Beginner's Guide, Tap Into Your Own Intuition

Everyone is psychic. And that includes you! We all have an inner voice that tells us important things we have no other way of knowing. A select few have learned how to tune in to that voice. You can use your natural intuition and its wisdom to avoid disaster, heal bodies and minds, and make contact with other minds and spirits. Lynn A. Robinson, M.Ed., will give you the exercises needed to hone your inner voice. The Complete Idiot's Guide® to Psychic Intuition, Third Edition uses a hands-on approach to psychic development for beginners, taking you from a basic introduction of various psychic abilities to using your own psychic powers to solve your own problems. Also learn how to perform psychic readings for others. Topics covered include: • Discovering what psychic intuition is and what a psychic can tell someone about themselves. • Assessing your current psychic abilities. • Trusting your instincts and developing psychic awareness. • Learning about the mind-body connection and how to use psychic power to heal yourself and others. • Hypnosis, visions, dreams, and telepathy: exploring what can be learned from altered states of consciousness. • Knowing things before they happen. • Recalling past-life experiences. • Seeing, hearing, feeling, and knowing messages that others do not perceive. • Learning how use the tools of the psychic trade and how to give a psychic reading. Get the things you really want in life by combining all you have learned about intuition!

The Complete Idiot's Guide to Psychic Intuition, 3rd Edition

The author presents ways to tap into intuition and use it as a guide to success.

Your Divine Intuition

Gut feeling. Sixth sense. Hunch. No matter what it's called, intuition plays a part in the decisions we make every day. In seminars around the world, Laura Day has taught business people, financial analysts, celebrities, homemakers, doctors, lawyers, and other professionals how to consciously tap this hidden ability. Now, through a step-by-step program, first-person accounts, and real-life examples, Day shows you how to unlock the remarkable power of your mind. Practical Intuition will help you: follow your hunches and control your enthusiasms make better investment and business decisions "read" other people more accurately make more informed decisions about your health know whether a partner is right for you understand what you really want to do with the rest of your life and much more

Practical Intuition

A practical guide to discovering the lost art of intuition. Tune into your senses, find your inner wisdom, and develop your physical, mental, emotional, and spiritual awareness. This self-help book will help you open yourself up to the power of intuition. Intuition is seen by many as the highest form of intelligence. It's the ability to know something instinctively without having to discover it - a deep sense of knowing, that gut feeling. Your intuition can guide you to make wise decisions that bring more joy, love, and meaning into your life. From journaling and meditation to mindful movement and moon rituals, this developmental guide taps into the myriad ways you can find your intuition. It teaches you how to use a broad range of practices and techniques designed to reveal your path to innate wisdom. An Essentials On Any Intuitive's Bookshelf This motivational book by Amisha Ghadiali, an intuitive therapist, yogi, meditation, and Reiki teacher, is filled with inspirational quotes, helpful exercises, and information on how to live a life you love. It encourages intuitive development in everyday life - health, family, relationships, work, creativity, and more. This inspirational book from DK Books will give you the practical tools you need to get in touch with your intuition and create the happier, more successful life you were meant to live: • DISCOVER the life-changing potential of intuition and learn techniques on how to use it • CONNECT with your subconscious mind through helpful exercises • APPLY INTUITION to unlock wellness and fulfillment in every area of your life "Amisha has a way of writing that speaks directly to your cells. She is a true intuitive, and has created a sophisticated and powerful guide that opens doorways of possibility for all of us. This book activates the intelligence of your natural healing as well as supports you in making choices from your soul, the effects of which will ripple out into the healing of this world." Elena Brower, bestselling author of Practice You, Art of Attention and Being You

Intuition

Intuition is something most people would have experienced at one time or another; it's that gut-feeling or 'sixth sense'. It's instinctive by nature, independent of rational analysis or deductive thinking. But can we actively develop our intuition and learn how to better utilise it? Author Dr Cate Howell believes we can, and sets about to empower us to use intuition in everyday life. Intuition is divided into three parts. In the first, she explores the nature of intuition from different perspectives, including philosophy and

psychology, religion and spirituality. She also looks at the use of intuition in decision-making in the fields of business, health and teaching. The second part of the book is more practical and considers types of intuition, how to develop your intuition and then use it in everyday life with a practical seven-step plan. Steps explored for developing intuition include meditation, mindfulness, creativity, kindness and service. The final part of the book looks at some issues related to intuition, such as dreams and synchronicity, and how the development of one's intuition often seems to correlate with an increased sense of peace, purpose and joy in life. 'Intuition is a vital part of life and practice and now we have a book that will help us to develop this essential skill.' Prof Ian Wilson, Associate Dean, Graduate School of Medicine, University of Wollongong

