Deep Down Dark

August 2010: the San Jose mine in Chile collapses trapping 33 men half a mile underground for 69 days. Faced with the possibility of starvation and even death, the miners make a pact: if they survive, they will only share their story collectively, as 'the 33'. 1 billion people watch the international rescue mission. Somehow, all 33 men make it out alive, in one of the most daring and dramatic rescue efforts even seen.

Deep Down Dead

Shortlisted for: ****The Kathy Reichs Award for Fearless Female Character**** ****The Cat Amongst the Pigeons Award for Most Exceptional Debut**** ****FINALIST IN THE INTERNATIONAL THRILLER WRITERS AWARDS FOR BEST FIRST NOVEL**** Part-time Florida bounty-hunter Lori Anderson isn't a superhero ... she's a single mum with a lot on her plate. But when her family is threatened, she'll stop at nothing to seek justice, and keep them safe... 'A real cracker' Mark Billingham 'My kind of book' Lee Child 'Like Midnight Run, but much darker ... really, really good' Ian Rankin Six states. Three days. One chance to save her child... Lori Anderson is as tough as they come, managing to keep her career as a fearless Florida bounty hunter separate from her role as single mother to nine-year-old Dakota, who suffers from leukaemia. But when the hospital bills start to rack up, she has no choice but to take her daughter along on a job that will make her a fast buck. And that's when things start to go wrong. The fugitive she's assigned to haul back to court is none other than JT, Lori's former mentor – the man who taught her everything she knows ... the man who also knows the secrets of her murky past. Not only is JT fighting a child exploitation racket operating out of one of Florida's biggest amusement parks, Winter Wonderland, a place where 'bad things never happen', but he's also mixed up with the powerful Miami Mob. With two fearsome foes on their tails, just three days to get JT back to Florida, and her daughter to protect, Lori has her work cut out for her. When they're ambushed at a gas station, the stakes go from high to stratospheric, and things become personal. Breathtakingly fast-paced, both hard-boiled and heart-breaking, Deep Down Dead is a simply stunning debut from one of the most

Deep And Dark And Dangerous

Just before summer begins, 13-year-old Ali finds an odd photograph in the attic. She knows the two children in it are her mother, Claire, and her aunt Dulcie. But who's the third person, the one who's been torn out of the picture? Ali figures she'll find out while she's vacationing in Maine with Dulcie and her four-year-old daughter, Emma, in the house where Ali's mother's family used to spend summers. All hopes for relaxation are quashed shortly after their arrival, though, when the girls meet Sissy, a kid who's mean and spiteful and a bad influence on Emma. Strangest of all, Sissy keeps talking about a girl named Teresa who drowned under mysterious circumstances back when Claire and Dulcie were kids, and whose body was never found. At first Ali thinks Sissy's just trying to scare her with a ghost story, but soon she discovers the real reason why Sissy is so angry. . . . Mary Downing Hahn is at her chilling best in this new supernatural tale that's certain to send shivers down her readers' spines.

You can't leave the past behind...

Deep Down

Now that she's solved her sister's murder, Hallie Michaels has left the army and isn't sure what to do next. Her relationship with deputy Boyd Davies is tentative, there's still distance between her and her father, and she needs a job. The good news is, she hasn't seen a ghost in weeks. All that changes when she gets a call asking her to help an elderly neighbor who is being stalked by black dogs, creatures from the underworld that are harbingers of death. When a black dog appears, Hallie learns, a reaper is sure to follow. And if the dark visions she's suddenly receiving are any indication, it looks like the reaper is now following her. Meanwhile, strange events herald the arrival of ghosts from Boyd's past, ghosts the young deputy isn't ready to face. Refusing Hallie's help, Boyd takes off to deal with the problem on his own, only to find that he's facing something much larger and more frightening than he'd imagined. Stalked by a reaper and plagued by dark visions, Hallie finds she must face her fears and travel into Death's own realm to save those she most loves. Deep Down is the chilling sequel to Wide Open, Deborah Coates's "refreshingly original dark fantasy debut." The Deep

"A strange plague called the 'Gets is decimating humanity on a global scale. It causes people to forget--small things at first, like where they left their keys, then the not-so-small things like how to drive or the letters of the alphabet. Then their bodies forget how to function involuntarily. There is no cure. But far below the surface of the Pacific Ocean, a universal healer hailed as 'ambrosia' has been discovered. In order to study this phenomenon, a special research lab has been built eight miles under the sea's surface. When the station goes incommunicado, a brave few descend through the lightless fathoms in

hopes of unraveling the mysteries lurking at those crushing depths...and perhaps to encounter an evil blacker than anything one could possibly imagine"--Page [4] of cover.

Deep Down in the Jungle...

With the growth of interest in folklore, it becomes increasingly evident that the presentation of a collection needs some rationale more than the fact that traditional materials have been collected and properly annotated. Much has been gathered and is now accessible through journals, archives, and lists. If a corpus of lore is not presented in some way, which bears new light on the process of word-of-mouth transmission, on traditional forms or expressions, or on the group among whom the lore was encountered, there is little reason to present it to the public. This work represents an attempt to present a body of folklore collected among one small group of Black Americans in a neighborhood in South Philadelphia. The author's approach toward collection and presentation has been intensive. He has tried to collect "in depth," and to recreate in his presentation the social background in which the lore was found, and to relate the lore with the life and the values of the group. Abraham's work is a departure

from any past methods of analyzing folklore, and therefore a description of the author's point of view and his method will be given first. The majority of this work was written before his methodology was actually formulated. However throughout the project the object was to illuminate as fully as possible the lore of one small group of African Americans from urban Philadelphia. The methodology, which developed, did so because of this objective more than anything else. Though the formulation of this theory may seem ex post facto, it is included because it clarified much during the rewritings of this book, and more importantly, because it will clarify many matters for the lay reader and for the professional folklorist.

Deep Down Dark

A dramatic account of the 33 miners of the San Jose mine in Chile, in official collaboration with 'The 33' and with the full cooperation of the Chilean authorities behind the daring rescue operation.

Deep Down Popular: A Wish Novel

In the tradition of *Because of Winn-Dixie* comes a charming story of a tomboy in love with the most popular boy in school. 6th-grader Jessie Lou is deeply, madly, passionately in love with Conrad Parker Smith. Too bad she's a tomboy with only one on-again, off-again friend, and hair so short you can't spit on it. Too bad he's the most popular boy in their small-town school. But then Conrad hurts his leg and suddenly can't keep up with his old pursuits anymore. Jessie Lou and Conrad start spending a lot more time together, but she can't help wonder -- is she just a substitute friend? And will Conrad forget her when his leg brace comes off and he's king of the school once again?

