Fast Facts on the Masonic Lodge

Are Masonry and Christianity truly compatible? Using their concise question-and-answer style noted researchers John Ankerberg and John Weldon look at the basics of the issue examining Masons' claims and terminology and asking such critical questions as: Is Freemasonry a religion? What do Masons teach about Jesus Christ? What do Masonic symbols represent? Is the God of the Bible also the God of the Masonic Lodge? Easy to follow and practical this thought-provoking resource will help readers understand this widespread organization—and the beliefs of people belonging to it—in light of the clear teaching of the Bible.

The Facts on the Masonic Lodge

Well-known authors and researchers John Ankerberg, John Weldon, and Dillon Burroughs have updated and revised "The Facts on the Masonic Lodge," a best-selling title from the popular Facts On Series (more than 1.9 million copies of books from this series sold). "The Facts on the Masonic Lodge" is filled with well-documented facts and comprehensive comparisons to biblical truths. Readers learn what Masonry (also known as Freemasonry or "the Lodge") is by discovering when it began, who has been involved, what its teachings are, and how it influences their lives and the Christian church today. "The Facts on the Masonic Lodge" provides concise, straightforward answers to questions that include: Is Masonry a religion? What do the Masons teach about Jesus, salvation, and life after death? What do Masonic symbols represent? Are Masonry and Christianity compatible? Why is understanding Masonry important today?

The Encyclopaedia Britannica

Excerpt from History of the Lodge of Edinburgh (Mary's Chapel) Although Scotland possesses the oldest authentic Masonic Records that are known to exist, great misconception prevails as to the condition of the Fraternity prior to the institution of the first Grand Lodge of Free and Accepted Masons. This may be ascribed to the fact that the minutes of the more ancient of the Scotch Lodges have

been almost totally neglected, and to a tendency on the part of early Masonic authors to represent the traditions of the Craft as historical facts, or so to embellish facts as to distort if not altogether to obliterate them. Historical sketches of several Scotch Lodges have appeared of late years in the pages of Masonic periodicals, but with the exception of my own 'Notes on Mother Kilwinning,' none of them are based on documents dating farther back than the beginning of last century. Writers who have preceded me in the examination of the minutes of the Lodge of Edinburgh (Mary's Chapel) state that they extend as far back as 1598, but contain no particular information respecting the customs and condition of the Fraternity. This is not in accordance with fact, for no other Lodge records are of equal importance in such respects. It is chiefly upon these, the oldest Lodge records in existence, that the History of Freemasonry now submitted to the Brethren is based. History of the Lodge of Edinburgh (Mary's Chapel)

There have been books written in the past purporting to expose the secrets of Freemasonry. By and large, these have been written by non-Masons, and have generally been somewhat negative and antagonistic toward Freemasons and Freemasonry, missing critical nuances and making unjustified assumptions. There have also been books written by Freemasons aimed primarily at new Freemasons, as an introduction to Freemasonry, and as such have tended to go over the heads of non-Masons. This book is written by a Freemason specifically for the non-Mason. It does not set out in any way to proselytize, nor does it attempt to justify the case for Freemasonry or to try and make Freemasonry more acceptable or sanitized. The format is encyclopedic, laid out in alphabetical order, so the reader can dip in and out on an eclectic basis. It is predominantly aimed at the non-Mason, but will be of considerable interest to all Freemasons.

Secret Handshakes and Rolled-Up Trouser Legs

Is there anything wrong with a Christian being a member of the Lodge? Are you a Christian pastor who has studied Masonry found nothing wrong with it and so you have not warned your members and possibly even joined the Lodge yourself? Does your church allow Masons to serve on your boards to teach the Bible in Sunday School and serve in other positions of influence and leadership? In this book we will document from the Masonic Ritual the authoritative book given to a person who enters and becomes a member of the Lodge how Masonry conflicts and denies foundational Christian truths. Masons are promised that nothing in Masonry's teachings will ever conflict with their own Christian belief. Has Masonry lied to or deceived Christians? In this book you will find answers to all these questions from the Masonic ritual and the Bible itself.

Christianity and the Secret Teachings of the Masonic Lodge

It is entertaining to be antiaEUR"Masonic and perpetuate conspiracy theories and stories based on satanic worship rather than join Freemasonry or any other private organization primarily structured with improving the individual in society. The Masonic term "making good men better" is the desire of the craft concerning all people living in a multicultural society to better themselves. This is masonry in a nutshell. To achieve this betterment takes a great deal of work and selfaEUR"introspection, which the critics of the craft refuse to endure and fail to examine the important historical esoteric symbols associated with the craft. This book is dedicated toward neutralizing such superficial negative ideology pursued by critics who have a personal interest in negating the significant works of the greatest fraternal organization in the world. Contained herein are chapters on women in Freemasonry, the Catholic Church, and Freemasonry (which contains an addendum relating to over one hundred cardinals and bishops who, under pseudonyms, were Freemasons), a chapter on the 133rd Psalm (providing a lineEUR"byaEUR"line interpretation of a work which provides the important ideological, humanistic basis for both society and Freemasonry) with an important chapter analyzing the final endEUR"period of a man's life as it related to Ecclesiastes Chapter 12. Men join Freemasonry because in their hearts, they seek to improve themselves. In a reality, any can start living as principled individuals, exercising the same values without being a Freemason. All that is required is desire and work effort, with a foundation

from the Holy Bible to betterment of himself. However, the Masonic Craft assists an individual in this journey by providing defined structure, support, and a roadmap that helps focus the advancement and, as such, increases the probability of a successful outcome. Freemasonry centers on learning how to charge one's self with thought and physical conduct. However, in order to improve, one must read, study, and understand the true nature of reality in life, buttressed by the role of oneself and those with which one socializes. This philosophy underlines why the most important virtues of Freemasonry are symbolic and teach us to be better humans. Freemasonry gains its structure and foundation through an inherent love of an adherence to the Holy Bible and would not exist without that devotion. The foundation of Masonry is predicated on the fact that the craft and the Bible are intricately interconnected, just as other holy books around the world are central to their Freemason organizations. Much of Masonry's symbolism is taken from biblical sources, especially Genesis and the stories surrounding the building of King Solomon's temples. Great emphasis is placed on the development of moral and ethical virtues and the building of character, with truth being the guiding principle of our lives. Thus, brotherhood and charity are natural outcomes and further define one of Masonry's major tenets. Masonry uses proven methods to enhance the lives and spirits of members in a tangible way. In every Masonic lodge, upon its altar, there is a Holy Bible supporting the square and compasses. This old familiar book, so beloved by so many generations, is our Volume of the Sacred Law and represents the Great Light in Freemasonry. The Bible is open when the lodge opens; the Bible is closed when the lodge closes. No lodge can transact its own business, much less initiate candidates into the mysteries of the craft, unless the Book of Holy Law lies open upon its altar. It is the true responsibility of each individual Mason to seek out and understand the true nature of reality through the teachings of Freemasonry discovered in the symbols of the craft. The individual must learn to recognize and interpret the footprints of the deity and the sublime methods that he uses to reveal his message. So mote it be. May the mystery begin

The Hidden Secret Power of Freemasonry

Explores the hidden history of Freemasonry from ancient Rome, through the Middle Ages, to the present • Shows the close connection between medieval masons and the Knights Templar • Illustrates the sacred nature of Roman and medieval trade associations • Reveals the missing link that connects the lodges of modern Freemasonry to the medieval brotherhoods of builders Historians often make a sharp distinction between the operative Masonry of the Middle Ages and the speculative Masonry of modern times, emphasizing that there is no direct bridge connecting the two. Modern historians also have scoffed at Masonic claims concerning the close relationship between the Lodge and the Temple. Using medieval archives housed throughout Europe, historian Paul Naudon reveals that there was in fact a very intimate connection between the Masons and the Knights Templar. Church records of medieval Paris show that most, if not all, the Masons of that time were residents of the Templar censive, which allowed them to enjoy great exemptions and liberties from both church and state as a result of the protection afforded them by this powerful order. Naudon shows that the origins of Freemasonry can be traced back to the collegia of ancient Rome. He traces the evolution of organizations such as the Comacine Masters, the Arab *turuqs*, and the brotherhoods of builders created under the aegis of the Benedictines and the Knights Templar, all of which provide the vehicle for the transmission of a sacred tradition from pre-Christian times to the modern era. This tradition is the source of Masonic ritual and symbolism, and it provides the missing link in the transformation of the operative Masonry of the medieval cathedral builders to the spiritual principles of modern speculative Masonry.

