A Dutch Girl Named Willy

"A Dutch Girl Named Willy," Is a fascinating memoir of how circumstances change a Dutch girl's life on her path to womanhood. Willy Simonson's story begins in peaceful Holland, soon to be radically altered by the Nazi War machine. When the Germans departed, they left a nation near total starvation. Willy recounts how her family survived those oppressive years. Combined in her story are amusing anecdotes about adventures with her brother, contrasted by shocking scenes unsuitable for any child to witness. After the war, Willy was plagued by a life threatening illness which led to two recuperative stays in Switzerland. In addition, she lived through a complicated family dynamic. How Willy struggled to endure life's burdens eventually turns into a charming love story. A surprise ending reveals a startling secret, allowing her to make sense of events that helped shape her life.

The Little Dutch Tulip Girl

Tom, an American boy, loves the tulips that come from Holland. One day he finds a note from a little Dutch girl wrapped around a tulip. He answers her note and dreams of her. He meets Jan, the Dutch girl's brother, who has come to America, and hires him as his gardener. Katrina, the little Dutch girl finally comes to America and meets Tom.

Dutch Boys and Girls Names

A name is more than a combination of letters; it is a powerful identifier, a label that carries with it a sense of heritage, culture, and individuality. Each name has its own story and its unique melody that adds to the symphony of human existence. Choosing a name for your baby is not just about selecting a word; it's about creating a legacy, a moniker that will resonate through generations. In the pages that follow, we delve into the art and science of baby naming. This book is not merely a list of names but a journey through the rich tapestry of linguistic diversity, cultural heritage, and contemporary trends. Whether you seek a traditional name rooted in history or a modern name with a touch of innovation, you will find a treasure trove of options to suit your preferences.

The Complete Book of Dutch-ified English

Here is a book for anyone tired of speaking flat, colorless, homogenized English. Pennsylvania Dutchman Gary Gates provides a glossary, read-aloud section, songs, recipes, and more in this delightful, "invaluable" introduction to Dutch-ified English. Learn the meaning of "rutch" and "spritz," what a "clod" and a "crotch" are, how to pronounce and make "Cussin Rache's Snitz and Knepp," and what has happened to food when it's "all." Spice up your vocabulary with delightful words and phrases, such as: • Grex: To complain, moan. "Ah, quit your grexing, you have a vonderful life." • Face: Belief, religious conviction. "Praise be! Rebecca has found her face in the Lord again!" • Gruntbecky: An expression of hard going. "Gruntbecky! It's difficult to run in this hot sun." • Nix nootz: A devilish, mischievous person. "Our daughter is a little nix nootz." • Rupdown: A massage. "A good rupdown will take the ache away." Tired of trying to conform to traditional speech patterns, Gary offers a warm and funny celebration of the unique Dutch culture in America.

The Best of R. A. Lafferty

Acclaimed as one of the most original voices in modern literature, Raphael Aloysius Lafferty has been awarded and nominated for a multitude of accolades over the span of his career, including the World

Fantasy Award for Lifetime Achievement. This collection contains 22 unique tall tales, including: Hugo Award-winning 'Eurema's Dam' - introduced by Robert Silverberg Hugo Award-nominated 'Continued on the Next Rock' - introduced by Nancy Kress 'Sky' - introduced by Gwenda Bond Nebula Award-nominated 'In Our Block' - introduced by Neil Gaiman And more stories introduced by other modern masters of SF who acknowledge R.A. Lafferty as a major influence and force in the field.

Strange Doings

A Journey: An Attempt (and Sometimes Struggle) at Being Real in This World is a story of a person's profoundly diverse and undeservedly blessed sixty-plus years of life on this planet. From growing up in the sixties and seventies, traveling as a young man in Europe and the Middle East (with a return trip to and fourteen-month stay in Israel), military life, married and family life, work as a paramedic firefighter and as a nurse, wonderful opportunities to serve on medical teams to Kurdistan, Ira

A Journey

For the millions moved by Anne Frank: The Diary of a Young Girl, here at last is Miep Geis's own astonishing story. For more than two years, Miep Gies and her husband helped hide the Franks from the Nazis. Like thousands of unsung heroes of the Holocaust, they risked their lives each day to bring food, news, and emotional support to the victims. She found the diary and brought the world a message of love and hope. It seems as if we are never far from Miep's thoughts....Yours, Anne From her own remarkable childhood as a World War I refugee to the moment she places a small, red-orange, checkered diary -- Anne's legacy -- in Otto Frank's hands, Miep Gies remembers her days with simple honesty and shattering clarity. Each page rings with courage and heartbreaking beauty.

