The Truths and Triumphs of Grace Atherton

A Richard and Judy Book Club pick, set in Paris and Italy, The Truths and Triumphs of Grace Atherton is a beautiful and uplifting exploration of love, loss and hope 'The real truth and triumph of this gem of a story is simple: it is one of the best and most gripping descriptions of heartbreak that either of us have ever read' Richard and Judy's review Grace Atherton, a talented cellist, is in love with David. Together in their apartment in Paris, Grace and David are happy until an unexpected event changes

everything. Nadia is seventeen and furious. She knows that love will only let her down: if she is going to succeed it will be on her own terms. At eighty-six Maurice Williams has discovered a lot about love in his long life, and even more about people. And yet he keeps secrets. When Grace's life falls apart in the most shocking of ways Maurice and Nadia come to her rescue, helping her to find happiness and hope through the healing power of friendship. Praise for The Truths and Triumphs of Grace Atherton 'Glorious on so many levels' A J Pearce, author of Dear Mrs Bird 'Lose yourself among beautiful symphonies, the romantic cities of Europe and quirky characters ... a triumph' Woman's Weekly 'A powerful and passionate novel, awash with heartbreak but still an uplifting tale of friendship and rebirth. Five stars' Daily Express 'Full of hope and charm' Libby Page, author of The Lido 'A hymn to friendship, to getting back up and finding happiness where none seemed possible' Katie Fforde Pre-order Anstey Harris' wonderful new book Where We Belong now - ISBN 97811473837

The Museum of Forgotten Memories

"Moving." —Booklist (starred review) At Hatters Museum of the Wide Wide World, where the animals never age but time takes its toll, one woman must find the courage to overcome the greatest loss of her life. Four years after her husband Richard's death, Cate Morris is let go from her teaching job and unable to pay rent on the London flat she shares with her son, Leo. With nowhere else to turn, they pack up and venture to Richard's ancestral Victorian museum in the small town of Crouch-on-Sea. Despite growing pains and a grouchy caretaker, Cate begins to fall in love with the quirky taxidermy exhibits and sprawling grounds, and she makes it her mission to revive them. But threats from both inside and outside the museum derail her plans and send her spiraling into self-doubt. As Cate becomes more invested in Hatters, she must finally confront the reality of Richard's death—and the role she played in it—in order to reimagine her future. Perfect for fans of Katherine Center and Evvie Drake Starts Over.

Miss You

A Richard and Judy Book Club pick and a Radio 2 Book Club Choice. Get to know Tess and Gus in Kate Eberlen's wildly romantic Miss You, perfect for fans of David Nicholls and Jojo Moyes. Tess and Gus are meant to be. They just haven't met properly yet. And perhaps they never will . . . Today is the first day of the rest of your life is the motto on a plate in the kitchen at home, and Tess can't get it out of her head, even though she's in Florence for a final, idyllic holiday before university. Gus and his parents are also on holiday in Florence – and, for one day, the paths of these two eighteen-year-olds will criss-cross before they each return to England. Over the course of the next sixteen years, life and love will offer them very different challenges. Separated by distance and chance, there's no way the two of them are ever going to meet each other properly . . . or is there? 'Gloriously romantic . . . One of those rare books that has you laughing and crying at the same time' – Prima Magazine

One Ordinary Day at a Time

Do You Dream of Terra-Two?

'A major new voice. Read Temi Oh today. Everybody will be reading her tomorrow' Stephen Baxter. author of World Engines 'A brilliant, beautiful debut. Reading it will change your heart' Christian Kiefer, author of Phantoms * The Long Way to a Small, Angry Planet meets The 100 in this unforgettable debut by a brilliant new voice. * A century ago, scientists theorised that a habitable planet existed in a nearby solar system. Today, ten astronauts will leave a dying Earth to find it. Four are decorated veterans of the 20th century's space-race. And six are teenagers, graduates of the exclusive Dalton Academy, who've been in training for this mission for most of their lives. It will take the team twenty-three years to reach Terra-Two. Twenty-three years spent in close quarters. Twenty-three years with no one to rely on but each other. Twenty-three years with no rescue possible, should something go wrong. And something