Down a Dark Hall

Kit Gordy sees Blackwood Hall towering over black iron gates, and she can't help thinking, This place is evil. The imposing mansion sends a shiver of fear through her. But Kit settles into a routine, trying to ignore the rumors that the highly exclusive boarding school is haunted. Then her classmates begin to show extraordinary and unknown talents. The strange dreams, the voices, the lost letters to family and friends, all become overshadowed by the magic around them. When Kit and her friends realize that Blackwood isn't what it claims to be, it might be too late.

Way Down Deep

An erotic romance...told entirely through text messages. The words he typed were never meant to be read, yet they found their way to her. Two wounded strangers, prisoners of their own lives, brought together by a wayward text. Without ever hearing each other's voices, a friendship blooms between them. Without ever seeing each other's faces, an attraction grows. Without ever touching, the two become lovers. But when words suddenly aren't enough, will this bond be able to tear down the walls that keep them apart...or was it only ever fantasy?

Deep Dark Secrets

In this thriller by the bestselling author of *D for Dead*, a woman is terrorised after returning to the town where she was almost murdered eighteen years ago. The darkest minds hide the deepest secrets . . . Lizzie Kent wasn't supposed to babysit the night she was murdered. She was covering for her best friend, Nell. Nell has lived with the guilt ever since. Eighteen years later Nell returns to the area, desperate to escape a bad relationship after inheriting her aunt's rundown guesthouse. But her return isn't welcomed by everyone—in particular Sam Kent, who blames Nell for his sister's death. And after a few unsettling incidents, it becomes apparent that someone is trying to scare her. Is Sam responsible or has Nell's abusive ex-boyfriend managed to track her down? Or is someone else, with a more sinister agenda, responsible? Previously published as *The Darkness Beneath*. *Deep Dark Secrets* is an astonishing psychological thriller that will appeal to fans of authors like Clare Mackintosh, Cara Hunter, and Paula Hawkins.

Deep Down

A homicide detective hunts down his wife's killers while struggling between his thirst for revenge and a twinge of conscience forbidding him to take the law into his own hands. Homicide Detective Max Rupert never fully accepted his wife's death, even when he believed that a reckless hit-and-run driver was to blame. Haunted by memories both beautiful and painful, he is plagued by feelings of

unfinished business. When Max learns that, in fact, Jenni was murdered, he must come to terms with this new information—and determine what to do with it. Struggling to balance his impulses as a vengeful husband with his obligations as a law enforcement officer, Max devotes himself to relentlessly hunting down those responsible. For most of his life, he has thought of himself as a decent man. But now he's so consumed with anguish and thoughts of retribution that he finds himself on the edge, questioning who he is and what he stands for. On a frozen lake at the US–Canadian border, he wrestles with decisions that could change his life forever, as his rage threatens to turn him into the kind of person he has spent his entire career bringing to justice.

The Deep Dark Descending

From the New York Times bestselling author of the “twisty-mystery” (Vulture) novel *In a Dark, Dark Wood*, *The Woman in Cabin 10*, and *The Turn of the Key* comes Ruth Ware's *The Lying Game*. Isa Wilde knows something terrible has happened when she receives a text from an old friend. Why would Kate summon her and their two friends to the seaside town where they briefly attended the Salten House boarding school together seventeen years ago? The four friends had quickly bonded over the Lying Game—a risky contest that involved tricking fellow boarders and faculty with their lies. Now reunited, Isa, Kate, Thea, and Fatima discover that their past lies had far-reaching effects and criminal implications that threaten them all. In order to protect their reputations, and their friendship, they must uncover the truth about what really happened all those years ago. Atmospheric and twisty, with just the right amount of chill, *The Lying Game* will have readers at the edge of their seats, not knowing who can be trusted in this tangled web of lies.

The Lying Game

The tenth novel in the New York Times bestselling Tracers series is a gripping romantic thriller from the author who “never fails to put me on the edge of my seat” (USA TODAY). The moment detective Reed Novak steps onto the crime scene, he knows the case is going to rock his world. A beautiful young woman murdered at home. No sign of forced entry. No motive. She's obviously not the killer's first victim, and Reed's instincts tell him she won't be his last. Reed's first clue comes via a mysterious text that links to a dating profile, but even more intriguing than the clue is the person who sent it. As a white-hat hacker in the Delphi Center's cyber investigation unit, Laney Knox sneaks into some of the deepest, darkest corners of the Internet looking for predators. Laney would prefer to stay away from Austin PD's most recent murder case, but she can't ignore the chilling similarities between that crime and her own brutal attack years ago. Laney offers to help the sexy lead detective, but he wants more from her than just a promising tip—Reed wants her trust. Laney resists, but as their relationship deepens she's tempted to reveal the closely guarded secrets that could make her a key witness...or the killer's next victim.

The Black Book

Antonio Bernal is a Guatemalan refugee in Los Angeles haunted by memories of his wife and child, who were murdered at the hands of a man marked with yellow ink. In a park near Antonio's apartment, Guillermo Longoria extends his arm and reveals a sinister tattoo—yellow pelt, black spots, red mouth. It is the sign of the death squad, the Jaguar Battalion of the Guatemalan army. This chance encounter between Antonio and his family's killer ignites a psychological showdown between these two men. Each will discover that the war in Central America has migrated with them as they are engulfed by the quemazones—"the great burning" of the Los Angeles riots. A tragic tale of loss and destiny in the

underbelly of an American city, *The Tattooed Soldier* is Pulitzer Prize–winning reporter Héctor Tobar's mesmerizing exploration of violence and the marks it leaves upon us.

The Tattooed Soldier

In this world he's woken up to, Jason's life is not the one he knows. His wife is not his wife. His son was never born. And Jason is not an ordinary college physics professor, but a celebrated genius who has achieved something remarkable. Something impossible. Is it this world or the other that's the dream? And even if the home he remembers is real, how can Jason possibly make it back to the family he loves? The answers lie in a journey more wondrous and horrifying than anything he could've imagined - one that will force him to confront the darkest parts of himself even as he battles a terrifying, seemingly unbeatable foe.

Dark Matter

Thirteen-year-old Anya Sullivan dreams of being an actress. Her twin, Austin, loves creating his own superhero comic books. While out by the pond in the woods, taking reference photos for Austin's newest comic, the twins discover a hole that has been covered up for more than a hundred years. Wondering how deep it is, Austin drops a plank of wood down the hole. They hear no echo, and guess it goes down a very long way. The twins think little about it and leave the pond. However, the very same plank of wood shows up that night at their home. Did Donnie Kent, the creepy neighbor kid, manage somehow to pull it out and then leave it where the twins could find it in hopes of scaring them? Or...did the plank crawl there on its own? Over the next two days, things that shouldn't be alive become alive, and some of the things are terrifying and vicious. Researching on the computer, Austin and Anya learn about the scientist who, long ago, had owned the land with the pond. And he knew the dark secrets of the mysterious, deep hole. But before the twins can properly seal the hole up again, Anya finds herself in a terrifying situation in which only her courage, and skill as an actress, can save her from certain doom.

