Question and Answer Part 3 In the period 1949-1952 during contact evenings in the 'Know Thyself' building in De Ruyterstraat in The Hague, Jozef Rulof answered questions from the public. Many of the questions were about the content of the books which had already been published. Other questions were about the themes and questions of life and death occupying the public. The questions and answers were first recorded in writing and worked out by Mrs C. Bruning, who was appointed by Jozef Rulof for this purpose. Jozef Rulof altered and added to the records until he was satisfied that they were a well-considered entirety, which you will find in part 1 of Question and Answer. Later the contact evenings were recorded by wire recorder (the forerunner of the tape recorder). The text from these sound recordings was recently typed out. In order to give the reader as complete a copy as possible of the original spoken text, parts 2, 3 and 4 of Question and Answer will contain the text literally spoken by Jozef Rulof. The editors are aware of the fact that these books do not contain fluent texts in good Dutch. The main purpose of these books is therefore to provide already advanced readers with study material to further enrich their spiritual knowledge and insight. Parts 5 and 6 of Question and Answer will contain the answers which Master Zelandus gave to the public during the contact evenings in the Sarphatistraat in Amsterdam. These parts also contain the literal spoken text. Some of these questions also concerned the lectures which Master Zelandus gave during the same period in the 'Diligentia' building in The Hague, and they will be recorded in the three parts of the 'Lectures'. During these evenings the speakers constantly repeated that the answers were intended for people who had read all the previously published books.

1980 Census of Population : Volume 1, Characteristics of the Population : Part 1. United States Summary. Parts 2-57. [States and Territories.]

The history of questions with me is lengthy. Since I have been ordained a Bishop on September 30,1962, over twenty-five years ago, I adopted a specific method in teaching and preaching: to give a chance for the audience to introduce their questions and have them answered before the beginning

of the main lecture. This way thousands of questions accumulated before me during the thousands of lectures that I have given, in the weekly spiritual meetings, on Friday evenings; the Bible study meetings on Tuesday (1968-1972); the theological lectures on Wednesday; my meetings with the priests; with the Sunday school teachers and their conferences; the meetings of college societies; general meetings in Alexandria, on Sunday; the lectures that were given in the theological seminary in Alexandria and Cairo; or the spiritual meetings during my visits to churches and dioceses. Even before my monastic life, I used to answer the spiritual questions of the readers of the Sunday school magazine and the questions followed me everywhere, even in the monastery. The questions varied some around biblical verses, some about theology, doctrines, ministry, spiritual life or social relationships and many other subjects... I excluded what was repetitious, personal, or what I answered with one sentence or a joke. I chose what was fit from the questions for publication, so the people would not have to ask the same questions again and to have almost uniform answers to such questions. Pope Shenouda III
