Securing the House of Worship - Comprehensive Manual

Securing the House of Worship - Comprehensive Manual was created to guide houses of worship in the development of church security teams capable of actively defending against lethal threats of violence. Active defense is the ability to stop a violent threat, minimizing casualties and damage, and securing the scene prior to the arrival of law enforcement. This is accomplished by training select staff and parishioners who are thoroughly vetted and willing to form an armed security force.

Faith-based organizations face a quandary when setting up security departments and protecting their entities. A leader's call should be to remain peaceable and loving toward their enemies; it is their duty as leaders of the church to defend the flock against attacks, crime, and slander. The chilling reality of today's time is that unexpected, violent individuals or groups often perpetuate deadly acts against innocent people and community institutions because of sociological, psychological, and biological factors. These dangers exist in public records, and entire communities of people are at risk, including faith-based organizations such as churches, schools, and commercial and public buildings. The first step in preventing attacks and other crimes at faith-based organizations is to select, train, and educate security personnel. Security consciousness is a necessity for leaders and members of community institutions. Always approach the specific steps toward greater security in a spirit of calm professionalism, not alarmed panic. The faith-based community should be mindful of the need to

balance vigilance with an open, vital, supportive atmosphere which is the essence of places of worship. Our lives depend on it.

Keeping Your Church Safe

"Security is mostly a superstition. It does not exist in nature, nor do the children of men as a whole experience it. Avoiding danger is no safer in the long run than outright exposure. Life is either a daring adventure, or nothing." -Helen Keller Danger is around us all the time. If we feel secure it is because we have chosen to ignore the threat or we feel we have taken steps to reduce the threat. Everything we do, however, is merely a deterrent. There are no guarantees. Threat is always present. It is simply a matter of degree. Threats come in many forms and they all eat away at our fundamental sense of security. Personal and professional security focuses on awareness and preparation. Knowledge is power. Those who are aware and prepared are far more likely to survive sudden, unexpected threats. Luck as they say, is when preparation meets opportunity. What does it take to be a prepared security professional? The terrorist attacks on United States soil on September 11, 2001 illustrate how crucial it is that security be prepared and effective. Those attacks happened because we let our guard down, and the ripple effects have altered our society forever. How great a price must we pay in terms of reduced civil liberties to feel safe now? Such questions may be difficult to define but the fundamental duties and responsibilities of security officers are not. If we expect to overcome threats we must all be on the same page. That is why this book is an important tool in society's ongoing mission to raise the bar in the security profession. Preparation requires training and the journey begins here. -Michael James Jaquish

Manual Of Church Discipline

Every house of worship in America faces a growing constant threat of violent attacks from terrorists, social fanatics, violent anti-religions, the mentally ill, drug-ravaged, and others who crave the social media and news fame of a mass killer. In the last twenty years, there was an average of two deadly force incidents (DFI) at houses of worship in America each week. No state, county, city, or house of worship of any religion is exempt from these threats. Violence, unrest, and criminal attacks are increasing nationwide with no penalty, accountability, or restrictions. Violent criminals are released into society with no controls. Churches of all denominations are seen as soft targets, and they must address these threats and take actions to protect those who come to worship. Retired FBI Superintendent Ed Mireles says, "This book is a highly recommended, must read, for all Church Security Personnel." This book gives the reader an extremely valuable program of strategies and tactics that can be immediately applied to provide protections against these violent threats, to limit the number of threats that occur and minimize the effects of those that happen. With years of direct experience and multiple sessions of very high-quality training, the author faces these threats head-on and then moves directly to provide counter methods. Hard-hitting, direct, and fast-paced, The Swords of Nehemiah is the essential How to playbook for church protection strategies that have proven successful and can be immediately implemented and consistently improved and enhanced. Retired Professor of Criminal Justice Dr. Jeffrey P. Rush says it best, "This is the book every church, every security team needs. Read it, learn it, live it."

GOD is Jesus & Mahomad. God revealed to the author that now is the time to share and help explain this Revelation. It was initially revealed to author, Bryan Foster, in the early morning on 28th, May 2016 while camping on the plains of Mt Warning in Murwillumbah. This is the fifth book published in the 'GOD Today' Series. It highlights three Revelations from God that you will love or hate. Key concepts covered in this book's series of articles are: God/Allah is Jesus & Mahomad; the Truth was revealed by God through 21 Revelations received by the author in 2016 and November, 2018; the various Revelations not explained in the first four books are explained now; the prophecy of the author and Tears from God help prove the Incarnations of God as Jesus and Mahomad. God needs the religious leaders, scriptural scholars, theologians, etc., from both Islam and Christianity to explain these Revelations as each applies to them. Other religions should also be included through the offer to become an integral part of God's place in today's world by helping with the explanations, and the theology of One God only, the same God, for all time etc.. Book 4, primarily a photobook companion for Book 3, helps the reader appreciate the Truth from God through some spectacular and original images of the sun's rays, flares, clouds and a double rainbow. Many manifesting as sun arrows, flares and a giant Easter Cross.

The author believes that these are shared by God to help both the author and readers alike believe in their accuracy, through the Revelations, images and explanations. The final two books in this Series of seven are about LOVE in our world and ABSOLUTE LOVE from God for each one of us throughout history and into the future until the end of time. GOD LOVES each of us equally and encourages us all to live a life in strong relationships with God and our neighbours throughout the world past, present and future.

Electronic Protection and Security Systems

Elder Robert D. Hales of the Quorum of the Twelve Apostles declared: Living prophets are leading this church today. The greatest security of members of The Church of Jesus Christ of Latter-day Saints comes from learning to listen to and obey the words and commandments that the Lord has given through living prophets. I would hope that the world would understand the importance of having a living prophet on earth today. (In Conference Report, Apr. 1995, 19; or Ensign, May 1995, 17) As the teacher for this course, you have the opportunity of helping your students recognize the blessing of living in a day when living prophets are upon the earth. You can help them know that Heavenly Father speaks today as He has in all dispensations. When the living prophets speak in an authoritative capacity to the members of the Church, what they say is “the mind of the Lord, . . . the voice of the Lord, and the power of God unto salvation” (D&C 68:4). Prayerfully study the scriptures and general conference addresses. Seek the Holy Spirit as you choose learning activities that help students grow spiritually. Help students discover, understand, and live the truths presented in the conferences of the Church. This manual supplements your preparation by providing introductory information to the chapters, identifying scriptures and gospel principles, and suggesting ways you can help students understand the doctrine and apply it in their lives.
