To Protect and to Serve

This book is an authoritative history of the NSW Parliament from its establishment in 1856 to 2003. It gives comprehensive accounts of both the Legislative Assembly and the Legislative Council, including analyses of their performance based on contrasting 'liberal' and 'executive' models of Parliament. The history of the Parliament is contextualised by the changing political background in which it operated over 150 years. It is enlivened by portraits of colourful Members, such as WP 'Paddy' Crick, drunken brawler and master of Parliamentary procedure, and accounts of incidents such as George Fuller's seven hour Government and the siege by trade unionists in 2003. On a broader level, the book is a dissertation on the nature of State politics and Parliaments and on the theoretical study of parliamentary institutions. A NSW Sesquicentenary of Responsible Government publication.

To Protect and to Serve

This book tells the fascinating story of William John MacKay, a man who dominated policing in New South Wales for three decades, until his death in 1948. MacKay was fearless, brilliant and ruthless. He was responsible for beating-up striking unionists, but he also smashed the semi-fascist New Guard when it was a threat to democracy. He reformed and modernized the New South Wales Police Force, and he framed innocent men for capital crimes. He cracked down on organized crime and corruption, and he was himself corrupt. Dogged by scandal, he was the subject of no fewer than seven royal commissions. The story of W.J. MacKay is also the story of policing in Australia, from the 1920s through to the corruption-riddled period after the Second World War. This gripping history explores the messy complexities of police power and sheds new light on a fascinating period in Australian police history

Current Law Index

Facsimile of the original 1961 edition, published in 1995 to celebrate 80 years of women in policing in New South Wales. An account of the career of policewoman Lillian Armfield, grudgingly employed in 1915 as a special constable in the police force of NSW. Outlines her contribution over 34 years of police work working with male colleagues on cases involving murder, rape, forgery, spy hunts in the world wars, thefts and drug addiction and also focusing on the sociological aspect of her work involving women and girls.

Report to Parliament Regarding the Former Special Branch of the New South Wales Police Service

True funny stories in the life of a New South Wales policeman.

New South Wales Police Service

With the 150th Anniversary of the New South Police Force in 2012 it seemed appropriate to make some small commemoration of this event. The essays and articles contained in this volume have been written over the past decade looking at various aspects of the history of the New South Wales Police. The aim of these articles was to record my memories of events and items that impacted on my 25 years of service between 1980 and 2005. This volume does not purport to be a complete history but rather looks at specific aspects of uniforms, equipment, medals and traditions, along with some individuals. The aim here was to get into print the details that now seem to be lost. It also considers some of the social aspects of the policing e.g. the role of women in policing in New South Wales between 1915 and now, as well as the now forgotten Native Police Corps of the New South Wales that operated in the Port Phillip and Northern Districts of New South Wales between 1837 and 1859 when these two areas became Victoria and Queensland respectively. Some of these articles will appear similar but later ones have been revised and contain additional information or new perspectives. Some will be a subject of ongoing research e.g. the bravery awards made to members of the NSW Police as the current records of these individuals appear to be scant. -- preface.

Bear didn't like his name. He was so timid and fearful that both the cats and mice in the neighborhood never missed an opportunity to laugh at him. But one day, Bear discovered that someone loved him just as he was.

Un libro delicioso para cualquiera que haya querido alguna vez a un perro. «Refrescante y reparador como un buen paseo». The Nation «Será felizmente devorado por cualquier lector que ame a los perros». Booklist Los perros son piezas clave de nuestra vida. Pero ¿cuándo pasó este animal a ocupar ese lugar? ¿De qué manera llegaron estas criaturas a ayudarnos no solo en la caza, sino también en la desactivación de bombas y en la detección del cáncer? Y, sobre todo, ¿cómo fue que acabaron por convertirse en nuestros más fieles compañeros? Con su ingenio inimitable y su don para contar historias, Simon Garfield explora y celebra esta larga, profunda e inquebrantable conexión entre especies y el modo en que ha transformado innumerables vidas, tanto humanas como caninas. Garfield arranca el viaje con las primeras representaciones visuales —los perros en el arte rupestre— y termina en el laboratorio que secuenció por primera vez el genoma canino. Por el camino, descubrimos a los legendarios corgis del palacio de Buckingham, a los perros del programa espacial soviético, al primer labradoodle del mundo y a un border collie capaz de identificar más de mil peluches diferentes. Este autor elegante, desenfadado y con un gran sentido del humor desvela los secretos de los mejores adiestradores de canes del mundo, nos adentra en el salvaje mundo de la cría de perros y de las exposiciones caninas y desentierra las profundas raíces psicológicas del vínculo humano-perro. La crítica ha dicho: «Este atractivo estudio, por momentos irónico y conmovedor, va desde la prehistoria hasta la actualidad. Al final -aunque el perro viene cuando lo llamas- uno se pregunta quién manda realmente». Sydney Morning Herald «Una delicia. Encantador y erudito». The Daily Telegraph «Un inmenso placer. Hay un buen chiste, una anécdota curiosa y un dato fascinante en cada página». The Mail on Sunday «Una ingeniosa celebración de la larga relación entre perros y humanos». The Times «Glorioso. Un estudio conmovedor y estimulante de todo lo canino». The Daily Mail «Una expedición fascinante, informativa y muy entretenida por las carreteras y caminos del mundo canino». John Bradshaw «Simon Garfield es uno de los más exitosos autores de este tipo de libros divertidos, curiosos, disparatados y a la vez eruditos, que pretenden agotar un tema sin renunciar a hacernos reír ni a explorar el lado jocosos de la realidad. Y he vuelto a sentir la misma sensación que me domina cada vez que caigo en uno de estos ensayos: envidia. Porque forman un género abundante lleno de maestros en la tradición anglosajona, pero prácticamente no existen en la española». Revista para leer, Sergio del Molino, sobre Cronometrados

