The author uses marriage to examine the social history of New Mexico between 1500 and 1846

Bernard Shaw and the Spanish-Speaking World

This book explores, through a multidisciplinary approach, the immense influence exerted by Bernard Shaw on the Spanish-speaking world on both sides of the Atlantic. This collection of essays encompasses the reception and dissemination of his ideas; the translation of his works into Spanish; the performance history of his plays in Spain and Latin America; and Shaw's influence on many key figures of literature in Spanish. It begins by delving into Shaw's knowledge of Spanish literature and gauging his acquaintance with the Spanish cultural milieu throughout his tenure as an art, music, and theatre critic. His early exposure to Spanish-speaking culture later made the return trip in the form of profuse critical reception and theatrical success in countries like Spain, Argentina, Mexico, and Uruguay. This allows for a more detailed investigation into the unmistakable mark that Bernard Shaw left in the oeuvre of leading Spanish-speaking authors like Ramiro de Maeztu, Jorge Luis Borges or Nemesio Canales. This volume also assesses the translations of Shaw's works into Spanish—while also providing a detailed publication history of these translations.

Ritual Imports

Throughout the Americas, performances deriving from medieval European rituals, ceremonies, and festivities made up a crucial part of the cultural cargo shipped from Europe to the overseas settlements. In 1583, Sir Humphrey Gilbert sailed from Plymouth, England, to Newfoundland, bringing with him "morris dancers, hobby horses, and Maylike Conceits" for the "allurement of the savages" and the "solace of our people." His voyage closely resembled that of twelve Franciscan friars who in 1524 had arrived in what is now Mexico armed with a repertoire of miracle plays, religious processions, and other performances. These two events, although far from unique, helped shape initial encounters between Europeans and indigenous peoples; they also marked the first stages of the process that would lead—by no means smoothly—to a distinctively American culture. *Ritual Imports* is a groundbreaking cultural history of European performance traditions in the New World, from the sixteenth century to the present. Claire Sponsler examines the role of survivals and adaptations of medieval drama in shaping American culture from colonization through nation building and on to today's multicultural society. The book's subjects include New Mexican matachines dances and Spanish conquest drama, Albany's Pinkster festival and Afro-Dutch religious celebrations, Philadelphia's mummers and the Anglo-Saxon revival, a Brooklyn Italian American saint's play, American and German passion plays, and academic reconstructions of medieval drama. Drawing on theories of cultural appropriation, *Ritual Imports* makes an important contribution to medieval and American studies as well as to cultural studies and the history of theater.

Dictionary of the Middle Ages

The Theatre Handbook and Digest of Plays

The central literary genre in the life of medieval Christians and Jews, the sermon is an exceedingly rich but until recently under-utilized source for scholars of medieval culture. Extant in thousands of unedited manuscripts, sermons provide crucial insights into the mentalities of medieval people: yet they also pose difficult methodological challenges. *The Sermon*, volume 81-83 in the series *Typologie des sources du moyen age occidental*, offers both a practical guide to methodology and extensive coverage of both Latin and vernacular texts. This significant work provides a bridge from sermonists to other scholars, inviting them into the study of this exciting and challenging genre. *The Sermon* provides guidelines for historical criticism that apply to the sermon genre. An extensive bibliography of works pertinent to the genre, opens the volume; it is divided into sections corresponding to the subsequent chapters. The book's Introduction focuses on the definition of the genre, attempting to establish a working typology of the sermon both as a literary genre and as a medieval text. The Jewish Sermon precedes the chapter on Christian sermons: for the latter the genre's development from Latin to the vernacular serves as the organizational guide. The Latin Sermon is represented in: *Early Medieval Homilies and Homiliaries*, *The Twelfth-Century Monastic Sermon*, *the Sermons of the Twelfth-Century Schoolmasters and Canons*, and *the Latin Sermons after 1200*. The chapter of medieval preaching in Italy encompasses both Latin and vernacular sermons, and the several chapters devoted to vernacular texts include: Old English; Middle English; Old Norse; French; Spanish; Portuguese and Catalan; and German. Several topics are discussed in each chapter: the definition of the genre, its development, its diffusion, its value for historians, the principal editions and/or manuscripts.

"The Gift of the Magi" is a short story by O. Henry first published in 1905. The story tells of a young husband and wife and how they deal with the challenge of buying secret Christmas gifts for each other with very little money. The main idea of "The Gift of the Magi" is that the value of a gift is in the giver, rather than the gift itself. Jim and Della, out of their love for each other, purchased a gift that required them to sacrifice something that was precious to them.

In Spanish. This representative selection of Spanish literature from the twelfth to the seventeenth century provides a coherent study of full-length works rather than isolated remnants. These carefully chosen selections portray those persons and events of literary or historical significance that best illustrate the evolution of Spain's national character. English aids and an extensive vocabulary list achieve a comprehensive picture for the reader so as to facilitate an understanding of the robust nature of the Spanish language. Explanatory footnotes are plentiful throughout the book. The literature is cross-referenced, clearly creating a bridge of unity and continuity that links the many voices and motifs that have endured through the centuries. This anthology provides readers with an enriching and vibrant look at Spain during important periods of history.

Literature Criticism from 1400 to 1800

This biography presents a remarkable vision of Spanish society at the beginning of the 13th century by exploring the life of Berenguela of Castile (c. 1179-1246), a queen who dominated public life for over forty years.

Do Not Worry Saying What Shall We Eat or What Shall We Drink or What Shall We Wear for the Pagans Run after All these Things and Your Heavenly Father Knows that You Need

Remove the Plank from Your Own Eye

Love the Lord Your God

Have Faith in God Whatever You Ask for in Prayer Believe that You Have Received It and It Will Be Yours

Be Merciful

Beware of the Leaven of the Pharisees

Take Heed and Beware of Covetousness

Do Not Seek What You Should Eat or What You Should Drink

The Unjust Judge

The Commands of Jesus

Walk while You Have the Light before Darkness Overtakes You

Servant Is Not Greater than His Master

Feed My Lambs
