Stories of the Cherokee Hills

Excerpt from Stories of the Cherokee Hills Early in my childhood our family went to live on a lonely estate amid the mountain tains of Cherokee Georgia. The farmstead was circled around by foothills, above which in all directions blue peaks kissed the rim of a heaven that looked like the half of a pale blue bird-egg Shell turned hollow Side down. All of our neighbors and friends were mountaineers, and I grew up a mountain taineer boy. I spoke the mountain lingo, wore the mountain garb, conformed to all the customs and manners of the mountain folk for many years, and, indeed, was scarcely less than to the manner born. Stories of the Cherokee Hills (Classic Reprint)

James Maurice Thompson (September 9, 1844 - February 15, 1901) was an American novelist, poet, essayist and naturalist. James Maurice Thompson was born in 1844 in Fairfield, Indiana, to a Baptist minister and his wife. Near the end of the decade, the family moved to northern Georgia. He was educated by tutors in the classical languages, literature, French and mathematics; he used his mathematical training to advantage by becoming a civil engineer. During the Civil War, Maurice Thompson and his brother Will Henry Thompson (born 1846) served in the Confederate Army. After the war, Thompson took up residence in Calhoun, Georgia, where he studied surveying, engineering, and the law. He lived in Calhoun for two years, and began publishing the first of his articles while living there. In 1867 Thompson began a botanical and ornithological survey of Lake Okeechobee in Florida. After finishing this work, Thompson and his brother moved to Crawfordsville, Indiana. Maurice began working as an engineer on a railroad being built in the area, and the Thompson brothers married sisters.

House on Diamond Hill: A Cherokee Plantation Story

Stories of the Cherokee Hills

Born into a storied but impoverished family on the reservation of the Eastern Band of Cherokee Indians, Leonard Carson Lambert Jr.'s candid memoir is a remarkable story and an equally remarkable flouting of the stereotypes that so many tales of American Indian life have engendered. *Up from These Hills* provides a grounded, yet poignant, description of what it was like to grow up during the 1930s and 1940s in the mountains of western North Carolina and on a sharecropper's farm in eastern Tennessee. Lambert straightforwardly describes his independent, hardworking, and stubborn parents; his colorful extended family; his eighth-grade teacher, who recognized his potential and first planted the idea that he might attend college; as well as siblings, schoolmates, and others who shaped his life. He paints a vivid picture of life on the reservation and off, documenting work, family life, education, religion, and more. *Up from These Hills* also tells the true story of how this family rose from depression-era poverty, a story rarely told about Indian families. With its utterly unique voice, this vivid memoir evokes an unknown yet important part of the American experience, even as it reveals the realities behind Indian experience and rural poverty in the first half of the twentieth century.

Tales from the Cherokee Hills

Excerpt from Jack Brainard: *A Romance of the Cherokee Hills* This morning he was sad and preoccupied with thoughts which he kept locked tightly in his own bosom. Many of his acquaintances looked at him wonderingly as he passed them without a sign of recognition and continued his way down the bustling avenue, and sought the banks of the stream trickling along through the heart of the city. Jack Brainard

At the turn of the nineteenth century, James Vann, a Cherokee chief and entrepreneur, established Diamond Hill in Georgia, the most famous plantation in the southeastern Cherokee Nation. In this first full-length study to reconstruct the history of the plantation, Tiya Miles tells the story of Diamond Hill's founding, its flourishing, its takeover by white land-lottery winners on the eve of the Cherokee Removal, its decay, and ultimately its renovation in the 1950s. This moving multiracial history sheds light on the various cultural communities that interacted within the plantation boundaries--from elite Cherokee slaveholders to Cherokee subsistence farmers, from black slaves of various ethnic backgrounds to free blacks from the North and South, from German-speaking Moravian missionaries to white southern skilled laborers. Moreover, the book includes rich portraits of the women of these various communities. Vividly written and extensively researched, this history illuminates gender, class, and cross-racial relationships on the southern frontier.

Living Stories of the Cherokee

This is the story of the desperate effort made by these civilized and intelligent people to preserve their homes and become American citizens. The fact that these law-abiding, peaceful residents of the mountains were herded into stockades, marched overland a thousand miles, and robbed of nearly all their possessions is a little-known and dismal page in American history. Originally published in 1950. A UNC Press Enduring Edition -- UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original, and are presented in affordable paperback formats, bringing readers both historical and cultural value.

Jack Brainard

Stories with a Moral is the first comprehensive study of the effects of plantation society on literature and the influences of literature on social practices in nineteenth-century Georgia. During the years of frontier settlement, the Civil War, and Reconstruction, Georgia authors voiced their support for the slave system, the planter class, and the ideals of the Confederacy, presenting a humorous, passionate, and at times tragic view of a rapidly changing world. Michael E. Price examines works of fiction, travel accounts, diaries, and personal letters in this thorough survey of King Cotton's literary influence, showing how Georgia authors romanticized agrarian themes to present an appealing image of plantation economy and social structure. *Stories with a Moral* focuses on the importance of literature as a mode of ideological communication. Even more significant, the book shows how the writing of one century shaped the development of social practices and beliefs that persist, in legend and memory, to this day.

Ocona of the Cherokee Hills

The Dictionary of Midwestern Literature, Volume One, surveys the lives and writings of nearly 400 Midwestern authors and identifies some of the most important criticism of their writings. The Dictionary is based on the belief that the literature of any region simultaneously captures the experience and influences the worldview of its people, reflecting as well as shaping the evolving sense of individual and collective identity, meaning, and values. Volume One presents individual lives and literary orientations and offers a broad survey of the Midwestern experience as expressed by its many diverse peoples over time. Philip A. Greasley's introduction fills in background information and describes the philosophy, focus, methodology, content, and layout of entries, as well as criteria for their inclusion. An extended lead-essay, "The Origins and Development of the Literature of the Midwest," by David D. Anderson, provides a historical, cultural, and literary context in which the lives and writings of individual authors can be considered. This volume is the first of an ambitious three-volume series sponsored by the Society for the Study of Midwestern Literature and created by its members. Volume Two will provide similar coverage of non-author entries, such as sites, centers, movements, influences, themes, and genres. Volume Three will be a literary history of the Midwest. One goal of the series is to build understanding of the nature, importance, and influence of Midwestern writers and literature. Another is to provide information on writers from the early years of the Midwestern experience, as well as those now emerging, who are typically absent from existing reference works.

Presents a collection of traditional Cherokee tales, teachings, and folklore, with four works presented in both English and Cherokee.

Unto These Hills

More than one hundred years have passed since Ned Christie was shot by deputies in his log fort east of Tahlequah. A former Cherokee legislator, he was accused of killing a U.S. Deputy Marshal. He refused to give himself up and stand trial for fear he would not receive a fair trial in Issac "Hanging Judge" Parker's court in Fort Smith, Arkansas. Soon he became known as one of the most notorious outlaws in Indian Territory. Finally he was blasted out of his home with dynamite and killed. Was he guilty of the crimes of which he was accused? Today, the legends of his exploits still ring in the Cherokee hills he called home. Book jacket.