Terremotos, maremotos, erupciones volcánicas, aluviones, incendios forestales y otras calamidades azotan, con regularidad, a nuestro país. Los fenómenos naturales destructivos han marcado la historia nacional a tal punto que, como menciona el autor, no falta quien dice que "nueve de cada diez desastres prefieren Chile". El impacto de episodios recientes "como el terremoto de magnitud 8,8° ocurrido en febrero de 2010 o los megaincendios forestales que afectaron al centro y sur del país en enero de 2017" ha actualizado la urgencia por contar con planes de contingencia. El objetivo es enfrentar, de mejor modo, el impacto y el temor que los desastres de este tipo generan en la población.

Catequesis de la vida: de la vida de los niños. Partiendo de su experiencia y de su mundo, que se reflejan en hechos, situaciones y anécdotas concretas, y volviendo de nuevo a esa misma vida, enriquecida la visión desde el Evangelio y la persona de Jesús. Juegos, canciones, fotomontajes, historietas, actividades variadas, mesas redondas... Todo, absolutamente todo en orden a crear en el niño la misma actitud ante la vida que tuvo Jesús, como contemplación activa del Padre en las cosas que pasaban a su alrededor y las que "le" pasaban a él, pues en Jesús resucitado todo ha llegado a ser historia de salvación: la propina, las pipas, los tebeos, los recados, las notas, la casa y los vecinos, el tiempo libre y la ropa...

El mejor amigo del perro

De cómo tomar consejo de un Hombre Despierto para sobrevivir en México, del Carnaval al Apocalipsis, pasando por las Fiestas Patrias del Bicentenario, mientras llega la Navidad (el nacimiento de Dios en cada uno de nosotros) sin perder el optimismo. Y de cómo hacer un viaje maravilloso al corazón de ti mismo, y descubrir tesoros que te permitirán no solamente sobrevivir sino vivir en plena Armonía con el Universo, a pesar de la catástrofe. Amén.

¿Cuánto pesa una nube?

Tras un coma que a todos había parecido irreversible, pronto se da cuenta Mundo Gerli de que lo ha olvidado todo, de que no recuerda nada. Nada de nada. Y es así como tiene que reaprender —sin que los demás parezcan entender el alcance de su amnesia— a vivir y, sobre todo, a lidiar con la certeza de que su vida anterior al trauma había sido, cuando menos, muy decepcionante. Un afán innato por subsistir —subordinado a ese temor a descubrirse y a despreciarse— lo lleva a huir hacia delante y a experimentar con gentes y lugares muy diferentes, experiencias estas que lo ayudarán en el aprendizaje de su nueva existencia, una existencia colmada de bondad, aventura, desconcierto, violencia, humor, sexo, amor y redención personal. Es Remira Melás —una afamada periodista y amiga de juventud— quien le narra a Mundo toda la historia en segunda persona, quien se la cuenta sin ser capaz de evitar los condicionantes psicológicos que, por su amor a él, la atenazan. Con esta novela, el lector viajará por medio planeta y conocerá personajes variopintos, unos despreciables y otros adorables, siempre con el sarcasmo y la risa como el bajo continuo que armoniza toda la historia. Mundo encarna esa segunda oportunidad que muchos querríamos tener y Remira... Lo de Remira es más difícil de tildar.

Disfruta de las mejores historias románticas en esta colección, que contiene el volumen 2 de las siguientes trilogías: Quédate conmigo - Quédate conmigo o vete Un dulce encuentro - Infierno Criminal - Liberada

Al hombre que se supone que tenía que incitar, terminó incitándome a mí. Me he desviado de mi misión por completo y a veces pienso que ni siquiera comencé a hacerla para trazar la propia. No puedo estar enamorada de un mafioso, mi corazón cree que es inocente, pero me temo que al final tendrá que ser culpable de algo y espero que no sea por romper mi corazón como está a punto de hacerlo. Lo acepto, caí en sus redes de una manera que ni yo misma lo podía creer cuando ya sus dedos se encontraban en mi cuerpo, sus labios en los míos y mis gritos ahogados en su garganta. Nunca me ha gustado seguir órdenes y por gracia de Dios o del mismo diablo no sé cómo cumplo las tuyas. De algo estoy segura, y es que Aleksei Ivanovi me tiene fascinada.

