Aside from Jesus, the Apostle Paul had the greatest formative influence on the early Christian movement. Yet who was this passionate missionary who carried the message of Christ throughout the Mediterranean world? The New Testament writings give us not one but two portraits of Paul. We read numerous details of Paul's life and relationships in the Book of Acts and we also find an additional set of details about Paul's activities in his letters. Yet how consistent are these two portraits? And which one gives us the most accurate picture of the historical Paul? In this volume Thomas E. Phillips examines the portrayals of Paul in recent biblical scholarship in the light of these two major NT portraits. Believing the apostolic conference at Jerusalem to be a watershed event, Phillips draws conclusions that help contemporary readers get a more accurate picture of Paul.

Paul and Barnabas. A Tract for the Times

"Few books have had as great an impact on the cause of world evangelization in our generation as Robert Coleman's 'The Master Plan of Evangelism.'""--Billy Graham It all started when Jesus called a few men to follow him and share God's message with their neighbors. We are called to do the same. But evangelism can be difficult--even intimidating. With all the evangelism resources available, where should you turn to find advice on how to share the Good News with others? Robert E. Coleman says the answers aren't found in TV evangelism, easy-evangelism guidebooks, or the latest marketing techniques. Rather, he looks to the Bible, to the ultimate example found in Jesus Christ. For more than forty years this classic, biblical look at evangelism has challenged and instructed over three million readers. Now repackaged for a new generation, "The Master Plan of Evangelism" is as fresh and relevant as ever. Join the movement and discover how you can minister to the people God brings into your life.

Book of Acts

Growing out of a conviction that we need to provide older children with a greater understanding of their Christian heritage and the Bible, Dr. Edward Buchanan has authored two resources that are both educational and biblically sound. Parent/Teacher Handbook: Teaching Older Children Everything They Need to Know About the Bible, volume 3 uses a chronological Bible story approach, giving leaders and teachers the core content and information needed to teach children about the Bible. Parent/Teacher Handbook: Teaching Older Children Everything They Need to Know About Their Christian Heritage,

volume 4 covers the basics of our Christian heritage and faith including Jewish traditions, missions, hymnody, art, science, and ethics.

Life of the Apostle Paul

The student workbook covers the same people as the teaching activities manual. Each biblical figure has a puzzle for the young person to work with that guarantees that they have the basics of the story down, encouraging them to read about each person. A second page has a short introduction to the character that explains their place in salvation history. This page also contains reflection questions for the young people to consider as they make connections between this biblical figure and their own lives.

The Donkey of Tarsus

Celebrated children's author Rebekah McLeod Hutto (The Day When God Made Church) teams up with illustrator Jacob Popak to introduce kids to the Apostle Paul — in the form of a lovable honey badger! Young readers will be introduced to Paul and his ministry and then hear stories of his friends, including Ananias, Barnabas, Silas, Lydia, Priscilla and Aquila, and Timothy. All of these New Testament characters will help teach kids about friendship, and how Jesus, our friend, calls us to care for each other as friends.

Paul, His Letters, and Acts (Library of Pauline Studies)

This investigation into Paul's relationship with the church of Jerusalem draws on the insights of sociology to complement the historical-critical method. Taylor argues that the church of Antioch was, for a significant part of Paul's career, not merely the base of his missionary activities but also the community from which he derived his identity. His relationship with the church of Jerusalem must be understood accordingly. Paul's alienation from the Antiochene church in the aftermath of his confrontation with Peter meant loss of apostolic commission and social identity. Galatians reflects the reconstruction of Paul's personal and apostolic identity to compensate for this loss.

St. Paul's Friendships and His Friends

This work gives a survey of the rise and expansion of Christianity in ancient Lycaonia and adjacent areas, from Paul the Apostle until Amphilochius. It gives special attention to forms of charity, the reception of biblical tradition, the authority and leadership of the clergy, popular theology and forms of ascetic Christianity.

