Slow Burn

When a woman returns to her tiny hometown after a long absence, she is stunned to find herself implicated in a decades-old murder and is left in the position of not knowing whom she can trust, or whom she should fear the most.

Slow Burn

"A pictorial chronicle of the Centralia, Pennsylvania, mine fire disaster in 1962, which led, decades later, to the destruction of the town. Includes interviews and historical background"--Provided by publisher.

The Ferrante Letters

Like few other works of contemporary literature, Elena Ferrante's Neapolitan novels found an audience of passionate and engaged readers around the world. Inspired by Ferrante's intense depiction of female friendship and women's intellectual lives, four critics embarked upon a project that was both work and play: to create a series of epistolary readings of the Neapolitan Quartet that also develops new ways of reading and thinking together. In a series of intertwined, original, and daring readings of Ferrante's work and her fictional world, Sarah Chihaya, Merve Emre, Katherine Hill, and Juno Jill Richards strike a tone at once critical and personal, achieving a way of talking about literature that falls between the seminar and the book club. Their letters make visible the slow, fractured, and creative accretion of ideas that underwrites all literary criticism and also illuminate the authors' lives outside the academy. The Ferrante Letters offers an improvisational, collaborative, and cumulative model for reading and writing with others, proposing a new method the authors call collective criticism. A book for fans of Ferrante and for literary scholars seeking fresh modes of intellectual exchange, The Ferrante Letters offers incisive criticism, insouciant riffs, and the pleasure of giving oneself over to an extended conversation about fiction with friends.

Slow Burn

Slow Burn: Zero Day

A new flu strain has been spreading across Africa, Europe, and Asia. Disturbing news footage is flooding the cable news channels. People are worried. People are frightened. But Zed Zane is oblivious. Zed needs to borrow rent money from his parents. He gets up Sunday morning, drinks enough tequila to stifle his pride and heads to his mom's house for a lunch of begging, again. But something is wrong. There's blood in the foyer. His mother's corpse is on the living room floor. Zed's stepdad, Dan is wild with crazy-eyed violence and attacks Zed when he comes into the house. They struggle into the kitchen. Dan's yellow teeth tear at Zed's arm but Zed grabs a knife and stabs Dan, thirty-seven times, or so the police later say. With infection burning in his blood, Zed is arrested for murder but the world is falling apart and he soon finds himself back on the street, fighting for his life among the infected who would kill him and the normal people, who fear him.

Slow Burn

'Leather's latest full-throttle thriller could hardly be more topical . . . it hurtles off the page, grabbing the reader by the throat' Daily Mail 'This cracking Spider Shepherd thriller zips along like a sniper's bullet' The Sun Should we bring them back? There are thousands of jihadi brides in refugee camps

in the Middle East. Some of them were once British before they were stripped of their citizenship. Were they brainwashed or simply naive when they set out for Syria as teenagers? And, if they were allowed to return, would they pose a threat to our country? Spider Shepherd is about to be sent on an extraordinary mission to the Syrian border by his MI5 boss. There he will have to decide which of the women he meets is still a threat, and if not, which of them has information useful to the Secret Service and can be allowed back. His are life or death decisions. But there is one bride he must take back to the UK whatever her circumstances. She is the wife of a notorious ISIS bombmaker, Salam Jaraf. Jaraf is an asylum seeker who has information on terrorist cells in Britain. But the bombmaker will only tell MI5 what he knows if his wife and son are brought to him. However, it soon becomes obvious that hostile forces are following Spider and Mrs Jaraf across Turkey. Bringing this woman back from the warzone will become one of the most dangerous missions Spider has ever undertaken.

Slow Burn City

A provocative, brilliant and humane new book from 'one of our most intelligent architecture critics' (Daily Telegraph). London has become the global city above all others. Money from all over the world flows through it; its land and homes are tradable commodities; it is a nexus for the world's migrant populations, rich and poor. Versions of what is happening in London are happening elsewhere, but London has become the best place to understand the way the world's cities are changing. Some of the transformations London has undergone were creative, others were destructive; this is not new. London has always been a city of trade, exploitation and opportunity. But London has an equal history of public interventions, including the Clean Air Act, the invention of the green belt and council housing, and the innovation of the sewers and embankments that removed the threat of cholera. In each case the response was creative and unprecedented; they were also huge in scale and often controversial. The city must change, of course, but Moore explains why it should do so with a 'slow burn', through the interplay of private investment, public good and legislative action. Fiercely intelligent, thought-provoking, lucidly written and often outrageously and uncomfortably funny, *Slow Burn City* is packed with fascinating stories about the physical fabric of London in the twenty-first century. But by seeing this fabric as the theatre of social and cultural struggles, Moore connects the political and architectural decisions of London's enfeebled and reactive government with the built environment that affects its inhabitants' everyday lives. In this urgent and necessary book, Moore makes a passionate case for London to invent new ways to respond to the pressures of the present, from which other cities could learn.

