## Urban Legends

This first volume of Tales of Metamor City collects ten short stories and novellas from the Parsec Award-winning Metamor City Podcast. Enter a gritty urban landscape of mages and vampires, faeries and telepaths, where street-level spies steal arcane artifacts from power-hungry sorcerers and holy warriors stalk demons through the shadowy depths of thousand-foot-high towers. Thirteen hundred years ago, the conquering wizard Nasoj cast three great spells on the people of Metamor Keep. Fueled by the power of the dark gods, these spells would irrevocably change the castle's defenders in body and soul, rendering them helpless against his advancing armies. Things did not work out as he hoped. The spells were countered, but only partially. They wove together with the castle's own magic, becoming a Curse that blanketed the entire valley. But Nasoj's forces were driven back, and the Keep's heroic inhabitants learned to take pride in the new forms the Curse had given them: a mark of how deeply the Dark Wizard feared them. Now, the world sits on the cusp of the twenty-first century, and things have changed more than anyone could have dreamed. Buildings the size of mountains rise above the valley floor. People walk and skimmers drive on suspended walkways hundreds of meters in the air. Magic and technology work hand-in-hand to do the impossible. Majestrix Kyia, the spirit of the ancient Keep, now rules with peace and justice over an Empire that covers half a continent. But there is always darkness, even in a place as bright as Metamor City. The rich grow ever richer, while the poor struggle in the hardscrabble world of The Street, surrounded by menacing gangs armed with guns, knives and unlicensed magic. Vampires control a shadow-government that feeds the city's illicit hungers, while a mysterious collective of psychics pursues their own inscrutable ends. It is a world on the knife's edge between order and chaos, creation and destruction. It is a world in need of heroes.----This book collects the following Metamor City stories: - Welcome to the City- House Call- Huntress- The Sentinel- The Muse- Troubled Minds- Make Believe- Whispers in the Wood- A Lightbringer's Christmas Tale- A Lightbringer Caro

## Erotic Urban Legends

only. For the right price. Skye knew her father was different than others, that he looked at her as if she was more than human. An abomination. Finally she discovered why, and not only did his actions make sense, but she found herself agreeing with him. And then there is the doctor, a psychologist to the wealthy, who came to work early to find an angel naked in his office. And that was not the strangest thing that had happened to him that day. This book is a compilation of the novelettes "That's What Friends Are For," "The Patchwork Girl," and "Broken Wings (A Nephilim Story)."

#### Red Rebel: Urban Legend

#### Making the Cut

IN THE PSI COLLECTIVE, BELONGING HAS ITS PRICE... All Daniel Sharabi wanted was a family of his own. Born into a collectivist society of telepaths, he grew up believing that he and his lover Rebecca would form a new breeding cell, helping to raise the next generation of their people. But when Daniel reaches adulthood, he learns that his psychic talents are mediocre at best. He soon finds himself marginalized by the society he dedicated his life to. All Brian Sommers wanted was to raise his family in peace. After five years in the Empire's elite Psi Ops Division, he and his polyamorous partners were ready to settle down as a breeding cell. But when an old enemy threatens the security of the Collective, Brian is drawn back into a world of espionage, paranoia and covert action. Now these two men, longtime friends divided by Collective politics, become entangled in a web of lies and deadly secrets. Both will risk everything to prove their worth to the community they love-and neither will emerge unchanged.

#### The Hero with a Thousand Faces

#### Myth and Geology

"This book is the first peer-reviewed collection of papers focusing on the potential of myth storylines to yield data and lessons that are of value to the geological sciences. Building on the nascent discipline of geomythology, scientists and scholars from a variety of disciplines have contributed to this volume. The geological hazards (such as earthquakes, tsunamis, volcanic eruptions and cosmic impacts) that have given rise to myths are considered, as are the sacred and cultural values associated with rocks, fossils, geological formations and landscapes. There are also discussions about the historical and literary perspectives of geomythology. Regional coverage includes Europe and the Mediterranean, Afghanistan, Cameroon, India, Australia, Japan, Pacific islands, South America and North America. Myth and Geology challenges the widespread notion that myths are fictitious or otherwise lacking in value for the physical sciences." -- BOOK JACKET.

#### The Production of Space

Henri Lefebvre has considerable claims to be the greatest living philosopher. His work spans some sixty years and includes original work on a diverse range of subjects, from dialectical materialism to architecture, urbanism and the experience of everyday life. The Production of Space is his major philosophical work and its translation has been long awaited by scholars in many different fields. The book is a search for a reconciliation between mental space (the space of the philosophers) and real space (the physical and social spheres in which we all live). In the course of his exploration, Henri Lefebvre moves from metaphysical and ideological considerations of the meaning of space to its experience in the everyday life of home and city. He seeks, in other words, to bridge the gap between

the realms of theory and practice, between the mental and the social, and between philosophy and reality. In doing so, he ranges through art, literature, architecture and economics, and further provides a powerful antidote to the sterile and obfuscatory methods and theories characteristic of much recent continental philosophy. This is a work of great vision and incisiveness. It is also characterized by its author's wit and by anecdote, as well as by a deftness of style which Donald Nicholson-Smith's sensitive translation precisely captures.

