Why You Do the Things You Do

In this transformational book, the authors have used ground-breaking research to develop four primary patterns of relating to one another that shed light on our actions--and how we can learn to love and be loved even better.

Why You Do the Things You Do

"Understanding of why we relate to people and how we can steer away from negative patterns and break free of past mistakes to create satisfying connections with spouse, children, close friends, and God"--Provided by publisher.

Attachments

Unlock the secret to loving and lasting relationships! This book is for anyone who desires closeness, especially in the most intimate relationships: marriage, parenting, close friends, and ultimately with God. The answer to why people feel and act the way they do lies in the profound effect of a child's bonding process with his or her parents. How successfully we form and maintain relationships throughout life is related to those early issues of "attachment." Author Dr. Tim Clinton is recognized as a world leader in mental health and relationship issues—and he knows intimately what it is like to feel unloved. The child of a mentally ill mother who locked him in a closet and a father who was frequently gone, Clinton struggled with attachments for many years before discovering the secret to loving and being loved. Citing four primary bonding styles, you will learn: Why we love, feel, and act the way we do How to conquer depression, anxiety, anger, and grief How to be a sensitive, secure parent to your children How God's love is enough to penetrate the brokenness and remove negative emotions from your life If you have come out of a painful, damaging, or traumatic past, reading this book will teach you how to experience the love and closeness you long to feel.

God Attachment

Why has the human race, the world over, been so fascinated with . . . some might say obsessed with . . . God? This built-in attachment to God crosses religious, political, ethnic, cultural, and generational barriers. Drs. Clinton and Straub reveal fascinating research about this worldwide phenomenon. From avoidant, anxious, and fearful to secure and personal, the range of responses to our internal attachment to God has a profound influence on the way we do relationships, intimacy, and life choices. With helpful self-assessments, intriguing questions, and surprising revelations, this book moves from worldwide statistics to personal challenge, offering the means to become securely attached to God in a way that can have positive effects on our attitudes, approach to life, and overall life satisfaction.

The New Christian Counselor

Seasoned counselors and professors Ron Hawkins and Tim Clinton offer a comprehensive guide that empowers Christian counselors by clarifying their task: to help people take possession of their souls... through the power of the Spirit under the authority of the Word in a supportive community of accountability that they may be like Christ. The authors address head-on today's enticing new imitations of true peace and tantalizing opportunities for people in pain to anesthetize themselves. But they also highlight the foundation of hope: God loves, he empowers, and he refuses to abandon his passion for connection with his children. Case studies illustrate how to help people take possession of the thinking self, the feeling self, the decision-making self, the physical self, and the relational self. This

comprehensive plan for effective intervention is perfect for lay counselors, students, and professionals looking for ways to integrate their faith and practice.

I Love Jesus, But I Want to Die

A compassionate, shame-free guide for your darkest days “A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn’t cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you’re left wondering if God has abandoned you. You just want a way out. But there’s hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn’t look like what you expect.

Caring for People God's Way

Caring for People God's Way presents Christian counseling in a systematic, step-by-step manner that outlines the process as practically as possible. It then applies the process to the most common issues faced by Christian counselors: personal and emotional issues, trauma, grief, loss, and suicide.

Don't Call It Love

"You complete me" may be a romantic line in a popular movie, but it's not a healthy basis for a real relationship. Unfortunately, many people are drawn into relationships that are unfulfilling precisely because they are looking to other people to fill in the places where they are lacking--they are looking for a person who will "complete" them. At the heart of relationship dependency is a person's belief that he or she alone is not enough. But using others to provide wholeness simply does not work, because while we are made to be relationship dependent, it is God we must turn to in order to find wholeness. In a warm, engaging style, Drs. Jantz and Clinton walk readers through patterns of relationship dependency, helping them unravel why they are drawn back to the same dry well of unfulfilled relationships over and over again. Readers will discover how to break the cycle, banish their fears, and find wholeness in the God who designed them to be in relationship first and foremost with him, thus freeing them to find healthy relationships with others. Includes a twelve-week personal recovery plan.

Am I Codependent?

Drs. Jantz and Clinton help readers unravel why they're drawn back to the same types of unfulfilling relationships over and over again. Readers learn how to break the cycle of relationship dependency, focus on finding wholeness as unique individuals, and discover the key to finding a healthy relationship that lasts.

Break Through

undefined When does true love give in? When does true love push back? *Break Through* shows you how to love and how to set effective limits so that everybody wins. Most of our relationships may be healthy and satisfying, but we often have one or two important people who change the rules and drive us crazy—a deadbeat dad, an alcoholic spouse, a wayward child, a demanding boss, a lazy roommate. Leading Christian counselor Tim Clinton and noted author Pat Springle, help you: Identify why you gravitate toward unhealthy relationships Redefine love, trust and your responsibility to the people you care about Learn which choices and behaviors cause relationship troubles Experience the freedom of forgiveness Learn to say yes when you want to and no when you need to. Give up your need to please, rescue, fix, or control anyone else. Study questions, checklists, and inspirational stories help you find the moment when you break through to the loving, healthy relationships with the people who matter most!

Created for Belonging

Ultimately, we belong to God. He created us. He loves us. He provided the world where we live for our benefit. He desires for us to be in relationship, first and foremost, with him and then with one another. We are created in his image, where, if we truly examine ourselves, we find that we cannot find any other way to discover our ultimate meaning and connectedness outside of being connected ultimately to God. Sin separates. That's why God hates sin. He is a relational God, and he hates sin because it separates us from him. The study of psychology reveals to us the need in every human being to feel connected and significant, revealing that without them, the ability to thrive as an individual is hampered or may not occur at all. Coupled with God's Word and the transforming power of the Holy Spirit, we can experience some life-giving truths about our need for belonging.

The Human Face of Church

Until now, Fresh Expressions has been about starting and sustaining mission initiatives among people with little or no church contact. As these projects mature, pastoral problems easily arise - how do you integrate the old with the new? How do you get an established congregation to change its views and practices? How do you cope with conflict? What if newcomers challenge set patterns of church behaviour rather than conform with them? The publication is structured for use for training in local churches, theological colleges and as a research tool in postgraduate study.

10 Things You Aren't Telling Him

The Presidents Club

The New York Times bestselling history of the private relationships among the last thirteen presidents—the partnerships, private deals, rescue missions, and rivalries of those select men who served as commander in chief. The Presidents Club, established at Dwight Eisenhower's inauguration by Harry Truman and Herbert Hoover, is a complicated place: its members are bound forever by the experience of the Oval Office and yet are eternal rivals for history's favor. Among their secrets: How Jack Kennedy tried to blame Ike for the Bay of Pigs. How Ike quietly helped Reagan win his first race in 1966. How Richard Nixon conspired with Lyndon Johnson to get elected and then betrayed him. How Jerry Ford and Jimmy Carter turned a deep enmity into an alliance. The unspoken pact between a father and son named Bush. And the roots of the rivalry between Clinton and Barack Obama. Time magazine editors and presidential historians Nancy Gibbs and Michael Duffy offer a new and revealing lens on the American presidency, exploring the club as a hidden instrument of power that has changed the course of history.

The Secret Life of Bill Clinton

Breaking the biggest scoop of all: an assiduously documented exposé of "the blackwater scandals"--The scandals that have gone unreported in the American media, but that characterize the Clinton presidency as the most corrupt in history.

Turn Your Life Around

Noted counselor and author Dr. Tim Clinton writes about overcoming the troublesome things of your past in order to face a brighter future.

Focus on the Future

FOREWORD BY JAMES DOBSON The future is bright, victories are destined, and great things await the faithful who prepare. This book will equip you to protect your family, your society, and your convictions in a world that increasingly challenges your Christian faith. Tim Clinton an eminent American counselor and associate of the revered James Dobson, believes this moment in American history is a reprieve. It is a moment to take stock. It is a moment to prepare. It is a moment to focus on the future. We must know the season we are in and prepare to maximize our opportunities as we engage in the cultural battles that are sure to befall us. In his stirring new book, *Focus on the Future*, Clinton provides a learned overview of our embattled liberties, the intents of our Founding Fathers, and the heroic efforts of individuals such as Dobson to preserve those intentions. Clinton arms readers for the days ahead by tackling topics such as the following: The new war on the American family and how we can change America one family at a time The power of righteous masculinity and the forces determined to destroy it The battle against abortion How neuroscience is changing our approach to healing the traumatized, our veterans, and our society as a whole Clinton is not just a wise counselor. He is also a warrior summoning other warriors to their great cause. He challenges readers by chronicling the global persecution of the Christian faith and by telling believers how they can make a difference. *Focus on the Future* is both a culmination of decades of learning and activism as well as a cutting-edge response to today's events. We can indeed have vital families in a thriving nation and see righteousness pervade our land.