Masonic Facts and Fictions

This volume of the Zondervan Guide to Cults and Religious Movements discusses the mystery of the Masonic Lodge in a discerning, detailed way.

Key to Masonry, and Kindred Secret Combinations

Freemasonry is an ancient secret society shrouded in obscurity. Fascination with the mysteries of the Masons reached fever pitch after the release of Dan Brown's novels, *Angels and Demons*, *The DaVinci Code*, and *The Lost Symbol*. But these novels and their related movies raised more questions than they answered. *The Complete Idiot's Guide to Freemasonry, Second Edition*, fills readers in on the truths behind the mysteries. In it, readers get: - A fact-filled overview of the birth and beginnings of Freemasonry, including its relationship to the Knights Templar and Egypt - Fascinating facts about famous Masons - An explanation of the various Masonic organizations, such as the York and Scottish rites, and the Shriners - A behind-the-scenes look at what really goes on in a Masonic lodge, including

initiations - A new walking tour of Washington, D.C., pointing out the hidden Masonic symbols featured in The Lost Symbol - Scripts for Masonic rituals, giving a flavor of the language used in such ceremonies - A field guide to Masonic symbols and regalia, with photos and explanations of significance - The history behind Masonic philanthropic efforts and youth groups - A history of African American Freemasonry and the role of women in Masonic organizations

The Secret History of Freemasonry

Freemasonry is an ancient secret society shrouded in obscurity. Fascination with the mysteries of the Masons reached a fevered pitch after the release of Dan Brown's novels *Angels and Demons*, *The Da Vinci Code*, and *The Lost Symbol*. But these novels and their related movies raised more questions than they answered. The Complete Idiot's Guide® to Freemasonry, Second Edition, fills readers in on the truths behind the mysteries. In it, readers get: - A fact-filled overview of the birth and beginnings of Freemasonry, including its relationship to the Knights Templar and Egypt. - Fascinating facts about famous Masons. - An explanation of the various Masonic organizations, such as the York and Scottish rites, and the Shriners. - A behind-the-scenes look at what really goes on in a Masonic lodge, including initiations. - A new walking tour of Washington, DC, pointing out the hidden Masonic symbols featured in *The Lost Symbol*. - Scripts for Masonic rituals, giving a flavor of the language used in such ceremonies. - A field guide to Masonic symbols and regalia, with photos and explanations of significance. - The history behind Masonic philanthropic efforts and youth groups. - A history of African-American Freemasonry and the role of women in Masonic organizations.

The Masonic Review

Symbols play a big part in our lives, but we often miss their full meaning. A book for Freemasons, and explains the meaning of their symbols. Masons are members of a longstanding fraternal order that functions as a mystical brotherhood. A number of rituals are performed as one progresses up the ranks, usually in the form of an initiation. Often times Masons may not fully understand the true purpose of the initiation. This book covers the symbols found within the first three degrees of Freemasonry, making it an excellent guidebook for the beginning Mason, and offers a more complete understanding for those who oversee their rituals.

Masonic Lodge

"THE papers here collected are written solely for members of the Masonic Order, constituted under the United Grand Lodge of England. (...) They have been written with a view to promoting the deeper understanding of the meaning of Masonry"

The Complete Idiot's Guide to Freemasonry, 2nd Edition

This pocket-sized book is aimed at lodge mentors and both new and established members. New members are full of questions about Freemasonry, and are sometimes afraid to ask established members, thus turning to the Internet to be confronted by an array of websites; some filled with misinformation. This book gives the opportunity to answer those questions, and would be perfect for mentors in lodges on both sides of the Atlantic. The pocket book includes an easy-to-understand guide to Freemasonry—an all-questions-answered approach, providing a brief history of Freemasonry, and a quick guide to Masonic ritual, all in a question-and-answers section with a full index, covering the roles of the officers, the festive board, toasting, and an examination of all the current English Masonic rituals: Emulation, Bottomley, Nigerian, the Bristol, York and Hull working. Effectively, the handbook is an easy-to-understand beginners guide—a why, how, and when of Craft Freemasonry.

Book of Constitutions and Code of Procedure of the Grand Lodge of Free and Accepted Masons of the State of New York

Wilson Adams discusses erroneous teachings in Mormonism, Jehovah Witnesses, The Masonic Lodge, Seventh Day Adventists, Eastern Religions, New Age, Islam, and the Mega Church Movement

The Complete Idiot's Guide to Freemasonry, 2nd Edition

Masonic author Carl Claudy presents 24 tales, in the form of advice being given to a younger mason, by the Old Past Master. These are all on masonic topics such as: brotherly love, charity, landmarks,

symbols and much more. Any one of them is a great jumping off point for a lodge presentation or discussion.

The Lost Key

This book is a new edition of David Stevenson's classic account of the origins of Freemasonry, a brotherhood of men bound together by secret initiatives, rituals and modes of identification with ideals of fraternity, equality, toleration and reason. Beginning in Britain, Freemasonry swept across Europe in the mid-eighteenth century in astonishing fashion--yet its origins are still hotly debated today. The prevailing assumption has been that it emerged in England around 1700, but David Stevenson demonstrates that the real origins of modern Freemasonry lie in Scotland around 1600, when the system of lodges was created by stonemasons with rituals and secrets blending medieval mythology with Renaissance and seventeenth-century history. This fascinating work of historical detection will be essential reading for anyone interested in Renaissance and seventeenth-century history, for freemasons themselves, and for those readers captivated by the secret societies at the heart of the bestselling *The Da Vinci Code*. David Stevenson is Emeritus Professor of Scottish History at the University of St. Andrews. His many previous publications include *The Scottish Revolution, 1637-1644*; *Revolution and Counter-Revolution in Scotland, 1644-1651*; and *The First Freemasons; Scotland, Early Lodges and their Members*. His most recent book is the *The Hunt for Rob Roy* (2004). Previous edition Hb (1988) 0-521-35326-2 Previous edition Pb (1990) 0-521-39654-9

The Meaning of Masonry

What is it about Freemasonry that would cause churches to forbid or openly discourage seventy million Americans from membership? Why have eight popes condemned the Lodge? Why has the relationship between the Catholic Church and the Masonic order been strained for centuries? Christianity and American Freemasonry answers these and many other questions and describes why Christianity and Freemasonry are incompatible. Today over two million American men belong to the Masonic order, the largest and oldest secret fraternal society. In earlier history the Freemasons boasted a prestigious membership, including fourteen American presidents and such founding fathers as Ben Franklin, Paul Revere, and Alexander Hamilton. This is the most complete reference book available on the subject. Chapters discuss the rituals and oaths, the Scottish and York rites, allied organizations such as the Shriners, and the historic antagonism of Christianity toward Masonry. It is thoroughly documented with facts from: • the three most noted experts on Masonry in America • Masonic ritual books, encyclopedias, and histories • three former Masons, now active Catholics, who contributed firsthand knowledge of Masonic ritual and structure. William Whalen is a nationally known expert on comparative religion, and an author of 15 books and numerous magazine articles.

