A Widow's Tale and Other Stories

A Widow's Tale and Other Stories

A Widow's Tale, and Other Stories

A Widow's Tale, and Other Stories is a collection of short stories by Mrs. Oliphant, a Scottish novelist and historical writer. Excerpt: "When Mrs Brunton's bonnet with the long veil was taken off, and her long cloak, which was half covered with crape, she presented a very agreeable figure in a well-fitting dress, which indeed was black, but in no special way gloomy, and pleasantly "threw up" her light brown hair and pretty complexion."

A Widow's Tale

CHAPTER L She was not altogether French, notwithstanding her name: in deed her nationality was the most dubious thing in the world, unless any assault was made upon either of the countries to which she owed her parentage. She had a way of thus becoming intensely English at a moment's notice, and intensely French the next?the latter, perhaps, with still greater warmth than the former, as became the constitutional difference between French and English. She was a woman in the full flower and prime of life?that is, approaching thirty-five: a period, however, at which few people will acknowledge a woman's prime to be. According to the vulgar notion, indeed, beauty has begun to fade at this period, when it ought to be in fullest, gorgeous flower. There are some liberal minds which will confess that a woman who is married is in all her magnificence at this age; but for those who are unmarried it is always, in England at least, considered a time of decadence. Thirty-five means fading?the state of the delaissee ?the condition of the old maid. Mademoiselle had come to this age. She had been a governess for a great part of her life, since she was twenty: fifteen long years, but it seemed a hundred as she looked back upon it. She had developed in that time from a raw girl?weeping passionate tears over a great many things which she scarcely noticed now, feeling herself abandoned, miserable, left in the background, left out of everything, humiliated in her unaccustomed position, injured by life and all that happened to her?into a rational, calm woman, who had made up her mind to the path she was compelled by necessity to tread, and hadacquired a dignity of her own which no little slights or scorn could touch. The number of people who are absolutely unkind to their governess...

A Widow's Tale

"[...]though quite falsely, an unromantic age yet quite capable of being taken for twenty-eight, or even twenty-five, and with admirers and prospects of her own. After her mourning was over she had become Miss Bampton, the feminine head of the house, managing everything, receiving the few guests her father cared to see, who were almost all contemporaries of his own, as if she were as old as any of them—and had moved up to a totally different level of life. Such a transformation is not unusual in a widower's house. Miss Bampton took the position of her father's wife rather than of his daughter, and no one thought it strange. If she sacrificed any feelings of her own in doing so, no one found it out. She was a mother to May; she had found her position, it seemed, taken possession of her place in the world, at the head of a house which was her own house, though it was not her husband's but her father's. It was generally[...]."

A Widow's Tale, and Other Stories. With an Introductory Note by J.M. Barrie

The Bampton's were expecting a visitor that very afternoon: which made it all the more indiscreet that young Fitzroy should stay so long practising those duets with May. It was a summer afternoon, warm and bright, and the drawing-room was one of those pretty rooms which are as English as the landscape surrounding them-carefully carpeted, curtained, and cushioned against all the eccentricities of an English winter, yet with all the windows open, all the curtains put back, the soft air streaming in, the sunshine not too carefully shut out, the green lawn outside forming a sort of velvety extension of the mossy soft carpet in which the foot sank within. This combination is not common in other countries, where the sun is so hot that it has to be shut out in summer, and coolness is procured by the partial dismantling of the house. From the large open windows the trees on the lawn appeared like members of the party, only a little withdrawn from those more mobile figures which were presently coming to seat themselves round the pretty table shining with silver and china which was arranged under the acacia. Miss Bampton, who had been watching its arrangement, cast now and then an impatient glance at the piano where May sat, with Mr Fitzroy standing over her. He was not one of the county neighbours, but a young man from town, a visitor, who had somehow fallen into habits of intimacy it could scarcely be told why. And though he was visiting the Spencer-Jacksons, who were well known and sufficiently creditable people, nobody knew much about Mr Fitzroy. It is a good name: but then it is too good a name to belong to a person of whom it can be said that nobody knows who he is. A Fitzroy ought to be so very easily identified: it ought to be known at once to which of the families of that name he belongs-very distantly perhaps-as distantly as you please; but yet he must somehow belong to one of them.

