Film Canadiana

A revision and complete updating of the editors' previous bibliography of Canadian theatre history and its supplement, this volume contains more than 8,000 new entries. Topically arranged, with author and keyword indexes it includes contributions from Patrick O'Neill, Jean Cléo Godin, Leonard Doucette, David Gardner, Anton Wagner, and Malcolm Page.

Journal des économistes

This richly illustrated volume, the first devoted to maritime art and galley slavery in early modern France, shows how royal propagandists used the image and labor of enslaved Muslims to glorify Louis XIV. Mediterranean maritime art and the forced labor on which it depended were fundamental to the politics and propaganda of France's King Louis XIV (r. 1643–1715). Yet most studies of French art in this period focus on Paris and Versailles, overlooking the presence or portrayal of galley slaves on the kingdom's coasts. By examining a wide range of artistic productions—ship design, artillery sculpture, medals, paintings, and prints—Meredith Martin and Gillian Weiss uncover a vital aspect of royal representation and unsettle a standard picture of art and power in early modern France. With an abundant selection of startling images, many never before published, *The Sun King at Sea* emphasizes the role of esclaves turcs (enslaved Turks)—rowers who were captured or purchased from Islamic lands—in building and decorating ships and other art objects that circulated on land and by sea to glorify the Crown. Challenging the notion that human bondage vanished from continental France, this cross-disciplinary volume invites a reassessment of servitude as a visible condition, mode of representation, and symbol of sovereignty during Louis XIV's reign.

A Chance Meeting

Each chapter in this remarkable consideration of American culture evokes an actual meeting between two historical figures. In 1854, as a boy, Henry James has his daguerreotype made by Mathew Brady. We encounter Brady again as he photographs Walt Whitman and then Ulysses Grant. Meanwhile, Henry James begins a lasting friendship with William Dean Howells, and also meets Sarah Orne Jewett, who in turn is a mentor to Willa Cather... Cohen brilliantly reanimates these unforgettable pairings and those of Edward Steichen and Alfred Stieglitz; Carl Van Vechten and Gertrude Stein; Hart Crane and Charlie Chaplin; Langston Hughes and Zora Neale Hurston; Elizabeth Bishop and Marianne Moore; Richard Avedon and James Baldwin; and John Cage and Marcel Duchamp; Norman Mailer and Robert Lowell. Ultimately, Cohen reveals a long chain of friendship, rebellion and influence stretching from the moment before the Civil War through a century that had a profound effect on our own time. A Chance Meeting is an intimate and original act of biography and cultural history that makes its own contribution to the tradition about which Cohen writes.

A Chance Meeting

Weaving a tapestry of creativity and circumstance, this lauded chronicle of the many links and serendipitous meetings between giants of American culture—from Henry James to Gertrude Stein to Zora Neale Hurston to Marcel Duchamp—now includes a new afterword by the author. Rachel Cohen's A Chance Meeting is a dazzling group portrait that offers a striking new vision of the making and remaking of the American mind and imagination from the Civil War to the Vietnam War. How does the happenstance of daily life become history? Cohen shows us, describing a series of, now boldly, now subtly, transformative encounters between a wide and surprising range of Americans. A young Henry James has his portrait taken by the photographer Mathew Brady—Brady, who will receive Walt Whitman in his studio and depict General Grant on the battlefield. Later, W.E.B. Du Bois and his professor William James visit Helen Keller; Edward Steichen and Alfred Stieglitz argue about photography; and Langston Hughes and Zora Neale Hurston write a play together. Throughout, Cohen's narrative loops back and leaps forward with supreme agility, connecting, among others, Willa Cather, Elizabeth Bishop, Marianne Moore, Beauford Delaney, James Baldwin, and Richard Avedon. In A Chance Meeting, Rachel Cohen offers an abiding account of the continuing challenges and the astonishing achievements of American life.

Bernard Berenson

"Few would have predicted that Bernard Berenson, from a poor Lithuanian Jewish immigrant family, would rise above poverty. Yet Berenson left his crowded home near Boston's railyards and transformed himself into the world's most renowned expert on Italian Renaissance paintings, the owner of a beautiful villa and an immense private library in the hills outside Florence. The explosion of the Gilded Age art market and Berenson's work for dealer Joseph Duveen supported a luxurious life, but it came with

painful costs: Berenson hid his origins and, though his attributions remain foundational, felt that he had betrayed his gifts as a critic and interpreter of paintings. This finely drawn portrait of Berenson, the first biography devoted to him in a quarter century, draws on new archival materials that bring out the significance of his secret business dealings and the central importance of several women in his life and work: his sister Senda Berenson; his wife Mary Berenson; his patron Isabella Stewart Gardner; his lover Belle da Costa Greene; his dear friend Edith Wharton, and the companion of his last forty years, Nicky Mariano. Rachel Cohen explores Berenson's inner world and extraordinary visual capacity while also illuminating the historical forces—new capital, the developing art market, persistent anti-Semitism, and the two world wars—that profoundly affected his life”—

