Guitar World Presents Nu-metal

Once again proving its indestructible, eternal appeal, metal is in yet another renaissance, be it the aggressive marriage of rap and metal or the expansive soundscapes of "stoner rock." From the nightmarish theatrics and irresistible hooks of the 9-member band Slipknot to the buzz saw aggression of Korn to the anarchic party vibe of Limp Bizkit, metal continues to change with the times, picking up seemingly disparate styles and making them new again. Guitar World has never failed to offer the best coverage of this enduring and explosive scene, and the collected pieces here are a must for every metal fan.

Hipster Christianity

Insider twentysomething Christian journalist Brett McCracken has grown up in the evangelical Christian subculture and observed the recent shift away from the "stained glass and steeples" old guard of traditional Christianity to a more unorthodox, stylized 21st-century church. This change raises a big issue for the church in our postmodern world: the question of cool. The question is whether or not Christianity can be, should be, or is, in fact, cool. This probing book is about an emerging category of Christians McCracken calls "Christian hipsters"--the unlikely fusion of the American obsessions with

worldly "cool" and otherworldly religion--an analysis of what they're about, why they exist, and what it all means for Christianity and the church's relevancy and hipness in today's youth-oriented culture.

Key Words in Religion, Media and Culture

'From The Passion of the Christ to the presumed 'clash of civilizations', religion's role in culture is increasingly contested and mediated. *Key Words in Religion, Media, and Culture* is a welcome and interdisciplinary contribution that maps the territory for those who aim to make sense of it all. Highlighting the important concepts guiding state-of-the-art research into religion, media, and culture, this book is bound to become an important and frequently consulted resource among scholars both seasoned and new to the field.' –Lynn Schofield Clark 'David Morgan has assembled here a fine team of scholars to prove beyond a doubt that the intersections of religion, media, and culture constitute one of the most stimulating fields of inquiry around today...This highly useful and theoretically sophisticated text will likely assume 'ritual' status in this emergent field.' – Rosalind I. J. Hackett, University of Tennessee, US 'This volume is a major intervention in the literature on religion, media and culture. Drawing together leading international scholars, it offers a conceptual map of the field to which students, teachers and researchers will refer for many years to come. The publication of *Key Words in Religion, Media and Culture* is a significant moment in the formation of this area of study, and sets a standard for cross-disciplinary collaboration and theoretical and methodological sophistication for future work in this area to follow.' – Gordon Lynch, Birkbeck College, University of London, UK 'This book offers a range of refreshing essays on the relationships between media and religion. Its selected keywords open doors to understanding contemporary society. The cultural perspectives on mediation and religious practices give some illuminating and surprising analyses.' – Knut Lundby, University of Oslo, Norway

Producing Hit Records: Secrets from the Studio

Behind the scenes and topping the charts - today's most respected record producers share their secrets. From the Rolling Stones to Green Day to Norah Jones to the Dixie Chicks, record producers have always played an integral role in the success of an artist. In this fascinating account of how record producers shape the hits and the careers of major artists, author David Farinella talks to the men and women who've launched a thousand careers and pushed their collaborators to multi-Platinum success. He explores the chemistry between artist and producer and presents a treasure trove of sound practical tips for anyone wanting to produce. David John Farinella has been writing about music since 1990, concentrating his attention on performers, songwriters, record producers, and occasionally the personality that fuses them all. He's written for Rolling Stone, the San Francisco Chronicle, Billboard, Mix, Guitar Player, Spin, Alternative Press, Performing Songwriter, Modern Drummer, Hollywood Reporter and many others. Although Farinella has interviewed some legendary performers, it is the story behind the story that constantly fascinates him. Some of his most memorable professional moments have come in the studio as performers and producers put their hearts into the intricacies of a song.

Faith, God & Rock 'n' Roll

God Rocks! Or at least for an increasing fraction of the global population he does. No longer associated with evangelical 'happy clappers' sporting tambourines and sandals, these days the Christian message is being delivered by a swelling number of faithful musicians from every genre - rock, pop, R&B, dance and country. Of course, the real aim to promote God remains, but at least it's not so cringeworthy anymore.

SPIN

From the concert stage to the dressing room, from the recording studio to the digital realm, SPIN surveys the modern musical landscape and the culture around it with authoritative reporting, provocative interviews, and a discerning critical ear. With dynamic photography, bold graphic design, and informed irreverence, the pages of SPIN pulsate with the energy of today's most innovative sounds. Whether covering what's new or what's next, SPIN is your monthly VIP pass to all that rocks.