always goes wrong. * Don't miss one of Cosmopolitans books by people of colour to get excited about in 2019, called 'a tightly wound epic' that 'will change your heart' by Christian Kiefer, author of *Phantoms*. * WHY READERS DREAM OF TERRA-TWO . . . 'An ambitious 500-page coming-of-age blockbuster . . . Oh is excellent at portraying the aching sense of loss on a one-way trip to the stars' Guardian 'A tightly wound, emotional epic that asks important questions about humanity, goodness, belief, technology, love, friendship, and duty. At what point is grabbing hold of one's destiny ultimately an attempt to escape some other? Like all great writers, Temi Oh refuses the easy answer, instead ruminating upon the question itself. This novel is a brilliant, beautiful debut. Reading it will change your heart.' Christian Kiefer, author of *Phantoms* 'One of the most absorbing books I have ever read' 'This book seemed to take over my life whilst I was reading it - if I wasn't actually reading, I was thinking about it' 'I'm in love with this book . . . It is a beautiful, sprawling, literary delight with an unforgettable cast undertaking an unforgettable journey.' 'For fans of the character-driven *The Long Way to a Small, Angry Planet* series, *Terra-Two* is perfect . . . A strong, haunting, character-driven story . . . This book and its characters will stay with you for a long time.' 'Do You Dream of Terra-Two succeeds both as a great sci-fi story and a brilliant drama . . . Even though you expect things to go wrong in this story, they still wrong foot you when they do. 5*. 'Beautifully written . . . It's inspirational to read' 'I would love to be able to write like Temi Oh. I should start taking notes . . . Highly recommended!'

Field of Valor

Set in the aftermath of the "riveting...action-packed" (Joan Lunden, New York Times bestselling author) *Oath of Honor* and the discovery of a deadly global conspiracy, the president requests Logan West to form a covert task force with the mission to dismantle a nameless enemy in this "fast, hard-hitting, and impossible to put down" (*The Real Book Spy*) thriller. With the full resources of the Justice Department, Intelligence Community, and the military (not to mention presidential pardons pre-signed), Logan must battle a secret organization with the connections and funding to rival many first-world nations. The sinister goal of this organization—to pit the United States against China in a bid to dismantle the world's security and economy. Back on US soil, Logan and his task force pursue the elusive foe from the woods of northern Virginia to the banks of the Chesapeake Bay, from suburban Maryland across the urban sprawl of Washington DC. The stakes have never been higher for Logan or America itself... "Suspenseful, inventive, and relentless, *Field of Valor* unfolds at lightning pace" (Meg Gardiner, New York Times bestselling author) and is perfect for fans of the pulse-pounding works of Brad Thor, Vince Flynn, and Jack Carr.

Dear Mrs. Bird

This charming, irresistible debut novel set in London during World War II about a young woman who longs to be a war correspondent and inadvertently becomes a secret advice columnist is "a jaunty, heartbreaking winner" (*People*)—for fans of *The Guernsey Literary and Potato Peel Pie Society* and *Lilac Girls*. Emmeline Lake and her best friend Bunty are doing their bit for the war effort and trying to stay cheerful, despite the German planes making their nightly raids. Emmy dreams of becoming a Lady War Correspondent, and when she spots a job advertisement in the newspaper she seizes her chance; but after a rather unfortunate misunderstanding, she finds herself typing letters for the formidable Henrietta Bird, renowned advice columnist of *Woman's Friend* magazine. Mrs. Bird is very clear: letters containing any Unpleasantness must go straight into the bin. But as Emmy reads the desperate pleas from women who many have Gone Too Far with the wrong man, or can't bear to

let their children be evacuated, she begins to secretly write back to the readers who have poured out their troubles. "Fans of Jojo Moyes will enjoy AJ Pearce's debut, with its plucky female characters and fresh portrait of women's lives in wartime Britain" (Library Journal)—a love letter to the enduring power of friendship, the kindness of strangers, and the courage of ordinary people in extraordinary times. "Headlined by its winning lead character, who always keeps carrying on, Pearce's novel is a delight" (Publishers Weekly). The Ragged Trousered Philanthropists

The Ragged Trousered Philanthropists is a classic representation of the impoverished and politically powerless underclass of British society in Edwardian England, ruthlessly exploited by the institutionalized corruption of their employers and the civic and religious authorities. Epic in scale, the novel charts the ruinous effects of the laissez-faire mercantilist ethics on the men, women, and children of the working classes, and through its emblematic characters, argues for a socialist politics as the only hope for a civilized and humane life for all. It is a timeless work whose political message is as relevant today as it was in Tressell's time. For this it has long been honoured by the Trade Union movement and thinkers across the political spectrum.