A Quick Guide to Freemasonry

World-renown cult experts Ron Carlson and Ed Decker combine their extensive knowledge to give readers quick, clear facts on the major cults and false teachings of today. Short, informative chapters contrast the cults' theologies with the truth found in God's Word. Readers will discover the key facts on—Atheism Buddhism Evolution Hinduism Islam Satanism And more Fast Facts® on False Teachings is an easy-to-use resource that provides powerful insights for sharing the biblical gospel with people ensnared by false religions and philosophies.

Fast Facts

This most interesting and illuminative work is worthy a place on every Mason's bookshelf. "It seems taken for granted," says the author, "that reception into the Order will automatically be accompanied by an ability to appreciate forthwith and at its full value all that one there finds. The contrary is the case, for Masonry is a veiled and cryptic expression of the difficult science of spiritual life, and the understanding of it calls for special and informed guidance on the one hand, and on the other a genuine and earnest desire for knowledge and no small capacity for spiritual perception on the part of those seeking to be instructed." In Freemasonry, as in all phases of life, many are called but few are chosen. Masonry is not a mere formalism but a life to be lived. If you do not live the life you cannot know the doctrine. Masonry is an effort to perpetuate the essential doctrines of the Ancient Mysteries, but, alas, it does so in a very perfunctory manner. So veiled are its allegories and symbols that it is almost impossible to penetrate into the Holy of Holies.

The freemason's treasury, 52 short lectures on the theory and practice of symbolic masonry

Excerpt from The Origin and History of an Old Masonic Lodge, "the Caveac," No. 176, of Ancient Free and Accepted Masons of England In this case the accident was a curious one. As First Principal of the Caveae Chapter I had the privilege of exalting our Brother Colonel Green Thompson of the Caveae Lodge. I had ascertained when making some researches into the History of Royal Arch Masonry that the fourth actual Warrant granted to a Chapter was conferred on the Chapter of the Royal Inniskilling Dragoons at York, and dated 3rd October, 1770. In proposing the health of our Companion at the Banquet I mentioned this fact as interesting to one who had lately commanded this Regiment. Companion Green Thompson asked me afterwards to obtain if possible some further facts relating to the Masonic traditions of the Regiment, as he was shortly dining with their colonel-in-chief, His Royal Highness the Duke of Connaught, and would like to be in a position to refer to the matter. I promised to do so and of course visited the Grand Lodge Library. There, with the kind aid of Brother Sadler, some facts of interest were gathered together. Looking through one of the Indexes for the word Caveac I came. Across the word Caveae. I thought that it referred to our present Lodge, but on looking further I found that I had got the wrong index, and this one related to ancient meeting places of Masonic Lodges. Thereupon followed further researches, the results of which are embodied in this little Book. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. The Old Past Master: Foundations of Freemasonry Series

Authors John Ankerberg and Dillon Burroughs continue their exciting What's the Big Deal? series with concise, informative answers to the many questions people are asking about the major religious groups in the world. The groups in this book are so widespread that readers are likely to encounter their followers in their own neighborhoods, schools, and workplaces. Which makes it important to understand what they believe, and why. Included in this volume are Islam, Judaism, Buddhism, Hinduism, Mormonism, and the Jehovah's Witnesses. And for each group, readers will discover... the origins and history the key teachings and leaders the major writings the traditions and special observances how they differ from Christianity Ankerberg and Burroughs are masterful at focusing on the key essentials readers need to know. And they include many exclusive interviews with experts, as well as numerous fascinating insights--all of which makes for compelling reading.

An Omnibus of Facts about Freemasonry

According to Masonic records, the Grand Lodge of England was established June 24, 1717, in London. Soon afterward, Freemasonry, a fraternal society of obscure origins and antiquity, began to spread rapidly throughout and beyond the British Empire. This volume of intriguing essays by eminent and emerging Masonic scholars explores the history and culture of Freemasonry during that period of expansion. What did Masons of the early Grand Lodge era actually do in their lodges? How did these brethren think of themselves and their Craft? What were their motivations and ideals? What was their experience of Freemasonry? By posing such questions, our contributors have been able to study not just an institutional beginning, but the cultural realities of Masonic life in the first decades of the Grand Lodge's history. Featuring contributions by Ric Berman, David Harrison, Jedediah French, Nathan A. St. Pierre, Dana Scofield, Christopher B. Murphy, and Shawn Eyer, *Exploring Early Grand Lodge Freemasonry* critically re-examines key aspects of early Masonic life and thought, revealing the philosophical and social underpinnings of an organization that remains an intriguing cultural phenomenon. Editorial Reviews "The numerous contributors to *Exploring Early Grand Lodge Freemasonry* develop a cogent case for reassessing the origins and evolution of the Craft in Great Britain during the early and middle years of the eighteenth century. Based on a meticulous investigation of primary and secondary sources, this lucidly written and suggestive study incisively reveals new thinking in looking at the leadership, ritualism, and lodge life of early Speculative Freemasonry. This seminal study, which in many ways breaks new ground, will be frequently consulted and will be recognized as a classic in Masonic scholarship."-R. William Weisberger, Ph.D., author of *Speculative Freemasonry and the Enlightenment* and *Freemasonry on Both Sides of the Atlantic*. "A composed and considered

phenomenological exploration of Freemasonry's original cultural intent; this collection subtly asserts new and emerging ideas on the lived reality of Masonic life during the first quarter of the eighteenth century. Too often in the name of objectivity have masonic authors allowed restraint to entirely obscure that vital sense of sympathetic engagement that is actually so essential in understanding the people of the tradition itself. Striking a methodological balance of textual criticism, historicist contextualisation and sympathetic neutrality, this valuable collection finally underlines that whole new emergent understanding amongst scholars that suggests traditional academic treatments of masonic history that deny outright the intellectual validity of the Craft's own self-belief in its mythological claims to antiquity and intrinsic mystery-as are portrayed in the primary texts themselves (rituals, catechisms, etc.)-are in fact, academically 'neurotic' and endemic of the kind of intellectual insincerity so self-effacingly corrosive in mainstream masonic research."--Stewart Clelland, Master of Arts in Western Esotericism, Exeter University

The Origins of Freemasonry

First written in 1890, *The Etiquette of Freemasonry* is a timeless window into the mysterious traditions and practices of one of history's most intriguing secret societies. This straightforward guide blends instruction with philosophical reasoning to capture the true spirit of the Freemason brethren. Readers will get the chance to walk in the footsteps of the Freemasons and finally peek behind the veil of mystery. Discover such hidden mysteries as: the meaning of the "Jewels of the Lodge," how ancient ceremonial rites are conducted, and the details of rituals of ascension required to become a First-, Second-, and Third-degree Mason. A vital resource for historians, students, Freemasons, and anyone who has ever been interested in modern cults, *The Etiquette of Freemasonry* answers the question, "What does it mean to be a Free and Accepted Mason?"

