What Could Possibly Go Wrong?

The sixth book in the bestselling Chronicles of St Mary's series which follows a group of tea-soaked disaster magnets as they hurtle their way around History. If you love Jasper Fforde or Ben Aaronovitch, you won't be able to resist Jodi Taylor. What if the course of history was on your shoulders? 'To do what I do - go where I go - see what I see - it's a wonderful, unique, never-to-be-taken-for-granted privilege.' With great privilege comes great responsibility, something Max knows only too well, and as newly appointed Chief Training Officer at the St Mary's Institute of Historical Research, it's up to her to drum this guiding principle into her five new recruits. With a training programme that includes Joan of Arc, an illegal mammoth, a duplicitous Father of History, a bombed rat, Stone Age hunters and Dick the Turd, the question everyone is asking themselves is - what could possibly go wrong? My Name is Markham

A Chronicles of St Mary's short story that is sure to entertain. If you love Jasper Fforde or Ben Aaronovitch, you won't be able to resist Jodi Taylor. Like a smaller and much scruffier Greta Garbo - finally - Markham speaks! It's Christmas and time for the first (and almost certainly last) St Mary's Annual Children's Christmas Party - attendance compulsory, by order of Dr Bairstow. Discovered practising his illegal reindeer dance and poo-dropping routine, our hero, along with fellow disaster-magnets Peterson and Maxwell, is despatched to Anglo-Saxon England to discover the truth about Alfred and the cakes. In his own words, our hero reveals Major Guthrie's six-point guide to a successful assignment and the Security Section's true opinion of the History Department. And of historians in general. And of one historian in particular. And, just to be clear, it is time travel, for God's sake. Forget all that pretentious 'investigating major historical events in contemporary time' rubbish. This is history without the capital 'H'. Because this is the way the Security Section rolls! Readers love Jodi Taylor: 'Once in a while, I discover an author who changes everything... Jodi Taylor and her protagonist Madeleine "Max" Maxwell have seduced me' 'A great mix of British proper-ness and humour with a large dollop of historical fun' 'Addictive. I wish St Mary's was real and I was a part of it' 'Jodi Taylor has an imagination that gets me completely hooked' 'A tour de force'

A Second Chance

The third book in the bestselling Chronicles of St Mary's series which follows a group of tea-soaked disaster magnets as they hurtle their way around History. If you love Jasper Fforde or Ben Aaronovitch,

you won't be able to resist Jodi Taylor. History happens all around you. And, occasionally, to you. I could have been a bomb-disposal expert, or a volunteer for the Mars mission, or a firefighter, something safe and sensible. But, no, I had to be an historian. It began well. A successful assignment to 17th century Cambridge to meet Isaac Newton, and another to witness the historic events at The Gates of Grief. So far so good. But then came the long-awaited jump to the Trojan War that changed everything. And for Max, nothing will ever be the same again. With the bloody Battle of Agincourt playing out around her, Max risks everything on one last desperate gamble to save a life and learns the true meaning of a second chance. Readers love Jodi Taylor: 'Once in a while, I discover an author who changes everything... Jodi Taylor and her protagonista Madeleine "Max" Maxwell have seduced me' 'A great mix of British proper-ness and humour with a large dollop of historical fun' 'Addictive. I wish St Mary's was real and I was a part of it' 'Jodi Taylor has an imagination that gets me completely hooked' 'A tour de force'

The Long and Short of It

The first collection of previously published short stories set in the national-bestselling British madcap time-traveling series The Chronicles of St. Mary's. Behind the seemingly innocuous facade of St. Mary's Institute of Historical Research, a different kind of academic work is taking place. Just don't call it "time travel"—these historians "investigate major historical events in contemporary time." And they aren't your harmless eccentrics either; a more accurate description, as they ricochet around history, might be unintentional disaster-magnets. The Chronicles of St. Mary's tells the chaotic adventures of Madeleine Maxwell and her compatriots—Director Bairstow, Leon "Chief" Farrell, Mr. Markham, and many more—as they travel through time, saving St. Mary's Institute (too often by the very seat of their pants) and thwarting time-traveling terrorists, all the while leaving plenty of time for tea. The Long and Short of It collects all of Jodi Taylor's previously published St. Mary's short stories in one single volume. From Julius Caesar in Ancient Rome to a 1601 performance of Hamlet with Shakespeare himself playing the ghost, Max and the gang never seem to have trouble finding ways to insert themselves into prickly situations. And don't worry, there's plenty of Christmas cheer (and just a little of mischief) thrown in for good measure. Stories Included: When a Child is Born Roman Holiday Christmas Present Ships and Stings and Wedding Rings The Very First Damned Thing The Great St. Mary's Day Out My Name is Markham A Perfect Storm

If you love Jasper Fforde or Ben Aaronovitch, you won't be able to resist Jodi Taylor. A Fete Worse Than Death... The St Mary's Institute of Historical Research has finally recovered from its wounds and it's business as usual for those rascals in the History Department. From being trapped in the Great Fire of London to an unfortunately timed comfort break at Thermopylae, which leaves the fate of the western world hanging in the balance, Max must struggle to get History back on track. But first, they must get through the St Mary's Fete - which is sure to end badly for everyone. Only one thing is certain, life at St Mary's is never dull! Readers love Jodi Taylor: 'Once in a while, I discover an author who changes everything... Jodi Taylor and her protagonista Madeleine "Max" Maxwell have seduced me' 'A great mix of British proper-ness and humour with a large dollop of historical fun' 'Addictive. And the Rest is History

