Victors and Vanquished

Using excerpts primarily drawn from Bernal Diaz's 1632 account of the Spanish victory and from testimonies - many recently uncovered - of indigenous Nahua survivors gathered by Bernardino de Sahagun, *Victors and Vanquished* clearly demonstrates how personal interests, class and ethnic biases, and political considerations can influence interpretation of events. A substantial introduction is followed by 9 chronological sections that illuminate the major events and personalities in this powerful historical episode and reveal the changing attitudes toward European expansionism.

Hans Staden's True History

In 1550 the German adventurer Hans Staden was serving as a gunner in a Portuguese fort on the Brazilian coast. While out hunting, he was captured by the Tupinambá, an indigenous people who had a reputation for engaging in ritual cannibalism and who, as allies of the French, were hostile to the Portuguese. *Staden's True History*, first published in Germany in 1557, tells the story of his nine months among the Tupi Indians. It is a dramatic first-person account of his capture, captivity, and eventual escape. Staden's narrative is a foundational text in the history and European "discovery" of Brazil, the earliest European account of the Tupi Indians, and a touchstone in the debates on cannibalism. Yet the last English-language edition of *Staden's True History* was published in 1929. This new critical edition features a new translation from the sixteenth-century German along with annotations and an extensive introduction. It restores to the text the fifty-six woodcut illustrations of Staden's adventures and final escape that appeared in the original 1557 edition. In the introduction, Neil L. Whitehead discusses the circumstances surrounding the production of Staden's narrative and its ethnological significance, paying particular attention to contemporary debates about cannibalism. Whitehead illuminates the value of *Staden's True History* as an eyewitness account of Tupi society on the eve before its collapse, of ritual war and sacrifice among Native peoples, and of colonial rivalries in the region of Rio de Janeiro. He chronicles the history of the various editions of Staden's narrative and their reception from 1557 until the present. Staden's work continues to engage a wide range of readers, not least within Brazil, where it has recently been the subject of two films and a graphic novel.

To uphold family honor and tradition, Sheetal Prasad is forced to forsake the man she loves and marry playboy millionaire Rakesh Dhanraj while the citizens of Raigun, India, watch in envy. On her wedding night, however, Sheetal quickly learns that the stranger she married is as cold as the marble floors of the Dhanraj mansion. Forced to smile at family members and cameras and pretend there's nothing wrong with her marriage, Sheetal begins to discover that the family she married into harbors secrets, lies and deceptions powerful enough to tear apart her world. With no one to rely on and no escape, Sheetal must ally with her husband in an attempt to protect her infant son from the tyranny of his family.

Yvain

The twelfth-century French poet Chrétien de Troyes is a major figure in European literature. His courtly romances fathered the Arthurian tradition and influenced countless other poets in England as well as on the continent. Yet because of the difficulty of capturing his swift-moving style in translation, English-speaking audiences are largely unfamiliar with the pleasures of reading his poems. Now, for the first time, an experienced translator of medieval verse who is himself a poet provides a translation of Chrétien's major poem, *Yvain*, in verse that fully and satisfyingly captures the movement, the sense, and the spirit of the Old French original. *Yvain* is a courtly romance with a moral tenor; it is ironic and

sometimes bawdy; the poetry is crisp and vivid. In addition, the psychological and the socio-historical perceptions of the poem are of profound literary and historical importance, for it evokes the emotions and the values of a flourishing, vibrant medieval past.

Encyclopedia of World Environmental History: O-Z

The essays assembled here represent forty years of reflection about the European cultural past by an eminent historian. The volume concentrates on the Renaissance and Reformation, while providing a lens through which to view problems of perennial interest. *A Usable Past* is a book of unusual scope, touching on such topics as political thought and historiography, metaphysical and practical conceptions of order, the relevance of Renaissance humanism to Protestant thought, the secularization of European culture, the contributions of particular professional groups to European civilization, and the teaching of history. The essays in *A Usable Past* are unified by a set of common concerns. William Bouwsma has always resisted the pretensions to science that have shaped much recent historical scholarship and made the work of historians increasingly specialized and inaccessible to lay readers. Following Friedrich Nietzsche, he argues that since history is a kind of public utility, historical research should contribute to the self-understanding of society.

