What if you had the chance to live your life again and again, until you finally got it right? During a snowstorm in England in 1910, a baby is born and dies before she can take her first breath. During a snowstorm in England in 1910, the same baby is born and lives to tell the tale. What if there were second chances? And third chances? In fact an infinite number of chances to live your life? Would you eventually be able to save the world from its own inevitable destiny? And would you even want to? Life After Life follows Ursula Todd as she lives through the turbulent events of the last century again and again. With wit and compassion, Kate Atkinson finds warmth even in life's bleakest moments, and shows an extraordinary ability to evoke the past. Here she is at her most profound and inventive, in a novel that celebrates the best and worst of ourselves. 'Merging family saga with a fluid sense of time and an extraordinarily vivid sense of history at its most human level. A dizzying and dazzling tour de force' Daily Mail 'Absolutely brilliant...it reminded me a bit of her first book Behind the Scenes at the Museum, which is one of my most favourite books ever.' Marian Keyes, author of Rachel, Again 'An exceptional writer' Guardian '[A] magnificently tender and humane novel' Observer 'A ferociously clever writer...a big, bold novel that is enthralling, entertaining' New Statesman 'Exceptionally captivating' New York Times 'Truly brilliant...Think of Audrey Niffenegger's The Time Traveler's Wife or David Nicholl's One Day.. a rare book that you want to start again the minute you have finished.' The Times

Life After Life

Dodger's Guide to London

Newbery Medal winner Sharon Creech crafts a truly endearing story, one that is imbued with happiness, wonder, and an appreciation for all the little things that make life big. With beautiful, fresh new cover art, this is a gem of a book. In the winding stone tower of the Casa Rosa, in a quiet little village in the Swiss Alps, lives one very unlikely angel—one that is still awaiting her instructions from the angel-training

center. What happens to an angel who doesn't know her mission? She floats and swishes from high above, watching the crazy things that "peoples" say and do. But when a zany American girl named Zola arrives in town and invades the Casa Rosa, dogs start arfing, figs start flying through the air, lost orphans wander in, and the village becomes anything but quiet. And as Zola and the angel work together to rescue the orphans, they each begin to realize their purpose and learn that there is magic in the most ordinary acts of kindness.

The Unfinished Angel

Bridging the fields of conservation, art history, and museum curating, this volume contains the principal papers from an international symposium titled "Historical Painting Techniques, Materials, and Studio Practice" at the University of Leiden in Amsterdam, Netherlands, from June 26 to 29, 1995. The symposium—designed for art historians, conservators, conservation scientists, and museum curators worldwide—was organized by the Department of Art History at the University of Leiden and the Art History Department of the Central Research Laboratory for Objects of Art and Science in Amsterdam. Twenty-five contributors representing museums and conservation institutions throughout the world provide recent research on historical painting techniques, including wall painting and polychrome sculpture. Topics cover the latest art historical research and scientific analyses of original techniques and materials, as well as historical sources, such as medieval treatises and descriptions of painting techniques in historical literature. Chapters include the painting methods of Rembrandt and Vermeer, Dutch 17th-century landscape painting, wall paintings in English churches, Chinese paintings on paper and canvas, and Tibetan thangkas. Color plates and black-and-white photographs illustrate works from the Middle Ages to the 20th century.

Make A Christmas Wish

'An excellent and intelligent investigation of the realities of urban living that respond to no design or directive... This is a book about the nature of London itself' Peter Ackroyd, *The Times* A powerful exploration of the seedy side of Victorian London by one of our most promising young historians. In 1887 government inspectors were sent to investigate the Old Nichol, a notorious slum on the boundary of Bethnal Green parish, where almost 6,000 inhabitants were crammed into thirty or so streets of rotting dwellings and where the mortality rate ran at nearly twice that of the rest of Bethnal Green. Among much else they discovered that the decaying 100-year-old houses were some of the most lucrative properties in the capital for their absent slumlords, who included peers of the realm, local politicians and churchmen. *The Blackest Streets* is set in a turbulent period of London's history when revolution was in the air. Award-winning historian Sarah Wise skilfully evokes the texture of life at that time, not just for the tenants but for those campaigning for change and others seeking to protect their financial interests. She recovers Old Nichol from the ruins of history and lays bare the social and political conditions that created and sustained this black hole which lay at the very heart of the Empire. A revelatory and prescient read about cities, class and inequality, the message at the heart of *The Blackest Streets* still resonates today.

The Blackest Streets

Award-winning P.D. James, one of the masters of British crime fiction, plots this atmospheric and disturbing novel in the year 2021. *Children of Men* is a brilliant mystery possessing all of the qualities which distinguish P.D. James as a novelist. Under the despotic rule of Xan Lypiatt, the Warden of England, the old are despairing and the young cruel. Theo Faren, a cousin of the Warden, lives a solitary life in this ominous atmosphere. That is, until a chance encounter with a young woman leads him into contact with a group of dissenters. Suddenly his life is changed irrevocably, as he faces agonising

choices which could affect the future of mankind. PD James is the world's pre-eminent crime writer, most famous for her Adam Dalgliesh mysteries and for her bestselling titles *Death Comes to Pemberley* and *The Murder Room*. *Children of Men* was adapted into a hit film in 2006, directed by Alfonso Cuarón the film starred Clive Owen, Michael Caine and Julianne Moore.

The Children of Men

"The Well and the Shallows" is a collection of forty articles published before the second world war. This book describes lots of concepts including current socio-political issues that exist in the world today such as Birth control, Italian fascism, Nazism, Liberal politics, and Evolution amongst other things. An informative book for young and old with an interest in history and knowledge.

