## Classic Horror

A valuable resource for readers exploring the classic horror genre, this book presents primary source documents alongside analysis in an examination of the social, political, and economic factors reflected in 19th century Gothic literature. The nineteenth century was a time of social, cultural, and economic change; revolutionary scientific developments; and enduring imaginative works. This book explores the classic horror genre of Gothic literature in its historical and social contexts. It contains chapters on four major works of classic horror, with each chapter providing a mix of background information, primary source historical documents, and analysis that will appeal as much to high school and college students as to lovers of literature and the Victorian era. Coleridge's *The Rime of the Ancient Mariner* is contextualized through documents pertaining to British imperialism, Antarctic Exploration, and the burgeoning environmentalist movement. Shelley's *Frankenstein* is explored through sections on galvanism, electricity, grave robbing, and the vitalist debate. Stevenson's *The Strange Case of Dr. Jekyll and Mr. Hyde* is read through explanations of nineteenth-century drug use and addiction and early theories of psychology and criminology. Stoker's *Dracula* is studied with reference to such topics as mesmerism, clairvoyance, alienism, medical ethics, xenophobia, and Victorian pseudoscience.

Shelley's *Frankenstein* is explored through sections on galvanism, electricity, grave robbing, and the vitalist debate. Stevenson's *The Strange Case of Dr.*

Jekyll and Mr. Hyde is read through explanations of nineteenth-century drug use and addiction and early theories of psychology and criminology. Stoker's Dracula is studied with reference to such topics as mesmerism, clairvoyance, alienism, medical ethics, xenophobia, and Victorian pseudoscience.

### Classic Horror Writers

The twelve classic horror writers examined are Ambrose Bierce, Charles Brockden Brown, Henry James, Joseph Sheridan LeFanu, Matthew Gregory Lewis, Charles Robert Maturin, Edgar Allan Poe, Ann Radcliffe, Mary Shelley, Robert Louis Stevenson, Bram Stoker and Horace Walpole. Each profile includes biographical information, critical extracts and a bibliography.

### The Palgrave Handbook to Horror Literature

This handbook examines the use of horror in storytelling, from oral traditions through folklore and fairy tales to contemporary horror fiction. Divided into sections that explore the origins and evolution of horror fiction, the recurrent themes that can be seen in horror, and ways of understanding horror through literary and cultural theory, the text analyses why horror is so compelling, and how we should interpret its presence in literature. Chapters explore historical horror aspects including ancient mythology, medieval writing, drama, chapbooks, the Gothic novel, and literary Modernism and trace themes such as vampires, children and animals in horror, deep dark forests, labyrinths, disability, and imperialism. Considering horror via postmodern theory, evolutionary psychology, postcolonial theory, and New Materialism, this handbook investigates issues of gender and sexuality, race, censorship and morality, environmental studies, and literary versus popular fiction.

### Horror: A Very Short Introduction

Very Short Introductions: Brilliant, Sharp, Inspiring Four o'clock in the morning, and the lights are on and still there's no way we're going to sleep, not after the film we just saw. The book we just read. Fear is one of the most primal human emotions, and one of the hardest to reason with and dispel. So why do we scare ourselves? It seems almost mad that we would frighten ourselves for fun, and yet there are thousands of books, films, games, and other forms of entertainment designed to do exactly that. As Darryl Jones shows, the horror genre is huge. Ranging from vampires, ghosts, and werewolves to mad scientists, Satanists, and deranged serial killers, the cathartic release of scaring ourselves has made its appearance in everything from Shakespearean tragedies to internet memes. Exploring the key tropes of the genre, including its monsters, its psychological chills, and its love affair with the macabre, this Very Short Introduction discusses why horror stories disturb us, and how society responds to literary and film representations of the gruesome and taboo. Should the enjoyment of horror be regarded with suspicion? Are there different levels of the horrific, and should we distinguish between the commonly reviled carnage of contemporary torture porn and the culturally acceptable bloodbaths of ancient Greek tragedies? Analysing the way in which horror manifests multiple personalities, and has been used throughout history to articulate the fears and taboos of the current generation, Darryl Jones considers the continuing evolution of the genre today. As horror is mass marketed to mainstream society in the form of romantic vampires and blockbuster hits, it also continues to maintain its former shadowy presence on the edges of respectability, as banned films and violent internet phenomena push us to question both our own preconceptions and the terrifying capacity of human nature. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable. First published in hardback as *Sleeping with the Lights on*.

### A History of Horror

Ever since horror leapt from popular fiction to the silver screen in the late 1890s, viewers have experienced fear and pleasure in exquisite combination. Wheeler Winston Dixon's *A History of Horror* is the only book to offer a comprehensive survey of this ever-popular film genre. Arranged by decades, with outliers and franchise films overlapping some years, this one-stop sourcebook unearths the historical origins of characters such as Dracula, Frankenstein, and the Wolfman and their various incarnations in film from the silent era to comedic sequels. *A History of Horror* explores how the horror film fits into the Hollywood studio system and how its enormous success in American and European culture expanded globally over time. Dixon examines key periods in the horror film-in which the basic

precepts of the genre were established, then banished into conveniently reliable and malleable forms, and then, after collapsing into parody, rose again and again to create new levels of intensity and menace. *A History of Horror*, supported by rare stills from classic films, brings over fifty timeless horror films into frightfully clear focus, zooms in on today's top horror Web sites, and champions the stars, directors, and subgenres that make the horror film so exciting and popular with contemporary audiences.