A Usable Past

The rapid acceleration of industrialization and the transformation of market capitalism that followed the Civil War provided new opportunities for employment and wealth for many Americans. But these opportunities came at a cost: overcrowded and unsanitary housing, long work hours in dangerous conditions, and child labor in factories and mines. At the nineteenth century's end, Progressivism emerged as a national movement to redress the extreme imbalances in wealth and power that had come to characterize American life and to ameliorate some of the worst consequences of industrialization. The United States Supreme Court struggled with questions of preserving individual and property rights versus government regulation on behalf of the public interest. Following the stock market crash of 1929, President Franklin D. Roosevelt's New Deal greatly expanded the regulatory state and brought about a constitutional revolution. This volume assembles the era's most important Supreme Court decisions, treatises, articles, and speeches, documenting our nation's Constitutional history from the Gilded Age through World War II.

Charles Pettigrew, First Bishop-elect of the North Carolina Episcopal Church

Imagine that you are living in a country that does not recognize you as a citizen in spite of the fact that your people have maintained a continuous existence there for several centuries. If that was not enough of a traumatic experience, consider that because of your racial, ethnic and religious identity other ethnic groups that are fighting the brutal military regime in your country for their self-determination and human rights consider you as "settlers" from a neighboring country. It must be your worst nightmare when you realize that half of your people (almost 2 million) have been forced to take asylum or refuge outside, and you may be the next in line to seek a way out of this living hell of xenophobia, discrimination, intolerance, racism and bigotry. The victims are the Rohingya people of Burma (Myanmar). Because of their religion, race, ethnicity, color and language they are the most discriminated and persecuted people in our planet. Some argue that they are also one of the most forgotten. The Myanmar military regime has denied their citizenship rights, claiming that they are illegal settlers from nearby Bangladesh who have moved into Arakan during the British occupation of Burma in the 19th century. Is there any truth to such allegations? Does the military junta apply the same litmus test against all ethnic and religious groups in matters of citizenship? What is the basis for a nation's claim to self-determination? Must a people wander in the wilderness for two millennia and suffer repeated persecution, humiliation and genocide to qualify? How about the rights of a minority community to survive with their culture and traditions intact? Do they need to be 'children' of a 'higher' God to qualify? What makes the children of a 'lesser' God to be forgotten and denied the same treatment and privilege that was granted hitherto to other nations? For much of its history, Burma has been ruled by military. As has once again been demonstrated recently they are brutal, savage and tyrannical. They have ignored people's verdict in the election and imprisoned leaders and workers of the democracy movement. They cannot be guarantors or protectors of human rights of anyone, let alone religious and ethnic minorities. Do you know that the Rohingyas - face cruel restriction on marriage and those married without government authorization are paraded naked on the streets? - Are restricted from traveling outside their villages? - Have no legal right to own land or property? - Are restricted from getting education, finding work, getting medical and health care? - Are subjected to land confiscation, forced eviction and destruction of homes, offices, schools, mosques, shops, etc., and face religious persecution on a daily basis? - Are victims of staged riots, forced starvation, arbitrary taxation, extortion, arrest, torture and extra-judicial killings? - Are forced to do slave labor for establishment of government infrastructure, new Buddhist settlements, pagodas and monasteries on evicted lands with the government intent of changing the landscape and demography of Arakan? - Are forced to convert to Buddhism &/or worship Buddha? Do you know that when it comes to the Rohingya people, the Burmese government doesn't uphold any of the Articles of the Universal Declaration of Human Rights? Nothing can excuse us from the criminal silence that we practice in not voicing our concern about the plight of the Rohingya people. "The Forgotten Rohingya" makes a strong case for mobilizing concerned citizens of our globe to ease their sufferings. The author analyzes origin of the Rohingya people and offers ideas to solve their problem. The author also discusses problems of xenophobia and racism, which are so rampant in this country of many races, ethnicities and religions. He also analyzes the role of Daw Suu Kyi and failure of Burma's orange revolution.

I Have a Dog

The issue of regionalization has become a crucial point in the process of European Unification. The region has attracted a wider audience, but the term remains attached to a variety of different definitions linked to spatial, historical, social, political and cultural discourses. The macro trends of globalization, the debate on political steering and the sociological perspective on the regionalization of life worlds however fit together. In this book, some links between the different understandings of the region are presented with empirical and theoretical international examples.