Making Sense of People

Every day, we evaluate the people around us: It's one of the most important things we ever do. *Making Sense of People* provides the scientific frameworks and tools we need to improve our intuition, and assess people more consciously, systematically, and effectively. Leading neuroscientist Samuel H. Barondes explains the research behind each standard personality category: extraversion, agreeableness, conscientiousness, neuroticism, and openness. He shows readers how to use these traits and assessments to do a better job of deciding who they'll enjoy spending time with, whom to trust, and whom to keep at a distance. Barondes explains: What neuroscience and psychological research can tell us about how personality types develop and cohere. The intertwined roles of genes, nurture, and education in personality development. How to recognize troublesome personality patterns such as narcissism, sociopathy, and paranoia. How much a child's behavior predicts their adult personality, and how personality stabilizes in young adulthood. How to assess integrity, fairness, wisdom, and other traits related to morality. What genetic testing may (or may not) teach us about personality in the future. General strategies for getting along with people, with specific tactics for special circumstances. *Kirkus Reviews* A succinct look at personality psychology. As a psychiatrist and neuroscientist at the University of California, Barondes (*Molecules and Mental Illness*, 2007, etc.) has spent years studying human behavior, and this book reflects his systematic, scientific approach for personality assessment. The average person isn't likely to have time to research a difficult boss or potential love interest, but the author supplements intuition with a useful cornerstone for gauging human behavior: a table of the "Big Five" personality traits, among them Extraversion vs. Introversion and Agreeableness vs. Antagonism. To learn how to apply the Big Five, Barondes supplies a link for a professional online personality test, in addition to a basic introduction of troubling personality patterns--e.g., narcissism and compulsiveness. While genetics may play a heavy hand in influencing personality, Barondes writes, it's awareness of a person's background, character and life story that is paramount in unearthing reasons for adult

behavior. Readers might like to see the author weave more everyday examples into the text—his exercise in fostering compassion by imagining an adult as a 10-year-old child is a gem—but there is plenty here to ponder. Those looking for traditional "self-help" advice won't find it here, but this book clearly lays the groundwork for deeper human interaction and better life relationships.

American Book Publishing Record

Ten years ago one of America's most important public figures, First Lady Hillary Rodham Clinton, chronicled her quest both deeply personal and, in the truest sense, public to help make our society into the kind of village that enables children to become able, caring resilient adults. **IT TAKES A VILLAGE** is a textbook for caring, filled with truths that are worth a read, and a reread. In her substantial new introduction, Senator Clinton reflects on how our village has changed over the last decade, from the internet to education, and on how her own understanding of children has deepened as she has watched Chelsea grow up and take on challenges new to her generation, from a first job to living through a terrorist attack. She discusses how the work she is doing in the Senate is helping children and looks at where America has been successful, improvements in the foster care system and support for adoption, and where there is still work to be done, providing pre-school programmes and universal health care to all our children. This new edition elucidates how the choices we make about how we raise our children, and how we support families, will determine how all nations will face the challenges of this century.

FORBES #1 CAREER BOOK TO READ IN 2018 The larger-than-life journey of an 18-year-old college freshman who set out from his dorm room to track down Bill Gates, Lady Gaga, and dozens more of the world's most successful people to uncover how they broke through and launched their careers. The **Third Door** takes readers on an unprecedented adventure—from hacking Warren Buffett's shareholders meeting to chasing Larry King through a grocery store to celebrating in a nightclub with Lady Gaga—as Alex Banayan travels from icon to icon, decoding their success. After remarkable one-on-one interviews with Bill Gates, Maya Angelou, Steve Wozniak, Jane Goodall, Larry King, Jessica Alba, Pitbull, Tim Ferriss, Quincy Jones, and many more, Alex discovered the one key they have in common: they all took the Third Door. Life, business, success... it's just like a nightclub. There are always three ways in. There's the First Door: the main entrance, where ninety-nine percent of people wait in line, hoping to get in. The Second Door: the VIP entrance, where the billionaires and celebrities slip through. But what no one tells you is that there is always, always... the Third Door. It's the entrance where you have to jump out of line, run down the alley, bang on the door a hundred times, climb over the dumpster, crack open the window, sneak through the kitchen—there's always a way in. Whether it's how Bill Gates sold his first piece of software or how Steven Spielberg became the youngest studio director in Hollywood history, they all took the Third Door.

After conducting exclusive interviews with more than one hundred current and former Secret Service agents, bestselling author and award-winning reporter Ronald Kessler reveals their secrets for the first time. Never before has a journalist penetrated the wall of secrecy that surrounds the U.S. Secret Service, that elite corps of agents who pledge to take a bullet to protect the president and his family. Kessler portrays the dangers that agents face and how they carry out their missions--from how they are trained to how they spot and assess potential threats. With fly-on-the-wall perspective, he captures the drama and tension that characterize agents' lives and reveals what they have seen, providing startling, previously untold stories about the presidents, from John F. Kennedy and Lyndon Johnson to George W. Bush and Barack Obama, as well as about their families, Cabinet officers, and White House aides.

For more than a year, Hillary Clinton has laid out an ambitious agenda to improve the lives of the American people and make our country stronger and safer. Stronger Together presents that agenda in full, relating stories from the American people and outlining the Clinton/Kaine campaign's plans on everything from apprenticeships to the Zika virus, including: -Building an economy that works for everyone, not just those at the top. -Making the biggest investment in good-paying jobs since World War II, including infrastructure, manufacturing, clean energy, and small business. -Making debt-free college a reality and tackling the student debt crisis. -Defeating ISIS, strengthening our alliances, and keeping our military strong. -Breaking down the barriers that hold Americans back by reforming our broken immigration system, ending mass incarceration, protecting voting rights, and fixing our campaign finance system. -Putting families first through universal, affordable health care; paid family and medical leave, and affordable child care. Stronger Together offers specific solutions and a bold vision for building a more perfect union.

WINNER OF THE FLAHERTY-DUNNAN FIRST NOVEL PRIZE Fire Support Base Matterhorn: a fortress carved out of the grey-green mountain jungle. Cold monsoon clouds wreath its mile-high summit, concealing a battery of 105-mm howitzers surrounded by deep bunkers, carefully constructed fields of fire and the 180 marines of Bravo Company. Just three kilometres from Laos and two from North Vietnam, there is no more isolated outpost of America's increasingly desperate war in Vietnam. Second Lieutenant Waino Mellas, 21 years old and just a few days into his 13-month tour, has barely arrived at Matterhorn before Bravo Company is ordered to abandon their mountain and sent deep in-country in pursuit of a North Vietnamese Army unit of unknown size. Beyond the relative safety of the perimeter wire, Mellas will face disease, starvation, leeches, tigers and an almost invisible enemy. Beneath the endless jungle canopy, Bravo Company will confront competing ambitions, duplicitous officers and simmering racial tensions. Behind them, always, Matterhorn. The impregnable mountain fortress they built and then abandoned, without a shot, to the North Vietnamese Army...

'This is one of those books that will go down as the seminal work — the determinative work — in this field ... Terrifying.' —Rachel Maddow The first definitive account of the rise and fall of the Secret Service, from the Kennedy assassination to the alarming mismanagement of the Obama and Trump years, right up to the insurrection at the Capitol on 6 January 2021 — by the Pulitzer Prize winner and #1 New York Times bestselling co-author of *A Very Stable Genius* Carol Leonnig has been reporting on the Secret Service for The Washington Post for most of the last decade, bringing to light the secrets, scandals, and shortcomings that plague the agency today — from a toxic work culture to dangerously outdated equipment to the deep resentment within the ranks at key agency leaders, who put protecting the agency's once-hallowed image before fixing its flaws. But the Secret Service wasn't always so troubled. The Secret Service was born in 1865, in the wake of the assassination of Abraham Lincoln, but its story begins in earnest in 1963, with the death of John F. Kennedy. Shocked into reform by its failure to protect the president on that fateful day in Dallas, this once-sleepy agency was radically transformed into an elite, highly trained unit that would redeem itself several times, most famously in 1981 by thwarting an assassination attempt against Ronald Reagan. But this reputation for courage and excellence would not last forever. By Barack Obama's presidency, the once-proud Secret Service was running on fumes and beset by mistakes and alarming lapses in judgement: break-ins at the White House, an armed gunman firing into the windows of the residence while confused agents stood by, and a massive prostitution scandal among agents in Cartagena, to name just a few. With Donald Trump's arrival, a series of promised reforms were cast aside, as a president disdainful of public service instead abused the Secret Service to rack up political and personal gains. To explore these problems in the ranks, Leonnig interviewed dozens of current and former agents, government officials, and whistleblowers who put their jobs on the line to speak out about a hobbled agency that's in desperate need of reform. 'I will be forever grateful to them for risking their careers,' she writes, 'not because they wanted to share tantalising gossip about presidents and their families, but because they know that the Service is broken and needs fixing. By telling their story, they hope to revive the Service they love.'

Europe Under Stress

This book explores the political and economic issues currently challenging EU member states affecting both the core Eurozone and non-core states. It analyses and explains how its own economic, and political, relationships have been critically influenced by fierce competition from its rivals in other major global economies, as well as by the systemic weaknesses in the economic and financial model it created. The book provides insight into both the underlying and more immediate economic and social challenges created by: its post-2007 enlargement to 28 countries - excluding the Balkan remnants of former Yugoslavia; the nature of the regulatory regime centralized in Brussels, and the host of issues and critiques this fosters; its 'open borders' policy and precious guiding principle, crystallized in the Schengen agreement; security weaknesses exacerbated by increasing volumes of migration; and the ongoing debt crises as the greatest existential challenge to the EU project. Featuring interviews with high profile key players from inside and outside Europe the book will examine new and underlying stresses - political and economic - to guide a greater understanding of the EU plan.

The European Union and the Eurozone under Stress

Europe Under Stress: Convergence and Divergence in the European Community is the second of two volumes which flow from a Chatham House project on the political implications of economic divergence in the European Community, funded by the Social Science Research Council. This second volume offers an interpretation of the problems that divergence poses for the European Community in a number of key sectors, from the perspective of a political economist. This book begins with a discussion of the concepts of convergence and divergence followed by an explanation of the methodology adopted in this book. The remaining chapters are organized into two parts. The chapters in Part I examine the attitudes of the major EEC member states to the convergence/divergence issue and what the terms mean for each of them. This part also attempts to relate these positions to the concerns and interests of the countries involved. The chapters in Part II analyze the impact of economic divergence on community policies.

