One with You

One with You will take you to the very limits of obsession - and introduce you to a hero you'll never forget ... One of the bestselling love stories of the century _____ Falling in love with Gideon Cross was the easiest thing I've ever done. It happened instantly. Completely. Irrevocably. But staying married to him is the fight of my life. Our love is both a refuge from the storm and the most violent of tempests. Two damaged souls entwined as one. We have borne our deepest, ugliest secrets to one another. Gideon

has given me everything. Now, I must prove I can be the shelter for him that he is for me. Together, we could stand against those who work so viciously to come between us. Committing to love was only the beginning. Fighting for it will either set us free . . . or break us apart. Daringly sensual and intensely romantic, this is a love story that will have you glued to the page. _____ Praise for Sylvia Day: 'A hundred degrees hotter than anything you've ever read before' Reveal 'Riveting, sensual . . . You won't be disappointed' 5***** Reader Review 'Lots of sex and gripping story lines' Sun 'If you like Fifty Shades then you will love these books' 5***** Reader Review 'A powerful love story' 5***** Reader Review

The Crossfire Series Books 1-3 by Sylvia Day

Experience the passion of Eva and Gideon—in the first three intensely sensual Crossfire novels by #1 New York Times bestselling author Sylvia Day—Bared to You, Reflected in You, and Entwined with You. Praise for the Crossfire Series “A steamy read that will have you furiously flipping pages.”—Glamour “A highly charged story that flows and hits the mark.”—Kirkus Reviews “Erotic romance that should not be missed.”—Romance Novel News “The steamy sex scenes and intriguing plot twists will have readers clamoring for more.”—Library Journal

Bared to You

Eva Trammel, plagued by her own insecurities, is drawn into an intense, obsessive relationship with the wealthy and arrogant Gideon Cross.

Crossfire Novels

There's nothing more romantic than Valentine's Day...except Sylvia Day. Now in one deluxe box set, the first four novels in the Crossfire series. The #1 New York Times bestselling author. The #1 worldwide phenomenon. Bared to You He was beautiful and brilliant, jagged and white-hot. I was drawn to him as I'd never been to anything or anyone in my life. I craved his touch like a drug, even knowing it would weaken me. I was flawed and damaged, and he opened those cracks in me so easily... Gideon knew. He had demons of his own. And we would become the mirrors that reflected each other's most private wounds... and desires. The bonds of his love transformed me, even as I prayed that the torment of our pasts didn't tear us apart... Reflected in You Gideon Cross. As beautiful and flawless on the outside as he was damaged and tormented on the inside. He was a bright, scorching flame that singed me with the darkest of pleasures. I couldn't stay away. I didn't want to. He was my addiction... my every desire... mine. My past was as violent as his, and I was just as broken. We'd never work. It was too hard, too painful... except when it was perfect. Those moments when the driving hunger and desperate love were the most exquisite insanity. We were bound by our need. And our passion would take us beyond our limits to the sweetest, sharpest edge of obsession... Entwined with You From the moment I first met Gideon Cross, I recognized something in him that I needed. Something I couldn't resist. I also saw the dangerous and damaged soul inside so much like my own. I was drawn to it. I needed him as surely as I needed my heart to beat. No one knows how much he risked for me. How much I'd been threatened, or just how dark and desperate the shadow of our pasts would become. Entwined by our secrets, we tried to defy the odds. We made our own rules and surrendered completely to the exquisite power of possession... Captivated by You Gideon calls me his angel, but he's the miracle in my life. My gorgeous, wounded warrior, so determined to slay my demons while refusing to face his own. The vows we'd exchanged should have bound us tighter than blood and flesh. Instead they opened old wounds, exposed pain and insecurities, and lured bitter enemies out of the shadows. I felt him slipping from my grasp, my greatest fears becoming my reality, my love tested in ways I wasn't sure I was strong enough to bear. At the brightest time in our lives, the darkness of his past encroached and threatened everything we'd worked so hard for. We faced a terrible choice: the familiar safety of the lives we'd had before each other or the fight for a future that suddenly seemed an impossible and hopeless dream...

Beautiful Disaster Signed Limited Edition

Abby Abernathy is re-inventing herself as the good girl as she begins her freshman year at college, which is why she must resist lean, cut, and tattooed Travis Maddox, a classic bad boy.

