Turn Your Mate into Your Soulmate

Internationally bestselling author and relationship expert Arielle Ford offers the keys to re-discovering love, passion, respect, and renewed commitment, years after the simple act of falling in love and getting married. It's one thing to fall in love and get married. It is quite another thing to have a marriage you love. This is the true purpose of Turn Your Mate Into Your Soulmate. Author of the international bestseller The Soulmate Secret, Arielle Ford unlocks the wisdom learned in her own marriage along with expertise gleaned from friends and experts such as Harville Hendrix, John Gray, Dr. Helen Fisher, Neale Donald Walsch, and Marianne Williamson, to help readers find a happy middle ground between the rare, precious, and unattainable romantic notion of love, and the reality that happens when restlessness, anger, or disappointment set in and act as a stubborn barrier to happiness and fulfillment. Turn Your Mate into Your Soulmate explores and reveals: What love really is and is not, and how to infuse your life with richer, fulfilling love. Why we yearn to be connected to another person; Our soul and our sacred contracts around love. Why giving up perfectionism is the key to happiness. The purpose and benefits of marriage. Components of a healthy relationship. Moving beyond ourselves to infuse our relationships with God/Spirit/devotion. Breathing new life into old love by kick-starting the fun; Why changing partners may not be the answer and why re-envisioning the partner you have can be the path to happiness. Arielle lays the groundwork for the purpose and work needed for a healthy relationship, proving that marriage is not as simple as Happily Ever After—but that real love can be even better.

Wabi Sabi Love

Arielle Ford's Wabi Sabi Love follows the success of her international bestseller The Soulmate Secret by revealing how to make love last forever. Using the ancient Japanese idea of illuminating the beauty in imperfection (known as wabi sabi), Wabi Sabi Love provides all the tools necessary for you to experience more balance, harmony, and joy in your relationship than ever before. No matter what stage of your relationship, Arielle Ford delivers the secret to lasting love. To quote Deepak Chopra: "Wabi Sabi Love weds ancient wisdom and modern concerns to create the formula for a sustainable, loving relationship for years to come."

Kärlek på allvar : att välja och behålla en relation

Idag är förutsättningarna för att möta sitt livs kärlek bättre än någonsin. Ändå upplever många att de inte träffar rätt; de dejtjar och tindrar men det händer bara inte. På samma gång kämpar många par med att hålla ihop och fördjupa sina förhållanden. Samtalsterapeuten Daniella Gordon träffar såväl ofrivilliga singlar som par med trasiga relationer och hon uppmuntrar dem att jobba med sig själva. Det handlar om att kunna vara intim, både med sig själv och med sin partner - först då är en lycklig relation möjlig. Utifrån sin gedigna erfarenhet delar Daniella Gordon med sig av viktiga insikter och praktiska metoder för hur man skapar en sann och varaktig kärleksrelation. Genom exempel med hög igenkänningsfaktor och mängder av praktiska övningar får vi lära oss att kommunicera bättre, bryta gamla mönster och våga vara sårbara. Tillsammans med sin tidigare klient, journalisten Sofie Zettergren, har Daniella Gordon skrivit en livsbejakande och peppande bok för singlar som vill göra sig redo för kärleken. Men också för alla de par som strävar efter att fördjupa och förbättra den relation de redan har. Det handlar om konsten att välja rätt partner, men också om att i en relation kunna välja sig själv utifrån sina sanna behov. Först då kan relationen växa.

