Gate of the Dead

PRE-ORDER THE NEW MASTER OF WAR NOVEL BY DAVID GILMAN, TO KILL A KING – COMING IN FEBRUARY 2024 'A gripping chronicle of pitched battle, treachery and cruelty' Robert Fabbri

Tuscany, 1358: Thomas Blackstone has built a formidable reputation in exile, fighting as a mercenary amid the ceaseless internecine warring of Italy's City States. But success has bred many enemies, and when a dying man delivers a message recalling him to England, it seems almost certain to be a trap. Yet Blackstone cannot disobey – the summons is at the Queen's demand. On his journey, Blackstone will brave the terrors of the High Alps in winter, face the Black Prince in tournament, confront the bloody anarchy of a popular revolt and submit to trial by combat. And every step of the way, he will be shadowed by a notorious assassin with orders to despatch him to Hell.

Master of the Dead

Vampires. Zombies. Wendigo. There are a million books about them, and of similar paranormal, undead creatures. Sparkly cutesy ones. Vicious evil ones. Heroic ones. Impossible to kill ones. Slow and fast ones. Some books even purport to tell you of their origins. Well, they're all bunk and bother, as Ob would say. Nothing but humbug. This eighth volume of the Harbinger of Doom saga is different. It reveals the truth about those creatures. About where they really came from. About the terrible threat they posed and may still pose today. And about the brave folk of days long past that stopped them from overrunning the world.

Master of the Dead

A Master of Djinn

WINNER OF THE NEBULA AWARD FOR BEST NOVEL WINNER OF THE LOCUS AWARD FOR BEST FIRST NOVEL 'Clever, wickedly fun . . . with an excellent balance of humour and heart. I loved it' S. A. Chakraborty, author of *The City of Brass* Cairo, 1912: Though Fatma el-Sha'arawi is the youngest woman working for the Ministry of Alchemy, Enchantments and Supernatural Entities, she's certainly not a rookie, especially after preventing the destruction of the universe last summer. So when someone murders a secret brotherhood dedicated to one of the most famous men in history, Al-Jahiz, Agent Fatma is called onto the case. Al-Jahiz transformed the world fifty years ago when he opened up the veil between the magical and mundane realms, before vanishing into the unknown. This murderer claims to be Al-Jahiz, returned to condemn the modern age for its social oppressions. His dangerous magical abilities instigate unrest in the streets of Cairo that threaten to spill over onto the global stage. Alongside her Ministry colleagues and a familiar person from her past, Agent Fatma must unravel the mystery behind this imposter to restore peace to the city - or face the possibility he could be exactly who he seems . . . P. Djèlí Clark is the winner of the Nebula, Locus, and Alex Awards and has been shortlisted for the Hugo Award.

Dead Druid

When EVIL rises, GOOD needs a Hero. A thousand years ago, on the world of Claire-Agon, a war raged between men and dragons, destroying both the creatures and the land's many civilizations. Targon Terrel accepts his fate as a Ranger, a servant of the Mother and Defender of the Arnen. Having protected his fellow countrymen, he continues his battle against the sinister Kesh wizards, but he does not fight alone. Aided by unlikely allies, he presses his attacks to liberate Ulatha and its people. The Kesh continue to dominate the realms of Agon, enslaving those of neighboring realms and seeking to obtain the one artifact that will ensure their perpetual domination of Agon forever. Meanwhile, ancient evils stir from their long slumbers, moving to ensnare all within their reach as Dor Akun, Father Death approaches. Evil prepares to cover the land and only one thing stands in its way, a simple Ulathan family that goes by the name of Terrel.

Wealth in the Dead Sea Scrolls and in the Qumran Community

This volume is concerned with exploring sectarian attitudes toward wealth and the economic practices that gave rise to and issued from those attitudes. An introductory chapter establishes the state of the question. Three subsequent chapters focus on major sectarian texts: the Damascus Document, the Rule of the Community, and 4QInstruction A. Other sectarian and non-sectarian texts that mention wealth are discussed in a fifth chapter, while archaeological evidence from the Qumran region and contemporary documentary texts are introduced in chapters seven and eight. Finally, ancient secondary testimony on Essene economic practices is discussed. The book breaks new ground in arguing for several biblical rationales for the practice of shared wealth. Its integration of archaeological and documentary evidence sheds surprising new light on the economic organization of the Qumran community.

