

The Love Of Religious Perfection

[#religious perfection](#) [#spiritual love](#) [#religious devotion](#) [#perfect devotion](#) [#divine connection](#)

Exploring the love of religious perfection delves into the profound desire for spiritual excellence and a deeper connection with the divine. It examines the motivations, challenges, and rewards inherent in striving for impeccable religious practice and understanding, ultimately aiming to illuminate the path towards a more meaningful and fulfilling spiritual life.

Dios en una Harley

A long time has passed since Christine was visited by God disguised as a handsome stranger on a Harley, who with his simple and wise words showed her the way towards happiness. When Christine married Jim she was sure that she would never feel alone again. However, the fire and passion of the relationship has faded and she worries that life is escaping from her hands. Christine feels inept and insecure about her role as a mother, disillusioned and unhappy. But she soon remembers that she has an unconditional friend who will never abandon her and who will answer her silent plea.

God on a Harley

The transformation of Christine Moore, 37, from a morose fatty without a man, no family and no future, into the happiest woman in the world. It is brought about by a motorcyclist she meets on a beach who gives her six commandments for achieving happiness. A spiritual fable by the author of Bullets & Booze.

Dios vuelve en una Harley

Dios ha vuelto a la tierra montado en una Harley Davidson para escuchar las inquietudes y ofrecer una serie de reglas para cambiar la vida de Christine. Con treinta y siete años y una figura que no se ajusta a los cánones de belleza, Christine tiene pocas esperanzas de encontrar al hombre con quien compartir su futuro. Lo que no sabe es que Dios ha vuelto a la tierra para entregarle unas simples reglas de vida acordes con nuestro tiempo, que harán de ella una mujer distinta y libre. Aunque vista de chupa de cuero y cabalgue una Harley Davidson, en sus ojos se halla la sabiduría y en sus palabras sencillas descubrimos lo que siempre habíamos sospechado: el camino hacia la felicidad empieza y acaba en nosotros mismos. En los otros dos libros de este volumen, Joan Brady nos cuenta otras entrañables historias que nos vuelven a mostrar el verdadero secreto de la felicidad: que, en realidad, está en nuestra mano alcanzarla. Reseña: «Una magnífica historia que nos hace sentir vivos y libres.» John Gray

Dios en una harley

The transformation of Christine Moore, 37, from a morose fatty without a man, no family and no future, into the happiest woman in the world. It is brought about by a motorcyclist she meets on a beach who gives her six commandments for achieving happiness. A spiritual fable.

Dios vuelve en una Harley

La protagonista de "Dios vuelve en una Harley" es Christine, una treintañera poco agraciada que está perdiendo las esperanzas de encontrar pareja. Lo que no sabe es que Dios ha vuelto a la tierra montado en una Harley Davidson para escuchar sus inquietudes y ofrecerle una serie de reglas para cambiar su vida. En los otros dos libros de este volumen, Joan Brady nos cuenta otras entrañables historias que nos vuelven a mostrar que el camino a la felicidad empieza y acaba en nosotros mismos.

Hasta el cielo : Dios en una Harley : el regreso

"Cautious, conservative Molly Driscoll still works at the same Jersey shore hospital in which she completed her nurse s training more than a decade ago. When her now-ex-husband, Jason, is diagnosed with terminal cancer, Molly tries to convince him to undergo a recommended course of chemotherapy. In spite of their past difficulties, Molly volunteers to take on something that is equally daunting in exchange for her ex-husband s agreement to give chemotherapy a try. She quits her old familiar job, becomes a Travel Nurse , and trades in her nice, safe Honda Civic for a Harley Davidson motorcycle. Her assignments take her into the blizzards and biker-bars of New England, the genteel beauty and smoky pool-halls of South Carolina, and the carnival atmosphere of a busy walk-in clinic in Key West as well as to some very surprising and unexplored regions of her own heart. Along the way, Molly experiences a terrifying ordeal with a stranger, tender moments with patients who leave lasting impressions on her, the possibility of a would-be-stalker, and a fellow Travel Nurse who claims to be an angel . In spite of all her old self-doubts, Molly grows in confidence, proving that though she may not be very good at driving a motorcycle, she is quite good at surviving and maybe even resilient enough to love again."

DIOS VUELVE EN UNA HARLEY/ HASTA EL CIELO / DIOS VUELVE:EL REGRESO

THE OBSERVER THRILLER OF THE MONTH For generations the Freyls have ruled Springfield, Illinois, capital of a state of great lakes and rivers. Now convicted killer David Marion threatens their invincibility, and he threatens it from within their own ranks. Water: it's blue gold, and the price on world markets is soaring. When Springfield gets a new mayor, it finds its supply under threat, not only from corporations out for the money but from a disease that appears from nowhere, that nobody can identify and nobody can treat. None of this interests David Marion until his own past surfaces and he finds himself caught between multinational leviathans at war over America's heartland. Praise for The Blue Death and Joan Brady 'Thrills and spills...terrifying... compelling...an intelligent, refreshingly different take on the thriller' Observer 'Gripping' The Sun 'There are shades of Chinatown and Bonfire of the Vanities about Brady's third thriller...sharp and fierce and clever, full of horrid little details and appalled by the arrogance of domination and the weakness of submission. Impressive' Guardian 'A truly extraordinary novel with a fascinating mix of ingredients...compulsive' Shotsmag 'A writer of enormous ability and harrowing power' Mail on Sunday