Christianity and American Freemasonry

This volume concentrates on two aspects of the participation of women in Freemasonry: Women's agency (i.e. the power women gained and exercised in this context) and rituals (i.e. the role of man and women in changing and shaping the rituals women work with).

Universal Masonic Library

This "stupendous ethnography of female Freemasonry in Italy" reveals the fascinating paradox of elitism and exclusion experienced by "female brothers" (Michael Herzfeld, author of *Evicted from Eternity*). From its cryptic images on the dollar bill to Dan Brown's *The Lost Symbol*, the Freemasons have long been one of the most romanticized secret societies in the world. But a simple fact escapes most depictions of this elite brotherhood: there are also female members. In this groundbreaking ethnography, Lilith Mahmud takes readers inside Masonic lodges of contemporary Italy, where she observes the ritualistic and fraternal bonds forged among Freemason women. Offering a tantalizing look behind lodge doors, *The Brotherhood of Freemason Sisters* unveils a complex culture of discretion in which Freemasons reveal some truths and hide others. Female initiates—one of Freemasonry's best-kept secrets—are often upper class and highly educated, yet avowedly antifeminist. Their self-cultivation through the Masonic path is an effort to embrace the deeply gendered ideals of fraternity. In this lively investigation, Mahmud unravels the contradictions at the heart of Freemasonry: an organization responsible for many of the egalitarian concepts of the Enlightenment and yet one that has always been, and in Italy still remains, extremely exclusive. The result is not only a thrilling look at a surprisingly influential world, but a reevaluation of the modern values we now take for granted

An address delivered before the Masonic Grand Lodge of Massachusetts, at the installation of officers, Dec. 28, 1829

Symbologist Robert Langdon returns in this new thriller follow-up to *The Da Vinci Code*.

Fast Facts on the Masonic Lodge

Are Masonry and Christianity truly compatible? Using their concise question–and–answer style noted researchers John Ankerberg and John Weldon look at the basics of the issue examining Masons' claims and terminology and asking such critical questions as: Is Freemasonry a religion? What do Masons teach about Jesus Christ? What do Masonic symbols represent? Is the God of the Bible also the God of the Masonic Lodge? Easy to follow and practical this thought–provoking resource will help readers understand this widespread organization—and the beliefs of people belonging to it—in light of the clear teaching of the Bible.

The Facts on the Masonic Lodge

Well-known authors and researchers John Ankerberg, John Weldon, and Dillon Burroughs have updated and revised "The Facts on the Masonic Lodge," a best-selling title from the popular Facts On Series (more than 1.9 million copies of books from this series sold). "The Facts on the Masonic Lodge" is filled with well-documented facts and comprehensive comparisons to biblical truths. Readers learn what Masonry (also known as Freemasonry or "the Lodge") is by discovering when it began, who has been involved, what its teachings are, and how it influences their lives and the Christian church today. "The Facts on the Masonic Lodge" provides concise, straightforward answers to questions that include: Is Masonry a religion? What do the Masons teach about Jesus, salvation, and life after death? What do Masonic symbols represent? Are Masonry and Christianity compatible? Why is understanding Masonry important today?

The Encyclopaedia Britannica

Excerpt from History of the Lodge of Edinburgh (Mary's Chapel) Although Scotland possesses the oldest authentic Masonic Records that are known to exist, great misconception prevails as to the condition of the Fraternity prior to the institution of the first Grand Lodge of Free and Accepted Masons. This may be ascribed to the fact that the minutes of the more ancient of the Scotch Lodges have been almost totally neglected, and to a tendency on the part of early Masonic authors to represent the traditions of the Craft as historical facts, or so to embellish facts as to distort if not altogether to obliterate them. Historical sketches of several Scotch Lodges have appeared of late years in the pages of Masonic periodicals, but with the exception of my own 'Notes on Mother Kilwinning,' none of them are based on documents dating farther back than the beginning of last century. Writers who have preceded me in the examination of the minutes of the Lodge of Edinburgh (Mary's Chapel) state that they extend as far back as 1598, but contain no particular information respecting the customs and condition of the Fraternity. This is not in accordance with fact, for no other Lodge records are of equal importance in such respects. It is chiefly upon these, the oldest Lodge records in existence, that the History of Freemasonry now submitted to the Brethren is based. History of the Lodge of Edinburgh (Mary's Chapel)

There have been books written in the past purporting to expose the secrets of Freemasonry. By and large, these have been written by non-Masons, and have generally been somewhat negative and antagonistic toward Freemasons and Freemasonry, missing critical nuances and making unjustified assumptions. There have also been books written by Freemasons aimed primarily at new Freemasons, as an introduction to Freemasonry, and as such have tended to go over the heads of non-Masons. This book is written by a Freemason specifically for the non-Mason. It does not set out in any way to proselytize, nor does it attempt to justify the case for Freemasonry or to try and make Freemasonry more acceptable or sanitized. The format is encyclopedic, laid out in alphabetical order, so the reader can dip in and out on an eclectic basis. It is predominantly aimed at the non-Mason, but will be of considerable interest to all Freemasons.

Secret Handshakes and Rolled-Up Trouser Legs

Is there anything wrong with a Christian being a member of the Lodge? Are you a Christian pastor who has studied Masonry found nothing wrong with it and so you have not warned your members and possibly even joined the Lodge yourself? Does your church allow Masons to serve on your boards to teach the Bible in Sunday School and serve in other positions of influence and leadership? In this book we will document from the Masonic Ritual the authoritative book given to a person who enters and becomes a member of the Lodge how Masonry conflicts and denies foundational Christian truths. Masons are promised that nothing in Masonry's teachings will ever conflict with their own Christian belief. Has Masonry lied to or deceived Christians? In this book you will find answers to all these questions from the Masonic ritual and the Bible itself.

Christianity and the Secret Teachings of the Masonic Lodge

It is entertaining to be antiaEUR"Masonic and perpetuate conspiracy theories and stories based on satanic worship rather than join Freemasonry or any other private organization primarily structured with improving the individual in society. The Masonic term "making good men better" is the desire of the craft concerning all people living in a multicultural society to better themselves. This is masonry in a nutshell. To achieve this betterment takes a great deal of work and selfaEUR"introspection, which the critics of the craft refuse to endure and fail to examine the important historical esoteric symbols associated with the craft. This book is dedicated toward neutralizing such superficial negative ideology pursued by critics who have a personal interest in negating the significant works of the greatest fraternal organization in the world. Contained herein are chapters on women in Freemasonry, the Catholic Church, and Freemasonry (which contains an addendum relating to over one hundred cardinals and bishops who, under pseudonyms, were Freemasons), a chapter on the 133rd Psalm (providing a lineaEUR"byaEUR"line interpretation of a work which provides the important ideological, humanistic