Europe Under Stress

This book offers the first comprehensive political analysis of the Euro crisis that erupted in Greece in 2010 and subsequently threatened the very survival of the Euro area. It has left a profound mark on democratic politics all over Europe, changing public attitudes and voting preferences, institutional and societal norms, and deeply anchored political traditions. The contributors to this volume reveal the extent to which policymakers are torn between the pressures emanating from financial markets and the demands put forward by their own constituents; how they struggle to reconcile national preferences with wider European interests; and how a polarized and politicized Union seeks to maintain some degree of cohesion. The emerging picture is that of a European Union under serious stress, transformed by new governance structures and a shifting balance of power. In response, the authors evaluate the prospects of a more legitimate and democratic Europe. They provide a rich and pluralist set of new analyses and proposals, aimed at understanding and navigating the myriad tensions which surround the EU in the aftermath of the crisis. If the European project is to regain the trust of its citizens, such considerations must take a central place in public debate.

Democratic Politics in a European Union Under Stress

Regionalism is under stress. The European Union has been challenged by the Eurozone crisis, refugee flows, terrorist attacks, Euroscepticism, and Brexit. In Latin America, regional cooperation has been stagnating. Studying Europe and Latin America within a broader comparative perspective, this volume provides an analytical framework to assess stress factors facing regionalism. The contributors explore how economic and financial crises, security challenges, identity questions raised by immigration and refugee flows, the rise of populism, and shifting regional and global power dynamics have had an impact on regionalism; whether the EU crisis has had repercussions for regionalisms in other parts of the world; and to what extent the impact of stress factors is mediated by characteristics of the region that may provide elements of resilience. Written by specialists from Europe and Latin America with a shared interest in the new field of comparative regionalism, this book will be an invaluable resource for students, scholars and policy specialists in regional integration, European politics, EU studies, Latin American studies, and international relations and international law more generally.

Regionalism Under Stress

"European Citizenship, although derived from the nationalities of the Member States, came to play a significant independent role in reforming European constitutionalism in unanticipated ways by undermining some of the key assumptions underlying the notions of citizenship, equality and democratic accountability. Instead of lingering merely as a super-structure atop Member State nationalities, it instead reshuffles the constitutional basics and not all Europeans emerge as winners as a result"--

European Citizenship Under Stress

Examining the uncertainty of the role and scope of traditional political rights in the 21st-century's threat of terrorism, this book reflects on the appropriate scope and strength of protection of political rights, and analyses issues such as party closures, political rights of minorities, and democratization.

Political Rights Under Stress in 21st Century Europe

In this book a distinguished group of political scientists and historians from Europe and the United States use the crisis over Iraq as the starting point for an examination of transatlantic relations and specifically the Atlantic alliance, an examination that is cross-national in scope and multi-disciplinary in approach.

The Atlantic Alliance Under Stress

The European Union (EU) has reached crisis point. Populist and Nativist forces are militating against years of austerity economics, distant elites, and a rising tide of migration. Despite the EU's shortcomings, this book seeks to determine the future of the EU, outlining how the institution can learn lessons from the elements that have plunged much of Europe into social, economic and political turmoil. This book argues for reform not revolution. By interviewing politicians, economists, representatives of national bodies and EU citizens, this book provides unique insights never before disclosed and makes a major contribution to current debates on the future of the EU and the Eurozone.

Survival of the European (Dis) Union

Southern European welfare states - in common with their northern counterparts - are under stress. They have become the object of studies exploring the southern "type" or "model" of welfare. This collection provides a series of both comparative and specific country analyses.

Weathering the Storm explores the factors leading up to the recent global financial and economic crisis, how the crisis unfolded, and the response of European and national authorities. The book describes the rationale behind the measures undertaken to mitigate the consequences of the recession and to ensure that a similar situation does not happen again in the future. In the wake of the crisis, various major changes continue to significantly affect the life and social organization of Europeans. For instance, a new ESM with a size financially comparable to that of the IMF was created; similarly, the reforms in economic governance imply much more intrusive participation of European countries in each other's macroeconomic policies. Moreover, the organization, regulation, and supervision of the financial sector have been drastically revamped. The decisions taken by European and national authorities affect the daily lives of hundreds of millions of European citizens and countless more around the globe. An insightful read for anyone interested in understanding the topic and its effect on their lives, the book primarily addresses undergraduate students in their final year and graduate students in fields such as economics, finance, and political science. The main messages are explained through examples and charts.

Working on Stress

The years following World War II saw a huge expansion of the middle classes in the world's industrialized nations, with a significant part of the working class becoming absorbed into the middle class. Although never explicitly formalized, it was as though a new social contract called for government, business, and labor to work together to ensure greater political freedom and more broadly shared economic prosperity. For the most part, they succeeded. In *Social Contracts Under Stress*, eighteen experts from seven countries examine this historic transformation and look ahead to assess how the middle class might fare in the face of slowing economic growth and increasing globalization. The first section of the book focuses on the differing experiences of Germany, Britain, France, the United States, and Japan as they became middle-class societies. The British working classes, for example, were slowest to consider themselves middle class, while in Japan by the 1960s, most workers had abandoned working-class identity. The French remain more fragmented among various middle classes and resist one homogenous entity. Part II presents compelling evidence that the rise of a huge middle class was far from inclusive or free of social friction. Some contributors discuss how the social contract reinforced long-standing prejudices toward minorities and women. In the United States, Ira Katznelson writes, Southern politicians used measures that should have promoted equality, such as the GI bill, to exclude blacks from full access to opportunity. In her review of gender and family models, Chiara Saraceno finds that Mediterranean countries have mobilized the power of the state to maintain a division of labor between men and women. The final section examines what effect globalization might have on the middle class. Leonard Schoppa's careful analysis of the relevant data shows how globalization has pushed "less skilled workers down and more skilled workers up out of a middle class that had for a few decades been home to both." Although Europe has resisted the rise of inequality more effectively than the United States or Japan, several contributors wonder how long that resistance can last. *Social Contracts Under Stress* argues convincingly that keeping the middle class open and inclusive in the face of current economic pressures will require a collective will extending across countries. This book provides an invaluable guide for assessing the issues that must be considered in such an effort.

Weathering the Storm

In a representative study made of European workers, twenty-eight per cent of employees reported that stress affects their health and their performance at work. Occupational stress is a serious problem for the performance of individuals, organisations and as a consequence, for national economies. *Preventing Stress, Improving Productivity* investigates the ways in which companies can combat stress by changing the working environment rather than only treating individual employees with stress symptoms. Costs and benefits of stress prevention are discussed, with an emphasis on approaches that involve both the work situation and the individual worker. The heart of the book consists of eleven

European country chapters, each overviewing the current status with respect to occupational stress and its prevention in that country and then presenting one detailed case study as an example of good preventive practice. *Preventing Stress, Improving Productivity* identifies five factors that are critical for a stress reduction programme to work, both in terms of employee health and well-being and from a financial point of view. Successful strategies combine participation from workers and support from top management. Useful as a reference for psychologists, human resource managers, occupational physicians, ergonomists and consultants, this book will also be an invaluable aid to managers in the day-to-day running of organisations.

Social Contracts Under Stress

The collapse of Barings bank and the currency crisis in Mexico are just two instances of stress in an international financial system still largely governed by the institutions established by the Bretton Woods Committee in 1944. Here, the authors put forward an agenda for a new system of international economic institutions to fit the changes in international relations. This agenda includes: * an analysis of the role of the Bretton Woods institutions and their relations with the newly created World Trade Organizations * a discussion of the search for world economic governance * an analysis of the crisis within EMS and the prospects for European Monetary Integration * an examination of the integration of private markets in the new economic architecture.

Preventing Stress, Improving Productivity

Constitutionalism under Stress reflects on comparative constitutionalism in Central and Eastern Europe through the lens of leading legal scholar Professor Wojciech Sadurski, whose writings have anticipated and scrutinized the current decline of liberal democracies and populist challenges to the rule of law in the region. Sadurski's work has chronicled the transition from concern for the most basic of human rights under authoritarian rule to the challenges of democratic governance. The compelling rights discourse of an earlier period gave way to claims of abuse of majoritarian prerogatives as the hopes of liberal democracy encountered the power of illiberalism. The theoretical responses offered for the preservation of liberal democracy, in light of the current turbulence regarding the rule of law in the region, produces a far reaching and effective reference tool on matters of constitutional capture and illiberal democracy.

The Financial System Under Stress

Weathering the Storm explores the factors leading up to the recent global financial and economic crisis, how the crisis unfolded, and the response of European and national authorities. The book describes the rationale behind the measures undertaken to mitigate the consequences of the recession and to ensure that a similar situation does not happen again in the future. The 2020 edition of *Health at a Glance: Europe* focuses on the impact of the COVID 19 crisis. Chapter 1 provides an initial assessment of the resilience of European health systems to the COVID-19 pandemic and their ability to contain and respond to the worst pandemic in the past century.

