The Rule Book

College exes break all the rules when they reunite years later in this enemies to lovers, second-chance romance, the highly anticipated companion novel to the TikTok sensation *The Cheat Sheet*—from the New York Times bestselling author of *Practice Makes Perfect*. “A really fun, chemistry-filled sports romance you don’t want to miss!”—Hannah Grace, author of *Icebreaker* Nora Mackenzie’s entire career lies in the hands of famous NFL tight end Derek Pender, who also happens to be her extremely hot college ex-boyfriend. Nora didn’t end things as gracefully as she could have back then, and now it has come back to haunt her. Derek is her first client as an official full-time sports agent and he’s holding a grudge. Derek has set his sights on a little friendly revenge. If Nora Mackenzie, the first girl to ever break his heart, wants to be his agent, oh, he’ll let her be his agent. The plan is simple: make Nora’s life absolutely miserable. But if Derek knows anything about the woman he once loved—she won’t quit

easily. Instead of giving in, Nora starts a scheme of her own. But then a wild night in Vegas leads to Nora and Derek in bed the next morning married. With their rule book out the window, could this new relationship save their careers or spark the romance of a lifetime?

"Essential rules, terms, and procedures for 54 sports"-- Cover.

The Sports Rules Book

Starr Media Second-Assistant Survival Guide 1. Don't call your hot boss the antichrist to his face. 2. Don't stare at hot boss's...um, package or his full sleeve of tattoos. (No. Really. Stop!) 3. Don't get on the malicious first assistant's bad side. 4. Don't forget to memorize the 300-page employee manual. 5. If you value your cashmere, steer clear of boss's dog. 6. Boss's dimples are lust-inducing. Do. Not. Give. In. 7. "The elevator ate your clothes" is not a valid excuse for showing up to important meetings half-dressed. 8. Don't break seven of the rules within the first week of employment if you're in dire need of money to support your sick mom. 9. Whatever you do, don't fall for the boss. 10. Never forget the rules. Each book in the Rule Breakers series is a standalone, full-length story that can be enjoyed out of order. Series Order: Book #1 The Rule Book Book #2 The Rule Maker

The Rule Book

Rule Book by Angela Bulloch is an extensive collection of guides, instructions, manuals and rules taken from many disparate sources. By displacing the rules from their social and political context Bulloch reveals their 'man-made nature' and a society that in order to maintain a stable social structure, imposes regulations and controls on every conceivable form of activity.

Rule Book

'The master of razor-sharp one liners. An absolute belter' - MANDASUE HELLER 'Brilliant. This is British crime writing at its best' - MARK EDWARDS 'May be his best yet' - WILL CARVER MY DAD SAYS BAD THINGS HAPPEN WHEN I BREAK IT... Daniel is looking forward to his birthday. He wants pie and chips, a big chocolate cake, and a comic book starring his favourite superhero. And as long as he follows The Rule, nothing bad will happen. But Daniel has no idea that he's about to kill a stranger. Daniel's parents know that their beloved and vulnerable son will be taken away. But Daniel didn't mean to hurt anyone, he just doesn't know his own strength. They dispose of the body. Isn't that what any loving parent would do? But as forces on both sides of the law begin to close in on them, they realise they have no option but to finish what they started. Even if it means that others will have to die... Because they'll do anything to protect Daniel. Even murder. 'Excellent as always. Grimy and heartbreaking in equal measure' - WILL CARVER 'A pacy, smart and darkly funny heartbreaker of a crime novel' - SUSI HOLLIDAY 'A stupendous piece of literary engineering' - JENNY O'BRIEN 'An intense and compelling read. Highly recommended' - LISA HALL 'David Jackson has done it again. The Rule is incredible' - NOELLE HOLTEN

The Rule

Three Dark Crowns meets Pretty Little Liars in this sensational and striking new fantasy from debut author Ellen Goodlett. Three girls. Three deadly secrets. Only one can wear the crown. The king is dying, his heir has just been murdered, and rebellion brews in the east. But the kingdom of Kolonya and the outer Reaches has one last option before it descends into leaderless chaos. Or rather, three unexpected options. Zofi has spent her entire life trekking through the outer Reaches with her band of Travelers. She would do anything to protect the band, her family. But no one can ever find out how far she's already gone. Akeylah was raised in the Eastern Reach, surrounded by whispers of rebellion and abused by her father. Desperate to escape, she makes a decision that threatens the whole kingdom. Ren grew up in Kolonya, serving as a lady's maid and scheming her way out of the servants' chambers. But one such plot could get her hung for treason if anyone ever discovers what she's done. When the king summons the girls, they arrive expecting arrest or even execution. Instead they learn the truth: they are his illegitimate daughters, and one must become his new heir. But someone in Kolonya knows their secrets, and that someone will stop at nothing to keep the sisters from their destiny... to rule. Magic, mystery, and blackmail abound in the first book of this sensational and striking fantasy duology.