An Angel on a Harley

Life in a rut? Job pays OK but only do it for the money? Hate the squalid people you have to be nice to in your working life? Sounds like publishing? Well, in fact it's the slightly more exotic world of strip joints, but the message is universal, for anyone who wishes they could stop what they hate doing and work at something they love. The heroine of this inspirational book is very lucky. She has a mentor who is cute, cool, wise and has only her best interests at heart. After she meets him, astride his Harley Davidson, her life begins to change. He cuts through the tough exterior she has learnt to project to the world and encourages her to like herself, believe in her potential and eventually to quit stripping for her real love, singing. Call him 'God', 'Higher Power', 'The Universal Life Force', whatever you will, Joan Brady shows us how to tap into our spiritual side and change our lives for the better.

The Blue Death

Hugh Freyl is a blind lawyer, scion of Illinois' most influential family. He recounts this story from the grave. David Marion is Freyl's protege and a young convicted killer whose release from prison Freyl has orchestrated. He now stands accused of Hugh Freyl's murder. None from Freyl's powerful inner circle will stand up for David's innocence. The perfect scapegoat for their misdoings, he alone bears the burden of proof. Revealing the inner-workings of an untouchable elite with all their tricks, entitlements and intricate financial schemes, Brady shows us a place that could be any small American city - a place where innocence can backfire and where fear is the only effective weapon against a corrupt government.

Heaven In High Gear

'A modern work of genius' Spectator Winner of the Costa/Whitbread Book of the Year Award 1993
Forced into slavery as a child, Jonathan Carrick escapes to a new life but within him lies the need for revenge against George Stokes, the son of his former master. Mallory Carrick, confined to a wheelchair, seeks to find out the truth about her grandfather's history. Haunting, elegant and passionate, Theory of War is a novel about how the past lives on through following generations. It follows one woman's journey to discover what her grandfather might have experienced and how his suffering still haunts his descendants.

Bleedout

The Unmaking of a Dancer sheds a blistering light on the raw, fiercely competitive and often vicious world of ballet: the truth behind the fiction of Black Swan. It's the story of Joan Brady's life in her own words. Ballet was the first thing Brady was good at; she really was good, too, performing professionally with the San Francisco Ballet at the tender age of fourteen. A bonus was that lessons and performances kept her away from her unpredictable father and formidable mother. But nobody can stay away for good, and when she finally made it into the New York City Ballet, her mother delivered a career-destroying blow. And yet with the help of the love of her life, Dexter Masters, she found another way of living and the chance for a family of her own.

Theory of War

In her wonderful, whimsical novel God on a Harley, Joan Brady displayed an innate talent for going straight to the heart of the way women feel. Now she takes us a giant step further, sharing her own deeply personal and ultimately jubilant voyage. This is her message of love, hope, and renewal for every woman who, for whatever reason, has never had a child. "I am about to take you on a journey. We set sail from the painful, frightened years and emerge into the calm beauty of awakening. Finally, we will cruise gracefully into a celebration of all the female joy that has been kept secret for so long." One day, after she had turned forty, Joan Brady realized she was on her own. No husband. No kids. She felt like someone had lobbed a hand grenade into her heart. At other people's baby showers, she thought she'd explode. The end of her childbearing years loomed like a tidal wave on the horizon, reminding her that she was not now, and never would be, a mother. She could sink, or she could swim. In charactersistic style, Joan let herself hit bottom -- only to emerge incredibly joyous, bountiful, and awed by a sense of peace she could never have predicted. "Women who never actually give birth are all mothers, in some sense, to every child we encounter. We give birth to beauty, love, patience, creativity. We are the role models who support and believe in children's dreams because we support and believe in our own." Like having a long conversation with a very good friend, this is a letter of rapture and affirmation for all women who have not traveled the path to the delivery room, but have instead discovered a magical route of their own. A rare and wonderful gift that rejoices in being whole, female, and happy, this is Joan Brady's statement of celebration.

The Unmaking of a Dancer

If you've ever wondered what happened to Christine Moore from "God on a Harley," you won't want to miss this touching new sequel! In "Joyride," Christine has done some serious spiritual backsliding over the last ten years. Marriage and motherhood have changed her identity and challenged her previous beliefs about love and romance. The demands of family and career have buried the truths she once knew beneath a mountain of resentment, dirty laundry, and endless bas of groceries. Then, on one of her late-night excursions to the supermarket, Christine runs into Joe again... and everything changes.