#### Horror Literature through History [2 volumes]

This two-volume set offers comprehensive coverage of horror literature that spans its deep history, dominant themes, significant works, and major authors, such as Stephen King, Edgar Allan Poe, and Anne Rice, as well as lesser-known horror writers. Many of today's horror story fans—who appreciate horror through movies, television, video games, graphic novels, and other forms—probably don't realize that horror literature is not only one of the most popular types of literature but one of the oldest. People have always been mesmerized by stories that speak to their deepest fears. *Horror Literature through History* shows 21st-century horror fans the literary sources of their favorite entertainment and the rich intrinsic value of horror literature in its own right. Through profiles of major authors, critical analyses of important works, and overview essays focused on horror during particular periods as well as on related issues such as religion, apocalypticism, social criticism, and gender, readers will discover the fascinating early roots and evolution of horror writings as well as the reciprocal influence of horror literature and horror cinema. This unique two-volume reference set provides wide coverage that is current and compelling to modern readers—who are of course also eager consumers of entertainment. In the first section, overview essays on horror during different historical periods situate works of horror literature within the social, cultural, historical, and intellectual currents of their respective eras, creating a seamless narrative of the genre's evolution from ancient times to the present. The second section demonstrates how otherwise unrelated works of horror have influenced each other, how horror subgenres have evolved, and how a broad range of topics within horror—such as ghosts, vampires, religion, and gender roles—have been handled across time. The set also provides alphabetically arranged reference entries on authors, works, and specialized topics that enable readers to zero in on information and concepts presented in the other sections.

#### American Reference Books Annual

Read professional, fair reviews by practicing academic, public, and school librarians and subject-area specialists that will enable you to make the best choices from among the latest reference resources. This newest edition of *American Reference Books Annual* (ARBA) provides librarians with insightful, critical reviews of print and electronic reference resources released or updated in 2017-2018, as well as some from 2019 that were received in time for review in the publication. By using this invaluable guide to consider both the positive and negative aspects of each resource, librarians can make informed decisions about which new reference resources are most appropriate for their collections and their patrons' needs. Collection development librarians who are working with limited budgets—as is the case in practically every library today—will be able to maximize the benefit from their monetary resources by selecting what they need most for their collection, while bypassing materials that bring limited value to their specific environment.

#### A History of Horror

Ever since horror leapt from popular fiction to the silver screen in the late 1890s, viewers have experienced fear and pleasure in exquisite combination. *A History of Horror*, with rare stills from classic films, is the only book to offer a comprehensive survey of this ever-popular film genre. Chronologically examining over fifty horror films from key periods, this one-stop sourcebook unearths the historical origins of legendary characters and explores how the genre fits into the Hollywood studio system and how its enormous success in American and European culture expanded globally over time.

#### Classic Horror Films and the Literature That Inspired Them

Classic horror films such as *Dracula*, *Frankenstein* and *The Picture of Dorian Gray* are based on famous novels. Less well known—even to avid horror fans—are the many other memorable films based on literary works. Beginning in the silent era and continuing to the present, numerous horror films found their inspiration in novels, novellas, short stories and poems, though many of these written works are long forgotten. This book examines 43 works of literature—from the famous to the obscure—that

provided the basis for 62 horror films. Both the written works and the films are analyzed critically, with an emphasis on the symbiosis between the two. Background on the authors and their writings is provided.

### The Art of Horror

## THE ART OF HORROR: AN ILLUSTRATED HISTORY

### Horror Stories

Collects twenty-nine classic nineteenth-century horror tales from American, Irish, British, and European authors, with author information and explanatory notes.

### Reel Terror

From the author of the definitive heavy metal history, *Bang Your Head*, a behind-the-scenes look a century of horror films *Reel Terror* is a love letter to the wildly popular yet still misunderstood genre that churns out blockbusters and cult classics year after year. From *The Cabinet of Dr. Caligari* to *Paranormal Activity*, Konow explores its all-time highs and lows, why the genre has been overlooked, and how horror films just might help us overcome fear. His on-set stories and insights delve into each movie and its effect on American culture. For novices to all out film buffs, this is the perfection companion to this Halloween's movie marathons.

### Horror: A Literary History

Horror is unlike any other literary genre. It seeks to provoke uniquely strong reactions, such as fear, shock, dread or disgust, and yet remains very popular. Horror is most readily associated with the film industry, but horrific short stories and novels have been wildly loved by readers for well over two centuries. Despite its persistent popularity, until now there has been no up-to-date history of horror fiction for the general reader. This book offers a chronological overview of the genre in fiction and explores its development and mutations over the past 250 years. It also challenges the common misjudgement that horror fiction is necessarily frivolous or dispensable. Leading experts on Gothic and horror literature introduce readers to classics of the genre as well as exciting texts they may not have encountered before. The topics examined include: horror's roots in the Gothic romance and antebellum American fiction; the penny dreadful and sensation novels of Victorian England; fin-de-siècle ghost stories; decadent fiction and the weird; the familial horrors of the Cold War era; the publishing boom of the 1980s; the establishment of contemporary horror auteurs; and the post-millennial zombie trend.

