We offer the entire version Durban Staff Nurse Jobs at no cost.

The State Enrolled Nurse

This book offers nurse educators a single text that covers the curriculum development process alongside some examples of innovation in approaches to nurse education.

The Enrolled Nurse

In an era of globalization, population growth, and displacements, migration is now a fact of life in a constantly shifting economic and political world order. This book contributes to the discourse on the beneficiaries, benefactors, and the casualties of African displacement. While the few existing studies have emphasized economic motivation as the primary factor triggering African migration, this volume treats a range of issues: economic, socio-political, pedagogical, developmental, and cultural. Organized with a multidisciplinary thrust in mind, this book argues that any discussion of African migration, whether internal or external, must be conceived as only one aspect of a more complex, organic, and global patterning of "flux and reflux" necessitated by constantly shifting dynamics of world socio-economic, cultural, and political order.

Focus on Nurse Recruitment

UK. Report on the role of the nurse and the midwives in the hospital and in the community and on the education and training required for that role - covers the public image of nursing and the actual working conditions, training courses and admission requirements, human resources planning, promotion opportunities and career structures, etc., and includes a list of recommendations. References and statistical tables.

Report of the Committee on Senior Nursing Staff Structure

In the past few years nursing - its structure, training procedure and qualifications - has undergone significant changes as a profession.

Working as a Nurse

Counseling the Nursing Mother: A Lactation Consultant's Guide, Seventh Edition presents topics within a counseling framework with practical suggestions and evidence-based information interwoven throughout. Additionally, the Seventh Edition is an ideal study guide for International Board Certified Lactation Consultant (IBCLC) certification and practice.

Nursing Times, Nursing Mirror

Tells the stories of real people working in the nursing profession in Australia now.

Curriculum Development in Nursing

This book explores the impacts of HIV/AIDS and neoliberal globalization on the occupational health of public sector hospital nurses in KwaZulu-Natal, South Africa. The story of South African public sector nurses provides multiple perspectives on the HIV/AIDS epidemic-for a workforce that played a role in the struggle against apartheid, women who deal with the burden of HIV/AIDS care at work and in the community, and a constituency of the new South African democracy that is working on the frontlines of the HIV/AIDS epidemic. Through case studies of three provincial hospitals in KwaZulu-Natal, set against a historical backdrop, this book tells the story of the HIV/AIDS epidemic in the post-apartheid period.

The Human Cost of African Migrations

During the Second World War, more than 4,000 civilian nurses enlisted as Nursing Sisters, a specially created all-female officers' rank of the Canadian Armed Forces. They served in all three armed force branches and all the major theatres of war, yet nursing as a form of war work has long been under-explored. An Officer and a Lady fills that gap. Cynthia Toman analyzes how gender, war, and medical technology intersected to create a legitimate role for women in the masculine environment of the military and explores the incongruous expectations placed on military nurses as "officers and ladies."

A Training Manual for Associate Ministers

The Associate Minister is often like a lost ball in high weeds in the Black Baptist Church. Since the Associate most always has no official designation within the church, most don't know where they fit. At times, we have not known what to do with them. This manual is designed to help guide and develop the Associate to prepare for effective ministry and line up with the vision of the House.

How to Lead a Church to Reach People and Grow

This book presents a unique approach to church growth. It is written mainly to help churches that are declining, but will help all churches. The underlying premise is that churches do not grow and reach new people because they do not know how, or because they are so poorly structured and organized that they spend most of their time and efforts in conflict. This disrupts the fellowship and leaves very little time and energy for reaching new people. The subtitle could be, "Fifteen Essential Steps To Growth"- Basic growth and administrative principles. The combining of these areas makes this a unique book. Young has brought together these basic elements, from over 40 years of experience. . The book is a practical guide for a local church to follow to function efficiently and effectively, and reach people for Christ. When the steps are followed, and in the proper order, the church can pretty well be assured of growth and effective ministry. Dr. Robert A. Young is currently President of Samuelite Corp., Church Outreach and Consulting. He served as Associate Pastor/Administration of Walnut Street Baptist Church, Louisville, KY, and Park Cities Baptist Church, Dallas, TX, and President of the National Association of Church Business Administration. He has conducted "Total Church Consultations" and Capital Fund Campaigns for churches of all sizes and denominations. He is now available to serve churches as a consultant in these areas. He is also the author of "The Development of A Church Manual of Administrative Policies".