### Tragedy and Myth in Ancient Greece

Latin America is experiencing a boom in graphic novels that are highly innovative in their conceptual play and their reworking of the medium. Inventive artwork and sophisticated scripts have combined to satisfy the demand of a growing readership, both at home and abroad. *Posthumanism and the Graphic Novel in Latin America*, which is the first book-length study of the topic, argues that the graphic novel is emerging in Latin America as a uniquely powerful force to explore the nature of twenty-first century subjectivity. The authors place particular emphasis on the ways in which humans are bound to their non-human environment, and these ideas are productively drawn out in relation to posthuman thought and experience. The book draws together a range of recent graphic novels from Argentina, Brazil, Chile, Mexico and Uruguay, many of which experiment with questions of transmediality, the representation of urban space, modes of perception and cognition, and a new form of ethics for a posthuman world. Praise for *Posthumanism and the Graphic Novel in Latin America* '...well-referenced and... well considered - the analyses it brings are overall well-executed and insightful...' *Image and Narrative*, Jan 2018, vol 18, no 4

A unique exploration of the history of the bicycle in cinema, from Hollywood blockbusters and slapstick comedies to documentaries, realist dramas, and experimental films. *Cycling and Cinema* explores the history of the bicycle in cinema from the late nineteenth century through to the present day. In this new book from Goldsmiths Press, Bruce Bennett examines a wide variety of films from around the world, ranging from Hollywood blockbusters and slapstick comedies to documentaries, realist dramas, and experimental films, to consider the complex, shifting cultural significance of the bicycle. The bicycle is an everyday technology, but in examining the ways in which bicycles are used in films, Bennett reveals the rich social and cultural importance of this apparently unremarkable machine. The cinematic bicycles discussed in this book have various functions. They are the source of absurd comedy in silent films, and the vehicles that allow their owners to work in sports films and social realist cinema. They are a means of independence and escape for children in melodramas and kids' films, and the tools that offer political agency and freedom to women, as depicted in films from around the world. In recounting the cinematic history of the bicycle, Bennett reminds us that this machine is not just a practical means of transport or a child's toy, but the vehicle for a wide range of meanings concerning individual identity, social class, nationhood and belonging, family, gender, and sexuality and pleasure. As this book shows, two hundred years on from its invention, the bicycle is a revolutionary technology that retains the power to transform the world.

## Cycling and Cinema

This text explores, in both historical and critical contexts, the evolution of folk tales and fairy tales, their influence on popular beliefs, the politics behind them and their incorporation in mass media culture today. It focuses particularly on socio-historical forces which have changed the function of fairy tales since the 1700s.

## Forthcoming Books

A free open access ebook is available upon publication. Learn more at [www.luminosoa.org](http://www.luminosoa.org). Tens of thousands of Eritreans make perilous voyages across Africa and the Mediterranean Sea every year. Why do they risk their lives to reach European countries where so many more hardships await them? By visiting family homes in Eritrea and living with refugees in camps and urban peripheries across Ethiopia, Sudan, and Italy, Milena Belloni untangles the reasons behind one of the most under-researched refugee populations today. Balancing encounters with refugees and their families, smugglers, and visa officers, *The Big Gamble* contributes to ongoing debates about blurred boundaries between forced and voluntary migration, the complications of transnational marriages, the social matrix of smuggling, and the role of family expectations, emotions, and values in migrants' choices of destinations.

## Strange Practice

This title documents the burgeoning eco art movement from A to Z, presenting a panorama of artistic responses to environmental concerns, from Ant Farms anti-consumer antics in the 1970s to Marina Zurkows 2007 animation that anticipates the havoc wreaked upon the planet by global warming.

## The Culture of Cities

The ultimate book on the worldwide movement of hackers, pranksters, and activists collectively known as Anonymous—by the writer the Huffington Post says “knows all of Anonymous’ deepest, darkest secrets” “A work of anthropology that sometimes echoes a John le Carré novel.” —Wired Half a dozen years ago, anthropologist Gabriella Coleman set out to study the rise of this global phenomenon just as some of its members were turning to political protest and dangerous disruption (before Anonymous shot to fame as a key player in the battles over WikiLeaks, the Arab Spring, and Occupy Wall Street). She ended up becoming so closely connected to Anonymous that the tricky story of her inside–outside status as Anon confidante, interpreter, and erstwhile mouthpiece forms one of the themes of this witty and entirely engrossing book. The narrative brims with details unearthed from within a notoriously mysterious subculture, whose semi-legendary tricksters—such as Topiary, tflow, Anachaos, and Sabu—emerge as complex, diverse, politically and culturally sophisticated people. Propelled by years of chats and encounters with a multitude of hackers, including imprisoned activist Jeremy Hammond and the double agent who helped put him away, Hector Monsegur, Hacker, Hoaxer, Whistleblower, Spy is filled with insights into the meaning of digital activism and little understood facets of culture in the Internet age, including the history of “trolling,” the ethics and metaphysics of hacking, and the origins and manifold meanings of “the lulz.”

## To Life!

No river has kindled Man`s imagination like the Ganges. From its icy origins high in the Himalayas, this sacred river flows through the holy cities and the great plains of northern India to the Bay of Bengal. In a country where the red heat of summer inspires prayer for the coming monsoon, the life-giving waters of the Ganges have assumed legendary powers in the form of the Hindu goddess Ganga, the source of creation and abundance. Pilgrims flock to her shores to cleanse and purify themselves, to cure ailments, and to die that much closer to paradise. Steven Darian writes of the human experience and the legendary myths that surround the Ganges. While collecting material for this book, Dr. Darian

lived by the Ganges, explored her shores, and was a pilgrim to the Ganga Sagar festival at Sagar Island off Calcutta where the sacred river and the ocean merge.

What makes a reading experience »powerful«? This volume brings together literary scholars, linguists, and empirical researchers who tackle the question by investigating the effects and reader responses generated by selected extracts of literary prose. The twelve contributions theorize this widely-used, but to date insufficiently studied notion, and provide insights into the therefore still mysterious-seeming power of literary fiction. The collection explores a variety of stylistic as well as readerly and psychological features responsible for short- and long-term effects - topics of great interest to those interested or specialized in literary studies and narratology, (cognitive) stylistics, empirical literary studies and reader response theory.