### House of Horrors

This is a study of tumultuous transformations of kinship and intimate relationships in American horror fiction over the last three decades. Twelve contemporary novels (by ten women writers and two whose work has been identified as women's fiction) are grouped into four main thematic clusters – haunted houses; monsters; vampires; and hauntings – but it is social scripts and concerns linked directly to intimacy and family life that structure the entire volume. By drawing attention to how the most intimate of all social relationships – the family – supports and replicates social hierarchies, exclusions, and struggles for dominance, the book problematises the source of horror. The consideration of horror narratives through the lens of familial intimacies makes it possible to rethink genre boundaries, to question the efficacy of certain genre tropes, and to consider the contribution of such diverse authors as Kathe Koja, Tananarive Due, Gwendolyn Kiste, Elizabeth Engstrom, Sara Gran and Caitlín R. Kiernan.

### Sleeping with the Lights on

Four o'clock in the morning, and the lights are on and still there's no way we're going to sleep, not after the film we just saw. The book we just read. Fear is one of the most primal human emotions, and one of the hardest to reason with and dispel. So why do we scare ourselves? It seems almost mad that we would frighten ourselves for fun, and yet there are thousands of books, films, games, and other forms of entertainment designed to do exactly that. As Darryl Jones shows, the horror genre is huge. Ranging from vampires, ghosts, and werewolves to mad scientists, Satanists, and deranged serial killers, the cathartic release of scaring ourselves has made its appearance in everything from Shakespearean tragedies to internet memes. Exploring the key tropes of the genre, including its monsters, its psychological chills, and its love affair with the macabre, Darryl Jones discusses why horror stories disturb us, and how society responds to literary and film representations of the gruesome

and taboo. Should the enjoyment of horror be regarded with suspicion? Are there different levels of the horrific, and should we distinguish between the commonly reviled carnage of contemporary torture porn and the culturally acceptable bloodbaths of ancient Greek tragedies? Analysing the way in which horror manifests multiple personalities, and has been used throughout history to articulate the fears and taboos of the current generation, Jones considers the continuing evolution of the genre today. As horror is mass marketed to mainstream society in the form of romantic vampires and blockbuster hits, it also continues to maintain its former shadowy presence on the edges of respectability, as banned films and violent internet phenomena push us to question both our own preconceptions and the terrifying capacity of human nature.

#### A Quaint & Curious Volume of Forgotten Lore

Hollywood of the 1930s and 1940s produced dozens of horror and monster movies. Today, the reputations of these black and white films range from classic to schlock, but to their young audiences they were more than entertainment. For school-age moviegoers of the Great Depression and World War II, and after-school television addicts of the 1950s and 1960s, the classic movie monsters were figures of myth. Delves into both what is on the screen and what is just beyond it in classic horror films.

#### The Victorian World

An indispensable resource for readers investigating Victorian literature and culture, this book offers a comprehensive summary of the historical, social, political, and cultural contexts of Victorian England. The Victorian era was a time of great social, scientific, and cultural change. The literary works of that period reflect that change and help us to better understand the Victorian world. This book examines the historical, political, social, and cultural contexts of several important Victorian literary works: *Jane Eyre*, by Charlotte Brontë; *Wuthering Heights*, by Emily Brontë; *A Tale of Two Cities*, by Charles Dickens; and several poems by Elizabeth Barrett Browning, including "The Cry of the Children," "The Runaway Slave at Pilgrim's Point," "A Curse for a Nation," and *Aurora Leigh*. The volume provides historical explanations, literary analyses, and cultural context for each literary work, including primary documents from the nineteenth century. Topics investigated include women's rights, workers' rights, education reforms, marriage laws, race relations, inheritance and heredity, and other issues concerning gender, race, and class in the nineteenth century. Readers will gain a greater understanding of these major literary works as well as their historical context.

#### The Gothic: Studies in History, Identity and Space

*The Gothic: Studies in History, Identity and Space* is a collection of articles critically examining numerous aspects of the genre in a variety of texts, such as fiction, film and popular culture artefacts, and in various times and places, starting from the classic gothic novels and ending with contemporary gothicised cultural practices.

#### The Chronicles of the Old West - 4 Historical Books Exploring the Wild Past of the American West

"The Way to the West" tells the story of the opening of the west, including the accounts of three early Americans Daniel Boone, Davy Crockett and Kit Carson. "The Story of the Cowboy" is a historical book about the cowboy in the American West close to the end of 19th century. "The Story of the Outlaw" is a study of the western desperado, with historical narratives of famous outlaws, the stories of noted border wars, vigilante movements, and armed conflicts on the frontier, including the profiles of Billy the Kid and Pat Garrett. "The Passing of the Frontier" explains the part of the frontier in history and what Lewis and Clark came up against when they passed it on their great expedition across the continent. Emerson Hough (1857–1923) was an American author best known for writing western stories, adventure tales and historical novels. His best known works include western novels *The Mississippi Bubble* and *The Covered Wagon*, *The Young Alaskans* series of adventure novels, and historical works *The Way to the West* and *The Story of the Cowboy*.