Amazing Stories

First Published in 1967 The Sea Years of Joseph Conrad is a major biography, a fruit of Jerry Allen's ten years of extensive research making use of records located in fifteen countries, the majority never before published. The author has discovered and described in detail many of the real people and events developed by Conrad in his fiction. These includes his contact with the 1876 revolution in Columbia; the sensational Jeddah incident of 1880; the Congo episode behind Heart of Darkness; the American with whom Conrad fought a duel in Marseilles etc. Illustrated with many rare and previously unpublished photographs this book offers a fascinating narrative for the general reader and extensive material for the scholar.

Anne Frank Remembered

This book proposes a new synthesis of the functions of proper names, from a semantic, pragmatic and syntactic perspective. Proper names are approached constructionally, distinguishing prototypical uses from more marked ones such as those in which names are used as common nouns. Since what is traditionally regarded as 'the' class of names turns out to be only one possible function of name-forms (though a prototypical one), the notion of 'proprial lemma' is introduced as the concept behind both proprial and appellative uses of such categories as place names and personal names. New formal arguments are adduced to distinguish proper name function from common noun or pronoun function. The special status of proper names is captured in a unified pragmatic-semantic-syntactic theory: a proper name denotes a unique entity at the level of langue to make it psychosocially salient within a given basic level category. The meaning of the name, if any, does not determine its denotation. An important formal reflection of this characterization of names is their ability to appear in such close appositional constructions as the poet Burns or Fido the dog. The neurolinguistic finding that proper names constitute a separate category is introduced and interpreted within a general linguistic frame of reference. The different kinds of meanings associated with names (categorical, associative, emotive, and grammatical) are shown to be presuppositional in nature. In addition, the book proposes an entirely new classification of proper names as forming a continuum ranging from prototypical (personal and place names) to nonprototypical categories (brand and language names) to citations and autonoms, and a new diachronic classification of family names and nicknames. This book fills an important gap in the current literature, because the most recent linguistic book in English on name theory dates back to 1973. It is explicitly interdisciplinary, taking into account linguistic, philosophical, neurolinguistic, sociolinguistic and dialect geographical aspects of proper names.

The Sea Years of Joseph Conrad

The astonishing true story of three fearless female resisters during WWII whose youth and innocence belied their extraordinary daring in the Nazi-occupied Netherlands. It also made them the underground's most invaluable commodity. Recruited as teenagers, Hannie Schaft, and Dutch sisters Truus and Freddie Oversteegen fulfilled their harrowing missions as spies, saboteurs, and Nazi assassins with remarkable courage, but their stories have remained largely unknown...until now. May 10, 1940. The Netherlands was swarming with Third Reich troops. In seven days it's entirely occupied by Nazi Germany. Joining a small resistance cell in the Dutch city of Haarlem were three teenage girls: Hannie Schaft, and sisters Truus and Freddie Oversteegen who would soon band together to form a singular female underground squad. Smart, fiercely political, devoted solely to the cause, and "with nothing to lose but their own lives," Hannie, Truus, and Freddie took terrifying direct action against Nazi targets. That included sheltering fleeing Jews, political dissidents, and Dutch resisters. They sabotaged bridges and railways, and donned disguises to lead children from probable internment in concentration camps to safehouses. They covertly transported weapons and set military facilities ablaze. And they carried out the assassinations of German soldiers and traitors--on public streets and in private traps--with the courage of veteran guerilla fighters and the cunning of seasoned spies. In telling this true story through the lens of a fearlessly unique trio of freedom fighters, Tim Brady offers a little-known perspective of the Dutch resistance during the war. Of lives under threat; of how these courageous young women became involved in the underground; and of how their dedication evolved into dangerous, life-threatening missions on behalf of Dutch patriots--regardless of the consequences. Harrowing, emotional, and unforgettable, *Three Ordinary Girls* finally moves these three icons of resistance into the deserved forefront of world history.

Theory and Typology of Proper Names

The latest edition of this bestselling guide reveals some of the most amazing sights of Asia--the leather-skinned dragons of Komodo, the colored lakes of Keli Mutu, funeral ceremonies in the highlands of Central Sulawesi, and more. Covers exploring jungles by river boats, surfing and water sports, hunting for antiques and handcrafts, and more. 24 full-color photographs.

Indonesia

One moment can change a life forever. Fifteen-year-old Izzy has it all -- a loving family, terrific friends, a place on the cheerleading squad. But her comfortable world crumbles when a date with a senior ends in a car crash and she loses her right leg. Suddenly nothing is the same. The simplest tasks become enormous challenges. Her friends don't seem to know how to act around her. Her family is supportive, but they don't really want to deal with how much she's hurting. Then Rosamunde extends a prickly offer of friendship. Rosamunde definitely isn't the kind of girl Izzy would have been friends with in her old life. But Rosamunde may be the only person who can help Izzy face her new one.

