Ni OS de La Guerrilla

NIÑOS DE LA GUERRILLA (Ak'alab' reche le guerrilla). Es la historia que nos revela como la tranquilidad, la paz, y la armonía de las comunidades campesinas, repentinamente fue arrebatada con violencia incendiaria; al irrumpir en esas pacíficas comunidades el fuego destructor del comunismo internacional. Y cómo esa impactante violencia vino a destruir las familias y los poblados; arrasando no solamente con los míseros valores materiales sino también con todos los valores familiares; hasta con la identidad, la espiritualidad y el misticismo de los pueblos mayas, con toda aquella horrible destrucción y muerte. Esta desgraciada experiencia se agigantó dolorosamente cuando recayó en niños inocentes, imberbes, y analfabetas; que fueron arrastrados violentamente desde sus comunidades hasta cruzar por las montañas y los ríos, la frontera del vecino país. Para cumplir con los planes estratégicos y políticos de la guerrilla. Esta no es la historia del inmigrante común, que con natural entusiasmo anhela alcanzar "El Sueño Americano". Esta es la historia de los niños que espantados ante la violencia y el secuestro; aún en sus míseras condiciones escapan y luchan por alejarse de aquellas organizaciones de terror que solamente les mostró una violencia que nunca habían conocido; cuyo fin único era transformarlos en niños guerrilleros. Es la transformación total de su pacífica vida desde el seno familiar. Desde la tranquilidad del campo hasta el infierno de la violencia en las acciones de guerra, la soledad y el abandono en un país extraño. La fuga de Atanasio Pu de los solapados campos de concentración en México, dirigidos por el Comunismo Internacional. El sentimiento de persecución que siempre lo atormentó. Su desastrosa infancia, sin familia, sin amigos, en la más triste y aberrante miseria. Encarna el sufrimiento al cual fueron sometidas esas familias guatemaltecas especialmente las familias mayas. Todo esto constituye sin duda un trauma familiar y social que lamentablemente atormentará a esas comunidades y a los guatemaltecos por muchos años más.

Los niños de la guerra

Quince años después de haber escrito Los niños de la guerra, Guillermo González Uribe buscó a sus once protagonistas. Logró hablar con cinco de ellos, hoy adultos. Esta edición recoge los once testimonios originales, los cinco relatos recientes y varios nuevos textos. «El libro Los niños de la guerra adquiere el carácter de una acusación tácita Su propósito es el de dar la palabra a las víctimas de la violencia y de la injusticia social que la genera... ». Rafael Gutiérrez Girardot «Tres veces me he estremecido igual en mi vida. Leyendo el libro La violencia en Colombia que Germán Guzmán, Eduardo Umaña Luna y Orlando Fals Borda publicaron en los años sesenta; leyendo la Crónica de una muerte anunciada, que Gabriel García Márquez publicó en 1981, y leyendo este libro. Los tres nos llevan al fondo del abismo de la condición humana; los tres nos llevan en un viaje al final de la noche». William Ospina

Ni un solo niño en la guerra

This book throws fresh light on a forgotten war that raged in the 1940s in the mountains of Spain. It is a story of heartbreak and heroism, relating the dramatic events in a village trapped between the ruthless Civil Guard and guerrillas led by a legendary chieftain named Roberto. Guerrilleros, villagers, Civil Guards give a poignant account of bloodshed, betrayal and courage. Historian Paul Preston comments: "As exciting as any thriller, yet deeply moving, it deserves to be read by everyone concerned with the history of contemporary Spain."

El mundo hispanohablante contemporáneo

El 1 de mayo de 2023 una avioneta Cessna se fue a pique en la tupida selva Amazónica colombiana, cuando cubría la ruta de Araracuara a San José del Guaviare. Los tres adultos que iban a bordo perdieron la vida de inmediato. Los cuatro niños del milenarismo pueblo uitoto sobrevivieron al impacto. Una niña de trece años estuvo a cargo de sus tres hermanitos menores, entre ellos una bebé de tan solo once meses a la que llamaban la Niña de las Estrellas desde que nació. Sobrevivieron gracias al hombre tigre, a la amistad de un mico, a que encontraron la forma de salir de misteriosos laberintos invisibles y de evitar improbables consejeros con formas de anacondas, dantas y yacarés. Cuarenta días después del accidente fueron rescatados sanos y salvos por un grupo conformado por militares expertos en selva y sabedores de muchas comunidades indígenas.

