The Mysticism of Emma Curtis Hopkins

Ute Maria Cedilla has created a TWO VOLUME breakthrough work on Emma Curtis Hopkins that will allow you to step through the veil to a deeper spiritual understanding of Principle and of yourself. Emma comes alive through Ute Maria and I urge you to experience Emma Curtis Hopkins in a new way, through new eyes. Ute Maria Cedilla has a passion and soul level understanding of Emma's powerful spiritual work. I believe that through Maria's teaching and her distillation of the original source material, you will experience both the conviction and the energy of Emma. Emma's original students experienced transmission of consciousness from Emma Curtis Hopkins and went out and changed the world through the founding of Divine Science, Religious Science, Unity and more.

High Mysticism

During the many years of the active ministry of Emma Curtis Hopkins, over fifty thousand individuals came to her for instruction. Numbered among them were ministers, priests, lawyers, physicians, artists, business men and people from every walk of life. She was known as the "Teacher of Teachers" as so many of her students later became teachers and carried the message of the High Watch to the far corners of the earth. Several of the well known schools of advanced thought in this country were

founded by her students. It is said that the glory of her teaching is that it arouses the hidden creative genius in the student so that he goes forth inspired to accomplish some great work of a unique and inimitable sort by the recognition of his own inherent divinity. To awaken this Divine Sense in her readers is the chief aim of the writings which she has left with us. The Studies in High Mysticism contain her latest writings, the full bloom of her spiritual unfoldment. They are acknowledged to be among the finest examples of Mystical writings. Mrs. Hopkins was herself a Mystic, a Mystic of a new type. She sang the song of the Life triumphant over loss, pain, sickness, poverty, sin and death, and the joy that comes from living the Christ Life. Here we have no identifying with suffering and grief, but the fuller doctrine of Jesus Christ—the rise from ignorance to the "Liberty of the Sons of God!" This book is spiritual dynamite. Read it and your life will be transformed forever.

High Mysticism

Emma Curtis Hopkins (September 2, 1849 - April 8, 1925) was an American spiritual author and leader. Emma Curtis Hopkins was called the "teacher of teachers" because a number of her students went on to found their own churches or to become prominent in the New Thought Movement.

Emma Curtis Hopkins the Collection: VOL. 1. 3 Books: High Mysticism, Scientific Christian Mental Practice, Drops of Gold

American writer, educator, theologian, and feminist pioneer EMMA CURTIS HOPKINS (1849-1925) may well be the most important woman in the history of religion in the United States. Influenced by Mary Baker Eddy and her "Christian Science," Hopkins developed the more metaphysical philosophy of New Thought, an early "New Age" outlook that encouraged its adherents to tap the latent powers of their potent minds. Known as "the teacher of teachers," Hopkins inspired her students, many of whom went on to become influential leaders of the New Thought movement, to give full expression to their creative genius. In this 1888 book, considered by many one of the greatest works of mysticism ever written, Hopkins encourages us all to live life with a greater awareness of the mystery and power of the universe as it is seen through the wisdom of Jesus Christ. No bleak call to celebrate Jesus' suffering or pain, this is a glorious expression of the power within us to triumph over loss, sin, and death to find new avenues to joy. High Mysticism

Emma Curtis Hopkins led a life of extraordinary diversity and achievement. Here at last is a study that salutes her remarkable life as it explores the route by which she melded spiritual healing, metaphysical idealism, and exotic philosophies into multiple careers of unsurpassed dynamic. As a charismatic teacher, Hopkins instructed or ordained every prominent New Thought leader who founded a major denomination of the movement's churches. Her considerable talents as a mystic and noted author reached fruition with the publication of High Mysticism in 1923. Furthermore, her ideas on healing and prosperity took root in both secular and religious organizations, touching millions around the globe to this day. The long-forgotten Hopkins is now given her due in a book that allows her to triumph in the roles she so ably mastered in life: mentor and mystic, healer and feminist, missionary and biblical prophet, writer and editor.

Class Lessons of 1888

Emma Curtis Hopkins (September 2, 1849 - April 8, 1925) was an American spiritual author and leader. She was involved in organizing the New Thought movement and was a primary theologian, teacher,

writer, feminist, mystic, and prophet who ordained hundreds of people, including women, at what she named (with no tie to Christian Science) the Christian Science Theological Seminary of Chicago. Emma Curtis Hopkins was called the "teacher of teachers" because a number of her students went on to found their own churches or to become prominent in the New Thought Movement.

Scientific Christian Mental Practice

Among the list of influential New Thought proponents, Emma Curtis Hopkins is often referred to as "The mother of New Thought" or the "Teacher of teachers." Those who studied with Hopkins include Ernest Holmes, founder of Religious Science; the Fillmores, founders of Unity; Harriet Emilie Cady, author of Unity's cornerstone text *Lessons in Truth*, and Malinda Cramer and Nona L. Brooks, founders of Divine Science. Emma insisted that her students already knew everything she was teaching them. It was simply a matter of recalling or remembering the spiritual instinct they were born with. To Emma, the teaching was more important than the teacher and she felt equal with her students because all are the expressions of God. Integrity and Truth were extremely important to her. Emma recognized three sciences: the physical or material science that declares laws; mental science, as all that we are is created from our thought; and mystical science, which she affirmed. She taught herself and others from the Bible, the Bhagavad Gita, ancient Roman and Greek mythologies, the Avesta Zoroaster, and the world's most brilliant saints and philosophies. Emma was the first to promote the idea of the Divine Feminine. She taught that the "Mind-Principle" is the "Fatherhood of the Trinity," the "Sonship" represents the children who are "creations of the mind," and "The Holy Ghost" is the "Mother-Life." Ernest Holmes was Emma's last student. He studied with her in 1924 and she died in 1925. Our goal with this workbook is to bring the words and knowledge of Emma Curtis Hopkins into everyone's life, piece by piece, little bit by little bit. But our vision does not end there, and Emma is not the only source for a further opened mind: you are. The second key component is your workbook journaling. The design of this book intends for Emma to be highlighted for a moment of each day and for you to take a moment in your own often busy schedule to highlight yourself, by journaling in the accompanying workbook pages.