Marriage Guide for Couples

The issues that surround the loss of a spouse are numerous and complex. A very small sampling of these issues include helping children cope with a parent's death, re-entering the workplace and eventually re-entering the world of dating, love and intimacy; as well as moving through a profoundly emotional period. The widowed must find a way to accept and deal with these oftentimes conflicting and confusing emotions while being expected to "carry on and carry forward" by those around them. The widowed must also adjust financially and legally; as well as be available to children that inevitably look to their surviving parent for guidance and support. Whether newly widowed or widowed for many years, those who have suffered the loss of a spouse have many questions that need answering and they likely know no one who is adequately qualified to answer those questions. Award-winning author and grief recovery expert, Carole Brody Fleet follows up the critically acclaimed: "Widows Wear Stilettos" with the aptly-titled, Happily Even After, the first and only book of its kind; answering the most common questions that the widowed generally have both immediately following a spouse's death as well as months and even years thereafter. These questions are excerpted from thousands of actual letters received by the author and the responses are from the author's own perspective; based upon considerable personal and professional experience and insight. Since the questions featured are the more commonly asked questions by those who are themselves widowed, readers will likely find answers to most of the questions that they have concerning widowhood; dealing with everything from child rearing as a widowed parent to coping with relatives who fancy themselves financial wizards, to the "rules of intimacy"...and a wide-ranging variety of subjects in between. In her warm, witty and wise tone, Carole walks widows through the shock and overwhelming sadness and back into the land of the living. Whether you are a young woman in the early years of a marriage, a Golden Anniversary celebrant or a "widow of the heart" who lost a significant other with no legal claims, Fleet will hold your hand and

offer you practical tools for any problem you may face. Most importantly, Happily EVEN After will help you reclaim YOU.

Happily Ever After...?

Have you ever wondered what it takes to find the love of your life? Is it your dream to find a life partner who will love, cherish, and adore you? The *Soulmate Secret* will show you how to take control of your romantic destiny by using the Law of Attraction. Translated into more than twenty languages, *The Soulmate Secret* has become an international phenomenon. Now with a new preface and a new chapter filled with book-inspired success stories, this book shows finding true love is possible for anyone at any age if you are willing to prepare yourself, on all levels, to become a magnet for love. Arielle Ford knows this from experience. She used the techniques in this book to bring her soulmate into her life at age forty-four. They were engaged three weeks later. This ancient formula reveals that our universe is set up to deliver the people and things into our lives that are consistent with our personal belief system. If you

don't believe you will ever find the One, then guess what? You probably won't. If, however, you learn to believe that the One is not only out there but is also looking for you, then true love can be yours. Using a series of processes called feelingizations—feeling in every cell of your being the outcome you want to create—Ford reveals how to manifest the man or woman of your dreams. The techniques, rituals, and projects found within these pages will allow you to prepare your home, body, mind, and spirit for the lover your heart truly desires.

The Soulmate Secret

Twenty years ago, author Arielle Ford created a system to manifest her soulmate using the timeless principles of the Law of Attraction: techniques, visualizations, rituals, and prayers to prepare her mind, body, spirit, and home for an amazing relationship with a man she had not yet met. Within six months, she was introduced to her beloved, Brian Hilliard—knowing instantly that he was "the one"—and a year later they married. Since then, tens of thousands of men and women around the world have used her "Soulmate Secret" to meet and marry the love of their lives. Now, Arielle's miraculous methods are paired with the romantic artwork of internationally acclaimed artist Manja Burton in this first of its kind transformational coloring book. Art therapists have long known that making art is a powerful and enjoyable tool for self-exploration and processing emotions. *Inkspirations Love by Design* contains simple yet specific exercises and information to create the frequency of love in your life. By coloring each page in this step-by-step guide with a clear intention, readers will mindfully and creatively raise their awareness to make their deepest desires for love come to fruition. Finding true love is possible for anyone, at any age, and this beautiful book will lead readers to open their hearts to the art of love.