Austen Years

One of The Globe and Mail's Best Books of 2020 "A thoroughly authentic, smart and consoling account of one writer's commitment to another." --The New York Times Book Review (editors' choice) "An absolutely fascinating book: I will never read Austen the same way again." —Helen Macdonald, author of *H is for Hawk* An astonishingly nuanced reading of Jane Austen that yields a rare understanding of how to live "About seven years ago, not too long before our daughter was born, and a year before my father died, Jane Austen became my only author." In the turbulent period around the birth of her first child and the death of her father, Rachel Cohen turned to Jane Austen to make sense of her new reality. For Cohen, simultaneously grief-stricken and buoyed by the birth of her daughter, reading Austen became her refuge and her ballast. She was able to reckon with difficult questions about mourning, memorializing, living in a household, paying attention to the world, reading, writing, and imagining through Austen's novels. *Austen Years* is a deeply felt and sensitive examination of a writer's relationship to reading, and to her own family, winding together memoir, criticism, and biographical and historical material about Austen herself. And like the sequence of Austen's novels, the scope of *Austen Years* widens successively, with each chapter following one of Austen's novels. We begin with Cohen in Cambridge, Massachusetts, where she raises her small children and contemplates her father's last letter, a moment paired with the grief of *Sense and Sensibility* and the social bonds of *Pride and Prejudice*. Later, moving with her family to Chicago, Cohen grapples with her growing children, teaching, and her father's legacy, all refracted through the denser, more complex *Mansfield Park* and *Emma*. With unusual depth and fresh insight into Austen's life and literature, and guided by Austen's mournful and hopeful final novel, *Persuasion*, Rachel Cohen's *Austen Years* is a rare memoir of mourning and transcendence, a love letter to a literary master, and a powerful consideration of the odd process that merges our interior experiences with the world at large.

A Small Boy and Others

Reproduction of the original: *A Small Boy and Others* by Henry James

Balzac's Lives

Enter the mind of French literary giant Honoré de Balzac through a study of nine of his greatest characters and the novels they inhabit. *Balzac's Lives* illuminates the writer's life, era, and work in a completely original way. Balzac, more than anyone, invented the nineteenth-century novel, and Oscar Wilde went so far as to say that Balzac had invented the nineteenth century. But it was above all through the wonderful, unforgettable, extravagant characters that Balzac dreamed up and made flesh—entrepreneurs, bankers, inventors, industrialists, poets, artists, bohemians of both sexes, journalists, aristocrats, politicians, prostitutes—that he brought to life the dynamic forces of an era that ushered in our own. Peter Brooks's *Balzac's Lives* is a vivid and searching portrait of a great novelist as revealed through the fictional lives he imagined.

Intertwined Lives

A uniquely revealing biography of two eminent twentieth century American women. Close friends for much of their lives, Ruth Benedict and Margaret Mead met at Barnard College in 1922, when Mead was a student, Benedict a teacher. They became sexual partners (though both married), and pioneered in the then male-dominated discipline of anthropology. They championed racial and sexual equality and cultural relativity despite the generally racist, xenophobic, and homophobic tenor of their era. Mead's best-selling *Coming of Age in Samoa* (1928) and *Sex and Temperament in Three Primitive Societies* (1935), and Benedict's *Patterns of Culture* (1934), *Race* (1940), and *The Chrysanthemum and the Sword* (1946), were landmark studies that ensured the lasting prominence and influence of

their authors in the field of anthropology and beyond. With unprecedented access to the complete archives of the two women—including hundreds of letters opened to scholars in 2001—Lois Banner examines the impact of their difficult childhoods and the relationship between them in the context of their circle of family, friends, husbands, lovers, and colleagues, as well as the calamitous events of their time. She shows how Benedict inadvertently exposed Mead to charges of professional incompetence, discloses the serious errors New Zealand anthropologist Derek Freeman made in his famed attack on Mead's research on Samoa, and reveals what happened in New Guinea when Mead and colleagues engaged in a ritual aimed at overturning all gender and sexual boundaries. In this illuminating and innovative work, Banner has given us the most detailed, balanced, and informative portrait of Mead and Benedict—individually and together—that we have had.

The Making of Jane Austen

Whether you're a devoted Janeite or simply Jane-curious, *The Making of Jane Austen* will have you thinking about how a literary icon is made, transformed, and handed down from generation to generation.

Responding to new curriculum standards and assessments across all grade levels and subject areas, this edition shows teachers how to organize their classroom so that all students participate actively. This valuable and sensible resource is essential reading for educators at both the elementary and secondary levels, for teachers in training, and for anyone working in the field of education.