#### ABM

To this day, no comprehensive academic study of the development of guidebooks to Rome over time has been performed. This book treats the history of guidebooks to Rome from the Middle Ages up to the early twentieth century. It is based on the results of the interdisciplinary research project Topos and Topography, led by Anna Blennow and Stefano Fogelberg Rota. From the case studies performed within the project, it becomes evident that the guidebook as a phenomenon was formed in Rome during the later Middle Ages and early Renaissance. The elements and rhetorical strategies of guidebooks over time have shown to be surprisingly uniform, with three important points of development: a turn towards

a more user-friendly structure from the seventeenth century and onward; the so-called 'Baedeker effect' in the mid-nineteenth century; and the introduction of a personalized guiding voice in the first half of the twentieth century. Thus, the 'guidebook tradition' is an unusually consistent literary oeuvre, which also forms a warranty for the authority of every new guidebook. In this respect, the guidebook tradition is intimately associated with the city of Rome, with which it shares a constantly renovating yet eternally fixed nature.

### General History of Africa

"An Earth-man's journey to the planet Mars, where he is treated to a wondrous vision of a communist future, complete with flying cars and 3D color movies." —Wonders & Marvels A communist society on Mars, the Russian revolution, and class struggle on two planets is the subject of this arresting science fiction novel by Alexander Bogdanov (1873–1928), one of the early organizers and prophets of the Russian Bolshevik party. The red star is Mars, but it is also the dream set to paper of the society that could emerge on earth after the dual victory of the socialist and scientific-technical revolutions. While portraying a harmonious and rational socialist society, Bogdanov sketches out the problems that will face industrialized nations, whether socialist or capitalist. "[A] surprisingly moving story." —The New Yorker "The contemporary reader will marvel at [Bogdanov's] foresight: nuclear fusion and propulsion, atomic weaponry and fallout, computers, blood transfusions, and (almost) unisexuality." —Choice "Bogdanov's novels reveal a great deal about their fascinating author, about his time and, ironically, ours, and about the genre of utopia as well as his contribution to it." —Slavic Review

### Powerful Prose

Science fiction emerged in Russia considerably earlier than its English version and instantly became the hallmark of Russian modernity. We Modern People investigates why science fiction appeared here, on the margins of Europe, before the genre had even been named, and what it meant for people who lived under conditions that Leon Trotsky famously described as "combined and uneven development." Russian science fiction was embraced not only in literary circles and popular culture, but also by scientists, engineers, philosophers, and political visionaries. Anindita Banerjee explores the handful of well-known early practitioners, such as Briusov, Bogdanov, and Zamyatin, within a much larger continuum of new archival material comprised of journalism, scientific papers, popular science texts, advertisements, and independent manifestos on social transformation. In documenting the unusual relationship between Russian science fiction and Russian modernity, this book offers a new critical perspective on the relationship between science, technology, the fictional imagination, and the consciousness of being modern.

<http://dx.doi.org/10.12946/gplh3> <http://www.epubli.de/shop/buch/48746> "Spanish colonial law, derecho indiano, has since the early 20th century been a vigorous subdiscipline of legal history. One of great figures in the field, the Argentinian legal historian Víctor Tau Anzoátegui, published in 1997 his *Nuevos horizontes en el estudio histórico del derecho indiano*. The book, in which Tau addressed seminal methodological questions setting tone for the discipline's future orientation, proved to be the starting point for an important renewal of the discipline. Tau drew on the writings of legal historians, such as Paolo Grossi, Antonio Manuel Hespanha, and Bartolomé Clavero. Tau emphasized the development of legal history in connection to what he called "the posture superseding rational and statutory state law." The following features of normativity were now in need of increasing scholarly attention: the autonomy of different levels of social organization, the different modes of normative creativity, the many different notions of law and justice, the position of the jurist as an artifact of law, and the casuistic character of the legal decisions. Moreover, Tau highlighted certain areas of Spanish colonial law that he thought deserved more attention than they had hitherto received. One of these was the history of the learned jurist: the letrado was to be seen in his social, political, economic, and bureaucratic context. The Argentinian legal historian called for more scholarly works on book history, and he thought that provincial and local histories of Spanish colonial law had been studied too little. Within the field of historical science as a whole, these ideas may not have been revolutionary, but they contributed in an important way to bringing the study of Spanish colonial law up-to-date. It is beyond doubt that Tau's programmatic visions have been largely fulfilled in the past two decades. Equally manifest is, however, that new challenges to legal history and Spanish colonial law have emerged. The challenges of globalization are felt both in the historical and legal sciences, and not the least in the field of legal

history. They have also brought major topics (back) on to the scene, such as the importance of religious normativity within the normative setting of societies. These challenges have made scholars aware of the necessity to reconstruct the circulation of ideas, juridical practices, and researchers are becoming more attentive to the intense cultural translation involved in the movement of legal ideas and institutions from one context to another. Not least, the growing consciousness and strong claims to reconsider colonial history from the premises of postcolonial scholarship expose the discipline to an unseen necessity of reconsidering its very foundational concepts. What concept of law do we need for our historical studies when considering multi-normative settings? How do we define the spatial dimension of our work? How do we analyze the entanglements in legal history? Until recently, Spanish colonial law attracted little interest from non-Hispanic scholars, and its results were not seen within a larger global context. In this respect, Spanish colonial law was hardly different from research done on legal history of the European continent or common law. Spanish colonial law has, however, recently become a topic of interest beyond the Hispanic world. The field is now increasingly seen in the context of "global legal history," while the old and the new research results are often put into a comparative context of both European law of the early Modern Period and other colonial legal orders. In this volume, scholars from different parts of the Western world approach Spanish colonial law from the new perspectives of contemporary legal historical research."