I Don't Need a Baby to Be Who I Am

At thirty-seven, Christine Moore had a world-class case of burnout: frustrating career, a few dead-end romances, and a less-than-perfect figure. Little did she know her life was about to change completely.... "Come out of the shadows, Christine. You've spent far too much time hiding in shadows." The man who spoke to her was gorgeous -- long sable hair, faded T-shirt, black motorcycle jacket -- all astride a 1340cc Harley-Davidson, mysteriously parked on a moonlit beach near her home. Christine was inexplicably drawn to this stranger -- who seemed to know everything about her -- and as a sweet serenity settled over her, she surrendered to his words: "We have a lot of work to do, but it won't feel like work. It will feel quite wonderful." So begins Christine's journey, a voyage of the spirit that frees her to appreciate each precious moment of life -- and reveals to her six wondrous precepts that lead to the deepest peace and fulfillment we can ever know. For every woman whose heart has ever been broken, but who believes in her soul that real happiness can be found, God On A Harley has arrived. Need a lift?

Joyride

THE BOOK; Alice Kessler is a fighter and when she is told that her husband only has a few months left to live, she refuses to accept it. Instead Alice searches relentlessly for a doctor willing to offer a better prognosis and when she fails to find one in England, she takes her beloved Peter back to where they came from. America, the land of miracles. But Alice soon discovers that their fight is far from over. Death Comes for Peter Pan is a turbulent and unpredictable love story - the story of a young woman's fight for her husband's dignity and a powerful indictment of the politics that rule medicine today.

God on a Harley

Offering in-depth analyses of fifteen different queer films from the Iberian Peninsula, this collection shows how a diverse group of filmmakers from regions including Catalonia, Portugal, Castile, Galicia, and the Basque Country have produced films that challenge the region's conservative religious values and gender norms, while intervening in vital debates about politics, history, and nation.

Death Comes For Peter Pan

A gripping tale of international corporate intrigue from the award-winning author of Bleedout . . . EASTERN EUROPE . . . Thirty years after Chernobyl, nuclear fallout is still claiming victims. ILLINOIS . . . Fresh out of prison, David Marion doesn't expect a hit man at his door. But when one appears, their meeting is lethal—for the hit man. Who sent him? David has no idea. But warned that a powerful secret organization is after him, he is forced to disappear until he can strike back. ALABAMA . . . Devastated by the death of her lover, physicist Helen Freyl escapes to her bee farm to care for a colony carrying a unique strain of venom. But when an unexpected job offer from a giant drug corporation arrives, it proves to be a much more intriguing diversion. LONDON, ENGLAND . . . Helen's new company is close to a cure for radiation poisoning, but the sudden death of a colleague is followed by another, and Helen begins to doubt the organization's motives. When she realizes her own life is in danger, what can she do and who can she call on for help? Venom brings David Marion and Helen Freyl together as they fight for their lives against a backdrop of industrial espionage, corporate greed, and human tragedy in an exhilarating and fast-paced follow-up to the bestselling Bleedout.

The Emigré

In "Megatrends 2010," the co-author of the bestselling "Megatrends 2000" investigates corporate social responsibility and identifies seven megatrends that will redefine business in the coming years.

Band-Aides, Bullets and Booze

Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. When she sat down to write her poem *Come Away* after the death of her husband David, she had written no poems for a quarter of a century. Then came a sequence of incredibly moving elegies. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection *That Winter* (Bloodaxe, 1986) was shortlisted for the Commonwealth Poetry Prize.

Fluff My Pillow, Bend My Straw

A middle-aged woman goes missing after falling in love with a ghost--a soldier from WWII who haunts San Diego's Mt. Soledad, site of the controversial cross/memorial.

Indiscreet Fantasies

Before Joan Brady became a writer she was a dancer. At nineteen she was poised at the pinnacle of every dancer's dream - admission to an internationally acclaimed ballet company. But at the crucial moment she lost her confidence and forfeited what she believed was her chance of stardom. Dance had taught her discipline, technique and elegance.

Venom

The Bloom's Modern Critical Views series provides the best criticism on the most widely read poets, novelists, and playwrights--from the ancients to contemporary writers. Each volume opens with an introductory essay by Harold Bloom in which he offers his insights into the author's work, followed by a representative selection of the best contemporary criticism of the writer. Also included in each volume are bibliographic references, notes on the various contributors, and a useful chronology of the writer's life. Bloom's Modern Critical Views is an in-depth presentation of masters who have shaped the Western literary tradition.

Megatrends 2010

"The Life, Adventures & Piracies of the Famous Captain Singleton" by Daniel Defoe. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten or yet undiscovered gems of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

That Winter

"In its emphasis on the force of ideas, the struggle of women for inclusion in the concept of the Divine, the repeated attempts by women to form supportive networks, and its analysis of the preconditions for the formation of political theories of liberation, this brilliant work charts new ground for historical studies, the history of ideas, and feminist theory."--Jacket.

The Ghost of Mt. Soledad

Alfred's Chord Fingering Dictionary contains photos and charts for all major, minor, seventh, diminished and augmented chords. It also includes instructions on how to tune and hold your guitar.

Prologue

Catwoman: Nine Lives of A Feline Fatale is a thrilling celebration of one of the most popular female icons of all time. Since her inception in 1940, Catwoman has evolved from a simple cat burglar into a complex character who has played the role of both villain and heroine. An entertaining volume that spans the entire career of Batman's most alluring nemesis, this book reprints nine of Catwoman's most significant adventures, including her first felonious appearance as well as her most memorable battle with the Dark Knight.

