The Bombay City Police

Excerpt from The Bombay City Police: A Historical Sketch, 1672-1916 I have been prompted to prepare this brief record of the past history and growth of the Bombay Police Force by the knowledge that, except for a few paragraphs in Volume II of the Gazetteer of Bombay City and Island, no connected account exists of the police administration of the City. Considering how closely interwoven with the daily life of the mass of the population the work of the Force has always been, and how large a contribution to the welfare and progress of the City has been made by successive Commissioners of Police, it seems well to place permanently on record in an accessible form the more important facts connected with the early arrangements for watch and ward and crime-prevention, and to describe the manner in which the Heads of the Force carried out the heavy responsibilities assigned to them. The year 1916 is a convenient date for the conclusion of this historical sketch for in September of that year commenced the violent agitation for Home Rule which under varying names and varying leadership, and despite concessions and political reforms, kept India in a state of unrest during the following five or six years. Other considerations also suggest that the narrative may close most fitly in the year preceding the memorable pronouncement in Parliament, which ushered in the recent constitutional reforms. No one can foretell what changes may hereafter take place in the character and constitution of the City Police Force; but it is improbable that the Force can remain unaffected by the altered character of the general administration. Ere old conditions and old landmarks disappear, it seems to me worth while to compile a succinct history of the Force, as it existed before the era of democratic reform. The Bombay City Police

This interesting book covers the history of the law enforcement officials who manage the city of Bombay, India (present-day Mumbai) during its colonial era. Until 1655, Bombay was under Portuguese control. The Portuguese formed a basic law enforcement structure in this area with the establishment of a Police outpost in 1661. After the cementing of British Rule in India after the 1857 war of Indian Independence, in 1864, the three Presidency towns of Bombay, Calcutta and Madras were given Commissioners of Police.

The Bombay City Police; - Primary Source Edition

Superintendent Grant is the senior detective-manager of The Bombay Police dealing with all the colourful crime such as fraud, drugs, vice, murder, robberies etc; in such a city as Bombay in the 1930's. Weekly he reviews at their meeting every Monday morning with his department chiefs; all the crime during the week and plans for next week. At such a meeting his Murder Chief says I think we have a serial killer or killers as we have found the third body of a young girl worker now. It looks like the old style "Thuggees" who strangled their victims, are back in business. With that bad news, all of the Bombay's Police resources are tuned into tracking this serial killer or maybe killers down. Superintendent Grant has started a new Forensics Department; which was very advanced for 1930's. However so far the serial killer(s) are too clever and not much evidence has been left at crime scenes.

And In This Context To Whom The Police Should Be Accountable?

'The Ultimate Masters of the City'

Taken together the essays in this work not only provide new research essential to the study of Islamic societies and Muslim peoples, but also set a new standard for the concrete study of local situations and illuminate the forces shaping the history of modern Muslim societies. This collection is unique in its sophisticated interpretation of the social protest and political resistance movements in Muslim countries during the nineteenth and twentieth centuries. The contributors take two principal approaches to the study of their subject. Utilizing "new cultural history," they explore how particular movements have deployed the cultural and religious resources of Islam to mobilize and legitimize insurgent political action. Others rely on "new social history" to study the economic, political, and social contexts in which movements of anti-colonial resistance and revolution have developed. This work brings together contributions from specialists on Islamic North Africa, Egypt, the Arab fertile crescent, Iran and India.

Annual Report on the Police of the Town and Island of Bombay

On some days, you are no less than Sherlock Holmes. But on others, you are just a regular policeman on bundobast duty. Me against the Mumbai Underworld is the story of Isaque Bagwan, three-time recipient of the President's Police Medal for Gallantry and a small-town boy who pursued his big-city dreams and ambitions as an upright police officer. Bagwan, who is credited with carrying out the first encounter in the history of Mumbai Police, was witness to several of the city's defining moments-the 1980s when smuggling was at an all-time high, the blasts that tore through Bombay in the '90s, the

gang wars that marked the city, and the devastating 26/11 terror attack. His life, which has captured the imagination of many writers and filmmakers, is presented here with all its gut-wrenching details.

