Tennis with Camille

As my trip into fate continued, we arrived at the tennis court, parked, got ourselves onto the last court and began trying to hit the ball over the net. We did not do very well. The ball went into the net more than over it. The ball went over the high fencing surrounding the courts more than it went over the net. We were engaging in a true exercise in humility. We persisted in this manner for about fifteen minutes-and then it happened! At one point, I can't recall why, but I looked up at the far end of the courts. There was a girl. She entered the court area and slowly walked by all the courts as if looking for someone. As she did so she approached our court, which was at the end. In the meantime, I studied her as if she were a piece of moving art. I was holding the ball and getting ready to try to serve it over the net to Ron and Orv, but I paused. I scanned this vision walking toward me, but apparently not seeing me. She wore a white sailor cap, a white blouse, white shorts, white socks, and white sneakers. Her hair was dark brown, almost black, and she carried herself like a true aristocrat. She also had a dark tan, which meant she had lots of time out in the healthy sun. Her back was straight, and she sort of glided, rather than walked.

Blacks at the Net

While much has been written about black triumphs in boxing, baseball, and other sports, little has been said of similar accomplishments in tennis. In this book, the first is the first volume dedicated to that subject, Sundiata Djata more than cites facts and figures, he explores obstacles to such performance such as the discrimination that kept blacks out of pro tennis for decades. He examines the role that this white sport traditionally played in the black community. And he provides keen insights into the

politics of professional sports and the challenges faced by today's black players. Drawing on original and published interviews, life writings, and newspaper articles, the author offers an in-depth look at black participation in tennis: from the first courts in Tuskegee in 1880, to players Reginald Weir and Gerald Norman, Jr., who challenged racism in the U. S. Lawn Tennis Association in the 1920s; from Harlem teen Bob Ryland's historic match with two white women in 1944 to the achievements of acclaimed later stars like Althea Gibson, Arthur Ashe, Yannick Noah, and Venus and Serena Williams. Thoroughly researched and comprehensive in scope, the work's eventual two volumes will cover identity and black tennis in aboriginal Australia, North and South Africa, the Caribbean and the Americas. It is an ideal read for tennis players, sports historians, readers of black history and/or black sports figures, and all who are interested in the sport.

Tennis

READERS REVIEWS Simple And Straightforward "There's no substitute for experience, as they say, and Harold has both quality and quantity. As in all sport executed at the top level it looks so, so simple and straightforward. Those that have tried, at every level, know otherwise. Everyone can benefit from a cursory glance, lesson or full blown training regimen. I can think of no-one with a greater depth of knowledge or skill in identifying those key details that will improve your game than Harold Mollin!" - James Y. Definitely Crazy In A Good Way "As a psychologist, I know there are crazy people in a good way and crazy people in a bad way. From my life experience, I also know there are good pains in the ass and bad pains. Harold Mollin is definitely crazy in the good way - never met someone so crazy about tennis. [...] Most importantly, from an educational viewpoint, Harold sincerely enjoys the progress all his students are making in their tennis. Life, not only tennis, is all about beating/winning from yourself. Harold is certainly making a significant contribution to my ambition of becoming a worldwide top 100 player in the ITF Seniors (50+) circuit!" - Vittorio B. Psychologist, PhD His Tennis Passion Is Contagious "Harold Mollin's passion for tennis is contagious, not to mention is he one of the best in the world on the seniors tour (for numerous age groups), but his knowledge and deep understanding for the game can inspire all ages and aspiring tennis players of all levels" - Peter Lucas (former ranked Australian junior) Harold's Tennis Tips Are Key Pointers "In between tennis lessons, Harold's tips are key pointers that help me strengthen my game" - Camille P. Because of this man, I even have become more fanatic about tennis "Was introduced to the beautiful game of tennis by my parents whom i forever remain grateful for but the appreciation even became bigger when 4 years ago i became acquainted with Mr Harold Mollin. Not only does this man eat, speak and dream tennis, he has played and lived it and his match analysis and player profiles are spot on. Because of this man, I even have become more fanatic about tennis even more and its all thanks to him, my love for the sport has risen to greater heights. Since I left Bangkok last year after 7 great years, I still watch the game and love it with passion but its not the same with my man Harold by my side giving me the blow by blow bits of every game and play. He is a man who would be of great help to any individual with hopes of making it big on the tennis circuit." - Farai Ngoni B. It's an awesome book... "It's an awesome book... bought it for my kindle on amazon ... great tips and awesome drills. I really like your drills... My student and I do the serve and volley drill she calls it the serve and volley game first to 10 lose at point if you double fault or miss the 1st volley ... we also do the 8 deep volley or overheads without allowing any ball to bounce and the volley game half court only start the rally and play it out lose a point if the ball gets over your head ... your drill are on point in reinforcing skills and tactical lessons..." - Clay R. Thanks Harold Mollin ! You are the MAN ! "I used to have a weak serve because hitting the ball at below the highest point robbed me of a full swing. This simple but effective point about hitting at the highest point helped me hit stronger serves and slice as well. Thanks Harold Mollin ! You are the MAN !" - Steve Teoh Get the best out of our students... "Although I've been coaching for many years, and we all have our own methods to get the best out of our students, I will always look and listen to what my peers are doing. Quite often I will invite a coach to my sessions to look at my students with fresh eyes, i never feel threatened or worried about losing a student, in fact more often than not it makes them feel even more important, and are grateful, I have used many of your quotes thank you Harold, I am planning to visit Bangkok in the future." - Roger Nadal Tennis

'BRILLIANT' - Daily Mail 'Is there any expectation? I'm a qualifier, so there's no pressure on me!' In 2021, Emma Raducanu shocked and charmed the tennis world as she raced to the US Open title with a smile on her face. But how did a little-known 18-year-old from Kent become the first ever qualifier to win a Major? Now Mike Dickson, who as Tennis Correspondent of the Daily Mail was one of the few journalists present in New York to see her lift the trophy, reveals what it took to become Britain's first woman Grand Slam champion since Virginia Wade in 1977. Drawing on interviews with key figures in Raducanu's development, he has written a fascinating account of a remarkable journey. From her early days falling in love with the game as a young girl in Bromley and the years of hard work and dedication that followed, he traces the ups and downs of a junior career that took her to the furthest reaches of the international circuit. But it was her breakthrough on home turf at Wimbledon, just weeks after sitting her A-levels, that really grabbed the attention of the public. It led to her first prolonged spell on the full professional tour - a life-changing trip around the hard-court tournaments of America which culminated in her unexpected triumph at Flushing Meadows. Full of authoritative insights and eye-opening details, *Emma Raducanu: When Tennis Came Home* paints an inspiring and compelling picture of one of the brightest new stars in British sport.