#### A Hideous Bit of Morbidity

Horror fiction stormed the bestseller lists with classics like *Rosemary's Baby* and *The Exorcist*, setting the stage for Stephen King's worldwide popularity, but the genre has literary roots going back centuries. This collection provides insight into the way classic horror texts were received, interpreted and discussed by the first generations to experience them, ideas that continue to define the way modern

society views horror. Each reprinted article, review or critical essay is prefaced with an introduction and explanatory notes to put the work in context. The book also includes an overview of horror criticism, a publication timeline, and period photographs and illustrations.

### World War I

Focusing on the war on the Western and Southern fronts and inclusive of material from all sides of the conflict, this book explores the novels and poems of significant soldier-writers alongside important contemporary historical documents. The literary works of the First World War are one of the richest sources we have for understanding one of the twentieth century's most significant conflicts. Not only do many of them have historical merit, but some were critically acclaimed by both contemporaries and subsequent scholars. For example, Henri Barbusse's *Under Fire*, one of the earliest novels of the war, won accolades in France and the respect of war poets Siegfried Sassoon and Wilfred Owen as well as novelists Erich Maria Remarque and Ernest Hemingway. This book examines these works and those of war poets Rupert Brooke and John McCrae and others, providing context as well as opportunities to explore thematic elements with primary source documents, such as diaries, letters, memoirs, newspaper and journal articles, speeches, and government publications. It is unique in its use of literary and historical sources as mediums by which to both better understand the literature of the war and use literature to better understand the war itself.

### Horror

This is the book horror readers and students need. It will hold you in its grip, leaving you replete with invaluable information about the range, longevity and mutations of the horror genre as it consistently forces you to engage with serious cultural and personal issues.

### Shakespeare's World: The Tragedies

This analysis of primary documents allows readers to understand Shakespeare's tragedies within the context of historical issues of Renaissance England. Comprising dozens of primary source documents, this book explores Early Modern historical issues reflected in four of Shakespeare's tragedies most commonly taught in secondary schools and universities around the world: *Romeo and Juliet*, *Julius Caesar*, *Hamlet*, and *Macbeth*. Primary source documents relating to *Romeo and Juliet* deal with subjects such as dueling, breast-feeding, and the Black Plague. Background discussion of *Julius Caesar* addresses the influence of Roman culture on Renaissance England; the nature of monarchy; and warfare in Renaissance England, including the defeat of the Spanish Armada. The backdrop for *Hamlet* includes the nature of spirits; heaven, hell, and purgatory; the history of revenge tragedy beginning with ancient Greece; and debates over the theater in Shakespeare's time. *Macbeth* brings the reader into the reign of King James and examines ongoing debates over the dangers of witchcraft; the crime of the century, the Gunpowder Plot of 1605; and the "Macbeth curse" that has plagued productions of the Scottish Play since its premiere.

### Horror Fiction in the 20th Century

Providing an indispensable resource for academics as well as readers interested in the evolution of horror fiction in the 20th century, this book provides a readable yet critical guide to global horror fiction and authors. *Horror Fiction in the 20th Century* encompasses the world of 20th-century horror literature and explores it in a critical but balanced fashion. Readers will be exposed to the world of horror literature, a truly global phenomenon during the 20th century. Beginning with the modern genre's roots in the 19th century, the book proceeds to cover 20th-century horror literature in all of its manifestations, whether in comics, pulps, paperbacks, hardcover novels, or mainstream magazines, and from every country that produced it. The major horror authors of the century receive their due, but the works of many authors who are less well-known or who have been forgotten are also described and analyzed. In addition to providing critical assessments and judgments of individual authors and works, the book describes the evolution of the genre and the major movements within it. *Horror Fiction in the 20th Century* stands out from its competitors and will be of interest to its readers because of its informed critical analysis, its unprecedented coverage of female authors and writers of color, and its concise historical overview.

### The Tale Of Terror

"The Tale of Terror" by Edith Birkhead is a collection of essays and writings that explore the themes and elements of Gothic literature. It provides an in-depth analysis of the Gothic genre, its origins, and its enduring appeal. The book delves into the historical context of Gothic literature, tracing its roots back to the 18th century and its connection to the Romantic movement. It discusses how Gothic literature emerged as a response to societal and cultural changes, including the Industrial Revolution and the Enlightenment. Birkhead's work also explores the key characteristics of Gothic fiction, such as gloomy and atmospheric settings, mysterious and haunted locations, and the use of supernatural elements. It delves into the psychological aspects of the genre, including the portrayal of madness and the exploration of the darker aspects of the human psyche. Throughout the book, Birkhead analyzes famous works of Gothic literature, including novels by authors like Edgar Allan Poe, Mary Shelley, and Bram Stoker. She examines the role of women in Gothic fiction and their portrayal as victims or heroines. "The Tale of Terror" also provides insights into the cultural significance of the Gothic genre, its influence on other literary movements, and its impact on popular culture. It discusses how Gothic themes have persisted and evolved in various forms of media, from literature to film and beyond. In summary, Edith Birkhead's "The Tale of Terror" is a comprehensive exploration of the Gothic genre, offering readers a deeper understanding of its history, themes, and enduring legacy in literature and culture. It serves as a valuable resource for scholars, students, and anyone interested in the rich and eerie world of Gothic fiction.

