Desired Too

Angel and Raquel possess two very strong personalities separately. They are alphas to the core. The problem comes when these two fire-filled individuals come together. One needs to be in control while the other refuses to be controlled. Angel Leonetti, the complete Alpha Male "Let me first address this 'using you' shit that you mentioned. To be clear, I asked you to be on the team for no other reason but that I trust you. You were actually the only one I trusted in that meeting, besides my father. I don't know what's up with Victor. I haven't a clue where the hostility he displayed stemmed from, but, best believe, if he says anything to me again, I won't hold back. He has you to thank for him breathing without assistance right now. Consider this his reprieve." Angel moved closer to her, as he continued, "And that ultimatum bullshit you just spat at me; that's not an option. I'm growing tired of repeating myself. I've told you already that you are who and what I want. I won't say it again." Raquel Waters, the uncontrollable Alpha Female...No matter how she felt about him, how much she wanted him, she wasn't taking his

controlling caveman ways lightly. "You are so full of shit! You and I haven't seen or spoken to each other in three years; three-long-years. You know nothing about me, and I don't know shit about you. All I can say is that we know how to fuck each other's brains out with a skill that should be taught to the masses, but that's it. So what!" She moved closer to him. "I went away and grew up. I have likes and dislikes that you have no clue exist. So if you think I'm just going to sit here and let you claim me without me having something to say about it, you're sadly mistaken." Angel can't live without this woman. He refuses to. He's determined to have her no matter what. Raquel equally has a need that only Angel can fulfill. She wants him, there's no doubt about that. However, she doesn't want to sacrifice who she is to get what she wants. Will Angel be able to break down the walls of the woman he's desired since the moment they met? Will Raquel be able to surrender her free will for the man that has managed to dominated her mind, body, and soul? Can these two find a way to be together or will their fire consume them both?

Obsession

Her... Darkness wants me. I've been surrounded by darkness since the day I was born. It is all I've ever known. It consumes me, it suffocates me, and no matter how far I run, darkness is always at my heel threatening to devour me. My darkness is... fear! I never believed I could feel anything else until the moment he touched me. He has given me hope. He has allowed me to dream, to want, to desire more than I have ever thought possible. He's my protection... my safety... my future... I am his. But darkness always has a way of creeping up and casting its shadow. Will it consume me or will his love be strong enough to keep me in the light? Him.... She's my obsession and I can't seem to get her off my mind. It drives me crazy but I think about her constantly. I want her. No, I need her. I crave everything about her; her touch, her taste, her smile, her eyes, and her innocence. Just being close to her turns me on. No woman has ever made me feel this way and I can't get enough. I have to have her. Her body, her heart, her mind, and her desires belong to me. No one can ever take what's mine and make no mistake she IS mine. I know she has a past and I know she has secrets, but no matter what comes our way I will fight for her. Her secrets I can handle but with such uncertainty from her past, will it finally catch up to her and destroy the new life she has built before I can save her?

Obsession Too

Romantic thriller with a cliffhanger in the end.... You've been warned.... Her... This wasn't supposed to happen. I wasn't supposed to fall in love. Oh, who am I kidding? I had been in love with this man since the first day I laid eyes on him. This man was tall, muscular with chiseled features, a low beard, and these unbelievable blue eyes. He was a badass, and I wanted him. I had dreamt about what it would be like to touch him, to kiss him, and to feel him inside me. And when my dreams suddenly came true, oh, how I wanted more. I not only wanted him; I deserved him. But I knew better. I wasn't the woman he deserved. I wasn't the woman that could give him everything and, believe me, he deserved everything. I should have let him go. Despite how I was feeling, I should have just let him go. It would have been the right thing to do. And, yet, I couldn't bring myself to let go. He was my obsession. I couldn't breathe without him. My heart would beat out of control. I would start to hyperventilate and I would only be thinking about leaving him. Someone help me. Someone please show me how to let go when you know you should but can't seem to bring yourself to do it. Someone show me how not to love him. Him... I want her! Plain and simple. I want Grace Michelle King. Or shall I say that I want Misty. I've wanted this woman for quite some time now, but the timing in both of our lives wasn't right. Now, it was, and I was taking full advantage of this moment, but Misty was making it hard. For some reason, her stubborn ass was holding back from me. I wouldn't allow that to hold for long, however. I planned to break her defenses, and it would be easy. Her brown complexion seemed to glow every time I was near her. She was affected by me just as much as I was affected by her. Good! Now all I needed to do was show her that loving me was the only option she had to choose. I wasn't letting her go. No matter what, she would be MINE!

