The Late Lord Byron

"The best biography of Lord Byron ever written," according to Poet Laureate W. S. Merwin, is now back in print after decades. Of the hundreds of books on Byron and his work, not one has been devoted to the immediate aftermath of his life; and yet it is these first twenty posthumous years that yield the most unexpected and exciting discoveries about the character of the poet and the behavior of those who once surrounded him—wife, sister, friends, enemies. With the burning of his memoirs almost as soon as news of his death reach England in May 1924, there began the sequence of impassioned controversies that have followed one another like the links in a chain ever since. What sort of man was the begetter of these dramas? Unflagging in energy and acumen, Doris Lang-ley Moore sifts the various witnesses, their motives and credentials, and not only reveals how much questionable evidence has been accepted but develops a corrected picture that appeals and persuades. Drawing upon a very large amount of unpublished material, from the Lovelace Papers, Murray manuscripts, and Hobhouse archives, she reaches the conclusion that, as to his chroniclers, a great man has too often fallen among thieves. The story she tells needs no special knowledge of Byron. It is written for everyone who enjoys literary detective work and human drama.

The Late Lord Byron

Excerpt from *The Late Lord Byron: Posthumous Dramas* But the very magnitude of Byron's renown was a cause of extra ordinary distortions of the evidence. To inflate an acquaintanceship into an intimacy, to suggest that three or four meetings were thirty or forty meetings, to tint the picture with the colours the reading public would find congenial - how could these temptations be resisted when there was such a market for 'inside stories' that it seemed the supply could never equal the demand? And there was not only the money; there was the satisfaction of linking oneself in any attitude one chose to assume with a man who, by the mere weight of his fame, could not fail to go down to posterity. The concern of memoirists to portray themselves in relation to Byron rather than to portray Byron causes a large amount of literature to yield a very small proportion of reliable information. Simply by using verifiable dates as a check upon the expansiveness of the narrators (a surprisingly rare practice to which I have resorted often in these pages), we drastically reduce the significance of some events and prove others to be apocryphal. The brilliant Stendhal, the obtuse John Galt, the socially exuberant Lady Blessington, the socially negligible Medwin, the pious Dallas, the defiant Trelawny - all were alike in this, that their recollections of Byron were contrived to heighten their own stature, and therefore require sifting. The Late Lord Byron

My present task is one of considerable difficulty; but I have long had a notion that some time or another it would fall to my lot to perform it. I approach it, therefore, without apprehension, entirely in consequence of having determined, to my own satisfaction, the manner in which the biography of so singular and so richly endowed a character as that of the late Lord Byron should be treated, but still with no small degree of diffidence; for there is a wide difference between determining a rule for one's self, and producing, according to that rule, a work which shall please the public.

Recollections of the Life of Lord Byron

I approach it, therefore, without apprehension, entirely in consequence of having determined, to my own satisfaction, the manner in which the biography of so singular and so richly endowed a character as that of the late Lord Byron should be treated, but still with no small degree of diffidence; for there is a wide difference between determining a rule for one's self, and producing, according to that rule, a work which shall please the public.

Recollections of the Life of Lord Byron, from the Year 1808 to the End of 1814 (etc.)

In the fifth installment of this marvelous serial story, we read about Byron's separation from his wife. Besides his pleading letters to Annabella asking her to reconsider, there are level-headed letters to Murray and Hobhouse and Hunt and Rogers--all written during the tempestuous time before his final departure from England.

The Late Lord Byron

Forfatterens forsøg på at rekonstruere Lord Byron's memoirer, som blev brændt efter hans død, fordi de seksuelle afsløringer deri blev anset for at være for usømmelige

The Late Lord Byron

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The Late Lord Byron

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1921 edition. Excerpt: ... CHAPTER XI ADDITIONAL LETTERS: BYRON AND AUGUSTA The Hon. Mrs. Leigh To Lord Byron. (Enclosing hair.) The [Post Mark] [seal: Lord Byron "Augusta "] Newmarket 4 Bennet Street St. James's Free London. 29 NO 29 1813 Partager tous vos sentimens ne voir que par vos yeux n'agir que par vos conseils, ne vivre que pour vous, voila mes voeux, mes projets, & le seul destin qui peut me rendre heureuse [Enclosed is a small packet containing a lock of fine dark brown hair tied with white silk. Inside the paper of the packet, and underneath the lock of hair, is written

in autograph: AUGUSTA On the outside of the paper containing the hair is written by Lord Byron]: La Chevelure of the one whom I most loved + [Of the following thirty-four letters, thirty-one are to Mrs. Leigh and three to Lady Byron. Of these I possess in most cases both the original letters and Lady Byron's copies from them, which she took under the advice of Colonel Doyle and Dr. Lushington, whose anxiety to guard against any future misrepresentation of facts has been already described.¹ Some of these originals are from Lady Byron's papers and some from a packet given many years ago by the late Mr. Murray² to Lord Lovelace and his sister. Mr. Murray, who had been a generous creditor to Mrs. Leigh in the distresses of her later years, bought these letters after her death from her heirs. It has been possible to supply some lost portions and erasures, made by Mrs. Leigh, from Lady Byron's copies. The letter of July 20, 1819, to Lady Byron may perhaps give the false impression that, after their parting, he wrote to her frequently and on indifferent matters. That is far from being the case. But since she has been supposed to have been unsympathetic to him on the subject of his poetry, it...