The desire for a soul mate is the ancient need to become the divine couple whose union breathes new life into the world. Seen from this context, finding your soul mate has deeper ramifications than a purely romantic desire; the union of a soul mate is about the creation of an energy that is a candle to bring illumination to the world. The content of this book is designed for spiritually romantic people who have not lost the faith that there is someone out there that has a divine understanding of us, and that two people are brought together for a divine plan that will contribute towards a higher purpose. Psychologist Dr. Robin Smith reveals how to turn vows made at the altar into realistic plans for a long and happy marriage. Dr. Robin Smith advises couples on how to take the wedding vows that were made in earnest and in innocence, to a level where they can be used to build a happy, healthy, satisfying and long-lasting marriage. **Lies at the Altar** is for couples who are planning marriage, are newly married, or who have been married for years. In **Lies at the Altar: The Truth About Great Marriages**, Dr. Robin Smith addresses the unspoken needs, unasked questions, outrageous expectations, and hidden agendas that often linger beneath the surface of the wedding vows and appear later to cause power struggles, suffering, and feelings of hopelessness in marriages. Dr. Smith discusses why it's important to have one's "eyes wide open" in a marriage; how to write true vows to live by; and why it's never too late to rewrite your vows. She illustrates her advice with detailed stories from her own life, as well as from couples that she has counseled. And in her inspiring conclusion, she invites couples to light up their lives by acknowledging each other as individuals, each of whom lights a candle, and who lights a third candle which represents "us". Calling "truth" the secret ingredient of great marriages, Dr. Smith teaches individuals and couples how to find the truth within themselves and their partners, whether they are heading to the altar, suffering in an unhappy marriage, divorced, or simply want to bring more satisfaction and intimacy into their relationship.

Is it possible to fully accept, even love, the life you have? Is it possible to drop the struggle to make yourself and your life different? Acclaimed teacher and bestselling author Roger Housden says yes in this profound alternative to nonstop striving and self-criticism. Whether about our relationships, careers, or spirituality, many of us judge ourselves as not measuring up. But fulfillment comes when we stop struggling and learn to trust the wisdom of what life presents us with. Housden wrote *Dropping the Struggle* as someone who, up until a few years ago, spent much of his time in a covert struggle with life. Despite his success, he often felt that something was missing. He struggled for years with an ongoing spiritual longing, with questions of meaning and purpose, with the search for love, with all the usual difficulties of being human, until he finally realized — though not with his thinking mind — that the only thing life was asking of him was to rest in a deeper knowing that was always there, usually silently, behind the arguments and strategies that would so commonly occupy his conscious self. "Struggle will never get us the things we want most," Housden writes, "love; meaning; presence; freedom from anxiety over the past and future; contentment with ourselves exactly as we are, imperfections and all; the acceptance of our mortality — because these things lie outside the ego's domain. For these, we need another way. That way begins and ends in surrender, in letting go of our resistance to life as it presents itself."

Humble leadership is collaborative.

Humble leaders, build strong **relationships**, and ...

Smart organizations are no longer hierarchal.

The Leaders' "Relationship Continuum"

Organizationally, the relationship continuum includes

It doesn't recognize people's common humanity.

" leadership - This transactional, arms-length, machine-like, impersonal style relies on the designated roles and rules of the basic managerial culture

Examples include traditional bosses and their team members.

" leadership - In contrast, leaders at this level recognize employees as individuals.

They practice personalized, trusting **humble leadership**, ...

Level 2 doesn't rely on hierarchical roles.

It replaces subordination with collaboration.

Examples include close colleagues on corporate teams.

" leadership - People experience this elevated "bonded" leadership in their closest relationships.

"Individual Competencies" Within Group Dynamics

Humble leadership,, which relies on group dynamics, ...

Group interaction frequently calls on the skills that define humble leaders, such as understanding when to step into a situation by defining the context, checking for a consensus, laying out plans or making decisions.

Every three years, the advisers switch responsibilities.

Transforming Level 1 relationships into Level 2 relationships takes work.

Create a "relationship map" with yourself in the center.

The line to your CEO might be a thread.

This map, which provides a clear overview of your level of personal connection with the people in your workforce, can guide you in connecting to and interacting with them.

Develop your "behavioral skills" - Conversations build relationships.

The process of building the skills required for closer professional relationships doesn't follow a set formula.

The challenge is establishing how much personization works for both parties.

A New Model for Leadership

Yet quality and safety issues confound manufacturers due to management deficiencies emerging from outmoded leadership structures.

Humble leadership can fix these problems.

To illustrate the Level 1 leader's lack of soft skills, consider the typical hierarchy-based meeting - often the bane of business life.

Use "informal check-ins" so attendees learn about each other and the purpose of the gathering without pressures or expectations.

"Mass customization" - Humble leadership is adaptive.

Employees worldwide need to know that their leader is available to them when needed and is always ready to address their concerns.