### The Female Fantastic

For women-identified writers of both eras, the fantastic offered double vision. Not only did the genre offer strategic cover for challenging the status quo, but also a heuristic mechanism for teasing out the gendered psyche's links to creative, personal, and erotic agency. These dynamic presentations of female and gender-queer subjectivity, are linked in intriguing and complex matrices to key moments in gender(ed) history. This volume contains essays from international scholars covering a wide range of topics, including werewolves, mummies, fairies, demons, time travel, ghosts, haunted spaces and objects, race, gender, queerness, monstrosity, madness, incest, empire, medicine, and science. By interrogating two non-consecutive decades, we seek to uncover the inter-relationships among fantastic literature, feminism, and modern identity and culture. Indeed, while this book considers the relationship between the 1890s and 1920s, it is more an examination of women's modernism in light of gendered literary production during the fin-de-siècle than the reverse.

### Dracula's Guest

Although Bram Stoker is best known for 'Dracula', he also wrote many other shorter works on the strange and the macabre. This collection of spine-chilling short stories explores the boundaries between life and death, known and unknown, animal and human, and dreams and reality.

### English Gothic

"This useful overview of British horror films condenses 100 years of celluloid fright into 100 key works and 180 photos...This book will likely prove popular with a wide readership...British film historian Rigby's fine prose is lively and assured. His evaluative comments are worthwhile, and his recounting of historical developments is both accessible and informative. Fans will appreciate his attention to detail, while casual readers will benefit from his skilled survey." - Library Journal

### A Pictorial History of Horror Movies

P. Lovecraft's Best Classic Horror Thrillers by H. P. Lovecraft The Lifted Veil: George Eliot's Best Classic Horror Thrillers by George Eliot

#### World's Greatest Horror Stories: Collection of 42 Best Horror Novels of All Time

Now over twenty years old, the original edition of *Nightmare Movies* has retained its place as a true classic of cult film criticism. In this new edition, Kim Newman brings his seminal work completely up to date, both reassessing his earlier evaluations and adding a second part that analyses the last two decades of horror films with all the wit, intelligence and insight for which he is known. Since the publication of the first edition, horror has been on a gradual upswing and has gained a new and stronger hold over the film industry. Newman negotiates his way through a vast back catalogue of horror and charts the on-screen progress of our collective fears and bogeymen, from the low-budget slasher movies of the 1960s, through to the slick releases of the 2000s. *Nightmare Movies* is an invaluable companion that not only provides a newly updated history of the darker side of film but also acts as a truly entertaining guide with which to explore the less well-trodden paths of horror and rediscover the classics with a newly instructed eye.

#### Nightmare Movies

This carefully crafted ebook: "THE GREAT GOD PAN (Horror Classic)" is formatted for your eReader with a functional and detailed table of contents. On publication it was widely denounced by the press as degenerate and horrific because of its decadent style and sexual content, although it has since garnered a reputation as a classic of horror. In *Supernatural Horror in Literature*, H. P. Lovecraft praised the story, saying: "No one could begin to describe the cumulative suspense and ultimate horror with which every paragraph abounds"; he added that "the sensitive reader" reaches the end with "an appreciative shudder." Lovecraft also noted, however, that "melodrama is undeniably present, and coincidence is stretched to a length which appears absurd upon analysis." Bennett Cerf described the story as a "masterpiece". Arthur Machen (1863-1947) was a Welsh author and mystic of the 1890s and early 20th century. He is best known for his influential supernatural, fantasy, and horror fiction. His

book *The Great God Pan* has garnered a reputation as a classic of horror (Stephen King has called it "Maybe the best [horror story] in the English language").

### THE GREAT GOD PAN (Horror Classic)

The Old Mansion Nestled deep within the dense forests of Blackwood County, stood a dilapidated structure that sent shivers down the spines of all who dared to pass by. The locals referred to it as "The Old Mansion," a name that carried a sense of foreboding and mystery. Its haunting presence seemed to whisper forgotten tales of horror and despair. "The Dark Legacy," a spine-chilling novel that caters to the cravings of horror enthusiasts and historical fiction lovers alike, unveils the sinister secrets that lie within the walls of this decrepit estate. In this subchapter, aptly titled "The Old Mansion," readers are invited to embark on a bone-chilling journey into the heart of darkness, where the past melds with the present in a terrifying dance of horror. As the story unfolds, the protagonist, a brave and curious soul, finds themselves drawn to the enigmatic mansion. With each creaking floorboard and every flickering candle, the reader is transported to a bygone era, where unspeakable acts of evil were committed. The vivid descriptions of the decaying architecture and the oppressive atmosphere pull the audience deeper into the narrative, immersing them in the palpable dread that permeates the air.