Rule

Socks. They are a serious business. Socks are the glue that binds an outfit together, the telling detail that shows that a man understands what it is to be stylish. But they are also a minefield of potential fashion disasters and style pitfalls. What style of socks should you wear with a brogue? Are patterned socks permissible with sneakers? How high should you roll-up your trouser leg? Are socks and sandals ever acceptable?* But fear no more - Socks: The Rule Book will solve your hosiery dilemmas. Laying out the ten fundamental rules of sock wearing with fashion-conscious advice and a knowing sense of humour, this book answers hitherto unanswered questions and establishes clear guidelines for every aspect of the sock world. *No.

Socks: The Rule Book

I have found rock bottom. It's here, moving in with my older brother because I'm too broke to afford to live on my own. It's okay though, because we've always been close and I think I'm going to have fun living with him again. That is until I meet Cooper... Turns out, my brother has very strong opinions on the idea of me dating his best friend and is dead set against it. According to him, Cooper is everything I should stay away from: flirtatious, adventurous, non-committal, and freaking hot. (I added that last part because I feel like you need the whole picture.) My brother is right-I should stay away from Cooper James and his pretty blue eyes. He's the opposite of what I need right now. Nah-who am I kidding? I'm going for it. The Off Limits Rule is a closed door romance, perfect for readers who love lots of sizzle but no explicit content.

The Off Limits Rule

The Rules taught a generation of women how to turn their dating misery into marriage success. Dating gurus Ellen Fein and Sherrie Schneider showed millions of women how 'playing hard to get' could help them capture the heart of Mr Right. Their book proved controversial, sparked worldwide debate and became a publishing phenomenon. But that was all before Twitter, Facebook, online dating, texting and BBM. There are now even more ways to mess up your dating life. Ellen and Sherrie are regularly inundated with messages from women wanting to know: how to maintain a good profile on Facebook, the rules for texting, emailing and tweeting, and how to spot cheaters and players. This is the new dating bible for Rules Girls who want to have a good time dating without getting hurt or played.

The New Rules

You are a creature unlike any other (Rule #1)--that's why you need . . . The Rules. A simple set of dos and don'ts, The Rules will lead you to where you want to be: in a healthy, committed relationship. Unlike today's haphazard dating customs, The Rules recognizes certain facts of life. That men know what they want. That a man is either attracted to you--or not! That men want a challenge, not an instant or easy victory. When you follow these commonsense guidelines, you treat yourself with respect and dignity--and demand that men do likewise. Although they sound old-fashioned ("Don't see him more than once or twice a week"), they encourage you to lead a full, satisfying, busy life--outside of romance. Although they seem tough ("Don't talk to a man first"), they will teach you how to accept occasional defeat and move on. And although they require discipline ("No more than casual kissing on the first date"), they will bring out the best in you and in the men you date. The goal? Marriage, in the shortest time possible, to a man you love, who loves you even more than you love him.

The Rules (TM)

An interactive picture book with dynamic illustrations, in which readers have to follow the rules or risk a run-in with a monster—with a gentle approach to mindfulness along the way. Beware! This book has rules. You must follow all the rules. If you break the rules . . . Dennis the monster will eat you. And you don't want to be Dennis-food—do you? With a laugh-out-loud, interactive style, The Book of Rules invites you to get your sillies out before it's time to focus and listen to directions. And you better get started, because Dennis can't wait to eat—or, um—meet you!

The Book of Rules

The search for Mr. Right starts here. This simple set of dating dos and don'ts-combining The Rules and The Rules II-will teach you how to find (and keep!) a man who treats you with the respect and dignity you deserve. You are a creature unlike any other (Rule #1)-that's why you need... The Rules.

Refreshingly blunt, astonishingly effective, and at times hilarious, All the Rules will lead you to where you want to be: in a healthy, committed relationship. These commonsense guidelines will help you: Lead a full, satisfying, busy life outside of romance. Accept occasional defeat and move on. Bring out the best in you and in the men you date. Whether you're eighteen or eighty, these time-tested techniques will help you find the man of your dreams.