Intuition

Intuition is the most powerful yet under-used tool in the body. In her new book, *The Voice of Intuition*, Sydney journalist and bestselling author Emily Chantiri helps readers to tap into their intuition. Chantiri weaves a personal, narrative tale on how listening to her intuition helped her through her life. After being awoken by a powerful message in a dream, Emily embarks on a journey that takes her half way across the world in search of answers. Her journey shows us how we can awaken the internal voice latent in us all. "We've all been in situations where we've had to make important decisions. Often your gut instinct tells you to go one way but your head is pushing you to go another way. It's the same every time; when you have that feeling of knowing that you shouldn't do something, but go against your better judgement, and then regret it. This inbuilt sense of uneasiness is your very own internal alarm and protection. Any uneasiness you feel around a situation or person is your intuition warning you. I believe intuition is the most powerful and under-used tool we have in the human mind. Why? Because intuition acts as your guide and is your internal protection. It takes a lot of courage to listen to your intuition. No-one has your best interest at heart more than you do; listen to your intuition. The purpose of this book is to give people hope and to believe in their dreams and listen to their inner voice."

The Voice of Intuition

Get fast and easy results in your business by improving your intuition. This book not only explains the power of bringing intuition into your business, but it helps you develop your intuitive senses by giving you practical actions you can take to tap into and trust your intuition. If you're ignoring your business intuition, you might find it difficult to make decisions. You might struggle to set goals or to achieve them. You might find yourself making bad decisions that you later regret, kicking yourself because you knew all along, deep down, that it wasn't the right thing to do. When we follow our business intuition, it's like having an inner compass or GPS system that directs our thoughts and actions. It gives us useful bits of advice and it helps us to quickly and easily make decisions by giving us us crystal clarity of mind, which takes the stress out of knowing which path to choose for our business. Our intuition helps us to simply know if an opportunity is good or not, and to easily take decisive action when it is. This book will help you to easily access your business intuition. It gives you practical tips on how to develop your intuition, how to make it easier to hear its messages, how to trust your intuition, and how to use it in your business. It's designed to provide you with the information as quickly and simply as possible, so you can easily learn how to make intuition a bigger part of your business. This book is for you if: You've ever made a bad business investment, whether it was an expensive business coach/mentor, an online program, or something else. You regret that decision, and you wonder how you could have thought that was the right thing for you at that time. You've ever had a bad feeling about a new project that your business mentor encouraged you to take on, but went through with it anyway because you believed she must know best, only to have it flop in the end. Afterwards, you were left kicking yourself and wondering what went wrong. You've ever listened to a business buddy's advice about what you needed to do to grow your business more quickly, even though it didn't seem right, and later regretted your decision. And then you wondered, if it worked for her, why didn't it work for you? You've ever felt stuck and frustrated because you had absolutely no idea what to do in a particular situation, and then ended up making the wrong decision. It made you feel even more frustrated, because you spent time carefully considering the pros and cons of each option, and even then it didn't work out in your favor. You've ever had a great idea for something, but then your head got in the way, and you now regret never taking action on it. Intuition is like a flashlight that shows us the next step or steps on our path toward our business goals. It gives us the confidence to take the next step and start walking down the path, even when we can't see the entire journey from here to our goals. When you don't follow your intuition, you may feel like you're fumbling around in the dark. When you do follow it, you'll be confident in the actions that you take. In this book, you will learn: Why it's so important for entrepreneurs to pay

attention to their intuition Why listening to your intuition can make business so much easier What your business could look like if you listened to your intuition How to develop your business intuition Ways to make it easier for you to trust your intuition How to use intuition in your business Buy this book now and start your journey to easy business success.