Despite all scientific doubts regarding Acts, Luke's writing was and still is an extremely important source for understanding the man who contributed the most (directly or indirectly) to the canon of the New Testament. Luke is the first (known to us) person who recognized the importance of Paul's life and his mission activities, as well as Paul's innovative interpretation of the whole Jewish tradition (that can be compared only with Copernicus' statement) that resulted in a totally new concept of the relationship between mankind and God, where the center of the relationship is Jesus of Nazareth, the Resurrected Messiah for both Jews and Gentiles. Although Luke "did not save Paul for us" because Paul produced many writings on his own, he did however give us a very important look at Paul that balanced the rejection of Paul as the Jewish teacher with his indispensable contribution to transferring the Jewish concept of God into the Hellenistic religions' systems. Without the Acts of the Apostles, we would have to create a picture of Paul based on his writings, which is quite a challenging task. If the letters of Paul gave us some accounts about Paul's attitude and thoughts in particular situations, then Luke's Acts supplies this particular perspective with a deeper evaluation of Paul by a second witness. Luke definitely wants to present to the reader(s) "his Paul", who does not necessarily have to be unlike "the historical Paul".

Student Activity Workbook for Breakthrough! the Bible for Young Catholics

This extract from the Eerdmans Commentary on the Bible provides Squires' introduction to and concise commentary on Acts. The Eerdmans Commentary on the Bible presents, in nontechnical language, the best of modern scholarship on each book of the Bible, including the Apocrypha. Reader-friendly commentary complements succinct summaries of each section of the text and will be valuable to scholars, students, and general readers. Rather than attempt a verse-by-verse analysis, these volumes work from larger sense units, highlighting the place of each passage within the overarching biblical story. Commentators focus on the genre of each text—parable, prophetic oracle, legal code, and so on—interpreting within the historical and literary context. The volumes also address major issues within each biblical book—including the range of possible interpretations—and refer readers to the best resources for further discussions.

Paul and His Friends

Christians in the West', claims David Watson, 'have largely neglected what it means to be a disciple of Christ. The vast majority of western Christians are church-members, pew-fillers, hymn-singers, sermon-tasters, Bible-readers, even born-again believers or Spirit-filled charismatics, but not true disciples of Jesus.' 'The call to discipleship is a call to God's promised glory. This is not a day in which to play religious games. Time is running out fast.'

Paul, Antioch and Jerusalem

In a striking departure from customary readings of the Acts of the Apostles as the story of the growth of the church, Gaventa argues that Luke's second volume has to do with nothing less than the activity of God. From the beginning of the story at Jesus' Ascension and extending until well past the final report of Paul's activity in Rome, Luke narrates a relentlessly theological story, in which matters of institutional history or biography play only an incidental role. Gaventa pays careful attention to Luke's story of God, as well as to the numerous characters who set themselves in opposition to God's plan.

Paul, the Missionary

Explore one of the underrated heroes of early Christianity's life and teachings in the engrossing pages of "The Gospel of Becoming Barnabas.". A man whose name may not be as well-known as Peter or Paul's, but whose influence on the development and dissemination of the Gospel was immeasurable, is the subject of this profound work. It tells the previously untold tale of Barnabas. This historical and inspirational account, which is set against the backdrop of the Roman Empire in the first century, highlights the transformative power of friendship, faith, and the unwavering dedication to the task of spreading God's love. In The Epistles for All Christians David Smith argues, drawing from ancient media practices of publication and circulation and using social network theory, that epistolary literature offers analogous evidence of circulation to the wide circulation of the Gospels.