All the Rules

The rule book of The FA from 1863 is one of the most important books ever published - according to the writer and broadcaster Melvyn Bragg. Drawing on his recently published work, he explains in the introduction why this book is one of the twelve books that changed the world.

The Rules of Association Football, 1863

The empowering story of Larry Hite's unlikely rise to the top of the hedge fund world—with critical insights and lessons you can take to the bank In The Rule, legendary trader and hedge fund pioneer Larry Hite recounts his working-class upbringing in Brooklyn as a dyslexic, partially blind kid who was anything but a model student—and how he went on to found and run Mint Investment Management Company, one of the most profitable and largest quantitative hedge funds in the world. Hite's wild success is based on his deep understanding that markets are flawed—just like people. Through his early-life struggles and failures, Hite came to know himself well—his fears, his frustrations, his self-doubt, and his tolerance for all of the above. This motivational book reveals that by accepting the facts of his life and of himself, he was able to accept markets as they are. And that was the key to his success. In these pages, you'll walk of the footsteps of an investing legend, who imparts smart, practical trading lessons throughout the journey. Making a successful living in trading isn't about beating the markets. It's about meeting markets where they are, embracing the fact of risk, knowing yourself, and playing it strictly by the numbers. The Rule shows that investing decisions are not only bets or gambles, but investments in time, energy, and attention. By focusing on realistic returns on your investments—versus what you expect or hope to get—you immediately improve your probability for success.

The Rule: How I Beat the Odds in the Markets and in Life—and How You Can Too

FROM THE BACK COVERRule #4: Exercise Every DayRule #12: Go on a Mini-Retirement Every Three YearsRule #17: Buy to ReplaceRule #19: Never Check-In Your LuggageRule #27: Any Number Except SevenRule #34: Replace "Limiting Beliefs"Apply these and other 30 rules for everyday life, to improve your daily habits, make better decisions and simplify your lifestyle. Distilled from 15 years of lifestyle experiments of the author, to figure out what works, can be sustained for the long-term, and most importantly, is fun. Let the rules set you free.ABOUT THE AUTHORMy name is Ivars Krutainis, and I am a 37-year old Latvian currently residing in Shanghai, China. I work in advertising, but in my free time, I like to travel and conduct lifestyle experiments. You might say that I have had a somewhat unconventional lifestyle for the past 15 years. I've lived and worked in London, Sydney, Amsterdam, and now Shanghai. But I've also taken a considerable amount of time off work in between my various roles. Something that I call mini-retirements. During these mini-retirements, I have travelled extensively. To date, I've been to 136 countries, many of them quite unusual, such as Bhutan, Guinea Bissau, Albania, Samoa, Cabo Verde, and many others. I've travelled extensively in Africa, but I have also visited every one of the 40+ countries in Europe, including San Marino, Lichtenstein, and Andorra (yes, they are all independent countries in Europe). All in all, I've probably spent at least two years of my life just travelling.Besides travel, I've also experimented with entrepreneurship, most notably launching a clothing label for tall, skinny guys called "Skinny Latvian". It failed because I had not the slightest idea of how to manufacture clothing reliably and profitably. I thought to have a cool idea and a brand was enough. But I learned a lot on this journey, and I am sure, one day, I will create a company again. And it will have much better chances of success, based on all the hard lessons I learned the first time around. When not working, travelling or failing, I like to write. I used to write a regular travel blog for many years that I have now closed down. Then I switched to LinkedIn articles about marketing and finally I am graduating to long-form content with this book.

36 Rules For Life

'A fascinating, comprehensive study that forces us to think again about what law is, and why it matters ... For those who want to understand why human society has emerged as it has, this is essential reading'

Rana Mitter, author of *China's Good War* The laws now enforced throughout the world are almost all modelled on systems developed in Europe in the eighteenth and nineteenth centuries. During two hundred years of colonial rule, Europeans exported their laws everywhere they could. But they weren't filling a void: in many places, they displaced traditions that were already ancient when Vasco Da Gama first arrived in India. Where, then, did it all begin? And what has law been and done over the course of human history? In *The Rule of Laws*, pioneering anthropologist Fernanda Pirie traces the development of the world's great legal systems - Chinese, Indian, Roman, and Islamic - and the innumerable smaller traditions they inspired.