basis for both society and Freemasonry) with an important chapter analyzing the final end of a man's life as it related to Ecclesiastes Chapter 12. Men join Freemasonry because in their hearts, they seek to improve themselves. In a reality, any can start living as principled individuals, exercising the same values without being a Freemason. All that is required is desire and work effort, with a foundation from the Holy Bible to betterment of himself. However, the Masonic Craft assists an individual in this journey by providing defined structure, support, and a roadmap that helps focus the advancement and, as such, increases the probability of a successful outcome. Freemasonry centers on learning how to charge one's self with thought and physical conduct. However, in order to improve, one must read, study, and understand the true nature of reality in life, buttressed by the role of oneself and those with which one socializes. This philosophy underlines why the most important virtues of Freemasonry are symbolic and teach us to be better humans. Freemasonry gains its structure and foundation through an inherent love of an adherence to the Holy Bible and would not exist without that devotion. The foundation of Masonry is predicated on the fact that the craft and the Bible are intricately interconnected, just as other holy books around the world are central to their Freemason organizations. Much of Masonry's symbolism is taken from biblical sources, especially Genesis and the stories surrounding the building of King Solomon's temples. Great emphasis is placed on the development of moral and ethical virtues and the building of character, with truth being the guiding principle of our lives. Thus, brotherhood and charity are natural outcomes and further define one of Masonry's major tenets. Masonry uses proven methods to enhance the lives and spirits of members in a tangible way. In every Masonic lodge, upon its altar, there is a Holy Bible supporting the square and compasses. This old familiar book, so beloved by so many generations, is our Volume of the Sacred Law and represents the Great Light in Freemasonry. The Bible is open when the lodge opens; the Bible is closed when the lodge closes. No lodge can transact its own business, much less initiate candidates into the mysteries of the craft, unless the Book of Holy Law lies open upon its altar. It is the true responsibility of each individual Mason to seek out and understand the true nature of reality through the teachings of Freemasonry discovered in the symbols of the craft. The individual must learn to recognize and interpret the footprints of the deity and the sublime methods that he uses to reveal his message. So mote it be. May the mystery begin

The Hidden Secret Power of Freemasonry

Explores the hidden history of Freemasonry from ancient Rome, through the Middle Ages, to the present • Shows the close connection between medieval masons and the Knights Templar • Illustrates the sacred nature of Roman and medieval trade associations • Reveals the missing link that connects the lodges of modern Freemasonry to the medieval brotherhoods of builders Historians often make a sharp distinction between the operative Masonry of the Middle Ages and the speculative Masonry of modern times, emphasizing that there is no direct bridge connecting the two. Modern historians also have scoffed at Masonic claims concerning the close relationship between the Lodge and the Temple. Using medieval archives housed throughout Europe, historian Paul Naudon reveals that there was in fact a very intimate connection between the Masons and the Knights Templar. Church records of medieval Paris show that most, if not all, the Masons of that time were residents of the Templar censive, which allowed them to enjoy great exemptions and liberties from both church and state as a result of the protection afforded them by this powerful order. Naudon shows that the origins of Freemasonry can be traced back to the collegia of ancient Rome. He traces the evolution of organizations such as the Comacine Masters, the Arab *turuqs*, and the brotherhoods of builders created under the aegis of the Benedictines and the Knights Templar, all of which provide the vehicle for the transmission of a sacred tradition from pre-Christian times to the modern era. This tradition is the source of Masonic ritual and symbolism, and it provides the missing link in the transformation of the operative Masonry of the medieval cathedral builders to the spiritual principles of modern speculative Masonry.

Masonic Facts and Fictions

This volume of the Zondervan Guide to Cults and Religious Movements discusses the mystery of the Masonic Lodge in a discerning, detailed way.

Key to Masonry, and Kindred Secret Combinations

Freemasonry is an ancient secret society shrouded in obscurity. Fascination with the mysteries of the Masons reached fever pitch after the release of Dan Brown's novels, *Angels and Demons*, *The DaVinci Code*, and *The Lost Symbol*. But these novels and their related movies raised more questions than they answered. *The Complete Idiot's Guide to Freemasonry, Second Edition*, fills readers in on the

truths behind the mysteries. In it, readers get: - A fact-filled overview of the birth and beginnings of Freemasonry, including its relationship to the Knights Templar and Egypt - Fascinating facts about famous Masons - An explanation of the various Masonic organizations, such as the York and Scottish rites, and the Shriners - A behind-the-scenes look at what really goes on in a Masonic lodge, including initiations - A new walking tour of Washington, D.C., pointing out the hidden Masonic symbols featured in *The Lost Symbol* - Scripts for Masonic rituals, giving a flavor of the language used in such ceremonies - A field guide to Masonic symbols and regalia, with photos and explanations of significance - The history behind Masonic philanthropic efforts and youth groups - A history of African American Freemasonry and the role of women in Masonic organizations

The Secret History of Freemasonry

Freemasonry is an ancient secret society shrouded in obscurity. The Masonic Review

Symbols play a big part in our lives, but we often miss their full meaning. A book for Freemasons, and explains the meaning of their symbols. Masons are members of a longstanding fraternal order that functions as a mystical brotherhood. A number of rituals are performed as one progresses up the ranks, usually in the form of an initiation. Often times Masons may not fully understand the true purpose of the initiation. This book covers the symbols found within the first three degrees of Freemasonry, making it an excellent guidebook for the beginning Mason, and offers a more complete understanding for those who oversee their rituals.

Masonic Lodge

"THE papers here collected are written solely for members of the Masonic Order, constituted under the United Grand Lodge of England. (...) They have been written with a view to promoting the deeper understanding of the meaning of Masonry"

The Complete Idiot's Guide to Freemasonry, 2nd Edition

This pocket-sized book is aimed at lodge mentors and both new and established members. New members are full of questions about Freemasonry, and are sometimes afraid to ask established members, thus turning to the Internet to be confronted by an array of websites; some filled with misinformation. This book gives the opportunity to answer those questions, and would be perfect for mentors in lodges on both sides of the Atlantic. The pocket book includes an easy-to-understand guide to Freemasonry—an all-questions-answered approach, providing a brief history of Freemasonry, and a quick guide to Masonic ritual, all in a question-and-answers section with a full index, covering the roles of the officers, the festive board, toasting, and an examination of all the current English Masonic rituals: Emulation, Bottomley, Nigerian, the Bristol, York and Hull working. Effectively, the handbook is an easy-to-understand beginners guide—a why, how, and when of Craft Freemasonry.

Book of Constitutions and Code of Procedure of the Grand Lodge of Free and Accepted Masons of the State of New York

Wilson Adams discusses erroneous teachings in Mormonism, Jehovah Witnesses, The Masonic Lodge, Seventh Day Adventists, Eastern Religions, New Age, Islam, and the Mega Church Movement

The Complete Idiot's Guide to Freemasonry, 2nd Edition

Masonic author Carl Claudy presents 24 tales, in the form of advice being given to a younger mason, by the Old Past Master. These are all on masonic topics such as: brotherly love, charity, landmarks, symbols and much more. Any one of them is a great jumping off point for a lodge presentation or discussion.