The Bombay Beat

In this series of interconnected essays, Rajnarayan Chandavarkar offers a powerful revisionist analysis of the relationship between class and politics in India between the Mutiny and Independence. Dr Chandavarkar rejects the 'Orientalist' view of Indian social and economic development as exceptional and somehow distinct from that prevailing in capitalist societies elsewhere, and reasserts the critical role of the working classes in shaping the pattern of Indian capitalist development. Sustained in argument and elegant in exposition, these essays represent a major contribution not only to the history of the Indian working classes, but to the history of industrial capitalism and colonialism as a whole. Imperial Power and Popular Politics will be essential reading for all scholars and students of recent political, economic, and social history, social theory, and cultural and colonial studies.--Publisher description.

The Police in India

Kapur Commission Report deals with the Conspiracy to Murder of Mahatma Gandhi who was shot dead point-blank range by Nathuram Vinayak Godse in Birla House Prayer Gardens on 30th January 1948. Three among the eight accused i.e. Madanlal, Karkare, and Gopal Godse were released on 12th October 1964 after completion of their life-sentence and honoured on November 12, 1964 in Pune at a private function presided by Dr. G.V. Ketkar. In that function, Delhi and Bombay Civil and Police administration were strongly condemned for their laxity and dereliction of duty which ultimately resulted in the murder of Mahatma Gandhi. The Indian Express dated November 14, 1964 commented adversely about this function. There was a furore in Bombay Legislative Assembly and Indian Parliament which led the institution of Kapur Inquiry Commission. The Commission's report was made public in 1970s. This digitised Report in two parts is an indispensable one for Judicial Officers & Police Officials, Lawyers & Students of Legal Studies, Historians & Human Right Activists, and above all for Indian Politicians & Bureaucrats in discharging their official duties without any commission or omission and comprehending the social responsibility that is to be shouldered as and when required in times of crisis. GENERAL REPORT ON THE ADMINISTRATION FOR THE BOMBAY PRESIDENCY

A monumental intellectual history of the pivotal figure of Hindu nationalism Vinayak Damodar Savarkar (1883–1966) was an intellectual, ideologue, and anticolonial nationalist leader in India's struggle for independence from British colonial rule, one whose anti-Muslim writings exploited India's tensions in pursuit of Hindu majority rule. *Savarkar and the Making of Hindutva* is the first comprehensive intellectual history of one of the most contentious political thinkers of the twentieth century. Janaki Bakhle examines the full range of Savarkar's voluminous writings in his native language of Marathi, from political and historical works to poetry, essays, and speeches. She reveals the complexities in the various positions he took as a champion of the beleaguered Hindu community, an anticaste progressive, an erudite if polemical historian, a pioneering advocate for women's dignity, and a patriotic poet. This critical examination of Savarkar's thought shows that Hindutva is as much about the aesthetic experiences that have been attached to the idea of India itself as it is a militant political program that has targeted the Muslim community in pursuit of power in postcolonial India. By bringing to light the many legends surrounding Savarkar, Bakhle shows how this figure from a provincial locality in colonial India rose to world-historical importance. *Savarkar and the Making of Hindutva* also uncovers the vast hagiographic literature that has kept alive the myth of Savarkar as a uniquely brave, brilliant, and learned revolutionary leader of the Hindu nation.