Desired

If you're looking for a "cards and candy" romance, you won't find it here...Georgia Sayers has always been shy and quiet. She has always lived her life by other people's rules, especially her best friend and fiancé. They were the most important people in her life. She trusted and loved them. But the night before her wedding, her life came crumbling around her. She stumbled on a betrayal that shook her to her core and changed her completely. No longer will she live her life by other people's standards. It was her turn to make up her own rules. Love wasn't something she wanted anymore. She wanted to find someone

to feed her deepest desires and the moment her eyes fell on him, she knew he was the one...Drake Lincoln is as bad as they come. He makes no apologies for who and what he is. He says what he wants, he does what he wants, whenever and wherever he wants. He doesn't play by any rules but his own. Trust and Loyalty are the codes he lives by. If you cross him, he will bury you without hesitation. He is heartless, he is dangerous, and he is as cold as ice. He's not capable of giving any woman the desires of her heart... until his eyes take in a woman that becomes his soul. Drake has never met a woman like Georgia, and he can't seem to stay away from her. He'd do anything for her. He'd kill for her. He'd die for her. She is who and what he wants and desires, and he can't be without her. However, Georgia and Drake both have pasts that can destroy them. Can they overcome the many obstacles in their lives and learn to love and trust each other, or will their life struggles keep them apart?

Ruined

He's addicted to her. The mere thought of her brings Mason to his knees. There is no other woman in the world that he wants. Max can't believe that she met a passion-filled man that makes her body yearn for things she's only dreamed about. He's ruined her, making him the only man that she wants. Mason West, an ex-Navy Seal turned Amateur MMA fighter, is battling the darkness of the life he left behind. Finding the will to fight back in a woman that completes him was not something that he expected, but it seemed fate had other plans. All Maxine Shaw wanted to do was graduate, become a nurse for the best sports rehabilitation center in the country, and finally achieve the goals she set for herself. Once she catches a glimpse of Mason West, an Alpha male to the core, he awakens a fire inside of her that she never thought existed. The sparks between these two ignite bottomless passion and enduring love that shifts their goals in a way neither suspected. Before Mason and Max can embark on a journey of happily ever after, the strength of their love gets tested. Will this passionate pair be able to survive what fate has in store?

It reminds the user of things he found out about them—their favorite flower, color, age. Pretty much any detail he needs to recall about them. What Women Want in a Man