The Lost Key

This book is a new edition of David Stevenson's classic account of the origins of Freemasonry, a brotherhood of men bound together by secret initiatives, rituals and modes of identification with ideals of fraternity, equality, toleration and reason. Beginning in Britain, Freemasonry swept across Europe in the mid-eighteenth century in astonishing fashion--yet its origins are still hotly debated today. The prevailing assumption has been that it emerged in England around 1700, but David Stevenson demonstrates that the real origins of modern Freemasonry lie in Scotland around 1600, when the system of lodges was created by stonemasons with rituals and secrets blending medieval mythology with Renaissance and seventeenth-century history. This fascinating work of historical detection will be essential reading for anyone interested in Renaissance and seventeenth-century history, for freemasons themselves, and for those readers captivated by the secret societies at the heart of the bestselling *The Da Vinci Code*. David Stevenson is Emeritus Professor of Scottish History at the University of St. Andrews. His many previous publications include *The Scottish Revolution, 1637-1644*; *Revolution and Counter-Revolution in Scotland, 1644-1651*; and *The First Freemasons; Scotland, Early Lodges and their Members*. His most recent book is the *The Hunt for Rob Roy* (2004). Previous edition Hb (1988) 0-521-35326-2 Previous edition Pb (1990) 0-521-39654-9

The Meaning of Masonry

What is it about Freemasonry that would cause churches to forbid or openly discourage seventy million Americans from membership? Why have eight popes condemned the Lodge? Why has the relationship between the Catholic Church and the Masonic order been strained for centuries? Christianity and American Freemasonry answers these and many other questions and describes why Christianity and Freemasonry are incompatible. Today over two million American men belong to the Masonic order, the largest and oldest secret fraternal society. In earlier history the Freemasons boasted a prestigious membership, including fourteen American presidents and such founding fathers as Ben Franklin, Paul Revere, and Alexander Hamilton. This is the most complete reference book available on the subject. Chapters discuss the rituals and oaths, the Scottish and York rites, allied organizations such as the Shriners, and the historic antagonism of Christianity toward Masonry. It is thoroughly documented with facts from: • the three most noted experts on Masonry in America • Masonic ritual books, encyclopedias, and histories • three former Masons, now active Catholics, who contributed firsthand knowledge of Masonic ritual and structure. William Whalen is a nationally known expert on comparative religion, and an author of 15 books and numerous magazine articles.

A Quick Guide to Freemasonry

World-renown cult experts Ron Carlson and Ed Decker combine their extensive knowledge to give readers quick, clear facts on the major cults and false teachings of today. Short, informative chapters contrast the cults' theologies with the truth found in God's Word. Readers will discover the key facts on—Atheism Buddhism Evolution Hinduism Islam Satanism And more Fast Facts® on False Teachings is an easy-to-use resource that provides powerful insights for sharing the biblical gospel with people ensnared by false religions and philosophies.

Fast Facts

This most interesting and illuminative work is worthy a place on every Mason's bookshelf. "It seems taken for granted," says the author, "that reception into the Order will automatically be accompanied by an ability to appreciate forthwith and at its full value all that one there finds. The contrary is the case, for Masonry is a veiled and cryptic expression of the difficult science of spiritual life, and the understanding of it calls for special and informed guidance on the one hand, and on the other a genuine and earnest desire for knowledge and no small capacity for spiritual perception on the part of those seeking to be instructed." In Freemasonry, as in all phases of life, many are called but few are chosen. Masonry is not a mere formalism but a life to be lived. If you do not live the life you cannot know the doctrine. Masonry

is an effort to perpetuate the essential doctrines of the Ancient Mysteries, but, alas, it does so in a very perfunctory manner. So veiled are its allegories and symbols that it is almost impossible to penetrate into the Holy of Holies.

The freemason's treasury, 52 short lectures on the theory and practice of symbolic masonry

Excerpt from The Origin and History of an Old Masonic Lodge, "the Caveac," No. 176, of Ancient Free and Accepted Masons of England In this case the accident was a curious one. As First Principal of the Caveae Chapter I had the privilege of exalting our Brother Colonel Green Thompson of the Caveae Lodge. I had ascertained when making some researches into the History of Royal Arch Masonry that the fourth actual Warrant granted to a Chapter was conferred on the Chapter of the Royal Inniskilling Dragoons at York, and dated 3rd October, 1770. In proposing the health of our Companion at the Banquet I mentioned this fact as interesting to one who had lately commanded this Regiment. Companion Green Thompson asked me afterwards to obtain if possible some further facts relating to the Masonic traditions of the Regiment, as he was shortly dining with their colonel-in-chief, His Royal Highness the Duke of Connaught, and would like to be in a position to refer to the matter. I promised to do so and of course visited the Grand Lodge Library. There, with the kind aid of Brother Sadler, some facts of interest were gathered together. Looking through one of the Indexes for the word Caveac I came. Across the word Caveae. I thought that it referred to our present Lodge, but on looking further I found that I had got the wrong index, and this one related to ancient meeting places of Masonic Lodges. Thereupon followed further researches, the results of which are embodied in this little Book. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. The Old Past Master: Foundations of Freemasonry Series

Authors John Ankerberg and Dillon Burroughs continue their exciting What's the Big Deal? series with concise, informative answers to the many questions people are asking about the major religious groups in the world. The groups in this book are so widespread that readers are likely to encounter their followers in their own neighborhoods, schools, and workplaces. Which makes it important to understand what they believe, and why. Included in this volume are Islam, Judaism, Buddhism, Hinduism, Mormonism, and the Jehovah's Witnesses. And for each group, readers will discover... the origins and history the key teachings and leaders the major writings the traditions and special observances how they differ from Christianity Ankerberg and Burroughs are masterful at focusing on the key essentials readers need to know. And they include many exclusive interviews with experts, as well as numerous fascinating insights--all of which makes for compelling reading.

An Omnibus of Facts about Freemasonry

According to Masonic records, the Grand Lodge of England was established June 24, 1717, in London. Soon afterward, Freemasonry, a fraternal society of obscure origins and antiquity, began to spread rapidly throughout and beyond the British Empire. This volume of intriguing essays by eminent and emerging Masonic scholars explores the history and culture of Freemasonry during that period of expansion. What did Masons of the early Grand Lodge era actually do in their lodges? How did these brethren think of themselves and their Craft? What were their motivations and ideals? What was their experience of Freemasonry? By posing such questions, our contributors have been able to study not just an institutional beginning, but the cultural realities of Masonic life in the first decades of the Grand Lodge's history. Featuring contributions by Ric Berman, David Harrison, Jedediah French, Nathan A. St. Pierre, Dana Scofield, Christopher B. Murphy, and Shawn Eyer, Exploring Early Grand Lodge Freemasonry critically re-examines key aspects of early Masonic life and thought, revealing the philosophical and social underpinnings of an organization that remains an intriguing cultural phenomenon. Editorial Reviews "The numerous contributors to Exploring Early Grand Lodge Freemasonry develop a cogent case for reassessing the origins and evolution of the Craft in Great Britain during the early and middle years of the eighteenth century. Based on a meticulous investigation of primary and secondary sources, this lucidly written and suggestive study incisively reveals new thinking in

looking at the leadership, ritualism, and lodge life of early Speculative Freemasonry. This seminal study, which in many ways breaks new ground, will be frequently consulted and will be recognized as a classic in Masonic scholarship."--R. William Weisberger, Ph.D., author of *Speculative Freemasonry and the Enlightenment* and *Freemasonry on Both Sides of the Atlantic*. "A composed and considered phenomenological exploration of Freemasonry's original cultural intent; this collection subtly asserts new and emerging ideas on the lived reality of Masonic life during the first quarter of the eighteenth century. Too often in the name of objectivity have masonic authors allowed restraint to entirely obscure that vital sense of sympathetic engagement that is actually so essential in understanding the people of the tradition itself. Striking a methodological balance of textual criticism, historicist contextualisation and sympathetic neutrality, this valuable collection finally underlines that whole new emergent understanding amongst scholars that suggests traditional academic treatments of masonic history that deny outright the intellectual validity of the Craft's own self-belief in its mythological claims to antiquity and intrinsic mystery-as are portrayed in the primary texts themselves (rituals, catechisms, etc.)-are in fact, academically 'neurotic' and endemic of the kind of intellectual insincerity so self-effacingly corrosive in mainstream masonic research."--Stewart Clelland, Master of Arts in Western Esotericism, Exeter University

The Origins of Freemasonry

First written in 1890, *The Etiquette of Freemasonry* is a timeless window into the mysterious traditions and practices of one of history's most intriguing secret societies. This straightforward guide blends instruction with philosophical reasoning to capture the true spirit of the Freemason brethren. Readers will get the chance to walk in the footsteps of the Freemasons and finally peek behind the veil of mystery. Discover such hidden mysteries as: the meaning of the "Jewels of the Lodge," how ancient ceremonial rites are conducted, and the details of rituals of ascension required to become a First-, Second-, and Third-degree Mason. A vital resource for historians, students, Freemasons, and anyone who has ever been interested in modern cults, *The Etiquette of Freemasonry* answers the question, "What does it mean to be a Free and Accepted Mason?"