Early Christianity in Lycaonia and Adjacent Areas

We just found out theres a plan to kill you! blurted out one man among the little group of Christians as they stumbled into the house of Soul (who later became known as Paul). The murderers have been hired, and the Damascus authorities have agreed to look the other way, put in another breathlessly. For a moment there was silence from Saul. Well, what are you going to do? Whispered the visitors fearfully. Saul thought joyfully of how Saint Stephen had been martyred for Christ. But he knew that was not Gods will for him just yet. Ill leave Damascus and escape to Jerusalem, he answered. Ill go after dark. Will you help me? But the watchmen will never let you pass the city gates. Theyve all been bribed by you enemies. Well bypass the city gates, answered Saul calmly. Just let me explain. What did Saul have in mind? Would it be dangerous? And would it work? This book tells what happened. It also describes how Paul won victories over the Devil, how he was mistaken for a god, and how he faced court trials, scourging, imprisonment, angry mobs and, finally, martyrdom for Christ. In short, this is the story of the many adventures in the life of the great Saint Paul, the Apostle to the Gentiles.

Kapitel der Offenbarung

Die neue Weltordnung

Die auf einer einzigen universellen Verfassung beruht

Das Jahr 2024 könnte von entscheidender Bedeutung sein

Jeder Konflikt und jede Allianz ist Teil eines prophetischen Plans

Die Untersuchung der biblischen Prophezeiung

Zeit großer Trübsal und Verfolgung

Die Zeit, die uns dem Ende der Zeiten näher bringt

Die Prophezeiungen, die über die Jahrhunderte hinweg fasziniert und Debatten ausgelöst haben

Es ist die Zahl eines Menschen und seine Zahl ist 666

Die rasante technologische Entwicklung, die früher als unmöglich angesehen wurde, scheint nun mit den biblischen Prophezeiungen über das Ende der Zeiten und die Rückkehr von Jesus in Einklang zu stehen

Die globale Finanzwelt kontrolliert wie es in der Prophezeiung des Mahlzeichens in Offenbarung Kapitel 13 angedeutet wird

Der Übergang zur Digitalisierung spiegelt den globalen Trend zur Einheit wieder

Ab 2024 wird jedoch erwartet, dass Superintelligenzen mit Fähigkeiten entwickelt werden, die die Bewältigung globaler Konflikte und sogar Kriege umfassen können

Während wir uns 2024 nähern wird es entscheidend sein, wie diese technologischen und wirtschaftlichen Auswirkungen mit den Prophezeiungen in Einklang stehen und welche Auswirkungen sie auf unser tägliches und spirituelles Leben haben können

Wir sollten wachsam sein, beten und Führung suchen, um den Herausforderungen, die diese Zeiten mit sich bringen, zu begegnen und im Glauben standhaft zu bleiben und auf kommende Ereignisse vorbereitet zu sein

Die Erfüllung der Prophezeiungen ist Teil eines größeren Bildes, das uns dazu anregt, die Erfüllung der Prophezeiungen zu überdenken und unsere Rolle in diesem Zusammenhang zu verstehen

Satan ist viel weiser als der Mensch

Der Abfall vom Glauben

Die Bibel spricht von einer großen Abwendung von den göttlichen Lehren

Es gibt eine wachsende Tendenz zu einer verzerrten Interpretation des Christentums

Wir sehen eine Zunahme der Geringschätzung für das Heilige und das Gerechte mit einer stärkeren Neigung zur Sünde und zum Fehlen von Heiligkeit

Das auf eine weit verbreitete Abkehr vom wahren Glauben und eine Offenheit für Täuschungen und falsche Lehren hinweist

Kirchen die kulturelle Relevanz oder soziale Akzeptanz suchen, verbessern oft ihre Botschaften und kompromittieren ihre Werte

Are faith and reason contradictory?

Is God just a projection of our cultural circumstances?

Is belief in God a mental defect?

Is it narrow to believe in one God? Is everyone else going to hell?

Is the Bible trustworthy?

What about the behavior of so-called Christians?

Are you resolutely convinced today that Christianity is true?

How could God allow evil and suffering?

Is there any reason to believe in God in a chaotic world?

Does giving a reason for faith undermine its value?

Does it take faith to be an atheist?

What does Christianity have against homosexuals? Are they going to hell?

Why is Christianity so exclusive?

What do you believe about politics?

How do you get to heaven?

Why would God make people who sin?

Why did God put that tree in the Garden of Eden to begin with?

What happened for you to have so much peace?
