First Kill All the Lawyers

Arthur P. Besterman, criminal lawyer and reformed alcoholic, was the first to go. Counsel to Vancouver's assorted shifters and grifters, Besterman almost always lost his cases. But a recent victory defending a low-life client might be a clue as to why he was bludgeoned to death with a baseball bat. Then someone takes a pot shot at philandering lawyer Brian Pomeroy after he successfully defends a group of controversial eco-terrorists. All of a sudden lawyers whose clients are less than savoury start second-guessing the ethics of their profession, and going to court becomes possible bloodsport. In a cat-and-mouse game involving the better part of Vancouver's legal community, Pomeroy's firm (the famous Pomeroy, MacArthur, Brovak and Sage from the best-selling *Dance of Shiva*) pieces together some very disturbing truths about lawyers and the law. As one sleazy lawyer after another disappears, the reader can't help but ponder the wisdom of Shakespeare's famous dictum, "The first thing we do, let's kill all the lawyers."

Kill All the Lawyers

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

New York Magazine

An all-new, spicy murder mystery from Tessa Bailey, New York Times bestselling author of *It Happened One Summer* . . . It was supposed to be a relaxing vacation in sweet, sunny Cape Cod - just me and my beloved brother - but discovering a corpse in our rental house really throws a wrench into our tanning schedule. Now a rude, crude bounty hunter has arrived on the back of his motorcycle to catch the killer and refuses to believe I can be helpful, despite countless hours of true crime podcast listening. Not to mention a fulfilling teaching career of wrangling second graders. A brash bounty hunter and an energetic elementary schoolteacher: the murder-solving team no one asked for, but thanks to these pesky attempts on my life, we're stuck together, come hell or high tide. *** I'm just here to do a job, not babysit an amateur sleuth. Although . . . it is becoming less and less of a hardship to have her around. Sure, she's stubborn, distracting and can't stay out of harm's way. She's also brave and beautiful and reminds me of the home I left behind three years ago. In other words, the insatiable hunger and protectiveness she is waking up in me is a threat to my peace of mind. Before I sink any deeper into this dangerous attraction, I need to solve this murder and get back on the road. But will fate take her from me before I realize the road has been leading to her all along?

My Killer Vacation

A Pulitzer Prize-winning journalist's groundbreaking account of the crime that shocked New York City—and the world In the early hours of March 13, 1964, twenty-eight-year-old Catherine "Kitty" Genovese was stabbed to death in the middle-class neighborhood of Kew Gardens, Queens. The attack lasted for more than a half hour—enough time for Genovese's assailant to move his car and change hats before returning to rape and kill her just a few steps from her front door. Yet it was not the brutality of the murder that made it international news. It was a chilling detail Police Commissioner Michael Joseph Murphy shared with A. M. Rosenthal of the New York Times: Thirty-eight of Genovese's neighbors witnessed the assault—and none called for help. To Rosenthal, who had recently returned to New York after spending a decade overseas and would become the Times's longest-serving executive editor, that

startling statistic spoke volumes about both the turbulence of the 1960s and the enduring mysteries of human nature. His impassioned coverage of the case sparked a firestorm of public indignation and led to the development of the psychological theory known as the "bystander effect." *Thirty-Eight Witnesses* is indispensable reading for students of journalism and anyone seeking to learn about one of the most infamous crimes of the twentieth century.

Thirty-Eight Witnesses

Following the terrorist attacks of September 11, 2001, the United States imprisoned more than 750 men at its naval base at Guantánamo Bay, Cuba. The detainees, ranging from teenagers to elderly men from over forty different countries, were held for years without charges, trial, or a fair hearing. Without any legal status or protection, they were truly outside the law: imprisoned in secret, denied communication with their families, and subjected to extreme isolation, physical and mental abuse, and, in some instances, torture. These are the detainees' stories, told by their lawyers because the prisoners themselves were silenced. It took lawyers who had filed habeas corpus petitions over two years to finally gain the right to visit and talk to their clients at Guantánamo. Even then, lawyers worked under severe restrictions, designed to inhibit communication and maximize secrecy. Eventually, however, lawyers did meet with their clients. This book contains over 100 personal narratives from attorneys who have represented detainees held at Guantánamo as well as at other overseas prisons, from Bagram Air Base in Afghanistan to secret CIA jails or "black sites."

The Guantánamo Lawyers

Experience the first book in the Cape Refuge series from New York Times and USA TODAY bestselling author Terri Blackstock. "Good writing, well-honed descriptive details, compelling characters, and a conclusion that doesn't succumb to pat answers keep the pages turning, making this an engaging novel . . ." --Publishers Weekly When the kindest couple in Cape Refuge is found murdered at their church, their daughter will have to find the killer . . . before her own husband is convicted. Wade and Thelma Owens run a halfway house on the small island of Cape Refuge that caters to wayward souls just out of prison. So when Wade and Thelma turn up brutally murdered, the town goes into shock, concerned that one of the Hanover House residents is a murderer who could strike again. Shattered by her parents' deaths, Morgan Cleary struggles to keep Hanover House running while her husband, Jonathan, has been arrested for the murder. As the killer runs free, a lethal race against time ensues, with far more than the halfway house at stake.