### The Dark Legacy

As the first detailed English-language book on the subject, *Korean Horror Cinema* introduces the cultural specificity of the genre to an international audience, from the iconic monsters of gothic horror, such as the wonhon (vengeful female ghost) and the gumiho (shapeshifting fox), to the avenging killers of *Oldboy* and *Death Bell*. Beginning in the 1960s with *The Housemaid*, it traces a path through the history of Korean horror, offering new interpretations of classic films, demarcating the shifting patterns of production and consumption across the decades, and introducing readers to films rarely seen and discussed outside of Korea. It explores the importance of folklore and myth on horror film narratives, the impact of political and social change upon the genre, and accounts for the transnational triumph of some of Korea's contemporary horror films. While covering some of the most successful recent films such as *Thirst*, *A Tale of Two Sisters*, and *Phone*, the collection also explores the obscure, the arcane and the little-known outside Korea, including detailed analyses of *The Devil's Stairway*, *Woman's Wail* and *The Fox With Nine Tails*. Its exploration and definition of the canon makes it an engaging and essential read for students and scholars in horror film studies and Korean Studies alike.

### Korean Horror Cinema

With summaries, discussions, and excerpts from primary source documents, this book examines Shakespeare's world through careful consideration of the historical background of four of his comedies. Comedy was popular during the Renaissance, and it was also one of Shakespeare's specialties. The four plays discussed in this book, *A Midsummer Night's Dream*, *The Merchant of Venice*, *Twelfth Night* and *The Tempest*, span Shakespeare's career and remind us that Shakespeare, more than any of his contemporaries, explored the possibilities of comedy, consistently developing new approaches to the genre. Shakespeare was a fairly traditional playwright, well aware of the long tradition of comedy, which dates back to the Greeks and Romans. This book places Shakespeare's comedies in their historical context. It includes dedicated chapters on each of the four comedies, with each chapter providing a plot summary, a discussion of the play's historical background and significance, and excerpts from primary source documents related to the play. An introduction surveys the historical background of the plays, while a timeline chronicles key events that influenced them. Suggestions for further reading direct readers to additional sources of information.

### Shakespeare's World: The Comedies

This work explores the relationship between twenty-five enduring works of horror literature and the classic films that have been adapted from them. Each chapter delves into the historical and cultural background of a particular type of horror—hauntings, zombies, aliens and more—and provides an overview of a specific work's critical and popular reception. Among the print-to-film titles discussed are *Frankenstein*, *Dracula*, *Doctor Jekyll and Mr. Hyde*, *The Masque of the Red Death*, *The Hound of the Baskervilles*, *The Phantom of the Opera*, *Psycho*, *The Exorcist*, and *The Shining*.

### Now a Terrifying Motion Picture!

As Stephen King will attest, the popularity of the occult in American literature has only grown since the days of Edgar Allan Poe. *American Supernatural Tales* celebrates the richness of this tradition with chilling contributions from some of the nation's brightest literary lights, including Poe himself, H. P. Lovecraft, Shirley Jackson, Ray Bradbury, Nathaniel Hawthorne, and—of course—Stephen King. By turns phantasmagoric, spectral, and demonic, this is a frighteningly good addition to Penguin Classics. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

### American Supernatural Tales

The seventies were a decade of groundbreaking horror films: *The Exorcist*, *Carrie*, and *Halloween* were three. This detailed filmography covers these and 225 more. Section One provides an introduction and a brief history of the decade. Beginning with 1970 and proceeding chronologically by year of its release in the United States, Section Two offers an entry for each film. Each entry includes several categories of information: Critical Reception (sampling both '70s and later reviews), Cast and Credits, P.O.V., (quoting a person pertinent to that film's production), Synopsis (summarizing the film's story), Commentary (analyzing the film from Muir's perspective), Legacy (noting the rank of especially worthy '70s films in the horror pantheon of decades following). Section Three contains a conclusion and these five appendices: horror film clichés of the 1970s, frequently appearing performers, memorable movie ads, recommended films that illustrate how 1970s horror films continue to impact the industry, and the 15 best genre films of the decade as chosen by Muir.

### Horror Films of the 1970s

An anthology of essays on horror writing, providing an overview of the genre, exploring the characteristics of the gothic novel, examining three classic horror novels, and looking at the lives and works of four modern masters of horror, including H.P. Lovecraft, Stephen King, Anne Rice, and Clive Barker.

## Du jeu subtil à l'amour fou

This book is a reference volume and a digest of more than a century of scholarly work on troubadour poetry. Written by leading scholars, it summarizes the current consensus on the various facets of troubadour studies. Standing at the beginning of the history of modern European verse, the troubadours were the prime poets and composers of the twelfth and thirteenth centuries in the South of France. No study of medieval literature is complete without an examination of the courtly love which is celebrated in the elaborately rhymed stanzas of troubadour verse, creations whose words and melodies were imitated by poets and musicians all over medieval Europe. The words of about 2,500 troubadour songs have survived, along with 250 melodies, and all have come under intense scholarly scrutiny. This Handbook brings together the fruits of this scrutiny, giving teachers and students an overview of the fundamental issues in troubadour scholarship. All quotations are given in the original Old Occitan and in English. The editors provide a list of troubadour editions and an index, and each chapter includes a list of additional readings.

