The Amazing Adventures of the Jewish People

Presents a history of the Jewish people throughout the ages.

The Ingathering of Israel

We never know what amazing adventures God has in store for us as we respond in obedience to His calling. Flying in old Russian helicopters and planes in a war zone, sleeping under kitchen tables, and dodging shadowy figures that were following her - would all seem a long way away from Esther's ordinary life lived in England, especially at an age most retire to a quiet life. But when God calls someone to something as dramatic as helping Jewish people return to Israel from the remote regions of the former Soviet Union, miracles are never far away. Divine intervention, angelic help and God moving in power are all part of this inspiring, even courageous story of how Esther used the latter part of her life to help bring Jewish people back to Israel in fulfillment of Biblical prophecy. Throughout this book you will come to know how God can speak dramatically into any person's life and take them into places one could never imagine. It is also a story of God's passion to keep his ancient word to His people, the Jews.

A History of the Jews

Three books on Jewish heritage from the author of *Jews, God, and History*, “the best popular history of the Jews written in the English language” (Los Angeles Times). With over a million and a half copies sold, *Jews, God and History* introduced readers to “the fascinating reasoning” of acclaimed scholar Max I. Dimont’s “bright and unorthodox mind” (San Francisco Sunday Examiner and Chronicle). In these three volumes, Dimont builds on the themes and insights presented in that seminal work, providing a rich and comprehensive portrait of the cultural and religious history of the Jewish people. *The Indestructible Jews* traces the four-thousand-year journey of the Jewish people from an ancient tribe with a simple faith to a global religion with adherents in every nation. Through countless expulsions and migrations, the great tragedy of the Holocaust and the joy of founding a homeland in Israel, this compelling history evokes a proud heritage while offering a hopeful vision of the future. *The Jews in America* offers an overview of Judaism in the United States from colonial times to twentieth-century Zionism. Dimont follows the various waves of immigration, recounts the cultural achievements of those who escaped oppression in their native lands, and discusses the attitudes of American Jews—both religious and secular—toward Israel. *Appointment in Jerusalem* explores the mystery surrounding the predictions Jesus made about his fate. Dimont re-creates the drama in three acts using his knowledge of the events recorded in the Bible. Thoughtful and fascinating, his account offers fresh insights into questions that have surrounded religion for centuries. Who was Jesus—the Christian messiah or a member of a Jewish sect?

The Indestructible Jews

From the author of *Jews, God, and History*, this comprehensive history of the Jewish people is “an epic drama, searching and nobly conceived” (Publishers Weekly). A compelling and readable account of the four thousand year history of a people that spans the globe and transcends the ages. From the ancient and simple faith of a small tribe to a global religion with adherents in every nation, the path of the Jews is traced through countless expulsions and migrations, the great tragedy of the Holocaust, and the joy of founding a homeland in Israel. Putting the struggle of a persecuted people into perspective, Max Dimont asks whether the tragic sufferings of the Jews have actually been the key to their survival, as other nations and races vanished into obscurity. Here is a book for Jews and non-Jews to enjoy, evoking a proud heritage while offering a hopeful vision of the future.

The Jews in America

“A wondrous tale of American Judaism” from the Colonial Era to the twentieth century, by the acclaimed author of *Jews, God, and History* (Kirkus Reviews). Beginning with the Sephardim who first reached the shores of America in the 1600s, this fascinating book by historian Max Dimont traces the journey of the Jews in the United States. It follows the various waves of immigration that brought people and families from Germany, Russia, and beyond; recounts the cultural achievements of those who escaped oppression in their native lands; and discusses the movement away from Orthodoxy and the attitudes of American Jews—both religious and secular—toward Israel. From the author of *Jews, God, and History*, which has sold more than one million copies and was called “unquestionably the best popular history of the Jews written in the English language” by the Los Angeles Times, this is a compelling account by an author who was himself an immigrant, raised in Helsinki, Finland, before arriving at Ellis Island in 1929 and going on to serve in army intelligence in World War II.

Jews, God and History

How have the Jews survived through so many millennia while other civilizations have declined and perished? What qualities mark the culture that has produced Moses, Christ, Spinoza, Marx, Freud, and Einstein? From ancient Palestine through Europe and the Orient, to America and modern Israel, Max I. Dimont shows how the saga of the Jews is interwoven with the story of virtually every nation on earth. This is a tale of a people escaping annihilation, fighting, falling back, advancing—a lively and fascinating look at how the Jews have contributed to humankind's spiritual and intellectual heritage in remarkable ways, and across a remarkable span of history.

