Beach Dreamin

The Art of Writing

Printed on deluxe recycled parchment paper, the best-selling Running Press journals are enhanced by lovely 2-color illustrations. Nearly all journals are highlighted by thoughtful, provocative, often witty quotes. Ample space is provided in each, allowing the reader to record personal reflections and practical notes on special themes.

An Illustrated Journey

Features selections from the sketchbooks of forty artists, illustrators, and designers that capture their travels around the world in drawings and paintings.

Everyday Sketching and Drawing

Everyday Sketching and Drawing offers an easy-to-follow, 5-step formula, which teaches beginner-friendly techniques for learning the skills necessary to make drawing and sketching an everyday habit. For those who have always wanted to or tried and failed to learn to draw it provides simple step-by-step instruction, plus easy-to-follow practice exercises, and provides the motivation and inspiration readers need to be successful. For those who already draw, Everyday Sketching and Drawing offers another technique to add to their drawing arsenal. Why do so many adults come to view drawing as difficult or fraught with anxiety? Traditional art instruction is often bogged down with jargon, rules, and admonishments that unintentionally stifle the joy of drawing for its own sake. Steven Reddy's new and easy approach to drawing instructs sketchers to document their unique and compelling lives in realistic yet playful sketches that record the places, spaces, and objects that help define them as individuals. He reminds artists to slow down, notice, and attend to the sketch-worthy scenes and subjects that are unstaged and always there in our everyday lives. He offers a versatile technique that can lead to a skill that fills sketchbooks with the visual details that differentiate one life from another. This approach is a meditative, relaxing alternative to academic concerns about perspective, proportion, and accuracy. Reddy encourages artists to capture in whimsical but detail-specific illustrations their unique, subjective interpretation of their visual surroundings. Steven Reddy's drawing method produces extremely detailed and realistic scenes of objects and scenes in everyday life in a relatively short period of time (60 minutes to 3 hours or more, depending on the sketcher's preference). Modifying a technique utilized by Old Master oil painters, the drawings pass through 5 clearly articulated stages where each step focuses on one visual concept at a time.

Folk Art Illustrated Lined Journal

Folk Art Journal - A 6x9" Size Journaling Notebook. Lined pages with medium ruled line spacing for easy writing. 130 writable pages. A beautiful Folk Art Folk Art White Bird Pattern Cover and lined pages with small Folk Art illustrations (but enough space to write!) Why Write? Writing with pen and paper helps to boost creativity. Helps to improve your memory. Helps to structure your thoughts. Writing on paper is just as important now as it was 10, 20, 50 years ago. Maybe even more. Online media offer many distractions. It's so easy to quickly click or swipe. You might almost forget to just sit down and write down your thoughts, your list of things, draw or doodle whatever is on your mind. Many people talk about mindfulness, conscious living, but getting this notebook and taking time to write or draw helps to get some rest, to get grounded, to pace yourself. Creativity and Inspiration Writing

by hand will increase your creativity. It helps you focus your energy and support your flow. Whether you are structuring strategic plans, organising your day, writing your next book, or jotting down your thoughts as a reminder, writing it down makes your creative juices flow. More and better ideas. Quicker and easier. Organising and Memorising Writing down your goals, actions and achievements helps to accomplish more, and to feel proud and successful of what you have achieved. Feeling better. Besides, it has been scientifically proved that writing things down will increase your memory. Last but not least, writing down your experiences and reflections will help to process and manage emotions, and support self-improvement. (We suspect one journal will not be enough, for all the things you can do with pen and paper). A perfect gift and unique present Our Journals and Notebooks are great gifts presents for ladies, women, mom, mother, aunt, sister, girlfriend, teacher, valentine's day, christmas, or on any other occasion. And don't forget mother's day, graduation gifts, co-workers or boss, birthdays, gift baskets or stocking stuffers, your hostess. Or just for yourself, as a daily journal, travel journal, doodle diary, school workbook, grocery lists, to collect poems or recipes, writing stories. And so much more...