Alchemism Samsara

Lin Tianya, the successor of the Saint Douglas, was betrayed by his beloved Senior Sister Mo Lian. As a result, he was accidentally swallowed by the God Medn with Mo Lian. The crippled Xia Chuan lived in Qing Yang City's Ye Family, and after he obtained Lin Tianya's Samsara Divine Soul, he used his crippled body to subdue the waste planet, search for the secrets of his origins, take control of the universe, kill his enemies with his own hands, deal with numerous schemes, possess countless lovers, and become a supreme exalt...

Wake the Dead #2

Part 2 of 5! Steve Niles, the acknowledged master of horror comics, turns his sights on the Frankenstein story in this terrifying tale, illustrated by new sensation Chee. College student Victor works to reverse death, not knowing what a can of worms he's opening up. But he'll find out.

Master of the Walking Dead

The original 1939 blurb for this story reads: "Molding corpses stalk darkness as fate cuts a grim, macabre jigsaw of death!" Today you would expect a zombie story, as with the hit TV show "The Walking Dead," but in the original pages of the pulp magazine Thrilling Mystery, you get the opposite—a classic crime story by one of the best pulp writers of the era. The dead may walk, but there is always a rational explanation, no matter how sensational the blurb.

Beyond the Living Dead

In 1968, George Romero's film Night of the Living Dead premiered, launching a growing preoccupation with zombies within mass and literary fiction, film, television, and video games. Romero's creativity and enduring influence make him a worthy object of inquiry in his own right, and his long career helps us take stock of the shifting interest in zombies since the 1960s. Examining his work promotes a better understanding of the current state of the zombie and where it is going amidst the political and social turmoil of the twenty-first century. These new essays document, interpret, and explain the meaning of the still-budding Romero legacy, drawing cross-disciplinary perspectives from such fields as literature, political science, philosophy, and comparative film studies. Essays consider some of the sources of Romero's inspiration (including comics, science fiction, and Westerns), chart his influence as a storyteller and a social critic, and consider the legacy he leaves for viewers, artists, and those studying the living dead.

Managing and Processing Big Data in Cloud Computing

Big data has presented a number of opportunities across industries. With these opportunities come a number of challenges associated with handling, analyzing, and storing large data sets. One solution to this challenge is cloud computing, which supports a massive storage and computation facility in order to accommodate big data processing. Managing and Processing Big Data in Cloud Computing explores the challenges of supporting big data processing and cloud-based platforms as a proposed solution. Emphasizing a number of crucial topics such as data analytics, wireless networks, mobile clouds, and machine learning, this publication meets the research needs of data analysts, IT professionals, researchers, graduate students, and educators in the areas of data science, computer programming, and IT development.

Newes from the Dead

In 1650 Anne Green, a young servant girl, gave birth prematurely to an illegitimate child. Sadly the baby died and poor Anne was falsely accused of infanticide. In front of a large crowd she was hanged and then carried to the College of Physicians to be dissected for medical science. But as Anne's corpse lay on the table and the doctors assembled, a strange rattle was heard in her throat. Could she still be alive?

Resource Management for Big Data Platforms

Serving as a flagship driver towards advance research in the area of Big Data platforms and applications, this book provides a platform for the dissemination of advanced topics of theory, research efforts and analysis, and implementation oriented on methods, techniques and performance evaluation. In 23 chapters, several important formulations of the architecture design, optimization techniques, advanced analytics methods, biological, medical and social media applications are presented. These chapters discuss the research of members from the ICT COST Action IC1406 High-Performance Modelling and Simulation for Big Data Applications (cHiPSet). This volume is ideal as a reference for students, researchers and industry practitioners working in or interested in joining interdisciplinary works in the areas of intelligent decision systems using emergent distributed computing paradigms. It will also allow newcomers to grasp the key concerns and their potential solutions.

A Dead Djinn in Cairo

Alex Award-winning author P. Djèlí Clark, *A Dead Djinn in Cairo* is a Tor.com original historical fantasy set in an alternate early twentieth century infused with the otherworldly. Egypt, 1912. In Cairo, the Ministry of Alchemy, Enchantments and Supernatural Entities investigate disturbances between the mortal and the (possibly) divine. What starts off as an odd suicide case for Special Investigator Fatma el-Sha'arawi leads her through the city's underbelly as she encounters rampaging ghouls, saucy

assassins, clockwork angels, and a plot that could unravel time itself. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Masters of Defence

The legions of the dead are here and all that stands in their way is a small band of martial artists and expert swordsmen! A terrifying evil rises deep below the crumbling catacombs of the old college as a great terror calls upon the fallen of the past. As the college echoes to the sound of a grand martial arts event the army of ancient, resurrected warriors surrounds the site, hungering for violence and death. Without warning they swarm inside, killing all they find and showing no mercy. All that stands in the ways of these horrors are the modern-day martial arts experts who have come to train in the fighting arts of the sword, spear, and bow. They prepare to put their knowledge and skills to the ultimate test against the unstoppable horde and its undying master. Masters of Defence: The Army of the Dead is the first novel in a thrilling new survival fantasy series set in Wales, that throws a host of historical European martial artists against an unspeakable horror that destroys everything in its path.

