Spread by the advance of the British Empire, Freemasonry remains most popular in the British Isles and in other countries originally within the empire. Freemasonry evolved from the guilds of stonemasons and cathedral builders of the Middle Ages. With the decline of cathedral building, some lodges of operative (working) masons began to accept honorary members to bolster their declining membership. From a few of these lodges developed modern symbolic or speculative Freemasonry, which particularly in the 17th and 18th centuries, adopted the rites and trappings of ancient religious orders and of chivalric brotherhoods. Beyond Recall (Unwiederbringlich)

This carefully edited collection has been designed and formatted to the highest digital standards and adjusted for readability on all devices. Contents: Chamber Music Dubliners A Portrait of the Artist as a Young Man Exiles Ulysses (the original 1922 ed.) James Augustine Aloysius Joyce (1882–1941) was an Irish novelist and poet, considered to be one of the most influential writers in the modernist avant-garde of the early 20th century. Joyce is best known for Ulysses (1922), a landmark work in which the episodes of Homer's Odyssey are paralleled in an array of contrasting literary styles, perhaps most prominent among these the stream of consciousness technique he perfected. Other major works are the short-story collection Dubliners (1914), and the novels A Portrait of the Artist as a Young Man (1916) and Finnegans Wake (1939). His complete oeuvre also includes three books of poetry, a play, occasional journalism, and his published letters.

The Fallen Ones

Short stories from the science fiction master—including the tale that inspired 2001: A Space Odyssey. These stories present a brilliant showcase of Arthur C. Clarke's many-layered approach to the moral dilemmas of scientific advancement—from the thrilling and brutal “Breaking Strain” to the more poetic and thoughtful “Second Dawn.” Also included is “The Sentinel”—the basis for the classic Stanley Kubrick film 2001: A Space Odyssey. This outstanding collection reminds us that the author of Childhood's End was not only a giant in the world of science fiction, a recipient of multiple Nebula and Hugo Awards, and an incomparable storyteller, but also a “skilled literary artist” (Hartford Courant). “I do not know of any short story that has moved me more than Arthur C. Clarke's ‘If I Forget Thee, Oh Earth.’” —The Christian Science Monitor

Shadow and Sunshine

This book presents a new thesis on the history of Israel: David was originally king of Judah, not of Israel. The tales of his encounters with Goliath, Saul, Jonathan, Michal, Bathsheba, Absalom, and Solomon are later additions to the account. The work develops a new model for the study of biblical literature.

Oblomov

It is Paris, 1793, the most seething time of the revolution. No one knew in the morning if his head would still be on his shoulders in the evening, or if it would be held up by citizen Samson the headsman, for the sans-culottes of Paris to see. However, the Scarlet Pimpernel, Sir Percy Blakeney, is still at large to rescue France's aristocrats.

Tony Pastor's 201 Bowery Songster

From the stony desolation of Jordan's desert, it is but a step through a doorway into the bath house of the Qusayr 'Amra hunting lodge. Inside, multicolored frescoes depict scenes from courtly life and the hunt, along with musicians, dancing girls, and naked bathing women. The traveler is transported to the luxurious and erotic world of a mid-eighth-century Muslim Arab prince. For scholars, though, Qusayr 'Amra, probably painted in the 730s or 740s, has proved a mirage, its concreteness dissolved by

doubts about date, patron, and meaning. This is the first book-length contextualization of the mysterious monument through a compelling analysis of its iconography and of the literary sources for the Umayyad period. It illuminates not only the way of life of the early Muslim elite but also the long afterglow of late antique Syria.

THE GREAT ADVENTURE Boxed Set: 56 Action-Adventure Classics, Spy Thrillers & Historical Novels

The U.S. Army and World War II is an anthology of selected papers from three international conferences held in 1990, 1992, and 1994 on the Army's role in the war. Taking the best from those meetings, Judith L. Bellafaire has organized the various presentations into four thematic categories--prewar planning, the home front, the European theater, and the Asian-Pacific theaters--reflecting the diversity of both the war and the interest of those seeking to understand its many facets. In these carefully edited papers, one will find the more conventional treatments of doctrine, strategy, and operations side by side with those focusing on military mobilization and procurement, race and gender, psychological warfare, and large-scale advice and assistance programs. Despite significant changes in military technology and the geopolitical landscape of the world since those desperate times, the human problems highlighted

by the authors are not much different from many of those facing Army leaders today. Although the past can never provide the specific recipes needed for the future, experience has shown that both the basic ingredients and the manner in which they are prepared and processed have remained remarkably constant. Those grappling with the challenges of stability operations and other contingency missions in support of the Global War on Terrorism will find this collection of readings invaluable.

