A diverse collection of music-themed short stories that cover a variety of genres from drama to romance, from fantasy to sci-fi.

Elements of Harmony and Counterpoint

Written under the supervision of Lowell Mason.

Johnson's New Method of Harmony

In the years approaching the centenary of Mahler's death, this book provides both summation of, and starting point for, an assessment and reassessment of the composer's output and creative activity. Authored by a collection of leading specialists in Mahler scholarship, its opening chapters place the composer in socio-political and cultural contexts, and discuss his work in light of developments in the aesthetics of musical meaning. Part II examines from a variety of analytical, interpretative and critical standpoints the complete range of his output, from early student works and unfinished fragments to the sketches and performing versions of the Tenth Symphony. Part III evaluates Mahler's role as interpreter of his own and other composers' works during his lifelong career as operatic and orchestral conductor.

Part IV addresses Mahler's fluctuating reception history from scholarly, journalistic, creative, public and commercial perspectives, with special attention being paid to his compositional legacy.

A Treatise on Harmony

Citing baby-boomer favorites including Bob Dylan, Bob Marley, the Beatles and other rock greats, the author shows that they have drawn on the same primal source from which mythology, dreams, and poetic insight arise. (Music)

A treatise on harmony ... Translated by Mrs. C. Clarke from the French. The musical portion revised by J. Pittman

I dedicate this book to my dearest: children Gina and Nancy, grandchildren David, Melanie and Alexander, son-in-law Steven Kirshenbaum and relatives and survivors. I dedicate this book also into the memory of my beloved: wife Dorrit m.n. Dranger, mother Reva m.n. Teicher, father Eizig Wolf, sisters Rona Gottesman and Helen Hofstein, brothers Naftali, Joseph, Isydor and Abraham and all martyrs. I lived in Turka, attended schools there and law in the University Jana Kazimierza in Lwow. Since 1941 I went into hiding to the forest, from German and local Nazis and ended up in a Soviet labor camp in Ural from 1942 to 1945. As a Polish citizen I was transported back to Poland. On the way I was lucky to find my brother soldier Abraham. All others were murdered. In horror we made our way to the US zone in Hof, Germany(DP Camp). In 1949, we came here. I worked 40 years for Equitable. During postwar years I wrote 585 short poems.