Proceedings of the Council of the Governor of Bombay Assembled for the Purpose of Making Laws

Corruption is a preoccupation of governments and societies across place and time, from the 18th-19th Century British, Chinese, and Iberian empires to 20th Century Nazi Germany, Russia, the United States, and India. This study offers three different perspectives on corruption. The first chapters highlight corrupt practices, taking as a point of departure a technocratic definition of corruption. The second part of the book views corruption through the lens of discourses of corruption, revealing that accusations of corruption have been employed as tools, often in the context of contestations of power. The essays in the third part of the book treat corruption as a process, taking into account its causes and effects and their impact on society, economics, and politics. A People and a Nation

An illuminating and authoritative history of America in the years between the Civil War and World War I, Jackson Lears's *Rebirth of a Nation* was named one of the best books of 2009 by The Washington Post, The Chicago Tribune, and The Pittsburgh Post-Gazette. "Fascinating.... A major work by a leading historian at the top of his game—at once engaging and tightly argued." —The New York Times Book Review "Dazzling cultural history: smart, provocative, and gripping. It is also a book for our times, historically grounded, hopeful, and filled with humane, just, and peaceful possibilities." —The Washington Post In the half-century between the Civil War and World War I, widespread yearning for a new beginning permeated American public life. Dreams of spiritual, moral, and physical rebirth formed the foundation for the modern United States, inspiring its leaders with imperial ambition. Theodore Roosevelt's desire to recapture frontier vigor led him to promote U.S. interests throughout Latin America. Woodrow Wilson's vision of a reborn international order drew him into a war to end war. Andrew Carnegie's embrace of philanthropy coincided with his creation of the world's first billion-dollar corporation, United States Steel. Presidents and entrepreneurs helped usher the nation into the modern era, but sometimes the consequences of their actions failed to match the grandeur of their hopes. Award-winning historian Jackson Lears richly chronicles this momentous period when America reunited and began to form the world power of the twentieth century. Lears vividly captures imperialists, Gilded Age mavericks, and vaudeville entertainers, and illuminates the roles played by a variety of seekers, male and female, from populist farmers to avant-garde artists and writers to progressive reformers. Some were motivated by their own visions of Christianity; all were swept up in longings for revitalization. In these years marked by wrenching social conflict and vigorous political debate, a modern America emerged and came to dominance on a world stage. Illuminating and authoritative, *Rebirth of a Nation* brilliantly weaves the remarkable story of this crucial epoch into a masterful work of history.

A People and a Nation

Claiming more than 600,000 lives, the American Civil War had a devastating impact on countless numbers of common soldiers and civilians, even as it brought freedom to millions. This book shows how average Americans coped with despair as well as hope during this vast upheaval. *A People at War* brings to life the full humanity of the war's participants, from women behind their plows to their husbands in army camps; from refugees from slavery to their former masters; from Mayflower descendants to freshly recruited Irish sailors. We discover how people confronted their own feelings about the war itself, and how they coped with emotional challenges (uncertainty, exhaustion, fear, guilt, betrayal, grief) as well as physical ones (displacement, poverty, illness, disfigurement). The book explores the violence beyond the battlefield, illuminating the sharp-edged conflicts of neighbor against neighbor, whether in guerilla warfare or urban riots. The authors travel as far west as China and as far east as Europe, taking us inside soldiers' tents, prisoner-of-war camps, plantations, tenements, churches, Indian reservations, and even the cargo holds of ships. They stress the war years, but also cast an eye at the tumultuous decades that preceded and followed the battlefield confrontations. An engrossing account of ordinary people caught up in life-shattering circumstances, *A People at War* captures how the Civil War rocked the lives of rich and poor, black and white, parents and children--and how all these Americans pushed generals and presidents to make the conflict a people's war.

A People and a Nation

Since its original landmark publication in 1980, *A People's History of the United States* has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, *A People's History* is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, *A People's History of the United States*, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

Here in their own words are Frederick Douglass, George Jackson, Chief Joseph, Martin Luther King Jr., Plough Jogger, Sacco and Vanzetti, Patti Smith, Bruce Springsteen, Mark Twain, and Malcolm X, to name just a few of the hundreds of voices that appear in *Voices of a People's History of the United States*, edited by Howard Zinn and Anthony Arnove. Paralleling the twenty-four chapters of Zinn's *A People's History of the United States*, *Voices of a People's History* is the long-awaited companion

volume to the national bestseller. For *Voices*, Zinn and Arnove have selected testimonies to living history—speeches, letters, poems, songs—left by the people who make history happen but who usually are left out of history books—women, workers, nonwhites. Zinn has written short introductions to the texts, which range in length from letters or poems of less than a page to entire speeches and essays that run several pages. *Voices of a People's History* is a symphony of our nation's original voices, rich in ideas and actions, the embodiment of the power of civil disobedience and dissent wherein lies our nation's true spirit of defiance and resilience.