Three Ordinary Girls

Voices of the Left Behind contains the personal stories of nearly 50 Canadian war children who have been helped by Project Roots. It is filled with fascinating archival images and documents as well as original wartime correspondence between the mothers, the Canadian fathers, and the Department of National Defence, Veterans Affairs, and other Canadian institutions. Letters from the war children to the Military Personnel Records Unit of the National Archives of Canada illustrate the historic pattern of denial. What these institutions all have in common is their consistent refusal to help war children find their Canadian fathers. Introductory essays frame the subject and give a historical context to the tragic situations these women and their children found themselves in.

Indonesia

A serious but highly accessible look at recent work on the issues of gender and race. *Gender and Ethnicity in Schools* raises crucial educational and political issues, paying particular attention to the pupils' experience of school.

Izzy, Willy-Nilly

The classic text of the diary Anne Frank kept during the two years she and her family hid from the Nazis in an Amsterdam attic is a powerful reminder of the horrors of war and an eloquent testament to the human spirit.

Voices of the Left Behind

Geologist Willy is brought down by heat stroke in the Australian outback. He impetuously moves to temperate Sweden to recover. He is a cheerful tourist amongst mostly immigrants until he comes up against sulky valkyrie Svea in a Dalarna idyll. After just one weekend with Svea he meets his end in apparently random street violence, which echoes a primal encounter at the time of his collapse down under. Svea flees in shock but is overtaken by a similar irruption of random brutality. A storm of calamities follows the path of Willy, who is nick-named Willy-willy, for an Australian whirlwind.

Gender and Ethnicity in Schools

"The book's teenage protagonists and their bravery will enthrall young adults, who may find themselves inspired to take up their own causes." —Washington Post An astonishing World War II story of a trio of fearless female resisters whose youth and innocence belied their extraordinary daring in the Nazi-occupied Netherlands. It also made them the underground's most invaluable commodity. May 10, 1940. The Netherlands was swarming with Third Reich troops. In seven days it's entirely occupied by Nazi Germany. Joining a small resistance cell in the Dutch city of Haarlem were three teenage girls: Hannie Schaft, and sisters Truus and Freddie Oversteegen who would soon band together to form a singular female underground squad. Smart, fiercely political, devoted solely to the cause, and "with nothing to lose but their own lives," Hannie, Truus, and Freddie took terrifying direct action against Nazi targets. That included sheltering fleeing Jews, political dissidents, and Dutch resisters. They sabotaged bridges and railways, and donned disguises to lead children from probable internment in concentration camps to safehouses. They covertly transported weapons and set military facilities ablaze. And they carried out the assassinations of German soldiers and traitors—on public streets and in private traps—with the courage of veteran guerilla fighters and the cunning of seasoned spies. Of lives under threat; of how these courageous young women became involved in the underground; and of how their dedication evolved into dangerous, life-threatening missions on behalf of Dutch patriots—regardless of the consequences. Harrowing, emotional, and unforgettable, *Three Ordinary Girls* finally moves these three icons of resistance into the deserved forefront of world history.

Ski

The "unwritten" final chapter of *Anne Frank: The Diary of a Young Girl* tells the story of the time between Anne Frank's arrest and her death through the testimony of six Jewish women who survived the hell from which Anne Frank never returned.

Official Stud Book and Registry of the American Quarter Horse Association

From conkers to marbles, from British Bulldog to tag, not forgetting 'one potato, two potato' and 'eeny, meeny, miny, mo', *The Lore of the Playground* looks at the games children have enjoyed, the rhymes they have chanted and the rituals and traditions they have observed over the past hundred years and more. Each generation, it emerges, has had its own favourites - hoops and tops in the 1930s, clapping games more recently. Some pastimes, such as skipping, have proved remarkably resilient, their complicated rules carefully handed down from one class to the next. Many are now the stuff of distant memory. And some traditions have proved to be strongly regional, loved by children in one part of the country, unknown to those elsewhere. All are brilliantly and meticulously recorded by Steve Roud, who has drawn on interviews with hundreds of people aged from 8 to 80 to create a fascinating picture of all our childhoods.