Lord Byron's Farewell to England, and Other Late Poems

Poet, celebrity, and revolutionary, Lord (George Gordon) Byron was one of the most influential and controversial figures of the first half of the nineteenth century, his distinctive, deeply felt work comprising one of the enduring high points of Romantic literature. From "Manfred," with its evocation of the figure that came to be called the "Byronic hero," to the melancholy "Childe Harold," to the satirical masterpiece "Don Juan" (presented here in judiciously selected form), this Modern Library Paperback Classic includes all of the essential Byron.

Life and Select Poems of Lord Byron arranged &c. by C. Hulbert

A Sunday Times Book of the Year Shortlisted for The Pol Roger Duff Cooper Prize 'This magnificent, highly readable double biography...brings these two driven, complicated women vividly to life' The Financial Times 'A gripping saga of a double-biography' Daily Mail 'A masterful portrait' The Times 'Vastly enjoyable' Literary Review 'Deeply absorbing and meticulously researched' The Oldie In 1815, the clever, courted and cherished Annabella Milbanke married the notorious and brilliant Lord Byron. Just one year later, she fled, taking with her their baby daughter, the future Ada Lovelace. Byron himself escaped into exile and died as a revolutionary hero in 1824, aged 36. The one thing he had asked his wife to do was to make sure that their daughter never became a poet. Ada didn't. Brought up by a mother who became one of the most progressive reformers of Victorian England, Byron's little girl was introduced to mathematics as a means of calming her wild spirits. Educated by some of the most learned minds in England, she combined that scholarly discipline with a rebellious heart and a visionary imagination. As a child invalid, Ada dreamed of building a steam-driven flying horse. As an exuberant and boldly unconventional young woman, she amplified her explanations of Charles Babbage's unbuilt calculating engine to predict, as nobody would do for another century, the dawn today of our modern computer age. When Ada died - like her father, she was only 36 - great things seemed still to lie ahead for her as a passionate astronomer. Even while mired in debt from gambling and crippled by cancer, she was frenetically employing Faraday's experiments with light refraction to explore the analysis of distant stars. Drawing on fascinating new material, Seymour reveals the ways in which Byron, long after his death, continued to shape the lives and reputations both of his wife and his daughter. During her life, Lady Byron was praised as a paragon of virtue; within ten years of her death, she was vilified as a disgrace to her sex. Well over a hundred years later, Annabella Milbanke is still perceived as a prudish wife and cruelly controlling mother. But her hidden devotion to Byron and her tender ambitions for his mercurial, brilliant daughter reveal a deeply complex but unsuspectedly sympathetic personality. Miranda Seymour has written a masterful portrait of two remarkable women, revealing how two turbulent lives were often governed and always haunted by the dangerously enchanting, quicksilver spirit of that extraordinary father whom Ada never knew.

The Life of Lord Byron

Lord Byron remains, as he was to many of his contemporaries, the defining personality of his age and time, the quintessential late-Romantic: one whose life matched the freedom of imagination and possibility of his poetry, charismatic, irresistible and shocking. The full range of his work, however, reveals a less straightforward and less stereotypical writer than this: a thinker as well as a feeler, a poet rather than merely a sensationalist, someone who justifies his towering literary reputation as much as his scandalous one. This edition of the Works contains Byron's entire poetical output, including dramas and material omitted or censored from early editions. It also presents around half of the known