Ameri-Scares Washington: The Deep Dark Down

Shortlisted for the Bram Stoker Award for the Best Novel of 2020. 'Beautifully written, thoroughly absorbing and totally terrifying.' said C.J. Tudor, bestselling author of *The Chalk Man* A spine-tingling novel that 'blends psychological thriller and eerie gothic ghost story to create something truly haunting' wrote the Daily Mirror Someone - or something - is haunting the Titanic. Deaths and disappearances have plagued the vast liner from the moment she began her maiden voyage on 10 April 1912. Four days later, caught in what feels like an eerie, unsettling twilight zone, some passengers - including millionaire Madeleine Astor and maid Annie Hebbley - are convinced that something sinister is afoot. And then disaster strikes. Four years later and the world is at war. Having survived that fateful night, Annie is now a nurse on board the Titanic's sister ship, the Britannic, refitted as a hospital ship. And she is about to realise that those demons from her past and the terrors of that doomed voyage have not finished with her yet . . . Bringing together Faustian pacts, the occult, tales of sirens and selkies, guilt and revenge, desire and destiny, *The Deep* offers a thrilling, tantalizing twist on one of the world's most famous tragedies.

The Deep

Thousands of years hence, many races inhabit a universe where a mind's potential is determined by its location in space - from superintelligent entities in the Transcend, to the limited minds of the Unthinking Depths, where only simple creatures and technology can function. Nobody knows what strange force partitioned space into these 'zones of thought', but when the warring Straumli realm use an ancient Transcendent artefact as a weapon, they unwittingly unleash an awesome power that destroys thousands of worlds and enslaves all natural and artificial intelligence. Fleeing the threat, a family of scientists, including two children, are taken captive by the Tines - an alien race with a harsh medieval culture - and used as pawns in a ruthless power struggle. A rescue party, not entirely composed of humans, must free the children - and retrieve a secret that may save the rest of interstellar civilization.

A Fire Upon the Deep

ONE OF NPR'S BEST BOOKS OF 2019 The water-breathing descendants of African slave women tossed overboard have built their own underwater society—and must reclaim the memories of their

past to shape their future in this brilliantly imaginative novella inspired by the Hugo Award–nominated song “The Deep” from Daveed Diggs’s rap group Clipping Yetu holds the memories for her people—water-dwelling descendants of pregnant African slave women thrown overboard by slave owners—who live idyllic lives in the deep. Their past, too traumatic to be remembered regularly, is forgotten by everyone, save one—the historian. This demanding role has been bestowed on Yetu. Yetu remembers for everyone, and the memories, painful and wonderful, traumatic and terrible and miraculous, are destroying her. And so, she flees to the surface, escaping the memories, the expectations, and the responsibilities—and discovers a world her people left behind long ago. Yetu will learn more than she ever expected to about her own past—and about the future of her people. If they are all to survive, they’ll need to reclaim the memories, reclaim their identity—and own who they really are. Inspired by a song produced by the rap group Clipping for the This American Life episode “We Are In The Future,” The Deep is vividly original and uniquely affecting.

Down at the Bottom of the Deep Dark Sea

“Science fiction at its best, a realistic tale of exploration and danger, written by a man who knows the details of deep-sea exploration firsthand.” —Ben Bova, Hugo Award-winning author With a crew of seven, the Challenger sea lab submerges three miles below the waves for a one-year mission to study the hidden world of the deep black sea. How is it that sea animals can live and reproduce in water that should boil them on the thermal vents known as “black smokers?” Superheated water that is full of toxins and heavy metals and contains almost no oxygen should be void of life on planet Earth—and yet it is teeming with it. The answer to the puzzle lies in the bacteria. Researcher Ted Bell is a NASA scientist with his own agenda: getting humans to Mars. When he purposefully infects a member of the crew in an attempt to harness the power of the *Deinococcus radiodurans* bacteria, he quickly loses control and unleashes a terrifying new creature. His botched experiment quickly becomes a battle for survival—three miles below the surface. With the research vessel nearing catastrophic failure, and terrifying alien life forms running wild through the ship, the crew must figure out a way to battle something that is no longer human while trying desperately to reach the surface alive. “Crichton at his best is the main author who comes to mind as a comparable influence when reading *Deep Black Sea* . . . The informative and fascinating science that fills each page really elevates this book to a higher grade.” —Horror Novel Reviews

IF YOU GO DOWN DEEP ENOUGH, YOU FIND ALL SORTS OF THINGS In her second collection from Trepidatio Publishing, award-winning author Gemma Files takes her readers on journeys out beyond safe borders—from the trackless depths of the sea, to the empty desert frontiers of the Weird West, even to the edges of cracks between worlds. Here, in these narrow spaces between the known and the unknown, behind the paper-thin curtains of reality, lurk monsters both human and ancient: selkies and avenging revenants, voodoo priestesses and pirate sorcerers, ghosts and vampires, and the most famous murderer of all time. But however strange the things found in these deep places, what draws them up, and calls them back, are forces the human heart knows all too well: grief and vengeance, rage and loss . . . and, most terrible of all, love. Published over the past fifteen years—some only available online until now—these fantasies of the darkest kind showcase the breadth and scope of Gemma Files's imagination, seamlessly blending styles, genres, themes, and atmospheres into a dark and thrilling voice like nothing else in fiction today. Newcomers and old friends both are invited to join her in these journeys . . . if they dare to look upon what has been— DRAWN UP FROM DEEP PLACES

The Dark Half

Although Ruby seemed to just appear out of thin air on the steps of the courthouse on the first day of summer in 1944, no one in Way Down Deep, West Virginia, ever worried too much about where the toddler came from. They figured that if Ruby's people were dumb enough to lose something as valuable as a child, then that was their problem. So even though Ruby can't help but wonder where she came from, she has led a joyful and carefree life in Way Down Deep, loved and watched over by Miss Arbutus – proprietor of The Roost, the local boardinghouse – the residents of The Roost, and the rest of the town. But when Ruby is twelve, a new family moves to Way Down Deep, and they inadvertently provide enough clues about Ruby's past that she is able to find her own people. Ruby travels from Way Down Deep to the top of Yonder Mountain to learn who she really is – only to find that she is bound to Way Down Deep by something even stronger than family ties: love. With a touch of fairy-tale magic and a lot of heart, Ruth White explores just what it is that makes a place truly home. Way Down Deep is a 2008 Bank Street - Best Children's Book of the Year.