Tú eres mago. Lo sé porque puedo intuir la magia que tienes dentro, detrás de las costillas. ¿Crees en la magia? No te quepa duda. Existe. Aunque aquellos que no creen en ella nunca la encontrarán. Los magos aquí no vamos con grandes sombreros y túnicas con estrellas. Vestimos vaqueros y camiseta, igual que tú. Porque no se trata de ir llamando la atención en el mundo no-mago. Pero cuando te cuente algunos secretos, aprenderás a identificar a un verdadero mago. ¿Y tú? ¿Quieres convertirte en un aprendiz de mago? Cuando abras este libro, entrarás de lleno en el mundo de la

magia: trucos, hechizos, pócimas, escobas voladoras, seres fantásticos... Acompáñame, descubre el poder e imaginación que llevas dentro y sorprende a tus amigos con tus habilidades. Que empiece la magia: "¡Initium magia!"

Hombre Despierto, Hombre Dormido

Pan y circo, era algo que había sido común hasta el día de nuestros contemporáneos. La falta de todo tipo de libertades, que estamos viendo como nos reducen en cada momento más. Libertad individual, de opinión, de información, de movimiento e incluso de pensamiento. Ahora no tenemos circo y tampoco pan. Sin embargo, la población sigue aletargada y sin capacidad de reacción. Como si de una alienación general se tratara. La población acepta de una forma más sumisa en algunas personas y más con resignación natural en el caso de otras. Solamente unas pocas, se resisten a ser sometidos por las leyes y normativas que nos atosigan y no siguen ninguna lógica. En este año del dos mil veinte, se ha rebasado el vaso que ya estaba repleto de líquido. Todo resulta prohibido, incluso respirar. Todo sigue una matriz, es el poder global, nuestros mandatarios son títeres de un monocomando que no siguen la realidad de la vida en la tierra. Esa realidad será la que los destruirá. ¡Tenemos sed de libertad!

Yanasu Mundo

Es, sencillamente la historia de mi vida, transcurrida desde los años 50' con una niñez llena de travesuras, alegría y extrabagancias de la época, y con una adolescencia truncada por querer entrar al mundo de los mayores, y pretender ser "Grande" etapa vivida con el machismo y la injusticia de la Sociedad de la época, a pesar de los obstáculos que la vida da, haber podido absorber los buenos consejos de esa Abuela cascarrabia, y los buenos momentos con el cura de mi Iglesia de origen, y con todo lo bueno que este lindo país tiene. Principalmente por el amor de mi esposa, hemos podido formar una familia, con amor, respeto y dignidad de ser Latino. Tratamos de pasar a nuestros descendientes la felicidad de la Vida que es simplemente El Amor, sin el nunca hubieramos logrado la familia que hoy tenemos y de nuestro día Miercoles "Día de Familia". Angelo Alfaro Sr.

LA LLAVE

Antonio Alatorre reunió, en 1993, trece artículos en los que expone su manera de ver la literatura y de entender y ejercer la crítica literaria. No formula ninguna "teoría literaria" ni ninguna "metodología" (nada más ajeno a sus afanes), simplemente propone su manera de entender dos fenómenos indisolublemente trabados: la literatura y la lectura. Alatorre muestra que el que lee y, muy importante, siente lo que lee, es ya un crítico literario en potencia: con las herramientas adecuadas será capaz de pensar críticamente y de explicar las razones de la emoción experimentada. El crítico no es sino un lector más "formado".

Willie Stark –inspirado en una figura histórica, Huey Long, el célebre y discutido gobernador populista de Louisiana– es un personaje de poderosa y compleja personalidad: orador amado por las multitudes y dictador sin escrúpulos que se mantiene en el poder mediante la corrupción y el chantaje. Robert Penn Warren ha escrito una de las grandes novelas políticas del siglo XX y una original exploración del tema inagotable del conocimiento de uno mismo, donde se entrelazan varios destinos. En el centro, Willie Stark, abogado de origen humilde que llegará a gobernador del estado, que seduce a Anne Stanton, a su hermano Adam y a Jack Burden, los insatisfechos hijos de las familias poderosas del estado. Adam Stanton es el idealista puro y Jack Burden es un desarraigado que pretende ser sólo un espectador inteligente. Todos los hombres del rey, un clásico de la literatura americana, ha inspirado dos grandes películas: la primera fue dirigida por Robert Rossen; la segunda cuenta con la dirección de Steven Zaillian, y ha sido protagonizada por Sean Penn, Jude Law y Kate Winslet.

In 62 BC, the year after his suppression of Catiline, Cicero delivered Pro Sulla, a successful defence of P. Cornelius Sulla, the nephew of the dictator, on a charge of participation in the Catilinarian conspiracy.

This edition, which contains a new text together with introduction, commentary and appendices, is the first full-scale scholarly treatment of the speech. The text takes account of Gulielmii's reports of the missing portion of the Erfurtensis manuscript, recovered by Dr Berry and published as a preliminary to this edition in 1989; a complete collation is provided of this and the other principal manuscripts. The introduction includes a reassessment of Sulla's guilt and Cicero's undertaking of the case, and also considers issues such as the prose rhythm of the speech and its publication. The commentary discusses history, text and syntax as well as rhetoric and style.