The Standard Manual for Baptist Churches

A man who's been transformed by Christ and desires to preach the gospel might say he feels called to be a pastor. This personal conviction, while heartfelt, doesn't acknowledge important, challenging steps necessary to be a qualified leader. So where should full-time ministry begin? In *The Path to Being a Pastor*, Bobby Jamieson explains why it's better to emphasize "aspiration" over "calling" as men pursue the office of elder and encourages readers to make sure they are pastorally gifted before considering the role. He shares from his own eleven-year experience preparing to be a pastor by walking potential leaders through different stages of ministry training, from practical steps—such as cultivating godly ambition and leadership, observing healthy churches, and mastering Scripture—to personal advice on building a strong family and succeeding in seminary. Emphasizing the importance of prayer, godly counsel, and immersion in the local church, Jamieson encourages men to ask Am I qualified? instead of Am I called? when considering a life in ministry.

The Path to Being a Pastor

Guidebook for Church Leaders and Officers was published to assist leaders in the ministry who need assistance in the daily operations of church administration. Dr. Mercer believes that leaders (male or female) who enter the ministry should be fully equipped in the unity of faith with knowledge of kingdom principles to fully operate in the body of Christ. She believes that a church working together is successful when members understand their roles and responsibilities. Finally, Dr. Mercer believes that communication between church leaders and officers is the key component in doing a job well for the Lord.

Guidebook for Church Leaders and Officers

Capitol Hill Baptist Church associate pastor Michael Lawrence contributes to the IXMarks series as he centers on the practical importance of biblical theology to ministry. He begins with an examination of a pastor's tools of the trade: exegesis and biblical and systematic theology. The book distinguishes between the power of narrative in biblical theology and the power of application in systematic theology, but also emphasizes the importance of their collaboration in ministry. Having laid the foundation for pastoral ministry, Lawrence uses the three tools to build a biblical theology, telling the entire story of the Bible from five different angles. He puts biblical theology to work in four areas: counseling, missions, caring for the poor, and church/state relations. Rich in application and practical insight, this book will equip pastors and church leaders to think, preach, and do ministry through the framework of biblical theology.

Biblical Theology in the Life of the Church (Foreword by Thomas R. Schreiner)

A Guide to Ministry Self-Care offers a comprehensive and up-to-date overview of both the causes of stress and strategies for effective self-care. Written for both new and long-time ministers, the book addresses a wide range of life situations and explores many forms of self-care, from physical and financial to relational and spiritual.

The Baptist Handbook

A Self-Help Guide for Clergy and other Faith-Based Leaders

Cobb's Baptist Church Manual

The Associate Minister's Handbook is the tool every associate minister must have in their possession. Bishop Willis speaks to the associate who has received the call to the rank of clergy and is in need of standard protocol in the position. It is this handbook that will provide keen insight to assist every associate with the "to do's" in ministry. From the 12 Nevers that an associate should never do to what to do to prepare to preach. The Associate Minister's Handbook responds to the call to help any associate in their development and growth. The Associate Minister's Handbook is a book that has researched the role of an associate from a historical perspective and assists any associate to function in the practical. Whether it's what to wear in the pulpit, what to do when visiting a church, or whether it's time to submit your resignation, The Associate Minister's Handbook is available to help provide guidance to those who serve in this leadership capacity.

A Guide to Ministry Self-Care

Suggestions for performing the various tasks of the pastor. Includes vital information and examples for all types of services and ceremonies.

The Complete Minister's Survival Guide

With 110 million members worldwide, Baptists are surpassed only by Roman Catholic and Orthodox groups as the largest segment of Christians. The term 'Baptist' has its origins with the Anabaptists, the denomination historically linked to the English Separatist movement of the 16th century. Although Baptist churches are located throughout the world, the largest group of Baptists lives in the Southern United States, and the Baptist faith has historically exerted a powerful influence in that region of the country. The A to Z of the Baptists relates the history of the Baptist Church through a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on important events, doctrines, and the church founders, leaders, and other prominent figures who have made notable contributions. This volume commemorates the 400th anniversary of the founding of the Baptist movement in 1609.

Free Will Baptist Ministers Manual

Though the church universal is an ancient institution, the contemporary ministry landscape is always changing. That's why a new resource with useful information about Christian organizations is needed. The Essential Handbook of Denominations and Ministries is an easy-to-use guide to more than 200 of the largest denominations and 300 ministries in the United States. The entries for organizations include a brief history and summary, a contemporary profile, and discussion on doctrinal emphases, creeds, membership, and interdenominational and ecumenical alliances. Pastors, ministry leaders, community leaders, and students will find this resource a helpful guide as they seek to understand Christian denominations and ministries.