Business Intuition: Tools to Help You Trust Your Own Instincts, Connect with Your Inner Compass, and Easily Make the Right Decisions

You don't need to strengthen your intuition. What you need to strengthen is your awareness of it. The Nature Of Intuition is a groundbreaking book that synthesizes physics, metaphysics, Eastern and Western philosophy, psychology, business, biology and linguistics to explain why intuition is not something you have to work at, nor is it some freakish psychic gift. Instead, intuition is a natural part of your life. You just need to become aware of your intuitive ability and choose to use it. "A remarkably thorough tour of the nature of intuition, its important functions, and the means by which it may be sharpened for everyday use...An intellectually nuanced account of a mysterious element of the human experience." -Kirkus Reviews Authors Nigel and Maggie Percy have been professional intuitives since 2001. Through their books, events and websites, they have taught students in many countries how to tap into their natural intuitive abilities to enhance their lives in endless ways. Decades of experience have taught the authors the value of intuition and how natural it is, and they believe everyone can benefit from learning to harness their intuition. All it takes is to become more self-aware. Too often, being intuitive is seen as a sort of spiritual gift which must be nurtured and revered, or which is given to very few, springing fully formed at birth. What this book makes abundantly clear through stories, examples and the results of research in a variety of disciplines is that intuition is always present in your life. You cannot escape it, because it is an inevitable aspect of being human. And in fact, accepting and using your intuition provides many benefits. All that is necessary is that you learn to see it at work and accept the enhancement it brings your life. The Nature Of Intuition is a comprehensive tour that includes: A theory of how intuition works that integrates modern science from many disciplines and ancient wisdom from a variety of cultures Conclusive proof that intuition is not just one 'thing, ' but can arrive using a variety of channels Demonstration that intuition has explainable and natural origins A useful and complete definition that makes it easier to understand and discuss intuition An easy-to-follow guide with meaningful yet easy ways to use intuition in your life Buy The Nature Of Intuition today for an innovative and practical explanation of how and why intuition works, together with simple ways to harness your natural intuitive ability to improve your life.

The Nature Of Intuition

Would you like to be smarter than anyone else on this planet? Would you like to think better than most scientists and researchers without having to raise your IQ or perform complicated tasks? What if these things were possible by merely acknowledging simple secrets? This book offers a way to improve how you think about life in general and promotes your success as an individual in particular, and does it by merely teaching you how to think effectively. In order to do so, the information provided is filled with visual and practical examples and stimulation that help in seeing planet earth and its humans from a metacognitive viewpoint. As you follow the insights and meditate on them, different parts of your brain are activated and exercised, leading you to see reality in a different way. This difference towards the majority, programmed with several key points throughout their entire life, is what will make you appear, act and talk like a smart person while achieving higher results in life and in anything you choose to do with it. This isn't just a book about theoretical philosophy but practical philosophy, the outcome of loving to think as a great human should in respect for his own spiritual nature.

Out of the Box

Awaken your intuition, trust your vibes, and create your best life with this revised and updated edition of the self-help classic by spiritual teacher Sonia Choquette. If you want an easier, more energetically uplifting, and satisfying way of life-it all comes down to trusting your vibes. Originally published in 2004, best-selling author, speaker, and spiritual teacher Sonia Choquette has updated the book to share new stories and tools used by those who learned to tap in to their intuition and positively change their lives. Your intuition supports your creativity, helps heal your emotional wounds, and calms your anxious and uncertain heart. It brings you peace of mind and shows you how to live in a higher, more harmonious way. To fully enjoy your life and to access the innate sense of security, confidence, and courage you deserve, trust your vibes. "Trust your vibes and read this book! The straightforward, practical advice

will show you how to use your most valuable asset-your sixth sense." - Cheryl Richardson, the New York Times best-selling author of The Art of Extreme Self-Care

Trust Your Vibes (Revised Edition)

Expert authors become personal gurus, offering insider advice and self-help techniques to readers who want to explore new paths to self-awareness.

Divine Intuition

Practical Guidance for Daily Life Every day we are confronted with difficult problems or complicated situations for which we either don't have enough information to make clear-cut decisions or for which there is no easy intellectual answer. At these moments, we all wish for another way to know how to make the right choice. There is another way: through using our intuition. More than just a "feeling" or a guess, true intuition is one of the most important-yet often least developed- of our human faculties. Often thought of as something vague and undefinable, many people mistakenly assume that intuition cannot be understood and developed. Intuition for Starters straightforwardly explains what true intuition is and where it comes from, describes the attitudes necessary for developing it, and gives you easy-to-understand practices and guidelines that will help you tap into intuitive guidance at will.

Intuition for Starters

Aims to make 'magic' accessible for all those who are looking for a spirituality that makes sense in the 21st century. A key strength of the book is that it presents magic in a way that integrates with contemporary scientific and psychological knowledge. It explains the magical principles at the heart of all spiritual traditions and sheds new light on meditation, yoga and positive thinking.