Jews, God, and History

From ancient Palestine through Europe and Asia, to America and modern Israel, Max I. Dimont shows how the saga of the Jews is interwoven with the story of virtually every nation on earth.

Outwitting History

In 1980 an entire body of Jewish literature--the physical remnant of Yiddish culture--was on the verge of extinction. Precious volumes that had survived Hitler and Stalin were being passed down from older generations of Jewish immigrants to their non-Yiddish-speaking children only to be discarded or destroyed. So Aaron Lansky, just twenty-three, issued a worldwide appeal for unwanted Yiddish works.

The Amazing Adventures of Kavalier and Clay

Winner of the 2001 Pulitzer Prize for Fiction, *THE AMAZING ADVENTURES OF KAVALIER & CLAY* is a heart-wrenching story of escape, love and comic-book heroes set in Prague, New York and the Arctic.

Appointment in Jerusalem

The acclaimed author of *Jews, God, and History* considers the historical Jesus “in the spirited, witty, fascinating manner in which his scholarship excels” (Bookviews). Biblical historian Max Dimont, author of the classic *Jews, God, and History*, explores the mystery surrounding the predictions Jesus made about his fate. Examining the gospel, Dimont re-creates the drama in three acts using his knowledge of the events recorded in the Bible. Thoughtful and fascinating, *Appointment in Jerusalem* examines the questions that have surrounded religion for centuries. Who was Jesus, the Christian messiah or a member of a Jewish sect? Dimont's insight is intelligent and surprising.

The Jews

The “epic and stirring story” of 4,000 years of Judaism—told by a #1 New York Times—bestselling author (*Jewish Quarterly*). From their nomadic beginnings and the rise of Moses to the kings David and Solomon through the Diaspora and the unthinkable horror of the Holocaust—and culminating in the founding of the state of Israel—this is the sweeping tale of the Jews. Howard Fast, author of the classic *Spartacus*, displays his gift for compelling narrative throughout this eminently readable and well-researched saga. In Fast's telling, truth is stranger, and more inspiring, than fiction. “Here, I decided, was one of the most exciting and romantic adventures in all the history of mankind,” he explains in his introduction. “It had a continuity that spanned most of recorded history. It was filled with drama, passion, tragedy, and faith; and with all due reverence for the scholars, it pleaded for a storyteller to tell it as a story, indeed as the story of all stories.” Fast's accomplishment is required reading not only for lovers of great literature but also for anyone interested in the march of civilization. Barry Holtz, the editor of *The Schocken Guide to Jewish Books* hails *The Jews* as “an exciting and pleasurable [introduction] to a four-thousand-year epic.” This ebook features an illustrated biography of Howard Fast including rare photos from the author's estate.

THE MYSTERY & HISTORY OF THE JEWISH PEOPLE

The Jewish people have honored the principles of the Torah for thousands of years. Today, the Jewish people make up less than 1% of the world's population. However, their contribution in global affairs is enormous. This book presents a unique perspective about Jewish culture and history. It sets out to investigate the causes of the success of the Jewish people. *The History & Mystery of the Jewish People* unleashes some core elements and aspects of the Jewish society that have enabled Jews to remain at the helm of affairs in professions and institutions for centuries. It uses a rationalist approach to go over the history of the Jewish people. It examines the individual and collective philosophies that

have shaped the thought and mindset of the Jewish people for the past centuries. The book undertakes some comparative analysis between the Jewish society and culture and the African society. It identifies the equivalents of the Jewish culture in the Sub-Saharan African community. This piece ventures into elements of Jewish history from Ancient Israel to the Destruction of the Second Temple. It gives a vivid account about events that led to the creation of the modern state of Israel. This daring quest brings to light some elements of today's society like the root of the War on Terror amongst others. The book is a unique narration by an African writer in an African context.

Resource Guide, Update 1986

Jewish wisdom and candor on fascinating hot-button topics including: God ethics sex women in Judaism and much more. High school and adult education classes will be riveted.

The Myth and Reality of Judaism

6 self-guided walk tours of Jewish Boston history sites with maps and b/w photos. Includes West End, North End, Downtown Boston, South End, Brookline, & Cambridge. Based upon walk tours hosted by author, Michael A. Ross, for ten years.

