The Traveling Tea Ladies

Brew your favorite pot of tea, tuck the kiddies into bed, and prepare to stay up all night with this nail biter. The Traveling Tea Ladies - DEATH IN DALLAS is a fun non-stop read where "Charlie's Angels Meet Steel Magnolias." Readers will love this tale of strong tea, strong friendships, and strong southern women steeped in mystery. Set in Dogwood Cove, a picturesque small town in Northeast Tennessee, the action begins at "The Pink Dogwood Tea Room" also known as "The Pink Lady." The gorgeous Victorian, owned by Amelia and Shane Spencer, is the coziest meeting place in town. A Texas Bluebonnet

Christened Claudia Alta Taylor when she was born in a country mansion near Karnack, Texas, she received her nickname "Lady Bird" as a small child; and as Lady Bird she is known and loved throughout America today. Perhaps that name was prophetic, as there has seldom been a First Lady so attuned to nature and the importance of conserving the environment. "Bird" was President Lyndon Johnson's partner, confidante, and helpmate. She helped to keep his Congressional office open during World War II when he volunteered for naval service; and in 1955, when he had a severe heart attack, she helped his staff to keep things running smoothly until he could return to his post as Majority Leader of the Senate. He once remarked that voters "would happily have elected her over me". She created a First Lady's Committee for a More Beautiful Capital, then expanded her program to include the entire nation. She took a highly active part in her husband's war-on-poverty program, especially the Head Start project for pre-school children. This book traces Lady Bird's life in a lively, informative and entertaining manner.

Secrets in Death

A new novel in the #1 New York Times bestselling series: Lt. Eve Dallas must separate rumors from reality when a woman who traffics in other people's secrets is silenced. The chic Manhattan nightspot Du Vin is not the kind of place Eve Dallas would usually patronize, and it's not the kind of bar where a lot of blood gets spilled. But that's exactly what happens one cold February evening. The mortally wounded woman is Larinda Mars, a self-described "social information reporter," or as most people would call it, a professional gossip. As it turns out, she was keeping the most shocking stories quiet, for profitable use in her side business as a blackmailer. Setting her sights on rich, prominent marks, she'd find out what they most wanted to keep hidden and then bleed them dry. Now someone's done the same to her, literally—with a knife to the brachial artery. Eve didn't like Larinda Mars. But she likes murder even less. To find justice for this victim, she'll have to plunge into the dirty little secrets of all the people Larinda Mars victimized herself. But along the way, she may be exposed to some information she really didn't want to know...

Sweet Tea

Giving voice to a population too rarely acknowledged, *Sweet Tea* collects more than sixty life stories from black gay men who were born, raised, and continue to live in the South. E. Patrick Johnson challenges stereotypes of the South as "backward" or "repressive" and offers a window into the ways black gay men negotiate their identities, build community, maintain friendship networks, and find

sexual and life partners--often in spaces and activities that appear to be antigay. Ultimately, Sweet Tea validates the lives of these black gay men and reinforces the role of storytelling in both African American and southern cultures.

Who is planning to kill for her - again and again... With time against her, Eve is forced to play a delicate - and dangerous - psychological dance. Noting how Jackie's celebrity and devotion to privacy have for years precluded a more serious treatment, Perry's story illuminates Kennedy's immeasurable impact on the institution of the first lady. Perry illustrates the complexities of Jacqueline Bouvier's marriage to John F. Perry is especially illuminating in tracing the first lady's mastery of political symbolism and imagery, along with her use of television and state entertainment to disseminate her work to a global audience.

At least, that's what everyone in Angel's Gap thinks. They have no idea that she used to be Elaine O'Hara, daughter of the notorious con man Big Jack O'Hara. Or that she grew up moving from place to place, one step ahead of the law. Laine's past has just caught up with her, though - in a very dramatic way. Her long-lost uncle suddenly turned up in her shop, leaving only a cryptic warning before dying in the street, run down by a car. Soon afterward, her home is ransacked. Now it's up to Laine, and a sexy stranger named Max Gannon, to

find out who's chasing her, and why. The answer lies in a hidden fortune - a fortune that will change not only Laine's life but also the lives of future generations. And danger and death will surround that fortune for years to come. Until New York City Detective Lieutenant Eve Dallas gets on the case. A thrill-ride of a novel that blends present-day romance and futuristic suspense.

"The Secret History meets Jennifer's Body. This brilliant, sharp, weird book skewers the heightened rhetoric of obsessive female friendship in a way I don't think I've ever seen before. I loved it and I couldn't put it down." - Kristen Roupenian, author of You Know You Want This: "Cat Person" and Other Stories The Vegetarian meets Heathers in this darkly funny, seductively strange novel about a lonely graduate student drawn into a clique of rich girls who seem to move and speak as one. "We were just these innocent girls in the night trying to make something beautiful. We nearly died. We very nearly did, didn't we?" Samantha Heather Mackey couldn't be more different from the other members of her master's program at New England's elite Warren University. A self-conscious scholarship student who prefers the company of her imagination to that of most people, she is utterly repelled by the rest of her fiction writing cohort--a clique of unbearably twee rich girls who call each other "Bunny," and are often found entangled in a group hug so tight it seems their bodies might become permanently fused. But everything changes when Samantha receives an invitation to the Bunnies' exclusive monthly "Smut Salon," and finds herself drawn as if by magic to their front door--ditching her only friend, Ava, an audacious art school dropout, in the process. As Samantha plunges deeper and deeper into Bunny world, and starts to take part in the off-campus "Workshop" where they devise their monstrous creations, the edges of reality begin to blur, and her friendships with Ava and the Bunnies are brought into deadly collision. A spellbinding, down-the-rabbit-hole tale about loneliness and belonging, creativity and agency, and female friendship and desire, Bunny is the dazzlingly original second book from an author with tremendous "insight into the often-baffling complexities of being a woman" (The Atlantic).