How to Become the Man That Women Want to Love and Obey...in Every Way In order to attract and more importantly, KEEP a good woman in your life, you must become the kind of man that she simply can't live without. This is your only job as a man when it comes to dating and relating with women. You don't need a bunch of seduction techniques, mind games, or pick-up tactics to make a woman want you. Because quite frankly, no seduction technique in the world will turn a woman on and make her want you if she does not RESPECT you as a man. If a woman cannot respect you as a man, she won't be able to trust you. If she isn't able to place her trust in you, she simply cannot fall in love or STAY in love with you. Discover the Secrets of What Women Want in a Man Most guys simply don't know what women want in a man. Because of this, they try all kinds of "seduction tactics" to attract women, and only end up with low-quality women and terrible relationships. If you ask the average guy what women want, he may say things like confidence, money, or ridiculous good looks, but all of these things are just the tip of the iceberg. Here's what women really want from men... Security. How to Get the Respect, Desire, and Unwavering Loyalty of a Woman If you can communicate to a woman that you're a man that can offer her security in the world, she will give you her heart and more. And get this, you don't need to be ridiculously good-looking or have a big bank account to make a woman feel secure with you. There's a much better (and easier) way, and that's what you'll discover inside What Women Want In A Man. In What Women Want In A Man you're going to learn: How to understand women and the one thing that you can improve about yourself to make a woman want you more. The reason why a really great woman is HARD-WIRED by NATURE to CHASE the kind of man that possesses several qualities that are rare in most men. (Hint: This is the key to understanding how women think) Ten ways in which you can IMMEDIATELY begin working on yourself to become an overpowering magnet for the woman of your dreams. How to be decisive and become a master at dealing with conflict while staying perfectly calm and poised. The unforgivable sin that can ruin your chances of getting (and keeping) a girlfriend. This is the thing that FORCES her to either want to DUMP YOU or CHEAT ON YOU without her understanding why. How to take control of your emotions in any situation and be the rock that she needs you to be. How to make a woman happy by being THE MAN in your relationship; you know – the one that “wears the pants.” The reasons why the woman you want may put you in the friend zone, and how to avoid falling into this horrifying category. MY FIRST THEFT WENT A LITTLE LIKE THIS My first theft went a little like this... I just wanted to steal one bag of chips. Instead, I end up stealing the heart of a handsome millionaire... YOU'RE MINE, WIFE When my wife serves me divorce papers, I lose my s**t. But I'm going to remind her that she's mine. And she's going to stay with me till death do us part. Whether she likes it or not. ***A sexy short story featuring an over-the-top alpha male who is beyond obsessed with his wife and is never going to let her go!*** Excerpt: I say, "The next words coming out of that pretty little mouth

better be 'I have come to my senses, dear husband, and I shall ask for a divorce no more.'" "You're so stubborn." "You haven't seen stubborn yet." My fingers twitch with the desire to tie her to the bed; I settle for wrapping my arms around her and putting my hand on the small of her back. "Shouldn't you be at work?" "I'm exactly where I need to be." I kiss her shoulder, then sink my teeth into her skin, marking her with a love bite. "You're the CEO. You shouldn't be playing hooky. Doesn't that set a bad example for your employees?" "When you're the boss, you have the privilege of being able to tell people, 'Do as I say, not as I do.'" WANTING HIS STUDENT I shouldn't want her, but I do. Alicia Liu is the most gorgeous woman I have ever met, and I want to make her mine. But there's one problem. She's my student. Is that going to stop me from claiming her? Not for long... ***A sweet and sexy short story with an obsessed alpha male, instalove, and a happy ending!*** Excerpt: "Leave them," I bark. I'm going to give her some real food and going to give her a real bed to sleep on, not that crappy air mattress. I'm going to take care of her, not giving a d**n whether or not it's appropriate. "But--" Impatient, I seize her hand and drag her out of the room. She shivers. "Are you going to report me to the staff?" A frown comes onto my face. She thinks I'm going to tattle on her? Does she think I'm a heartless b*****d? Then again, I have been growling at her (albeit unintentionally). She is probably scared of me. "I'm not going to get you in trouble," I say, only half-growling this time. "Um, then can you let go of my hand?" I look at our intertwined hands, cursing mentally. Professors aren't supposed to touch their students, and we're definitely not supposed to hold their hands. Still, I don't want to let go of her.