The Man of Feeling, and Other Tales

Correspondence uniquely presents the work of two filmmakers who share a profound and deliberate vision, in spite of their vastly different backgrounds. The work of Spaniard Vctor Erice and Iranian Abbas Kiarostami share a common preoccupation with investigating the tension that exists between the individual and society. As filmmakers, they are both intensely independent, determined to advance the expressive potential and capacity of cinema. Working in contemporary cinema, these two quintessential figures often purposely recapture the stark and primal character developed by early cinema pioneers.

Bloom's Modern Critical Views

Two great classics come to life in one of the most loved books in American History. Remastered to include Illustrated exercises, a biography of Aldous Huxley, and including the full essay of Heaven and Hell, and The Doors to Perception, this book is a great gift to those who are unfamiliar with his work, or may have forgotten about Huxley's famous contemplations of life and death. - ZKBS(c) All Rights Reserved.

The Hip Hop Monk

Three things cannot be long hidden: the sun, the moon, and the truth. The Buddha mentioned this hundreds of years ago and this still stands true today. The Hip Hop Monk is an expression of reality. Reality without religious dogma, cultural ambiguity or historical bias. This book is the way forward for anyone who believes they have a universal right to live in the present moment and express their inner being (just as they are). Welcome to your world; welcome to our world. You are now, finally a "Hip Hop Monk"!

The Dirty Version

On the tenth anniversary of his death, The Dirty Version is the first biography of hip hop superstar and founding member of the Wu-Tang Clan, Ol' Dirty Bastard, to be written by someone from his inner circle: his right-hand man and best friend, Buddha Monk. Ol' Dirty Bastard rocketed to fame with the Wu-Tang Clan, the raucous and renegade group that altered the world of hip hop forever. ODB was one of the Clan's wildest icons and most inventive performers, and when he died of an overdose in 2004 at the age of thirty-five, millions of fans mourned the loss. ODB lives on in epic proportions and his antics are legend: he once picked up his welfare check in a limousine; lifted a burning car off a four-year-old girl in Brooklyn; stole a fifty-dollar pair of sneakers on tour at the peak of his success. Many have questioned whether his stunts were carefully calculated or the result of paranoia and mental instability. Now, Dirty's friend since childhood, Buddha Monk, a Wu-Tang collaborator on stage and in the studio, reveals the truth about the complex and talented performer. From their days together on the streets of Brooklyn to

the meteoric rise of Wu-Tang's star, from bouts in prison to court-mandated rehab, from Dirty's favorite kind of pizza to his struggles with fame and success, Buddha tells the real story—The Dirty Version—of the legendary rapper.

The Hip-Hop Underground and African American Culture

The underground is a multi-faceted concept in African American culture. Peterson uses Richard Wright, KRS-One, Thelonius Monk, and the tradition of the Underground Railroad to explore the manifestations and the attributes of the underground within the context of a more panoramic picture of African American expressivity within hip-hop.

Dust & Grooves

A photographic look into the world of vinyl record collectors—including Questlove—in the most intimate of environments—their record rooms. Compelling photographic essays from photographer Eilon Paz are paired with in-depth and insightful interviews to illustrate what motivates these collectors to keep digging for more records. The reader gets an up close and personal look at a variety of well-known vinyl champions, including Gilles Peterson and King Britt, as well as a glimpse into the collections of known and unknown DJs, producers, record dealers, and everyday enthusiasts. Driven by his love for vinyl records, Paz takes us on a five-year journey unearthing the very soul of the vinyl community.

Road To Mastery

The book is about the philosophy and science of mind-body transformation and the Zero Gravity model for peak performance in life. The story contains an epic tale of a warrior monk torn between honor and duty who, in his quest to challenge the 18 guardians of the Shaolin Temple for his freedom, discovers The Art of Light. The story tells a process of spiritual excellence and self-mastery - from the very beginning so that you too can become a master of Lightness.

Phat Beats, Dope Rhymes

How Aussies came to belong to the hip-hop nation.

Chamber Music

'One of the most rewarding pieces of hip-hop criticism ever written' Jeff Chang 'Brilliant' Giles Peterson 'Will Ashon's dazzling study gets to the heart of hip hop, pop culture and the history of contemporary America. Essential' Matt Thorne 'Each of these chambers contains wonders of history, destiny and mythology' Margo Jefferson Will Ashon tells, in 36 interlinked 'chambers', the story of Enter the Wu-Tang (36 Chambers) and how it changed the world. As unexpected and complex as the album itself, Chamber Music ranges from provocative essays to semi-comic skits, from deep scholarly analysis to satirical celebration, seeking to contextualise, reveal and honour this singularly composite work of art. From the FBI's war on drugs to the porn theatres of 42nd street, from the history of jazz to the future of politics, Chamber Music is an explosive and revelatory new way of writing about music and culture.

From Kung Fu to Hip Hop

Explores the revolutionary potential of Bruce Lee and hip hop culture in the context of antiglobalization struggles and transnational capitalism.