The Ten Commandments Guidebook

The startling originality of *Amazing Adventures of a Heart Surgeon* is intrinsically imbued in its focus on historical ethics and esthetic theories. Author and cardiovascular surgeon Domingo Liotta provides a penetrating interpretation from the first millennium BC, considered a major mystery to the world, to modern science. He also discusses the early conception of cardiovascular system, the oxygenation of tissues, the mysterious medical power of shamanism, Taoism, Ugarit, the mythic lost city. It is in this unique melding of Science and humanism that Liotta vehemently intends the definition of a good medical doctor-while recounting the story of his remarkable life. These lectures portray Liotta's dedication in search of the hearts of studious and meditative youths reluctant to change their tools of comprehension and the strategies for mastering difficult-to-understand topics. Thus, Liotta's interests extend from pure science to many adjoining fields-such as philosophy, philology, theology, and education. He shares his knowledge of modern scientific results and his enormous historical information to help rescue his bewildered students. In a collaborative endeavor between science and humanities, *Amazing Adventures of a Heart Surgeon* reflects Liotta's marvelous adventure to develop the first totally artificial heart and its clinical application-the first in the history of mankind-in his tireless fight for human life.

Amazing Adventures of a Heart Surgeon

This is the story of the adventures and misadventures of the Jewish people in the land of Egypt. The author uses the clear light of scientific analysis and archaeological research to illuminate the reality underlying the images from the Biblical accounts and Jewish and pagan literary texts, through the great "love affair" between Jews and Hellenic culture. It ends with the brief but crucial episode when budding Christianity and the Alexandrian Jews parted company.

The Jews of Egypt

These stories will introduce you to a sister and a brother, Molly and Lee. You will read about their adventures that take place mostly around our Jewish holidays. Molly and Lee are not magic, but sometimes a little magic will creep into these stories. We hope that you will enjoy these adventures and, maybe, learn a little more about our Jewish holidays.

Molly and Lee's Awesome Adventures

The definition of game changer is: an "ah-ha" moment that creates an extreme, disruptive advantage or improvement. In 1975 I was introduced to my first game changer. Incredibly, it was not about sports, business or world affairs; it was Jewish! In that poignant encounter with God, He allowed me entrance into the private recesses of His heart - a heart passionate for Israel. We partnered in that moment, and I, too, fell in love with His Israel and the Jew. That was a total spiritual transformation for me. I like to say, "It messed up my perfectly good Christian rut." It has been a whirlwind love affair that I would never have wanted to miss. I eagerly invite you to step inside the pages of these Jewish Game Changers and see the Great Mastermind at work with His Chosen and His Church * * * * * Diane A. McNeil is the

author of the compelling and innovative Bible study entitled *Ruth 3,000 Years of Sleeping Prophecy Awakened*. She completed and published the ten-year project in 2005, and the following year released a companion workbook by the same title. Much of the teaching is a result of the multiples of Jewish lives intertwined with the author's and their unconscious unveiling of the deep truths in the Jewish Book of Ruth. The author has been featured on both Jewish and Christian television and on Christian radio, and continues blazing new trails in the continued pursuit of unity between God's Chosen and His Church. As these Jewish Game Changers reveal, Mrs. McNeil is passionate about wanting to be on assignment in God's enterprise - especially all things Jewish.

Jewish Game Changers

From the editor: "I thoroughly enjoyed the book because of its mix of humor, Jewish history, and pathos. The narrator of the book has a wicked sense of humor but is also able to convey vast swathes of Jewish history with poignancy-the pogroms, the othering, and the sufferings and tribulations, as well as the rise of zealotry and how it destroyed the Jewish people and drove them out of their own land. The message of peace and harmony, of humans uniting, of religion dividing people, the dangers of adhering blindly to rituals while forgetting humaneness, the perils of fanaticism . . . all this had been put forward in an engaging manner."

The Adventures of Yadel the Dreidel

Presents Jewish history from the turmoil and strife of Russia in the 1880's, to the great migration to the United States, the creation of the modern State of Israel, modern American Jewish life, and life in the Diaspora. Finally, a Jewish history book through which students can view their own lives and think about their futures! The *History of the Jewish People, Volume 2* was developed and written by two esteemed scholars, Jonathan D. Sarna and Jonathan B. Krasner. This dynamic text (for grades 5-7) is a rich presentation of Jewish history from the turmoil and strife of Russia in the 1880's, to the great migration to the United States, the creation of the modern State of Israel, modern American Jewish life, and life in the Diaspora. Each chapter helps students consider how their lives compare with the lives of our ancestors, how each generation adapts Judaism to its time and place, and how the decisions of previous generations influence our own lives and decisions. The *History of the Jewish People, Volume 2* brings these times alive through a dynamic array of famous personalities, diverse source material, clear and concise charts, engaging activities, thought-provoking questions, and exciting graphics, including maps and more than 80 full-color historical and contemporary images.