Everyday Magic

This inspirational book from DK Books will give you the practical tools you need to get in touch with your intuition and create the happier, more successful life you were meant to live: • DISCOVER the life-changing potential of intuition and learn techniques on how to use it • CONNECT with your subconscious mind through helpful exercises • APPLY INTUITION to unlock wellness and fulfillment in every area of your life "Amisha has a way of writing that speaks directly to your cells. She is a true intuitive, and has created a sophisticated and powerful guide that opens doorways of possibility for all of us. This book activates the intelligence of your natural healing as well as supports you in making choices from your soul, the effects of which will ripple out into the healing of this world." Elena Brower, bestselling author of Practice You, Art of Attention and Being You

Prism Oracle

In this groundbreaking, major work on intuition, well-being, and brain science, Dr. Mona Lisa Schulz reveals innovative, fresh, and exciting ways to tap into intuitions that have the power to improve your health and save your life. Like Spontaneous Healing and Anatomy of the Spirit, this book gives new insights into the intimate connections between the mind, body, and emotions. Like The Man Who Mistook His Wife for a Hat, it provides astonishing new perspectives on what science has uncovered about the powers of the mind and cellular memories. Dr. Schulz relates how her clients have used intuition to gain insight into the underlying meaning of their life challenges, stories that will inspire you to learn your own body's unique perceptive language. By learning to read your sensations, memories, and

the signals of distress and disease, you can strengthen your mind-body consciousness and empower yourself to create a healthier, happier life.

Intuition

Author Nancy du Tertre, "the Skeptical Psychic™," takes you on a journey to find the answer to these questions and more in *Psychic Intuition*. She became psychic in mid-life after years of intensive study and training, and is now a believer that everyone has the potential to tap into their intuition and understand the world at a deeper level. *Psychic Intuition* bridges the gap between skeptics who can analyze but don't experience psychic phenomena, and believers who have the experiences but lack the ability to analyze. This book explains, for the first time, how psychic ability works in the brain.

Psychic Intuition

The world is changing. Children, more than ever before, are highly sensitive to subtle energies through which they are intuitively and naturally connected to an infinite source of inner wisdom and creativity. Our children are the pioneers of a new way of living. They have a vastly different perception and experience of the world around them. They see a world full of possibility and endless potential. GENERATION INTUITIVE is upon us and it demands a whole new paradigm of parenting. Now, in this straightforward and down-to-earth guide to nurturing and developing your child's natural intuitive gifts, Julie Hamilton explores the significance of intuition in the modern age, highlighting it as one of the most powerful tools for our children to live empowered and successful lives. GENERATION INTUITIVE looks at all the different intuitive 'super-senses' available to our kids, exploring each one individually and providing parents with insights into how they work, and how to nurture and manage them best. Offering practical tools and advice, GENERATION INTUITIVE also features a range of entertaining visualisations, games and exercises to help children tap into their intuition and explore all its wondrous possibilities. GENERATION INTUITIVE equips parents with everything they need to know about caring for an emerging new generation of intuitive kids. As you learn to recognise, understand and nurture your children's unique intuitive gifts, you'll be helping them build their self-esteem, confidence and creativity, guiding them to make fantastic choices in life and ensuring they reach their full potential and shine!

The Anatomy Of Intuition

The world-renowned psychic intuitive shares her special gifts by teaching you how to tap into your intuitive powers to make the wisest choices in life and obtain more money, love, and success. Every day, people are faced with countless decisions, from the trivial to the very important. Yet few are able to truly hear that inner voice that helps them make the wisest choices: their intuition. Char Margolis explains how to do just that. Using her own incredible experiences, she outlines how to use your own inner voice as you learn to develop your intuitive powers in four simple steps. By combining intuition with logic and

common sense, you will be able to make better decisions and attract the people and opportunities you most deeply desire into your life. Learn how to: Tune in to your health and use your energy to heal Raise healthy, happy children by nurturing their intuition as well as your own Listen to your instincts in evaluating people and opportunities Attract compatible partners Access your sexual energy Sense the right career opportunities Recognize the messages you are receiving from your deceased loved ones Char also provides helpful instruction on how to prevent potential problems, protect yourself from bad energy, cope with setbacks, and get attuned to the universal plan. With Char's guidance, you will be empowered to begin your own personal journey of discovering -- and listening to -- your inner wisdom.