#### Rome and The Guidebook Tradition

In the midst of spiraling ecological devastation, multispecies feminist theorist Donna J. Haraway offers provocative new ways to reconfigure our relations to the earth and all its inhabitants. She eschews referring to our current epoch as the Anthropocene, preferring to conceptualize it as what she calls the Chthulucene, as it more aptly and fully describes our epoch as one in which the human and nonhuman are inextricably linked in tentacular practices. The Chthulucene, Haraway explains, requires sym-poiesis, or making-with, rather than auto-poiesis, or self-making. Learning to stay with the trouble of living and dying together on a damaged earth will prove more conducive to the kind of thinking that would provide the means to building more livable futures. Theoretically and methodologically driven by the signifier SF—string figures, science fact, science fiction, speculative feminism, speculative fabulation, so far—*Staying with the Trouble* further cements Haraway's reputation as one of the most daring and original thinkers of our time.

#### Red Star

Have you ever wondered what left behind those prints and tracks on the seashore, or what made those marks or dug those holes in the dunes? *Life Traces of the Georgia Coast* is an up-close look at these traces of life and the animals and plants that made them. It tells about the how the tracemakers lived and how they interacted with their environments. This is a book about ichnology (the study of such traces), a wonderful way to learn about the behavior of organisms, living and long extinct. *Life Traces* presents an overview of the traces left by modern animals and plants in this biologically rich region; shows how life traces relate to the environments, natural history, and behaviors of their tracemakers; and applies that knowledge toward a better understanding of the fossilized traces that ancient life left in the geologic record. Augmented by numerous illustrations of traces made by both ancient and modern organisms, the book shows how ancient trace fossils directly relate to modern traces and tracemakers, among them, insects, grasses, crabs, shorebirds, alligators, and sea turtles. The result is an aesthetically appealing and scientifically accurate book that will serve as both a source book for scientists and for anyone interested in the natural history of the Georgia coast.

I Saw a Faint Smudge of Black Appear in the Upper Part and after that Others Indistinct and Wavering of Outline I Held the Negative up to the Light the Marks Were Rather Small and Were Almost Entirely Confined to One End of the Plate but as I Have Said Lacked Definiteness Yet Such as They Were They Were Sufficient To Make Me Very Excited and I Shove the Thing Quickly Back into the Solution for some Minutes Further I Watched It Lifting It Out Once or Twice To Make a More Exact Scrutiny but Could Not Imagine What the Markings Might Represent until Suddenly It Occurred to Me but in One of Two Places They Certainly Had Shape Suggestive of a Cross Hilted Dagger yet the Shapes Were Sufficiently Indefinite To Make Me Careful Not To Let Myself Be Over Impressed by the Uncomfortable Resemblance though I Must Confess

But Could Not Imagine What the Markings Might Represent until Suddenly It Occurred to Me but in One of Two Places They Certainly Had Shape Suggestive of a Cross Hilted Dagger yet the Shapes Were Sufficiently Indefinite To Make Me Careful Not To Let Myself Be Over Impressed by the Uncomfortable Resemblance though I Must Confess the Very Thought Was Sufficient To Set some Thrills Adrift in Me I Carried Development a Little Further Then Put the Negative into the Hypo and Commenced Work upon the Other Plate this Came Up Nicely and Very Soon I Had a Really Decent Negative That Appeared Similar in every Respect except for the Difference of Lighting to the Negative I Had Taken during the Previous Day I Fixed the Plate Then Having Washed both It the Unexposed One for a Few Minutes under the Tap

Negative That Appeared Similar in every Respect except for the Difference of Lighting to the Negative I Had Taken during the Previous Day I Fixed the Plate Then Having Washed both It the Unexposed One for a Few Minutes under the Tap I Put Them into Methylated Spirits for 15 Minutes after Which I Carried Them into the Photographer's Kitchen and Dried Them in the Oven whilst the Two Plates Were Drying the Photographer and I Made an Enlargement from the Negative I Had Taken by Daylight Then We Did the Same with the Two That I Just Developed Washing Them As Quickly as Possible When this Was Done I Took Them to the Window Made a Thorough Examination Commencing with the One That Appeared To Show Shadowy Daggers in Several Places Yet though It Was Now Enlarged I Was Still Unable To Feel Convinced that the Marks Truly Represented Anything Abnormal and because of this I Put It on One Side Determined Not To Let My Imagination Play Too Large a Part in Constructing Weapons out of the Indefinite Outlines I Took Up the Two Other Enlargements both of the Chancel as You Will Remember and Commence To Compare Them for some Minutes I Examine Them without Being Able To Distinguish any Difference in the Scene They Portrayed As You Will Remember and Commence To Compare Them for some Minutes I Examine Them without Being Able To Distinguish any Difference in the Scene They Portrayed and Then Abruptly I Saw Something in Which They Varied in the Second Enlargement the One Made from the Flashlight Negative the Dagger Was Not in Its Sheath Yet I Had Felt Sure It Was There but a Few Minutes before I Took the Photograph after this Discovery I Began To Compare the Two Enlargements in a Very Different Manner from My Previous Scrutiny I Borrowed a Pair of Calipers from the Photographer and with these I Carried Out Her Most Methodical