History of the Jewish People Vol. 2: The Birth of Zionism to Our Time

Index.

History of the Jewish People

Bentzi entertains his siblings when he imagines ordinary people to be spies, space aliens, etc.

Amazing Adventures of Bentzi

In a world in which Alaska, rather than Israel, has become the homeland for the Jews following World War II, Detective Meyer Landsman and his half-Tlingit partner Berko investigate the death of a heroin-addled chess prodigy.

Jewish Affairs

This is a book about, Chaskel Tydor, an Auschwitz and Buchenwald survivor, who was at various times a bookkeeper, metallurgist, kibbutz founder, Hebrew book publisher, uranium mine manager, and travel agent. Spanning close to ninety years of life, his story takes the reader through three continents, two marriages, and one Holocaust. At the same time, it is also the story of much of the Jewish people during the twentieth century, or at least those who found themselves wandering between countries, learning to function in new languages and societies, building and joining various Jewish communities, and continuously adopting different outward ways of life while trying to maintain their Jewish beliefs and practices. Through the story of one, albeit unique man, we learn the history of an era: Jewish life in Eastern Europe before the First World War, events in Weimar and Hitler's Germany during the 1920s and 1930s, the struggle for survival in Nazi camps, the creation of the State of Israel, Jewish life in the United States after the Second World War including in far-flung areas such as Montana and South

Dakota, and finally, the events in Israel following the Yom Kippur War and up to and including the first Intifada (1987). This is a book of Jewish survival and triumph chronicling the transformation and rebirth not only of one man but of an entire Jewish world. Throughout the book Dr Baumele-Schwartz provides substantive Further Reading lists and bibliographic information which allows readers to source and compare other scholarship and writings on the places and historical circumstances presented.

The Yiddish Policemen's Union

All of Jewish history in a graphic novel! The Amazing History of the Jews offers engaging drawings and a simple (funny) text to make this historical summary both easy and enjoyable. This book both gives you a great overview of Jewish history with all the major names and major events—and it is fun. History is hard to teach. Chronology takes maturity. But, Chaya turns history into an amazing story. Here is everything needed for basic Jewish literacy. Your students start with Adam and Eve, fight with the Maccabees, suffer under Herod, and spend Shabbat with Maimonides. Then the story continues. Got a teacher who wants a challenge? Jewish history is always a challenge. We'll make a bet with that teacher that the class will be successful, and then enjoy The Amazing History of the Jews to win the bet for you. It will take a creative teacher to turn this text into experiences, but the foundation for a great course is here.

The Incredible Adventures of Buffalo Bill from Bochnia (68715)

The author's travels across the United States, Europe, and the Middle East on horseback. He relates his adventures and includes full color photography of the breathtaking landscape that he encounters off the beaten track.

Amazing History of the Jews

Scholar, teacher, playwright, and editor, Sarah Blacher Cohen was one of the earliest champions of the study of American Jewish literature, a field of academic study that has been in existence for barely thirty-five years. Over the years until her premature death in 2008, she contributed to the discipline in a profusion of genres, from scholarly to popular, from essay to drama, writing or editing seven books of her own. She also wrote and produced several plays with her longtime collaborator, Joanne B. Koch. This special volume (29) of the annual, *Studies in American Jewish Literature* (ISSN 0271-9274), the journal edited by Daniel Walden, contains a range of tributes from her many friends and colleagues.

Torah with a Twist of Humor

In the heart of medieval Europe, two Jewish students and study partners, Benjamin and Solomon, seek shelter from a blizzard by calling on Israel ben Yehuda, their teacher's friend. On this snowy December night, they expect a warm meal and delightful Torah study in their host's home, but the evening doesn't exactly work out that way. In exciting adventures that follow, they reunite two lovesick dragons, recover a lost prayer, teach some young friends to keep their minds open to non-traditional ideas, and find someone who sets their lives in a new direction.

The Jews

Introduces readers to the new perspectives, approaches and interpretive possibilities in Jewish American literature that emerged in the twenty-first Century.