Generation Intuitive

"Sharon Franquemont's book is a must-read for people at every stage of intuitive development."--Carol Adrienne, author of *The Celestine Prophecy Workbook* and *Finding the Purpose of Your Life* We experience intuition as an instinctive action, a flash of inspiration, a moment when we feel one with the world. Intuition tells us what to do: how to make that difficult decision or achieve a creative breakthrough--and no one has been teaching or writing about the subject longer than Sharon Franquemont. Drawing upon twenty-eight years' experience teaching intuition in college courses, seminars, and private training, through challenging exercises and illuminating narrative, Franquemont explores this great natural resource on a life-changing level. No one but Franquemont shows how intuition can improve collaboration in business and group settings, or teaches couples how to use intuition to deepen relationships. Bestselling books like Laura Day's *Practical Intuition* have barely begun to tap the power of intuition, and Franquemont's perspective is unique. Intuition is not a "quick-fix" tool used to achieve superficial goals, she says. It is rather a way of being: a means by which to harvest a more passionate and powerful life.

Discover Your Inner Wisdom

The gift of intuition is amazing and we all possess it. It helps you go down the right roads; it helps you with warning signs when danger is near. It helps you feel empowered, safe, worthy, confident, and so much more. This beautiful book is an effective tool to help these amazing girls tap into their own intuition, to help them create the magic in their life, and to help them when times get tough or when challenges happen, and they need guidance and support. This book is filled with fun stories of other intuition girls who needed guidance and support during their younger years. We all need to learn how to be intuitive, how to be empowered, and to create amazing gifts in and for our lives. This book *Intuition Girl* will give the tools and steps to live a fun-filled adventurous life with a purpose all while you tap into your own intuition. I have created a fun-animated video of a rap song "Trust Your Heart." (<http://joanmariewhelan.com/intuition-girl-video>)

You Already Know What to Do

Robinson leads readers on a journey of discovery to a life that's full of joy and purpose. She shows how to tap into one's intuition to reveal the endless possibilities of a life that's worth living.

Discover Your Untapped Potential to Predict the Future Have you ever had a hunch that became reality? You may be ignoring signs from the universe about what is to come. Trish and Rob MacGregor, authors and founders of the blog *Synchro Secrets*, explain how to train your brain and recognize signs in order to enhance your innate precognitive abilities. Over 400 years ago, Nostradamus wrote predictions that are still relevant, and even today, there are those who experience dreams and physical symptoms prior to catastrophic events such as 9/11. Whether you have had prophetic dreams about a loved one or wish to learn more about these mysterious abilities, *Sensing the Future* will show you how to harness the power of your intuition. We all have the ability to predict the future if we open ourselves up to the signs of the universe.

Compass Of The Soul

In a world that values logic and reason above all else, it can be easy to lose touch with our intuition and inner wisdom. We are taught to rely on our minds rather than our hearts, and to prioritize external validation over our own inner guidance. But what if we could reclaim our intuition and use it as a powerful tool for navigating life's challenges and making important decisions? In "Our Wasted Gift - reconnecting

with your intuition in a society that doesn't encourage it," author [Author Name] offers a powerful guide for anyone seeking to tap into their intuition and live a more authentic and fulfilling life. Drawing on her own personal journey of self-discovery and healing, she explores the ways in which modern society has disconnected us from our intuition and offers practical tools and exercises to help readers reconnect with their inner guidance. Through a series of insightful and thought-provoking chapters, Claire explores the many ways in which we can tap into our intuition, from meditation and mindfulness practices to journaling and dream work. She also offers guidance on how to overcome the many obstacles that can stand in the way of our intuition, such as fear, self-doubt, and societal conditioning. But "Our Wasted Gift" is more than just a guidebook for tapping into our intuition - it is a call to action for readers to trust their intuition and embrace their unique gifts and talents. Claire argues that when we listen to our intuition, we are able to live more authentic and fulfilling lives, and to make a positive impact on the world around us. Whether you are just beginning to explore your intuition or are a seasoned spiritual seeker, "Our Wasted Gift" is a must-read for anyone seeking to live a more authentic and fulfilling life. With its powerful insights and practical tools, this book will help you tap into your intuition and reclaim your inner wisdom, so that you can live the life you were meant to live.