The Baddest Bitch in the Room

The first Asian woman in hip-hop, Sophia Chang shares the inspiring story of her career in the music business, working with such acts as The Wu-Tang Clan and A Tribe Called Quest, her path to becoming an entrepreneur, and her candid accounts of marriage, motherhood, aging, desire, marginalization, and martial arts. Fearless and unpredictable, Sophia Chang prevailed in a male-dominated music industry to manage the biggest names in hip-hop and R&B. The daughter of Korean immigrants in predominantly white suburban Vancouver, Chang left for New York City, and soon became a powerful voice in music boardrooms at such record companies as Atlantic, Jive, and Universal Music Group. As an A&R rep, Chang met a Staten Island rapper named Prince Rakeem, now known as the RZA, founder of the Wu-Tang Clan, the most revered and influential rap group in hip-hop history. That union would send her on a transformational odyssey, leading her to a Shaolin monk who would become her partner,

an enduring kung fu practice, two children, and a reckoning with what type woman she ultimately wanted to be. For decades, Chang helped remarkably talented men tell their stories. Now, with *The Baddest Bitch In The Room*, she is ready to tell her own story of marriage, motherhood, aging, desire, marginalization, and martial arts. This is an inspirational debut memoir by a woman of color who has had the audacity to be bold in the pursuit of her passions, despite what anyone—family, society, the dominant culture—have prescribed.

Do They Run When They See You Coming?

Reaching Out to Unchurched Teenagers Five facts about the unchurched: 1. They believe all religions have value. 2. They are spiritual, not religious. 3. They don't know what Christianity really is. 4. They don't know what they believe. 5. They are looking for something that works. If you want to make an impact on this generation, these are five basic rules you must understand. Author Jonathan McKee writes that by taking the time to learn students' unique situations you show you care about them as people, not as mission projects. Informative and full of real-life examples, *Do They Run When They See You Coming?* provides vital information you need to better understand students outside your youth group. Yet this book isn't a sociological or marketing survey; the tangible guidelines and methods inside help you get into the mind of unchurched students—so you can get to know their hearts. Because, as every youth worker knows, real ministry is always about getting to the heart.

China Forever

The transnational history and cultural politics of the Shaw Brothers' movie empire

Violent Spring

In the wake of the Rodney King riots, Ivan Monk investigates a cold murder Just a few months ago, the corner of Florence and Normandie avenues was an inferno. Enraged by the jury that freed Rodney King's brutalizers, people took to the streets of Los Angeles to vent their anger on the city. For three days they smashed, looted, and burned, until South Central L.A. looked like Sarajevo. Now the city is trying to rebuild, and private eye Ivan Monk has come to watch the groundbreaking ceremony for a shopping center meant to symbolize the neighborhood's healing. But death is not finished with South Central. As the dignitaries' shovels sift through the soft California soil, the mayor's spade finds the corpse of a man named Bong Kim Suh, a murdered Korean shopkeeper. As he looks into the senseless killing, Monk finds that it wasn't racial anger that took Suh's life, but old-fashioned, colorblind greed.

Classic Material

With over forty unique reviews covering sixty landmark hip-hop albums spanning twenty years, *Classic Material* proves that there is no lack of intelligent commentary and criticism on rap music.

Sweat the Technique

On the heels of Kendrick Lamar's Pulitzer Prize, as the world begins to recognize the creative side of Hip-Hop, comes a writing guide from a musician and "The greatest MC of all time," Rakim. The musician and Hip Hop legend—hailed as "the greatest MC of all time" and compared to Thelonyious Monk—reimagines the writing handbook in this memoir and guide that incorporates the soulful genius, confidence, and creativity of a master artist. When he exploded on the music scene, musical genius Rakim was hailed for his brilliant artistic style, adding layers, complexity, depth, musicality, and soul to rap. More than anyone, Rakim has changed the way MCs rhyme. Calm on the mic, his words combine in a frenzy of sound, using complicated patterns based on multisyllabic rhymes and internal rhythms. Rakim can tell a story about a down-on-his-luck man looking for a job and turn it into an epic tale and an unforgettable rhyme. He is not just a great songwriter—he's a great modern writer. Part memoir, part writing guide, *Sweat the Technique* offers insight into how Rakim thinks about words, music, writing, and rhyming as it teaches writers of all levels how to hone their craft. It is also a rare glimpse into Rakim's private life, full of entertaining personal stories from his youth on Long Island growing up in a home and community filled with musiciansto the clubs of New York and the studios of Los Angeles during his rise to the top of popular music. Rakim celebrates the influences that shaped his development, including the jazz music of John Coltrane and the spirituality of the streets, and shares anecdotes spotlighting personalities such as L. L. Cool J. and Dr. Dre, among others. Filled with valuable lessons for every

writer, *Sweat the Technique* reveals the heart and mind of an artist and his love for great storytelling, and always, the words.