WHEN I WAS A GIRL IN HOLLAND

The Virgin Mary continues to attract devotees to her images and shrines. In *Moved by Mary*, anthropologists, geographers and historians explore how people and groups around the world identify and join

with Mary in their struggle against social injustice, and how others mobilize Mary to impose ideas and rules and legitimize acts of violence and suppression. Far from an outdated practice of little relevance to the modern world, Marian pilgrimage expresses the deep and urgent concerns of a wide range of people. With examples of Marian pilgrimages from all over the world, *Moved by Mary* explores the ways in which men and women of different ages and religious, political, social-economic and ethnic backgrounds empower themselves to deal with modern-day issues with Mary's help. The ethnographic cases reveal the cultural and devotional variation of Marian pilgrimage, but also global similarities. Collectively, the contributors to *Moved by Mary* show how in many places religion dramatically suffuses everyday life.

Westerly

. my parents don't like other people's children. Actually, I don't think they like their own children much. My mom once said if she could live her life over again, she wouldn't have children. Well June, if I could live my life over again, I wouldn't have parents. With these words Willy tugs at the heartstrings of young and old alike. *A Kaleidoscope for June* is the fictitious journal of baby boomer Willy Velthuisen's coming of age in rural Ontario Canada in the late 1950's. Willy writes about her struggles against the strictures of an authoritarian upbringing with pathos, humor and insight. She is influenced by her education in a one room country schoolhouse, her passion for reading as well as her love of nature and augments this coming of age narrative with songs, poems and recipes of the times. Reading *A Kaleidoscope*/or June will bring back the late 1950's vividly to readers who lived at that time and bring it to life for those who did not.

Anne Frank

Retired Navy commander recounts his coming of age as the youngest officer assigned to the USS William B. Preston, patrolling Japanese waters and learning real-world lessons.

Willy Willy

The Final Cartwheel is the story of a young doctor's return home, after a five-year hitchhiking odyssey around the world. Through East Asia, Indonesia, and around the Antipodes, the circle becomes unbroken.

Three Ordinary Girls

Herbs are the most liberating and confidence-boosting of ingredients: grow some and you feel like a proper gardener, bring some into the kitchen and you feel like a proper cook. They allow you to experiment and bring individuality to your cooking while, at the same time, anchoring you in sound culinary tradition because herbs are often responsible for those key flavours that 'make' a dish. Not only that but they are a step on the road to a more self-sufficient, homegrown, organic way of eating.

Weekly Compilation of Presidential Documents

Despite the forces of secularization in Europe, old pilgrimage routes are attracting huge numbers of people and given new meanings in the process. In pilgrimage, religious or spiritual meanings are interwoven with social, cultural and politico-strategic concerns. This book explores three such concerns under intense debate in Europe: gender and sexual emancipation, (trans)national identities in the context of migration, and European unification and religious identifications in a changing religious landscape. The interdisciplinary contributions to this book explore a range of such controversies and issues including: Africans renewing family ties at Lourdes, Swedish women at midlife or young English men testing their strength on the Camino to Santiago de Compostela, New Age pilgrims and sexuality, Saints' festivals in Spain and Brittany, conservative Catholics challenging Europe's liberal policies on abortion, Polish migrants and French Algerians reconfiguring their transnational identity by transporting their familiar Madonna to their new home, new sacred spaces created such as the shrine of Our Lady of Santa Cruz, traditional Christian saints such as Mary Magdalene given new meanings as new age goddess, and foundation legends of shrines revived by new visionaries. Pilgrimage sites function as nodes in intersecting networks of religious discourses, geographical routes and political preoccupations, which become stages for playing out the boundaries between home and abroad, Muslims and Christians, pilgrimage and tourism, Europe and the world. This book shows how the old routes of Europe are offering inspirational opportunities for making new journeys.

The Last Seven Months of Anne Frank

This is an autobiography. Describes the life of Elemér Mihályi from early childhood, through school years, medical school and work as a doctor during the siege of Budapest and in a Russian prison camp. After this he abandoned medical practice and for the rest of his life was engaged in scientific research, first in Budapest, then in Stockholm and finally in the USA; for the last 30 years in the National Heart, Lung and Blood Institute in Bethesda, Maryland. The tumultuous events in Central Europe between the World Wars and after form the background of the history of his family. Romania occupied Transylvania in 1920 and an oppressive, chauvinistic regime followed. This was alleviated in the northern half when this was returned to Hungary, however after the war Romanian rule was restored for the whole province. The author escaped to Hungary, but soon Communism was slowly encroaching this country. Again he had to leave and by good luck arrived to America. Beside the historical facts all of this is illustrated by numerous anecdotal events, more than by an analytical approach. All the episodes are true, from the life of the author, given without embellishments or omissions.

The Lore of the Playground

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Moved by Mary

Women Screenwriters is a study of more than 300 female writers from 60 nations, from the first film scenarios produced in 1986 to the present day. Divided into six sections by continent, the entries give an overview of the history of women screenwriters in each country, as well as individual biographies of its most influential.