Health at a Glance: Europe 2020 State of Health in the EU Cycle

The European Landscape is under stress of changing land use and a changing attitude of its users. Globalization, the disappearance of the iron curtain and the recent EU enlargement to 25 countries have changed the economic and environmental dimensions of Europe. Europe is changing its face from a western and eastern part to one European Union and to fast connections between its centres of activity. The rural and cultural heritage of Europe has to be adapted to cope with this change. However, its landscape is worth to be conserved as well, because it represents the European history in the same way as castles and churches. It even more represents the history of the common people, because it has been the tradition of the rural population that made these landscapes. It cannot be prevented that Europe is changing and it is good that Europe adapts to the new dimensions of the world. We, in Europe, have to define what we think is important and what must be conserved, what can be adapted to be used for new functions and what can be abolished because it has no value. These decisions will determine the new dimensions of the European landscapes. The Frontis Workshop on the New Dimensions of the European Landscape was held on 10-12 June 2002. Wageningen University and Research Centre organized this workshop aiming to develop visions on the landscape in Europe, its development and design in the future and to strengthen the international network in landscape planning.

A Model for Assessing the Costs of Stressors at National Level

The crisis threatens the welfare of about 160 million people in the Europe and Central Asia (ECA) region who are poor or are just above the poverty line. Using pre-crisis household data along with aggregate macroeconomic outturns to simulate the impact of the crisis on households transmitted via credit market shocks, price shocks, and income shocks this report finds that adverse effects are widespread and that poor and non-poor households alike are vulnerable. By 2010, for the region as a whole, some 11 million more people will likely be in poverty and over 23 million more people will find themselves just above the poverty line because of the crisis. The aggregate results mask the heterogeneity of impact within countries, including the concentration of the poverty impact in selected economic sectors. Meanwhile, stress tests on household indebtedness in selected countries suggest that ongoing macroeconomic shocks will expand the pool of households unable to service their debt, many of them from among the ranks of relatively richer households. In fact, already there are rising household loan delinquency rates. Finally, there is evidence that the food and fuel crisis is not over and a new round of price increases, via currency adjustments, will have substantial effects on net consumers. Lessons from last year's food crisis suggest that the poor are the worst hit, as many of the poor in Albania, Kyrgyz Republic, and Tajikistan, for example, are net food consumers, with limited access to agricultural assets and inputs. The resilience of households to macroeconomic shocks ultimately depends upon the economy's institutional readiness, the flexibility of the economic policy regime, and the ability of the population to adjust. However, compared with previous crises, the scope for households to engage in their traditional coping strategies may be more limited. Fiscal policy responses in the short-term are also constrained by rapidly falling revenues. Governments in ECA have to make difficult choices over what spending items to protect and what items to cut, social protection programs to reform and scale-up, and new interventions to mitigate the impact of the crisis.

The Crisis Hits Home

DEMOCRACY UNDER STRESS focuses on the global financial crisis of 2008-2009 and its implications for democracy. Why and how did the crisis come about? Are there any instructive lessons to be drawn from comparisons with the Great Depression of the 1930s? What are the democratic response mechanisms to cope with serious crises? Do they work? Is China a new trend setter? Do values matter? Are global democratic rules a possibility? These are some of the key questions addressed in the volume.

Euroscepticism as a Transnational and Pan-European Phenomenon

Can the political institutions of the transatlantic alliance endure the demise of the Soviet enemy? Did the Iraq crisis of 2002–3 signal the final demise of the Atlantic partnership? If so, what are the likely consequences? In this book a distinguished group of political scientists and historians from Europe and the United States tackle these questions. The book examines the causes and consequences of the crisis in Atlantic relations that accompanied the invasion of Iraq in March 2003. The authors' collective focus is not on the war itself, or how it was conducted, or even the situation in Iraq either before or after the conflict. Instead, the crisis over Iraq is the starting point for an examination of transatlantic relations and specifically the Atlantic alliance, an examination that is cross-national in scope and multi-disciplinary in approach.

Democracy Under Stress

This book explores the visions underlying the attempts to reform the European University as well as two European integration processes. It presents a framework for analyzing ongoing modernization reforms and reform debates that take place at various governance levels and a long-term research agenda. It convincingly argues why the knowledge basis under the current University reforms in Europe should be considerably strengthened.

The Atlantic Alliance Under Stress

Abstract: Is electoral behaviour affected by the current challenges of the EU and, if it is, through which channels and mechanisms? This study offers a cross-national analysis together with a broad understanding of both the crisis phenomenon and electoral behaviour. To investigate this research question appropriately, we first distinguish at the most general level between the two main behavioural alternatives at play when it comes to electoral behaviour, namely abstention and vote choice. Second, and no less important, we differentiate between the mechanisms that mediate the relationship between the 'EU under stress' and electoral behaviour, namely egocentric and sociotropic economic voting motivations. Drawing on data from the European Election Study 2014, our article provides important insights into the study of electoral behaviour in an EU under stress. First, we are able to show that the multiple crises that have hit the EU have the potential to determine both turnout and the decision to

University Dynamics and European Integration

Work-related stress is the second most common occupational health problem after back pain, affecting 28 per cent of workers in the EU. Given that this is often indicative of problems with the psychosocial work environment, the promotion of a preventive culture against psychosocial hazards needs to be given a high priority. This report presents 15 case studies of programmes, practices and experiences on tackling work-related stress, produced by the European Agency for Safety and Health at Work in order to raise awareness of these topics in EU member states.

Electoral Behaviour in a European Union Under Stress

This volume brings together leading scholars of comparative constitutional law to reflect on current challenges to liberal constitutionalism and democratic governance, as inspired by the work of Professor Wojciech Sadurski.

How to Tackle Psychosocial Issues and Reduce Work-related Stress

Summary: v.1 provides an analysis of the role of those institutions established at Bretton Woods and their relations with the newly created World Trade Organization. Particular attention is given to the International Monetary Fund and the World Bank -- v.2 examines the type of global governance necessary for the changing world economy. Finally -- v.3 discusses the growing integration of capital markets and their role in the new economic architecture.

Constitutionalism Under Stress

The mighty North-American republic at times exerted considerable pressure to force the small European neutral into submission to its immediate, short-range policy goals. This was especially the case during the last years of World War II and the early postwar years. Switzerland, on the whole, successfully withstood this pressure and has seen its viewpoint vindicated more often than not by the course of events.

The Financial System Under Stress

Dokuchaev carried out most of his research in Ukraine. His student and friend, Volodymyr Vernadsky, went on to create trans-disciplinary environmental sciences and the concept of Earth as a living organism, famously taken up by James Lovelock. That spring of ideas still flows and the researches captured in this volume are relevant to present-day problems, and not only in Ukraine. Soils have always been under stress but, in the Anthropocene, mankind is in the driving seat. As a sequel to *Soil Science Working for a Living: Applications of soil science to present-day problems*, we consider issues of policy as well as soil genesis, attributes and functions in various environments, natural and man-made. We consider human impacts on the soil cover through its use and misuse, highlight methods of research and assessment of soil quality, and the threats of soil degradation. The distinguished contributors also describe and propose various options for evaluation and remediation of degraded soils, drawing on the latest methods of modelling and cartography as well as long-term field experiments and long experience. The book will be invaluable to researchers and practitioners in soil science including graduate and post-graduate education, academics and professionals.

Friendship Under Stress

The European economy is emerging from its deepest recession since the 1930s. This volume, which brings together economic analysis from the European Commission services, explains how swift policy response avoided a financial meltdown. Europe also needs an improved co-ordinated crisis-management framework to help it respond to any similar situations that may arise in the future. *Economic Crisis in Europe* is a much-anticipated volume which shows that the beginnings of such a crisis-management framework are emerging, building on existing institutions and legislation and complemented by new initiatives.

Osh in Figures

In the years following World War II the health and well-being of the nation was of primary concern to the British government. The essays in this collection examine the relationship between health and stress in post-war Britain through a series of carefully connected case studies.

Soils Under Stress

Stress at work is a priority issue of the European Agency of Safety and Health at Work. The report addresses the following issues and questions: the nature of stress at work; stress management strategies; does work stress affect health and well-being and, if so, how?; the implications of existing research for the management of work-related stress. This report examines the difficulties involved in placing work stress in the context of other life stress factors. It is stated that work stress is a current and future health and safety issue, and, as such, should be dealt with in the same logical and systematic way as other health and safety issues.

Economic Crisis in Europe

Examining the uncertainty of the role and scope of traditional political rights in the 21st-century's threat of terrorism, this book reflects on the appropriate scope and strength of protection of political rights, and analyses issues such as party closures, political rights of minorities, and democratization.

Stress in Post-War Britain

European welfare states are currently under stress and the 'social contracts' that underpin them are being challenged. First, welfare spending has arguably 'grown to limits' in a number of countries while expanding everywhere in the 1990s in line with higher unemployment. Second, demographic change and the emergence of new patterns of family and working life are transforming the nature of

'needs'. Third, the economic context and the policy autonomy of nation states has been transformed by 'globalization'. This book considers the implications of these challenges for European welfare states at the end of the twentieth century with interdisciplinary contributions from first-rate political scientists, economists and sociologists including Paul Ormerod.

Research on Work-related Stress

This volume brings together the leaders in the field of PTSD research to present an up-to-date summary and understanding of this complex disorder. All of our current knowledge and controversies concerning the diagnosis, epidemiology, course, pathophysiology and treatment are described in detail. The evidence for efficacy for each of the different forms of psychotherapy and pharmacotherapy is reviewed. Particular attention is paid to at-risk groups, including minorities, and coverage of PTSD throughout the world is reviewed as well. The authors present state-of-the-art findings in genetics, epigenetics, neurotransmitter function and brain imaging to provide the most current and comprehensive review of this burgeoning field.