Way Down Deep

Alice in Wonderland (also known as Alice's Adventures in Wonderland), from 1865, is the peculiar and imaginative tale of a girl who falls down a rabbit-hole into a bizarre world of eccentric and unusual creatures. Lewis Carroll's prominent example of the genre of "literary nonsense" has endured in popularity with its clever way of playing with logic and a narrative structure that has influenced generations of fiction writing.

CHOSEN AS A BOOK OF THE YEAR BY THE GUARDIAN, SUNDAY TIMES, DAILY MAIL, FINANCIAL TIMES, DAILY EXPRESS AND i PAPER 'A superb historical mystery: inventive, twisty, addictive and utterly beguiling... A TRIUMPH' Will Dean 'If you read one book this year, make sure it's this one' Daily Mail Three impossible crimes Two unlikely detectives One deadly voyage It's 1634 and Samuel Pippis, the world's greatest detective, is being transported from the Dutch East Indies to Amsterdam, where he is set to face trial for a crime that no one dares speak of. But no sooner is the ship out to sea than devilry begins to blight the voyage. Strange symbols appear on the sails. A figure stalks the decks. Livestock are slaughtered. Passengers are plagued with ominous threats, promising them three unholy miracles. First: an impossible pursuit. Second: an impossible theft. Then: an impossible murder. With Pippis imprisoned in the depths of the ship, can his loyal bodyguard, Arent Hayes solve the mystery before the ship descends into anarchy? A beguiling historical mystery from the award-winning author of the dazzling The Seven Deaths of Evelyn Hardcastle. 'Wildly inventive, Turton's tale defies definition as either historical fiction or crime novel, but provides all the pleasures of both genres and more. No novel this year was more fun to read' Sunday Times 'A glorious mash-up of William Golding and Arthur Conan Doyle' Val McDermid 'A locked room murder mystery... by way of Treasure Island' Guardian SELECTED FOR THE BBC TWO BOOK CLUB BETWEEN THE COVERS AND THE RADIO 2 JO WHILEY BOOK CLUB SHORTLISTED FOR THE HWA GOLD CROWN SHORTLISTED FOR THE GOLDSBORO BOOKS GLASS BELL AWARD SHORTLISTED FOR THE CWA IAN FLEMING STEEL DAGGER AWARD

The Devil and the Dark Water

The prequel to A Fire Upon The Deep, this is the story of Pham Nuwen, a small cog in the interstellar trading fleet of the Queng Ho. The Queng Ho and the Emergents are orbiting the dormant planet Arachna, which is about to wake up to technology, but the Emergents' plans are sinister.

The unmissable new book from the bestselling, prize-winning author of Landmarks, The Old Ways and The Lost Words Discover the hidden worlds beneath our feet... In Underland, Robert Macfarlane takes a dazzling journey into the concealed geographies of the ground beneath our feet - the hidden regions beneath the visible surfaces of the world. From the vast below-ground mycelial networks by which trees communicate, to the ice-blue depths of glacial moulins, and from North Yorkshire to the Lofoten Islands, he traces an uncharted, deep-time voyage. Underland a thrilling new chapter in Macfarlane's long-term exploration of the relations of landscape and the human heart. 'He is the great nature writer, and nature poet, of this generation' Wall Street Journal 'Packed with stories based in geography, history, myth,

gossip, legend, religion, geology and the natural world. Macfarlane's writing moves and enthralls' The Times on The Old Ways 'Irradiated by a profound sense of wonder... Few books give such a sense of enchantment; it is a book to give to many, and to return to repeatedly' Independent on Landmarks

We all live our lives carrying secrets we cannot disclose. 'Beguiling... Murakami is brilliant at folding the humdrum alongside the supernatural; finding the magic that's nested in life's quotidian details' Guardian When a thirty-something portrait painter is abandoned by his wife, he holes up in the mountain home of a famous artist. The days drift by, spent painting, listening to music and drinking whiskey in the evenings. But then he discovers a strange painting in the attic and unintentionally begins a strange journey of self-discovery that involves a mysterious ringing bell, a precocious thirteen-year-old girl, a Nazi assassination attempt and a haunted underworld. A stunning work of imagination, Killing Commendatore is a surreal tale of love and loneliness, war and art.

My Husband, My Enemy (Part One)

Lies and betrayal. Denial and stupidity. Violence and rage. What do you do when you find out that the person you can't trust is your husband? You have married a pretender, with cruel intentions, that has been showing fake love to you, a pathological liar that is tormenting you with your son and determined to destroy you. My husband became my enemy when he lied for his gain, ran off with our son, and tried to turn loved ones against me. While in the eye of the storm trying to escape the darkness I prayed, had faith, and stood on God's promises. I had to realize my strength after my weakness was taken advantage of.

The Peaceful Wife

In today's world, women are often rewarded for having type A personalities. Driven, demanding women achieve higher positions, better salaries, and praise for their ambition. They learn to be confident, take-charge leaders who can handle anything on their own. Yet when it comes to their marriages, those same traits can backfire. After all, no one goes into marriage hoping for a promotion. What is a wife to do? April Cassidy knows this struggle firsthand. She thought she was a great Christian wife and begged God to make her passive husband into a more loving, involved, godly leader. Instead, God opened her eyes to changes that she needed to make, such as laying down her desire for control and offering genuine, unconditional respect--not just love--to her husband. *The Peaceful Wife* focuses on Cassidy's experience and its life-changing properties, providing a template for others to follow. Cassidy's conclusions may be as shocking to readers as they were to her, but she backs up her own tale with stories from her blog readers, and also includes recommendations for further study. She walks through baby steps on how to change, addressing questions such as: -What is respect? -How can you show respect? -How is being respectful different from being loving? In the end, *The Peaceful Wife* is a powerful path to God's design for women to live in full submission to Christ as Lord.

When Did I Become the Enemy?

About the Book When did i become the enemy? When you keep GOD in every situation, it makes what you're going through easier. But sometimes it can be hard to stay true to yourself as a child of GOD when you're treated badly by those who are closest to you, sometimes with no explanation at all. During those times when your faith is tested, it can be hard to not let others' nastiness dictate how you act or change who you are, especially when temptation sets in to get mad—and then even. Author Katrina Brooks is no stranger to this phenomenon and shares her personal experiences learning to let go and let GOD lead you. Through her testimonial, discover the importance of remaining who you are as a child of GOD through all obstacles and staying focused on pleasing GOD, who is always on your side. Keep your faith in Him and know He will work it out. About the Author Katrina Brooks has three daughters and one grandson who make up her world. She and her children are true believers in the value of public service, working to feed the homeless, donating clothing, toys, toiletries, and other items to those in need. Brooks loves to cook, read, write, listen to the Word, and spend time with her family and friends. In her spare time, she enjoys both traveling and entertaining at her home, hosting dinner parties, movie nights, brunches, and barbecues.