Hopeless

From the #1 New York Times bestselling author of *It Starts with Us*, *It Ends with Us*, and *All Your Perfects* comes the beginning of Sky and Dean's passionate love story—where well-kept secrets threaten to open wounds of a dark past. Would you rather know a truth that makes you feel hopeless, or keep believing the lies? Beloved and bestselling author Colleen Hoover returns with the spellbinding story of two young people with devastating pasts who embark on a passionate, intriguing journey to discover the lessons of life, love, trust—and above all, the healing power that only truth can bring. Sky, a senior in high school, meets Dean Holder, a guy with a promiscuous reputation that rivals her own. From their very first encounter, he terrifies and captivates her. Something about him sparks memories of her deeply troubled past, a time she's tried so hard to bury. Though Sky is determined to stay far away from him, his unwavering pursuit and enigmatic smile break down her defenses and the intensity of the bond between them grows. But the mysterious Holder has been keeping secrets of his own, and once they are revealed, Sky is changed forever and her ability to trust may be a casualty of the truth. Only by courageously facing the stark revelations can Sky and Holder hope to heal their emotional scars and find a way to live and love without boundaries. *Hopeless* is a novel that will leave you breathless, entranced, and remembering your own first love.

Blindsight

Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Spanish Love Deception

A wedding. A trip to Spain. The most infuriating man. And three days of pretending. Or in other words, a plan that will never work. Catalina Martín, finally, not single. Her family is happy to announce that she will bring her American boyfriend to her sister's wedding. Everyone is invited to come and witness the most magical event of the year. That would certainly be tomorrow's headline in the local newspaper of the small Spanish town I came from. Or the epitaph on my tombstone, seeing the turn my life had taken in the span of a phone call. Four weeks wasn't a lot of time to find someone willing to cross the Atlantic-from NYC and all the way to Spain-for a wedding. Let alone, someone eager to play along with my charade. But that didn't mean I was desperate enough to bring the 6'4 blue eyed pain in my ass standing before me, Aaron Blackford. The man whose main occupation was making my blood boil had just offered himself to be my date. Right after inserting his nose in my business, calling me delusional, and calling himself my best option. See? Outrageous. Aggravating. Blood boiling. And much to my total despair, also right. Which left me with a surly and extra large dilemma in my hands. Was it worth the suffering to bring my colleague and bane of my existence as my fake boyfriend to my sister's wedding? Or was I better off coming clean and facing the consequences of my panic induced lie? Like my abuela would say, que dios nos pille confesados. The Spanish Love Deception is an enemies-to-lovers, fake-dating.

Claim Me

His most ambitious novel to date, *ACCELERANDO* is a multi-generational saga following a brilliant clan of 21st-century posthumans. The year is some time between 2010 and 2015. The recession has ended, but populations are ageing and the rate of tech change is accelerating dizzyingly. Manfred makes his living from spreading ideas around, putting people in touch with one another and leaving a spray of technologies in his wake. He lives at the cutting edge of intelligence amplification technology, but even Manfred can take on too much. And when his pet robot cat picks up some interesting information from the SETI data, his world - and the world of his descendants - is turned on its head.

Accelerando

From New York Times Best-Selling Author K. Bromberg comes an unforgettable series about lust, love, redemption, and healing... Our paths should never have crossed. Colton Donovan was arrogant, exuded that bad boy vibe, and embodied everything I never wanted. And yet all it took was one night, one hallway, and one stolen kiss for me to know I hated him and desired him instantly. My heart was healing. His soul was damaged. But with one bid, one little boy, and one carnival date, I couldn't walk away and he wouldn't let me in. This is our story. Our fight. Our perfectly imperfect love.

Driven

From #1 New York Times bestselling author of *It Starts with Us* and *It Ends with Us*, Colleen Hoover's romantic, emotion-packed debut novel unforgettably captures all the magic and confusion of first love, as two young people forge an unlikely bond before discovering that fate has other plans for them. Following the unexpected death of her father, eighteen-year-old Layken becomes the rock for both her mother and younger brother. She appears resilient and tenacious, but inside, she's losing hope. Then she meets her new neighbor Will, a handsome twenty-one-year-old whose mere presence leaves her flustered and whose passion for poetry slams thrills her. Not long after a heart-stopping first date during which each recognizes something profound and familiar in the other, they are slammed to the core when a shocking discovery brings their new relationship to a sudden halt. Daily interactions become impossibly painful as they struggle to find a balance between the feelings that pull them together and the forces that tear them apart. Only through the poetry they share are they able to speak the truth that is in their hearts and imagine a future where love is cause for celebration, not regret.