The Rational Male -

Building once more on the core works of The Rational Male by Rollo Tomassi, Positive Masculinity is the newest supplemental reading in the series designed to give men, not a prescription, but actionable information to build better lives for themselves based on realistic and objective intersexual dynamics between men and women. Rational and pragmatic, the book outlines four key themes: Red Pill Parenting, The Feminine Nature, Social Imperatives and Positive Masculinity. Free of the pop-psychology pablum about parenting today, Red Pill Parenting is primarily aimed at the fathers (and fathers-to-be) who wanted more in depth information about raising their sons and daughters in a Red Pill aware context. While not an instruction manual, it will give men some insight into how to develop a parenting style based on Red Pill principles as well as what they can expect their kids to encounter from a feminine-primary social order determined to 'educate' them. The Feminine Nature is a collection of essays, revised and curated, that specifically address the most predictable aspects of the female psyche. It outlines and explores both the evolutionary and socialized reasons for women's most common behaviors and their motives, and how men can build this awareness into a more efficient way of interacting with them. Social Imperatives details how the female psyche extrapolates into western (and westernizing) cultural narratives, social dictates and legal and political legislation. This is the Feminine Imperative writ large and this section explores how feminism, women's sexual strategy and primary life goals have molded our society into what we take for granted today. Also detailed is the 'women's empowerment' narrative, and the rise of a blank-slate egalitarian equalism masking as a form of female supremacism that has fundamentally altered western cultures. The last section, Positive Masculinity, is comprised of essays, reformed and expanded upon, that will give men a better idea of how to define masculinity for themselves from a conventional and rational perspective. In an era when popular culture seeks to dismiss, ridicule, shame and obscure masculinity, this section and this book is intended to raise men's awareness of how fluid redefinitions of masculinity have been deliberately used to disempower and feminize men by a feminine-primary social order. This book is the third in of series complements to The Rational Male, the fifteen-year core writing of author/blogger Rollo Tomassi from therationalmale.com. Rollo Tomassi is one of the most prominent voices in the globally growing, male-focused online consortium known as the "Manosphere" as well as one of the 'Godfathers' of intersexual Red Pill awareness.

Controlled 2

Control: the power to influence or direct people's behavior or the course of events. It is indicative to such words as power, command, dominance, and leadership. Hello, Let me introduce myself. My name is Andrew Pierce, known to everyone as A.P. I'm a corporate attorney on the fast-track to becoming partner at the Law Firm of Goldstein, Parker, & Foster. My tamed hair is blonde, and my eyes are blue. I stand above six feet with pure muscle covering my entire body. I exude confidence, strength, aggressiveness, power and most of all, control. Shit, if I'm to be honest here... I am the epitome of fucking control. Most people strive to have control, but they don't know the first thing about it. They use it as a means to harm, destroy or dominate. For me, control is like breathing. It's my lifeline. I must have control. I must be in control. It's not about my sick twisted need to dominate that's ingrained in me no matter what. No, control for me is simple, it's a matter of life or death. I've worked all of my life to master the art of control and believe me, it wasn't easy. I have been tested, measured, and judged, but I never allow myself to succumb to the loss of control. So imagine my damn surprise, my panic, when for the first time in forever my control falters. Shit, it happened so fast that I couldn't stop it. My breathing became erratic, and my heart beat raced so fast that I wasn't sure if I would be able to... control it. I thought this was it, and I looked around my surroundings, frantically looking for the source of my lapse, waiting to destroy the threat, when my eyes fell on...heaven. This beautiful, stunning, magnificent woman before me stole my breath away. She was the reason why my control faltered. This was dangerous for a man like me, losing control like this. I knew what I must do; however, I still couldn't move. It was that moment when I realized that for the first time in my life, I was fucked.

Rancor and Reconciliation in Medieval England

Duels and bloodfeuds have long been regarded as essentially Continental phenomena, counter to the staid and orderly British ways of settling differences. In this surprising work of social and legal history, Paul R. Hyams reveals a post-Conquest England not all that different from the realms across the Channel. Drawing on a wide range of texts and the long history of argument about these texts, Hyams shatters the myth of English exceptionalism, the notion that while feud and vengeance prevailed in the lands of the Franks, England had advanced beyond such anarchic barbarism by the time of the Conquest and forged a centralized political and legal system. This book provides support for the notion that feud and vengeance flourished in England long beyond the Conquest, and that this fact obliges us to reconsider the genealogies of both common law and the English monarchy. Moving back and forth between a broad overview of 300 years of legal history and the details of specific disputes, Hyams attends to the demands of individuals who believed that they had been aggrieved and sought remedy. He shows how individuals perceived particular acts of violence and responded to them. These reactions, in turn, sparked central efforts to manage disputes and thereby establish law and order. Respectable litigation, however, never eclipsed the danger of direct action, often violent and physical.

