The Theatre Essays of Arthur Miller

"The twenty-three essays and three interviews collected here give us Arthur Miller's views on the theatre including such topics as the origins of modern drama, the nature of tragedy, what makes plays endure, the theatre in Russia and at home, on Broadway and at New York's Lincoln Center. Above all, they give eloquent expression of his belief in the theatre as a serious business, one that makes or should make man more human, which is to say, less alone."--

The Theater Essays Of Arthur Miller

Arthur Miller is one of the most important and enduring playwrights of the last fifty years. This new edition of The Theater Essays has been expanded by nearly fifty percent to include his most significant articles and interviews since the book's initial publication in 1978. Within these pages Miller discusses the roots of modern drama, the nature of tragedy, and the state of contemporary theater; offers illuminating observations on Ibsen, Strindberg, Chekhov, O'Neill, and Williams; probes the different approaches and attitudes toward theater in Russia, China, and at home; and, of course, provides valuable insights into his own vast dramatic corpus. For this edition the literary chronology and cast and production information have been updated, and an extensive new bibliography has been added. The Theater Essays confirms Arthur Miller's standing as a brilliant, eloquent commentator on drama and culture. No one interested in theater should be without this definitive collection.

Arthur Miller is described by some as the greatest American playwright of the twentieth century. But to fully understand and appreciate his work, students must comprehend the political climate in which he was writing and the changes facing the world at the time. This engaging text provides readers with critical analysis of his themes, style, and language; direct quotations from Miller; and relevant biographical details. Students will learn about the world Arthur Miller was reflecting in his writing and why his works have become American classics.

Reading and Interpreting the Works of Arthur Miller

'A gentle, lyrical, Chekhovian evocation of the past, with that special unpretentious charm that special works sometimes have.' NEW YORK TIMES At an auto-parts warehouse in Brooklyn, life seems frozen in time: as workers of every age commute in, nothing ever seems to change. Newcomer Bert, only 18 years old, hopes to escape this world, earnestly saving his wages for college... but can such a dream survive his workplace's haze of hopelessness, despondency and alcoholism? A vivid rendering of life under the Great Depression, *A Memory of Two Mondays* perfectly captures the anxieties and concerns of the 1930s, autobiographically reflecting Miller's own experience as an 18-year-old in this period. This Methuen Drama Student Edition is edited by Stephen Marino, with commentary and notes that explore

the play's production history (including excerpts from an interview with director Rob Roznowski) as well as the dramatic, thematic and academic debates that surround it.

Twayne's United States Authors Series

Arthur Miller for the Twenty-First Century: Contemporary Views of His Writings and Ideas brings together both established Miller experts and emerging commentators to investigate the sources of his ongoing resonance with audiences and his place in world theatre. The collection begins by exploring Miller in the context of 20th-century American drama. Chapters discuss Miller and Eugene O'Neill, Tennessee Williams, Edward Albee, David Mamet, and Sam Shepard, as well as thematic relationships between Miller's ideas and the explosion of significant women and African American dramatists since the 1970s. Other essays focus more directly on interpretations of Miller's individual works, not only plays but also essays and fiction, including a discussion of *Death of a Salesman* in China. The volume concludes by considering Miller and current cultural issues: his work for human rights, his depiction of American ideals of masculinity, and his anticipation of contemporary posthumanism.

A Memory of Two Mondays

"The greatest American dramatist of our age." (Evening Standard) In this collected works, five of Arthur Miller's most-produced and popular plays are brought together in a new edition, alongside an exclusive introduction by Ivo van Hove, the celebrated contemporary director of Miller's works. All five plays were written by Miller within a ten-year period which began with his first Broadway hit, *All My Sons*, in 1947 which led Brooks Atkinson of the New York Times to state that 'theatre has acquired a genuine new talent.' This was followed in 1949 by his exploration of the American Dream in *Death of a Salesman*, which went on to win the Tony Award for Best Play and the Pulitzer Prize for Drama. *The Crucible* followed in 1953, produced during the McCarthy era and becoming a parable of the witch-hunting practices of a government determined to root-out Communists. *A View from the Bridge*, originally performed in 1955, concerns the lives of longshoremen in the Brooklyn waterfront and has remained one of Miller's most produced plays. Originally presented as a one-act companion piece to *A Memory of Two Mondays*, both plays explore the dreams and working lives of ordinary Americans in the early decades of the 20th century. Freshly edited and featuring a bold new design, this updated edition of *Arthur Miller Plays 1* is a must-have for theatre fans and students alike.

Arthur Miller for the Twenty-First Century

This anthology gathers some of Modern Drama's most distinguished pieces on America's four most important playwrights since Eugene O'Neill: Tennessee Williams, Arthur Miller, Edward Albee, and Sam Shepard. While Parker has chosen these authors "as representative of the main stream of American dramatic tradition," she does not offer a general overview of the plays or playwrights, nor any general orientation to aid the reader. These essays are written by scholars for serious students of American drama. The majority of the essays concentrate on a single play, and while they appeared decades ago, all were major articles in the field. Old but solid, they should still be of interest to students and scholars alike.

Arthur Miller Plays 1

In this second volume, distinguished scholars and drama critics present the best of current thought on the plays of Arthur Miller. In this book, which is divided into two sections, 'Views' and 'Overviews,' the contributors assess the relationship evident among several plays and offer analyses of single works. An international bibliography rounds out this perceptive and comprehensive illumination of Miller's work and career.