Slammed

Like "combat practice" with Marco, the owner of the wildest club outside of Chicago. Getting a workout with the sizzling Were is the ultimate no-strings-attached pleasure. Until a chaos-strewing demon leaves Satin with an impossible, infuriating diagnosis: Vampires don't get pregnant. Marco prides himself on being the perfect Were—strong, savage, and barely housetrained. But with Satin gone on her mysterious quest, he's compelled to follow. This raven-haired warrior might be his mate for all eternity. But a dark presence hovers around her. If Marco and Satin can't solve its riddle in time, there won't be any future to worry about . . .

Cut off from the mainland, the girls don't dare wander past the school's fence where the Tox has made the woods wild and dangerous. They wait for the cure as the Tox takes; their bodies becoming sick and foreign, things bursting out of them, bits missing. But when Byatt goes missing, Hetty will do anything to find her best friend, even if it means breaking quarantine and braving the horrors that lie in the wilderness past the fence. As she digs deeper, she learns disturbing truths about her school and what else is living on Raxter Island. And that the cure might not be a cure at all . . . The groundbreaking novel from the Pulitzer Prize–winning author of *American Pastoral* that originally propelled its author to literary stardom: told in a continuous monologue from patient to psychoanalyst, this masterpiece draws us into the turbulent mind of one lust-ridden young Jewish bachelor named Alexander Portnoy. "Deliciously funny...absurd and exuberant, wild and uproarious...a brilliantly vivid reading experience." —The New York Times Book Review "Touching as well as hilariously lewd.... Roth is vibrantly talented." —New York Review of Books Portnoy's Complaint n. [after Alexander Portnoy (1933-)] A disorder in which strongly-felt ethical and altruistic impulses are perpetually warring with extreme sexual longings, often of a perverse nature. Spielvogel says: 'Acts of exhibitionism, voyeurism, fetishism, auto-eroticism and oral coitus are plentiful; as a consequence of the patient's "morality," however, neither fantasy nor act issues in genuine sexual gratification, but rather in overriding feelings of shame and the dread of retribution, particularly in the form of castration.' (Spielvogel, O. "The Puzzled Penis," *Internationale Zeitschrift für Psychoanalyse*, Vol. XXIV, p. 909.) It is believed by Spielvogel that many of the symptoms can be traced to the bonds obtaining in the mother-child relationship.

On Stranger Tides

The #1 New York Times bestselling author of the Crossfire series invites you to explore the seductive underworld where lycans, vampires and angels vie for supremacy in the second novel in the Renegade Angels series. Elijah Reynolds is the most dominant of lycans, a rare Alpha whose skill on the hunt is surpassed only by his primal sexuality. When the lycans revolt due to the iron fist of angelic rule, he steps into command, becoming both enemy and coveted ally in the conflict between vampires and angels. Vashti is the second most powerful vampire in the world, a lethal beauty with a path of devastation in her wake. Tasked with proposing an alliance between vampires and the lycans who killed her mate, Vash approaches Elijah, whose need to avenge a friend demands Vash's death even as his passion demands her surrender. Soon, their enmity erodes beneath an all-consuming desire. Elijah has never encountered a woman whose warrior spirit and fierce sexual appetite rivals his own, while Vash is faced with the one man strong enough to be her equal. But as war looms, each must decide where their loyalty lies—with their own kind or with the enemy lover they can no longer live without.

Satisfying and sexy, a visit to the Hollows will take readers on a wild journey that will capture their imagination. Fans of Charlaine Harris and Stephenie Meyer won't be able to resist Kim Harrison's alternative universe—urban fantasy Cincinnati complete with vampires, witches, and other enchanting creatures—where spine-tingling adventures and fast-paced action are the norm.