Mind Gap

Fourteen-year-old Jake MacRae's life is spinning out of control. He's making all the wrong choices — gambling, drinking, hanging around gang members and now he's been asked to make a special delivery. What should he do? Jake knows either way that his decision will seal his fate, but what he doesn't realize is that this choice might not only destroy his life but the lives of those close to him. Before Jake has a chance to make up his mind, he receives a mysterious text message inviting him to a flash party on a midnight subway train. As Jake steps off the platform and onto the ghostly 1950s-style Gloucester car, he has no idea he has just boarded a train bound for his worst nightmare. And what's more — he can't get off!

Hart Crane

Malcolm Cowley Hart Crane's life was notoriously turbulent, persistently nonconformist, and tragically short. This new biography presents for the first time a full, frank portrait of the real Hart Crane, a poet attractive both for his flamboyance and passion for life, and for the magnificent sonorities of his work. 18 illustrations.

Someday We Will Fly

From the author of *Blind*, a heart-wrenching coming-of-age story set during World War II in Shanghai, one of the only places Jews without visas could find refuge. Warsaw, Poland. The year is 1940 and Lillia is fifteen when her mother, Alenka, disappears and her father flees with Lillia and her younger sister, Naomi, to Shanghai, one of the few places that will accept Jews without visas. There they struggle to make a life; they have no money, there is little work, no decent place to live, a culture that doesn't understand them. And always the worry about Alenka. How will she find them? Is she still alive? Meanwhile Lillia is growing up, trying to care for Naomi, whose development is frighteningly slow, in part from malnourishment. Lillia finds an outlet for her artistic talent by making puppets, remembering the happy days in Warsaw when her family was circus performers. She attends school sporadically, makes friends with Wei, a Chinese boy, and finds work as a performer at a "gentlemen's club" without her father's knowledge. But meanwhile the conflict grows more intense as the Americans declare war

and the Japanese force the Americans in Shanghai into camps. More bombing, more death. Can they survive, caught in the crossfire?

Strange Meetings

Strange Meetings provides a highly original account of the War Poets of 1914-1918, written through a series of actual encounters, or near-encounters, from Siegfried Sassoon's first, blushing meeting with Rupert Brooke over kidneys and bacon at Eddie Marsh's breakfasts before the war, through famous moments like Sassoon's encouragement of Owen when both are in hospital at the same time; on to the poignant meeting between Edward Thomas's widow and Ivor Gurney in 1932; and the last, strange lunch and 'longish talk' of Sassoon and David Jones in 1964, half a century after the great war began. Among the other poets and writers we encounter are Vera Brittain, Roland Leighton, Robert Graves, Isaac Rosenberg, Robert Nichols and Edmund Blunden. Ricketts's unusual approach allows him to follow their relationships, marking their responses to each other's work and showing how these affected their own poetry - one potent strand, for example, is the profound influence of Brooke, both as a model to follow and a burden to reject. The stories become intensely personal and vivid - we come to know each of the poets, their family and intellectual backgrounds and their very different personalities. And while the accounts of individual lives achieve the imaginative vividness of a novel, they also give us an entirely fresh sense of Georgian poetry, conveying all the excitement and frustration of poetic creation, and demonstrating how the whole notion of what poetry should be 'about' became fractured and changed for ever by the terrible experiences of the war.

Zora and Langston: A Story of Friendship and Betrayal

A Finalist for the 2019 Los Angeles Times Book Prize in Biography "A complete pleasure to read." —Lisa Page, Washington Post Novelist Zora Neale Hurston and poet Langston Hughes, two of America's greatest writers, first met in New York City in 1925. Drawn to each other, they helped launch a radical journal, *Fire!!* Later, meeting by accident in Alabama, they became close as they traveled together—Hurston interviewing African Americans for folk stories, Hughes getting his first taste of the deep South. By illuminating their lives, work, competitiveness, and ambitions, Yuval Taylor savvily details how their friendship and literary collaborations dead-ended in acrimonious accusations.

The Deadline Effect

In the tradition of Charles Duhigg's *The Power of Habit*, a wise and fascinating book that shows us how "we can make deadlines work for us instead of the other way around" (*The Wall Street Journal*). Perfectionists and procrastinators alike agree—it's natural to dread a deadline. Whether you are completing a masterpiece or just checking off an overwhelming to-do list, the ticking clock signals despair. Christopher Cox knows the panic of the looming deadline all too well—as a magazine editor, he has spent years overseeing writers and journalists who couldn't meet a deadline to save their lives. After putting in a few too many late nights in the newsroom, he became determined to learn the secret of managing deadlines. He set off to observe nine different organizations as they approached a high-pressure deadline. Along the way, Cox made an even greater discovery: these experts didn't just meet their big deadlines—they became more focused, productive, and creative in the process. An entertaining blend of "behavioral science, psychological theory, and academic studies with compelling storytelling and descriptive case studies" (*Financial Times*), *The Deadline Effect* reveals the time-management strategies these teams used to guarantee success while staying on schedule: a restaurant opening for the first time, a ski resort covering an entire mountain in snow, a farm growing

enough lilies in time for Easter, and more. Cox explains how to use deadlines to our advantage, the dynamics of teams and customers, and techniques for using deadlines to make better, more effective decisions.