Monks in the Marsh

Jack and Anne Logan's Little Bird'N bed and breakfast sits quietly alongside an expansive marsh on the lonely north Oregon coast. Their stately Victorian beauty is the base for their guests' small adventures—birdwatching, beach combing and conversations by the fire with glasses of wine, locally roasted coffee and Jack's marvelous biscotti. Or, this is how it should be! Before dawn, before Thanksgiving morning actually arrives, and too soon for the monks, the door bell rings and rings. A small man nervously shifts from foot to foot in the freezing air on the dimly lit porch with water running from his nose turning to ice, cheeks blue and eyes darting from door to marsh. Nervous energy keeps the man from freezing. An embezzling Chicago accountant, a trio of monks, a distraught sister, a local lapsed Catholic, and the unexpected arrival of Jack's aunt and uncle combine to make this Thanksgiving weekend at the Bird'N truly unforgettable.

The Battle for the Gift

The world has started to experience unprecedented climate change and violence. It's like all hell has let loose, and only a few with the gift to see can do anything about it. Tyler, a selfish, addiction-ridden criminal, shrugs off the horrifying visions with the booze and drugs until his hardened lifestyle gets him beaten to within an inch of his existence. There is a battle between the angels and demons for his soul as he sinks into a place that is so real—the smells, the fear, the pain. A voice calls and wrenches him from its depths. After a lengthy hospital stay, Tyler is surprised to find his bill is paid in full. He decides to see the priest who befriended him and his grandfather, who he feels had something to do with his survival. The priest is right where Tyler expects him to be, assisting the poor from his church slash home and shelter. It is here Tyler receives a gift. He visits his grandfather and learns of the love and prayers that went out for him. Their conversation goes to the time his grandmother was dying of cancer and how his grandfather discovered the wretched beasts that tormented her. Tyler thinks about his brush with death: So it wasn't just a dream? Tyler is compelled to go back to the alley where he nearly lost his life, and there he meets his destiny. His guardian angel directs him to a struggling community and marketplace that is plagued by a ruthless gang, with a mysterious monastery run by monks who live by the Oldest Book in the world and a girl who shows up when terrible things happen. Tyler's eyes are opened to the truth of two worlds—the natural and the supernatural.

Thelonious Monk

The first full biography of Thelonious Monk, written by a brilliant historian, with full access to the family's archives and with dozens of interviews.

The Hip Hop Movement

Connecting classic rhythm & blues and rock & roll to the Civil Rights Movement, and classic soul and funk to the Black Power Movement, *The Hip Hop Movement* critically explores what each of these musics and movements contributed to rap, neo-soul, hip hop culture, and the broader Hip Hop Movement.

Hip-hop Connection

"Gabriel Solis's study of Thelonious Monk's legacy energizes an important development in jazz studies. Respectful of Monk and his musical heirs, Solis nevertheless offers insights on Monk myth-building by opposing jazz camps in which both moldy figs and avant-gardists claim him as their own. Moving beyond exploding these turf battles, Solis comes to deep realizations about jazz as a practice. This will become an often-cited work, even a transformative one."—Steven F. Pond, author of *Head Hunters: The Making of Jazz's First Platinum Album* (winner of the International Association for the Study of Popular Music's Woody Guthrie Prize)

Monk's Music

Thelonious Monk Quartet with John Coltrane at Carnegie Hall is an historical, cultural, and analytical study of the album by the same name. Recorded in 1957, but lost until 2005, it is a particularly interesting lens through which to view jazz both as a historical tradition and as a contemporary cultural form.

Thelonious Monk Quartet with John Coltrane at Carnegie Hall

The musician and Hip Hop legend—hailed as “the greatest MC of all time” and compared to Thelonious Monk—reimagines the writing handbook in this memoir and guide that incorporates the soulful genius, confidence, and creativity of a master artist. When he exploded on the music scene, musical genius Rakim was hailed for his brilliant artistic style, adding layers, complexity, depth, musicality, and soul to rap. More than anyone, Rakim has changed the way MCs rhyme. Calm on the mic, his words combine in a frenzy of sound, using complicated patterns based on multisyllabic rhymes and internal rhythms. Rakim can tell a story about a down-on-his-luck man looking for a job and turn it into an epic tale and an unforgettable rhyme. He is not just a great songwriter—he’s a great modern writer. Part memoir, part writing guide, *Sweat the Technique* offers insight into how Rakim thinks about words, music, writing, and rhyming as it teaches writers of all levels how to hone their craft. It is also a rare glimpse into Rakim’s private life, full of entertaining personal stories from his youth on Long Island growing up in a home and community filled with musicians to the clubs of New York and the studios of Los Angeles during his rise to the top of popular music. Rakim celebrates the influences that shaped his development, including the jazz music of John Coltrane and the spirituality of the streets, and shares anecdotes spotlighting personalities such as L. L. Cool J. and Dr. Dre, among others. Filled with valuable lessons for every writer, *Sweat the Technique* reveals the heart and mind of an artist and his love for great storytelling, and always, the words.

