A Pictorial History of Jazz

Picture-encyclopedia presenting the colorful half-century of America's own music from its New Orleans origins to the present.

A Pictorial History of Jazz : People and Places from New Orleans to Modern Jazz

An extraordinary documentation through photographs of the evolution of this yearly festival that in New Orleans has become a seasonal ritual comparable only to the revelry of Mardi Gras. Photographs.

A Pictorial History of Jazz

Extensive and fully documented pictorial history of classic jazz.

New Orleans Jazz Fest

Ted Gioia's *History of Jazz* has been universally hailed as a classic--acclaimed by jazz critics and fans around the world. Now Gioia brings his magnificent work completely up-to-date, drawing on the latest research and revisiting virtually every aspect of the music, past and present. Gioia tells the story of jazz as it had never been told before, in a book that brilliantly portrays the legendary jazz players, the breakthrough styles, and the world in which it evolved. Here are the giants of jazz and the great moments of jazz history--Jelly Roll Morton, Louis Armstrong, Duke Ellington at the Cotton Club, cool jazz greats such as Gerry Mulligan, Stan Getz, and Lester Young, Charlie Parker and Dizzy Gillespie's advocacy of modern jazz in the 1940s, Miles Davis's 1955 performance at the Newport Jazz Festival, Ornette Coleman's experiments with atonality, Pat Metheny's visionary extension of jazz-rock fusion, the contemporary sounds of Wynton Marsalis, and the post-modernists of the current day. Gioia provides the reader with lively portraits of these and many other great musicians, intertwined with vibrant commentary on the music they created. He also evokes the many worlds of jazz, taking the reader to the swamp lands of the Mississippi Delta, the bawdy houses of New Orleans, the rent parties of Harlem, the speakeasies of Chicago during the Jazz Age, the after hours spots of corrupt Kansas city, the Cotton Club, the Savoy, and the other locales where the history of jazz was made. And as he traces the spread of this protean form, Gioia provides much insight into the social context in which the music was born.

Black Beauty, White Heat

"The History of Jazz, 3rd edition, is a comprehensive survey of jazz music from its origins until the current day. The book is designed for general readers and students, as well as those with more specialized interest in jazz and music history. It provides detailed biographical information and an overview of the musical contributions of the key innovators in development of jazz, including Louis Armstrong, Duke Ellington, Billie Holiday, Coleman Hawkins, Charlie Parker, Dizzy Gillespie, Thelonious Monk, Ella Fitzgerald, Miles Davis, John Coltrane, Ornette Coleman and others. The book also traces the evolution of jazz styles and includes in-depth accounts of ragtime, blues, New Orleans jazz, Chicago jazz, swing and big band music, bebop, hard bop, cool jazz, avant-garde, jazz-rock fusion and other subgenres and developments. The History of Jazz also provides a cultural and socioeconomic contextualization of the music, dealing with the broader political and social environment that gave birth to the music and shaped its development--both in the United States and a global setting"--

The History of Jazz

Miscellaneous information about Jews and Judaism presented in question and answer format.

100 Years of Jazz

Heartily recommended... Since not even a reference librarian par excellence can come close to knowing the best in any given discipline, no library should be without access to this set for its patrons. Booklist ... impressively meets a quite formidable task - providing basic material on many subjects for the nonspecialist, student librarian. Choice From age-old classics to the writings of today, The Reader's Adviser, 14th Edition helps you and your patrons select and appreciate the world's greatest books. This monumental work features: *hundreds of authors and thousands of works new to this edition, plus updated entries and revised material in every chapter *updated critical and biographical profiles reflecting the latest understanding and scholarship *more women writers and more culturally diverse writers from around the world *title, name, & subject indexes in every volume. Order the complete 6-volume set for only \$500.00--a savings of \$160.00 if you purchased each volume separately!

The British National Bibliography

From the Publisher: In this groundbreaking book, noted historian Thaddeus Russell tells a new and surprising story about the origins of American freedom. Rather than crediting the standard textbook icons, Russell demonstrates that it was those on the fringes of society whose subversive lifestyles helped legitimize the taboo and made America the land of the free. In vivid portraits of renegades and their "respectable" adversaries, Russell shows that the nation's history has been driven by clashes between those interested in preserving social order and those more interested in pursuing their own desires - insiders versus outsiders, good citizens versus bad. The more these accidental revolutionaries existed, resisted, and persevered, the more receptive society became to change. Russell brilliantly and vibrantly argues that it was history's iconoclasts who established many of our most cherished liberties. Russell finds these pioneers of personal freedom in the places that usually go unexamined - saloons