After this Discovery I Began To Compare the Two Enlargements in a Very Different Manner from My Previous Scrutiny I Borrowed a Pair of Calipers from the Photographer and with these I Carried Out Her Most Methodical and Exact Comparison of the Details Shown in the Two Photographs Suddenly I Came upon Something That Set Me all Tingling with Excitement I through the Calipers Down Paid

the Photographer and Walked Out through the Shop into the Street the Three Enlargements I Took with Me Making Them into a Roll as I Went but the Corner of the Street I Had the Luck To Get a Cab and Was Soon Back at the Castle

I Had the Luck To Get a Cab and Was Soon Back at the Castle I Hurried Up to My Room and Put the Photographs Away Then I Went Down To See whether I Could Find Sir Alfred Janek but Mr George Janek Who Met Me Told Me that His Father Was Too Unwell To Rise and Would Prefer that no One Entered the Chapel unless He Were about Young Janek Made a Half Apologetic Excuse for His Father Remarking that Sir Alfred Janek Was Perhaps Inclined To Be a Little over Careful but that Considering What Had Happened We Must Agree that the Need for His Carefulness Had Been Justified

When the Place Was in Use for Divine Service and for an Hour each for Noon When the Cleaners Were in to All this I Noted Understandingly but When Presently the Young Man Left Me I Took My Duplicate Key and Made for the Door of the Chapel I Went In and Locked It behind Me after Which I Carried Out some Intensely Interesting and Rather Weird Experiments He's Proved Successful to Such an Extent That I Came out of the Place in a Perfect Fever of Excitement I Inquired for Mr George Janek and Was Told that He Was in the Morning Room Come Along I Said When I Had Found Him Please Give Me a Lift I Have Something Exceedingly Strange To Show You

But Came Quickly as We Strode along He Asked Me a Score of Questions - all of Which I Just Shook My Head Asking Him To Wait a Little I Led the Way to the Armoury Here I Suggested that He Should Take One Side of a Dummy Dressed in Half Plate Armour whilst I Took the Other He Nodded They Obviously Vastly Bewildered and Together We Carried the Thing to the Chapel Door When He Saw Me Take Out My Key and Open the Way for Us He Appeared Even More Astonished but Held Himself in Evidently Waiting for Me To Explain

I Took the Other He Nodded They Obviously Vastly Bewildered and Together We Carried the Thing to the Chapel Door When He Saw Me Take Out My Key and Open the Way for Us He Appeared Even More Astonished but Held Himself in Evidently Waiting for Me To Explain We Entered the Chapel and I Locked the Door behind Us after Which We Carted the Armored Dummy up the Aisle to the Gate of the Chancel Rail Where We Put It Down upon Its around Wooden Stand Stand Back I Shouted Suddenly as Young Janek Made a Movement To Open the Gate My God Man You Mustn't Do that Do What He Asked Arf Startled

Well Away on the Right Side I Pressed the Back of the Thing so that It Leant Forward a Little upon the Gate Which Flew Open in the Same Instant the Dummy Was Struck a Tremendous Blow That Hold It into the Aisle the Armor Rattling and Clanging upon the Polished Marble Floor Good God Shouted Young Ja Nok and Ran Back from the Chancel Rail His Face Very White Come and Look at the Thing I Said and Led the Way to Where the Dummy Lay Its Armored Upper Limbs all Splayed Adrift and Queer Contortions I Stooped over It and Pointed There Driven Right through the Thick Steel Breastplate Was the Way Full Dagger Good God Said Young John'ok Again Good God It's the Dagger the Things Been Stabbed Same as Belet

I Stooped over It and Pointed There Driven Right through the Thick Steel Breastplate Was the Way Full Dagger Good God Said Young John'ok Again Good God It's the Dagger the Things Been Stabbed Same as Belet Yes I Replied and Saw Him Glance Swiftly toward the Entrance of the Chapel but I Will Do Him the Justice To Say that He Never Budged an Inch Come and See How It Was Done I Said and Led the Way Back to the Chancel Rail

And Saw Him Glance Swiftly toward the Entrance of the Chapel but I Will Do Him the Justice To Say that He Never Budged an Inch Come and See How It Was Done I Said and Led the Way Back to the Chancel Rail from the Wall to the Left of the Altar I Took Down a Long Curiously Ornamented Iron Instrument Not unlike a Short Spear a Sharp End of this I Inserted in a Hole in the Left-Hand Gate Post of the Chancel Gateway I Lifted Hard and a Section of the Post

But I Will Do Him the Justice To Say that He Never Budged an Inch Come and See How It Was Done I Said and Led the Way Back to the Chancel Rail from the Wall to the Left of the Altar I Took Down a Long Curiously Ornamented Iron Instrument Not unlike a Short Spear a Sharp End of this I Inserted in a Hole in the Left-Hand Gate Post of the Chancel Gateway I Lifted Hard and a Section of the Post from the Floor Upward Bent Inward toward the Altar as though Hinged at the Bottom down It Went Leaving the Remaining Part of the Post Standing

I Took Down a Long Curiously Ornamented Iron Instrument Not unlike a Short Spear a Sharp End of this I Inserted in a Hole in the Left-Hand Gate Post of the Chancel Gateway I Lifted Hard and a Section of the Post from the Floor Upward Bent Inward toward the Altar as though Hinged at the Bottom down It Went Leaving the Remaining Part of the Post Standing as I Bent the Moveable Portion Lower There Came a Quick Click and a Section of the Floor Slid to One Side Showing a Long Shallow Cavity Sufficient To Enclose the Post I Put My Weight to the Lever and Hove the Post Down into the