Warning: This erotica contains scenes and elements that may be disturbing to some readers. Please review the full content warning below. Jessica Martin is not a nice girl. As Prom Queen and Captain of the cheer squad, she'd ruled her school mercilessly, looking down her nose at everyone she deemed unworthy. The most unworthy of them all? The "freak," Manson Reed: her favorite victim. But a lot changes after high school. A freak like him never should have ended up at the same Halloween party as her. He never should have been able to beat her at a game of Drink or Dare. He never should have been able to humiliate her in front of everyone. Losing the game means taking the dare: a dare to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game? Only revenge? Only a dare? Or is it something more? This book contains intense fantasy scenes of hard kinks/edgeplay, graphic sex, and harsh language. It is intended only for an adult audience. Beware: this is a dark, weird, kinky read. The activities depicted therein are dangerous and are not meant to be an example of realistic BDSM. Reader discretion is advised. Kinks/Fetishes within: erotic humiliation, fearplay, painplay, knifeplay, consensual non-consent (CNC), orgasm denial, boot worship, spanking, crying, blowjobs, clowns, group sexual activities, spit, bondage, public play, bloodplay.

I Am 9 and Magical

In a bittersweet, candid and ultimately redemptive memoir, a journalist recounts her unconventional, bohemian upbringing and her complicated relationship with her father—a hitchhiking, acid-dropping, wannabe mystic turned taxi driver who came in and out of her life, repeatedly breaking her heart.

The Forgotten Rohingya: Their Struggle for Human Rights in Burma

The United States Constitution records the structure of America's public life and society, distributing power and outlining citizens' rights and privileges. Historians Christopher Waldrep and Lynne Curry's compilation of leading interpretive documents traces English and American constitutional thinking from its earliest roots in 1215, to the U.S. Supreme Court under the great chief justice John Marshall. These documents reveal the constitution as an idea, growing and evolving but always reflecting particular moments in history. This book records the drama of the young American nation searching for its identity.

The City and the Region

Eighteenth-century Kentucky beckoned to hunters, surveyors, and settlers from the mid-Atlantic coast colonies as a source of game, land, and new trade opportunities. Unfortunately, the Appalachian Mountains formed a daunting barrier that left only two primary roads to this fertile Eden. The steep grades and dense forests of the Cumberland Gap rendered the Wilderness Road impassable to wagons, and the northern route extending from southeastern Pennsylvania became the first main thoroughfare to the rugged West, winding along the Ohio River and linking Maysville to Lexington in the heart of the Bluegrass. Kentucky's Frontier Highway reveals the astounding history of the Maysville Road, a route that served as a theater of local settlement, an engine of economic development, a symbol of the national political process, and an essential part of the Underground Railroad. Authors Karl Raitz and Nancy O'Malley chart its transformation from an ancient footpath used by Native Americans and early settlers to a central highway, examining the effect that its development had on the evolution of transportation technology as well as the usage and abandonment of other thoroughfares, and illustrating how this historic road shaped the wider American landscape.

The Dare

In a time when the Industrial Revolution has become an all-out war, mad science rules the world—with mixed success. In *Agatha H and the Siege of Mechanicsburg*, Agatha Heterodyne, the last of the Heterodyne family, has returned to her family's hereditary town with the might of the Wulfenbach Empire hot on her heels. The only thing holding off an outright attack is Gilgamesh Wulfenbach, the heir to the Empire, who has joined Agatha and her friends inside the great artificially intelligent fortress of Castle Heterodyne. Now they must race to repair the mechanisms that once allowed the Castle to defend Mechanicsburg, before the rest of Europa shows up to take all the revenge the mad Heterodynes of the past so richly earned. From the Hugo Award-winning *Girl Genius* online comics comes this fourth book in the Agatha H. series, and like the previous three books, it will engage you in a unique world of adventure, romance, and mad science!

Good Girl

With diabolical wit, the author of TANATALIZE revisits a deliciously dark world where vampires vie with angels -- and girls just want to have fangs. At last, Miranda is the life of the party: all she had to do was die. Elevated and adopted by none other than the reigning King of the Mantle of Dracul, Miranda goes from high-school theater wannabe to glamorous royal fiend overnight. Meanwhile, her reckless and adoring guardian angel, Zachary, demoted to human guise as the princess's personal assistant, has his work cut out for him trying to save his girl's soul and plan the Master's fast-approaching Death Day gala. In alternating points of view, Miranda and Zachary navigate a cut-throat eternal aristocracy as they play out a dangerous and darkly hilarious love story for the ages.