Political Rights Under Stress in 21st Century Europe

This volume is the first work to emerge from a major international comparative research project exploring the political economy of globalization. This inter-disciplinary team of scholars is focusing on the semi-periphery of world power. Whether defined in social, cultural, economic or simply spatial terms, 'semi-peripheral' countries share two qualities: they are conscious of their subordination to the hegemonic powers at the centre of the global system - the United States and the European Union; they are also strong enough to have some ability to resist their domination. The structural position of these middle powers in global capitalism is unlike those countries at the centre that do not experience domination, and different from those Third World countries on the periphery that have no means to achieve more cultural and political autonomy, more distinctive and diversified development, or greater social equity and better income redistribution. Four countries in North America, Central America, Europe and the Antipodes - namely Canada, Mexico, Norway and Australia - have been selected in order to explore the complexities of globalization from the perspective of the semi-periphery. Opening chapters examine the international institutions, including the North America Free Trade Agreement, the World Trade Organization and the European Union, which now amount to a quasi-constitutional conditioning framework for middle powers under globalization. In the second part, contributors detail the pressures with which these countries have to cope and consider their ability to pursue policies appropriate to the needs and democratically defined goals of each. And in the concluding part, after discussing the new economic, political and social issues of 'governing under stress', they appraise the possibilities for middle powers to chart distinctive national courses in the face of globalization's constraining challenge.

The Future of European Welfare

Credibility is the bedrock of any crisis stress test. The use of stress tests to manage systemic risk was introduced by the U.S. authorities in 2009 in the form of the Supervisory Capital Assessment Program. Since then, supervisory authorities in other jurisdictions have also conducted similar exercises. In some of those cases, the design and implementation of certain elements of the framework have been criticized for their lack of credibility. This paper proposes a set of guidelines for constructing an effective crisis stress test. It combines financial markets impact studies of previous exercises with relevant case study information gleaned from those experiences to identify the key elements and to formulate their appropriate design. Pertinent concepts, issues and nuances particular to crisis stress testing are also discussed. The findings may be useful for country authorities seeking to include stress tests in their crisis management arsenal, as well as for the design of crisis programs.

On an isolated island off the coast of East Africa, the family that Clay has befriended is murdered as he watches. So begins the fourth instalment in the Claymore Straker series, a breakneck journey through the darkest reaches of the human soul, as Clay and Rania fight to uncover the mystery behind the disappearances and murders, and find those responsible. At times brutal, often lyrical, but always gripping, Absolution is a thriller that will leave you breathless and questioning the very basis of how we live and why we love. _____ Praise for Paul E. Hardisty 'A trenchant and engaging thriller that unravels this mysterious land in cool, precise sentences' Stav Sherez, Catholic Herald 'This is a remarkably well-written, sophisticated novel in which the people and places, as well as frequent scenes of violent action, all come alive on the page...' Literary Review 'Gripping and exciting ... the quality of Hardisty's writing and the underlying truth of his plots sets this above many other thrillers' West Australian 'Searing ... at times achieves the level of genuine poetry' Publishers Weekly 'Beautifully written, blisteringly authentic, heart-stoppingly tense and unusually moving' Paul Johnston 'The plot burns through petrol, with multiple twists and turns' Vicky Newham

Absolution by Murder (Sister Fidelma Mysteries Book 1)

ABSOLUTION BY MURDER is the brilliant and evocative first novel in Peter Tremayne's Sister Fidelma series, bringing 7th-century Ireland vividly to life. PRAISE FOR ABSOLUTION BY MURDER: 'In the simultaneously sharp-tongued and full womanly figure of Sister Fidelma, Tremayne has created a heroine whom many readers will willingly follow. Even Brother Cadfael might have tolerated her' Kirkus Reviews As the leading churchmen and women gather at the Synod of Whitby in 664AD to debate the rival merits of the Celtic and Roman Churches, tempers begin to fray. Conspirators plot an assassination, while mysterious, violent death stalks the shadowy cloisters of the Abbey of St Hilda. When the Abbess Etain, a leading speaker for the Celtic Church, is found murdered suspicion inevitably rests on the Roman faction. Attending the Synod is Fidelma, of the community of St Brigid of Kildare. As an advocate of the Brehon Court, she is called on to investigate the murder with Brother Eadulf, of the Roman faction. However, the two are so unlike that their partnership is described as that of a wolf and a fox - but which is which? More gruesome deaths follow and the friction among the clerics could end in civil war. Can the solution to the mysteries avert such a conflict? What readers are saying about ABSOLUTION OF MURDER: 'Superb storytelling from a usually neglected era. Read this and you will certainly want to read the rest of this excellent series' 'I was transported back in time; Peter Tremayne brought the location and characters to life' 'The story moves forward with Fidelma weaving her way through to the end with skill and intelligence. Well worth reading'

The Absolution

In this mesmerizing finale to the revolutionary Carnivia Trilogy—following *The Abomination* and *The Abduction*—Venetian police captain Kat Tapo and U.S. Army intelligence analyst Holly Boland embark on their most dangerous and disturbing journey yet. On Venice's popular Lido beach, a man is found lying on the shore, his throat slit and his tongue viciously torn out, and his face covered by an unusual antique mask. Superiors inside the Venice Carabinieri have finally given Captain Kat Tapo permission to run her first murder case. But when she learns that the mask is a Masonic “hoodwink”—and that the circumstances of the man's death are eerily similar to the Masonic punishment for betrayal—she suspects that her appointment has darker implications. As a woman, she cannot penetrate the closed world of Italian freemasonry. The dead man is identified as a senior partner in a small Catholic bank currently engaged in negotiations with one of Italy's richest men. Yet Kat knows that, when it comes to Venice's most powerful and influential, money isn't the only motive for murder. While she focuses on her investigation, American intelligence analyst Holly Boland finds a document among her father's possessions that offers evidence of a shocking Cold War cover-up. The deeper the second lieutenant digs into what her father knew, the more she begins to wonder: Was her father silenced before he could expose the truth? Reclusive genius Daniele Barbo, creator of the anonymous virtual world Carnivia.com, makes a chilling discovery of his own: his website has been contaminated by a malevolent virus that will cripple Italy unless he can break his own encryption and prevent catastrophe. As the three cases merge, the trio of allies uncover a conspiracy involving the security services, the Church, and the CIA—a devastating plot stretching back decades that could destroy all three of them . . . but not without a fight.

Absolution

Former assassin Leine Basso has severed ties with everyone she loves to keep them safe while she hunts for the ruthless terrorist, Salome.

The Absolution

The Absolution is the third installment in Queen of Icelandic crime fiction Yrsa Sigurdardóttir's series about the psychologist Freyja and the police officer Huldur. The police find out about the crime the way everyone does: on Snapchat. The video shows a terrified young woman begging for forgiveness. When her body is found, it is marked with a number “2”. Detective Huldur joins the investigation, bringing child psychologist Freyja on board to help question the murdered teenager's friends. Soon, they uncover that Stella was far from the angel people claim, but who could have hated her enough to kill? Then another teenager goes missing, more clips are sent to social media, and the body with a “3” is found. Freyja and Huldur can agree on two things at least: the truth is far from simple. The killer is not done yet. And is there an undiscovered body carrying the number “1” out there?

Absolution

New Orleans homicide detective Frank Renzi teams up with journalist Rona Jefferson to solve a series of murders where women's tongues are taken as trophies by the killer. A tip leads them to suspect a young priest, which angers the Catholic community. As the police get close to solving the crimes, the murderer persuades a young teenager to run away with him forcing the police to chase after them.

Art of Absolution

A suspense novel about a mother's effort to keep secret her son's birth and a man's search for absolution.

Absolution by Murder

A Sister Fidelma mystery. At the Synod of Whitby in 644 AD leading churchmen and women gather to debate the rival merits of the Celtic and Roman churches. Soon, mysterious deaths stalk the shadowy cloisters.

Fatal Absolution

An emotionally powerful, chilling, and suspenseful plot unfolds as a scandal in the fictional Diocese of Islip, New York results in the murder of three Catholic Priests. Fueled by righteous anger and a compelling cast of supporting characters, Fatal Absolution weaves an intriguing and beguiling tale, setting wretched and evil men against a quest for justice. After years of dealing with one sex-abuse

scandal after another, the Catholic Church must now respond to a new and altogether different issue—the murder of the priests. Think you've heard everything there is to hear about the sex abuse scandal in the Catholic Church? Think again. Nora Owens, an Irish orphan, suffers at the hands—and lust—of priests who molest her and her twin sister, Nanette. Four priests, whose faces and names she remembers all too clearly. When Nanette commits suicide after years of sexual abuse, Nora vows revenge. Years later, she travels to the U.S. to track down the priests who committed the unthinkable crime. All four have fled to the U.S., but Nora won't stop until she finds them all. Using aliases and disguises, Nora plots to take the lives of the evil men who caused her sister's death. When her killing spree begins, others are drawn into the web of murder: Detective Samantha Bannion, a beautiful redheaded New York cop; Fr. Tim Cavanagh, priest, famed pianist, and favored grandson of the famed Cavanagh lineage; Bishop John Campbell, a highly respected official of the Diocese of Islip; and the priests under Campbell's charge—both the guilty and the innocent. Investigating what appears to be a serial killer of priests, Det. Sam Bannion finds a source of inside information in Fr. Tim, the pianist-priest, who suspects that the cover-up of sexual abuse runs deep and wide. But they soon find a mutual attraction as well, leading to a relationship forbidden by Fr. Tim's vows but inescapable, as the two spend more time together on the case—and off. Vowing to stop the murders and bring the murderer to justice, Sam and Tim dig out information on the sex-abuse crimes and the priests who committed them. Deep into their investigation, they notice a mysterious man dogging their steps. Who is the stalker on their trail, and who hired him? Is he after the information or after them? Who else will be murdered? And will the love that is growing between them cause Fr. Tim to leave the priesthood, or will it bring tragedy?