Living with the Enemy

This book reconstructs the trials and tribulations of the colorful individuals accused of collaboration with the Germans in southwestern France.

My Husband, My Enemy

'My Husband, My Enemy' is a heartfelt account of a marriage, from its early happy days, through mental abuse and violence to divorce.

Annotations Upon King Henry V. and King Henry VI. Part I.

The northern part of Loudoun County was a Unionist enclave in Confederate Virginia that remained a contested battleground for armies and factions of all stripes throughout the Civil War. Lying between the Blue Ridge Mountains, Harpers Ferry, and Washington, D.C., the Loudoun Valley provided a natural corridor for commanders on both sides, while its mountainous fringes were home to partisans, guerillas, deserters and smugglers. This detailed history examines the conflicting loyalties in the farming

communities, the peaceful Quakers caught in the middle, and the political underpinnings of Unionist Virginia.

Colburn's United Service Magazine and Naval Military Journal

Considers S. 531 and similar bills, to amend the Trading with the Enemy Act and the War Claims Act to permit the return of property to certain individuals who have become US citizens since vesting of their property by the Alien Property Custodian, and to provide for payment of certain American war damage claims. Includes "Brief Against Confiscation," David Ginsburg, July 9, 1959 (p. 273-339).

Between Reb and Yank

The Jainism has divided the rotations of the wheel of time in two on the basis of their outcome. During the utsarpini period the Joys increase gradually and during avasarpini the woe multiply. Sixty-three men who influence the life on this planet are born during both utsarpini and avasarpini. They are called Tirthankars Chakravarties Vasudevas and Prativasudevas. In this saga the life and times of the distinguished sixteen that were born during the present avasarpini times is described vividly.

King Henry V. King Henry VI, part I-III

Raised in a not-so-perfect environment, she thought she had found him. The man of her dreams. The one who would take all of her pain away. Married to a minister, she would now have the life she had always hoped for...wouldn't she? What happens when a naive girl marries the man of her dreams and realizes that dream is a nightmare? My Husband, My Pastor, My Devil is the unbelievable true story of one woman who lived such a nightmare. It is a story of love, a story of devotion, but ultimately a story of betrayal. It is a story of survival in a stranger-than-fiction saga of abuse in the house of God. Is it possible to turn a nightmare into hope and survival against all odds? Find out in My Husband, My Pastor, My Devil."

Trading with the Enemy Act

The wedding night in Manila was full of promise and Dorothy Dore was prepared to give herself completely to the charming American soldier in the blue uniform. Surely, he stood for duty, honor, and country, just as her father had. However, Sergeant K had a dark secret, which came to the light in a brutal honeymoon attack on her. He promised it would never happen again... "Enemy in My Bed: Triumphs of a Military War Bride" is a tribute to foreign war brides, like Dorothy, who have suffered in silence for the sake of loyalty to their vows and fear of being deported. The author believes that women continue to bear the burdens of abuse caused by addictions and mental disorders because no one is

willing to speak up and offer a way out. She knows because she lived it; she escaped it, and survived to tell it all. Dorothy Dore Dowlen immigrated to the United States in 1951 and now resides in San Jose, CA. She is a much sought-after speaker for civic and veterans group functions. Dowlen's first book, *Enduring What Cannot Be Endured*, published by McFarland Co. Inc. in 2001, is the moving memoir of her WWII years as a teenager on the run from the Japanese and as a medical aide in the jungles of Mindanao, Philippines.

The Jain Saga - Part 1

"Fraternizing with the Enemy: A Marital Victory over Adultery and Divorce" is an inspiring, intimate, and insatiable account of God's love through grace and deliverance. Christians are hard pressed to admit their willing participation and almost challenging expectations to engage in unauthorized relationships. When we fraternize, we give place to the devil, and we lose sight of attaining the prize of the high calling of God in Christ Jesus. We cannot afford to allow ourselves to be vacuumed into an espionage skirmish with Satan for our souls. If we persist in being ignorant of the enemy's devices, we forfeit all that we've sacrificed for ourselves and our family only to be rewarded with a "stupid ending." This book will testify to how God saved Clyde and Mary's marriage, sustained their ministry, and secured promised manifestations. The Holy Spirit magnifies and glorifies only one person, Jesus Christ, Son of the Living God.

Twin daughters of an ancient Bedouin king struggle under the weight of an ominous prophecy that threatens to divide them forever. Royal sibling rivalry explodes as the young women realize that they must fight for their future--and for the love of Alexio, the man they both desire. But Alexio has already given his heart but will destiny divide them forever? Nefret and Pah compete in a high stakes game that unfolds on the sands. Explore ancient Egypt, experience Egyptian magic and witness one of the world's most romantic stories unfold. The Tale of Nefret chronicles the lives of Nefret and Pah, as they travel in two different directions. But one only one sister becomes the leader of the Meshwesh while the other must travel to Egypt as an unwilling gift to Pharaoh. From the desert to the throne room, *The Tale of Nefret* is the first book in *The Desert Queen Saga*, the fictional story of Nefertiti, the Queen of Egypt. *The Tale of Nefret* is Book One in *The Desert Queen Saga*. More books in the series are *The Falcon Rises*, *The Kingdom of Nefertiti* and *The Song of the Bee Eater*. Here's what fans are saying about *The Desert Queen Saga*: "Amazing! Best book to date from Bullock yet. You get caught up in the characters and story almost from the first page. The book stands alone but definitely begs for the next book to come soon. Every character breathes from the moment they walk into a scene, and you can't help but be invested in the outcome of their lives. The desert of Egypt is just another bonus. You can feel the heat and the sand as you read, and the visits to the cool oases are just as soothing. This is worth your time. I finished it in one day." When I started translating Kalki's *Ponniyin Selvan* in 2010, blissfully unaware of the depth and the magnitude of the work, several people tried to dissuade me. One potential publisher even lured me with

an offer to translate another work of Kalki. Reason: there were already many translations around. Yes, there were. But most of them, though done with utmost sincerity, failed to create the emotional bond with the readers which the original author had effortlessly done in the Fifties when Ponniyin Selvan was serialised in a popular magazine. I did not rush up. I did not have a target or deadline. I let the translation work progress in its own pace. That explains the six long years I spent for this project. I read and re-read the first draft a dozen times before handing it over to my editors. There were many points of contention. There were issues where we could not reach a consensus easily. Finally the hard copy was ready for publication in 2016. The publisher had jitters and so did I. We got ready rough copies of two volumes. I gave it to two of my friends, who had read the original more than sixty times, with a mandate to read them in one go. They did and said "This is the best you can do in English." The work culminated not when the book was released by a former Central Minister in 2016, not even when it went for three editions but when an ardent fan of Kalki sent a mail to me in 2019. "It was as if Kalki himself rendered his great work in English."