The Constitution and the Nation

In 2004 the world was first introduced to *The Filthy Thirteen*, a book describing the most notorious squad of fighting men in the 101st Airborne Division (and the inspiration for the movie *The Dirty Dozen*). In this long awaited work one of the squad's integral members—and probably its best soldier—reveals his own inside account of fighting as a spearhead of the Screaming Eagles in Normandy, Market Garden, and the Battle of the Bulge. Jack Womer was originally a member of the 29th Infantry Division and was selected to be part of its elite Ranger battalion. But after a year of grueling training under the eyes of British Commando instructors, the 29th Rangers were suddenly dissolved. Bitterly disappointed, Womer asked for transfer to another elite unit, the Screaming Eagles, where room was found for him among the division's most miscreant squad of brawlers, drunkards, and goof-offs. Beginning on June 6, 1944, however, the Filthy Thirteen began proving themselves more a menace to the German Army than they had been to their own officers and the good people of England, embarking on a year-of ferocious combat at the very tip of the Allied advance in Europe. In this work, with the help of Stephen DeVito, Jack provides an amazingly frank look at close-quarters combat in Europe, as well as the almost surreal experience of dust-bowl-era GI's entering country after country in their grapple with the Wehrmacht, finally ending up in Hitler's mountaintop lair in Germany itself. Throughout his fights, Jack Womer credited his Ranger/Commando training for helping him to survive, even though most of the rest of the Filthy Thirteen did not. And in the end he found the reward he had most coveted all along: being able to return to his fiancée Theresa back in the States.

FINALIST - Charles Taylor Prize for Literary Non-Fiction (2012) FINALIST - Governor General's Literary Award - Non-Fiction (2012) FINALIST - BC Book Prize's Hubert Evans Non-Fiction Prize (2012) A son's decision to alter his father's last surviving suit for himself is the launching point for this powerful book – part personal memoir, part social history of the man's suit – about fathers and sons, love and forgiveness, and learning what it means to be a man. For years, journalist and amateur tailor JJ Lee tried to ignore the suit hanging at the back of his closet. It was his father's suit. But when JJ decides to make the suit his own, little does he know he is about to embark on a journey to understand his own past. As JJ cuts into the jacket, he begins to piece together the story of his relationship with his father, a charismatic but troubled Montreal restaurateur whose demons brought tumult upon his family. JJ also recounts his own ups and downs during the year he spent as an apprentice at Modernize Tailors – the last of the great Chinatown suitmakers in Vancouver – where, under the tutelage of his octogenarian master tailor, he learns invaluable lessons about life. Woven throughout JJ's tale are stories of the suit's own evolution, illuminating how this humble garment has, for centuries, been the surprising battleground for the war between generations. Written with great wit, bracing honesty, and narrative verve, and featuring line drawings throughout by the author, *The Measure of a Man* is an unforgettable story of love, forgiveness, and discovering what it means to be your own man.

Agatha H. and the Siege of Mechanicsburg

The first general survey of relations between Protestants and Catholics in America during the past half century will be welcomed not only by social historians but by clergymen and laymen interested in the development of constructive interfaith relations. Lerond Curry has traced the major trends in this fifty-year period and analyzed the underlying factors that influenced them. Much of his account is based on correspondence and personal interviews with people who took part in the events and movements he describes. The rapid growth of Catholic population just before World War I, along with increasing urbanization and tensions related to the war itself, produced a period of intense religious conflict often expressed in violence. After the campaign of 1928, religious leaders made earnest efforts to ameliorate these conflicts, but with the appointment of a United States representative to the Vatican

in 1939, hostilities again arose. Nevertheless, Curry finds that in the middle fifties more mature interfaith relationships began to appear, and after Vatican Council II, Protestant-Catholic dialogue developed a new depth.