Beyond Aesthetics

An intimate reflection on culture and tradition, creativity and power, that draws on a lifetime's commitment to aesthetic encounter. The playwright, poet, essayist, novelist, and Nobel Laureate Wole Soyinka is also a longtime art collector. This book of essays offers a glimpse into the motivations of the collector, as well as a highly personal look at the politics of aesthetics and collecting. Detailing moments of first encounter with objects that drew him in and continue to affect him, Soyinka describes a world of mortals, muses, and deities that imbue the artworks with history and meaning. *Beyond Aesthetics* is a passionate discussion of the role of identity, tradition, and originality in making, collecting, and exhibiting African art today. Soyinka considers objects that have stirred controversy, and he decries dogmatic efforts—whether colonial or religious—to suppress Africa's artistic traditions. By turns poetic, provocative, and humorous, Soyinka affirms the power of collecting to reclaim tradition. He urges African artists, filmmakers, collectors, and curators to engage with their aesthetic and cultural histories.

Disloyal: A Memoir

A #1 New York Times Bestseller! "I read it cover-to-cover. I did not intend to, but I started at the beginning and didn't put it down until it was over."—Rachel Maddow, MSNBC This book almost didn't see the light of day as government officials tried to bar its publication. The Inside Story of the Real President Trump, by His Former Attorney and Personal Advisor—The Man Who Helped Get Him Into the Oval Office Once Donald Trump's fiercest surrogate, closest confidant, and staunchest defender, Michael Cohen knows where the skeletons are buried. This is the most devastating business and political horror story of the century. As Trump's lawyer and "fixer," Cohen not only witnessed firsthand but was also an active participant in the inner workings of Trump's business empire, political campaign, and presidential administration. This is a story that you have not read in newspapers, or on social media, or watched on television. These are accounts that only someone who worked for Trump around the clock for over a decade—not a few months or even a couple of years—could know. Cohen describes Trump's racist rants against President Barack Obama, Nelson Mandela, and Black and Hispanic people in general, as well as the cruelty, humiliation, and abuse he leveled at family and staff. Whether he's exposing the fact that Trump engaged in tax fraud by inflating his wealth or electronic fraud by rigging an online survey, or outing Trump's Neanderthal views towards women or his hush-money payments to clandestine lovers, Cohen pulls no punches. He shows Trump's relentless willingness to lie, exaggerate, mislead, or manipulate. Trump emerges as a man without a soul—a man who courts evangelicals and then trashes them, panders to the common man, but then rips off small business owners, a con man who will do or say absolutely anything to win, regardless of the cost to his family, his associates, or his country. At the heart of *Disloyal*, we see how Cohen came under the spell of his charismatic "Boss" and, as a result, lost all sense of his moral compass. The real "real" Donald Trump who permeates these pages—the racist, sexist, homophobic, lying, cheating President—will be discussed, written about, and analyzed for years to come.

A Childhood

Harry Crew recounts his childhood, focusing on the people, places, and circumstances that shaped him into the author he is today.

Elizabeth and Hazel

The names Elizabeth Eckford and Hazel Bryan Massery may not be well known, but the image of them from September 1957 surely is: a black high school girl, dressed in white, walking stoically in front of Little Rock Central High School, and a white girl standing directly behind her, face twisted in hate, screaming racial epithets. This famous photograph captures the full anguish of desegregation--in Little Rock and throughout the South--and an epic moment in the civil rights movement. In this gripping book, David Margolick tells the remarkable story of two separate lives unexpectedly braided together. He explores how the haunting picture of Elizabeth and Hazel came to be taken, its significance in the wider world, and why, for the next half-century, neither woman has ever escaped from its long shadow. He recounts Elizabeth's struggle to overcome the trauma of her hate-filled school experience, and Hazel's long efforts to atone for a fateful, horrible mistake. The book follows the painful journey of the two as they progress from apology to forgiveness to reconciliation and, amazingly, to friendship. This friendship foundered, then collapsed--perhaps inevitably--over the same fissures and misunderstandings that continue to permeate American race relations more than half a century after the unforgettable photograph at Little Rock. And yet, as Margolick explains, a bond between Elizabeth and Hazel, silent but complex, endures.