A Widow's Tale

Margaret Oliphant Wilson was born on April 4th, 1828 to Francis W. Wilson, a clerk, and Margaret Oliphant, at Wallyford, near Musselburgh, East Lothian. Her youth was spent in establishing a writing style and by 1849 she had her first novel published: *Passages in the Life of Mrs. Margaret Maitland*. Two years later, in 1851 *Caleb Field* was published and also an invitation to contribute to *Blackwood's Magazine*; the beginning of a life time business relationship. In May 1852, Margaret married her cousin, Frank Wilson Oliphant. Their marriage produced six children but, tragically, three died in infancy. When her husband developed signs of the dreaded consumption (tuberculosis) they moved to Florence, and then to Rome where, sadly, he died. Margaret was naturally devastated but was also now left without support and only her income from writing to support the family. She returned to England and took up the burden of supporting her three remaining children by her literary activity. Her incredible and prolific work rate increased both her commercial reputation and the size of her reading audience. Tragedy struck again in January 1864 when her only remaining daughter Maggie died. In 1866 she settled at Windsor to be closer to her sons, who were being educated at near-by Eton School. For more than thirty years she pursued a varied literary career but family life continued to bring problems. Cyril Francis, her eldest son, died in 1890. The younger son, Francis, who she nicknamed 'Cecco', died in 1894. With the last of her children now lost to her, she had little further interest in life. Her health steadily and inexorably declined. Margaret Oliphant Wilson Oliphant died at the age of 69 in Wimbledon on 20th June 1897. She is buried in Eton beside her sons.

A Widow's Tale

A newly-widowed woman has done a runner. She just jumped in her car, abandoned her (very nice) house in north London and kept on driving until she reached the Norfolk coast. Now she's rented a tiny cottage and holed herself away there, if only to escape the ceaseless sympathy and insincere concern. She's not quite sure, but thinks she may be having a bit of a breakdown. Or perhaps this sense of dislocation is perfectly normal in the circumstances. All she knows is that she can't sleep and may be drinking a little more than she ought to. But as her story unfolds we discover that her marriage was far from perfect. That it was, in fact, full of frustration and disappointment, as well as one or two significant secrets, and that by running away to this particular village she might actually be making her own personal pilgrimage. By turns elegiac and highly comical, *The Widow's Tale* conjures up this most defiantly unapologetic of narrators as she begins to pick over the wreckage of her life and decide what has real value and what she should leave behind.

Widow's Tale and Other Poems

Set for the most part in London, Cornwall and the South Coast, the stories included in this collection are proof that one of the great masters of the short story is still, in his late eighties, at the height of his powers; and one of them, "Cocky Olly"--The story of two runaway children - is widely considered to be among the very best he has written.

A Widow's Story

"One day when she looked at the portrait, she considered how blessed she had been in life. She contemplated her good fortune in finding an upright man like Akbar Ahmad as her life partner and felt grateful for his bounteous legacy, which released her from all financial cares. Akbar Ahmad looked back at her, his face cast in an expression of long suffering. Mona's eyes welled up with tears."—from *The Story of a Widow* After the death of her husband Akbar Ahmad, Mona finds herself settling ambivalently into a new life. But the calm rhythm of her days—gardening, cooking, time with her neighbours and family in Karachi—is upset by the appearance of Salamat Ali, the new tenant in her friend Mrs. Baig's house. Vivacious, friendly, and at times almost impertinent, Salamat Ali is both a breath of fresh air and a disconcerting new presence in Mona's life, and their awkward meetings always seem to end in embarrassment or misunderstanding. When Salamat Ali, encouraged by Mrs. Baig, presents Mona with a marriage proposal, she is forced to consider what kind of future she wishes to make for herself—and what her past with Akbar Ahmad really means. The possibility of Mona marrying Salamat Ali shocks her grown daughters Tanya and Amber, and scandalizes her extended family, according to whom Mona's happiness comes second to what people say about widows who remarry. As Mona negotiates the complex web of tradition-bound in-laws and gossiping, interfering relatives, she finds Salamat Ali waking her to the pleasures of life that thirty years with her dour first husband all but smothered. But if Salamat Ali helps her discover something essential, he also exposes her to new risks, and new dangers. *The Story of a Widow* is a beautifully observant novel, one that pays careful attention to the delicate movements of the heart in romantic and family life. But it is equally concerned with the mores of a society in which traditional roles both support and constrain men and—particularly—women. Gently humorous and profoundly perceptive, *The Story of a Widow* is the moving tale of a woman's discovery of her voice, and herself.