Fighting with the Filthy Thirteen

Hero of the Soviet Union Dmitriy Loza has carefully crafted his World War II experiences with U.S.-provided Sherman tanks into a highly readable memoir. Between the fall of 1943 and August 1945, Loza fought in the Ukraine, Romania, Hungary, Czechoslovakia, and Austria. He commanded a tank battalion during much of this period and had three Shermans shot out from under him. Loza's unit participated in such well-known combat actions as the Korsun-Shevchenkovskiy Operation, the Jassy-Kishenev Operation, and the battles for Budapest, Vienna, and Prague. Following the German surrender, Loza's unit was sent to Mongolia, where it participated in the arduous trek across the Gobi Desert to attack the Japanese Kwantung Army in Manchuria. This is the first available detailed examination of the Red Army's exploitation of U.S. war materiel during World War II and one of the first genuine memoirs available from the Russian front. Loza also provides firsthand testimony on tactical command decisions, group objectives and how they were accomplished, and Soviet use of combat equipment and intelligence. Only after the collapse of the USSR and concomitant relaxing of prohibitions against publication of materials related to the Lend-Lease Program there could this account be made available. Dmitriy Loza served as an instructor at the Frunze Academy after the war, retiring in 1967 with the rank of colonel. He resides in Moscow. James F. Gebhardt, now a defense contractor at Fort Leavenworth, is a Vietnam veteran. He is the author of *Blood on the Shores: Soviet Naval Commandos in World War II*.

The Measure of a Man

Until recently, most residents of Puvirnituq, an Inuit settlement in Northern Quebec, made their living off the land. Successful hunting, fishing, trapping and gathering, so vital to people's survival, were underpinned by the expectation that food should be shared. As the Inuit moved into – both forced and voluntary – they have had to incorporate the workings of a monetized economy into their own notions of how to operate as a society. Quoting local residents and drawing upon academic literature, the author documents the experiences of an Inuit community as they wrestle with how to accommodate their belief in a sharing economy with the demands of market forces.

Protestant-Catholic Relations in America

What if destiny leads you to your soul mate, but the laws of time conspire to keep you apart? If her parents had never divorced, Laura wouldn't have to live in the shadow of Bruce, her mom's unpredictable boyfriend. Her mom wouldn't say things like "Be groovy," and Laura wouldn't panic every weekend on the way to Dad's Manhattan apartment. But when Laura spots a boy on a facing platform, lifting a camera to his face, looking right at her, Laura feels anything but afraid, and she can't forget him. Jonas, meanwhile, thinks nonstop about the pretty hippie girl he glimpsed on the platform — trying to comprehend how she vanished, but mostly wondering whether he will see her again in a city of millions — and whether if he searches, he would have any chance of finding her. In a lyrical meditation on love, Nora Raleigh Baskin explores the soul's ability to connect, and heal, outside the bounds of time and reason.

Corbin Gage can stand up to anyone . . . But his own divided house will bring him to his knees. Corbin, a longtime legal champion for the downtrodden, is slowly drinking himself into the grave. His love for “mountain water” has cost him his marriage to the godliest woman he knows, ruined his relationship with his daughter, Roxy, and reduced the business at his small Georgia law firm to a level where he can barely keep the bill collectors at bay. But it isn’t until his son, Ray, threatens to limit Corbin’s time with his grandson that Corbin begins to acknowledge he might have a problem. Despite the mess that surrounds his personal life and against the advice of everyone he knows, Corbin takes on a high-stakes tort case on behalf of two boys who have contracted non-Hodgkin’s lymphoma due to an alleged chemical exposure. The defendant, a fertilizer company, is the largest employer in the area. The lawsuit becomes a tornado that sucks Corbin, Ray, and Roxy into an increasingly deadly vortex. Equally intense pressure within the family threatens to destroy, once and for all, the thin threads that connect them. Corbin must find the strength to stand up to his personal demons. Justice for two dying boys depends on it . . . his family depends on it. “Fans of John Grisham will find much to like here.” —Library Journal of The Confession