AN AMERICAN PROCESSION

An American Procession is a study, on the largest scale, of the major American writers at work during the historically and literarily crucial century that began in the early 1830s, when Ralph Waldo Emerson founded a national literature on the basis of a metaphysical revolution, and ended on the eve of the 1930s with the triumph of modernism and the critical recognition of the "postponed power" of those who had been modern before their time. These one hundred years encompassed a period of unprecedented expansion and promise in the United States, and the work of our novelists, essayists, poets, and historians was the mirror of the nation's spirit. The thirty years preceding the Civil War produced the transcendental idealism of Emerson, Thoreau, and Whitman and the dark romanticism of Hawthorne, Poe, and Melville. In the years just after World War I, modernism reached its exemplary form in the work of Eliot, Pound, Hemingway, Dos Passos, and Fitzgerald, and between the two wars emerged the great realists: Mark Twain, Henry James, Crane, and Dreiser. It is through an exploration of the lives and works of these writers—together with Emily Dickinson, William James, Henry Adams, and Faulkner—that Kazin maps out a great literary procession shaped by individual genius, by history, and by the implacable American sense of self. With each writer, Alfred Kazin illuminates for us the work, the influences that informed it, and its influence on the work of others. Each figure seems revitalized for us by Kazin's acuity and powerful sympathy for his subject. An American Procession, with its intellectual energy, its clarity and breadth, is the brilliantly executed capstone of Kazin's already illustrious career and will stand as the most important study of American literature in our time.

Now in Paperback In *Dime-Store Alchemy*, poet Charles Simic reflects on the life and work of Joseph Cornell, the maverick surrealist who is one of America's great artists. The Faraway Nearby

Gifts come in many guises. One summer, Rebecca Solnit was bequeathed three boxes of ripening apricots, which lay, mountainous, on her bedroom floor - a windfall, a riddle, an emergency to be dealt with. The fruit came from a neglected tree that her mother, gradually succumbing to memory loss, could no longer tend to. From this unexpected inheritance came stories spun like those of Scheherazade, who used her gifts as a storyteller to change her fate and her listener's heart. As she looks back on the year of apricots and emergencies, Solnit weaves her own story into fairytales and the lives of others - the Marquis de Sade, Mary Shelley and Ernesto 'Che' Guevara. She tells of unexpected invitations and adventures, from a library of water in Iceland to the depths of the Grand Canyon. She tells of doctors and explorers, monsters and moths. She tells of warmth and coldness, of making art and re-making the self.

The Muse

But though Quick takes Odelle into her confidence, and unlocks a potential she didn't know she had, she remains a mystery - no more so than when a lost masterpiece with a secret history is delivered to the gallery. The truth about the painting lies in 1936 and a large house in rural Spain, where Olive Schloss, the daughter of a renowned art dealer, is harbouring ambitions of her own. Into this fragile paradise come an artist and revolutionary, Isaac Robles, and his half-sister Teresa, who immediately insinuate themselves into the Schloss family, with explosive and devastating consequences . . . Seductive, exhilarating and suspenseful, *The Muse* is an addictive novel about aspiration and identity, love and obsession, authenticity and deception - a magnificent creation and a story you will never forget.

In Praise of Good Bookstores

"Books, even obscure ones, are readily available online in the age of digital retail. As bookstores attempt to find their identity in a new era, some have survived by selling everything from toys to socks, coffee to stationery. In this short book, Jeff Deutsch, the director of the Seminary Co-op Bookstores in Chicago, aims to make the case for the value of spaces devoted to books and the value of the time spent browsing their stacks. It is a defense of serious bookstores, but more importantly it is a paean to the spaces that support them; the experience of readers as they engage with the books, the stacks, and each other; and the particular community created by the presence of such an institution. Drawing on his lifelong experience as a bookseller and his particular experience at Sem Co-op, Deutsch aims, in a series of brief essays, to consider how concepts like space, time, abundance, measure, community, and reverence find expression in a good bookstore, and to show some ways in which the importance of the bookstore is both urgent and enduring"--

Cokie

The extraordinary life and legacy of legendary journalist Cokie Roberts—a trailblazer for women—remembered by her friends and family. Through her visibility and celebrity, Cokie Roberts was an inspiration and a role model for innumerable women and girls. A fixture on national television and radio for more than 40 years, she also wrote five bestselling books focusing on the role of women in American history. She was portrayed on *Saturday Night Live*, name checked on the *West Wing*, and featured on magazine covers. She joked with Jay Leno, balanced a pencil on her nose for David Letterman, and was the answer to numerous crossword puzzle clues. Many dogs, and at least one dairy cow, were named for her. When the legendary 1980s *Spy Magazine* ran a diagram documenting all her connections with the headline "Cokie Roberts – Moderately Well-Known Broadcast Journalist or Center of the Universe?" they were only half-joking. Cokie had many roles in her lifetime: Daughter. Wife. Mother. Journalist. Advocate. Historian. Reflecting on her life, those closest to her remember her impressive mind, impish wit, infectious laugh, and the tenacity that sent her career skyrocketing through glass ceilings at NPR and ABC. They marvel at how she often put others before herself and cared deeply about the world around her. When faced with daily decisions and dilemmas, many still ask themselves the question, 'What Would Cokie Do?' In this loving tribute, Cokie's husband of 53 years and bestselling-coauthor Steve Roberts reflects not only on her many accomplishments, but on how she lived each day with a devotion to helping others. For Steve, Cokie's private life was as significant and inspirational as her public one. Her commitment to celebrating and supporting other women was evident in everything she did, and her generosity and passion drove her personal and professional endeavors. In Cokie, he has a simple goal: "To tell stories. Some will make you cheer or laugh or cry. And some, I hope, will inspire you to be more like Cokie, to be a good person, to lead a good life."