letters, the journals and other prose writings. The contents of the volumes are: Volume 1 (386 pp.): Introduction to the poetical works by Dr. Peter Cochran; Fugitive Pieces; Poems on Various Occasions; Hours of Idleness; Poems Original and Translated; other early poems; English Bards, and Scotch Reviewers; Hints from Horace; The Curse of Minerva; The Waltz. Volume 2 (295 pp.): Childe Harold's Pilgrimage, including stanzas excluded from the early editions and all Byron's and Hobhouse's notes and appendices. Volume 3 (426 pp.): Poems 1809-1813; The Giaour; The Bride of Abydos; The Corsair; Lara; Hebrew Melodies; Poems 1814-1816; The Siege of Corinth; Parisina; Poems of the Separation. Volume 4 (509 pp.): The Prisoner of Chillon; Poems of July-September, 1816; Manfred; The Lament of Tasso; Beppo; Ode on Venice; Mazeppa; The Prophecy of Dante; The Morgante Maggiore; Francesca of Rimini; Marino Faliero; The Vision of Judgment; Poems 1816-1823; The Blues. Volume 5 (685 pp.): Sardanapalus; The Two Foscari; Cain; Heaven and Earth; Werner; The Deformed Transformed; The Age of Bronze; The Island. Volume 6 (689 pp.): Don Juan. Volume 7 (87 pp.): minor poems and jeux d'esprit. Volume 8 (204 pp.): Introduction to the prose works by Dr. Peter Cochran; letters, to August 1811. Volume 9 (352 pp.): letters, August 1811 to December 1813; journal, November 1813 to April 1814; articles from the Monthly Review; Parliamentary speeches. Volume 10 (266 pp.): letters, January 1814 to November 1816; journal for Augusta, September 1816; a fragment of a novel. Volume 11 (355 pp.): letters, November 1816 to March 1820; translations from Armenian; unfinished skit on Sotheby's Tour; letter to the editor of My Grandmother's Review; reply to Blackwood's Edinburgh Magazine. Volume 12 (358 pp.): letters, April 1820 to December 1821; extracts from journal, January to February 1821; My Dictionary; Detached Thoughts; the two letters on Bowles and Pope; draft of an address to the Neapolitan insurgents; notes on Bacon's apophthegms and Voltaire. Volume 13 (261 pp.): letters, January 1822 on; two late prose fragments; additional letters; undated letters to Lady Melbourne. All of the Works have been newly typeset for this edition. The basis of the texts is Ernest Hartley Coleridge's edition of the poetry and Rowland E. Prothero's edition of the prose (as published uniformly, London: John Murray, 1898). Further letters have been added from the texts in John Murray, ed., Lord Byron's Correspondence (London: John Murray, 1922, 2 vols.), Ralph, Earl of Lovelace, Astarte (London: Scribner's, 1921), and material supplied by Peter Cochran drawing on the B.L. Loan 70 collection and other sources, and incorporated silently into the chronological sequence and numbering of the series. Additional poems and portions of Childe Harold initially suppressed have been supplied from the online edition by Peter Cochran (www.internationalbyronsociety.org) and incorporated into the sequence.

The Life of Lord Byron

Benita Eisler's *Byron* is a masterful portrait of the poet who dazzled an era and pre-figured the modern age of celebrity--an absorbing, illuminating, and wonderfully entertaining account of Lord Byron's spectacular life, monumental work, and lasting heroic legacy. Drawing on previously unavailable material--including family papers only recently brought to light--Eisler offers us a more complex vision of Byron than any we've had before: a man who rose from the depths of poverty and the humiliation of childhood lameness to a pinnacle of success and fame unlike anything the world had ever seen, and whose bravura identity as renegade aristocrat, political revolutionary, mythic lover, and Romanticism's galvanizing hero and antihero was surpassed in brilliance only by his poetic genius. With grace, erudition, and insight, Eisler captures the passions and obsessions that consumed Byron, the fierce devotions and the outsized ego that fired his work, and the despair and self-loathing that plagued his short life. Eisler gives us a richly detailed drama of a childhood of abandonment and shame; of Byron's early days at Harrow and Cambridge; of his humiliating entry into the House of Lords at eighteen; of his adventures in the East, where he consorted with pashas and prostitutes; of his relationships with his contemporaries, among them the twenty-four-year-old Shelley and his wife, Mary; of the instant celebrity that attended the publication of the first cantos of Childe Harold's Pilgrimage; and of the almost vengeful determination with which Byron recast himself as the elegant figure that glided through Regency drawing rooms, plotted with Italian Carbonari, loved men and women, and drew sensation to him like a cloak until his death, alone and in exile, at the age of thirty-six. Here also are the first in-depth portraits of the women--and men--Byron loved: his guilty relations with John Edleston, a young Cambridge chorister; his tempestuous affair with Lady Caroline Lamb, who was driven to madness by her love for him; his catastrophic marriage to the lovely Annabella Milbanke; his passionate incestuous relationship with his half sister, Augusta, and the tormented menage a trois they shared with his young wife; and the gentler love of his later life, Teresa Guiccioli, whom he abandoned for his life's last adventure in Missolonghi. Throughout, Eisler offers incisive analysis of Byron's poetry in the context of his extraordinary life--as hero and martyr, aristocratic aesthete and dandy, transgressive rebel fueled by forbidden substances and exiled for forbidden passions--examining in detail the stanzas that inspired

his own and succeeding generations as no other writer has since Shakespeare. A magnificent record of a towering figure, sure to stand as the definitive biography for years to come.

Don Leon

George Gordon Byron (aka Lord Byron), later Noel, 6th Baron Byron of Rochdale FRS was a British poet and a leading figure in Romanticism. He is regarded as one of the greatest British poets and remains widely read and influential, both in the English speaking world and beyond. Byron was profoundly impressed by Mariner's report of the scenery and folklore of the Friendly Islands, he was "never tired of talking of it to his friends," and, in order to turn this poetic material to account, finally bethought him that Bligh's Narrative of the mutiny of the Bounty would serve as a framework or structure "for an embroidery of rare device" - the figures and foliage of a tropical pattern. This early work by Lord Byron was originally published in 1823 and we are now republishing it with a brand new introductory biography.

Correspondence of Lord Byron, with a Friend

This study elucidates the themes of Byron's major poetry, and the playful artistry of the mature poems in particular, which are increasingly felt to be at the centre of the late 20th century interests.

So Late Into the Night