The Century

On Angels Wings is a true story about the bombing of the Air India AI-182 Kanishka aircraft. The first part of a trilogy on this subject, it is an inspirational autobiography and details the search and rescue, the criminal law trial, failed court cases, and a son's fight for justice for 38 years, who was orphaned at

17 years. The Air India 182 Kanishka bombing off the coast of Ireland on June 23, 1985, was the worst act of aviation terror until the 9/11 attacks. A true airplane crash story, It is the worst airline bombing, killing 331 people, including 86 children. A motivational story of a young man's resilience, grit, and determination to succeed against all odds, it chronicles Sanjay Lazar's incredible journey from despair to hope, and how he overcame adversity to emerge as a successful aviator & lawyer. A true tale of leadership, of a boy who conquered death, a tale of human triumph over tragedy, to succeed against all odds, blessed by his own angels. It recounts his decades-long fight for justice, the period of his participation in the Kanishka criminal trial in Vancouver for the Air India bombings, and later fighting for individual standing before the Justice John Major Inquiry Commission, headed by the retired Judge. He joined Air India and excelled there, becoming a merit award winning crew member, and rose to become a part of the elite VVIP Fleet of Air India One, flying the President and Prime Ministers of India, where he served for more than 12 years. The Book details his trysts with destiny and his idols, Prime Minister Atal Behari Vajpayee, JRD Tata and Balasaheb Thackeray Ji. He became the youngest Trade Union leader of the national trade union AICCA and was its general secretary for more than 25 years and handled issues such as the privatisation of India, worker rights, and numerous court cases on fundamental rights before the High Court and Supreme Court of India. Book Extract : That night, around 2:30 a.m., we were abruptly awakened by blaring sirens and announcements on the hotel's PA system, urging immediate evacuation. "This is an evacuation warning." "This is not a drill." "Please evacuate the hotel immediately." "We made our way through the corridor, down the fire escape, and into the open car parking space facing Bath Road. I could see hundreds of people around me, who had also just evacuated the hotel, some running out in their nightgowns and some naked, as the splitting sound of the loud horn pulsed in my ears." "On that damp, cold night in London, we all stood helpless in the middle of the night in the left and right car parking areas. After a brief period, we saw the bomb squads and London Police, come rushing in with the fire engines blaring." "Few of us travelled to Canada and attended the trial. We were seated in an area barely 15 feet away from where Malik and Bagri sat during the trial, and for days, we sat there watching the killers of our families." "I will never forget the expressions on the faces of those two criminals, smirking, knowing that they were responsible for the murder of my family and all 331 innocent souls on board that ill-fated Air India Flight 182. Throughout the trial, they sat with smirks on their faces, seemingly triumphant, while looking at the crowd and the families of the victims." "My family just died again," "They killed 331 people once more," and "This was the gravest injustice inflicted upon the victims of the Air India bombing!" As CBC News reported, But Sanjay Lazar had no trouble summing up how they felt in one, biting sentence." "Today, once again, 20 years on," he said, "we have lost our families all over again—this time to the Canadian justice system." Reviews : "It shines a light on how justice was obstructed in the Kanishka Air India Bombing Case, the worst act of aviation terrorism globally, before 9/11. Years of hard work have gone into the writing of this book. A must-read book- BARKHA DUTT" "A moving read about courage and determination in the aftermath of the tragedy of the Kanishka bombing - VIR SANGHVI". "Now, at last, Sanjay is taking the time to lay out the whole story. He's "here as of right." He knows the law, he knows aviation, and he certainly knows about bereavement. And this time. He's not rushing from the airport at the very last minute.- TERRY MILEWSKI"

Scribner's Monthly

" The poetry of the Late Tang often looked backward, and many poets of the period distinguished themselves through the intensity of their retrospective gaze. Chinese poets had always looked backward to some degree, but for many Late Tang poets the echoes and the traces of the past had a singular aura. In this work, Stephen Owen resumes telling the literary history of the Tang that he began in his works on the Early and High Tang. Focusing in particular on Du Mu, Li Shangyin, and Wen Tingyun, he analyzes the redirection of poetry that followed the deaths of the major poets of the High and Mid-Tang and the rejection of their poetic styles. The Late Tang, Owen argues, forces us to change our very notion of the history of poetry. Poets had always drawn on past poetry, but in the Late Tang, the poetic past was beginning to assume the form it would have for the next millennium; it was becoming a repertoire of available choices--styles, genres, the voices of past poets. It was this repertoire that would endure. "