The eighth book in the bestselling Chronicles of St Mary's series which follows a group of tea-soaked disaster magnets as they hurtle their way around History. If you love Jasper Fforde or Ben Aaronovitch, you won't be able to resist Jodi Taylor. Because, my dear Max, you dance on the edge of darkness ... and I don't think it would take very much for you to dance my way. When an old enemy appears out of nowhere with an astonishing proposition for Max - a proposition that could change everything Max is tempted. Very tempted. With an end to an old conflict finally in sight, it looks as if St Mary's problems are over with. Can they all now live happily ever after? Last Call at the Nightshade Lounge

This "snarky, diverse" urban fantasy featuring a kick-ass heroine and 14 cocktail recipes will be "an absolute blast" for fans of Buffy the Vampire Slayer and Scott Pilgrim vs. The World (Nerdist). Booze is magic, demons are real—and millennial Bailey Chen joins a band of monster-fighting Chicago bartenders instead of finding a "real" post-college job. Bailey Chen is fresh out of college with all the usual new-adult demons: no cash, no job offers, and an awkward relationship with Zane, the old friend she kinda-sorta hooked up with during high school. But when Zane introduces Bailey to his monster-fighting bartender friends, her demons become a lot more literal. It turns out that evil creatures stalk the city streets after hours, and they can be hunted only with the help of magically mixed cocktails: vodka grants super-strength, whiskey offers the power of telekinesis, and rum lets its drinker fire blasts of elemental energy. But will all these powers be enough for Bailey to halt a mysterious rash of gruesome deaths? And what will she do when the safety of a "real world" job beckons? This sharp and funny urban fantasy is perfect for fans of Buffy the Vampire Slayer, Scott Pilgrim Vs. The World, and grown-up readers of Harry Potter. Includes 14 recipes from a book of ancient cocktail lore.

This Side of Paradise

Definitive novel of the "Lost Generation" focuses on the coming of age of Amory Blaine, a handsome, wealthy Princeton student. Fitzgerald's first novel and an immediate, spectacular success. Note.

The Late Lord

This biography of the second Earl of Chatham looks beyond his famous military failure to reveal one of the early nineteenth century's most fascinating figures. John Pitt, 2nd Earl of Chatham, is one of the most enigmatic and overlooked figures of early nineteenth century British history. The elder brother of Pitt the Younger, he has long been consigned to history as the late Lord Chatham, the lazy commander-in-chief of the 1809 Walcheren expedition, whose inactivity and incompetence turned what should have been an easy victory into a disaster. In The Late Lord, Jacqueline Reiter presents a more nuanced and revealing portrait. During a twenty-year career at the heart of government, Pitt served in several important cabinet posts such as First Lord of the Admiralty and Master-General of the Ordnance. Yet despite his closeness to the Prime Minister and friendship with the Royal Family,

political rivalries and private tragedy hampered his ascendance. Paradoxically for a man of widely admired diplomatic skills, his downfall owed as much to his personal insecurities and penchant for making enemies as it did to military failure. Using a variety of manuscript sources to tease Chatham from the records, this biography peels away the myths and places him for the first time in proper familial, political, and military context. It breathes life into a much-maligned member of one of Britain's greatest political dynasties, revealing a deeply flawed man trapped in the shadow of his illustrious relatives.

When Did You Last See Your Father?

Philippa Maclay is the daughter of a missionary who is left alone on the death of her father to make her way in the restricted society of mid nineteenth century London. Taking a post at a charity school in the East End she is torn between her love for her work and the girls in her care and her relationship with Major Kit Clevedon, a man to whom she can never be more than a diversion. Major Kit Clevedon is an aristocrat by birth and a soldier by choice and knows that he should stay away from the young school teacher he first met in the African bush but his attraction to the girl who lives in a different world to him is rapidly turning into something a lot more. Set against the luxury of Victorian salons and the poverty and teeming backstreets of the East End, A Respectable Woman is the story of a girl who must choose between propriety and love in a society which gave no second chances to a woman who lost her reputation.

A Respectable Woman

Newsroom, political platform, local hot spot, confession box, preacher-pulpit and football stadium. For generations, African men have gathered in barber shops to discuss the world. These are places where the banter can be barbed and the truth is always telling. Barber Shop Chronicles, which was partly inspired by verbatim recordings, is a heart-warming, hilarious and insightful play that leaps from a barber shop in Peckham to Johannesburg, Harare, Kampala, Lagos and Accra over the course of a single day. It was first produced by the National Theatre, Fuel and Leeds Playhouse in 2017 and is here published as a Methuen Drama Student Edition with commentary and notes by Oladipo Agboluaje.

Barber Shop Chronicles

"From riotous misbehaviour in Victorian London to ingenious feats of scientific invention (powdered water - just add water!), and from a chaotic Nativity play starring a vengeful Angel Gabriel to an illegal expedition to Mars, Jodi Taylor knows how to spin a good yarn."--Provided by publisher.