Socialism of Fools

In *Socialism of Fools*, Michele Battini focuses on the critical moment during the Enlightenment in which anti-Jewish stereotypes morphed into a sophisticated, modern social anti-Semitism. He recovers the potent anti-Jewish, anticapitalist propaganda that cemented the idea of a Jewish conspiracy in the European mind and connects it to the atrocities that characterized the Jewish experience in the nineteenth and twentieth centuries. Beginning in the eighteenth century, counter-Enlightenment intellectuals and intransigent Catholic writers singled out Jews for conspiring to exploit self-sustaining markets and the liberal state. These ideas spread among socialist and labor movements in the nineteenth century and intensified during the Long Depression of the 1870s. Anti-Jewish anticapitalism then migrated to the Habsburg Empire with the Christian Social Party; to Germany with the Anti-Semitic Leagues; to France with the nationalist movements; and to Italy, where Revolutionary Syndicalists made anti-Jewish anticapitalism the basis of an alliance with the nationalists. Exemplified best in the *Protocols of the Elders of Zion*, the infamous document that "leaked" Jewish plans to conquer the world, the Jewish-conspiracy myth inverts reality and creates a perverse relationship to historical and judicial truth. Isolating the intellectual roots of this phenomenon and its contemporary resonances, Battini shows us why, so many decades after the Holocaust, Jewish people continue to be a powerful political target.

Portrait of the King

A brilliant work from the most influential philosopher since Sartre. In this indispensable work, a brilliant thinker suggests that such vaunted reforms as the abolition of torture and the emergence of the modern penitentiary have merely shifted the focus of punishment from the prisoner's body to his soul.

Discipline and Punish

Written over the course of four decades, Francois-Rene AL de Chateaubriand's epic autobiography has drawn the admiration of Baudelaire, Flaubert, Proust, Roland Barthes, Paul Auster, and W. G. Sebald. In this unabridged section of the Memoirs, spanning the years 1768 to 1800, Chateaubriand looks back on the already bygone world of his youth. He recounts the history of his aristocratic family and the first rumblings of the French Revolution. He recalls playing games on the beaches of Saint-Malo, wandering in the woods near his father's castle in Combourg, hunting with King Louis XVI at Versailles, witnessing the first heads carried on pikes through the streets of Paris, meeting with George Washington in Philadelphia, and falling hopelessly in love with a young woman named Charlotte in the small Suffolk town of Bungay. The volume ends with Chateaubriand's return to France after eight years of exile in England. In this new edition (the first unabridged translation of any portion of the Memoirs to be published in more than a century), Chateaubriand emerges as a writer of great wit and clarity, a self-deprecating egoist whose meditations on the meaning of history, memory, and morality are leavened with a mixture of high whimsy and memorable gloom.

The Holy Mountain of La Salette

This book explores the fundamental contradiction at the heart of the digital environment: technology offers all manner of promises, yet habitually fails to deliver. This failure often arises from numerous problems: the proficiency of the technology or end-user, policy failure at various levels, or a combination of these. Solutions such as better technology and more effective end-user education are often put into place to solve these failures. Mike Healy argues that such approaches are inherently faulty drawing upon qualitative research informed by Marx's theory of alienation. Using Marx's theory, he considers participants in three distinct settings: the workplace of information and communications technology (ICT) professionals; university scholars researching the ethical and societal implications of our digital environment; and a group of pensioners living in South London, UK, undertaking ICT training. By delving beneath the surface of how digital technologies are created, researched and experienced, this study illustrates the contradictory nature of our digital lives, as they directly arise from the needs of capitalism. The book also places Marx's theory in contrast to the mainstream approaches derived from Seaman and Blauner. In researching and comprehending ICT, this book reaffirms the superior explanatory power of Marx's theory of alienation.

Les Regrets

CLASSIC FICTION. The Paranthropus ("tropi" for short) are a large tribe of New Guinea cliff-dwellers. Simian in many of their physical characteristics, they are normally erect in stance, though happy to drop to all fours at a moment's notice. Australian wool interests see the tropis as a dream come true--workers who can be trained without benefit of paycheck. Newspaperman Douglas Templemore is an idealist--by

killing his son (bred by artificial insemination of a female tropi), he hopes to cause a riot in the realm of race relations. Is he a murderer or merely an owner of a pet, which he has "put to sleep?" As he comes up for trial scientific experts file into the witness box; none agreeing on what constitutes a human being. Is man to be defined by his jawbone? By his rational capacity? By his grasp of metaphysics? Or is the judge right when he muses (without a trace of cynicism) that the tropis must be animals because they are not cannibals?