## Niche

As I Bent the Moveable Portion Lower There Came a Quick Click and a Section of the Floor Slid to One Side Showing a Long Shallow Cavity Sufficient To Enclose the Post I Put My Weight to the Lever and Hove the Post Down into the Niche Immediately There Was a Sharp Clang as some Cats Nicked in and Held It against the Powerful Operating Spring I Went Over Now to the Dummy and after a Few Minutes Work Managed to Wrench the Dagger Loose out of the Armor I Brought the Old Weapon and Placed Its Hilt in a Hole near the Top of the Post Where It Fitted Loosely the Point Upward after that I Went Again to the Lever

And after a Few Minutes Work Managed to Wrench the Dagger Loose out of the Armor I Brought the Old Weapon and Placed Its Hilt in a Hole near the Top of the Post Where It Fitted Loosely the Point Upward after that I Went Again to the Lever and Gave another Strong Heave and the Post Descended about a Foot to the Bottom of the Cavity Catching There with another Clang I Withdrew the Lever and the Narrow Strip of Floor Slid Back Covering Post and Dagger and Looking No Different from the Surrounding

And the Post Descended about a Foot to the Bottom of the Cavity Catching There with another Clang I Withdrew the Lever and the Narrow Strip of Floor Slid Back Covering Post and Dagger and Looking No Different from the Surrounding Surface Then I Shut the Chancel Gate and We both Stood Well to One Side I Took the Spear like Lever and Gave the Gate a Little Push so that It Opened Instantly There Was a Loud Thud

And We both Stood Well to One Side I Took the Spear like Lever and Gave the Gate a Little Push so that It Opened Instantly There Was a Loud Thud and Something Sang through the Air Striking the Bottom Wall of the Chapel It Was the Dagger I Showed Yannick Then that the Other Half of the Post Had Sprung Back into Place Making the Whole Post As Thick as the One upon the Right-Hand Side of the Gate There I Said Turning to the Young Man and Tapping the Divided Post There's the Invisible Thing That Used the Dagger

It Was the Dagger I Showed Yannick Then that the Other Half of the Post Had Sprung Back into Place Making the Whole Post As Thick as the One upon the Right-Hand Side of the Gate There I Said Turning to the Young Man and Tapping the Divided Post There's the Invisible Thing That Used the Dagger but Who the Deuce Is the Person Who Sets the Trap I Looked at Him Keenly as I Spoke My Father Is the Only One Who Has a Key He Said so It's Practically Impossible for Anyone To Get in a Medal I Looked at Him Again but It Was Obvious that He Had Not Yet Reached Out to any Conclusion As I Spoke My Father Is the Only One Who Has a Key He Said so It's Practically Impossible for Anyone To Get in a Medal I Looked at Him Again but It Was Obvious that He Had Not Yet Reached Out to any Conclusion See Here Mr Joe Knock I Said Perhaps Rather Cutter than I Should Have Done Considering What I Had To Say Are You Quite Sure that Sir Alfred Is Quite Balanced Mentally He Looked at Me Are Frightenedly and Flushing a Little I Realized Then How Badly I Put It I

What I Had To Say Are You Quite Sure that Sir Alfred Is Quite Balanced Mentally He Looked at Me Are Frightenedly and Flushing a Little I Realized Then How Badly I Put It I Don't Know He Replied after a Slight Pause and Was Then Silent except for One or Two Incoherent Half Remarks Tell the Truth I Said Haven't You Suspected Something Now and Again You Needn't Be Afraid To Tell Me Well He Answered Slowly I'll Admit I've Thought Father a Little a Little Strange Perhaps at Times but I've Always Tried To Think I Was Mistaken I've Always Hoped no One Else Would See It You See I'm Very Fond of the Old Governor I Nodded

It Had Been Planned and Used in an Earlier Age as a Protection for the Gold Vessels of the Ritual Which Were It Seemed Kept in a Hidden Recess at the Back of the Altar this Recess Sir Alfred John Occurred Utilized Secretly To Store His Wife's Jewellery She Had Died some 12 Years Back and the Young Man Told Me that His Father Had Never Seemed Quite Himself since I Mentioned to Young John Account Puzzled I Was that the Trap Had Been Set before the Service on the Night that the Butler Was Struck

If I Understood Him aright His Father Had Been in the Habit of Setting the Trap Late every Night and Unsetting at each Morning before Anyone Entered the Chapel He Replied that His Father in a Fit of Temporary Forgetfulness Natural Enough in His Neurotic Condition Must Have Set It Too Early and Hence What Had So Nearly Proved a Tragedy That Is about all There Is To Tell the Old Man Is Not So Far as I Could Learn Really Insane in the Popularly Accepted Sense of the Word He Is Extremely Neurotic and Has Developed into a Hypochondriac the Whole Condition Probably Brought About by the Shock and Sorrow Resultant on the Death of His Wife Leading to Years of Sad Brooding Zin to over Much of His Own Company and Thoughts Indeed Young Janek Told Me that His Father Would Sometimes Pray for Hours Together Alone in the Chapel

Must Have Set It Too Early and Hence What Had So Nearly Proved a Tragedy That Is about all There

Is To Tell the Old Man Is Not So Far as I Could Learn Really Insane in the Popularly Accepted Sense of the Word He Is Extremely Neurotic and Has Developed into a Hypochondriac the Whole Condition Probably Brought About by the Shock and Sorrow Resultant on the Death of His Wife Leading to Years of Sad Brooding Zin to over Much of His Own Company and Thoughts Indeed Young Janek Told Me that His Father Would Sometimes Pray for Hours Together Alone in the Chapel Carnacki Made an End of Speaking and Leant Forward for a Spill