The Associate Minister's Handbook

Perfect for new and seasoned ministers, worship leaders, and seminarians, this comprehensive and practical revision offers guidance for planning various worship services, including: Order of service outlines, Scriptures, prayers, and readings (for the Christian year and calendar year), Communal celebrations and transitions-including weddings, funerals, baby dedications, and ordinations, Congregational observances-including pastoral installations and church dedications and decommissioning services, Hymn and song suggestions [NEW!] Book jacket.

Southern Baptist Handbook

For most pastors and church staff members, gone are the days of serving at the same church for twenty or thirty years. What's more, the landscape of pastoral hiring has changed, with the advent of more sophisticated search committees, the Internet, and professional search firms. But the fine art of changing churches or moving to a new career isn't something most of us learned in seminary. Whether you are searching for your first position or are a seasoned veteran wrestling with if, when, and how to move on, *Moving On, Moving Forward* will help you navigate the ins and outs of the ministry employment maze. Based on research with nearly 200 pastors who themselves have gone through transitions in ministry, this book uniquely addresses the needs of people in ministry. It deals with the crucial and sometimes painful emotional and familial issues involved in ministry transition. And it is immensely practical and informed by many real-life examples. Topics covered include dealing with search committees, writing a letter of resignation, preparing a resume, negotiating compensation, and more. Includes charts and worksheets.

The Pastor's Manual

A Pastor's Guide to Conducting a Funeral: Things Every Pastor Needs to Know, But May Have Been Afraid to Ask gives pastors, chaplains, and other caregivers clear and concise guidance for responding to the profound needs of people facing the deaths of loved ones. It is a tool that every ministry student and pastor can benefit from. Dr. Gregory F. Jackson, senior pastor of the First Southern Baptist Church in Camden, Ohio, has shared over two hundred funerals with the people of his rural community during the past seventeen years. These experiences shape the book's research and guide its practical and timely advice. Young pastors may wonder, "What should I say and do at the funeral home or at the grave? What will help families face their losses with faith and trust in God?" Older pastors might ask, "How can I refresh my ministry at the time of death?" No matter what stage of ministry you find yourself in, this book can be your companion. It can help you when you are uncertain about the best approach to a family's grief or when you need insight into to a family's special needs. This is a book that every

pastor needs to read. Each chapter includes results of surveys of pastors and funeral directors and ends with a short list of insights pastors need to know to serve more compassionately and effectively. As an added bonus, the book concludes with "A Baker's Dozen of Funeral Director Nuggets," sharing the most important tips funeral directors wished pastors knew about how to lead thoughtful funeral services with dignity. My friend Greg Jackson has given every pastor not only a guide for conducting funerals, but a gift! His personal and practical insights will assist us in ministering to the hurting. THIS is a winner! Dr. Ernest L. Easley, Senior Pastor Roswell Street Baptist Church Marietta, Georgia Conducting A Funeral is a must read for every pastor. Pastor Greg Jackson offers so many helpful tips on how a pastor can effectively and intentionally minister to families who are dealing with death. I believe you will also find, as I did, the chapter on the importance of the pastor's relationship with a funeral director to be especially helpful. As important as this moment of ministry is in the lives of those trying to make sense of the painful reality of death, it is vital that every pastor be prepared. This book is very well written and will assist both the novice as well as the experienced pastor in maximizing their effectiveness in ministry. I recommend you read it. Dr. Michael Landry, Senior Pastor, Sarasota Baptist Church Thank you Greg!!! Your honesty, compassion, and obvious wisdom as a Senior Pastor at the same church for an extended number of years comes through on every page! Funerals and death are always a challenge, even for the most seasoned pastor. Thus, I whole-heartedly recommend this book for any person in ministry, especially if you are just starting out! Dr. David Wheeler, Associate Director of Ministry Training Center, Professor of Evangelism Liberty Baptist Theological Seminary

The Baptist Church Manual: Being a Guide to the Origin, Structure, Polity, Principles, Doctrines, Discipline, and Practices of Regular Baptist Churches

A Guide to Worship Ministry centers on four main areas of worship ministry: preparing for worship ministry, leading the worship ministry, preparing for Sunday, and discipling the generations through worship ministry. The book addresses topics such as discerning your call to ministry, working on a church staff, planning and leading worship services, and equipping your worship teams. A Guide to Worship Ministry looks at the day-to-day work of the worship minister, offering insights and personal stories. It is an important book for those getting started in worship ministry and a refresher for those who have years of experience in ministry.

