Everything changes, though, after a series of events forces Charlotte and Sean to confront the most serious what-ifs of all. What if Charlotte had known earlier of Willow's illness? What if things could have been different? What if their beloved Willow had never been born? To do Willow justice, Charlotte must ask herself these questions and one more: what constitutes a valuable life?"--from amazon.com

Urban Teens in the Library

Based loosely on the life of the author's grandfather, a professional embroiderer in the court of the last king of Vietnam in the early 1900s, Kien Nguyen has reimagined his grandfather's amazing story to weave a tapestry of his own: this stunning and page-turning novel. Dan Nguyen is seven years old when he witnesses his father brutally beheaded by the mayor in a bid for power. Dan's wife, Ven, 20 years his senior, makes him promise to one day avenge his father's death. In order to protect him until he is old enough to defend his family's honor, Ven hides Dan as a servant in the house of the enemy -- and Dan falls in love with the one person he can never have, the mayor's beautiful granddaughter Tai May. Dan's journey from slavery into scandal, and finally to the royal court where he has the chance to win Tai May's heart, is a story of spellbinding drama and intrigue, and, ultimately, the story of a great love affair.

Chicken Soup for the Teen Soul

Depicting with humor and insight the pressure to be outwardly perfect, this novel for ages 10-13 shows how one girl develops compassion for her own and others' imperfections. For 13-year-old Isabelle Lee, whose father has recently died, everything's normal on the outside. Isabelle describes the scene at school with bemused accuracy--the self-important (but really not bad) English teacher, the boy that is constantly fixated on Ashley Barnum, the prettiest girl in class, and the dynamics of the lunchroom, where tables are turned in a all-eyes-open awareness of everybody's relative social position. But everything is not normal, really. Since the death of her father, Isabelle's family has only functioned on the surface. Her mother, who used to take care of herself, now wears only lumpy, ill-fitting clothes, cries all night, and has taken every picture of her dead husband and put them under her bed. Isabelle tries to make light of this, but the underlying tension is expressed in overeating and then binging. As the novel opens, Isabelle's little sister, April, has told their mother about Isabelle's problem. Isabelle is enrolled in group therapy. Who should show up there, too, but Ashley Barnum, the prettiest, most together girl in class.

The Art of Keeping Cool

Nobody wants Tulip in their gang. She skives off school, cheeks the teachers and makes herself unpopular with her classmates by telling awful lies. None of this matters to Natalie who finds Tulip exciting. At first she doesn't care that other people are upset and unnerved by Tulip's bizarre games, but as the games become increasingly sinister and dangerous, Natalie realises that Tulip is going too far. Much too far. Racing, in fact, to the novel's shocking ending.

Chicken Soup for the Teen Soul

A deliciously dark, gorgeously written YA mystery that'll prickle your skin . . . and leave a permanent mark. There are no secrets in *Saintstone*. From the second you're born, every achievement, every

failing, every significant moment are all immortalized on your skin. There are honorable marks that let people know you're trustworthy. And shameful tattoos that announce you as a traitor. After her father dies, Leora finds solace in the fact that his skin tells a wonderful story. That is, until she glimpses a mark on the back of his neck . . . the symbol of the worst crime a person can commit in Saintstone. Leora knows it has to be a mistake, but before she can do anything about it, the horrifying secret gets out, jeopardizing her father's legacy . . . and Leora's life. In her startlingly prescient debut, Alice Broadway shines a light on the dangerous lengths we go to make our world feel orderly--even when the truth refuses to stay within the lines. This rich, lyrical fantasy with echoes of Orwell is unlike anything you've ever read, a tale guaranteed to get under your skin . . .

The Tapestries

A tough and funny project girl manages to make that chill wind blow away The good life, according to Aisha Ingram, is easy. It's hanging with friends, dancing, listening to music, whatever . . . but it doesn't include worrying about the future. Chilling out is her mantra until she receives a sixty-day termination-of-welfare-benefits notice. Without her monthly food stamps and assistance checks and with no help from the father of her two children, Aisha's life threatens to become a little too "chilly." The clock is ticking and she doesn't have many options, but one thing she knows for sure: workfare is not for her. There's no way she's going to scrub subway cars or sweep city sidewalks. Aisha tries to come up with other ways to get money, but things don't look good. Soon another notice comes: only thirty days left. Then she sees an ad on TV for BIGMODELS, and she figures she might as well check out the agency. After all, she is pretty enough. But just when it looks like Aisha's problems might be solved, things grow crazy again. In Aisha, Janet McDonald has created a larger-than-life heroine who finds and succeeds at what is right for her.

This study explored the embodied teen experience of parent-teen conflict and argument using a hermeneutic-phenomenological approach. Teens self-identified as (a) living in a family with everyday conflict, (b) not seeing a psychologist or counselor, (c) not having been in any drug or alcohol treatment programs, (d) not knowing the researcher ahead of time, and (e) being between the ages of 13 to 19 at the time the interview took place. The following themes emerged: (a) feeling powerless, small, devalued, and oppressed; (b) experiencing irritation, frustration, hypocrisy, pettiness, and defiance; (c) wanting freedom and autonomy and the battle for control; and (d) needing safe space and me time. Each theme and the whole embodied essence of this experience were interpreted through teens' as well as the researcher's lenses. The interpretations provide insight for teens, parents, and parent educators that may help improve parent-teen relationships and provide strategies to use in the classroom setting.

Kate Brown's life has gone downhill fast. Her father has quit his job to sell vitamins at the mall, and Kate is forced to work with him. Her best friend has become popular, and now she acts like Kate's invisible. And then there's Will. Gorgeous, unattainable Will, whom Kate acts like she can't stand even though she can't stop thinking about him. When Will starts acting interested, Kate hates herself for wanting him when she's sure she's just his latest conquest. Kate figures that the only way things will ever stop hurting so much is if she keeps to herself and stops caring about anyone or anything. What she doesn't realize is that while life may not always be perfect, good things can happen -- but only if she lets them....

Bunny (real name Bernard) doesn't understand why his late grandfather wants him to get a tattoo. Actually, Bunny doesn't understand a lot of things, so it's good that his older brother, Spencer, is happy to explain things to him. But this is a task Bunny is supposed to do on his own, and nobody is more surprised than Bunny when, after he gets tattooed, he is befriended by a kid named Jaden and adopted into Jaden's gang. The gang hangs out at a gym, where Bunny learns to fight, but when it finally dawns on him that the gang is involved in some pretty shady—and dangerous—business, Bunny is torn between his loyalty to his new friends and doing what he knows is right. Bunny's adventures start in *Weerdest Day Ever!*, part of *The Seven Prequels* and continue in *The Wolf and Me*, part of *The Seven Sequels*.