The Life of Florence Nightingale

Reproduction of the original: The Life of Florence Nightingale by Edward Tyas Cook

Master of the Dead

Turn off your lights, get ready for frights! When the clock strikes midnight and the moons full and bright, it's time for dread and fear. For Mr Midnight is here with two stories, double the danger and twice the terror! STORY ONE: What will happen JUST BEFORE YOU DIE? Martin Lee knows! When he meets a stranger on the way to school, his doom is sealed. The evil ghost has chosen him for a special mission-fail, and Martin's dead. STORY TWO: Nadine Azman and her friends visit an eerie forest at night for their school project. Little do they realize they will become victims of the terrifying creatures guarding THEIR MASTER'S GRAVE.

Of the State of the Dead, and of those that are to rise. A translation of chap. 1-3. Translated ... with remarks upon each chapter, and an answer to all the heresies therein, by Matthias Earbery

"Reginald Hill has raised the classical British mystery to new heights." -- "The New York Times Book Review Acclaimed as "the master of form and the sorcerer of style,"* the Grand Master of British psychological suspense returns to weave wordplay and murder into a lethal tapestry that only Dalziel and Pascoe can unravel. With characteristic precision, insidious wit, and unparalleled insight into the serpentine criminal mind, Hill offers readers his most diabolical surprise to date. Dialogues of the Dead "Paronomania [n. A clinical obsession with word games] In the Beginning was the Word... And the Word was Murder. A motorist dies after plunging off a bridge.... A motorcyclist is found dead after a fatal encounter with a tree. Two apparently innocuous tragedies ... until two Dialogues are submitted to a local literary competition, claiming responsibility for the deaths. But has anybody heard the Word? When a beautiful, unscrupulous journalist meets her Maker in fact, and then in fiction, as victim of The Third Dialogue, Dalziel and Pascoe take note and find themselves involved in a deadly duel of wits against an opponent known only as the Wordman: a brilliant sociopath who leaves literary clues in his wake ... and who hides in plain sight. Contestants, are you ready? Reginald Hill's books consistently combine wordplay and sleuthing, but the Master is in superb form in Dialogues of the Dead. There are enough clues to make a patchwork quilt, but in this test of wills just who is playing against whom? Is it the Wordman versus the police? Or the killer against his victims? Or is the real game between you, dear reader, and Reginald Hill himself, at his most intriguing, most enticing, most elusive best? Just when you think you have your killer, guess again. Someone may have conceived the perfect crime. Let the games begin...

Just Before You Die

A collection of Edgar Allan Poe's classics adapted by master horror comics artist and Eisner Hall of Fame inductee, Richard Corben.

The House of the Dead

In The Filmmaker's Necronomicon, or book of the dead, award-winning director Danny Draven unlocks the crypt and shows you how to translate your idea into a successful movie that gives your audience nightmares. Budget need not be a limitation: the real-world advice and experience from the author--plus a host of horror directors, producers, writers, cast, and crew--offer a variety of tips, short-cuts, and ideas for producing a quality movie on the cheap. It all starts with the story. You'll learn the storytelling elements that make a horror movie truly frightening to the audience, then master the process of making a horror film from concept to completion, avoiding the pitfalls along the way. This full-color, highly illustrated book also shows you the production techniques that add to the chill factor, including camera techniques, properly showcasing your star (the monster), creating atmosphere through music, adding tension through editing, and more. Distribution and marketing are covered in depth, so you can get your movie out there once you've made it. The book includes access to over an hour of video. Dialogues of the Dead

Five days of glorious gothic alchemy and evil . . . An atmospheric, page-turning and powerful novel of sorcery and desperate magic by award-winning author Marcus Sedgwick. Shortlisted for the Guardian Children's Fiction prize and the Edgar Allan Poe Award. The days between 27 December and New Year's Eve are dead days - days when spirits roam and magic shifts restlessly just beneath the surface of our everyday lives. There is a man, Valerian, whose time is running out. He must pay the price for the pact he made with evil so many years ago. His servant is Boy, a child with no name and no past - a child he treats with contempt, but who serves his master well and finds solace in the company of his only friend, Willow. Unknown to any of them, it is Boy who holds the key to their destiny. Set in dark, threatening cities and the frozen countryside in a distant time, THE BOOK OF DEAD DAYS conjures a spell-binding story as Valerian, Boy and Willow battle to stop time and cling to life.