The Miseducation of Evie Epworth

'Tight, clever and riddled with wit. Like discovering Adrian Mole or Bridget Jones for the first time.' Joanna Nadin, author of *The Queen of Bloody Everything* 'Full of fabulous characters, sprinkled with joy and drenched in wit.' Milly Johnson July, 1962 Sixteen year-old Evie Epworth stands on the cusp of womanhood. But what kind of a woman will she become? The fastest milk bottle-delivery girl in East Yorkshire, Evie is tall as a tree and hot as the desert sand. She dreams of an independent life lived under the bright lights of London (or Leeds). The two posters of Adam Faith on her bedroom wall ('brooding Adam' and 'sophisticated Adam') offer wise counsel about a future beyond rural East Yorkshire. Her role models are Charlotte Bronte, Shirley MacLaine and the Queen. But, before she can decide on a career, she must first deal with the malign presence of her future step-mother, the manipulative and money-grubbing Christine. If Evie can rescue her bereaved father, Arthur, from Christine's pink and over-perfumed clutches, and save the farmhouse from being sold off then maybe she can move on with her own life and finally work out exactly who it is she is meant to be. Moving, inventive and richly comic, *The Miseducation of Evie Epworth* is the most joyful debut novel of the year and the best thing to have come out of Yorkshire since Wensleydale cheese.

... the four books comprising the series would certainly be a valuable addition to any entrepreneurship library. However, each book also stands alone as an individual purchase. Lorraine Warren, *International Journal of Entrepreneurial Behaviour and Research* The book delivers what it promises: a map of the uses of narrative methods in entrepreneurship studies. It is both an interesting contribution to the field and an important methodological handbook for all entrepreneurship researchers who are thinking of

adopting qualitative methods in their inquiries. However, it may also be read with advantage by other researchers using ethnography as their main methodological approach to social studies. . . The aim of the book is to show how narratives can enrich entrepreneurship studies, a goal that in my opinion is aptly fulfilled. Monika Kostera, *Scandinavian Journal of Management* . . . the contributors in this text breathe fresh and imaginative linguistic resources and narrative/discursive frames of reference into the inquiry of entrepreneurial activities. The anecdote, the narrative, the metaphorical, the discursive and the dramaturgical are significant therefore, not only because they bring to the surface voices, emotions, processes and the relationality of (everyday) entrepreneurial activity that have possibly been previously silenced. But also, to paraphrase Steyaert, these approaches highlight the controversial and interactive aspects of the research process. . . The text is welcome because it treats narrative in a serious and scholarly way. Denise Fletcher, *International Small Business Journal* In their edited book *Narrative and Discursive Approaches in Entrepreneurship*, Daniel Hjorth and Chris Steyaert provide a fascinating glimpse into a perspective on entrepreneurship that will be enlightening for many readers. Entrepreneurship authors typically talk about theory, methods, and data as if a straight-forward linear process united them all, and making sense of entrepreneurship was simply a matter of knowing how to interpret one's findings. By contrast, the authors in this volume propose narrative and discursive approaches in which the contributing authors emphasize rich description, reflexive conceptualization, and interpretations offered as part of the story itself. They draw upon an international set of cases, including Russia, Sweden, Denmark, Norway, Venezuela, and North America. The cases themselves make for fascinating reading, quite apart from what we learn about the difficulties of imposing a particular interpretation on a given story. For example, taxi drivers in Caracas, management consultants in Denmark, and women entrepreneurs in northern Norway all make for fascinating narratives from which to understand the entrepreneurial process. Unlike many edited books which have no plot, the editors have included opening and closing sections that link the chapters, offer alternative readings of them, and propose new and expansive ways of thinking about entrepreneurship. Howard Aldrich, University of North Carolina at Chapel Hill, US Daniel Hjorth and Chris Steyaert set out to advance the study of entrepreneurship by refocusing the lens of discovery from economics, management and marketing to other paradigmatic stances in social sciences and humanities like anthropology and literary studies. The result is a provocative collection of chapters that inspire the reader to consider and explore new ideas and research practice that incorporate both the context and place of entrepreneurship. From the perceptive insights of the editors to the rigorous and provocative discourse of the chapters and thoughtful responses in the conclusion emerges a story, in the best of storytelling tradition, about how a linguistic turn can rouse new insights. The editors ask, how do these texts move you? they entice, provoke, challenge, stimulate and guide. Their implications should be far reaching and required reading for any student of t

