set of expanded references to facilitate further investigation. Additional resources for students and teachers can also be found on the companion website (www.routledge.com/cw/shuker), which includes additional case studies, links to relevant websites and a discography of popular music metagenres.

New York

The first in a spicy and unforgettable rom-com duology from #1 New York Times bestseller and tik tok favorite Tessa Bailey, in which a Hollywood "It Girl" is cut off from her wealthy family and exiled to a small Pacific Northwest beach town... where she butts heads with a surly, sexy local who thinks she doesn't belong. Piper Bellinger is fashionable, influential, and her reputation as a wild child means the paparazzi are constantly on her heels. When too much champagne and an out-of-control rooftop party lands Piper in the slammer, her stepfather decides enough is enough. So he cuts her off, and sends Piper and her sister to learn some responsibility running their late father's dive bar... in Washington. Piper hasn't even been in Westport for five minutes when she meets big, bearded sea captain Brendan, who thinks she won't last a week outside of Beverly Hills. So what if Piper can't do math, and the idea of sleeping in a shabby apartment with bunk beds gives her hives. How bad could it really be? She's

determined to show her stepfather—and the hot, grumpy local—that she's more than a pretty face. Except it's a small town and everywhere she turns, she bumps into Brendan. The fun-loving socialite and the gruff fisherman are polar opposites, but there's an undeniable attraction simmering between them. Piper doesn't want any distractions, especially feelings for a man who sails off into the sunset for weeks at a time. Yet as she reconnects with her past and begins to feel at home in Westport, Piper starts to wonder if the cold, glamorous life she knew is what she truly wants. LA is calling her name, but Brendan—and this town full of memories—may have already caught her heart. As seen on E!Online, PopSugar, CNN, EliteDaily, Vulture, Buzzfeed, Bustle, the Nerd Daily, PARADE, LA Magazine, Country Living, USA Today, and more!

Tim – The Official Biography of Avicii

The story of how Japan adopted and ultimately revived traditional American fashion Look closely at any typically "American" article of clothing these days, and you may be surprised to see a Japanese label inside. From high-end denim to oxford button-downs, Japanese designers have taken the classic American look—known as ametora, or "American traditional"—and turned it into a huge business for companies like Uniqlo, Kamakura Shirts, Evisu, and Kapital. This phenomenon is part of a long dialogue between Japanese and American fashion; in fact, many of the basic items and traditions of the modern American wardrobe are alive and well today thanks to the stewardship of Japanese consumers and fashion cognoscenti, who ritualized and preserved these American styles during periods when they were out of vogue in their native land. In *Ametora*, cultural historian W. David Marx traces the Japanese assimilation of American fashion over the past hundred and fifty years, showing how Japanese trendsetters and entrepreneurs mimicked, adapted, imported, and ultimately perfected American style, dramatically reshaping not only Japan's culture but also our own in the process.

The New York Times Index

This volume contains detailed information about every musical that opened on Broadway from 2010 through the end of 2019. This book discusses the decade's major successes, notorious failures, and musicals that closed during their pre-Broadway tryouts. In addition to including every hit and flop that debuted during the decade, this book highlights revivals and personal-appearance revues.

To meet the needs of the rapidly changing world of health care, future physicians and health care providers will need to be trained to become wiser scientists and humanists in order to understand the social and moral as well as technological aspects of health and illness. The Social Medicine Reader is designed to meet this need. Based on more than a decade of teaching social medicine to first-year medical students at the pioneering Department of Social Medicine at the University of North Carolina, The Social Medicine Reader defines the meaning of the social medicine perspective and offers an approach for teaching it. Looking at medicine from a variety of perspectives, this anthology features fiction, medical reports, scholarly essays, poetry, case studies, and personal narratives by patients and doctors--all of which contribute to an understanding of how medicine and medical practice is profoundly influenced by social, cultural, political, and economic forces. What happens when a person becomes a patient? How are illness and disability experienced? What causes disease? What can

medicine do? What constitutes a doctor/patient relationship? What are the ethical obligations of a health care provider? These questions and many others are raised by The Social Medicine Reader, which is organized into sections that address how patients experience illness, cultural attitudes toward disease, social factors related to health problems, the socialization of physicians, the doctor/patient relationship, health care ethics and the provider's role, medical care financing, rationing, and managed care.

Justice on Demand: True Crime in the Digital Streaming Era offers a theoretical rumination on the question asked in countless blogs and opinion pieces of the last decade: Why are we so obsessed with true crime? Author Tanya Horeck takes this question further: Why is true crime thought to be such a good vehicle for the new modes of viewer/listener engagement favored by online streaming and consumption in the twenty-first century? Examining a range of audiovisual true crime texts, from podcasts such as Serial and My Favorite Murder to long-form crime documentaries such as The Jinx and Making a Murderer, Horeck considers the extent to which the true crime genre has come to epitomize participatory media culture where the listener/viewer acts as a "desktop detective" or "internet sleuth." While Facebook and Twitter have re-invigorated the notion of the armchair detective, Horeck questions the rhetoric of interactivity surrounding true crime formats and points to the precarity of justice in the social media era. In a cultural moment in which user-generated videos of real-life violence surface with an alarming frequency, Justice on Demand addresses what is at stake in the cultural investment in true crime as packaged mainstream entertainment. Paying close attention to the gendered and racialized dimensions of true crime media, Horeck examines objects that are not commonly considered "true crime," including the subgenre of closed-circuit television (CCTV) elevator assault videos and the popularity of trailers for true crime documentaries on YouTube. By analyzing a range of intriguing case studies, Horeck explores how the audience is affectively imagined, addressed, and commodified by contemporary true crime in an "on demand" mediascape. As a fresh investigation of how contemporary variations of true crime raise significant ethical questions regarding what it means to watch, listen, and "witness" in a digital era of accessibility, immediacy, and instantaneity, Justice on Demand will be of interest to film, media, and digital studies scholars.

Subject Guide to Children's Books in Print 1997

The subjects of this stylish and audacious collection of essays range from an assault in Nicaragua to a Morgellons meeting; from Frida Kahlo's plaster casts to a gangland tour of LA. Jamison is interested in how we tell stories about injury and pain, and the limits that circumstances, bodies and identity put on the act of describing.