Christianity and American Freemasonry

This volume concentrates on two aspects of the participation of women in Freemasonry: Women's agency (i.e. the power women gained and exercised in this context) and rituals (i.e. the role of man and women in changing and shaping the rituals women work with).

Universal Masonic Library

This "stupendous ethnography of female Freemasonry in Italy" reveals the fascinating paradox of elitism and exclusion experienced by "female brothers" (Michael Herzfeld, author of *Evicted from Eternity*). From its cryptic images on the dollar bill to Dan Brown's *The Lost Symbol*, the Freemasons have long been one of the most romanticized secret societies in the world. But a simple fact escapes most depictions of this elite brotherhood: there are also female members. In this groundbreaking ethnography, Lilith Mahmud takes readers inside Masonic lodges of contemporary Italy, where she observes the ritualistic and fraternal bonds forged among Freemason women. Offering a tantalizing look behind lodge doors, *The Brotherhood of Freemason Sisters* unveils a complex culture of discretion in which Freemasons reveal some truths and hide others. Female initiates—one of Freemasonry's best-kept secrets—are often upper class and highly educated, yet avowedly antifeminist. Their self-cultivation through the Masonic path is an effort to embrace the deeply gendered ideals of fraternity. In this lively investigation, Mahmud unravels the contradictions at the heart of Freemasonry: an organization responsible for many of the egalitarian concepts of the Enlightenment and yet one that has always been, and in Italy still remains, extremely exclusive. The result is not only a thrilling look at a surprisingly influential world, but a reevaluation of the modern values we now take for granted

An address delivered before the Masonic Grand Lodge of Massachusetts, at the installation of officers, Dec. 28, 1829

Symbologist Robert Langdon returns in this new thriller follow-up to *The Da Vinci Code*.

The History of English Freemasonry

Audio history of English freemasonry presented on 5 compact discs together with a book.

The History of English Freemasonry

1884. Especially in relation to the Royal Arch Degree, with valuable appendices. The Grand Lodge of England is the original mother of all regular Masonic Lodges of Three Degrees the world over and thus interest especially centers on the history of the English Rite itself. Hughan has gathered together a very valuable mass of facts and has dealt throughout very exhaustively with the subject of the origin of the English Rite of Freemasonry. He labored in this effort to bring to light hidden secrets of the past.

Origin of the English Rite of Freemasonry

Freemasonry was a major cultural and social phenomenon and a key element of the Enlightenment. It was to have an international influence across the globe. This primary resource collection charts a key period in the development of organized Freemasonry culminating in the formation of a single United Grand Lodge of England. The secrecy that has surrounded Freemasonry has made it difficult to access information and documents about the organization and its adherents in the past. This collection is the result of extensive archival research and transcription and highlights the most significant themes associated with Freemasonry. The documents are drawn from masonic collections, private archives and libraries worldwide. The majority of these texts have never before been republished. Documents include rituals (some written in code), funeral services, sermons, songs, certificates, an engraved list of lodges, letters, pamphlets, theatrical prologues and epilogues, and articles from newspapers and periodicals. This collection will enable researchers to identify many key masons for the first time. It will be of interest to students of Freemasonry, the Enlightenment and researchers in eighteenth-century studies. Includes more than 550 texts - Many texts are published here by special arrangement with the Library and Museum of Freemasonry, London - Contains over 260 pages of newly transcribed manuscript material - Documents are organized thematically - Full editorial apparatus including general introduction, volume introductions, headnotes and explanatory endnotes - A consolidated index appears in the final volume

Freemasonry, an account of the early history of freemasonry in England

The bringing together of the Antients and Moderns to form the United Grand Lodge of England in 1813 was a tricky matter. How all this came about is not just an English tale but an Irish and Scots one as well. Complexities concerning 'union' included what to do about other masonic orders, especially the Royal Arch and the Knights Templar. For the first time ever this account provides a birds-eye view of the issues and personalities behind one of the big events of masonic history still affecting us today. "In this pioneering and stimulating book, John Belton tells with verve and enthusiasm the story behind the events which led up to the formation of the United Grand Lodge of England in 1813. Providing completely new perspectives on this key event in the history of British Freemasonry, John's book will be of interest not only to freemasons but to all those who are interested in the contribution of Freemasonry to British culture and society." - Prof Andrew Prescott, Kings College London

The Early History of Freemasonry in England

Written by an expert on "the craft," this classic traces Freemasonry's origins from biblical times to its practice among America's founding fathers. It also explores philosophical, symbolic, and ritual traditions.

The Craft

This book is a new edition of David Stevenson's classic account of the origins of Freemasonry, a brotherhood of men bound together by secret initiatives, rituals and modes of identification with ideals of fraternity, equality, toleration and reason. Beginning in Britain, Freemasonry swept across Europe in the mid-eighteenth century in astonishing fashion--yet its origins are still hotly debated today. The prevailing assumption has been that it emerged in England around 1700, but David Stevenson demonstrates that the real origins of modern Freemasonry lie in Scotland around 1600, when the system of lodges was

created by stonemasons with rituals and secrets blending medieval mythology with Renaissance and seventeenth-century history. This fascinating work of historical detection will be essential reading for anyone interested in Renaissance and seventeenth-century history, for freemasons themselves, and for those readers captivated by the secret societies at the heart of the bestselling *The Da Vinci Code*. David Stevenson is Emeritus Professor of Scottish History at the University of St. Andrews. His many previous publications include *The Scottish Revolution, 1637-1644*; *Revolution and Counter-Revolution in Scotland, 1644-1651*; and *The First Freemasons; Scotland, Early Lodges and their Members*. His most recent book is *The Hunt for Rob Roy* (2004). Previous edition Hb (1988) 0-521-35326-2 Previous edition Pb (1990) 0-521-39654-9

The Early History of Freemasonry in England. [Edited] by J. O. Halliwell. ... Second Edition

In this enthralling historical detective story, the authors of *The Holy Blood and the Holy Grail* trace the flight after 1309 of the Knights Templar from Europe to Scotland, where the Templar heritage was to take root, and would be perpetuated by a network of noble families. That heritage, and the Freemasonry that arose from it, became inseparable from the Stuart cause. *The Temple and the Lodge* charts the birth of Freemasonry through the survival of Templar traditions, through currents of European thought, through the mystery surrounding Rosslyn chapel, and through an elite cadre of aristocrats attached as personal bodyguards to the French king. Pursuing Freemasonry through the 17th and 18th Centuries, Michael Baigent and Richard Leigh reveal its contribution to the fostering of tolerance, progressive values, and cohesion in English society, which helped to pre-empt a French-style revolution. Even more dramatically, the influence of Freemasonry emerges as key factor in the formation of the United States of America as an embodiment of the ideal 'Masonic Republic'.