An account of the violence and repression that defined the murderous Guatemalan civil war of the 1980s. Manz, an anthropologist, spent over two decades studying the Mayan highlands and remote rain forests of Guatemala. In a political portrait of Santa María Tzejá, where highland Maya peasants seeking land settled in the 1970s, Manz describes these villagers' plight as their isolated, lush, but deceptive paradise became one of the centers of the war convulsing the entire country. After their village was viciously sacked in 1982, desperate survivors fled into the surrounding rain forest and eventually to Mexico, and some even further, to the United States, while others stayed behind and fell into the military's hands. Manz follows their flight and eventual return to Santa María Tzejá, where they sought to rebuild their village and their lives. From publisher description.

Este libro constituye una gran aportación documental sobre el tráfico de niños en América Latina y explora los territorios de la complicidad. El mercado negro borra las huellas de muchos niños pobres vendidos a los Estados Unidos y otros países con diversos fines, entre los que se encuentra la posibilidad espeluznante de que sean descuartizados para transplantar sus órganos o proporcionar materia prima a la industria de cosméticos.

Crónicas de América Latina: narrativa de no-ficción es la primera edición de una novedosa antología de crónicas diseñada para la enseñanza de español avanzado. Los textos, fascinantes y accesibles, permiten que los estudiantes se adentren en la compleja realidad contemporánea, tanto política como social y cultural, de América Latina, mientras refuerzan la lectura, la redacción y la conversación. Los ejercicios, todos ellos diseñados a partir de los propios textos, pretenden repasar problemas gramaticales y léxicos tradicionales, con especial énfasis en aquellos que atañen a las variedades dialectales del español americano: por ejemplo, el uso del pronombre 'vos'. Este libro es un excelente material de lectura que puede usarse en clases de español como segunda lengua o en clases de español para hablantes de herencia, tanto en clases de lengua (gramática o conversación) como de contenido (cultura). Dividido en nueve capítulos, el material abarca temas cruciales tales como política, identidad, raza, género, inmigración, violencia, exilio, medio ambiente, gastronomía, fútbol y música. Cada texto puede leerse de forma independiente, lo que permite que los profesores seleccionen las lecturas según las particularidades de cada curso. Pensado en un principio para estudiantes de español, esta antología es sobre todo una lectura indispensable para cualquier persona interesada en la zona que concentra el mayor número de hispanohablantes en el mundo.

A Companion to Spanish Cinema

The first scholarly edition of Walter Scott's most complex historical narrative poem (1808)

Inter-American Yearbook on Human Rights / Anuario Interamericano de Derechos Humanos, Volume 18 (2002)

A journey through the darker reaches of humankind, *Apocalypse* is a record of loss, grief, injustice, violence and death through war in Iraq, the Congo, Darfur, Colombia, Afghanistan and Burma. Photographer Alvaro Ybarra Zavala aims to bring the realities of these regions into our daily lives, and to confront us with what he describes as "the orgy of desperation, blood and despair which human beings are capable of inflicting upon their fellows"; he undertakes to record these darker episodes in our recent history to show that they are omnipresent realities. "People are moved by what they see," writes Zavala. "They respond emotionally, intellectually and morally. All we have is each other. We create our own problems, and it is up to us to solve them. I want this project to become a part of our visual history, to enter our collective memory and our collective conscience. I hope it will serve to remind us that history's deepest tragedies concern not the great leaders who set events in motion but the countless ordinary people who are caught up in those events and torn apart by their remorseless fury."

Paradise in Ashes

This book continues the narrative begun by the author in *Wars of Latin America, 1899-1941*. It provides a clear and readable description of military combat occurring in Latin America from 1948 to the start of 1982. (In an unusual peaceful lull, Latin America experienced no wars from 1942 to 1947.) Although the text concentrates on combat narrative, matters of politics, business, and international relations appear as necessary to explain the wars. The author draws on many previously unknown sources to provide information never before published. The book traces the many insurgencies in Latin America as well as conventional wars. Among the highlights are the chapters on the Cuban and Nicaraguan insurrections and on the Bay of Pigs invasion. One goal of the text is to explain why, of the many insurgencies appearing in Latin America, only those in Cuba and Nicaragua were successful in overthrowing governments. The book also helps explain why even unsuccessful insurgencies have survived for decades, as has happened in Colombia and Peru. Instructors considering this book for use in a course may request an examination copy [here](#).