and speakeasies, brothels and gambling halls, and even behind the Iron Curtain. He introduces a fascinating array of antiheroes: drunken workers who created the weekend; prostitutes who set the precedent for women's liberation, including "Diamond Jessie" Hayman, a madam who owned her own land, used her own guns, provided her employees with clothes on the cutting-edge of fashion, and gave food and shelter to the thousands left homeless by the 1906 San Francisco earthquake; there are also the criminals who pioneered racial integration, unassimilated immigrants who gave us birth control, and brazen homosexuals who broke open America's sexual culture. Among Russell's most controversial points is his argument that the enemies of the renegade freedoms we now hold dear are the very heroes of our history books - he not only takes on traditional idols like John Adams, Thomas Jefferson, Andrew Carnegie, John Rockefeller, Thomas Edison, Franklin Roosevelt, and John F. Kennedy, but he also shows that some of the most famous and revered abolitionists, progressive activists, and leaders of the feminist, civil rights, and gay rights movements worked to suppress the vibrant energies of working-class women, immigrants, African Americans, and the drag queens who founded Gay Liberation. This is not history that can be found in textbooks - it is a highly original and provocative portrayal of the American past as it has never been written before.

Jazz

Includes entries for maps and atlases.

Jazz

Excerpts from and citations to reviews of more than 8,000 books each year, drawn from coverage of 109 publications. Book Review Digest provides citations to and excerpts of reviews of current juvenile and adult fiction and nonfiction in the English language. Reviews of the following types of books are excluded: government publications, textbooks, and technical books in the sciences and law. Reviews of books on science for the general reader, however, are included. The reviews originate in a group of selected periodicals in the humanities, social sciences, and general science published in the United States, Canada, and Great Britain. - Publisher.

The History of Jazz

A handbook for teachers in Jewish schools that provides Internet resources for the Jewish holidays. Based on the manual "Teaching Jewish Holidays," published by A.R.E. Publishing, Inc.

Jazz

Breaking through pervasive misconceptions, *Jazz in the 1970s* explores a pivotal decade in jazz history. Many consider the 1970s to be the fusion decade, but Bill Shoemaker pushes back against this stereotype with a bold perspective that examines both the diverse musical innovations and cultural developments that elevated jazz internationally. He traces events that redefined jazz's role in the broadband arts movement as well as the changing social and political landscape. Shoemaker immerses readers in the cultural transformation of jazz through: official recognition with events like Jimmy Carter's White House Jazz Picnic and the release of The Smithsonian Collection of Classic Jazz; the market validation of avant-garde musicians by major record labels and the concurrent spike in artist-operated record labels and performance spaces; the artistic influence and economic impact of jazz festivals internationally; the emergence of government and foundation grant support for jazz in the United States and Europe; and the role of media in articulating a fast-changing scene. Shoemaker details the lives and work of well-known innovators (such as Art Ensemble of Chicago, Anthony Braxton and Sam Rivers) as well as barrier-breaking artists based in Europe (such as Derek Bailey, Peter Brötzmann and Chris McGregor) giving both longtime fans and newcomers insights into the moments and personae that shaped a vibrant decade in jazz.

A Discourse, Preached in St. Peter's Church, Salem, on Sunday, February 19, 1843,

A Discourse, Preached in St. Peter's Church, Salem, on Sunday, February 19, 1843, on the death of the Rt. Rev. Alexander V. Griswold, D.D., Bishop of the Eastern Diocese, and Senior Bishop of the Episcopal Church in the United States. By Charles Mason, Rector of St. Peter's Church, Salem.

A Discourse Preached in St. Peter's Church, Salem

Vols. 227-230, no. 2 include: Stuff and nonsense, v. 5-6, no. 8, Jan. 1929-Aug. 1930.

A Discourse Preached in the St. Peter's Church, Salem, on Sunday, February 19, 1843, on the Death of the Rt. Rev. Alexander V. Griswold, D.D., Bishop of the Eastern Diocese, and Senior Bishop of the Episcopal Church in the United States

This authoritative catalogue of the Corcoran Gallery of Art's renowned collection of pre-1945 American paintings will greatly enhance scholarly and public understanding of one of the finest and most important collections of historic American art in the world. Composed of more than 600 objects dating from 1740 to 1945.

A Discourse Preached in St. Peter's Church, Salem, on Sunday, February 19, 1843, on the Death of the Rt. Rev. Alexander V. Griswold

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The North American Review

The History of the Negro Church is a book by Carter Godwin Woodson. It presents a thorough summation of the birth of Christianity in the African-American community in the USA.