Sweat the Technique

Most studies of Buddhist communities tend to be limited to villages, individual temple communities, or a single national community. Buddhist monastics, however, cross a number of these different framings: They are part of local communities, are governed through national legal frameworks, and participate in both national and transnational Buddhist networks. *Educating Monks* makes visible the ways Buddhist communities are shaped by all of the above—collectively and often simultaneously. *Educating Monks* examines a minority Buddhist community in Sipsongpann, a region located on China’s southwest border with Myanmar and Laos. Its people, the Dai-lue, are “double minorities”: They are recognized by the Chinese state as part of a minority group, and they practice Theravada Buddhism, a minority form within China, where Mahayana Buddhism is the norm. Theravada has long been the primary training ground for Dai-lue men, and since the return of Buddhism to the area in the years following Mao Zedong’s death, the Dai-lue have put many of their resources into providing monastic education for their sons. However, the author’s analysis of institutional organization within Sipsongpann, the governance of religion there, and the movements of monks (revealing the “ethnoscapes” that the monks of Sipsongpann participate in) points to educational contexts that depend not just on local villagers, but also resources from the local (Communist) government and aid from Chinese Mahayana monks and Theravada monks from Thailand and Myanmar. While the Dai-lue monks draw on these various resources for the development of the sangha, they do not share the same agenda and must continually engage in a careful political dance between villagers who want to revive traditional forms of Buddhism, a Chinese state that is at best indifferent to the continuation of Buddhism, and transnational monks that want to import their own modern forms of Buddhism into the region. Based on ethnographic fieldwork and interviews with Dai-lue monks in China, Thailand, and Singapore, this ambitious and sophisticated study will find a ready audience among students and scholars of the anthropology of Buddhism, and religion, education, and transnationalism in Southeast and East Asia.

Educating Monks

From the concert stage to the dressing room, from the recording studio to the digital realm, *SPIN* surveys the modern musical landscape and the culture around it with authoritative reporting, provocative interviews, and a discerning critical ear. With dynamic photography, bold graphic design, and informed irreverence, the pages of *SPIN* pulsate with the energy of today’s most innovative sounds. Whether covering what’s new or what’s next, *SPIN* is your monthly VIP pass to all that rocks.

SPIN

This book is dedicated to the late Principal Tatsue Sato (1891-1983) and his wife, Hanako, for having spent fifty years teaching Japanese language, insisting us second-generation Japanese Canadians, the Nisei, to be good Canadian citizens. When the Pearl Harbor attack took place (December 7, 1941), he immediately called to assembly about a thousand students to declare firmly to stand loyal and faithful to Canada. This occurred while I was in England serving with the Canadian army. He was later awarded the Order of Canada in 1978 for his enriching Canadian society by the introduction of the best elements of Japanese culture. And the school where he had taught, still running today, was designated a historic site by Vancouver, British Columbia, on June 25, 2000.

Parodies of Ownership

A powerful and “stunning” (Publishers Weekly, starred review) selection of the best of John Edgar Wideman’s short stories over his fifty-year career, representing the wide range of his intellectual and artistic pursuits. When John Edgar Wideman won the PEN Malamud Award in 2019, he joined a list of esteemed writers—from Eudora Welty to George Saunders—all of whom are acknowledged masters of the short story. Wideman’s commitment to short fiction has been lifelong, and here he gathers a representative selection from throughout his career, stories that “have a wary, brooding spirit, a lonely intelligence...[and] air the problem of consciousness, including the fragile contingency of our existence” (The New York Times). Wideman’s stories are grounded in the streets and the people of Homewood, the Pittsburgh neighborhood of his childhood, but they range far beyond there, to the small western towns of Wyoming and historic Philadelphia, the contemporary world and the ancient past. He explores the interior lives of his characters, and the external pressures that shape them. These stories are as intellectually intricate as they are rich with the language and character. “Wideman has been compared to William Faulkner and James Baldwin...[these] prove that he is every bit as masterful a cartographer of the American spirit as his forebears” (Esquire). Comprised of thirty-five stories drawn from past collections (American Histories, Briefs, God’s Gym, All Stories Are True, Fever, and Damballah), and an introductory essay by the National Book Critics Circle board member and scholar Walton Muyumba, this volume of Wideman’s selected stories celebrates the lifelong significance of this major American writer’s essential contribution to a form—illuminating the ways that he has made it his own. “If there were any doubts Wideman belongs to the American canon, this puts them to bed” (Publishers Weekly, starred review).

Toxic Panda

Utilizing a mixed-methods approach, this book uncovers the historical trajectory of U.S. independent hip-hop in the post-golden era, seeking to understand its complex relationship to mainstream hip-hop culture and U.S. culture more generally. Christopher Vito analyzes the lyrics of indie hip-hop albums from 2000-2013 to uncover the dominant ideologies of independent artists regarding race, class, gender, sexual orientation, and social change. These analyses inform interviews with members of the indie hip-hop community to explore the meanings that they associate with the culture today, how technological and media changes impact the boundaries between independent and major, and whether and how this shapes their engagement with oppositional consciousness. Ultimately, this book aims to understand the complex and contradictory cultural politics of independent hip-hop in the contemporary age.