Acquired Tastes

How modern food helped make modern society between 1870 and 1930: stories of power and food, from bananas and beer to bread and fake meat. The modern way of eating—our taste for food that is processed, packaged, and advertised—has its roots as far back as the 1870s. Many food writers trace our eating habits to World War II, but this book shows that our current food system began to coalesce much earlier. Modern food came from and helped to create a society based on racial hierarchies, colonization, and global integration. *Acquired Tastes* explores these themes through a series of moments in food history—stories of bread, beer, sugar, canned food, cereal, bananas, and more—that shaped how we think about food today. Contributors consider the displacement of native peoples for agricultural development; the invention of Pilsner, the first international beer style; the "long con" of gilded sugar and corn syrup; Josephine Baker's banana skirt and the rise of celebrity tastemakers; and faith in institutions and experts who produced, among other things, food rankings and fake meat.

Pastor Benny Hinn asked this question during a season of personal trial, and his quest led him to an in-depth understanding of three "rivers," or types, of anointing in Scripture: the anointing within you (1 John 2:27), the anointing upon you (Acts 1:8), and the global anointing, which builds up and destroys nations (Isa. 10:27). In this book Hinn explores these three types of anointing, sharing personal stories of things he learned firsthand from Kathryn Kuhlman and Oral Roberts, as well as providing biblical and historical examples that illustrate his teachings"--Back cover.

Operas in English

Although many opera dictionaries and encyclopedias are available, very few are devoted exclusively to operas in a single language. In this revised and expanded edition of *Operas in English: A Dictionary*, Margaret Ross Griffel brings up to date her original work on operas written specifically to an English text (including works both originally prepared in English, as well as English translations). Since its original publication in 1999, Griffel has added nearly 800 entries to the 4,300 from the original volume, covering the world of opera in the English language from 1634 through 2011. Listed alphabetically by letter, each opera entry includes alternative titles, if any; a full, descriptive title; the number of acts; the composer's name; the librettist's name, the original language of the libretto, and the original source of the text, with the source title; the date, place, and cast of the first performance; the date of composition, if it occurred substantially earlier than the premiere date; similar information for the first U.S. (including colonial) and British (i.e., in England, Scotland, or Wales) performances, where applicable; a brief plot summary; the main characters (names and vocal ranges, where known); some of the especially noteworthy numbers cited by name; comments on special musical problems, techniques, or other significant aspects; and

other settings of the text, including non-English ones, and/or other operas involving the same story or characters (cross references are indicated by asterisks). Entries also include such information as first and critical editions of the score and libretto; a bibliography, ranging from scholarly studies to more informal journal articles and reviews; a discography; and information on video recordings. Griffel also includes four appendixes, a selective bibliography, and two indexes. The first appendix lists composers, their places and years of birth and death, and their operas included in the text as entries; the second does the same for librettists; the third records authors whose works inspired or were adapted for the librettos; and the fourth comprises a chronological listing of the A–Z entries, including as well as the date of first performance, the city of the premiere, the short title of the opera, and the composer. Griffel also include a main character index and an index of singers, conductors, producers, and other key figures.

Risen Motherhood (Deluxe Edition)

Wherever there is life, there are lies. Slick-suited politicians lie on the podium, ready to tell voters what they want to hear. Cheating lovers, swindling businessmen, double-crossing villains – all liars. But nature lies too – the cheetah crouching in the tall grass waiting to pounce, its spots and straw-coloured fur blending in with its surroundings, the chameleon with its adaptable skin, the octopus hiding in its cave. Juan Jacinto Muñoz-Rengel uncovers the slippery history of lies, some dark and elusive, others thunderous and dazzling. From primeval forests to modern politics, he explores the uncomfortable

truths of our white lies, fudged facts and blatant deceptions. For centuries, philosophers, writers and poets have grappled with the paradox of what's fact and what's fiction. So who can we really believe? Our friends? Our partners? Our leaders? Can we even trust ourselves? Truly, this is the only book in which the abundance of lies on its pages is a sign of success. Or maybe it isn't. Who can really tell?

In the world of DIE, the players are now real players. Countries are their pieces, and the board threatens to run red with blood. Who is the Queen, and who are pawns? Who's playing to win? Who's forgotten what they're playing for? And what will they do when they're reminded of the real stakes? The critically acclaimed dark fantasy smash hit goes epic in its third volume. Rev. ed. of: Oxford American desk dictionary and thesaurus, 2nd ed., c2006.