A Widow's Tale

BELIEVER BOOK AWARD FINALIST "In prose shimmering with intelligence and compassion, Michelle Latiolais dissects the essentials of everyday life to find the heartbeat within."—Alice Sebold, author of *The Lovely Bones* "Widow is a hymn to reverence, simultaneously heartbroken and celebratory. Michelle Latiolais has given us the rarest item, a splendidly articulated masterpiece." —William Kittredge "In this luminous collection of stories, the gifted Michelle Latiolais writes of loss in all its surprising manifestations. Widow is a devastation and a wonder." —Christine Schutt "There is something mysterious about this book, as there always is in the writing that matters most. It eludes explanation. It illumines terrifying realities. Only because these pages seem nakedly willing to take the imprint of every emotion, no matter how ugly, do they possess this great beauty." —Elizabeth Tallent The stories of *Widow* conjure the nuances of inner sensations as if hitting the notes of a song, deftly played across human memory. These meditations bravely explore the physiology of grief through a masterful interweaving of tender insight and unflinching detail—reminding us that the inner life is best understood through the medium of storytelling. Among these stories of loss are interwoven other tales, creating a bridge to the ineffable pleasures and follies of life before the catastrophe. Throughout this collection, Latiolais captures the longing, humor, and strange grace that accompany life's most transformative chapters. Michelle Latiolais is the author of *Widow: Stories*, a New York Times Editor's Choice selection, and two previous novels, including *A Proper Knowledge*, also published by Bellevue Literary Press. She is the recipient of the Gold Medal for Fiction from the Commonwealth Club of California and an English professor and co-director of the Programs in Writing at the University of California at Irvine.

The Widow's Tale

Excerpt from *A Widow's Tale: And Other Poems* Prefatory Sonnet. The lamp will shed a feeble glimmering light, Until the oil which fed its flame be spent; The small stars twinkle in the firmament, And the moon's pallid orb arise on night, When day has waned; - the scath'd tree, in despite Of

age look green, with ivy-wreaths besprent; And faded roses still retain their scent, When death shall make them loveless to the sight. So linger on, as seeming loth to die, Light, strength, and sweetness: - thus unto the last The poet o'er his lyre's lov'd strings will cast A nerveless hand - and his fond labours ply; Not unrewarded if its parting sigh Seem like the lingering echo of the past! Paris Ever After

