Werewolves of New York

Werewolves aren't real, and they're certainly not running an architecture firm in N.Y.C. Michelle Nero is a smart, savvy, curvy brunette...and a very loyal friend. So much so that she leaves a club where she's locked eyes with the most handsome man she'd ever seen, to tuck her drunken friend Rose into bed. Forgetting to have the taxi wait for her, she finds herself walking home in the dark streets of Downtown Manhattan. When an unsavory villain throws her into the shadows of an alley, a powerful someone comes to her rescue, but she doesn't know who. She's too busy doing what he told her to do: RUN. When he went to the club, Nathaniel Jacobs was looking for something superficial and very, very temporary. When a pretty brunette's skirt accidentally hikes up and mortified, she flips around and locks eyes with him...something clicks inside his chest, and there's nothing temporary about it. Needing to have her, he stalks her to Rose's place and it's a good thing, too, because there he discovers her being attacked in an alley. Acting fast, he lets his wolf out and lays waste to the bad guy. But he can't tell Michelle it was him who saved her, even when after he secretly returns her dropped belongings to her, she gazes up at him and demands to know why he knows where she lives when they've never said two words to each other. He can't tell her what he is...or can he? And will his three packmates let her be the first human they've ever told?

Not after what Catherine did to him. Catherine Zenith is about to marry the man she left Dontae for years ago. He's solid. Her parents love him. She loves him. Sort of. So why is the phone in her hands, and why are her shaking fingers dialing Dontae's number? She has no idea that he hates her guts. She's about to find out. A Stand-Alone Series, each book telling the tale of each wolf in the pack. "Werewolves of New York" - Nathaniel, Eli, Darik and Dontae. Werewolves of New York

Werewolves Don't Exist. And four of them certainly do not run an architecture firm in New York City. Eli Jackson's dimple and those always laughing eyes of his would melt the panties off a woman even when she's still wearing her pants. But his knack for finding abused women who need his help is no laughing matter. He and his packmates vowed to use their abilities to take down evil when they find it, and Eli's got a new 'case.' Helping Diana brings him face to face with Rose Hendricks who needs no man's help, and she's certainly not evil...so why does he want to take her down in ways he knows he shouldn't? He made a pact with Darik to stay single...so why can't he control his wolf whenever Rose is around? Rose Hendricks is a funny, All-American attorney smartass who doesn't like to lose. In the

courtroom, she rarely does. But in life? She just lost her best friend to love. Another one bites the dust, as the single girls say. But Rose won't let her friend go without a fight, and when another unanswered call goes to voicemail, she hightails it to Michelle's apartment only to find Eli there, wearing only a blanket, telling her Chelle doesn't live there anymore. Say what? Sparks fly like crazy and soon Rose is looking at glowing eyes from a man who supposed to be human. What is he, really? And what's everybody hiding?***This "Werewolf Paranormal Romance" is a stand-alone, a complete story with no cliffhangers!***

A Canadian Werewolf in New York

Writer. Werewolf. Canadian. Michael Andrews seems to have it all. He's a successful author and a minor celebrity living in Manhattan. It's a pretty big step up from his humble Canadian upbringing. Of course, his lycanthropy poses a bit of a challenge. After waking up from his latest night on the town, he's naked, he's got a bullet hole in his leg, and he has a sneaking suspicion he ran into another wolf last night. If he's going to make an evening talk show appearance to promote his latest book, he'll need to figure out what happened the previous night without letting his occasional heroics get in the way. Standing in his way are an agent, an ex-girlfriend, a variety of goons, and a fellow wolf encroaching on his territory. It's just another day in the life of a polite, small-town Canadian trying to stay alive in the Big Apple. A Canadian Werewolf in New York is a humorous thriller about an ordinary man dealing with extraordinary circumstances. If you like seeing an everyman try to "do right" no matter the odds, then you'll love this suspenseful and comedic tale of a Canadian bumpkin who happens to be part wolf.

Werewolf in Manhattan

She believed werewolves were a myth...until she met one. For paranormal romance author Emma Gavin, werewolves only existed between the pages of her novels. They were seductive heroes drawn from her imagination, not living, breathing creatures in the real world. And they certainly were not wealthy lords of industry. And then the sexy Mr. Wallace sprouted fur. Offering to pose as Emma's bodyguard to deter a rogue Were should have been an easy assignment for pack alpha Aidan Wallace. She's human. He's Were. The two don't mix. But he didn't count on the temptation she would pose to his highly tuned senses. Or how hard it would be to resist her siren call. Denying the bond that's drawing them together could cost him his sanity. But surrendering to desire could cost him his life.