You Made Me Love You

While early Buddhists hailed their religion's founder for opening a path to enlightenment, they also exalted him as the paragon of masculinity. According to Buddhist scriptures, the Buddha's body boasts thirty-two physical features, including lionlike jaws, thighs like a royal stag, broad shoulders, and a deep, resonant voice, that distinguish him from ordinary men. As Buddhism spread throughout Asia and around the world, the Buddha remained an exemplary man, but Buddhists in other times and places developed their own understandings of what it meant to be masculine. This transdisciplinary book brings together essays that explore the variety and diversity of Buddhist masculinities, from early India to the contemporary United States and from bodhisattva-kings to martial monks. Buddhist Masculinities adopts the methods of religious studies, anthropology, art history, textual-historical studies, and cultural studies to explore texts, images, films, media, and embodiments of masculinity across the Buddhist world, past and present. It turns scholarly attention to normative forms of masculinity that usually go unmarked and unstudied precisely because they are "normal," illuminating the religious and cultural processes that construct Buddhist masculinities. Engaging with contemporary issues of gender identity, intersectionality, and sexual ethics, Buddhist Masculinities ushers in a new era for the study of Buddhism and gender.

The Values of Independent Hip-Hop in the Post-Golden Era

The martial arts are various methods of armed and unarmed combat, originally used in warfare in the Far East and shaped by Oriental philosophical concepts. The history of martial arts is challenging to document precisely, because of the lack of historical records, secretive nature of the teacher-student relationships and political circumstances during much of its history. The martial arts are popular in many parts of the world today as forms of self-defense, law enforcement tactics, competitive sports, and exercises for physical fitness. Among them are KARATE , Kung fu, jujitsu, JUDO, aikido, Tai chi chuan, Sumo wrestling, and kendo. This informative book takes it's reader on a journey throughout time and across the globe for a close up look at the history of many martial arts styles .

Buddhist Masculinities

Youth Cultures offers a comprehensive outline of youth cultural studies in the twenty-first century, with reference to a range of new research case studies. Featuring both well known and emerging scholars from the UK, the US and mainland Europe, the book addresses core theoretical and methodological developments before going on to examine key substantive themes in the study of young people's identities and lifestyles. These include questions of commerce, power and politics, issues of gender and ethnicity, uses of place and space and impacts of new media and communications. Simultaneously offering an accessible introduction and a range of new contributions to the subject area, Youth Cultures will appeal to both students and academics within a range of disciplines, including sociology, media and cultural studies, youth studies and popular music studies.

World of Martial Arts !

Born in rural Kentucky, Mickey Hess grew up listening to the militant rap of Public Enemy while living in a place where the state song still included the word "darkies." Listening to hip-hop made Hess think about what it meant to be white, while the environment in small-town Kentucky encouraged him to avoid or even mock such self-examination. With America's history of cultural appropriation, we've come to mistrust white people who participate deeply in black culture, but backing away from black culture is

too easy a solution. As a white professor with a longstanding commitment to teaching hip-hop music and culture, Hess argues that white people have a responsibility to educate themselves by listening to black voices and then teach other whites to face the ways they benefit from racial injustices. In our fraught moment, *A Guest in the House of Hip Hop* offers a point of entry for readers committed to racial justice, but uncertain about white people's role in relation to black culture.

Youth Cultures

State of the hip-hop union -- The meaning of hip-hop -- From a cool complex to complex cool -- Thug life and social death -- The bridge : summary of chapters two and three -- Hip-hop authenticity in black and white -- Parental advisory : explicit lyrics -- The last verse -- Obama as hip-hop icon.

A Guest in the House of Hip-hop

Draws on interviews with more than 100 musicians, managers, lawyers, journalists, and scholars to critique the music industry's approach to digital sampling.

Thug Life

1943 -- the Year of the Ram. In the Temple of Sublime Truth, high in the Himalayas, a master monk prepares to transfer an ancient scroll to his young protégé. The scroll holds the key to an unspeakable power, one which in the wrong hands could destroy the world. According to prophecy, the young monk will become the steward of the scroll for the next sixty years -- five times the Year of the Ram. But to do so, he must sacrifice everything he has -- including his name. Present day -- the Year of the Ram. It is time to pass the scroll and its secrets on to a new guardian, one chosen by destiny and revealed through the fulfillment of the three Noble Prophecies. But the bulletproof monk has no students. He's far from home, in another world, another time, and an old adversary from one of history's most evil chapters is closing in. Though he is hunted and alone, fate throws the monk together with a very talented but undisciplined -- and unorthodox -- young pickpocket named Kar. Could this be the disciple he's been searching for? Could Kar possibly have the strength and the will to be entrusted with this task? Can a common thief possibly be enlightened? Maybe -- but they may not survive long enough to find out.

At the heart of hip-hop—the most vigorous, electric development in the music world since the advent of punk rock—are its brilliant entrepreneurs. Some have demonstrated business instinct and marketing savvy that would make many Fortune 500 CEOs envious. Hip-hop and the moguls behind it are a force to be reckoned with. These larger-than-life figures, the elite of hip-hop, have prospered through a combination of old-fashioned business savvy, shrewd marketing, and constant commercial reinvention. Over the past decade, their collective net worth has grown upwards of 1 billion. *Hip Hop, Inc.* reveals the secrets of success that can be applied to virtually any other business. It illustrates these secrets by telling the never-before-told stories of the most successful of the rap elite and, through extensive interviews, lets the advice flow from the millionaires themselves.