The A to Z of the Baptists

Stanley J. Grenz seeks to build upon emphases that have been significant throughout Baptist history?the personal nature of the salvation experience, the ordinances of believer's baptism and the Lord's Supper, primacy of Scripture, the church as a company of the redeemed, and the concept of separation of church and state. Questions relating to each chapter will stimulate group interaction and provide thought for personal reflection. Baptists of all fellowships and affiliations will find this book an invaluable resource for understanding the foundations of Baptist beliefs and polity.

Church Members' Guide for Baptist Churches

The Single Most Comprehensive Resource for Preaching and Worship "Students, teachers, Bible study leaders, but especially preachers, will discover a treasure trove here. Search and mine it for new perspectives on old stories, fresh Biblical insights into current issues, ways of seeing outside the box. You'll find yourself nourished and strengthened!" —Rev. Dr. James W. Crawford, minister emeritus, The Old South Church, Boston, Massachusetts "No other compilation offers more comprehensive resources to assist the parish minister in planning every aspect of weekly worship." —William E. Hull, research professor, Samford University, Birmingham, Alabama For more than eighty years, The Minister's Manual has been the standard by which all other preaching annuals are measured. The book's research-based content and searchable CD-ROM make this non-denominational resource even more helpful to today's busy pastor. The 2010 Minister's Manual is the comprehensive and traditional resource pastors have come to rely on. Filled with practical features, this new edition is designed to be user-friendly and the handy CD-ROM makes the book's material easily accessible. Turn to The Minister's Manual for: Complete sermons for the entire year Lectionary messages and worship aids to expand Sunday services Feature articles on preaching parables, faithful worship, and the creative art of homiletics that speak to the hearts and minds of ministers A treasury of practical, contemporary, and relevant sermons A diverse group of contributors, a broad and contemporary range of illustrations, and new and expanded preaching resources Children's sermons, based on the lectionary texts, for engaging young minds Musical suggestions, based on the lectionary texts, for each week of the year

Calendars of important historical, cultural, and religious anniversaries Eloquent and useful messages for holidays, funerals and bereavement, communions, and missions A free, searchable CD-ROM of the entire contents can be used to extract, edit, and print selections for sermons, bulletins, and other messages

The Baptist Church Manual

With over 60,000 copies in print, *Church Administration in the Black Perspective*, first published in 1976, has become a classic reference manual. African American pastors through the years have looked to this informational guide as a source for details on church structure, management, and organization. This resource addresses the particular needs of the pastor and church staff who have been charged with the responsibilities of administration in the black church context. Not only does this revised edition feature updated language, but it also includes fresh information in such areas as budgeting and the use of modern technology. The authors supply detailed information on creating a church budget, and discuss the role websites, computer technology, and cable access television can play in helping churches to carry out their mission. The book includes guidelines for effectively organizing church boards and committees, as well as details pertaining to overall church structure. The authors' perspectives are well grounded in the experience of the African American Christian community, as the text explores how the African heritage and slave experience have molded black church traditions. The authors bring to the writing of this book a blend of practical and academic experience. Book jacket.

The Essential Handbook of Denominations and Ministries

Part of the 9Marks Healthy Church Study Guide series, this study examines key biblical images of the church to help participants discover what the church should look like and how it should operate.

Associate Minister and Church Leader Training Manual

This is a comprehensive guide that will assist congregational leaders with ordaining clergy and lay leaders.

The New Manual of Worship

A pastor-created and field-tested, easily adaptable method for planning a comprehensive preaching ministry.

Moving On---Moving Forward

A summary of the biblical, historical, and practical role of deacons in the church.