Oblivion

In this enchanting contemporary romance, sure to delight readers of Rachel Gibson and Susan Elizabeth Phillips, a close encounter of the sexy kind leads a plain Jane to discover her wild side. Chloe Sinclair has never been bad . . . until she stumbles—literally—into the arms of a gorgeous stranger. Sterling Prescott is hard-driven, gorgeous as hell, and determined to turn the struggling KTEX into a success. But all bets

are off when the shameless wildcat that disappeared on him last night walks back into his life—acting like a squeaky-clean librarian. Ever After

The New York Times bestseller and basis for the Tony-winning hit musical, soon to be a major motion picture starring Cynthia Erivo and Ariana Grande With millions of copies in print around the world, Gregory Maguire's *Wicked* is established not only as a commentary on our time but as a novel to revisit for years to come. *Wicked* relishes the inspired inventions of L. Frank Baum's 1900 novel, *The Wonderful Wizard of Oz*, while playing sleight of hand with our collective memories of the 1939 MGM film starring Margaret Hamilton (and Judy Garland). In this fast-paced, fantastically real, and supremely entertaining novel, Maguire has populated the largely unknown world of Oz with the power of his own imagination. Years before Dorothy and her dog crash-land, another little girl makes her presence known in Oz. This girl, Elphaba, is born with emerald-green skin—no easy burden in a land as mean and poor as Oz, where superstition and magic are not strong enough to explain or overcome the natural disasters of flood and famine. Still, Elphaba is smart, and by the time she enters Shiz University, she becomes a member of a charmed circle of Oz's most promising young citizens. But Elphaba's Oz is no utopia. The Wizard's secret police are everywhere. Animals—those creatures with voices, souls, and minds—are threatened with exile. Young Elphaba, green and wild and misunderstood, is determined to protect the Animals—even if it means combating the mysterious Wizard, even if it means risking her single chance at romance. Ever wiser in guilt and sorrow, she can find herself grateful when the world declares her a witch. And she can even make herself glad for that young girl from Kansas. Recognized as an iconoclastic tour de force on its initial publication, the novel has inspired the blockbuster musical of the same name—one of the longest-running plays in Broadway history. Popular, indeed. But while the novel's distant cousins hail from the traditions of magical realism, mythopoeic fantasy, and sprawling nineteenth-century sagas of moral urgency, Maguire's *Wicked* is as unique as its green-skinned witch.

First and Only

"A sexy, fast-paced, and downright addictive read. I devoured every word of Mia's journey." —Meghan March, USA Today Bestselling Author Synopsis Life, Love, Laughter. Three things I never expected to experience in the month of giving thanks, but that is just what I received. Wes had survived Hell on Earth, and was back where he was meant to be...in my arms and my bed. For good. There would be no breaking us apart after the trauma we experienced up to this point. My new job with Century Production sent me to the big apple to interview celebrities for a special segment on being thankful. What is a girl to do when she has an entire host of celebrity friends from her past year of travels? You better believe I called up my friends Mason Murphy, all-star pitcher for the Red Sox, and Anton Santiago, the Latin Lov-ah, to participate. They were all too happy to oblige, only my guy's feathers were a bit ruffled by the ease with which they came running. Add in my new family and you've got a fairytale Thanksgiving. Except for one tiny detail...the single seat at the table, left open by the hole in my heart that only one

person could fill. *** In the eleventh book of the Calendar Girl serial, Mia is off to New York City to film a segment for her new job. Now that her debt has been paid, and the threat from her ex is gone, she no longer has to live life as an escort. Only life has thrown her some new challenges to round out her year. Each installment in the Calendar Girl Serial will release every month throughout 2015. Warning: This book is designed for audiences 18+ due to language and graphic sexual content.

Seduced By Fire

#1 New York Times bestselling author Sylvia Day, America's premier author of provocative fiction, delivers two novels from Cosmo Red-Hot Reads from Mills & Boon. **AFTERBURN** The realization that Jax still affected me so strongly was a jagged pill to swallow. He'd only been part of my life for five short weeks two years ago. But now he was back. Walking into a deal I'd worked hard to close. And God, he was magnificent. His eyes were a brown so dark they were nearly black. Thickly lashed, they were relentless in their intensity. Had I really thought they were soft and warm? There was nothing soft about Jackson Rutledge. He was a hard and jaded man, cut from a ruthless cloth. In that moment I understood how badly I wanted to unravel the mystery of Jax. Bad enough that I didn't mind how much it was going to cost me... **AFTERSHOCK** When it came to playing games, my lover Jax was a master strategist. He pulled strings behind the closed doors of D.C.'s most powerful political players, and somehow still found time to nearly sideline my career. What he didn't know was that when I didn't like the rules, I threw them out and made my own. I wasn't going to let Jax get away with it. I wasn't going to let him get away at all. I loved Jax enough that it was impossible to give up. Jax loved me enough that giving up was the only end he'd consider. He didn't think I could swim with the sharks. It was entirely my pleasure to show him that I'd already dived in...