Essays on Modern American Drama

Original title: *Miller: a study of his plays. A history and critical study of Arthur Miller's plays including "Death of a Salesman."*

Arthur Miller

A man is a jellyfish. The tide goes in and the tide goes out. About what happens to him, a man has very little to say. Everything David Beeves touches turns to gold. He has a beautiful home and a loving wife, loyal friends and a thriving business. But as those around him trip and fall, David struggles to

understand his fate. What if his Midas touch, like the flip of a coin or the pull of the tide, is nothing more than good luck? The Man Who Had All the Luck was Arthur Miller's first play to be produced, premiering in New York in November 1944. Searching philosophical and vehemently political, it intimates so much that will take centre-stage in his better-known work for decades to come. This edition was published to coincide with the revival at the King's Head Theatre, London, in September 2015 in Miller's centenary year.

Conversations with Arthur Miller

CONVERSATIONS WITH MILLER (ARTHUR MILLER)

Arthur Miller, New Edition

"Listen to the dialogue: no other American dramatist has this feel for the ordinary talk of ordinary people, or the knowledge of what they do. This is more than a writer's craft, it is a psychological and moral openness to humanity, an act not of imitating, but of sharing". Sunday Times This fourth anthology features Arthur Miller's two early plays, *The Golden Years*, a historical tragedy about Montezuma's destruction at the hands of Cortez, and *The Man Who Had All the Luck*, a fable about human freedom and individual responsibility, are brought together in this volume. It also features two of his contemporary shorter plays, *I Can't Remember Anything* and *Clara*, first presented on a double bill as *Danger! Memory*. The latter focus on the importance and dangers of remembering the past, while the early plays, written at the time of the Second World War, mark the emergence of a drama in which public issues are rooted in private anxieties and chart the beginning of Miller's career that was one of the most distinguished in dramatic history. First produced in 1944 and revived in London in 2008, *The Man Who Had All the Luck* is a mesmerising drama in which the author's brilliance and characteristic qualities are already evident: The fourth volume of Miller's plays has been reissued with a new cover and features an introduction by the author and a chronology of his work.

Arthur Miller Plays 4

A great theater critic brings twentieth-century playwright Arthur Miller's dramatic story to life with bold and revealing new insights "New Yorker critic Lahr shines in this searching account of the life of playwright Arthur Miller. . . . It's a great introduction to a giant of American letters."—Publishers Weekly Distinguished theater critic John Lahr brings unique perspective to the life of Arthur Miller (1915–2005), the playwright who almost single-handedly propelled twentieth-century American theater into a new level of cultural sophistication. Organized around the fault lines of Miller's life—his family, the Great Depression, the rise of fascism, Elia Kazan and the House Committee on Un-American Activities, Marilyn Monroe, Vietnam, and the rise and fall of Miller's role as a public intellectual—this book demonstrates the synergy between Arthur Miller's psychology and his plays. Concentrating largely on Miller's most prolific decades of the 1940s, 1950s, and 1960s, Lahr probes Miller's early playwriting failures; his work writing radio plays during World War II after being rejected for military service; his only novel, *Focus*; and his succession of award-winning and canonical plays that include *All My Sons*, *Death of a Salesman*, and *The Crucible*, providing an original interpretation of Miller's work and his personality.

Stone Tower

Reflections on the late Arthur Miller from over seventy writers, actors, directors and friends, with 'Arthur Miller Remembers', an interview with the writer from 1995. Following his death in February 2005, newspapers were filled with tributes to the man regarded by many as the greatest playwright of the twentieth century. Published as a celebration and commemoration of his life, Part I of *Remembering Arthur Miller* is a collection of over seventy specially commissioned pieces from writers, actors, directors and friends, providing personal, critical and professional commentary on the man who gave the theatre such timeless classics as *All my Sons*, *A View from the Bridge*, *The Death of a Salesman*, and *The Crucible*. Contributors read like a Who's Who of theatre, film and literature: Edward Albee, Alan Ayckbourn, Brian Cox, Richard Eyre, Joseph Fiennes, Nadine Gordimer, Dustin Hoffman, Warren Mitchell, Harold Pinter, Vanessa Redgrave and Tom Stoppard, to name but a few. Part II, 'Arthur Miller Remembers', is an in-depth and wide-ranging interview conducted with Miller in 1995. Bigsby's expertise and Miller's candour produce a wonderfully insightful commentary and analysis both of Miller's life and the life of twentieth century America. It covers Miller's upbringing in Harlem, the Depression, marriage to Marilyn Monroe, post-war America, being sentenced to prison by the House Un-American Activities Committee in 1956, and his presidency of the writer's organisation, PEN International. The discourse also provides a commentary on and analysis of his many plays and Miller's reflections on the American theatre.

"The greatest American dramatist of our age" - *Evening Standard* In this third volume of collected works, three of Arthur Miller's stage plays from the early 1980s are brought together in a new edition. Expanding on the themes and explorations of his earlier work, this volume also contains an introduction from the playwright himself, as well as an afterword by acclaimed Miller scholar Christopher Bigsby. A sweeping, hard-hitting look at the Great Depression of the 1930s, *The American Clock* (1982) is a vaudevillian celebration of American resilience and optimism in the face of national crisis, and was later performed on Broadway. Set in an Eastern European capital, *The Archbishop's Ceiling* (1984), examines the relationship between four writers, and the erosion of personal integrity during the cold war: a thrilling study of the effects of surveillance and political pressure on an individual's actions Also included is a revised version of *Two-Way Mirror* (1984): a double bill for a man and a woman, consisting

of two short plays - *Elegy for a Lady* and *Some Kind of Love Story*. These fantastic two-handers explore the nuances in relationships, and have come to be recognised as some sort of coded epitaph to the tumult and tragedy of Miller's marriage to Marilyn Monroe. Freshly edited and featuring a bold new design, this updated edition of *Arthur Miller Plays 3* is a must-have for theatre fans and students alike.