The Rule of Laws

Somehow, he lost his freedom. Now he belongs to the Academy, and the rules have changed. What started out as a game has become a matter of life and death. When Ryan Jacobs hacks into a top-secret computer system, he has no idea that his life is about to change. He faces his worst fears as a sinister organisation tries to use his skills for its own evil ends. If he doesn't think fast, someone will die. At thirteen you shouldn't have to face these kinds of issues. But at thirteen, you don't get to decide THE RULES. *The Rules* is the first book in the Ryan Jacobs series: a fast-paced action-packed thriller for a rebellious and digital generation that want to fight the system. If you like teenagers with attitude, you're going to love Ryan Jacobs!

Rule book

It's been quite a few years now since Bryan Ansell first put pen to paper to produce the initial draft of *The Rules With No Name*: these rules have been playtested, developed and enjoyed many, many times since then and it is a travesty that they have not been seen on bookshelves until now. Very little editing to the original text was required, but I have added a painting and terrain guide for completeness and sincerely hope that Bryan likes the way his rules have been laid out and presented. Here's what Bryan originally wrote in his introduction to the playtest version of these rules all those years ago: These are intended primarily as a straightforward, simple set of Western gunfight rules, suitable for a quick, cheerful game, possibly involving a large number of participants. However, we wanted to include a degree of tactical skill, involvement with the rule system and an element of tension and surprise. We hope that we have succeeded in doing so without making the game at all puzzling or complicated. Consumption of alcoholic beverage and high-carbohydrate snacks and the playing of these rules are not necessarily mutually exclusive. We have tried not to introduce a lot of fussy rules to cover every eventuality, so if you are playing with large groups of strangers, you might like to use a gamesmaster; a god-like figure whose word is law. Fortunately, even the most competitive gamers don't come to a Western gunfight looking for an argument, so the way should be clear for a good time to be had by all. However, for those of you who prefer a more sophisticated game, especially if you intend to run a campaign, with the extra level of detail and involvement that familiarity permits, there is a selection of optional rules for you to mix and match according to your tastes. Set in the time of the American Old West where life was cheap and survival was the order of the day, these rules are written in a very conversational style that are a joy to read as well as play, and there are many suggestions by Bryan as to how the players can choose to extend and adapt the rules to suit their own levels of skill and/or to simply increase their sense of enjoyment. In this fast paced game all facets of life and the characters in the Old West as depicted in those many Hollywood and Italian 'Cowboy' films are covered; from the hardened gunslinger and town drunk to the law abiding owner of the General Store; all have to hone and develop their particular skills over the course of the game... or end up having that eternal slug of whisky in the saloon in the sky! So, get out those toy soldiers, strap on that six gun and get yourself a whole lot of pleasure by having a game with friends using these action-packed and fun- filled rules.

The Rules

One shocking afternoon, computers around the globe shut down in a viral catastrophe. At sixteen-year-old Adam Daley's high school, the problem first seems to be a typical electrical outage, until students discover that cell phones are down, municipal utilities are failing, and a few computer-free cars like Adam's are the only vehicles that function. Driving home, Adam encounters a storm tide of anger and fear as the region becomes paralyzed. Soon—as resources dwindle, crises mount, and chaos descends—he will see his suburban neighborhood band together for protection. And Adam will understand that having a police captain for a mother and a retired government spy living next door are not just the facts of his life but the keys to his survival, in *The Rule of Three* by Eric Walters.

The Rules with No Name

A panoramic history of rules in the Western world Rules order almost every aspect of our lives. They set our work hours, dictate how we drive and set the table, tell us whether to offer an extended hand or cheek in greeting, and organize the rites of life, from birth through death. We may chafe under the rules we have, and yearn for ones we don't, yet no culture could do without them. In Rules, historian Lorraine Daston traces their development in the Western tradition and shows how rules have evolved from ancient to modern times. Drawing on a rich trove of examples, including legal treatises, cookbooks, military manuals, traffic regulations, and game handbooks, Daston demonstrates that while the content of rules is dazzlingly diverse, the forms that they take are surprisingly few and long-lived. Daston uncovers three enduring kinds of rules: the algorithms that calculate and measure, the laws that govern, and the models that teach. She vividly illustrates how rules can change—how supple rules stiffen, or vice versa, and how once bothersome regulations become everyday norms. Rules have been devised for almost every imaginable activity and range from meticulous regulations to the laws of nature. Daston probes beneath this variety to investigate when rules work and when they don't, and why some philosophical problems about rules are as ancient as philosophy itself while others are as modern as calculating machines. Rules offers a wide-angle view on the history of the constraints that guide us—whether we know it or not.