Sensing the Future

Connect with your Spirit with practical, daily routines that will unleash your true spiritual self. Join New York Times best-selling author and internationally renowned teacher and intuitive guide Sonia Choquette as she reveals a simple four-step plan for achieving lifelong inner transformation. In this revised and expanded edition of her book *The Power of Your Spirit*—and distilled from more than 35 years of helping others get in touch with their true selves and discover their souls' purpose—Sonia provides profound yet accessible wisdom to those seeking to transcend the strictures of an ego-driven existence and experience the joy and fulfillment of an intuitively guided, Spirit-driven life. Illuminated with even more engaging and powerful stories of personal transformation from her life and practice than in the original version, this invaluable book instructs seekers at all stages of their spiritual journeys how to directly tune in to their intuition. Sonia also provides additional practical exercises and rituals—including breathing techniques, visualizations, journaling questions, and a step-by-step guide to setting up and using a personal altar—to help us place our intuition at the helm of our spiritual quests and in the heart of our daily lives. Whether you're just beginning to tap into your intuition or are already living in the flow, *Tune In* offers a wealth of inspiration that will enable you to engage more deeply with your inner Spirit, your authentic Self, and live a more rewarding, fearless, and compassionate life.

Our Wasted Gift

The Psychic Twins have amazed audiences all over the world with their eerie predictions that have proven to be true, including the events of 9/11, the Times Square Terrorist incident, natural disasters and more. They've also worked with countless clients who report that their predictions later came to be true. Although the Twins have an undeniable gift in this area, we all have psychic capabilities--and in this book they show you how to strengthen your own, look into your future, and change your destiny. In *Psychic Intelligence*, Terry and Linda Jamison explain, step-by-step, how to dissolve the blocks that can prevent you from using and trusting your own intuition. By exploring what they call the Four Clairs: clairvoyance, clairsentience, clairaudience, and claircognizance, you will be able to tap into these feelings and in turn:

- Create strong and worthwhile relationships, including finding true love
- Attract wealth and abundance
- Know when to make a career change, and what the new path should be
- Experience vibrant health
- Discover your authentic self and life's purpose

Now, at a time of real economic and social uncertainty, when hope is needed and so many are feeling confused and fearful, *Psychic Intelligence* will show readers that we all have the power to tap into and control our own destiny.

Psychic Intelligence

"From Spirit's Mouth to Your Ears..." Kelle Sutliff, Psychic Medium, often speaks these words to her clients in her readings. Now, what if she told you that you could open your own direct line of divine communication and learn to work within it? You can, because Spirit speaks within you every day. It is one of the holiest, and whole, parts of your soul, and the most often forgotten. We know well that life can be stressful and challenging, and this is most true when we don't want to listen to our intuition. Extra chaos! The healthiest decision you will ever bless yourself with is to seek better understanding of your psychic development. It's the little things that matter the most for our soul growth. This small book, *Spirit Speaks Within You*, can change your life. You will stop overlooking or minimizing the voice of instinct and intuition, bringing powerful good to you and others. Through her stories, revelations, and tips, Kelle Sutliff, will inspire you to tune in and listen to your own intuitive voice. Our collective awakening is happening now. She reminds you to embrace that remarkable energy and stop mixing fear into the intuitive gifts that have always belonged just to you.

Divine Intuition

Intuition is a birthright, but many have lost touch with it. If embraced and followed, intuition can be an accurate force that permeates all facets of life. Shakti teaches readers how to tap into their inner knowledge and use it to enhance their lives and attain their goals. Chapters explore the role of intuition in health, creativity, work, and prosperity. Exercises based on Shakti's workshops and seminars help readers listen to their inner guide but also evaluate the worthiness of such knowledge in the context of the real world. Stories from her clients and her own life illustrate the practical advice she gives.

Your Intuition Led You Here

Dr. Orloff reflects on her career and the changes that have revolutionized modern medicine and psychiatry since Second Sight was first published. She expands her earlier ideas and further explores intuition's role in maintaining physical health and emotional well-being, using examples from her own life as well as her patients' lives. This is both a remarkable self-portrait of one woman's journey toward the acceptance of intuition as a therapeutic tool and a comprehensive look at how you, too, can develop your intuition, transform your health, and revolutionize your everyday life.

Just for Today

Just for Today is a beautiful gift book that contains 365 entries that will encourage readers who struggle with everyday life to look to the real Source of help and strength.