Oxford American Desk Dictionary & Thesaurus

"Whether it is described as recovering treasures of gold, removing the clouds to reveal the clearest and bluest of skies, replacing fast food with delectable and healthy cuisine, or coming out of the valley to behold the most amazing Alpine splendor, rediscovering the glorious biblical truths which were recovered during the Reformation is extraordinarily liberating and invigorating." The biblical teachings of the Protestant Reformation five hundred years ago freed Christians from many of the same forms of bondage that, ironically, have now reappeared in much of contemporary evangelical Christianity. Many evangelicals now find themselves trapped on performance-based treadmills, enslaved by neurotic introspection, and often just burning out and walking away from the church. Whether it's being fixated on "my performance" (legalism) or "my inner experience" (mysticism) or some other exhausting entanglement, there is, thankfully, a way out. Protestant evangelical churches need to rediscover the liberating treasures of biblical Christianity that were recovered in the Protestant Reformation. This book encourages burned-out evangelicals to take another look--from a Reformation perspective--and begin basking in the good news and all of its vast riches. Through a series of thought-provoking essays, this book also introduces other skeptics to an undiluted and robust Christianity.

Without Jesus, the Bible makes no sense. And without his atoning death on the cross, the Bible makes no difference. In *The View from Mount Calvary*, renowned Bible commentator John Phillips surveys the entire Bible and shows how its many sections, books, and subjects all revolve around the death of Jesus on Mt. Calvary. Recommended reading especially during the Easter season, *The View from Mount Calvary* will deepen readers' appreciation of the finished work of Christ.

A “must-read” (The Washington Post) funny and practical guide to help you find, build, and keep the relationship of your dreams. Have you ever looked around and wondered, “Why has everyone found love except me?” You’re not the only one. Great relationships don’t just appear in our lives—they’re the culmination of a series of decisions, including whom to date, how to end it with the wrong person, and when to commit to the right one. But our brains often get in the way. We make poor decisions, which thwart us on our quest to find lasting love. Drawing from years of research, behavioral scientist turned dating coach Logan Ury reveals the hidden forces that cause those mistakes. But awareness on its own doesn’t lead to results. You have to actually change your behavior. Ury shows you how. This “simple-to-use guide” (Lori Gottlieb, New York Times bestselling author of *Maybe You Should Talk to Someone*) focuses on a different decision in each chapter, incorporating insights from behavioral science, original research, and real-life stories. You’ll learn: -What’s holding you back in dating (and how to break the pattern) -What really matters in a long-term partner (and what really doesn’t) -How to overcome the perils of online dating (and make the apps work for you) -How to meet more people in real life (while doing activities you love) -How to make dates fun again (so they stop feeling like job interviews) -Why “the spark” is a myth (but you’ll find love anyway) This “data-driven” (Time), step-by-step guide to relationships, complete with hands-on exercises, is designed to transform your life. *How to Not Die Alone* will help you find, build, and keep the relationship of your dreams.

Bad Crush

A 2021 Booksellers Best Finalist! Brittany Owens is a young woman on the brink. As Brit’s career soars past up-and-coming and hurtles toward the stratosphere, she feels like she doesn’t have any control over its trajectory. Her grandfather is country music royalty. Her momager is determined to get Brit to the top at all costs. And then, there is the man she fell for when she was far too young to know any better. Cash Dorsett once had stardom within his grasp. But the excesses that come with a life in the spotlight had him landing flat on his face when he reached for the success he craved. Clean and sober now, he doesn’t let himself think about the blue-eyed girl he left in the wreckage of his career. Much. A chance encounter leads to an intense collaboration. But can Brit and Cash find a way to make beautiful music together without allowing her rising star to burn their love to the ground?

The View from Mount Calvary

Stereotypically, science and emotion are diametric opposites: one is cold and unfeeling, the other soft and nebulous; one is based on proven facts while the other is based on inexplicable feelings and “never the twain shall meet,” until now. John Gottman delves into the unquantifiable realm of love, armed with science and logic, and emerges with the knowledge that relationships can be not only understood, but also predicted as well. Based on research done at his Love Lab and other laboratories, Gottman has discovered that the future of love relationships can be predicted with a startling 91% success rate. These predictions can help couples to prevent disasters in their relationships, recognize the signs of a promising relationship, and perhaps more importantly, recognize the signs of a doomed one. *Principia Amoris* also introduces Love Equations, a mathematical modeling of relationships that helps understand predictions. Love Equations are powerful tools that can prevent relationship distress and heal ailing relationships. Readers learn about the various research and studies that were done to discover the science behind love, and are treated to a history of the people, ideas, and events that shaped our current understanding. They also learn about: • The “Four Horsemen of the Apocalypse” • 45 natural principles of love • 5 couple types • 5 recipes for good relationships • And much more! Just as science helped us to understand the physical world, it is helping us to understand the emotional world as well. Using the insights in this book, mental health professionals can meaningfully help their distressed

clients, as well as better understand why a relationship is failing or succeeding. Appropriate for the curious non-mental health professional as well, Principia Amoris is a must-have on any bookshelf!