Absolution #5

Nina Ryan was a hired killer who brought nothing but pain and suffering to the world. Now, she has a month to prove that she can change. A month to make up for her crimes and find absolution, or the bombs that have been implanted in her head will explode, killing her instantly. As her journey of atonement is live-streamed to a fickle public, Nina is about to discover that the road to redemption might be splattered with blood. In this concluding issue, Nina's time grows short. Will she fill her Absolution Meter in time? In this concluding issue, Nina's time grows short. Will she fill her Absolution Meter in time?

Absolution

A teenager, Joey "Noonz" Mastronunzio, is forced to participate in a home invasion in Queens leaving a young couple dead and their infant son an orphan. Although he did not pull the trigger, he is determined to atone for his actions that night by joining the Marines Corps and then joining the seminary after his military service. The baby, Michael Simon, grows up to become an NYPD homicide lieutenant determined to locate and arrest the "guy who got away" from the scene of the murders. When Lieutenant Simon finally discovers the identity of the second perpetrator, he is shocked to learn he has known him most of his life. What follows is an unlikely alliance between Simon and the Bishop of Brooklyn as they uncover the rampant pedophilia in the Church. Battling threats, intrigue, deception, and murder, the duo comes up against the highest echelons of power in the NYPD and the Church as both institutions desperately seek to keep their records of depravity and coverups from ever being released to the public.

Absolution

The official prequel to the latest instalment of the Far Cry video game series. Hope County, Montana. Land of the free and the brave, but also home to a fanatical doomsday cult known as The Church of Eden's Gate that has slowly been infiltrating the residents' daily lives in the past years. Mary May Fairgrave, a local barkeep, has lost almost everything to the Church: her parents died in suspicious conditions and her brother, entranced by the cult leader's charismatic words, has vanished. When the authorities refuse to investigate further, she decides to take matters into her own hands. Local hunter William Boyd was saved by Eden's Gate years ago, during the darkest moments of his life. When his duties lead him to cross paths with Mary May, the daughter of one of his old friends, he soon discovers that what is happening in the county is far from what he believed. Up against an omniscient and dangerous adversary, Mary May stands little chance. But the unexpected intervention of William Boyd will change her journey—as well as his.

Absolution

Is the greatest secret in all of human history worth dying for? When Rick Wilson, a treasure hunter desperate to make his mark on the world, discovers an ancient dagger in a cave on the Scottish coast, all is not as it seems. Unknowingly, he has triggered a series of events with consequences far greater than he could ever have imagined. In the midst of a horrific car crash, a disembodied voice appears in Rick's head, guiding him to safety. Fearing for his sanity, the treasure hunter tries to sell his find to a collector in Japan, but in doing so finds himself thrust into a world of criminality, betrayal and murder. Now staring death in the face, desperate to get back to his family, Rick is offered a deal by the mysterious voice and his fate is sealed. Pursued across continents by a team of ruthless killers, Rick must discover what the voice wants from him and why. He will either reveal the single greatest secret in all of human history or condemn our world to annihilation. The only question is which will come first?

Absolution

When Alan Kirkland went in search of a mysterious uncle, a James Kirkland, a man he never knew, a man disowned by his own family for some unknown reason, what he finally unearthed made him wish he had left the mystery buried. The story unfolds in the present but the roots of it lay buried somewhere back in the time of The Great War. By researching old police reports and newspaper articles, Alan discovered that not only was his uncle an army deserter, but he also stood accused of murdering two young women, one of those women being the wife of Major Ethan Kightingale, a prominent member of society. But James Kirkland somehow avoided arrest and was never put on trial, consequently his version of events went with him to his grave. Undeterred, refusing to surrender his search, it finally paid off for Alan Kirkland. He found that one remaining link to the past was still alive. Old and feeble, Cecilia Kightingale, a central player in the longago drama, held the key to the puzzle. But her family had its own dark past to shelter, and she would shelter it until the end.

Absolution Denied

Farrah Miller and Cody "Casper" Butler have a longstanding relationship that both refuse to discuss. It isn't romantic. It may not even be classified as a friendship. Casper's been saving Farrah from herself for longer than he'd care to admit, watching silently as she drowned herself in alcohol and bad decisions. Then when she finally got her act together, he left. He told himself he was giving her time to sort herself out. He tried to give her space. But getting shot in the chest can change a man's perspective, and Casper's done waiting. When he shows up on her doorstep one night, everything changes. He's the man who's seen her at her very worst. She's his weakness. He runs when things get hard. She never

lets anyone see below the surface and is terrified of being abandoned. Casper knows it's a long shot, that there's a good chance she'll never drop her guard for him- but he has to try. Because a life with Farrah is exactly what he wants... Even if he has to fight her for it.

Will she stop him before The Last Deception?

Dark Return

According to canon law, it is forbidden for a priest to betray the penitent for any reason. Even murder. The consequences? Excommunication. For years, I've listened to your confessions. I know your darkest secrets, and have swallowed your sins in silence. In return, I've offered you forgiveness in His name. But behind the partition that separates us, I'm nothing more than a man who has long questioned his own faith. Your contrition is my invitation: to mete out the kind of justice you pray will never come. I'm neither pious, nor merciful, despite what you see. I'm an imposter, an abomination to all I represent. A quiet executioner who's kept below the radar. Until her. She's seen what I've done. She knows the man beneath the cloth and my every mortal sin. She has witnessed the uncontrollable vices she hopes to use against me in order to get what she covets most. Yet, I know her sins, too. Ones she doesn't bother to confess. The kind, for which, there is no absolution. *The short story first appeared in the Wanted: An Outlaw Anthology. This is the full-sized novel, which includes the conclusion to Damon and Ivy's story.

Sueos de cristal

Pilar es una mujer de mediana edad, casada y con dos hijas con una vida planificada que se desmorona de la noche a la mañana. Felipe, un antiguo amigo del instituto será su apoyo en este thriller psicológico en el que nadie es lo que parece. Los acontecimientos que se suceden la van acorralando hasta el punto en que no puede confiar en nadie más que en sí misma. Una novela realista en la que el lector podrá verse reflejado en cada uno de sus capítulos y de una forma objetiva y sin prejuicios relata los diferentes puntos de vista de los personajes transmitiendo un mensaje de valentía, amor y comprensión para todos ellos.

La Cárcel de Cristal

El hermano de Marta Urriaga, una periodista crítica al régimen franquista, ha aparecido muerto en el manicomio de Miraflores tan solo cinco meses después de que lo ingresaran, debido a su condición homosexual, castigada y perseguida en la España nacionalcatólica, impuesta por los vencedores de la Guerra Civil. Según la versión oficial, se trata de un suicidio, sin embargo, su hermana duda de que Carlos muriera así. Cuando Marta se traslada de Madrid a Sevilla, su ciudad natal, a investigar qué sucedió, se sumerge en una espiral de sufrimiento para encontrar la verdad. Descubre de la peor forma posible qué encierra la locura y cuán débil es la mente, frágil como un cristal, pero fuerte como el hierro si tienes un objetivo por el que mantenerla intacta. Día a día, tiene que luchar por su supervivencia y su libertad. Ni siquiera la llegada de la democracia puede garantizársela. La mente puede ser la mejor arma del ser humano, pero también, su propia cárcel.

Crónicas del Aquelarre

Para lectores que devoran libros de aventuras y fantasía, en los que la magia es la protagonista. Los lectores opinan: Este libro me ha enganchado desde la primera página hasta el final. El autor posee un estilo fresco y la sutileza de introducirte de lleno en la trama. Excelente narrativa y al mismo tiempo fácil de leer. Desde el principio estás deseando leer lo siguiente que va a pasar porque el autor, con gran habilidad, logra dar giros de trama que no dejan de sorprender. Opinión en Goodreads. Sinopsis: Año 1508, la guerra entre brujos y brujas estalla en Egipto. Han pasado siglos y las continuas batallas han diezmado las fuerzas de las hermanas, que se ven obligadas a huir y esconderse en las sombras por su implacable enemigo, Alastor. En la actualidad, el conflicto entre ambas estirpes ha llegado al límite y la reina del gran aquelarre ha optado por declarar la guerra abierta y convocar a todas las hermanas a la batalla contra los brujos. Sin embargo, una nueva amenaza pronto saldrá a la luz. El aquelarre de Casandra tendrá que hacer frente a este nuevo peligro, que alterará el antiguo y delicado equilibrio entre luz y oscuridad. Esta vez, las fuerzas mágicas se enfrentarán en una guerra decisiva que condenará a las brujas al exterminio definitivo o hará que resurjan con más poder que nunca. En oferta por tiempo limitado. Libro autoconclusivo. No te pierdas mis otros libros: Crónicas de Dalsinia (Fantasía épica) La cárcel de cristal (Novela Negra y Thriller Psicológico)

The Summer of Dead Toys

A skillfully plotted tale of misdeeds and murder--introducing Inspector Hector Salgado, a detective with a complicated past, a love of cinema . . . and a tendency to violence. Under a hot Barcelona sun, a killer is feeling the heat. When the death of a vulnerable young witness in a case of human trafficking and voodoo causes the normally calm Police Inspector Hector Salgado to beat someone up, he is moved off the project and sent instead to investigate a teenager's fall to his death in one of Barcelona's uptown areas. As Salgado begins to uncover the inconvenient truths behind the city's most powerful families, two seemingly unsolvable cases are set to implode under the hot Barcelona sun.