The one difficulty with having the name Sunshine is that people expect me to be.... well, sunshine all the time. I have learned over time to embrace the Sunshine-ness that is my name. Yes, I may not always be joyful or exuberant all the time, but I have learned that if I rely on my friends, my family, and my faith, I can conquer each day head-on and live every moment with an expectation of goodness. And that's what I wanted to share in this book, Be the Sunshine. It's not a book about how to be happy or seven ways to stay positive. These pages are about being yourself, showing the world your true colors, and being mindful of the moment. These chapters contain personal stories so that we all can experience love and joy for ourselves as well as shining that light on those around us! So, just follow my voice. When it comes to being the sunshine, well, I know the way!

Karl Schwarzschild (1873-1916)

Karl Schwarzschild (1873-1916) gilt weltweit als einer der begabtesten und bedeutendsten Astronomen aller Zeiten und als Mitbegründer der Astrophysik. Geboren in Frankfurt am Main, wirkte er von 1901 bis 1909 als Professor für Astronomie und Direktor der Sternwarte in Göttingen und von 1909 bis 1916 als Direktor des Astrophysikalischen Observatoriums in Potsdam. Im Laufe seines

allzu kurzen Lebens veröffentlichte Schwarzschild etwa 150 wissenschaftliche Arbeiten, viele davon von fundamentaler Bedeutung für die Entwicklung der Astronomie und Astrophysik. Aus Anlass seines 100. Todestages fand am 19. Mai 2016 in einer seiner früheren Wirkungsstätten, der heutigen Historischen Sternwarte in Göttingen, ein Gedenk-Kolloquium statt. Die schriftlichen Fassungen der dabei gehaltenen Vorträge sind, ergänzt um einen am 8. September 2016 anlässlich der Eröffnung der Schwarzschild-Ausstellung in der Fakultät für Physik gehaltenen Vortrag, im vorliegenden Band abgedruckt.

Black Holes: The Reith Lectures

"It is said that fact is sometimes stranger than fiction, and nowhere is that more true than in the case of black holes. Black holes are stranger than anything dreamed up by science fiction writers." In 2016 Professor Stephen Hawking delivered the BBC Reith Lectures on a subject that fascinated him for decades – black holes. In these flagship lectures the legendary physicist argued that if we could only understand black holes and how they challenge the very nature of space and time, we could unlock the secrets of the universe.

Unlocking the Universe

Have you ever wondered how our universe began? Or what it takes to put humans on the moon? Do you know what happens in the microscopic world of a life-saving vaccine? What would you do if you could travel through space and time? Embark on the adventure of a lifetime in this beautiful collection of up-to-the-minute essays, mind-blowing facts and out-of-this-world colour photographs, by the world's leading scientists including Professor Stephen Hawking himself. This edition features brand-new content from Dr Mary Dobson: Plagues, Pandemics and Planetary Health. This unmissable volume was curated by Stephen and Lucy Hawking, whose series of children's books *George's Secret Key* was a global hit. George's stories are punctuated with fascinating real-life facts and insights from leading scientists and now this incredible non-fiction has been collected into one bumper volume, with new content from key scientific figures and up-to-the-minute facts and figures for readers in 2021. READERS LOVE UNLOCKING THE UNIVERSE: "Despite its scientific content the essays are written in a very accessible style and the many topics investigated which range from the physical explanations of the universe to earth science to robotics and future predictions. Highly recommended for curious minds from around 10 years upwards" - Sue Warren, Blogger "My 9 y.o. loves this book. We've previously discussed a lot of the concepts, but this seems to answer questions I hadn't thought of, but my son wanted to know"

Albert Einstein wasn't afraid to think for himself. Working as a clerk in the patent office in Bern, Switzerland, he wrote papers with fantastical theories--that light is both a wave and a particle that matter can become energy, and energy can become matter; that space can "bend," and time is relative. His revolutionary theories turned the world of physics upside down, and earned him a Nobel Prize. *Einstein and the Time Machine* tells the story of one of the greatest thinkers of the 20th century, as well as the basics of his Theory of Relativity.

Einstein and the Time Machine

New in the critically acclaimed Little People, BIG DREAMS series, discover the incredible life of Maria Montessori, the pioneering teacher and researcher. Maria grew up in Italy at a time when girls didn't receive an equal education to boys. But Maria's mother was supportive of her dreams, and Maria went on to study medicine. She later became an early childhood expert--founding schools with her revolutionary educational theories and changing the lives of many children. This moving book features stylish and quirky illustrations and extra facts at the back, including a biographical timeline with historical photos and a detailed profile of the educator's life. Little People, BIG DREAMS is a best-selling series of books and educational games that explore the lives of outstanding people, from designers and artists to scientists and activists. All of them achieved incredible things, yet each began life as a child with a dream. This empowering series offers inspiring messages to children of all ages, in a range of formats. The board books are told in simple sentences, perfect for reading aloud to babies and toddlers. The hardcover versions present expanded stories for beginning readers. Boxed gift sets allow you to collect a selection of the books by theme. Paper dolls, learning cards, matching games, and other fun learning

tools provide even more ways to make the lives of these role models accessible to children. Inspire the next generation of outstanding people who will change the world with Little People, BIG DREAMS!

Superspace and Supergravity

From the first day, school had always been torture for Gregory, but his expulsion from school in sixth grade allows him to find his own path and deal with his parents' fights and his beloved grandfather's illness.

Zitty

Lindroos constructs an alternative interpretation on history, time, politics and art, approached through the moment of the Now (Jetztzeit). In the first section, she elaborates the critique of chronologic-linear way of understanding history. Through a close reading of Benjamin's "Work of Art" essay, the second section examines the problems of origins, authenticity and traditions of art through the ideas of artistic avant-garde and politicization of aesthetics. The end of the book discusses the concept of image and the new images as an Image-Space (Bildraum) of action.

Maria Montessori

Even if you don't consider yourself a numbers person, you are a numbers person. The time has come to put numbers in their place. Not high up on a pedestal, or out on the curb, but right where they belong: beside words. It is not an overstatement to say that numbers dictate the way we live our lives. They tell us how we're doing at school, how much we weigh, who might win an election and whether the economy is booming. But numbers aren't as objective as they may seem; behind every number is a story. Yet politicians, businesses and the media often forget this - or use it for their own gain. Sanne Blauw travels the world to unpick our relationship with numbers and demystify our misguided allegiance, from Florence Nightingale using statistics to petition for better conditions during the Crimean War to the manipulation of numbers by the American tobacco industry and the ambiguous figures pedalled during the EU referendum. Taking us from the everyday numbers that govern our health and wellbeing to the statistics used to wield enormous power and influence, *The Number Bias* counsels us to think more wisely.