Guidelines for Living

If you've ever felt like God was out there but just not within your personal reach, Touching God will change that perception. Author Harold J. Sala gathers his most heart-stirring writings on prayer – one for every week of the year – to lead you toward a better understanding of how near God actually is to your every thought and concern. No matter what your life experience has been up to this point, you can learn to be in closer connection with God . . . close enough to touch.

Guidelines for Living

Fear, stress, low self-confidence . . . if troubling emotions have gotten the best of you, learn how God can use them instead as trigger points that will bring out the very best in you. This incisive book from renowned Bible teacher Harold J. Sala shares scriptural principles to unleash God's power as you turn your emotions into friends and become a more positive, confident, and fulfilled person by Making Your Emotions Work for You.

Touching God

Careful spiritual healing bring to light the wisdom in trusting God to bring hope and purpose into whatever situation a person may face.

Making Your Emotions Work for You

Prayer on Fire is what happens when your initiative to meet with God in prayer connects with His desire to meet you. Learn the biblical steps to take to experience the reality of the Holy Spirit's presence in your daily prayer life.

What You Need to Know about Healing

* Backed by Dr. Harold Sala's 40-year broadcast presence and the promotional power of Guidelines International, whose Guidelines for Life reaches over 100 countries. * Foreword by Rick Warren, author of The Purpose-Driven Life. Harold Sala reminds readers that the Bible speaks to every conceivable human circumstance. His simple, plain-spoken advice will unlock just the thought or action readers need to move forward...or leave behind something that's keeping them stuck. Twenty-five chapters cover a wide range of emotions and experiences, including... When You Want Peace When You Suffer When You Hope When Your Broken Life Needs Healing When You Are Angry When You Need Courage When You Need to Say, "I'm Sorry; Forgive Me" Each chapter offers five short sections with memorable one-sentence insights and practical spiritual guidelines, using illustrations drawn from daily life. Readers will come away assured that God is always there to support, strengthen, and comfort them.

Prayer on Fire

'Tomorrow Starts Today' is all about daily spiritual renewal. Rather than focusing on what tears you down, this daily devotional sets your sights on those things that will build you up, that will encourage you to look heavenward, and will show you how to draw strength from God--the eternal reservoir that never runs dry. Each devotion also includes a short Scripture passage that parallels the day's main thought. God's grace and love will become evident as you discover His strength and guidance day by day.

When Your Heart Cries Out to God

From an agnostic doctor-turned believer, to an atheist professor who got down on his knees and surrendered himself to God, to the wayward son of a famous preacher, bestselling author Harold J.

Sala narrates 20 compelling stories of lives changed by God through His Living Book. But more than amazing stories of people from around the world, Dr. Sala brings to focus the answers from the Bible to questions everybody asks, eventually, like, "Who am I?" "What is my purpose?" "What happens when we die?"

Tomorrow Starts Today

Many facets of our world appear biased toward the couples' lifestyle; there's often an insinuation in advertisements, private conversations, and public gatherings that being alone means being unfulfilled--that singleness is a second-class status. How could that be true? In *Joyfully Single in a Couples' World*, Bible teacher Harold J. Sala clearly states: "What I want to accomplish is to help singles understand that they can find contentment and peace where they are right now, that they don't have to be married to be happy. I want to help them come to grips with who they are and to help them to discover where God wants them to go with their lives and futures. Finding God's help to meet the present need is the key to peace and fulfillment." Chapters on making peace with your dreams, handling other people's expectations, the beauty of friendships, and God's will guide readers to great joy in the here and now.

Living Book that Changes Lives

Parenting Is Hard and Then You Die provides a biblical and comprehensive strategy for raising healthy kids in a world that is morally bankrupt, spiritually desolate, and increasingly dangerous. That strategy is clear and specific, rooted in the Bible, proved successful, and communicated in a fun, entertaining way. Dr. David Clarke has written many books on family. This book stands out for all of the following: Extremely practical Clarke's trademark humor Gives good attention to the teen years Strategies tested in his own home and by counseling clients

Joyfully Single in a Couples' World

Who's growing old? Not me. While going through this marathon call life, do you feel like you still have unlimited energy? Or are you telling yourself more often now, "If I make it through this day without needing painkillers, I'll be happy"? Let's face it, time has a way of sapping our strength, drawing lines on our faces, and dulling our memories. But do you know that you can age without growing old? After all, age is just a number! This delightful book packed with practical tips, inspiring words, and light humor is just what you need. Harold and Darlene Sala share how you can appreciate life at every stage and make the years count. So stretch those achy joints, tie your shoelaces, and be ready to go many miles more. You are about to enjoy what could be the best time of your life!