## A Handbook of the Troubadours

A journey through the past and present of a little-known area of south-west France. Explores the people, places and events that shaped a land once too important to ignore. A whole library has been written about the Lauragais in French, but virtually nothing in English. The Lauragais lies in south-west France at the heart of Occitania. Today it is largely ignored by the millions who visit its neighbours each year – Toulouse and Carcassonne – but in times gone by it rarely escaped the attentions of the great and the good, or the ambitious and the avaricious. This is a book with big characters – Simon de Montfort, the Black Prince, Thomas Jefferson and the Duke of Wellington among others – but most of all it tells the story of the people who have shaped this land, the living and the dead, families that have lived in the same house or village for hundreds of years. This is the story of their lives, their religion, their

forgotten language and their environment. On the autoroute, a journey through the Lauragais will take you three-quarters of an hour, but all you will see are tantalising glimpses of gorgeous countryside and distant signs of human habitation. In this book, the author takes you on a more leisurely trip through time in a land that is endearingly modest about its illustrious past.

## Lauragais

The Voice of Pleasure makes a persuasive and fascinating argument that the romantic couple of Western representation is not heterosexual. Nor is it homosexual. With insightful new readings of landmarks of Western culture from Tristan and Yseut to Seinfeld, Callahan demonstrates that the illusion of heterosexuality is created by a male artist's assumption of a feminine voice to express desire. Named the 'troubadour effect' for the first time here, this tradition of male femininity in romantic writing results in a cultural model of desire best described as 'heterosexuality without women.' The most compelling aspect of the book is its attention to the effect of this paradox on women writers. Illuminating her argument with striking examples from the 'troubairitz' to Toni Morrison, the author shows how women writers inscribe their 'vagabondage,' a term she coins to name the consequences of the 'troubadour effect' for women's agency, as both writers and lovers.

## Writing the Voice of Pleasure

L'œuvre poétique d'André Velter (\*1945) est pour la première fois présentée depuis ses débuts (1963) jusqu'à l'extrême contemporain (2013). Elle expose une « poésie vécue » comme poésie vivable et se fonde sur un principe dialogique qui implique aussi bien l'espace que l'autre en tant que partenaires égaux du dialogue lyrique. Poète et voyageur, Velter s'inspire des cultures, spiritualités et paysages qu'il traverse. Une expérience nomade de l'espace émerge en Afghanistan, puis au Ladakh-Himalaya. Elle informe les styles du 'lyrisme aride' et du 'lyrisme fauve' et trouve son apogée dans le lyrisme amoureux. La présente étude analyse l'œuvre poétique à la lumière des approches méthodiques de la géopoétique, de la pensée-paysage et de la poéthique. Elle situe la poésie de Velter parmi la tradition de la poésie française, le panorama de la poésie contemporaine et la littérature mondiale.

## La « poésie vécue » d'André Velter

Proefschrift R.U.U.

## Passions et positions

Arranged alphabetically, this volume contains articles on various aspects of life in the Middle Ages, from A.D. 500 to 1500 and covering a geographic area including the Latin West, the Slavic world, Asia Minor, the lands of the caliphate in the East, and the Muslim-Christian areas of North Africa.

## En un vergier--

Pels volts de l'any 1200, el trobador Ramon Vidal de Besalú va escriure la que és la primera gramàtica d'una llengua romànica i, a més, va fer-ho en la mateixa llengua sobre la qual versava: l'occità, en què s'havia consolidat una tradició poètica que no tardà a desbordar el seu marc natural. Igualment Vidal conreà una lírica en què era fonamental la reflexió sobre l'amor cortesa, i va compondre, al llarg dels primers anys del segle XIII, uns relats que són una finestra privilegiada a l'atractiu paisatge trobadoresc, destinats a romandre com un punt de referència fundacional en la narrativa occitana i catalana. Poeta, narrador, gramàtic, Ramon Vidal és una de les personalitats més completes i riques de l'inesgotable univers literari occità.

## Tenso

Die im Jahre 1905 von Gustav Gröber ins Leben gerufene Reihe der Beihefte zur Zeitschrift für romanische Philologie zählt zu den renommiertesten Fachpublikationen der Romanistik. Die Beihefte pflegen ein gesamtromanisches Profil, das neben den Nationalsprachen auch die weniger im Fokus stehenden romanischen Sprachen mit einschließt. Zur Begutachtung können eingereicht werden: Monographien und Sammelbände zur Sprachwissenschaft in ihrer ganzen Breite, zur mediävistischen Literaturwissenschaft und zur Editionsphilologie. Mögliche Publikationssprachen sind Französisch, Spanisch, Portugiesisch, Italienisch und Rumänisch sowie Deutsch und Englisch. Sammelbände sollten thematisch und sprachlich in sich möglichst einheitlich gehalten sein.