A Pastor's Guide to Conducting a Funeral

A millennial preacher with a millennial message . . . This text addresses spiritual challenges that both the believer and non-believer face daily. Through divine revelation, Evangelist B.T. Senatore expounds upon select Holy Scripture(s) and produces commentary that is intended to deliver man from the confines of sensuous desires. The reader is systematically fed with nearly (70) verses on how to resist a season of sin and draw nigh to Christ. The reader will come away finally understanding why what we often desire is not good for us. Each chapter equips the reader with a spiritual mindset and the tools to resist temptation on life's journey. B.T. Senatore guarantees that with the turn of every page the reader will come to abhor carnality. They will realize the empowerment that God has in store for those that truly seek His face. This sobering message will strengthen and give fresh insight to those that are searching for a Godly companion that will bring out their Christ-like character. Pick up a copy and tap into your Kingdom potential today. holypeopleholygod@gmail.com @HolyPeopleHolyGod #holypeopleholygod <https://www.facebook.com/HolyPeopleHolyGod>

A Guide to Worship Ministry

Every Sunday people walk onto your church campus and decide if they will return the following week before the preacher even opens his mouth. Many of those people don't know what to make of Jesus. They're hesitant to be in a church. They're not sure they belong. But over and over in the pages of the gospels, we see something extraordinary. People who were nothing like Jesus liked Jesus. Shouldn't that be true of his church as well? In *Going Deep & Wide*, Andy Stanley lays out a blueprint for becoming

that kind of church. Going Deep & Wide offers practical steps to help church leaders create irresistible environments, define ministry goals, and communicate more effectively with unbelievers. Each section includes discussion materials that walk you more deeply into the content of Deep & Wide and invites conversations about how to apply what you've learned.

Intro

A gunshot wound victim is transported via EMS to the ED with no next of kin present. The patient needs emergency surgery to save his life. What is the proper way for the nurse to obtain informed consent since the patient cannot sign?

The first and most important step in the nursing process is assessment. Which of the following does assessing entail?

The second step of the nursing process is diagnosis. Which of the following does diagnosis entail?

According to Maslow's Hierarchy of needs, a patient must have certain needs met. One of these needs is self-actualization. Which of the following does not fall into the self-actualization category?

The nurse on a neuro unit is caring for a patient who recently suffered a stroke. The physician orders for the patient to be advanced to a clear liquid diet from NPO. Before allowing the patient to drink, which of the following healthcare team members should assess the patient?

You're the nurse caring for a patient who is newly diagnosed with CHF. You may ask the UAP to perform all of the following tasks EXCEPT

What is the term for something that often entails giving responsibility for the outcome while assigning non-licensed assistance people to execute activities or duties linked to patient care?

What is the term for a collaborative approach that supports suggested treatment plans to ensure that patients with disabilities, illnesses, or injuries receive the proper medical care?

The nurse on a medical surgical floor with four patients with medications due at 9 am. Which of the following patients will the nurse administer medications to first?

Which of the following patients should be assessed first by the nurse?

12 You're a nurse working on the rehabilitation unit and have a new LPN shadowing you today. Which of the following should not be delegated to the new nurse?

What is the term used to describe cross-disciplinary activity in medicine? For example, the nurse communicates with a physical therapist for home health needs of the patient.

A nurse working in the ICU has a patient that is experiencing a sudden upper gastrointestinal bleed. What is the most important intervention?

A patient states to the UAP, "I can't breathe!" Which of the following interventions, if provided by the UAP, would warrant correction by the nurse?

10 The nurse is caring for a diabetic patient who the nurse finds sweating and only able to mumble words. What is the FIRST intervention for the nurse to take?

The nurse working on an L&D unit suspects her patient is having a seizure. What is the most important intervention for the nurse to provide?

You're educating a 16 year old female on oral birth control pills before she leaves the OBGYN's office. Which of the following statements by the patient assures you that the patient understands the teaching?

You're educating a patient on his risks for CAD (coronary artery disease). Which of the following is NOT considered a modifiable risk factor for this patient?

Which of the following is NOT considered a primary preventative measure?

You're assessing an infant who is 6 months old. You ask the mother which foods have been introduced to the infant. Which of the following would require education from the nurse?

Which of the following is not a normal part of aging in the older adult population (65+)?

A patient presents to the ED with tachycardia, hypertension, and hallucinations. His EKG reveals SVT. The patient's temperature is 100.7. His wife states, He had a seizure that lasted more than 5 minutes before EMS arrived. Which of the following substances can the nurse anticipate this patient will test positive for in his urinalysis?

A patient with breast cancer came into her PCP's office and stated that she feels extremely tired and worthless to her kids and husband. She states, "maybe they will be better off when I am dead." The nurse understands that the patient needs

A patient with schizophrenia has orders for haldol IM STAT due to extreme aggressive behavior due to hallucinations. When the nurse goes into the patient's room to administer the IM injection, which of the following is the most important for the nurse to ensure safety?