Naturalist Fiction

Kate Walker, a lawyer from New York, was only supposed to spend a few hours in the village of Valadilène in the French Alps. She goes there to finalize the purchase of the Voralberg automation factory on behalf of her client, Universal Toys. But she soon finds out that while the director of the company, Anna Voralberg, has just died, Anna's younger brother is still alive and is the heir to the family business. To find him, she has no choice but to begin a journey through the history of the 20th century. Little by little, she uncovers the story of Hans Voralberg, a genius inventor of complex automatons who has been in exile in Eastern Europe since childhood. For the first comics adaptation of his cult game, Benoît Sokal has chosen to revisit "Syberia" and propose an alternative version to the reader. The result is a perfect prelude to the third installment of the game and an ideal opportunity for the young illustrator Johann Blais, chosen by Sokal himself.

You Shall Know Them

Twenty-five languages die each year; at this pace, half the world's five thousand languages will disappear within the next century. In this timely book, Claude Hagège seeks to make clear the magnitude of the cultural loss represented by the crisis of language death. By focusing on the relationship of language to culture and the world of ideas, Hagège shows how languages are themselves crucial repositories of culture; the traditions, proverbs, and knowledge of our ancestors reside in the language we use. His wide-ranging examination covers all continents and language families to uncover not only how languages die, but also how they can be revitalized—for example in the remarkable case of Hebrew. In a striking metaphor, Hagège likens languages to bonfires of social behavior that leave behind sparks even after they die; from these sparks languages can be rekindled and made to live again.

"B+F" is Gregory Benton's MoCCA Award of Excellence-winning fable. It explores an otherworldly forest with a woman and a dog as they encounter its denizens, both benevolent and malicious. A wordless meditation on goodwill, hostility, and isolation.

Living, Working and COVID-19

An exploration, in graphic novel form, of the French psychiatric clinic La Chesnaie. Illustrates the supportive environment where patients and caregivers participate equally in the day-to-day operations of the clinic.

An Historical Journal of the Campaigns in North America

A Bilingual New York Review Books Original Vivant Denon's No Tomorrow is one of the masterpieces of eighteenth-century French libertine literature, a book to set beside Choderlos de Laclos' *Les Liaisons dangereuses*, except that where Laclos' icy novel tells of hellish depravity, Denon's ravishing novella is a paradisaical diversion. This tale of seduction is itself a seduction, with a plot that could be said to slowly unveil itself before arriving at last at an unexpected consummation. Summoned by Madame de T——

to her country house, the young hero of Denon's novella is taken on a tour of the grounds, only the beginning of a night that not only will be full of unanticipated delights but will give rise to unforeseen, perhaps unanswerable, questions. Lydia Davis's definitive translation of Denon's slim masterpiece is accompanied by the French text. Peter Brooks's illuminating introduction explores the mysteries of No Tomorrow's original publication and the subtleties of Denon's ethics of pleasure.

On the Death and Life of Languages

Nancy Huston describes GOLDBERG VARIATIONS: "Suppose you invite thirty people to your home, people whom you love or have loved, to listen to you perform Bach's Goldberg Variations. And say that this concert unfolds like a midsummer night's dream, that is, you, Liliane, succeed in vibrating thirty people like so many variations, each at a different tune -- you must oscillate between memory and speculation; you must, above all, master your fears -- maybe then, all these fragments of music would dance into the same stream, and that you would call GOLDBERG VARIATIONS, a novel."