35 Kilos of Hope

his book is the first to make the case that women's changing role in European and American society was critical to Dada.

Now-time Image-space

Suitable for advanced undergraduates and graduate students, this self-contained overview covers the classical Schwarz lemma, Poincaré distance on the unit disc, hyperbolic manifolds, holomorphic curvature, and the analytic Radon-Nikodym property. 1989 edition.

The Number Bias How Numbers Lead and Mislead Us

This is a comprehensive sourcebook on the world's most famous vampire, with more than 700 citations of domestic and international Dracula films, television programs, documentaries, adult features, animated works, and video games, as well as nearly a thousand comic books and stage adaptations. While they vary in length, significance, quality, genre, moral character, country, and format, each of the cited works adopts some form of Bram Stoker's original creation, and Dracula himself, or a recognizable vampiric semblance of Dracula, appears in each. The book includes contributions from Dacre Stoker, David J. Skal, Laura Helen Marks, Dodd Alley, Mitch Frye, Ian Holt, Robert Eighteen-Bisang, and J. Gordon Melton.

Women in Dada

Written by a carefully selected consortium of researchers working in the field, this book fills the gap for an up-to-date summary of the observational and theoretical status. As such, this monograph includes all used wavelengths, from radio to gamma, the FERMI telescope, a history and theory refresher, and jets from gamma ray bursts. For astronomers, nuclear physicists, and plasmaphysicists.

The Schwarz Lemma

The bestselling follow-up to Hawking's phenomenal million-copy hardcover bestseller *A Brief History of Time* is now available in trade paperback. These 14 pieces reveal Hawking variously as the scientist, the man, the concerned world citizen, and--always--the rigorous and imaginative thinker.

German books in print

A Frequency Dictionary of German is an invaluable tool for all learners of German, providing a list of the 4,034 most frequently used words in the language. Based on a 4.2 million-word corpus which is evenly divided between spoken, fiction and non-fiction texts, the dictionary provides a detailed frequency-based list plus alphabetical and part of speech indexes. All entries in the rank frequency list feature the English equivalent, a sample sentence plus an indication of major register variation. The dictionary also contains twenty-one thematically organized lists of frequently used words on a variety of topics as well as eleven special vocabulary lists. A Frequency Dictionary of German aims to enable students of all levels to maximize their study of German vocabulary in an efficient and engaging way.

Dracula in Visual Media

When Charles Darwin published *The Origin of Species* in 1859, he shocked the world. In it he claimed that humans were just another animal species that had evolved from more primitive life forms. Years earlier, Darwin had collected thousands of animal specimens during a five-year voyage around the world, specimens that he used to make his case for biologic evolution through natural selection. Darwin and the True Story of the Dinosaurs tells the story of the brilliant naturalist who changed humankind's understanding of its origins.

Relativistic Jets from Active Galactic Nuclei

Grad-school dropout Matt Fuller is toiling as a lowly research assistant at MIT when, while measuring quantum relationships between gravity and light, his calibrator disappears - and reappears, one second later. In fact, every time Matt hits the reset button, the machine goes missing twelve times longer. After tinkering with the calibrator, Matt is convinced that what he has in his possession is a time machine. And by simply attaching a metal box to it, he learns to send things through time - including a pet-store turtle, which comes back no worse for wear. With a dead-end job and a girlfriend who left him for another man, Matt has nothing to lose by taking a time machine trip for himself. So he borrows an old car, stocks it with food and water, and ends up in the near future - under arrest for the murder of the car's original owner, who dropped dead after seeing Matt disappear before his eyes. The only way to beat the rap is to continue time travelling until he finds a place in time safe enough to stop for good. But such a place may not exist...

Black Holes and Baby Universes and Other Essays

A major work by this prominent Caribbean author and philosopher, available for the first time in English

A Frequency Dictionary of German

Eight centuries from now-- long after the Big Mistake and the death of Old Earth-- humanity is again on the brink of war. Galactic war this time.

Darwin and the True Story of the Dinosaurs

Describes the life and accomplishments of the famous physicist and mathematician, detailing the advances he made in the fields of motion, universal gravitation, and calculus.

Popular Astronomy

This book discusses the geometrical aspects of Kaluza-Klein theories. The ten chapters cover topics from the differential and Riemannian manifolds to the reduction of Einstein-Yang-Mills action. It would definitely prove interesting reading to physicists and mathematicians, theoretical and experimental.

The Accidental Time Machine

Ever since Albert Einstein's General Theory of Relativity burst upon the world in 1915, some of the world's most brilliant minds have sought to decipher the mysteries bequeathed by that legacy. Einstein himself was resistant to its implications, but physicists, astronomers and cosmologists have argued over his theory ever since.

Big Book of Stars and Planets

Seminar paper from the year 2004 in the subject English Language and Literature Studies - Linguistics, grade: 3,0, University of Münster (Englisches Seminar), language: English, abstract: The task will be to examine the given extract in terms of style, narration and possible meaning emerging from the text and it's mostly foregrounded elements. Further ambitions are to analyze how Gilman uses autobiographical elements for an implied authorship and to discuss the problem of interpretation. This question arises automatically, when dealing only with extracts from, therefore not complete, texts, and will be deepened in the concluding chapter: "Reconsideration".

Poetics of Relation

When Lucas Campbell, who broke her heart ten years earlier, returns to town, bar owner Colleen O'Rourke is tempted to give him a second chance, but wary of being hurt again.

Hyperion Cantos

While moving image advertising has been around us, everywhere, for at least a century, the topic has tended to be overlooked by cinema studies. This far-reaching new collection makes an incisive contribution to a new field of study, by exploring the history, theory and practice of moving image advertising, and emphasising the dynamic and lasting relationships between print, film, broadcasting and advertising cultures. In chapters written by an international ensemble of leading scholars and archivists, the book covers a variety of materials from pre-show advertising films to lantern slides and sponsored 'educations'. With case studies of advertising campaigns and archival collections from a range of different countries, and giving consideration to the problems that advertising materials pose for preservation and presentation, this rich and expansive text testifies to the need for a new approach to this burgeoning subject that looks beyond the mere study of promotional film.