A patient who recently started a low dose of a benzodiazepine is at home experiencing a panic attack. The mother calls the patient's PCP and asks what she can do to help her child. What intervention should the nurse educate the mother on?

A patient is admitted to the hospital for complications of her chronic pancreatitis. The patient states that she drinks 12 beers per day as well as at least a pint of hard liquor most days. Which of the following medications should the nurse anticipate the physician ordering for this patient?

A 16 year old comes into the ED with severe abdominal pain to the right lower quadrant. What is your initial step when assessing this patient?

Your patient has a new diagnosis of stroke with a new prescription for warfarin. Which of the following will you educate your patient on?

Your patient is gasping for air. Which of the following positions are best to place the patient in?

Which of the following lung sounds would be MOST likely heard in a patient with an asthma exacerbation?

You are providing catheter care to a patient with a suprapubic catheter. What is the best way to provide catheter care?

30 You're providing education on medications to a patient that you're discharging. What is the best way to be sure that the patient has understood the education provided?

You're the home health nurse providing medication education to a 67 year old male that lives alone. The patient states that he sometimes forgets to take his medications. How will you know that the patient knows how to take his medications?

30 A teenage patient is admitted to the ICU for overdosing on acetaminophen. You know the antidote for acetaminophen is what?

A nurse is caring for a patient that is an alcoholic. She has been admitted to the hospital and will not

be able to drink alcohol. What medication does the nurse anticipate the doctor prescribing for this patient to help with withdrawal symptoms?

The nurse is caring for a patient who has been receiving dilaudid 0.5 mg every 3 hours scheduled for post op surgical pain. The nurse is handing off report and notices that the patient's O2 sat drops to 88%, the patient's chest is not moving, and the patient becomes unresponsive. Which pharmacological therapy do you anticipate needing?

You're giving furosemide via IV push. You know to push it 20 mg/min to prevent which clinical side effect?

A patient is prescribed ferrous sulfate for her chronic anemia. Which of the following medications does the patient need to be educated on?

The MD orders D5W 2 L to infuse over 12 hours. What is the rate of infusion?

A 20 year old patient with down syndrome is unable to perform oral hygiene and has no family with him. Which of the following is the responsibility of the UAP?

A 7 year old patient presents to the ED after falling from his treehouse. X-rays show that the patient sustained a greenstick fracture. Which of the following correctly identifies a greenstick fracture?

A patient presents to the ED complaining of a severe stomach ache to her right lower abdomen. The patient is diagnosed with appendicitis after a CT scan. The patient is later admitted to the medical surgical unit. Which of the following, if stated by the patient, would indicate a medical

The nurse is assessing a patient with a new ileostomy. The nurse notices that the ostomy is purple. Which of the following is MOST likely the issue with the new ileostomy?

The nurse is caring for a patient in an external fixation device on an orthopedic unit. What is the MOST important nursing intervention for this patient?

The nurse is monitoring a 5 year old for increased intracranial pressure after the child fell from his treehouse. Which of the following should be reported to the MD immediately?

The nurse is caring for a patient that is 6 hours post surgery with a Jackson Pratt drain. The nurse knows that the proper way to create suction is to

You're caring for a patient who is 6 hours post surgery after a TURP (transurethral resection of the prostate). The nurse notices that there is bright red blood in the foley drainage tubing. What is the correct intervention by the nurse?

The nurse is educating a patient who is receiving radiation therapy. Which of the following is MOST important to educate the patient on increasing in their diet?

Which of the following is MOST important to educate a patient on when receiving chemotherapy and radiation therapy?

A mother in the transitional stage of labor begins having late decelerations causing the fetus's heart rate to drop. What is the BEST intervention for the nurse to perform?

A nurse is assessing a patient's foley catheter drain tube. The patient has previously had yellow, clear urine. The nurse noticed that there is heavy sediment in the patient's urine. What can the nurse most likely expect to do once notifying the doctor.

A 16 week pregnant mother being seen in her OBGYN's office is a gravida 1 mother who explains to the doctor that she is worried because she has not yet felt her baby move. What education is likely to be provided to the patient?

A patient is being seen in his PCP's office due to pain and redness in his left calf. The site is hot and edematous. What is the most likely intervention to be performed for this patient?