All The Lonely People

The Things We Learn When We're Dead is about how small decisions can have profound and unintended consequences, but how we can sometimes get a second chance. On the way home from a dinner party, Lorna Love steps into the path of an oncoming car. When she wakes up she is in what appears to be a hospital – but a hospital in which her nurse looks like a young Sean Connery, she is served wine for supper, and everyone avoids her questions. It soon transpires that she is in Heaven, or on HVN, because HVN is a lost, dysfunctional spaceship, and God the aging hippy captain. She seems to be there by accident... or does God have a higher purpose after all? Despite that, *The Things We Learn When We're Dead* is neither sci-fi nor fantasy. It is a book about memory and how, if we could remember things slightly differently, would we also be changed? In HVN, Lorna can at first remember nothing. But as her memories return – some good, some bad – she realises that she has decisions to make and that, maybe, she can find a way back home.

Where We Belong

A novel of love, homelessness, and learning to be fearless In the garden, there were three flamingos. Not real flamingos, but real emblems, real gateways to a time when life was impossibly good. Sherry and Leslie and their daughters, Rae and Pauline - and Eve and her son Daniel. Sherry loves her husband, Leslie. She also loves Eve. It couldn't have been a happier summer. But then Eve left and everything went grey. Now Daniel is all grown-up and broken. And when he turns up at Sherry's door, it's almost as if they've all come home again. But there's still one missing. Where is Eve? And what, exactly, is her story? FLAMINGO is a novel about the power of love, welcome and acceptance. It's a celebration of kindness, of tenderness. Set in 2018 and the 80s, it's a song for the broken-hearted and the big-hearted, and is, ultimately, a novel grown from gratitude, and a book full of wild hope.

'One of the funniest books I've ever read' - Gore Vidal * The Dud Avocado gained instant cult status on first publication and remains a timeless portrait of a woman hellbent on living. It is, as the Guardian observes, 'one of the best novels about growing up fast'. Sally Jay Gorce is a woman with a mission. It's the 1950s, she's young, and she's in Paris. Having dyed her hair pink, she wears evening dresses in the daytime and vows to go native in a way not even the natives can manage. Embarking on an educational programme that includes an affair with a married man (which fizzles out when she realises he's single and wants to marry her); nights in cabarets and jazz clubs in the company of assorted "citizens of the world"; an entanglement with a charming psychopath; and a bit part in a film financed by a famous matador. But an education like this doesn't come cheap. Will our heroine be forced back to the States to fulfill her destiny as a librarian, or can she keep up her whirlwind Parisian existence? * A champagne cocktail ... The Prodigal Daughter

The Ecology of Freedom, his most exciting and far-reaching work yet. This engaging and extremely readable book's scope is downright breathtaking. Using an inspired synthesis of ecology, anthropology, philosophy and political theory, it traces our society's conflicting legacies of freedom and domination, from the first emergence of human culture to today's global capitalism. The theme of Bookchin's grand historical narrative is straightforward: environmental, economic and political devastation are born at the moment that human societies begin to organize themselves hierarchically. And, despite the nuance and detail of his arguments, the lesson to be learned is just as basic: our nightmare will continue until hierarchy is dissolved and human beings develop more sane, sustainable and egalitarian social structures. The Ecology of Freedom is indispensable reading for anyone who's tired of living in a world where everything, and everyone, is an exploitable resource. It includes a brand new preface by the author.