A Slow Fire Burning

NATIONAL BESTSELLER NEW YORK TIMES BESTSELLER Years ago someone lit a match... Laura has spent most of her life being judged. She's seen as hot-tempered, troubled, a loner. Some even call her dangerous. Miriam knows that just because Laura is witnessed leaving the scene of a horrific murder with blood on her clothes doesn't mean Laura is a killer. Bitter experience has taught her how easy it is to get caught in the wrong place at the wrong time. Carla is reeling from the brutal murder of her nephew. She trusts no one and no thing: good people are capable of terrible deeds. But how far will she go to find peace? Innocent or guilty, everyone is carrying damage. Some are damaged enough to kill. Look what you started.

Managed

It started off as a battle of wits. Me: the ordinary girl with a big mouth against Him: the sexy bastard with a big...ego. I thought I'd hit the jackpot when I was upgraded to first class on my flight to London. That is until HE sat next to me. Gabriel Scott: handsome as sin, cold as ice. Nothing and no one gets to him. Ever. He's a legend in his own right, the manager of the biggest rock band in the world, and an arrogant ass who looks down his nose at me. I thought I'd give him hell for one, long flight. I didn't expect to like him. I didn't expect to want him. But the biggest surprise? He wants me too. Only in a way I didn't see coming. If I accept his proposal, I leave myself open to falling for the one man I can't manage. But I'm tempted to say yes. Because the real man beneath those perfect suits and that cool façade just might be the best thing that's ever happened to me. And I just might be the only one who can melt the ice around his heart. Let the battle begin...

Slow Burn

She doesn't want to deal with the past... Ten years ago, Ashley Fitzgerald witnessed the death of her parents in a tragic fire and her mind blocked the memory. She pretends to have moved on, is a successful artist and photographer, until she opens her door to a stranger, assumes he's a model and asks him to strip to his briefs. He plans to expose the truth... Wealthy businessman Ron Noble has the body, the jet, the fast cars and the women, but he hides a deadly secret. His father started the fire that killed Ashley's parents. Now someone is leaving him clues that could exonerate his father and they lead to Ashley's door. Blindsided by the blazing attraction between them and a merciless killer silencing anyone who was there the night of the fire, Ron can't dare tell Ashley the truth. Yet the answer he seeks may very well tear them apart. While a demented arsonist plots his ultimate revenge...

Just One Touch

#1 USA Today and New York Times bestselling author Maya Banks continues her suspenseful and sizzling Slow Burn series with the fifth book featuring the men and women of Devereaux Security Services. Raised in a strict religious cult since she was a young girl, Jenna has no connection to the outside world beyond vague flashes of memory that seem to be from another life. Memories she clings to when the cult leaders discover her extraordinary ability to heal—and punish her. Years held captive and forced to do the cult's bidding have turned Jenna into a meek, timid woman...or so they think. In truth, she is merely biding her time, waiting for the perfect moment to escape. When a terrified young woman tries to steal the SUV of Devereaux Security's toughest recruit, Isaac's anger quickly turns into a strange sort of protectiveness for the beautiful, bruised stranger. But when they are caught in a firestorm of bullets and Isaac is hit, he's sure the end is near, until Jenna touches him and closes his wounds. As he tries to bring Jenna to safety, she refuses to tell him what danger haunts her or how she healed him, but Isaac vows to do whatever it takes to gain her trust...and her heart. Because with just one touch, Isaac knows he wants Jenna to be his—forever.

See What I Have Done

"One of America's most notorious murder cases inspires this feverish debut" novel that goes inside the mind of Lizzie Borden (The Guardian). On the morning of August 4, 1892, Lizzie Borden calls out to her maid: Someone's killed Father. The brutal ax-murder of Andrew and Abby Borden in their home in Fall River, Massachusetts, leaves little evidence and many unanswered questions. In this riveting debut novel, Sarah Schmidt reimagines the day of the infamous murders as an intimate story of a family devoid of love. While neighbors struggle to understand why anyone would want to harm the respected Borden family, those close to the family have a different tale to tell of a father with an explosive temper, a spiteful stepmother, and two spinster sisters desperate for their independence. As the police search for clues, Lizzie's memories of that morning flash in scattered fragments. Had she been in the barn or the pear arbor to escape the stifling heat of the house? When did she last speak to her stepmother? Were they really gone and would everything be better now? Shifting among the perspectives of the unreliable Lizzie, her older sister Emma, the housemaid Bridget, and the enigmatic stranger Benjamin, the events of that fateful day are slowly revealed through a high-wire feat of storytelling.