Home

Home is an illustrated semi-autobiographical journal by artist and author Jeffrey Schweitzer created between 2016 and 2019. During this period the artist spent a significant amount of time rebuilding a 1957 Stearling travel trailer and using it as a mobile studio space in which to work on art projects. The text for this project is essentially a group of very short anecdotes typed with an old typewriter. All of the edits and imperfections in the texts were deliberately left in the book to embrace the informal journal-like quality of the project. Many of the illustrations in this book are very small pen and ink paintings merely a few inches in size. These originals were created using layers of handmade paper varnished together, giving these pieces a dream-like vinete that alludes to the idea of faded memories. When all of this content was brought together to create the book Home, it was organized more in the spirit of a curated exhibition of writing and illustrations only loosely linear but emblematic of a period in time and style shift in the artists production. This is the first time we see the artist typing stories directly onto very small, layered paintings and taking a more informal approach to storytelling

A beautiful Folk Art Folk Art Colorful Birds Pattern Cover and lined pages with small Folk Art illustrations (but enough space to write!) Why Write? Writing with pen and paper helps to boost creativity. Helps to improve your memory. Helps to structure your thoughts. Writing on paper is just as important now as it was 10, 20, 50 years ago. Maybe even more. Online media offer many distractions. It's so easy to quickly click or swipe. You might almost forget to just sit down and write down your thoughts, your list of things, draw or doodle whatever is on your mind. Many people talk about mindfulness, conscious living, but getting this notebook and taking time to write or draw helps to get some rest, to get grounded, to pace yourself. Creativity and Inspiration Writing by hand will increase your creativity. It helps you focus your energy and support your flow. Whether you are structuring strategic plans, organising your day, writing your next book, or jotting down your thoughts as a reminder, writing it down makes your creative juices flow. More and better ideas. Quicker and easier. Organising and Memorising Writing down your goals, actions and achievements helps to accomplish more, and to feel proud and successful of what you have achieved. Feeling better. Besides, it has been scientifically proved that writing things down will increase your memory. Last but not least, writing down your experiences and reflections will help to process and manage emotions, and support self-improvement. (We suspect one journal will not be enough, for all the things you can do with pen and paper). A perfect gift and unique present Our Journals and Notebooks are great gifts presents for ladies, women, mom, mother, aunt, sister, girlfriend, teacher, valentine's day, christmas, or on any other occasion. And don't forget mother's day, graduation gifts, co-workers or boss, birthdays, gift baskets or stocking stuffers, your hostess. Or just for yourself, as a daily journal, travel journal, doodle diary, school workbook, grocery lists, to collect poems or recipes, writing stories. And so much more...

In a world where nothing seemed to have much meaning, Danny decided to teach himself to draw, and what he learned stunned him. Suddenly things had color again, and value. The result is *Everyday Matters*, his journal of discovery, recovery, and daily life in New York City. It is as funny, insightful, and surprising as life itself.

Find Insight and Inspiration for Your Creative Life An artist's journal is packed with sketches and captions; some rough, some polished. The margins sometimes spill over with hurriedly scrawled shopping lists and phone numbers. The cover may be travel-worn and the pages warped from watercolors. Open the book, and raw creativity seeps from each color and line. The intimacy and freedom on its pages are almost like being inside the artist's mind: You get a direct window into risks, lessons, mistakes, and dreams. The private worlds of these visual journals are exactly what you'll find inside *An Illustrated Life*.

This book offers a sneak peak into the wildly creative imaginations of 50 top illustrators, designers and artists. Included are sketchbook pages from R. Crumb, Chris Ware, James Jean, James Kochalka, and many others. In addition, author Danny Gregory has interviewed each artist and shares their thoughts on living the artistic life through journaling. Watch artists—through words and images—record the world they see and craft the world as they want it to be. The pages of *An Illustrated Life* are sometimes startling, sometimes endearing, but always inspiring. Whether you're an illustrator, designer, or simply someone searching for inspiration, these pages will open a whole new world to you.