## The Cansos of Raimon de Miraval

Die Geschichte der Philologien kann nicht von der Geschichte der Literaturen getrennt werden: Dichtung bezieht sich immer auf Traditionen. Diese existieren aufgrund ihrer Konstitution, ihrer Bewahrung, ihrer Kritik, ihrer Interpretation - aufgrund der klassischen Tätigkeiten von Philologie bzw. Literaturwissenschaft. Der poeta philologus ist ein aufschlussreicher Sonderfall für diesen Befund, der aber auch darüber hinaus Geltung beanspruchen kann. Der Band widmet sich der Lage des Dichterphilologen im 19. Jahrhundert. Seine Situation ist ambivalent. Innerhalb von Kulturen und Gesellschaften, die ihre ästhetischen, didaktischen und politischen Ambitionen durch einen Rückgang auf die Geschichte legitimieren, gewinnt der poeta philologus eine herausragende Bedeutung: Er verfügt als Philologe über das Vergangene, um es als Dichter wirkungsmächtig in die Öffentlichkeit zu geben. Gleichzeitig aber ist seine Doppelrolle seit den ästhetisch-poetischen Entwicklungen vom späten 18. Jahrhundert an gefährdet: Droht nicht die Gelehrsamkeit die Fähigkeit zur Dichtung abzutöten? Der Dichterphilologe ist eine Schwellenfigur zur Moderne: Er versucht noch einmal, die Sehnsucht nach dem Vergangenen in gegenwärtiges Leben umzuwandeln, das sich multiplizierende historische Wissen in die Präsenz gegenwärtiger Dichtung zu bannen. Die Beiträge beschränken sich nicht auf eine Nationalphilologie. In exemplarischen Studien zu Dichterphilologen unterschiedlicher Länder und Literaturen wird deutlich, dass der poeta philologus ein europäisches Phänomen ist.

## Dictionary of the Middle Ages

La littérature occitane du Moyen Âge, surtout riche de sa poésie lyrique, compte aussi quelques chefs-d'oeuvre dans le genre narratif comme le roman anonyme de Flamenca, Las novas del papagay d'Amaut de Carcasses, et le Castia Gilos de Ramon Vidal de Besalu. Utilisant les thèmes chers aux troubadours, ces trois textes racontent, chacun à sa manière, le triomphe de l'amour sur la jalousie, mais leurs auteurs ne sont pas de simples continuateurs. Au contraire, leur choix littéraire sert une volonté de contestation des mythes de la fin'amor. Dans leurs oeuvres se lit l'influence de nombreux récits et textes didactiques d'oc et d'oïl et, de ces influences croisées, naît un nouvel art d'aimer qui est aussi un nouvel art de vivre.

## Subject Catalog

Jusqu'où est-on prêt à aller par amour ? Dix autrices et auteurs incontournables s'aventurent à explorer l'un des thèmes les plus périlleux et nobles de la littérature : l'amour. Mais pas n'importe lequel, l'amour déraisonnable, obsédant, l'amour à perdre la raison, celui qui sublime et transcende ou détruit tout sur son passage : L'AMOUR FOU. Éclectiques et saisissantes, douces ou brutales, les nouvelles inédites de ce recueil sondent les diverses facettes de ce sentiment aussi prodigieux que dévastateur.

## Library of Congress Catalogs

Regroupe 86 textes parus dans "L'Humanité" sur le thème lire le pays. Cette série débute le 30 juin 1977 avec Jean Genet et se termine avec Yves Gibeau le 3 juin 1978. Entre les deux, rassemble des grands noms de la littérature ou de la pensée française : Michel Tournier, Roland Barthes, Georges Perec, Hervé Bazin, Georges Simenon... Les textes sont classés par ordre alphabétique d'auteur.

## Actes d'une recherche Carnet 1986 - 2019

Nouvelle édition actualisée et complétée de textes retrouvés. Cet ouvrage avait été voulu, conçu et réalisé par René Nelli dès 1959, dans le but d'offrir au lecteur, sous une forme accessible - en traduction française - mais avec un souci permanent de rigueur historique et d'intelligence critique, l'ensemble des textes originaux écrits par les cathares, qui datent des XIe-XIVe siècles. Ecritures cathares se compose d'un apocryphe bogomile (l'Interrogatio Johannis ou Cène secrète), de deux traités (Traité anonyme et Livre des deux Principes), de trois rituels (rituel latin de Florence, rituels occitans de Lyon et Dublin), textes présentés, traduits et commentés par René Nelli. Ces écrits cathares rectifient avec infiniment de précision et de sensibilité la vision, parfois à l'emporte-pièce, des inquisiteurs, qui fut longtemps la seule source documentaire à disposition des chercheurs. Ils complètent heureusement l'information, là où béait une lacune, réorientent des perspectives qui paraissaient déroutantes. Décrit

et décrié comme hérésie manichéenne par la polémique catholique médiévale, le catharisme se définit comme exigence chrétienne, dans ses propres livres.

René Nelli

Each vol. includes an annual bibliography; 1915-20 consist of bibliography only.