The Rule of Three

Rules and tips for surviving the zombie apocalypse. The following information may save your life. This book is designed to fit perfectly in your bug-out bag! If you are prepared for the zombie apocalypse you are prepared for anything! Throughout this book you will learn how to survive in the event of a zombie apocalypse and learn how to be a survivor! Rules

Twelve-year-old Catherine just wants a normal life. Which is near impossible when you have a brother with autism and a family that revolves around his disability. She's spent years trying to teach David the rules from a peach is not a funny-looking apple to keep your pants on in public---in order to head off David's embarrassing behaviors. But the summer Catherine meets Jason, a surprising, new sort-of friend, and Kristi, the next-door friend she's always wished for, it's her own shocking behavior that turns everything upside down and forces her to ask: What is normal?

The Zombie Rule Book

Habits form us more than we form them. The modern world is a machine of invisible habits, forming us into anxious, busy people. We yearn for the freedom of the gospel but remain shackled by our screens and exhausted by our routines. The answer is a rule of life that aligns our habits to our beliefs. The Common Rule's four daily and four weekly habits transform frazzled days into lives of love for God and neighbor. Justin Earley provides doable, life-giving practices to find freedom and rest for your soul. This expanded edition now includes study guide questions for individual reflection and group discussion.

Rules

This book will help you to learn Spanish - or the Spanish guitar - faster. This book will give an athlete the edge to turn Silver into Gold. This book will give any child the chance to perform better in exams. Full stop. How We Learn is a landmark book that shakes up everything we thought we knew about how the brain absorbs and retains information. Filled with powerful - and often thrillingly counter-intuitive - wisdom, stories and practical tips, it gets to the very heart of the learning process; and gives us the keys to reach our very fullest potential in every walk of life. 'This book is a revelation. I feel as if I've owned a brain for 54 years and only now discovered the operating manual . . . Benedict Carey serves up fascinating, surprising and valuable discoveries with clarity, wit, and heart.' Mary Roach, bestselling author of Stiff 'Whether you struggle to remember a client's name, aspire to learn a new language, or are a student battling to prepare for the next test, this book is a must. I know of no other source that pulls together so much of what we know about the science of memory, and couples it with practical, practicable advice.' Daniel T. Willingham, Professor of Psychology, University of Virginia 'Buy this book for yourself and for anyone who wants to learn faster and better.' Daniel Coyle, bestselling author of

The Talent Code 'As fun to read as it is important, and as much about how to live as it is about how to learn. Benedict Carey's skills as a writer, plus his willingness to mine his own history as a student, give the book a wonderful narrative quality that makes it all the more accessible - and all the more effective as a tutorial.' Robert A. Bjork, Distinguished Professor of Psychology, University of California

The Common Rule

'I like the way Blackshaw has incorporated many of the household furniture and objects to his own grandparents or extended family, and this is what makes the book feel authentic and genuine whilst funny and entertaining'. --The Values Bookshelf 'This is a sweet, funny story of forgiveness and recognizing what is really valuable in life'. --Armadillo Children's Magazine Some rules... and vases... were just made for breaking! This is the story of a boy who loves his grandma, but can't stand all her rules! She has rules for every room in the house - don't jump on the bed, or leave the loo seat up, or put your elbows on the table.... But there is one rule that is more important than all the others. DON'T touch the big blue and white vase. When Grandma pops to the shops, the boy does his best to follow the rules, but a terrible domino effect of errors results in the inevitable CRASH! What will Grandma say? With Grandmas you never can tell... This is a heartwarming tale about forgiving one's mistakes, and about how some rules are not quite as important as they might seem. Gorgeous pencil illustrations bring the eccentric grandma and her pattern-filled house alive.