Studies in American Jewish Literature in Honor of Sarah Blacher Cohen

You will be moved by the heartrending stories of Elisheva and Sarah, separated by distance, living wildly different lives in the poverty-stricken Mea Shearim quarter of Jerusalem and the wealthy mansion in London's Hampstead, brought together by destiny—both stirring examples of the true Jewish mother. You will love adventurous Dovid Moyer, the orphaned Bar Mitzva boy, whose courage and inventiveness will delight you and your children. Running away from home he finds himself in saving others. You will laugh with Odel, the funniest Hungarian cook in fiction, whose motto in life is 'pray and eat, eat and pray' and you will be moved as she recounts her astonishing adventures on her flight from Communist Hungary. You will admire the brilliant and rich Charles Kalman, dignified in adversity and always willing to learn and change. You will be captivated by Reb Yitzchok the tailor, a character from bygone times, who does more for his neighbours with his simplicity and untutored goodness than many a psychiatrist. You will share in the dangerous but exhilarating drive from Lod airport with a taxi driver more used to

the war –torn desert paths of Sinai. You will live through an autopsy performed on a still-born baby and the storm it arouses. A wide panorama of Jewish life, past and present, seen through many enthralling stories and anecdotes will delight readers of all ages. This brilliant portrayal of the lives of young orphans and a despairing widow is shot through with humour and hope – the trust and hope which have sustained Jews throughout history.

The Wonderful Adventures of Benjamin and Solomon

Integrate spiritual traditions with psychological healing! In this fascinating volume, clinical practitioners of different religious traditions examine the same clinical case, offering insights, interventions, and explanations of transformation and healing. This practical approach allows them to explore broader issues of personality theory and psychology from the perspectives of various spiritual traditions: Hinduism, Buddhism, Taoism, Judaism, Christianity, and Islam. *Religious Theories of Personality and Psychotherapy* addresses both the practical issues of doing psychotherapy and the deeper need to relate psychology and theology. After providing a thorough introduction to the spiritual tradition, each author presents a critical psychological theory of personality and psychotherapy grounded in that tradition. The authors address the questions of what it means to be a person, what causes human distress, and how individuals experience healing. *Religious Theories of Personality and Psychotherapy* offers profound insights into the urgent issues of human suffering and psychological transformation, including: theories of personality structure and human motivation the nature of experience and processes of change the dialectical relation of theology and psychology convergences and difference among the religious psychologies Marrying theory and practice, spirit and psyche, *Religious Theories of Personality and Psychotherapy* offers profound insights and effective interventions. Mental health professionals, clergy, and scholars in religion, cross-cultural studies, personality, counseling, and psychotherapy will find this breakthrough book a life-changing experience and an invaluable resource.

The New Jewish American Literary Studies

The Slaters bring to life events that have, over the past 4,000 years, shaped the Jewish people and determined the course of their history. Photos throughout.

Dovid Meyer

Is there a Jewish art? Is there a single "Jewish experience"? Matthew Baigell, the acknowledged American expert on Jewish art, offers the first book ever on the history of Jewish American art from the early settlements to the present.

Religious Theories of Personality and Psychotherapy

Interesting story, of one woman's search for spirituality, and the development of the Havurah movement.

Great Moments in Jewish History

Even if you are agnostic or hard-core atheist there is a dazzling, thought-expanding, bright side to religion you may have overlooked. Living a spiritual life in the tradition of the Jewish faith, does not mean mindless adherence to outdated dogma. Judaism, instead, can be a source of exhilarating wonder, an inspiration to justice, and an impetus to ever increasing knowledge. Nowadays, even many who profess to be the most pious among us realize that when asked, What is God?, they must answer logically, even scientifically, to be persuasive. They're aware that any religion, to be convincing, other than to die-hard adherents, can not be at odds with reason and blindly insist only it speaks the truth. The field, therefore, is wide open. Each of us can attempt to journey towards a concept of God that makes sense, celebrates the discoveries of science, and will, hopefully, imbue the traveler with wonderment at the astonishing beauty in the world that too often lays hidden from us. Join Michael Grossman in his journey to the heart of Judaism, which places much more emphasis on "what people do" than on "what they believe," and in the process, an understanding of all the worlds great faiths.

Jewish Art in America

Set in the Jewish homeland of ... Alaska, this is a brilliantly original novel from Michael Chabon, author of *THE ADVENTURES OF KAVALLIER & CLAY* and *WONDER BOYS*.

Taking Judaism Personally

Concise and popularly written, this narrative account covers three thousand years of Jewish history, introducing readers to all of the major political events and individuals who have contributed to the shaping of the Jewish diaspora. Illustrations. Maps.