The Way Out

From Argentine literary powerhouse Ricardo Piglia, *The Way Out* is “an offbeat take on the campus novel, full of sex, intrigue, and marginalia” (Kirkus Reviews) that probes the lengths we go to hide our own truths and to uncover the secrets of others. In the mid 1990s Emilio Renzi leaves his unstable life in Argentina to take a visiting position at a prestigious university in New Jersey. Settling in for a semester of academic quietude, he is unexpectedly swept up in a secret romance with his colleague, the brilliant and enigmatic Ida Brown. But their clandestine relationship is cut brutally short by an apparent tragic car accident. Discontented with the police’s lackluster inquiries into Ida’s death, Renzi begins his own investigation. His suspicions are piqued as details emerge about a bizarre string of attacks targeting scientists and researchers. Then a radical manifesto appears in the press threatening continued violence. As he delves deeper into Ida Brown’s past, Renzi discovers a link between her and the terrorist that sets him on a path of no return: he must discover once and for all whether her death was part of a larger pattern and, if so, whether she was a victim or accomplice. Renzi’s quest for truth exposes a darker side of humanity that will force him to confront the systems and culture that could produce such a misguided killer. Praise for *The Way Out*: “An offbeat take on the campus novel, full of sex, intrigue, and marginalia.” —Kirkus Reviews Praise for *The Diaries of Emilio Renzi*: “Splendidly crafted and intersplined with essays and stories, this beguiling work is to a diary as Piglia is to “Emilio Renzi”: a lifelong alter ego, a highly self-conscious shadow volume that brings to bear all of Piglia’s prowess as it illuminates his process of critical reading and the inevitable tensions between art and life. Amid meeting redheads at bars, he dissects styles and structures with a surgeon’s precision, turning his gaze on a range of writers, from Plato to Dashiell Hammett, returning time and again to Pavese, Faulkner, Dostoyevsky, Arlt and Borges. Chock-full of lists of books and films he consumed in those voracious early years of call girls, carbon paper, amphetamines and Heidegger, this is an embarrassment of riches — by turns an inspiring master class in narrative analysis, an accounting of the pesos left in his pockets and a novel of Piglia’s grandfather (named Emilio, natch) with his archive of World War I materials pilfered from Italian corpses.... No previous familiarity with Piglia’s work is needed to appreciate these bibliophilic diaries, adroitly repurposed through a dexterous game of representation and masks that speaks volumes of the role of the artist in society, the artist in his time, the artist in his tradition.” —Mara Faye Lethem, *The New York Times Book Review* “For the past few years, every Latin American novelist I know has been telling me how lavish, how grand, how transformative was the Argentinian novelist Ricardo Piglia’s final project, a fictional journal in three volumes, *Los diarios de Emilio Renzi*—Renzi being Piglia’s fictional alter ego. And now here at last is the first volume in English, *The Diaries of Emilio Renzi: Formative Years*, translated by Robert Croll. It’s something to be celebrated... [It] offer[s] one form of resistance to encroaching fascism: style.” —Adam Thirlwell, *BookForum*, *The Best Books of*

2017 “[A] masterpiece.... everything written by Ricardo Piglia, which we read as intellectual fabrications and narrated theories, was partially or entirely lived by Emilio Renzi. The visible, cerebral chronicles hid a secret history that was flesh and bones.” —Jorge Carrión, *The New York Times* “A valediction from the noted Argentine writer, known for bringing the conventions of hard-boiled U.S. crime drama into Latin American literature...Fans of Cortázar, Donoso, and Gabriel García Márquez will find these to be eminently worthy last words from Piglia.” —Kirkus Reviews, Starred Review “When young Ricardo Piglia wrote the first pages of his diaries, which he would work on until the last years of his life, did he have any inkling that they would become a lesson in literary genius and the culmination of one of the greatest works of Argentine literature?” —Samanta Schweblin, author of *Fever Dream* “Ricardo Piglia, who passed away earlier this year at age seventy-five, is celebrated as one of the giants of Argentine literature, a rightful heir to legends like Borges, Cortázar, Juan Jose Saer, and Roberto Arlt. *The Diaries of Emilio Renzi* is his life's work...An American equivalent might be if Philip Roth now began publishing a massive, multi-volume autobiography in the guise of Nathan Zuckerman...It is truly a great work...This is a fantastic, very rewarding read—it seems that Piglia has found a form that can admit everything he has to say about his life, and it is a true pleasure to take it in.” —Veronica Esposito, *BOMB Magazine* “In 1957, Argentinian writer Ricardo Piglia started to write what would become 327 notebooks filled with the thoughts of his alter ego, Emilio Renzi. Piglia's final literary act before his death in January 2017 was to organize and publish these works as Renzi's diaries. *Formative Years*, the first of three volumes, covers the years 1957 to 1967, detailing Renzi's development into a central figure of Argentine literary culture. In epigrammatic diary entries filled with memorable observations, Piglia details Renzi's political education, relationships, views on Argentinian politics, and experiences during this remarkably productive era of Latin American fiction. As a fictionalized autobiography, it is, like the work of Karl Ove Knausgaard, of *My Struggle* fame, part confession and part performance. Renzi meets and corresponds with literary luminaries like Borges, Cortázar, and Márquez, and offers insightful readings of Dostoevsky, Kafka, Faulkner, and Joyce. Ilan Stavans (*Quixote: The Novel and the World*, 2015) provides a wonderfully informative introduction. Fans of W.G. Sebald and Roberto Bolaño will find the first installment in Piglia's trilogy to be a fascinating portrait of a writer's life.” —Alexander Moran, *Booklist* “Here through the Boom and Bolaño breech storms Ricardo Piglia, not just a great Latin American writer but a great writer of the American continent. Composed across his entire career, *The Diaries of Emilio Renzi* is Piglia's secret story of his shadow self—a book of disquiet and love and literary obsession that blurs the distinctness of each and the other.” —Hal Hlavinka, *Community Bookstore* (Brooklyn, NY) “In this fictionalized autobiography, Piglia's ability to succinctly criticize and contextualize major writers from Kafka to Flannery O'Connor is astounding, and the scattering of those insights throughout this diary are a joy to read. This book is essential reading for writers.” —Publishers Weekly “*The Diaries of Emilio Renzi* is a rare glimpse into the heart of twentieth-century Latin American literature, with the inimitable Ricardo Piglia as tour guide. More than just a traditional diary, Renzi is an illuminating voyage into the hearts of books and writers and history. An inspiring work and an important achievement.” —Mark Haber, *Brazos Bookstore* (Houston, TX) “The great Argentine writer.... In a career that spanned four decades, during which he became one of Latin America's most distinctive literary voices.” —Alejandro Chacoff, *The New Yorker* “*The Diaries of Emilio Renzi* continue to be a fascinating literary-autobiographical experiment ... and, especially, a wonderful immersion in literature itself. Of particular interest in showing the transition of Latin American (and specifically Argentine) literature—no longer: “out of sync, behind, out of place”—Piglia's range extends far beyond that too. Yes, most of this is presumably mainly of interest to the similarly literature-obsessed—but Piglia makes it hard to imagine who wouldn't be.” — M. A. Orthofer, *The Complete Review*

City of Glass

A graphic novel classic with a new introduction by Art Spiegelman Quinn writes mysteries. The *Washington Post* has described him as a “post-existentialist private eye.” An unknown voice on the telephone is now begging for his help, drawing him into a world and a mystery far stranger than any he ever created in print. Adapted by Paul Karasik and David Mazzucchelli, with graphics by David Mazzucchelli, Paul Auster's groundbreaking, Edgar Award-nominated masterwork has been astonishingly transformed into a new visual language.

The Lucifer Effect

'The Lucifer Effect' examines how the human mind has the capacity to be infinitely caring or selfish, kind or cruel, creative or destructive, and the ways in which the goodness of humanity can be transformed into bestiality.

The Carrier

*** WINNER OF THE SPECSAVERS NATIONAL BOOK AWARD FOR CRIME THRILLER OF THE YEAR 2013 *** He swore he was a killer. The truth was worse. An overnight plane delay is bad. Having to share your hotel room with a stranger is worse. But that is only the beginning of Gaby Struthers' problems. Gaby has never met Lauren Cookson before. So how does Lauren know so much about her? How does she know that the love of Gaby's life has been accused of murder? Why is she telling her that he is innocent? And why is she so terrified of Gaby? If you loved *Gone Girl*, you'll find this chilling domestic thriller impossible to put down.

And Then There Were None

Agatha Christie's masterpiece, and the best-selling murder mystery book of all time.

Maze Runner 2: The Scorch Trials

Thomas was sure that escape from the maze meant he and the Gladers would get their lives back. But no one knew what sort of life they were going back to. The earth is a wasteland. Government and order have disintegrated and now Cranks, people driven to murderous insanity by the infectious disease known as the Flare, roam the crumbling cities hunting for their next victim...and meal. Thomas can only wonder - does he hold the secret of freedom somewhere in his mind? Or will he forever be at the mercy of WICKED? The pulse-pounding sequel to *The Maze Runner*.