A People and a Nation

"[A] powerful examination of a nation trying to make sense of the complex changes and challenges of the post-Civil War era." —Carol Berkin, author of *A Brilliant Solution: Inventing the American Constitution* In 1877—a decade after the Civil War—not only was the United States gripped by a deep depression, but the country was also in the throes of nearly unimaginable violence and upheaval, marking the end of the brief period known as Reconstruction and reestablishing white rule across the South. In the wake of the contested presidential election of 1876, white supremacist mobs swept across the South, killing and driving out the last of the Reconstruction state governments. A strike involving millions of railroad workers turned violent as it spread from coast to coast, and for a moment seemed close to toppling the nation's economic structure. Celebrated historian Michael A. Bellesiles reveals that the fires of that fated year also fueled a hothouse of cultural and intellectual innovation. He relates the story of 1877 not just through dramatic events, but also through the lives of famous and little-known Americans alike. "A superb and troubling book about the soul of Modern America." —William Deverell, director of the Huntington-USC Institute on California and the West "A bold, insightful book, richly researched, and fast paced . . . Bellesiles vividly portrays on a single canvas the violent confrontations in 1877." —Alfred F. Young, coeditor of *Revolutionary Founders: Rebels, Radicals, and Reformers in the Making of the Nation* "[A] wonderful read that is sure to appeal to those interested in the challenges of creating a post-Civil War society." —Choice

Studyguide for a People and a Nation

"I too am not a bit tamed--I too am untranslatable / I sound my barbaric yawp over the roofs of the world."--Walt Whitman, "Song of Myself," *Leaves of Grass* The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students--an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

From the "preeminent historian of Reconstruction" (New York Times Book Review), a newly updated edition of the prize-winning classic work on the post-Civil War period which shaped modern America, with a new introduction from the author. Eric Foner's "masterful treatment of one of the most complex periods of American history" (New Republic) redefined how the post-Civil War period was viewed. Reconstruction chronicles the way in which Americans—black and white—responded to the unprecedented changes unleashed by the war and the end of slavery. It addresses the ways in which the emancipated slaves' quest for economic autonomy and equal citizenship shaped the political agenda

of Reconstruction; the remodeling of Southern society and the place of planters, merchants, and small farmers within it; the evolution of racial attitudes and patterns of race relations; and the emergence of a national state possessing vastly expanded authority and committed, for a time, to the principle of equal rights for all Americans. This "smart book of enormous strengths" (Boston Globe) remains the standard work on the wrenching post-Civil War period—an era whose legacy still reverberates in the United States today.

A New York Times Notable Book of 2013 A Kirkus Best Book of 2013 A Bookpage Best Book of 2013 Dazzling in scope, Ecstatic Nation illuminates one of the most dramatic and momentous chapters in America's past, when the country dreamed big, craved new lands and new freedom, and was bitterly divided over its great moral wrong: slavery. With a canvas of extraordinary characters, such as P. T. Barnum, Walt Whitman, Frederick Douglass, and L. C. Q. Lamar, Ecstatic Nation brilliantly balances cultural and political history: It's a riveting account of the sectional conflict that preceded the Civil War, and it astutely chronicles the complex aftermath of that war and Reconstruction, including the promise that women would share in a new definition of American citizenship. It takes us from photographic surveys of the Sierra Nevadas to the discovery of gold in the South Dakota hills, and it signals the painful, thrilling birth of modern America. An epic tale by award-winning author Brenda Wineapple, Ecstatic Nation lyrically and with true originality captures the optimism, the failures, and the tragic exuberance of a renewed Republic.
