How to Be Your Husband's Mistress

When a man cheats in a relationship, it's often too easy to blame him and not look at the reasons behind the betrayal. There are many times when something can be done to stop the affair before it even begins. How to Be Your Husband's Mistress helps women discover how to keep their husbands happy, how to tell if their husband is cheating and, if all else fails, how to move on if the relationship can't be saved. Written with insight, compassion and a fresh perspective, How to Be Your Husband's Mistress will bring a constructive and hopeful message to all women regarding the subjects of love, commitment and the prevention of betrayal. Nikki Perry was born and raised in New Orleans, Louisiana, where she currently resides. Ms. Perry has owned two production companies, N-Studios and Platinum Productions, since 2004. She produces three television shows - The Talk To Me New Orleans Show (which she also hosts), 504 Video Show, and New Orleans Live - and also owns Platinum Dance Studio. Ms. Perry is producing her first movie, Platinum, which will be out this year, along with a play called Ebony's Child. When not working, Ms. Perry loves spending time with her daughters, Ebony and Ayana, and her grandson Keenan. Ms. Perry is involved with many businesses in the New Orleans area, concentrating on community events and raising money for summer camps and toy drives. Ms. Perry's next book, Secrets, is a five-part series about relationships, focusing on sex, lies and betrayal. Publisher's website: <http://sbpra.com/NikkiPerry>

How to Be Your Husband's Mistress

When a man cheats in a relationship, it's often too easy to blame him and not look at the reasons behind the betrayal. There are many times when something can be done to stop the affair before it even begins. How to be your Husband's Mistress helps women discover how to keep their husbands happy, how to tell if their husband is cheating and, if all fails, how to move on if the relationship can't be saved.

Mistress

The last thing any wife would want to hear is that her husband cheating or let alone that he has a mistress. Just like the name mistress suggests; knowing that your husband has a mistress will undeniably be a source of stress. It is heartbreaking to get information of infidelity or cheating on your husband's part and that someone including your husband is not respecting your marriage. Although,

there could be problems within the marriage that need to be addressed but that should not give your husband and the other woman a right to break it down. Marriage is not a simple institution to go through because of its challenges such as raising children, arranging the household to proper order and taking care of your spouse's needs. The best ways to deal with your husband's mistress require you to be calm about the situation so that you don't end up in trouble. I can't say it's such an easy situation to deal with but from my experience; it's the best way to deal with the issue of that nature. Some approaches mentioned in the book might require you to inform her, not just about your existence, but also of your appearance and your determination to save your marriage. Other ways require that you remain undercover and the suspense of not knowing who is behind all of the stress creates just the right kind of agony she should get for snatching your man. Below are some hints on what you can expect to get from the book on how to get rid of your husband's mistress; * Do you want to know whether it is a good idea to tell your husband's mistress about your existence? What would be the best way to make a strong statement?* Ever stopped to think that your husband's email can be used to your advantage? If you do not know what email your husband uses then it's high time you got it. Using information in the book, you will learn how to use your husband's email to humiliate the mistress, totally. * If you are not the type that cooks or prepare meals for your husband, then it's high time you got a little busy in the kitchen. Make your time in the kitchen count; especially by helping to get rid of that mistress. * If you get information that the mistress is planning a short getaway which could even be with your husband, don't just sit back and start crying about it; do something. The book will show you how you can pull off a plan to leave her with a messy house. * Let the mistress get to experience some of the pain that you have been going through ever since you got to learn of her existence. In the book, you will learn of ways to share your pain with no one else but her. * Your husband's cell phone could also act as a great tool for humiliating the mistress. Find out how his cell phone could be of use to you.* Did you know that it's possible to leave marks on your husband? Get to know the type of marks and where to leave them so that the mistress can notice them.* Find out how you can show the mistress love and shock her at the same time* Give her a call that will leave her speechless. In the book, I will tell you what to say to her that will get her to admit to seeing your husband and will make her end the whole affair without you forcing her to do so. When my husband started cheating and found out that he had actually found himself a mistress; I did not take it in well at all and wanted the worst for the mistress that was causing me all this pain. Eventually, I discovered some subtle and other ways to deal with the situation and it was magical. Some of the might seem ineffective but remember it depends on the kind of person who is on the receiving end (the mistress); what might seem ineffective on one will do just well on another. These ways have worked for me and I am pretty sure that you will find at least one that will not just make a difference but work for you fully. A single way may be effective on its own or you might need one or two extra. Details on the above ways are available for you to explore in the book.

How to Beat My Husband'S Mistress.