The Secret of Vesalius

Frankenstein meets *The Shadow of the Wind* in a Gothic thriller set in the diabolical city of fin-de-siecle Barcelona. Daniel Amat has left Spain and all that happened there behind him. Having just achieved a brilliant role in Ancient Languages at Oxford University and an even more advantageous engagement, the arrival of a letter - a demand - stamped Barcelona comes like a cold hand from behind. He arrives back in that old, labyrinthine and near-mythic city a few days before the great 1888 World Fair, amid dread whispers of murders - the injuries reminiscent of an ancient curse, and bearing signs of the genius 16th century anatomist, Vesalius. Daniel is soon pulled into the depths of the crime, and eventually into the tunnels below Barcelona, where his own dark past and the future of science are joined in a terrible venture - to bring the secret of Vesalius to life. Gothic and gripping, this historical thriller makes of Barcelona a diabolical character - emerging out of the dark into a new electrical age, aflame with spirit, superstition and science. Published in eighteen countries, Jordi Llobregat's bestselling first novel mixes a passionate setting and cryptic mystery into a genre-crossing phenomenon.

Girl A: an astonishing new crime thriller debut novel from the biggest literary fiction voice of 2021

THE BOOK THAT WILL DEFINE A DECADE

Narcoland

The product of five years' investigative reporting, the subject of intense national controversy, and the source of death threats that forced the National Human Rights Commission to assign two full-time bodyguards to its author, Anabel Hernández, *Narcoland* has been a publishing and political sensation in Mexico. The definitive history of the drug cartels, *Narcoland* takes readers to the front lines of the "war on drugs," which has so far cost more than 60,000 lives in just six years. Hernández explains in riveting detail how Mexico became a base for the mega-cartels of Latin America and one of the most violent places on the planet. At every turn, Hernández names names – not just the narcos, but also the politicians, functionaries, judges and entrepreneurs who have collaborated with them. In doing so, she reveals the mind-boggling depth of corruption in Mexico's government and business elite. Hernández became a journalist after her father was kidnapped and killed and the police refused to investigate without a bribe. She gained national prominence in 2001 with her exposure of excess and misconduct at the presidential palace, and previous books have focused on criminality at the summit of power, under presidents Vicente Fox and Felipe Calderón. In awarding Hernández the 2012 Golden Pen of Freedom, the World Association of Newspapers and News Publishers noted, "Mexico has become one of the most dangerous countries in the world for journalists, with violence and impunity remaining major challenges in terms of press freedom. In making this award, we recognize the strong stance Ms. Hernández has taken, at great personal risk, against drug cartels."

Red Pottage (Volume 1 of 2) (EasyRead Super Large 18pt Edition)

The provocateur and cult sensation Carlos Velazquez has earned comparisons to Hunter S. Thompson, Charles Bukowski and William S. Burroughs, and has been called 'a grand storyteller' (*Diario Jornada*), 'an icon' (*Frente*) and 'one of the most original and entertaining voices of contemporary Mexican literature' (*Revista Gatopardo*). His English-language debut, a collection of seven surreal, unrelentingly ironic and unsettling tales, portrays the comedy and brutal tragedies of a region that occupies a unique place in the North American imagination.

The Cowboy Bible and Other Stories

The real story behind the Tavistock Institute and its network, from a popular conspiracy expert The Tavistock Institute, in Sussex, England, describes itself as a nonprofit charity that applies social science to contemporary issues and problems. But this book posits that it is the world's center for mass brainwashing and social engineering activities. It grew from a somewhat crude beginning at Wellington House into a sophisticated organization that was to shape the destiny of the entire planet, and in the process, change the paradigm of modern society. In this eye-opening work, both the Tavistock network and the methods of brainwashing and psychological warfare are uncovered. With connections to U.S. research institutes, think tanks, and the drug industry, the Tavistock has a large reach, and Tavistock Institute attempts to show that the conspiracy is real, who is behind it, what its final long term objectives are, and how we the people can stop them.

Tavistock Institute

This early work set in nineteenth century Uruguay is a fascinating novel of the period and still an interesting read today. The novel charts the life of an Englishman who, upon marrying a teenage Argentine without her father's permission is forced to flee with her to Montevideo. The reader follows Richard Lamb's adventures with gauchos and women as he gets involved with rebel guerrilla fighters. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The Purple Land

A Vintage Shorts “Short Story Month” Selection Together with a crew of other miners and cart-pullers, Hillalum is recruited to climb the Tower of Babylon and unearth what lies beyond the vault of heaven. During his journey, Hillalum discovers entire civilizations of tower-dwellers on the tower—there are those who live inside the mists of clouds, those who raise their vegetables above the sun, and those who have spent their lives under the oppressive weight of an endless, white stratum at the top of the universe. “Tower of Babylon” is a rare gem—a winner of the prestigious Nebula award, the first story Ted Chiang ever published, and the brilliant opening piece to Chiang's much-lauded first collection, *Stories of Your Life and Others*, which is soon to be a major motion picture starring Amy Adams. An ebook short.

Tower of Babylon

Beautiful Sophie, with lips as red as blood, skin as pale as snow, and hair as dark as night, is about to come of age and inherit her father's throne. But Sophie's stepmother wants rid of her - beautiful she may be, but too weak and foolish to reign. And Sophie believes her, as she believes all the things that have been said about her - all the poisonous words people use to keep girls like her from becoming too powerful, too strong. When the huntsman carries out his orders of killing Sophie, she finds a fire burning inside her that will not be extinguished, and sets off to reclaim what was taken from her. Jennifer Donnelly turns her feminist eye to this most delicious of fairy tales and shows Snow White as she's never been seen before.

Poisoned

A young dinosaur takes precautions in order to stay safe throughout the day, both at home and at play, in the latest addition to the *How Do Dinosaurs...?* series by the award-winning creative team.

How Do Dinosaurs Stay Safe?

Tim Burton is one of the great modern-day visionaries of cinema, a director who has fabricated his own deliciously nightmarish universe in movies as extraordinary as *Beetlejuice*, *Edward Scissorhands*, *Mars Attacks!* and *The Nightmare before Christmas* - not to mention his twisted takes on the tales of *Batman*, *Sleepy Hollow* and *Planet of the Apes*. Following the release of his re-imagining of Roald Dahl's *Charlie and the Chocolate Factory* with long-time comrade Johnny Depp (who also provides a new foreword here), this updated and fully illustrated new edition of the definitive Burton interview book casts light on Burton's Burbank childhood, his early work at Disney, the recurrent themes and stunning designs of his movies, and the creative obsessions that fuel them.

Burton on Burton

Superstar detective Dave Gurney's renewed efforts to retire are halted by the brutal murder of a young bride at her wedding reception, a crime subsequently linked to a brilliant criminal who targets Gurney's family to further his agendas.

Shut Your Eyes Tight

The Wonder

From the Publisher: Set in Buenos Aires and Paris from the 1920s to the present day, Cozarinsky's short novel about Jewish immigrants, and the related stories he has collected and retold in a fictional light, may be among the few records we have of an extraordinary and little-known twilight society.

The Pedro Almodóvar Archives

When a breach birth leaves Paulo severely disabled, his father, the articulate, unsentimental Professor Frigerio, struggles to come to terms with his son's condition. Face to face with his own limitations, Frigerio confronts the strange way society around him handles Paulo's handicaps and observes his surprising gifts. In spare, deeply affecting episodes, the professor of language explores the nuanced boundaries between "normal" and "disabled" worlds. A remarkable memoir of fathering, winner of the 2001 Strega Prize, Italy's most prestigious literary honor, *Born Twice* is noted Italian author Giuseppe Pontiggia's American debut. Sometimes meditative, often humorous, and always probing, Pontiggia's haunting characters linger and resound long after the book is done.

The Bride from Odessa

Inspector Erlendur Sveinsson investigates the killing of a solitary man, found murdered in his Reykjavik apartment, and discovers that the dead man had been accused but not convicted of a rape forty years earlier.

THE TOP TEN INTERNATIONAL BESTSELLER THAT HAS TAKEN EUROPE BY STORM 'Absolutely compulsive . . . I went along for the ride and I'm so glad I did. A mash up of Don't Look Now meets Straw Dogs' Robert Ryan, author of *Dead Man's Land* He'd seen the danger coming. And now it's here... When Peter Harper, a gifted musician whose career and personal life are in trouble, comes to northwest Ireland and rents a remote cottage on beautiful, windswept Tremore Beach, he thinks he has found a refuge, a tranquil place in a time of crisis. His only neighbours for miles around are a retired American couple, Leo and Marie Kogan, who sense his difficulties and take him under their wing. But there's something strange about the pair that he can't quite figure out. One night during one of the dramatic storms that pummel the coast, Peter is struck by lightning. Though he survives, he begins to experience a series of terrifying, lucid and bloody nightmares that frame him, the Kogans and his

visiting children in mortal danger. The Harper family legend of second sight suddenly takes on a sinister twist. What if his horrifying visions came true, could tonight be his last...? Stephen King meets The Truth About the Harry Quebert Affair in this unputdownable suspense thriller that has gripped readers across Europe.

The Last Night at Tremore Beach

Departing from the approach of its Film Noir Reader predecessors, this third volume in the series assembles a collection of interviews with film noir directors and a cinematographer, few of whom are alive today. Interviewees include Billy Wilder (Double Indemnity and Sunset Boulevard), Otto Preminger (Laura), Joseph Lewis (Gun Crazy and The Big Combo), Curtis Bernhardt (Possessed and A Stolen Life), Edward Dmytryk (Murder, My Sweet and Crossfire), and Fritz Lang (Scarlet Street and The Woman in the Window).