A Discourse [on Job xiv. 14] preached ... on the death of ... A. V. Griswold, Bishop, etc

"Stott finds that male behavior could be strikingly similar in diverse locales, from taverns and boarding-houses to college campuses and sporting events. He explores the permissive attitudes that thrived in such male domains as the streets of New York City, California during the gold rush, and the Pennsylvania oil fields, arguing that such places had an important influence on American society and culture. Stott recounts how the cattle and mining towns of the American West emerged as centers of resistance to Victorian propriety. It was here that unrestrained male behavior lasted the longest, before being replaced with a new convention that equated manliness with sobriety and self-control."

The Preaching of the Word

TO PRESUME to multiply books in this day of excellent writers and learned book-makers is a rash thing perhaps for a novice. It may even be a presumption that shall be met by the production itself being driven from the market by the keen, searching criticism of not only the reviewers, but less noted objectors. And yet there are books that meet a ready sale because they seem like "Ishmaelites"--against everybody and everybody against them. Whether this work shall ever accomplish the design of the author may not at all be determined by its sale. While I hope to secure some pecuniary gain that I may accompany it with a companion illustrating what our women have done, yet by no means do I send it forth with the sordid idea of gain. I would rather it would do some good than make a single dollar, and I echo the wish of "Abou Ben Adhem," in that sweet poem of that name, written by Leigh Hunt. The angel was writing at the table, in his vision. The names of those who love the Lord. Abou wanted to know if his was there--and the angel said "No." Said Abou, I pray thee, then, write me as one that loves his fellow-men. That is what I ask to be recorded of me. The angel wrote and vanished. The next night It came again, with a great awakening light. And showed the names whom love of God had blessed. And lo! Ben

Adhem's name led all the rest. I desire that the book shall be a help to students, male and female, in the way of information concerning our great names. I have noticed in my long experience as a teacher, that many of my students were woefully ignorant of the work of our great colored men--even ignorant of their names. If they knew their names, it was some indefinable something they had done--just what, they could not tell. If in a slight degree I shall here furnish the data for that class of rising men and women, I shall feel much pleased. Herein will be found many who had severe trials in making their way through schools of different grades. It is a suitable book, it is hoped, to be put into the hands of intelligent, aspiring young people everywhere, that they might see the means and manners of men's elevation, and by this be led to undertake the task of going through high schools and colleges. If the persons herein mentioned could rise to the exalted stations which they have and do now hold, what is there to prevent any young man or woman from achieving greatness? Many, yea, nearly all these came from the loins of slave fathers, and were the babes of women in bondage, and themselves felt the leaden hand of slavery on their own bodies; but whether slaves or not, they suffered with their brethren because of color. That "sum of human villainies" did not crush out the life and manhood of the race. I wish the book to show to the world--to our oppressors and even our friends--that the Negro race is still alive, and must possess more intellectual vigor than any other section of the human family, or else how could they be crushed as slaves in all these years since 1620, and yet to-day stand side by side with the best blood in America, in white institutions, grappling with abstruse problems in Euclid and difficult classics, and master them? Was ever such a thing seen in another people? Whence these lawyers, doctors, authors, editors, divines, lecturers, linguists, scientists, college presidents and such, in one quarter of a century?

Natal Sermons

Originally published in 1876, this work presents the reader with a comprehensive history of Macon County, located in the central part of Illinois. Smith begins with a discussion about the "Indians" who occupied the territory prior to pioneer exploration and development. He discusses the initial discovery and settlement of Illinois by the colonists, and the admittance of Illinois into the Union as a state on Dec. 3, 1818. Subsequent discussions include the history of the County, its establishment, organization, and settlement; lists of County Officers including some biographies of Judges, Circuit Clerks, State's Attorneys, Sheriffs, and County Treasurers; the county's involvement in the Black Hawk War, Mexican War and Late War, including a list of soldiers from Macon County who fought in the wars: their dates of enlistment, discharge, and if killed or wounded, where and when; the early days of Macon County: deep snow, games, amusements, bee hunting and deer hunting; the ecclesiastical history of the county, Methodist, Presbyterian, etc. and respective Pastors; manufacturers, improvements, agriculture and the railroads; various cities including Decatur, the county seat; education, learning facilities, early methods and school statistics; and Chapter 10 concludes the history with biographical sketches of the earliest settlers who came to Macon County prior to 1836, their families, births, deaths and marriages. An index to full names, places and subjects adds to the value of this work.

Prominent Families of New York

"Provides information about the history and celebration of more than 100 holidays, festivals, and other events observed by Americans of African descent. Features include narrative overviews, chronology of historical events related to holidays and festivals, calendar and geographical listings of observances, bibliography, and contact information and web sites"--Provided by publisher.