Before God is a combination of a meticulous Bible study, pastoral application, and heartwarming devotion. "Before God will be a great addition to any Christian library." -Ken Jones, White Horse Inn "...obvious signs of study and godly devotion." -Dr. Cornelius Plantinga, Jr., President, Calvin Theological Seminary "The concluding chapter on Robert Murray M'Cheyne's prayer life is alone worth the price of the book... will stir you up to a fuller life of prayer and supplication." -Dr. Joel R. Beeke, President, Puritan Reformed Theological Seminary, Grand Rapids "...a helpful guide for beginners and old-hands alike." -Dr. Derek W. H. Thomas, Professor of Theology, Reformed Theological Seminary (Jackson) "...one of the most practical books of our time." -Mark Spence, Way of the Master "I highly recommend Before God to all Christians." -Dr. Ron Gleason, Ph.D "Comprehensive in scope, seasoned throughout with rich insights from the Puritans and other giants of the faith, and written in a fashion simple enough to enable easy acquisition and passionate enough to stir up a deeper love for the God to whom we pray, it will certainly find a wide and grateful audience in today's Church." -Nathan Pitchford, Monergism Books "This book by Mike Sarkissian, will remind you that prayer is essential to the Christian life, strengthening you to overturn the 'money changers' in your heart and

be more like our Lord." -Jerry Johnson, President, The Apologetics Group & NiceneCouncil.com FULL ENDORSEMENTS INSIDE Mike Sarkissian is a pastor at Sovereign Grace Community Church in Perris, California (sovereigngracecc.org). Library of Congress Catalog

Throughout life's wide range of emotions and experiences, whoever and wherever you are, God is there and cares about you. When Your Heart Cries Out to God by beloved Bible teacher Harold J. Sala supports this truth with 125 brief essays and related scriptural passages on a spectrum of topics from discovering authentic Christianity, desiring peace, finding real love, and taking control of your life to more pointed feelings of worry, suffering, fear, depression, and loneliness. Whenever you need to break free from something that has you feeling discouraged or stuck along life's path, cry out to God, and you will experience His comforting presence.

Library of Congress Catalogs

In a culture where anything goes, today's parents often feel they need super powers to raise their children. That's why Parenting Isn't for Superheroes-Everyday Strategies for Raising Good Kids is such a welcome breath of fresh air. A marriage and family counselor-and the parent of four children-Dr. David Clarke offers biblically grounded, proven strategies for winning the culture battle and raising healthy, well-adjusted kids. This "sanity kit" for Mom and Dad is often laugh-out-loud funny as Dr. Clarke shows parents how hanging up their superhero expectations and being a real hero to their kids is a lot easier-and a lot more fun-than they dreamed.

Religious Books and Serials in Print 1978-1979

In Gift and Giver, leading New Testament scholar Craig Keener takes a probing look at the various evangelical understandings of the role of the Holy Spirit in the church. He explores topics such as spiritual gifts, the fruit of the Spirit, the Spirit's power for evangelism, and hearing God's voice. His desire is for Christians to "work for consensus, or at least for unity in God's work despite our differences on secondary matters." Employing a helpful narrative approach and an ample number of stories, Keener enters into constructive dialogue with Pentecostals, moderates, and cessationists, all the while attempting to learn from each viewpoint. He seeks to bridge the gap between cessationists and Pentecostals/charismatics by urging all Christians to seek the Holy Spirit's empowerment. His irenic approach to this controversial issue has been endorsed by charismatics and non-charismatics alike. Sure to provoke helpful dialogue on a topic that has caused unfortunate divisions within the church, Gift and Giver will be a valuable addition to college and seminary courses on pneumatology. It will also be helpful to lay readers interested in a balanced discussion of spiritual gifts. This repackaged edition includes an updated preface and a substantive new afterword.

Religious Books and Serials in Print

In this honest, amusing, and eye-opening book, readers find encouragement, reassurance, and help on parenting topics including building self-esteem and teaching godly character and values.

Before God

The all new Ministers Manual, the most trusted and comprehensive resource available for preachers, features more than 200 sermons and sermon outlines. James Cox has gathered the best of traditional and contemporary sources to assist ministers in sermon preparation and ignite their imaginations.