How to Beat My Husband's Mistress is the first book of its kind. While many women choose divorce in the face of infidelity, this book argues wives don't have to abandon their marriages, lives, or accomplishments, nor subject their children (if they have them) to the cruel effects of infidelity and divorce. Instead, it offers wives alternatives to beat their husbands' mistresses with dignity and class, without any physical or electronic contact. How to be Married

At age thirty-four, Jo Piazza got her romantic-comedy ending when she met the man of her dreams on a boat in the Galápagos Islands and was engaged three months later. But before long, Jo found herself riddled with questions. How do you make a marriage work in a world where you no longer need to be

married? How does an independent, strong-willed feminist become someone's partner -- all the time? Journalist and author Jo Piazza writes a memoir of a real first year of marriage that will forever change the way we look at matrimony. A travel editor constantly on the move, Jo journeys to twenty countries on five continents to figure out what modern marriage means. Throughout this personal narrative, she gleans wisdom from matrilineal tribeswomen, French ladies who lunch, Orthodox Jewish moms, Swedish stay-at-home dads, polygamous warriors, and Dutch prostitutes. *How to Be Married* offers an honest portrait of a couple. When life throws more at them than they ever expected -- a terrifying health diagnosis, sick parents to care for, unemployment -- they ultimately create a fresh understanding of what it means to be equal partners during the good and bad times.

Divorced Girl Smiling

Smile! It's not just the end of your marriage, it's the beginning of your second chance! Missy Benson has a two and a half carat diamond engagement ring with color grade H, VS2 clarity and a value of \$36,000. It's absolutely gorgeous, practically flawless, and let's be honest, really big! But what the successful Chicago realtor doesn't have anymore is a husband. After 12 years of marriage, her husband, Paul, a handsome, wealthy attorney has devastated her by breaking up their marriage for Priscilla Sommerfeld, a young, personal trainer, who according to Missy's sassy assistant, J.J., looks more like a Las Vegas stripper than a fitness expert. Not sure what to do with her ring, and with no financial issues to worry about, Missy decides to put it up for sale on Craigslist. The price: 99 cents! The catch: She gets to pick the buyer. In essence, she's looking for the perfect guy, but not for herself. Her hope is to regain faith that good men do exist, and that marriages can last forever. Now referring to herself as "the divorced girl," Missy interviews dozens of young men who are vying for the huge ring. It's a contest that includes outrageous characters, hilarious and sentimental stories, and two finalists, both of whom Missy adores and who she must choose between. Then there's Parker Missoni, the sexiest contestant by far, who drives her crazy with his brutal honesty, and at the same time stops her heart with his deep brown eyes. *Divorced Girl Smiling* is the story of a woman's journey to do whatever it takes to heal herself from divorce. It's about acceptance, reflection, taking accountability for mistakes, and appreciating all of life's wonderful gifts. In other words, if you have the guts to put the past behind, admit your mistakes, embrace your future, and give love another chance, you will surely be a divorced girl smiling.

I Love You, But I'm Not In Love With You

From bestselling author Jo Piazza comes one of People's "Best Summer Books," a "comically accurate" (New York Post) novel about what happens when a woman wants it all—political power, marriage, and happiness. Charlotte Walsh is running for Senate in the most important race in the country during a midterm election that will decide the balance of power in Congress. Reeling from a presidential election that shocked and divided the country and inspired to make a difference, she's left her high-powered job in Silicon Valley and returned, with her husband and three young daughters, to her downtrodden Pennsylvania hometown to run for office in the Rust Belt state. Once the campaign gets underway, Charlotte is blindsided by just how dirty her opponent is willing to fight, how harshly she is judged by the press and her peers, and how exhausting it becomes to navigate a marriage with an increasingly ambivalent and often resentful husband. When the opposition uncovers a secret that could threaten not just her campaign but everything Charlotte holds dear, she must decide just how badly she wants to win and at what cost. "The essential political novel for the 2018 midterms" (Salon), Charlotte Walsh Likes to Win is an insightful portrait of what it takes for a woman to run for national office in America today. In a dramatic political moment like no other with more women running for office than ever before, this searing, suspenseful story of political ambition, marriage, class, sexual politics, and infidelity is timely, engrossing, and perfect for readers on both sides of the aisle.

Leave a Cheater, Gain a Life

Your old life has been turned upside down. Perhaps your partner has threatened to leave, you've discovered infidelity or your relationship has completely broken down and you're determined not to make the same mistakes again. Maybe, you've simply taken stock and decided your life doesn't work any more. Whatever the background, deciding to change is a really positive move. However, willpower alone isn't enough—nor sweeping declarations of how 'this time it will be different'. To combat bad habits, procrastination, a partner who is sceptical or parents, friends and family who can't see anything but the 'old you', you'll need to make changes that are both deep down (to tackle the hidden factors that are trapping you) and long-lasting (so you don't slide back into the old ways). Marital Therapist Andrew G. Marshall has brought thirty years' experience helping couples and individuals to create a proven plan for change. In this compassionate book he explains: Why real change is harder than you think. The six unhelpful myths about change that are holding you back. How to take control of your past.