#1 Amazon Best-Selling Author in Women's Fiction Can Amy's rocky start in Paris turn into a happy ever after? Amy didn't realize how stale her life was until she jetted off to Paris without telling a soul-not even her husband-and had the adventure of a lifetime. Now as she tries to establish herself in the City of Light, she finds that despite a fun (and quirky) group of friends and the ability to indulge in French pastries whenever she wants, reinventing her life is much harder than she imagined. Then on Amy's thirtieth birthday, two unexpected visitors leave her wondering if she will soon be saying au revoir to Paris and the new life she's struggled to build. Her estranged husband, Will, shows up-but is he interested in reconciliation or separation? And a young woman who arrives on Amy's doorstep unleashes chaos that could push Amy out into the street. Amid secrets and surprises, set in enchanting gardens, cozy cafés, and glittering Parisian streets, Amy must choose between two very different worlds. And each has a claim on her heart. As Amy's Parisian dream starts to fall apart, she must decide: return to the stability of Will and Phoenix (if that's even still an option) or forge her way forward in Paris? "Magnifique! The surprise-filled narrative is smart, wry and poignant. Five stars!" - Patricia Sands, author of the best-selling Love in Provence series "An entertaining read for Francophiles, foodies, and romantics." - Kirkus Reviews, Best Indie Book July 2018 Book club discussion guide included. Interview with the Author Paris Ever After is a standalone sequel to The Paris Effect. So I don't need to read The Paris Effect first? Each book can be enjoyed on its own, but like a café crème and macaron, they go great together. Both stories take you on a journey through Amy's Paris, a Paris few casual tourists ever see. But each story has its own surprising, often unpredictable path of self-discovery as Amy struggles to confront the challenges being thrown at her. What inspired you to write the book? Readers made me write it! I was privileged to be invited to more than a dozen book clubs that had read The Paris Effect, and it was unanimous: People really wanted to know what happened next. Their questions got me thinking, one idea led to another, and voilà, a new book was born. And spending more (virtual) time in Paris was not exactly a hardship. The next best thing to being in Paris is writing-or reading-about it! I love books about Paris! Will I like this one? I believe so! But this isn't your typical Paris novel. It has touches of chick lit but at its core it's women's fiction: Amy must determine "the right thing" and find the courage to do it. She's pushed and pulled by the other people in her life, and by her own passions and compunctions, but in the end the decision is all hers. You could also say it's a love story-Amy's love for her new friend Margaret, for her best (and lost) friend Kat, for her husband (in spite of all that's happened between them), for her unborn child, for Paris, and a new love. Many books have been written about Paris. What sets yours apart? Who doesn't like a Paris love story? Paris is the ultimate dream destination, and it's truly as beautiful and romantic as it's cracked up to be! But as Amy learns, it's also a multilingual, multinational metropolis of street hustlers, diesel fumes, and pickpockets. Throughout both books, Amy gets to know the real Paris. And so will you. Thanks for reading!

Report from the Select Committee on Public Libraries

Through delightful drawings, photographs, and musings, twenty-three-year-old Lucy Knisley documents a six-week trip she and her mother took to Paris when each was facing a milestone birthday. With a quirky flat in the fifth arrondissement as their home base, they set out to explore all the city has to offer, watching fireworks over the Eiffel Tower on New Year's Eve, visiting Oscar Wilde's grave, loafing at cafés, and, of course, drinking delicious French milk. What results is not only a sweet and savory journey through the City of Light but a moving, personal look at a mother-daughter relationship.

This second handbook offers all new content in which readers will find a thoughtful and measured interrogation of significant contemporary thinking and practice in urban education. Each chapter reflects contemporary cutting-edge issues in urban education as defined by their local context. One important theme that runs throughout this handbook is how urban is defined, and under what conditions the marginalized are served by the schools they attend. Schooling continues to hold a special place both as a means to achieve social mobility and as a mechanism for supporting the economy of nations. This second handbook focuses on factors such as social stratification, segmentation, segregation, racialization, urbanization, class formation and maintenance, and patriarchy. The central concern is to explore how equity plays out for those traditionally marginalized in urban schools in different locations around the globe. Researchers will find an analysis framework that will make the current practice and outcomes of urban education, and their alternatives, more transparent, and in turn this will lead to solutions that can help improve the life-options for students historically underserved by urban schools.

Besieged during the Franco-Prussian War, its buildings damaged, its finances mired in debt, Paris was a city in crisis. Alexia Yates chronicles the private actors and networks, practices and politics, that spurred the largest building boom of the nineteenth century, turning city-making into big business in the French capital.

The establishment of free public libraries in England resulted from a bill in 1850 requiring a rate contribution for town libraries. Four Select Committee reports issued between 1849 and 1852 provide the essential extent of parliamentary concern in this field. Chaired by William Ewart, an active parliamentary reformer, these committees were motivated by a desire to promote the cultural benefits of good literature among the general public and particularly among the agricultural population. -- Publisher's catalogue.