The Well and the Shallows

In "Watching The English" anthropologist Kate Fox takes a revealing look at the quirks, habits and foibles of the English people. She puts the English national character under her anthropological microscope, and finds a strange and fascinating culture, governed by complex sets of unspoken rules and byzantine codes of behaviour. The rules of weather-speak. The ironic-gnome rule. The reflex apology rule. The paranoid-pantomime rule. Class indicators and class anxiety tests. The money-talk taboo and many more ...Through a mixture of anthropological analysis and her own unorthodox experiments (using herself as a reluctant guinea-pig), Kate Fox discovers what these unwritten behaviour codes tell us about Englishness.

Watching the English

Book 3 in the Rivers of London series, from Sunday Times Number One bestselling author Ben Aaronovitch. Peter Grant is learning magic fast. And it's just as well - he's already had run-ins with the deadly supernatural children of the Thames and a terrifying killer in Soho. Progression in the Police Force is less easy. Especially when you work in a department of two. A department that doesn't even officially exist. A department that if you did describe it to most people would get you laughed at. And then there's his love life. The last person he fell for ended up seriously dead. It wasn't his fault, but still. Now something horrible is happening in the labyrinth of tunnels that make up the tube system that honeycombs the ancient foundations of London. And delays on the Northern line is the very least of it. Time to call in the Met's Economic and Specialist Crime Unit 9, aka 'The Folly'. Time to call in PC Peter Grant, Britain's Last Wizard. Praise for the Rivers of London novels: 'Ben Aaronovitch has created a wonderful world full of mystery, magic and fantastic characters. I love being there more than the real London' NICK FROST 'As brilliant and funny as ever' THE SUN 'Charming, witty, exciting' THE INDEPENDENT 'An incredibly fast-moving magical joyride for grown-ups' THE TIMES Discover why this incredible series has sold over two million copies around the world. If you're a fan of Terry Pratchett or Douglas Adams - don't panic - you will love Ben Aaronovitch's imaginative, irreverent and all-round irresistible novels.

Tom Brown's School Days

Winner of the August Derleth award and the Arthur C. Clarke Award, *Perdido Street Station* is an imaginative urban fantasy thriller, and the first of China Miéville's novels set in the world of Bas-Lag. The metropolis of New Crobuzon sprawls at the centre of its own bewildering world. Humans and mutants and arcane races throng the gloom beneath its chimneys, where the rivers are sluggish with unnatural effluent, and factories and foundries pound into the night. For more than a thousand years, the parliament and its brutal militia have ruled over a vast array of workers and artists, spies, magicians, junkies and whores. Now a stranger has come, with a pocketful of gold and an impossible demand, and inadvertently something unthinkable is released. Soon the city is gripped by an alien terror – and the fate of millions depends on a clutch of outcasts on the run from lawmakers and crime-lords alike. The urban nightscape becomes a hunting ground as battles rage in the shadows of bizarre buildings. And a reckoning is due at the city's heart, in the vast edifice of Perdido Street Station. It is too late to escape.

Whispers Under Ground

My Place begins with Sally Morgan tracing the experiences of her own life, growing up in suburban Perth in the fifties and sixties. Through the memories and images of her childhood and adolescence,

vague hints and echoes begin to emerge, hidden knowledge is uncovered, and a fascinating story unfolds - a mystery of identity, complete with clues and suggested solutions. Sally Morgan's *My Place* is a deeply moving account of a search for truth, into which a whole family is gradually drawn; finally freeing the tongues of the author's mother and grandmother, allowing them to tell their own stories.

Perdido Street Station

'I'm a HUGE fan of Alison Green's "Ask a Manager" column. This book is even better' Robert Sutton, author of *The No Asshole Rule* and *The Asshole Survival Guide* 'Ask A Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)' - Sarah Knight, New York Times bestselling author of *The Life-Changing Magic of Not Giving a F*ck* A witty, practical guide to navigating 200 difficult professional conversations Ten years as a workplace advice columnist has taught Alison Green that people avoid awkward conversations in the office because they don't know what to say. Thankfully, Alison does. In this incredibly helpful book, she takes on the tough discussions you may need to have during your career. You'll learn what to say when: · colleagues push their work on you - then take credit for it · you accidentally trash-talk someone in an email and hit 'reply all' · you're being micromanaged - or not being managed at all · your boss seems unhappy with your work · you got too drunk at the Christmas party With sharp, sage advice and candid letters from real-life readers, *Ask a Manager* will help you successfully navigate the stormy seas of office life.

My Place

A series which explores the grisly aspects of life in the past.

Ask a Manager

Edible insects have always been a part of human diets, but in some societies there remains a degree of disdain and disgust for their consumption. Although the majority of consumed insects are gathered in forest habitats, mass-rearing systems are being developed in many countries. Insects offer a significant opportunity to merge traditional knowledge and modern science to improve human food security worldwide. This publication describes the contribution of insects to food security and examines future prospects for raising insects at a commercial scale to improve food and feed production, diversify diets, and support livelihoods in both developing and developed countries. It shows the many traditional and potential new uses of insects for direct human consumption and the opportunities for and constraints to farming them for food and feed. It examines the body of research on issues such as insect nutrition and food safety, the use of insects as animal feed, and the processing and preservation of insects and their products. It highlights the need to develop a regulatory framework to govern the use of insects for food security. And it presents case studies and examples from around the world. Edible insects are a promising alternative to the conventional production of meat, either for direct human consumption or for indirect use as feedstock. To fully realise this potential, much work needs to be done by a wide range of stakeholders. This publication will boost awareness of the many valuable roles that insects play in sustaining nature and human life, and it will stimulate debate on the expansion of the use of insects as food and feed.

You Wouldn't Want to be a Victorian Schoolchild!

A celebrated writer pens an irresistible, candid, and eloquent account of her pursuit of worldly pleasure, spiritual devotion, and what she really wanted out of life.