The Early History of Freemasonry in England

Excerpt from *A History of Freemasonry (Under the English Constitution) On the Coast of Coromandel: Together With Histories of the Old Madras Lodges Which Were Founded Before the Union; Together With Appendices and a Map* Bro. Sadler, the Grand Librarian, deserves a great deal of thanks, for the kind way in which he has helped me to obtain copies of the records relating to Madras Lodges, in the Archives of the Grand Lodge of England. Our Venerable District Grand Secretary, Bro. J. T. Greateorex, must not be forgotten. By placing at my disposal the old volumes of records of the Madras Provincial Grand Lodge, he afforded me information without which the book could not have been written. To the Wor. Masters of the Lodges Perfect Unanimity, and Universal Charity, I would also express my gratitude, for allowing me access the records of their Lodges. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The Origin of the English Rite of Freemasonry

This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

The History of Freemasonry

'Convincingly researched and thoroughly entertaining' - Wall Street Journal THE TIMES BEST BOOKS OF 2020 'This book shows that, despite rumours of demon dwarfs, piano-playing crocodiles and world domination, the real story of the Freemasons is one of male eccentricity.' 'The Craft is a superb book that often reads like an adventure novel. It's informative, fascinating and often very funny. The depth of research is awe-inspiring, but what really makes this book is the author's visceral understanding of what constitutes a good story.' - The Times Book of the Week '[John Dickie] takes on this sensational subject with a wry turn of phrase and the cool judgment of a fine historian... I enjoyed this book enormously. Dickie's gaze is both wide and penetrating. He makes a persuasive case for masonry's historic importance.' - Dominic Sandbrook, Sunday Times 'The Craft is a shadow

history of modernity. Though more sober than most lodge meetings, it is, like its subject, ingenious and frequently bizarre... The Craft is well-crafted and sensible, making good use of English archives which have only recently been opened.' - Spectator *** Insiders call it 'the Craft'. To the rest of us, Freemasonry is mysterious and suspect. Yet its story is peopled by some of the most distinguished men of the last three centuries: Winston Churchill and Walt Disney; Wolfgang Mozart and Shaquille O'Neal; Benjamin Franklin and Buzz Aldrin; Rudyard Kipling and 'Buffalo Bill' Cody; Duke Ellington and the Duke of Wellington. Founded in London in 1717 as a set of character-forming ideals and a way of binding men in fellowship, Freemasonry proved so addictive that within two decades it had spread across the globe. Masonic influence became pervasive. Under George Washington, the Craft became a creed for the new American nation. Masonic networks held the British empire together. Under Napoleon, the Craft became a tool of authoritarianism and then a cover for revolutionary conspiracy. Both the Mormon Church and the Sicilian mafia owe their origins to Freemasonry. The Masons were as feared as they were influential. In the eyes of the Catholic Church, Freemasonry has always been a den of devil-worshippers. For Hitler, Mussolini and Franco the Lodges spread the diseases of pacifism, socialism and Jewish influence, so had to be crushed. Professor Dickie's *The Craft* is a surprising and enthralling exploration of a movement that not only helped to forge modern society, but still has substantial contemporary influence. With 400,000 members in Britain, over a million in the USA, and around six million across the world, understanding the role of Freemasonry is as important now as it has ever been.

The history of freemasonry

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

History of Freemasonry from Its Origin Down to the Present Day

Explores the hidden history of Freemasonry from ancient Rome, through the Middle Ages, to the present • Shows the close connection between medieval masons and the Knights Templar • Illustrates the sacred nature of Roman and medieval trade associations • Reveals the missing link that connects the lodges of modern Freemasonry to the medieval brotherhoods of builders Historians often make a sharp distinction between the operative Masonry of the Middle Ages and the speculative Masonry of modern times, emphasizing that there is no direct bridge connecting the two. Modern historians also have scoffed at Masonic claims concerning the close relationship between the Lodge and the Temple. Using medieval archives housed throughout Europe, historian Paul Naudon reveals that there was in fact a very intimate connection between the Masons and the Knights Templar. Church records of medieval Paris show that most, if not all, the Masons of that time were residents of the Templar censive, which allowed them to enjoy great exemptions and liberties from both church and state as a result of the protection afforded them by this powerful order. Naudon shows that the origins of Freemasonry can be traced back to the collegia of ancient Rome. He traces the evolution of organizations such as the Comacine Masters, the Arab *turuqs*, and the brotherhoods of builders created under the aegis of the Benedictines and the Knights Templar, all of which provide the vehicle for the transmission of a sacred tradition from pre-Christian times to the modern era. This tradition is the source of Masonic ritual and symbolism, and it provides the missing link in the transformation of the operative Masonry of the medieval cathedral builders to the spiritual principles of modern speculative Masonry.

Spread by the advance of the British Empire, Freemasonry remains most popular in the British Isles and in other countries originally within the empire. Freemasonry evolved from the guilds of stonemasons and cathedral builders of the Middle Ages. With the decline of cathedral building, some lodges of operative (working) masons began to accept honorary members to bolster their declining membership. From a few of these lodges developed modern symbolic or speculative Freemasonry, which particularly in the 17th and 18th centuries, adopted the rites and trappings of ancient religious orders and of chivalric brotherhoods. In 1717 the first Grand Lodge, an association of lodges, was founded in England."]}}, {"sourceEndpoint": {"clickTrackingParams": "CN0CEMChAiITCMbC2of8ioUDF-clQTWQdE00Pnw==", "commandMetadata": {"webCommandMetadata": {"url": "https://www.britannica.com/topic/order-of-Freemasons", "webPageType": "WEB_PAGE_TYPE_UNKNOWN", "rootVe": 83769}}, {"urlEndpoint": {"url": "https://www.britannica.com/topic/order-of-Freemasons", "target": "TARGET_NEW_WINDOW"}}, {"truncateParagraphs": true, "trackingParams": "CN0CEMChAiITCMbC2of8ioUDFclQTWQdE00Pnw==", "background": "INFO_PANEL_CONTENT_BACKGROUND_BLUE", "paragraphMaxLines": 3, "loggingDirectives": {"trackingParams": "CN0CEMChAiITCMbC2of8ioUDFclQTWQdE00Pnw==", "visibility": {"types": "12"}, "gestures": {"types": "4"}, "enableDisplayLoggerExperiment": true}}, {"trackingParams": "CNwCEO3NBR-gAlhMlxSLah_yKhQMvYVBPBB0TTQ-f", "background": "INFO_PANEL_CONTAINER_BACKGROUND_BLUE"}}, {"videoRenderer": {"videoId": "a9ciByCIYWA", "thumbnail": {"thumbnails": [{"url": "https://i.ytimg.com/vi/a9ciByCIYWA/hq720.jpg?sqp=-oaymwEjCOgCEMoBS-Fryq4qpAxUIARUAAAAAGAEIAADIQj0AgKJDeAE=&rs=AO4CLCQM5h02DCyx-Co4zvZei5Xf0e6Tbw", "width": 360, "height": 202}, {"url": "https://i.ytimg.com/vi/a9ciByCIYWA/hq720.jpg?sqp=-oaymwEXCNAFEJQDSFryq4qpAwkIARUAAIhC-GAE=&rs=AO4CLCEi6WnhYjSuTfluwn6afAlMs7dSw", "width": 720, "height": 404}]}},