That Put Me On to the Track I Saw It once that There Might Be some Mechanical Dodge at the Back of the Hole Queer Business and Nothing at all of an Abnormal Nature I Examined the Post and the Rest Was Simple Enough You Know by the Way He Continued Rising and Going to the Mantelpiece You May Be Interested To Have a Look at the So Called Way Fell'D Dagger Young Janek Was Kind Enough To Present It to Me as a Little Memento of My Adventure He Handed It Round to Us and whilst We Examined It Stood Silent before the Fire Puffing Meditatively at His Pipe Janek Young Janek Was Kind Enough To Present It to Me as a Little Memento of My Adventure He Handed It Round to Us and whilst We Examined It Stood Silent before the Fire Puffing Meditatively at His Pipe Janek and I Made the Trap so that It Won't Work He Remarked after a Few Moments I've Got the Dagger as You See and Old Bell It's Getting About Again so that the Whole Business Can Be Hashed Up Decently All the Same I Fancy the Chapel Will Never Lose Its Reputation as a Dangerous Place Should Be Pretty Safe Now To Keep Valuables in There's Two Things You Haven't Explained Yet I Said What Do You Think Caused the Two Clangy Sounds When You'Re in the Chapel in the Dark I've Got the Dagger as You See and Old Bell It's Getting About Again so that the Whole Business Can Be Hashed Up Decently All the Same I Fancy the Chapel Will Never Lose Its Reputation as a Dangerous Place Should Be Pretty Safe Now To Keep Valuables in There's Two Things You Haven't Explained Yet I Said What Do You Think Caused the Two Clangy Sounds When You'Re in the Chapel in the Dark and You Believe the Soft Ready Sounds Were Real Only a Fancy with Your Being So Worked Up and Tense

I Agreed and the Other Sounds Well the Same Thing I Mean the Extraordinary Quietness May Help To Explain these a Bit They May Have Been some Usual Enough Sound That Would Never Have Been Noticed under Ordinary Conditions or They May Have Been Only Fancy It Is Just Impossible To Say They Were Disgustingly Real to Me as for the Slithery Noise I Am Pretty Sure that One of the Tripod Legs of My Camera Must Have Slipped a Few Inches if It Did So It May Easily Have Jolted the Lens Cap off the Baseboard Would Account for that Queer Little Tap Which I Heard Directly after How Do You Account for the Dagger Being in Its Place above the Altar

It Did So It May Easily Have Jolted the Lens Cap off the Baseboard Would Account for that Queer Little Tap Which I Heard Directly after How Do You Account for the Dagger Being in Its Place above the Altar When You First Examined It that Night I Asked How Could It Be There and at that Very Moment It Was Set in the Trap That Was My Mistake'replied carnacki the Dagger Could Not Possibly Have Been in Its Sheath at the Time

And at that Very Moment It Was Set in the Trap That Was My Mistake'replied carnacki the Dagger Could Not Possibly Have Been in Its Sheath at the Time though I Thought It Was You See the Curious Cross Hilted Sheath Gave the Appearance of the Complete Weapon as You Can Understand the Hilt of the Dagger Protrudes Very Little above the Continued Portion of the Sheath Our Most Inconvenient Arrangement for Drawing Quickly He Nodded Sage Lit a Lot of Us and He Yawned Then Glanced at the Clock

LaShaun Rousselle returns home to Beau Chene, Louisiana, and all hell breaks loose. Ten years ago LaShaun left for Los Angeles to get away from a scandalous past, which included being a suspect in a vicious killing. With whispers about voodoo and how she got away with murder, LaShaun decides to wipe the slate clean and start a new life. She leaves behind the Rousselle family legacy, and her infamous grandmother, Odette, who taught LaShaun too well how to use her psychic powers. Now LaShaun is back in Beau Chene. Monmon Odette is dying, and LaShaun comes home to make peace with her grandmother and the past. She has to fight off greedy relatives out to get Monmon Odette's considerable estate, hostile town folk, and a nasty little demon determined to rule her world. She faces down all challengers with help from sexy deputy Chase Broussard, who puts his reputation on the line because he knows she's not a murderer.

### A Darker Shade of Midnight

Psychic LaShaun Rousselle thought she left her troubles behind when she fled Beau Chene, Louisiana. But when she gets news that her grandmother is dying, LaShaun returns. There she confronts a deadly family feud. Even worse, she quickly realizes that the demon she unwittingly unleashed years ago has been wreaking havoc on her small bayou hometown. With a bloodthirsty loa on the loose, LaShaun fights to stop the killing spree and save the town from destruction. But when she becomes a murder suspect, she teams up with the charming and unlikely ally. Not convinced by local superstition and gossip about LaShaun, Vermilion Parish Deputy Chase Broussard is determined to uncover the true culprit. Together, they battle human evil and the forces of darkness that threaten to consume them both. *A Darker Shade of Midnight* is a thrilling tale of magic, mystery, and murder.

### LaShaun Rousselle Mysteries Box Set (Books 1-3)

Three thrilling mysteries in one collection. Psychic LaShaun Rousselle and Deputy Chase Broussard hunt killers in the swamps of Vermilion Parish, Louisiana. In *A Darker Shade of Midnight*, LaShaun must stop an evil from the supernatural world and prove she's not a murderer. In *Between Dusk and Dawn*, LaShaun and Chase must stop a serial killer who may or may not be all human. In *Only By Moonlight*, LaShaun fights a cult and has to save Chase when he's controlled by an evil force.

### A Darker Shade of Crimson

After Nikki Chase--a smart, ambitious, attractive black economics professor--stumbles over her friend Ella's body during a blackout, she finds herself plunged into the investigation and uncovering some of Harvard's most deeply buried secrets.