The Complete Works of William Shakespeare

In the gloomy hall of a private chamber in castle Plaphorius, Titanis Clore lay on a red silk cushion surrounded by four stunning female vampires whose faces flickered in the candlelight. The beauties engaged in the most passionate love, their caresses exciting both Titanis and themselves. Their bare skin was ghostly white, and though they were wrapped in a rapturous embrace, their intertwined limbs brought them no warmth at all. Warmth was not what they sought, however, and their nuzzling soon turned into blood lust. In their excitement, they grew fangs and their eyes flushed crimson. Titanis was enamored, wrapped in bodies, but as he laid another kiss on the amber beauty by his side, he was suddenly hit with a vision; he saw in his mind the death of Jengon Crump. He felt a surge of uneasy anger flood through him. He knew this was the great Makoor's way of summoning him to appear before him, so he pulled away from the kiss and got to his feet. "The master is calling me," said Titanis. "I must go at once." The women pleaded with him to stay, but Titanis pushed their hungry faces away. "There is no time for this anymore! The master requests my presence!". Outside, he took the pathway that led to the river. Bobbing gently in the night air was a waiting vessel bound for Mount Drone. On the boat were

a number of Droge creatures that chattered with one another, dangling their legs over the edge of the vessel. With oars in hand, they awaited their commands from the senior Drogust, who strode around with a whip in hand, knowing the ridiculous Drogues would slack off if not prodded and beaten. Since the Drogues were notoriously lazy, they often "forgot" to show up for work. The Drogusts would break a Droge's knees if he didn't arrive to work, which may have explained why the Drogues lounged about in trees, pulling themselves around with their arms, feeding off roots and fallen branches. For sport, they poked one another's blistered bottoms with splinters. To keep their teeth sharpened, they gnawed on tree stumps, shaving them down in parts so that it appeared to be the work of termites. Titanis Clore stepped into the boat and took a seat in the middle. The Drogues tittered, their hot eyes glinting madly in the light. They knew not to approach Titanis or any vampire. They paddled the boat along the quiet channel. The still waters were dark, but the moon and torches gave off sufficient light. The Drogues were sluggish, but they rowed. The first to grow tired would be thrown overboard. And there was nothing more terrifying to a Droge than water. Their kind could not swim and sank like stones. Indeed, if they looked over the side, they might see one of their own, face down in the water. "Paddle faster!" Titanis shouted to no effect. The commanding Drogust snapped his whip in the air. "Stop your rowing!" he growled. "You!" He pointed to the nearest Droge. "That's it for you." He lifted the creature by the neck and flung him into the water. The Drogues watched him squealing, struggling to stay afloat. "Now move your lazy asses!" yelled the Drogust. The boat began to cut through the water more quickly. Titanis Clore said nothing. He was filled with sorrow over the loss of his companion, Jengon Crump. He looked to the moon and felt a chill fall over him. He would have to face the great Makoor. The ship entered the channel where waters flowed from the great mountain. The cave walls were ablaze with torches; their glow flickered over the lithe waves. They rowed through a narrow passageway that led directly into the heart of the mountain. The water was speckled with the pale fur of Droge corpses, more and more as they neared the mountain. The creatures joined in an eerie symphony of twittering noises as they grew closer. "That's enough out of you," yelled the Drogust. All the little bulbous eyes turned on him and for the moment the Drogues were unusually silent.

Edgar Allan Poe's Spirits of the Dead

"The Faith requires all we have." New York Times bestselling author Anthony Ryan returns to the Raven's Shadow world in this prequel novella set ten years before the events in *Blood Song*. For decades the brothers of the Sixth Order have fought a savage war against the Lonak clans amidst the frozen peaks of their Dominion. When word reaches the north of a fresh outbreak of the dreaded Red Hand, Brother Sollis, the finest swordsman in the Order, leads a small band to a long-abandoned castle in search of a potential cure, but discovers a far greater threat lurking in the mountains. Enemies become allies as Sollis leads an increasingly desperate fight against an inhuman enemy steeped in the power of the Dark. Praise for the Raven's Shadow series: 'Ryan hits all the high notes of epic fantasy - a gritty setting, ancient magics, ruthless intrigue, divided loyalties, and bloody action.' - PUBLISHERS WEEKLY. 'A new master storyteller has hit the scene.' - MICHAEL J. SULLIVAN, AUTHOR OF THE RIYRIA REVELATIONS. 'Anthony Ryan is David Gemmell's natural successor and epic fantasy's best British talent.' - FANTASY BOOK CRITIC.