With Every Breath

#1 USA Today and New York Times bestselling author Maya Banks continues her suspenseful and sizzling Slow Burn series with this fourth book—a mesmerizingly sexy tale of a strong, brilliant woman who encounters the one man who makes her lose all control. Eliza Cummings fought free of a monster who terrorized her when she was an innocent teenager and helped put him away for good. She took a job with Devereaux Security Services and devoted every hour to taking down the very thing she'd nearly become. No one, not even those closest to her, know her darkest, shameful secrets. But now the killer has been set free on a legal loophole and it's only a matter of time before he comes for her. Eliza's only choice is to run and lead the monster away from the people she loves. Wade Sterling has always lived by his own rules, a law unto himself who answers to no one. He's never professed to be a good man, and he's definitely not hero material. Wade never allows anyone close enough to see the man behind the impenetrable mask—but one woman threatens his carefully leashed control. He took a bullet for her and the result was more than a piece of metal entrenched in his skin. She was under his skin and nothing he did rid himself of the woman with the courage of a warrior and who thinks nothing of putting her life before others. But when Wade sees a panicked and haunted Eliza he knows something is very wrong, because the fool woman has never been afraid of anything. And when she tries to run, the primal beast barely lurking beneath his deceptively polished façade erupts in a rage. She may not know it, but she belongs to him. This time, Eliza isn't going to play the protector. She was damn well going to be the protected. And as long as Wade breathes, no one will ever hurt what is his.

The Gods of Tango

February 1913: seventeen-year-old Leda, clutching a suitcase and her father's cherished violin, leaves her small Italian village for a new home (and husband) halfway across the world in Argentina. Upon her arrival in Buenos Aires, Leda is shocked to find that her bridegroom has been killed. Unable to fathom the idea of returning home, she remains in this unfamiliar city, living in a commune, without friends or family, on the brink of destitution. She finally acts on a passion she has kept secret for years: mastering the violin. Leda is seduced by the music that underscores life in the city: tango, born from lower-class immigrant voices, now the illicit, scandalous dance of brothels and cabarets. Leda knows, however, that she can never play in public as a woman, so she cuts off her hair, binds her breasts, and, as a young man, joins a troupe of musicians bent on bringing tango into the salons of high society. As time progresses, the lines between Leda and her disguise will begin to blur, and feelings that she has long kept suppressed will reveal themselves, jeopardizing not only her music career but her life itself. With evocative scenery, prose suffused with the rhythms of the tango, and a deep, resonant core, De Robertis delivers her most accomplished novel yet. This eBook edition includes a Reading Group Guide.

Missing Time: Essays

Over the past few years, in essays published in n+1, Jewish Currents, and elsewhere, Ari M. Brostoff has grappled with the intellectual upheavals and political contradictions that surfaced during the Trump era. After the breaking point of the 2016 election, Brostoff writes, "the world came back into hideous

focus" and they began to feel, for the first time, "like a long-term inhabitant of the present." Missing Time collects five remarkable essays and a new introduction that trace the return of the 20th century's political and cultural repressed in personal and collective terms. In prose that is simultaneously sharp and soulful, mournful and ecstatic, Brostoff offers lucid considerations of the reemergent millennial left, the enigmas of the X-Files, the complexities of Philip Roth's (anti-)Zionism, and other novelties, atavisms, and atavisms newly reborn as novelties. From the communist ardor of the Bronx circa 1940 to the '90s haze of the San Fernando Valley to a Brooklyn apartment building's tenants' association in the midst of a global pandemic, Missing Time collapses past and present into a revelatory encounter with very recent history.

Long Slow Burn

Kath Weston's powerful collection of essays, Long, Slow Burn, challenges the preconception that queer studies is the brainchild of the humanities and argues that social science has been talking about sex all along. To deny this one would have to overlook Kinsey's pioneering sex research in the 1950s, or the psychiatrist Evelyn Hooker's pathbreaking study of homosexuality, but also in the "sex talk" that lies at the heart of classic debates on kinship, inequality, cognition, and other foundational topics in the social sciences. What is different now, Weston claims, is the way sexuality has been isolated from other contemporary issues. Not content with its ghettoization as a contained subfield, Weston refuses to draw an artificial line around sexuality.