Lessons in Truth: A Course of Twelve Lessons in Practical Christianity is the core texts on Unity Church teachings and it is one of the best representatives of New Thought philosophy. The spiritual models presented in Dr. Cady's lessons show us how to enhance our confidence and inner power, and improve our spiritual development. In the beginning of 1892, a series of articles titled *Lessons in Truth* by Dr. Cady were published in *Unity* magazine. This material later was compiled into a book and it was the first book Unity published. It is now the most widely read book in that movement and it has been translated into eleven languages and braille. Harriet Emilie Cady (1848-1941) was an American homeopathic physician and author of New Thought spiritual writings. She was inspired and influenced by Biblical teachings and the philosophy of Ralph Waldo Emerson. She was taught by Emma Curtis Hopkins, the New Thought "teacher of teachers" and a student of Christian Science. Cady associated with several prominent figures in the New Thought movement of the time and Charles and Myrtle Fillmore, co-founders of Unity Church.

The Tao of Emma Curtis Hopkins

In *Friends in High Places*, historical theologian Tom Shepherd takes you journeying through time to meet your long-lost relatives of the Western religious heritage. Mystics like Pseudo-Dionysius, John Scotus Erigena, Meister Eckhart and the first Quaker, George Fox. Deep thinkers like Philo Judaeus, Origen of Alexandria and pagan martyr Hypatia. Sunny optimists like Pelagius, who lost his argument with St. Augustine over the goodness of humanity only after the fall of Rome rattled the ancient world and made positive thinking seem positively naïve. Shepherd introduces an impressive entourage of mystics and metaphysical thinkers--to include Ralph Waldo Emerson, Mary Baker Eddy, Emma Curtis Hopkins, Paul Tillich, and Teilhard de Chardin--and gives the reader a taste of their writings. Just a sampler, not a full course meal. You'll find such delight in these brief profiles, you'll come away refreshed and ready to tackle life in the modern world.

The Prepared Home

Everything no one will tell you about being an artist *Nobody Knows What They're Doing* is an honest guide to the creative life for artists of all kinds. Lee Crutchley, author of *How to Be Happy (Or At Least Less Sad)*, skips the platitudes, positive affirmations, and guarantees of success; he'll never ever tell you to just Do What You Love. Instead, Crutchley discusses the things nobody else is talking about—that, frankly, your work sucks (but that's ok because everyone else's does too), that making bad art is worth it, and so much more. In a world desperate for a glimpse of authenticity, *Nobody Knows What They're Doing* is a breath of fresh air that reveals the truths hiding between the lines of Instagram-friendly aphorisms and behind the words of the most inspirational TED talks. An honest look at the reality of creativity and the joy and difficulty of crafting good (and bad) art, this book belongs in the hands of every exhausted creative, every starry-eyed dreamer, and every artist who is trying to make their way in the world—and keep a roof over their head while they do it.

Looking Unto Jesus

The government said it need Area 51 to protect America. They said they needed it for research. Now some say it has all been a terrible lie... In the annals of UFO controversies there has never been a place like this: sixty square miles of desert and scrub just north of Las Vegas, Nevada. Officially known as a U.S. Air Force testing ground, this area has accounted for more UFO sightings and more inexplicable activity than any other in the world. leading experts to dub Area 51 "Earth's unofficial UFO headquarters." Now UFO writer Susan Wright seeks to answer the riddle once and for all, delving into previously secret government documents, drawing on eyewitness accounts, and ripping the veil of secrecy off Area 51 and the research that really goes on there. The result is the most shocking and thoroughly documented UFO book you have ever read, a book that demonstrates that for fifty years the U.S. government has had one overriding policy on Area 51: whenever confronted with suspicions, facts, or photographs-conceal, deny and lie...

Godly Prayer and Its Answers is an extended meditation upon Christ's promise in John 14:13–14, "And whatsoever ye shall ask in my name, that will I do, that the Father may be glorified in the Son. If ye shall ask any thing in my name, I will do it." However, in the process of touching upon everything stated and implied in the text, Brown produces a full and complete treatment of the doctrine of prayer in a manner calculated to promote the exercise of faith in Jesus Christ.

Ultimate Energy: Using Your Natural Energies to Balance Body, Mind, and Spirit

A new collection of inspiring personal philosophies from another noteworthy group of people This second collection of *This I Believe* essays gathers seventyfive essayists—ranging from famous to previously unknown—completing the thought that begins the book's title. With contributors who run the gamut from cellist Yo-Yo Ma to ordinary folks like a diner waitress, an Iraq War veteran, a farmer, a new husband, and many others, *This I Believe II*, like the first New York Times bestselling collection, showcases moving and irresistible essays. Included are Sister Helen Prejean writing about learning what she truly believes through watching her own actions, singer Jimmie Dale Gilmore writing about a hard-won wisdom based on being generous to others, and Robert Fulghum writing about dancing all the dances for as long as he can. Readers will also find wonderful and surprising essays about forgiveness, personal integrity, and honoring life and change. Here is a welcome, stirring, and provocative communion with the minds and hearts of a diverse, new group of people—whose beliefs and the remarkably varied ways in which they choose to express them reveal the American spirit at its best.