Complete Opposite She was everything he never knew he wanted. The oldest of four, Enzo Moretti has sacrificed his own needs for his family time and time again. Now that his siblings are on the right path, he's ready to find his own happiness. During his local morning coffee run, he's drawn to a redhead with a nice body. It's not until she turns around that he realizes the auburn bombshell is none other than the formerly blonde Cami, the owner of the coffee shop and his baby sister's best friend. Cami Martin seems to have her life together, which is what she's made everyone believe. In reality, she's tired, overworked, and unable to give up control on anything in her life. When she gets a flat tire, and her best friend's gorgeous older brother helps her out, she doesn't anticipate the single act to fuel a growing attraction to a man who has become a thorn in her side. As the two polar opposites spend more time together, they begin to discover that they have more in common than they ever imagined. But will the thing that brings them together be the very thing that tears them apart? Childhood Dream His dream just became a reality... Now what? After drinking one too many glasses of champagne at a wedding and sleeping with her best friend's younger brother, Krissy Turner, does everything in her power to forget about the curly haired sex god. But after her business is vandalized, he offers his services to help paint the place and in return she agrees to sit for him as a portrait model. Up-and-coming artist, Tony Moretti, has been in love with his sister's best friend most of his life. Creatively blocked and his passion lost, he looks to Krissy to ignite that spark inside of him again. Giving into their growing desires is inevitable. But when someone continues to terrorize Krissy, and she relies on Tony to comfort her, their relationship goes deeper than the heated chemistry between them. When Tony's passion returns, and Krissy's enemy is revealed, their love will be tested, but will love be enough to set them free? This hot and steamy small-town romance is the newest installment in Theresa Paolo's Willow Cove Series set in the picturesque setting of coastal Maine.

An introduction to interpersonal relationship – methods, advice and tips for friendship, dating and online dating, intimate relationship, love and kiss, flirting, seduction, romance, marriage and wedding. Interpersonal relationships are social associations, connections, or affiliations between two or more people. They vary in differing levels of intimacy and sharing, implying the discovery or establishment of common ground, and may be centered around something(s) shared in common. The study of

relationships is of concern to sociology, psychology and anthropology. Dating is a form of courtship consisting of social activities done by two persons with the aim of each assessing the other's suitability as a partner in an intimate relationship or as a spouse.

Award-winner Jean Andrews has been called "the first lady of chili peppers" and her own registered trademark, "The Pepper Lady." She now follows up on the success of her earlier books, *Peppers: The Domesticated Capsicums* and *The Pepper Trail*, with a new collection of more than two hundred recipes for pepper lovers everywhere. Andrews begins with how to select peppers (with an illustrated glossary provided), how to store and peel them, and how to utilize various cooking techniques to unlock their flavors. A chapter on some typical ingredients that are used in pepper recipes will be a boon for the harried cook. The *Peppers Cookbook* also features a section on nutrition and two indexes, one by recipe and one by pepper type, for those searching for a recipe to use specific peppers found in the market. The majority of the book contains new recipes along with the best recipes from her award-winning *Pepper Trail* book. The mouth-watering recipes herein range from appetizers to main courses, sauces, and desserts, including Roasted Red Pepper Dip, Creamy Pepper and Tomato Soup, Jicama and Pepper Salad, Chipotle-Portabella Tartlets, Green Corn Tamale Pie, Anatolian Stew, South Texas Turkey with Tamale Dressing, Shrimp Amal, Couscous-Stuffed Eggplant, and Creamy Serrano Dressing.

Willow Cove Series Bundle: Books 3-4

Analyzes six films as allegories of capitalism's precarious state in the early twenty-first century. At the beginning of the twenty-first century, as the contradictions of capitalism became more apparent than at any other time since the 1920s, numerous films gave allegorical form to the crises of contemporary capitalism. Some films were overtly political in nature, while others refracted the vicissitudes of capital in stories that were not, on the surface, explicitly political. *Rumble and Crash* examines six particularly rich and thought-provoking films in this vein. These films, Milo Sweedler argues, give narrative and audiovisual form to the increasingly pervasive sense that the economic system we have known and accepted as inevitable and ubiquitous is in fact riddled with self-destructive flaws. Analyzing four movies from before the global financial crisis of 2008 and two that allegorize the financial meltdown itself, Sweedler explores how cinema responded to one of the defining crises of our time. Films examined include Alfonso Cuarón's *Children of Men* (2006), Stephen Gaghan's *Syriana* (2005), Fernando Meirelles's *The Constant Gardener* (2005), Spike Lee's *Inside Man* (2006), Martin Scorsese's *The Wolf of Wall Street* (2013), and Woody Allen's *Blue Jasmine* (2013). Milo Sweedler is Associate Professor of French, Cultural Analysis, and Social Theory at Wilfrid Laurier University in Canada. He is the author of *The Dismembered Community: Bataille, Blanchot, Leiris, and the Remains of Laure*.
