Introduction

There's a truth about all of this

Inside story of David Grusch (actual "evidence" is coming, not just testimonial)

They've been with us for "thousands" of years

Mainstream media's abject failure to cover UAPs

The Gillibrand legislation is momentously significant

The gov't has given craft to private industry

The Gang of Eight

How the gov't tells the media what to say (even Hollywood)

Found metals spheres that move on their own (collecting evidence from them)

"The Legacy Program" and the Vatican's involvement (they gave craft over to US?)

Reverse engineering and operating craft (which has been done?)

We're close to annihilation as a species

The untold story of "Curveball"

The reason behind the secrecy? The screwup by the US gov't of "divesting"

Alien bodies, Grusch's claims, and where they are

Steven Greer, and what's been "leaked"

Ross is under surveillance (any intimidation?)

Adam & Eve, and what's happening in 2029 (Leslie Kean's and John Ramirez's comments)

The full unedited 3.5 hour interview with David Grusch

Curt comments on Grusch's physics claims (quiddities)