In lyrical and evocative prose, the New York Times bestselling author of the Tradd Street novels takes the scattered pieces of a life and weaves them into a tale of hope... Caroline Collier is a woman bogged down in the harsh realities of a life barely lived. Stress from her all-consuming job as an accountant has given her panic attacks, forcing her to take a leave of absence from work. Though Caroline loves the serene beauty of Lake Ophelia, peace of mind is not to be found. Memories of her beloved younger brother, who died when she was seventeen, continue to haunt her, while the tension between her mother and her still simmers. In a rural community in western New York, twelve-year-old Kiran Shah, the American-born son of Indian immigrants, longingly observes his prototypically American neighbors, the Bells. He attends school with Kelly Bell, but he’s powerfully drawn—in a way he does not yet understand—to her charismatic father, Chris. Kiran’s yearnings echo his parents’ bewilderment as they try to adjust to a new world. His father, Nishit, a successful doctor, is haunted by thoughts of the brother he left behind. His mother, Shanti, struggles to accept a life with a husband she did not choose and her growing attachment to an American man. Kiran is close to his older sister, Preeti, until an unfathomable betrayal drives a wedge between them that will reverberate through their lives. As he leaves childhood behind, Kiran finds himself perpetually on the outside—as an Indian American torn between two cultures and as a gay man in a homophobic society. In the wake of an emotional breakdown, he travels to India, where he forms an intense bond with a teenage hijra, a member of India’s ancient transgender community. With her help, Kiran begins to pull together the pieces of his broken past.

People all over Flinkwater are losing their memories—and it’s up to Ginger to figure out what’s going on—in this sequel to the “quirky, dryly funny” (Booklist) *The Flinkwater Factor* from National Book Award–winning author Pete Hautman. Absentmindedness in Flinkwater, a town overflowing with eccentric scientists and engineers, is nothing new. Recently, however, the number of confused, forgetful citizens has been increasing, and no one seems to know why. Ginger Crump figures it’s none of her business. She has her own problems. Like the strange cat that’s been following her around—a cat that seems to be able to read. And the report for school due Monday. And the fact that every digital book in Flinkwater has been vandalized by a fanatical censor, forcing Ginger to the embarrassingly retro

alternative of reading books printed on dead trees. But when Ginger's true love and future husband Billy Bates completely forgets who she is, things suddenly get serious, and Ginger swings into action.

A House Divided

From the author of the acclaimed Burke series comes a sharply affecting new novel about a group of outcasts who undertake a "mission" to save a schizophrenic's hidden treasure. When his most beloved student dies as a result of what he believes to be his misguidance, Ho renounces his position as a revered sensei, abandons his dojo and all of his possessions, and embarks on a journey of atonement on the streets of New York City. Here a group of homeless men gather around him: Michael, a gambler who lost it all; Ranger, a psychotic Vietnam veteran; Lamont, an ex-con, poet, and alcoholic in that order; Target, a compulsive "clanger"; and Brewster, the keeper of a secret library in an abandoned inveterate building on the waterfront. When news hits that the building is slated for demolition, the group must subsume each individual's demons into one shared goal: save Brewster's library, at all costs.

Pieces of the Heart

A beloved, bestselling classic of humorous and nostalgic Americana—the book that inspired the equally classic Yuletide film and the live musical on Fox. The holiday film *A Christmas Story*, first released in 1983, has become a bona fide Christmas perennial, gaining in stature and fame with each succeeding year. Its affectionate, wacky, and wryly realistic portrayal of an American family's typical Christmas joys and travails in small-town Depression-era Indiana has entered our imagination and our hearts with a force equal to *It's a Wonderful Life* and *Miracle on 34th Street*. This edition of *A Christmas Story* gathers together in one hilarious volume the gems of autobiographical humor that Jean Shepherd drew upon to create this enduring film. Here is young Ralphie Parker's shocking discovery that his decoder ring is really a device to promote Ovaltine; his mother and father's pitched battle over the fate of a lascivious leg lamp; the unleashed and unnerving savagery of Ralphie's duel in the show with the odious bullies Scut Farkas and Grover Dill; and, most crucially, Ralphie's unstoppable campaign to get Santa—or anyone else—to give him a Red Ryder carbine action 200-shot range model air rifle. Who cares that the whole adult world is telling him, "You'll shoot your eye out, kid"? The pieces that comprise *A Christmas Story*, previously published in the larger collections *In God We Trust*, *All Others Pay Cash* and *Wanda Hickey's Night of Golden Memories*, coalesce in a magical fashion to become an irresistible piece of Americana, quite the equal of the film in its ability to warm the heart and tickle the funny bone.