### The Girl at Midnight

In this dazzling opener to a new fantasy series that Danielle Page, author of *Dorothy Must Die*, calls "inventive, gorgeous, and epic," a girl caught between two ancient peoples must struggle to find the legendary magic that will end the conflict between them. Beneath the streets of New York City live the Avicen, an ancient race of people with feathers for hair and magic running through their veins. Age-old enchantments keep them hidden from all but one human: Echo, a runaway pickpocket who survives by selling stolen treasures on the black market. The Avicen are the only family Echo has ever known, so when a centuries-old war crests on the borders of her home, she decides it's time to act. Legend has it that to end the conflict once and for all, Echo must find the firebird, a mythical entity believed to possess power the likes of which the world has never seen. It will be no easy task, though if life as a thief has taught Echo anything, it's how to hunt down what she wants . . . and how to take it. [STAR] "Sparks fly. . . . Dreams come true, but so do your nightmares ... 'A highly imaginative urban fantasy that offers a twist on the Arthurian legend as it whisks you away to a dream world full of wonder, mystery and nightmarish danger.' Bex Hogan, author of *ISLES OF STORM AND SORROW* Fern King is about to uncover a place that she could not have imagined in all her wildest dreams. Annwn is the dream mirror of our world, a place where Dreamers walk in their slumber, their dreams playing out all around them. An enchanted, mysterious place that feeds our own world - as without dreams, without a place where our imaginations and minds can be nourished, what kind of humans would we be? But Annwn is a place as full of dangers as it is wonders: it is a place where dreams can kill you. Annwn and its Dreamers are protected by an ancient order known as the Knights - and when Fern's hated twin Ollie is chosen to join their ranks, Fern will have to do whatever she can to prove she is one of them too. But the world Fern discovers in Annwn, in this dream mirror of her London, is a fragile one, threatened by vicious nightmares. Nightmares that are harder and harder for the Knights to defeat. Something dark is jeopardising the peace and stability of Annwn, something that must be rooted out at all costs. And gradually, Fern realises that the danger lurking inside our sleep is more insidious and terrifying than any nightmare. Because if you can influence someone's dreams, you can control their thoughts ...

### Midnight's Twins

From the critically acclaimed author of *In My Dreams I Hold A Knife* and *The Last Housewife* comes *Midnight is the Darkest Hour*, a gothic Southern thriller about a killer haunting a small Louisiana town, where two outcasts—the preacher's daughter and the boy from the wrong side of the tracks—hold the key to uncovering the truth. For fans of *Verity* and *A Flicker in the Dark*, *Midnight is the Darkest Hour* is a twisted tale of murder, obsessive love, and the beastly urges that lie dormant within us all...even the God-fearing folk of Bottom Springs, Louisiana. In her small hometown, librarian Ruth Cornier has always felt like an outsider, even as her beloved father rains fire-and-brimstone warnings from the pulpit at Holy Fire Baptist. Unfortunately for Ruth, the only things the townspeople fear more than the God and the Devil are the myths that haunt the area, like the story of the Low Man, a vampiric figure said to steal into sinners' bedrooms and kill them on moonless nights. When a skull is found deep in the swamp next to mysterious carved symbols, Bottom Springs is thrown into uproar—and Ruth realizes only she and Everett, an old friend with a dark past, have the power to comb the town's secret underbelly in search of true evil. A dark and powerful novel like fans have come to expect from Ashley Winstead, *Midnight is the Darkest Hour* is an examination of the ways we've come to expect love, religion, and stories to save us, the lengths we have to go to in order to take back power, and the monstrous work of being a girl in this world. "Where *The Crawdads Sing* meets *Twilight* meets *Thelma and Louise* in

this brilliantly realized, totally original thriller. Absolutely sensational—I couldn't put it down." —Clare Mackintosh, New York Times bestselling author

### The Darker Side of Midnight

Hush . . . don't make a sound . . . not the slightest peep . . . hold your breath . . . the dark can be a dangerous place. If you listen closely, you can hear the whispers. They say, "Once you pick up this book you'll never want to put it down. Billy Van has given birth to a modern masterpiece of terror . . . a compendium . . . a trove. He challenges every fear known to man, and writing it was not easy. Ghosts, ghouls, vampires, werewolves, sycophants, serial killers, demonic entities . . . the list goes on and on." Prepare yourself . . . just don't read these macabre and grotesque tales in the dark. Don't say I didn't warn you.

Winner of the 2004 RITA for Paranormal Romance! The only man she would ever love was more fascinated by the dead than he would ever be with her. Eve Abernathy calls on Lucien Thorpe to assist in ridding her house of the ghosts who haunt it, the amorous ghosts who replay their violent deaths night after night. She tells herself, time and again, that she would never ask for Lucien's help if there was any other option. After all, she has not forgiven him for leaving her waiting at the altar, two years earlier. Lucien still loves Eve, still wants her, but she refuses to listen to reason. He didn't forget her, he simply got engrossed in his work and let a day slip by, and it appears that she will never forgive or forget. Always different, always the odd man out, he knows Eve is the only woman for him. As Lucien and Eve work together to send two earthbound spirits to the other side, they rediscover love. They also uncover a murder mystery that threatens not only their happiness, but their very lives.

Darker Gifts is a journey book of poetry, prose, and photography. However, unlike ROADMAN, it is a psychologically dark trek. Based on the loss of the author's entire family 4 years ago, it is a deep and macabre "road" for the reader--a road that--just like ROADMAN--leads to a new sense of self-realization and epiphany, another form of enlightenment.