Tens of millions of people today are living part of their life in a virtual world. In places like World of Warcraft, Second Life, and Free Realms, people are making friends, building communities, creating art, and making real money. Business is booming on the virtual frontier, as billions of dollars are paid in exchange for pixels on screens. But sometimes things go wrong. Virtual criminals defraud online communities in pursuit of real-world profits. People feel cheated when their avatars lose virtual property to wrongdoers. Increasingly, they turn to legal systems for solutions. But when your avatar has been robbed, what law is there to assist you? In *Virtual Justice*, Greg Lastowka illustrates the real legal dilemmas posed by virtual worlds. Presenting the most recent lawsuits and controversies, he explains how governments are responding to the chaos on the cyberspace frontier. After an engaging overview of the history and business models of today's virtual worlds, he explores how laws of property, jurisdiction, crime, and copyright are being adapted to pave the path of virtual law. Virtual worlds are becoming more important to society with each passing year. This pioneering study will be an invaluable guide to scholars of online communities for years to come.

INTRODUCING A PRACTICAL MODEL OF PLAY THERAPY FOR TRAUMATIZED CHILDREN Some of the most rewarding work a therapist can do is help a child recover from a traumatic event. But where to begin? A growing body of play therapy literature offers many specific techniques and a variety of theoretical models; however, many therapists are still searching for a comprehensive model of treatment that incorporates solid theoretical constructs with effective play therapy interventions. Clinicians have long recognized that trauma therapy is not just a matter of techniques but a journey with a beginning, middle, and end. In a pioneering contribution to the field, *Play Therapy with Traumatized Children: A Prescriptive Approach*, the author codifies the process in her model, *Flexibly Sequential Play Therapy (FSPT)*. Integrating non-directive and directive approaches, this components-based model allows for the uniqueness of each child to be valued while providing a safe, systematic journey towards trauma resolution. The FSPT model demystifies play-based trauma treatment by outlining the scope and sequence of posttraumatic play therapy and providing detailed guidance for clinicians at each step of the process. Dramatically demonstrating the process of healing in case histories drawn from fifteen years of clinical practice with traumatized children, *Play Therapy with Traumatized Children* addresses: Creating a safe place for trauma processing Augmenting the child's adaptive coping strategies and soothing his or her physiology Correcting the child's cognitive distortions Ensuring that caregivers are facilitative partners in treatment Inviting gradual exposure to trauma content through play Creating developmentally sensitive trauma narratives Using termination to make positive meaning of the post-trauma self

International exchange in European cultural life in the 19th and 20th centuries From the early nineteenth century till the middle of the twentieth century, cultures in Europe were primarily national. They were organized and conceived of as attributes of the nation states. Nonetheless, these national cultures crossed borders with an unprecedented intensity even before globalization transformed the very concept of culture. During that long period, European cultures have imported and exported products,

techniques, values, and ideas, relying on invisible but efficient international networks. The central agents of these networks are considered mediators: translators, publishers, critics, artists, art dealers and collectors, composers. These agents were not only the true architects of intercultural transfer, they also largely contributed to the shaping of a common canon and of aesthetic values that became part of the history of national cultures. *Cultural Mediation in Europe, 1800-1950* analyses the strategic transfer roles of cultural mediators active in large parts of Western Europe in domains as varied as literature, music, visual arts, and design. Contributors Amélie Auzoux (Université Paris IV-Sorbonne), Christophe Charle (Université Paris I-Panthéon-Sorbonne), Kate Kangaslahti (KU Leuven), Vesa Kurkela (University of the Arts, Helsinki), Anne O'Connor (University of Galway), Saijaleena Rantanen (University of the Arts, Helsinki), Ágnes Anna Sebestyén (Hungarian Museum of Architecture, Budapest), Inmaculada Serón Ordóñez (University of Málaga), Renske Suijver (Van Gogh Museum, Amsterdam), Tom Toremans (KU Leuven), Dirk Weissmann (Université Toulouse Jean-Jaurès)