A Rulebook for Arguments

A sexy, brother's best friend sports romance from # 1 New York Times bestseller Lauren Blakely! Let me make a few things clear. I didn't go to the wedding intending to dance with the best man, to dare him to show me a very sexy pic on his phone, or to accidentally kiss him in the hotel elevator after the reception ended. But you know how it goes. Things just happen at weddings... The next day, Crosby and I agree to put all those shenanigans behind us. The fun-loving, stupidly gorgeous, all-star baseball player might be my brother's best friend, but he's my friend too and has been for years, so it's easy to move on, especially since I have a high-profile business to run. But since he's newly single and I'm always single, it turns out we both desperately need plus ones. We agree to "publicly date" over the next two weeks of galas, parties and events before his baseball season begins. The only trouble is the more time I spend with Crosby, the more I keep imagining how much I want him to take my V-card. And when I broach the possibility with Crosby, his answer surprises the hell out of me.

How We Learn

Grandma's House of Rules

Amber's an expert when it comes to staying hidden - she's been trained her whole life for it. But what happens when the person you're hiding from taught you everything you know?

The Virgin Rule Book

Upcycle this book. Rewrite it as a manifesto. Steal and take and copy and change this book. Upcycle these twenty-three texts just as I have upcycled so many other texts and responded to many sets of existing conditions. Or unlike I have. Treat these words as existing conditions. Some of them are artworks. Some of them upcycle artworks by others. Some are barely texts at all. . . . Often the words are a script to be performed. Its useful to read words out loud in public. Gavin Wade is pragmatic utopian, an artist, artist-curator, artist-writer and one of the founding directors of Eastside Projects in Birmingham, UK. He has curated numerous exhibitions as well as written and published a number of bookssuch as

Has Man a Function in Universe? (Book Works, 2008). Upcycle This Book was co-published by Book Works and Stroom den Haag in an edition of 1,000.

The Rules of Life

1944 Atomic testing at Los Alamos opens a rift in the fabric of space, while the detonation of the Fat Boy atomic bomb over Dresden creates a second. German and American scientists determine that signals are being transmitted through the rifts, many indecipherable, but some containing revolutionary scientific and technological theorems. Desperate for any military advantage, Germany and the US swiftly apply these discoveries to their war efforts, and incredible new weapons begin to appear on the battlefield. Angered by America's refusal to share the secrets of Rift-tech, Stalin declares war on the US and Britain, and the Allies are fractured. 1947 World War II has entered a completely new phase. Power-armoured infantry armed with personal wonder-weapons follow super-heavy tanks and mechanised walkers into battle, smashing defences with colossal firepower, while genetic monstrosities are sent out to hunt and terrorise enemy forces. This is the new nature of war. This is Konflikt '47. *** With rules inspired by the award-winning Bolt Action system, this standalone game takes World War II to a completely new level, and offers everything required to harness the incredible weapons and technologies made possible by the rift signals, and to engage in tabletop battles for supremacy and survival.

The RulesThe Rules

My friends think I'm insane, I'm stalking men all over town, and I'm on a deadline. High-flying journalist Cat Buchanan has been single for six years. So she's sceptical when assigned to write a story on The Rules of Engagement, a book which promises to teach women how to find the man of their dreams in ten easy steps. As far as Cat's concerned, the book belongs in 1892, but she's promised to follow it to the letter. After all, what does she have to lose by playing love at its own game? 'If you hear someone snorting beside the pool this summer, they'll reading this' Grazia

I Followed the Rules

A novel argument that shows how rules work better than discretion when implementing monetary policy.

The Rule Book

A general rule book for children. Has general "NO" rules and a few Always rules.

The Rule of Four

Having worked for Southern Service Paws for a few years now, I like to think I'm prepared for just about any client meeting under the sun. I am dead wrong. The day I meet with single dad, Jacob Broaden, about potentially matching his daughter with one of our service dogs, I learn a few valuable lessons. 1) Always set my alarm clock. 2) Single dads are way hotter than I previously thought. 3) It is possible to go from fantasizing about kissing someone to wishing they would be run over by a truck in a matter of two minutes. Unfortunately, I don't hold that opinion of him for very long. Not when he shows me a different side of himself--one that's sweet as maple syrup and hot as apple pie fresh out of the oven. Too bad this guy is so far out of my league that I shouldn't even be allowed to enter the game. Jake doesn't seem to get that memo though. And after a few days of working closely with him and his daughter, he starts looking at me with fire in his eyes, making me dream of something I probably shouldn't...A family. The Match is a feel-good romantic comedy! Perfect for readers who enjoy a sizzling romance without explicit content.

Money and the Rule of Law

From the No 1 bestselling author of *HOUSE OF CARDS*, a new-cover reprint of a highly acclaimed thriller of international intrigue that brilliantly captures the tense atmosphere of Berlin -- just before the wall came down.