Newton and the Antigravity Formula

The mysterious Time Tombs are opening and the Shrike that has risen from them may well control the fate of all mankind. The Ousters are laying siege to the Hegemony of Man and the AIs we created have turned against us to build the Ultimate Intelligence: God. The God of Machines. His genesis could mean annihilation for man. Something is drawing the hegemony, the Ousters, the AIs, the entire universe to the Shrike. Winner of the BSFA Award for best novel, 1991.

Riemannian Geometry, Fiber Bundles, Kaluza-Klein Theories and All That....

This title is an examination of the role and relevance of international bureaucracies in global environmental governance. After a discussion of theoretical context, research design, and empirical methodology, the book presents nine in-depth case studies of bureaucracies.

Black Holes and Time Warps

After Honor Holland agrees to a marriage of convenience to help British professor Tom Barlow stay in the country, she begins to wonder if there isn't something more between them. Original.

The Yellow Wallpaper - A Stylistic Analysis

Vince Kunda, moves out of the shadowy world of espionage and subterfuge into that of crime as he travels to the small mining town of Kalulushi on the Copperbelt after hearing of the death of an acquaintance. The death was supposedly by a car accident, but the news is brought to his attention by two floaters with Zambian Intelligence, Groovy Joe and Chris 'Kimsey' Lusambo. That starts alarm bells ringing in his head because the two had recently fled from Zambia into the Democratic Republic of Congo with the police on their backs after they had committed a series of serious crimes. The two rarely operates within the confinements of the law. Vince suspects that the car accident may not have actually been an accident, and he finds plenty of reasons to believe so when he hits town. In Kalulushi,

he finds the disturbing influence of a self proclaimed, self ordained prophet called Benson Chali, also known as the Supreme One, who receives 'revelations' and sees 'visions' after sniffing on genkem, a highly toxic gas produced by mixing petrol and glue. Vince however suspects the man to be nothing but a con artist out to make a quick buck. Vince has also got to ignore the attention of the local agents from Counter Intelligence, who spring into action as soon as he is spotted in town. However, most disturbing is the fear that maybe Chu Chu Fumbei, who had fled the country with Groovy Joe and Chris 'Kimsey', may have had a hand in the fatal accident. He was, after all, a regular visitor to the Bwalya residence, despite being known to be an international criminal wanted by the United Nations for having committed atrocities in the eastern Congo. There is also Stephania Bwalya, the sister to the deceased and a wife to a former minister who Vince had helped flee Zimbabwe on the eve of the military coup that brought down the government, except that she has now ungratefully forgotten whatever help he had rendered to her. Having stayed so long in the dark murky world of spies, he is fully aware that taking things at face value may not be such a good idea, not with Chu Chu Fumbei hovering about in the background.

Waiting on You

Twelve-year-old Simon Thorn's life is almost unrecognisable from just a few months ago. He has a twin brother, an uncle he never knew and his first real friends at the secret Animalgam Academy. Not only is he an Animalgam, he's also the Beast King – heir along with his brother to a bloodline more powerful and dangerous than any other. The only piece missing in this new life is his mother, held captive by his evil grandfather, Orion, who wants to rule the five kingdoms. Simon sets off cross-country with his friends to the reptile kingdom to rescue her. He battles Orion's forces and rogue Animalgams, as well as their own doubts and torn loyalties along the way. Because if they don't stop him from gathering the pieces of a terrible weapon, Orion is going to steal all of the Animalgams' abilities away ... starting with Simon and those he loves most first. Packed with even more action and characters to love in a thrilling, immersive world, this sequel is an exciting next chapter in the series.

In this comprehensive and interdisciplinary volume, former NASA Chief Historian Steven Dick reflects on the exploration of space, astrobiology and its implications, cosmic evolution, astronomical institutions, discovering and classifying the cosmos, and the philosophy of astronomy. The unifying theme of the book is the connection between cosmos and culture, or what Carl Sagan many years ago called the "cosmic connection." As both an astronomer and historian of science, Dr. Dick has been both a witness to and a participant in many of the astronomical events of the last half century. This collection of papers presents his reflections over the last forty years in a way accessible to historians, philosophers, and scientists alike. From the search for alien life to ongoing space exploration efforts, readers will find this volume full of engaging topics relevant to science, society, and our collective future on planet Earth and beyond.

The Fall of Hyperion

In his philosophical reflections on the art of lingering, acclaimed cultural theorist Byung-Chul Han argues that the value we attach today to the *vita activa* is producing a crisis in our sense of time. Our attachment to the *vita activa* creates an imperative to work which degrades the human being into a labouring animal, an animal laborans. At the same time, the hyperactivity which characterizes our daily routines robs human beings of the capacity to linger and the faculty of contemplation. It therefore becomes impossible to experience time as fulfilling. Drawing on a range of thinkers including Heidegger, Nietzsche and Arendt, Han argues that we can overcome this temporal crisis only by revitalizing the *vita contemplativa* and relearning the art of lingering. For what distinguishes humans from other animals is the capacity for reflection and contemplation, and when life regains this capacity, this art of lingering, it gains in time and space, in duration and vastness.

The Perfect Match

The first book in the New York Times bestselling series that inspired the hit CW television show. No one has set foot on Earth in centuries -- until now. Ever since a devastating nuclear war, humanity has lived on spaceships far above Earth's radioactive surface. Now, one hundred juvenile delinquents -- considered expendable by society -- are being sent on a dangerous mission: to recolonize the planet. It could be their second chance at life...or it could be a suicide mission. CLARKE was arrested for treason, though she's haunted by the memory of what she really did. WELLS, the chancellor's son, came to Earth for the girl he loves -- but will she ever forgive him? Reckless BELLAMY fought his way onto the transport pod to protect his sister, the other half of the only pair of siblings in the universe. And GLASS managed to escape back onto the ship, only to find that life there is just as dangerous as she feared it would be on Earth. Confronted with a savage land and haunted by secrets from their pasts, the hundred must fight to survive. They were never meant to be heroes, but they may be mankind's last hope.

The Bite of the Black Widow

The New York Times bestselling author duo Amie Kaufman and Meagan Spooner's sweeping science fiction Starbound Trilogy comes to a close with this dazzling final installment about the power of courage and hope in humanity's darkest hour. Gideon Marchant is an underworld hacker known as the Knave of Hearts, ready to climb and abseil his way past the best security measures on the planet to expose LRI's atrocities. Sofia Quinn, charming con artist, can work her way into any stronghold without missing a beat. When a foiled attempt to infiltrate LRI Headquarters forces them into a fragile alliance, it's impossible to know who's playing whom--and whether they can ever learn to trust each other. With their lives, loves, and loyalties at stake, only by joining forces with the Icarus survivors and Avon's protectors do they stand a chance of taking down the most powerful corporation in the galaxy---before LRI's secrets destroy them all.