Bibliophily

Most people outside Italy know Pier Paolo Pasolini for his films, many of which began as literary works—Arabian Nights, The Gospel According to Matthew, The Decameron, and The Canterbury Tales among them. What most people are not aware of is that he was primarily a poet, publishing nineteen books of poems during his lifetime, as well as a visual artist, novelist, playwright, and journalist. Half a dozen of these books have been excerpted and published in English over the years, but even if one were to read all of those, the wide range of poetic styles and subjects that occupied Pasolini during his lifetime would still elude the English-language reader. For the first time, Anglophones will now be able to discover the many facets of this singular poet. Avoiding the tactics of the slim, idiosyncratic, and aesthetically or politically motivated volumes currently available in English, Stephen Sartarelli has chosen poems from every period of Pasolini's poetic oeuvre. In doing so, he gives English-language readers a more complete picture of the poet, whose verse ranged from short lyrics to longer poems and extended sequences, and whose themes ran not only to the moral, spiritual, and social spheres but also to the aesthetic and sexual, for which he is most known in the United States today. This volume shows how central poetry was to Pasolini, no matter what else he was doing in his creative life, and how poetry informed all of his work from the visual arts to his political essays to his films. Pier Paolo Pasolini was "a poet of the cinema," as James Ivory says in the book's foreword, who "left a trove of words on paper that can live on as the fast-deteriorating images he created on celluloid cannot." This generous selection of poems will be welcomed by poetry lovers and film buffs alike and will be an event in American letters.

Specificity and Dynamics of African Negro Cultures

An eighteenth-century Frenchman describes life in Paris, the events of the French Revolution, and his own fondness for pranks and jokes.

Records of South-Eastern Africa

In the distant future, Elijah is a member of the "Philosophical Police," who must solve conflicts that arise out of ignorance of the Other. Two species are fighting a war with roots in a crime committed centuries ago, and Elijah must solve the crime and bring peace between their species, while also confronting his own immortality in a world where science provides access to eternal life. In a world where death no longer exists, why do so many want to give up on life?

B+f

Robert Coover's detective novelette, STREET COP, is set in a dystopian world of infectious 'living dead,' murderous robo-cops, aging street walkers, and walking streets. With drawings by Art Spiegelman, this short tale scrutinizes the arc of the American myth, exploring the working of memory in a digital world, police violence and the future of urban life. STREET COP is provocative and prophetic, asking us to interrogate the line between a condemnable system and a sympathetic individual.

The Third Population

Keisha Ceylon is a psychic. At least, that's what she tells people. She watches the news for stories of missing people, then waits a few days and goes to see the family. She tells them she's had a vision

and that she may know where their missing loved one is—for a price, of course. Keisha's latest mark is Wendell Garfield, whose wife disappeared a week ago. She's seen him on TV, pleading for his wife to come home, or for whoever took her to let her go. Keisha tells Wendell her vision of what might have happened. Unluckily for Keisha, her vision turns out to be alarmingly close to the truth. As she wades deeper into the mystery, Keisha inadvertently finds herself caught in a web of suspicion and violence that's much more complicated than she first thought—and which may end up with her own disappearance... Also includes a preview of Linwood Barclay's newest thriller, *Trust Your Eyes*

Voyage to the Red Planet

Five children wake up in a city empty of all its inhabitants. They must learn to face danger and survive - alone. The 12th volume of a fascinating tale between fantasy and horror. Guaranteed to captivate old and young readers alike!

A Textbook of International Law

Rob Grafton and Louise Bright are in love and engaged to be married. When they unexpectedly find themselves unemployed, marriage plans are derailed and they are forced to rethink the direction of their lives. While Louise turns to school, Rob maintains a staunch desire to regain his old job, but when the company is itself shut down and hope is lost, Rob's depression not only keeps him from finding another job, but ends up repelling Louise, as well. Set in contemporary England, *BREAKFAST AFTER NOON* is a unique comic-book treat, choosing to focus on the twists and turns of real life rather than convoluted plots or the smoke-and-mirrors of the fantastic.

The Secret Venice of Corto Maltese. Fantastic and Hidden Itineraries

Seventy-year old avant-garde composer Peter Els opens the door one evening to find the police outside. His DIY microbiology lab has come to the attention of Homeland Security. Panicked by the raid on his house, Els flees and turns fugitive, waiting for the evidence to clear him and for the alarm surrounding his activities to blow over. But alarm turns to national hysteria. As Els feels the noose around him tighten, he embarks on a cross-country trip to visit, one last time, the people in his past who have most shaped his failed musical journey.