The Complete Works of Mary Elizabeth Braddon

We all face death, but how many of us are actually ready for it? Whether our own death or that of a loved one comes first, how prepared are we, spiritually or practically? In *Preparing to Die*, Andrew Holecek presents a wide array of resources to help the reader address this unfinished business. Part One shows how to prepare one's mind and how to help others, before, during, and after death. The author explains how spiritual preparation for death can completely transform our relationship to the end of life, dissolving our fear and helping us to feel open and receptive to letting go in the dying process. Daily meditation practices, the stages of dying and how to work with them, and after-death experiences are all detailed in ways that will be particularly helpful for those with an interest in Tibetan Buddhism and in Tibetan approaches to conscious dying. Part Two addresses the practical issues that surround death. Experts in grief, hospice, the funeral business, and the medical and legal issues of death contribute chapters to prepare the reader for every practical concern, including advance directives, green funerals, the signs of death, warnings about the funeral industry, the stages of grief, and practical care for the dying. Part Three contains heart-advice from twenty of the best-known Tibetan Buddhist masters now teaching in the West. These brief interviews provide words of solace and wisdom to guide the dying and their caregivers during this challenging time. *Preparing to Die* is for anyone interested in learning how to prepare for death from a Buddhist perspective, both spiritually and practically. It is also for those who

want to learn how to help someone else who is dying, both during the time of illness and death as well as after death.

The Great Tone-poets

The acknowledged masterpiece of one of Spain's most influential thinkers. Between despair and the desire for something better, Unamuno finds that "saving incertitude" that alone can console us.

The Filmmaker's Book of the Dead

In his fascinating new book, based on the Conway Lectures he delivered at Notre Dame in 2016, William Courtenay examines aspects of the religious life of one medieval institution, the University of Paris, in the thirteenth and fourteenth centuries. In place of the traditional account of teaching programs and curriculum, however, the focus here is on religious observances and the important role that prayers for the dead played in the daily life of masters and students. Courtenay examines the university as a consortium of sub-units in which the academic and religious life of its members took place, and in which prayers for the dead were a major element. Throughout the book, Courtenay highlights reverence for the dead, which preserved their memory and was believed to reduce the time in purgatory for deceased colleagues and for founders of and donors to colleges. The book also explores the advantages for poor scholars of belonging to a confraternal institution that provided benefits to all members regardless of social background, the areas in which women contributed to the university community, including the founding of colleges, and the growth of Marian piety, seeking her blessing as patron of scholarship and as protector of scholars. Courtenay looks at attempts to offset the inequality between the status of masters and students, rich and poor, and college founders and fellows, in observances concerned with death as well as rewards and punishments in the afterlife. *Rituals for the Dead* is the first book-length study of religious life and remembrances for the dead at the medieval University of Paris. Scholars of medieval history will be an eager audience for this title.

The Book of Dead Days

The night Brad Warner learns that his childhood friend Marky has died, Warner is about to speak to a group of Zen students in Hamburg, Germany. It's the last thing he feels like doing. What he wants to do instead is tell his friend everything he never said, to explain Zen and what he does for a living and why he spends his time "Sitting. Sitting. Sitting. Meditating my life away as it all passes by. Lighting candles and incense. Bowing to nothing." So, as he continues his teaching tour through Europe, he writes to his friend all the things he wishes he had said. Simply and humorously, he reflects on why Zen provided him a lifeline in a difficult world. He explores grief, attachment, and the afterlife. He writes to Marky, "I'm not all that interested in Buddhism. I'm much more interested in what is true," and then proceeds to poke and prod at that truth. The result for readers is a singular and winning meditation on Zen — and a unique tribute to both a life lost and the one Warner has found.

Dead lilies, ed. by mrs. Henry Kingsley

The female ghost or yurei (literally, "faded spirit") is perhaps the most recognizable figure in Japanese horror culture, powerfully reinforced through the success of Japanese ghost films such as *Ringu* ("The Ring") and *Ju-On* ("The Grudge"). Their traditional appearance -- long black hair in disarray over the face, white skin and white burial clothing -- goes back to the very first painted scroll images of such creatures, of which the prototype is said to be Maruyama Okyo's painting of the ghost of the geisha Oyuki, from 1750.