Cape Refuge

It's one of the most brutal unsolved murders in the Elvis Presley universe - the 1981 slaying of his beautiful "Blue Hawaii" co-star, Jenny Maxwell. It was reported at the time that the murder was part of a botched robbery in Beverly Hills, but that's not at all what happened. Forty years after the murder, thanks to this book, it's finally been solved. Who killed Jenny Maxwell, and why? For the first time, the truth is revealed in "Murder of an Elvis Girl: Solving the Jenny Maxwell Case." And the truth is incredible. Jenny Maxwell was one of the hottest young actresses in Hollywood in the early 1960s, and she became best known as an Elvis Girl, playing the bratty Ellie Corbett in Elvis Presley's classic 1961 film, "Blue Hawaii." The performance made her one of the most memorable Elvis Girls ever and endeared her to generations of the King's fans. She appeared in dozens of TV shows, as well - everything from "Bonanza" and "My Three Sons" to "Father Knows Best" and "The Twilight Zone." In the 1960s, Jenny Maxwell's career was red-hot. She was friends with Sharon Tate and Peggy Lipton and dated a slew of young Hollywood stars. Off the screen, though, her personal life was a mess. She married film director Paul Rapp when she was just seventeen and became a mom at nineteen. Her marriage and her motherhood fell apart thanks to a lifestyle of Hollywood parties, drugs and sex. In an effort to win back her son, she quit Hollywood altogether in 1968 and married Ervin "Tip" Roeder, a high-powered and mobbed-up Los Angeles divorce attorney who was twenty years her senior. Their marriage was a rocky one, and by the time 1981 came around, they were separated and heading for divorce. Tip Roeder was at Jenny's side that fateful day in Beverly Hills, as they were both gunned down by the assassin outside her condo. "Murder of an Elvis Girl" tells the amazing Hollywood life story of a true Elvis legend. Jenny Maxwell shared the screen with the likes of Jimmy Stewart, Robert Conrad, Joey Bishop. Bob Hope and Joan Crawford. She rubbed elbows with Frank Sinatra and Sandra Dee. And biggest of all, she was an Elvis Girl. The story of how this book came about is just as incredible. "Murder of an Elvis Girl" is written by Buddy Moorehouse, a longtime journalist from Michigan who is

actually Jenny's first cousin, once removed (his grandfather and her father were brothers). The family had always been told that Jenny's murder was part of a botched robbery, but they never quite believed that, so Buddy embarked on a journey in 2019 to learn the truth of what really happened to their famous cousin. He eventually struck pay dirt when he found the detective who had investigated - and solved - the murder. This is the untold story of a long-forgotten Hollywood legend - how she lived, how she loved, and how she died.

The New York Times Index

Will de Young wanted to save his family. Instead, he took them to hell. Now, Russia is waging a nuclear war with The United States, and only one thing bears on Will's mind: get his family to safety. Escaping the fallout, they travel to Frenchtown, Wyoming, but land in the middle of conspiracy and a guerrilla war on U.S. soil. With the world on the brink of nuclear apocalypse, can Will protect his family and lead them to safety?

Murder of an Elvis Girl

"Sam, could you do me a favor?" Thus begins a story that has now become part of America's true crime hall of fame. It is a gory, grotesque tale befitting a Stephen King novel. It is also a David and Goliath saga—the story of a young lawyer fresh from the Public Defender's Office whose first client in private practice turns out to be the worst serial killer in our nation's history. Sam Amirante had just opened his first law practice when he got a phone call from his friend John Wayne Gacy, a well-known and well-liked community figure. Gacy was upset about what he called "police harassment" and asked Amirante for help. With the police following his every move in connection with the disappearance of a local teenager, Gacy eventually gave a drunken, dramatic, early morning confession—to his new lawyer. Gacy was eventually charged with murder and Amirante suddenly became the defense attorney for one of America's most disturbing serial killers. It was his first case. This new edition of John Wayne Gacy, which contains updated material about the case that has come to light since the book's original publication, recounts the gruesome killings and the famous trial that shocked a nation.

Front Page

How do we understand mental health problems in their social context? A former BMA Medical Book of the Year award winner, this book provides a sociological analysis of major areas of mental health and illness. The book considers contemporary and historical aspects of sociology, social psychiatry, policy and therapeutic law to help students develop an in-depth and critical approach to this complex subject. New developments for the fifth edition include: Brand new chapter on prisons, criminal justice and mental health Expanded coverage of stigma, class and social networks Updated material on the Mental Capacity Act, Mental Health Act and the Deprivation of Liberty A classic in its field, this well established textbook offers a rich and well-crafted overview of mental health and illness unrivalled by competitors and is essential reading for students and professionals studying a range of medical sociology and health-related courses. It is also highly suitable for trainee mental health workers in the fields of social work, nursing, clinical psychology and psychiatry. "Rogers and Pilgrim go from strength to strength! This fifth edition of their classic text is not only a sociology but also a psychology, a philosophy, a history and a polity. It combines rigorous scholarship with radical argument to produce incisive perspectives on the major contemporary questions concerning mental health and illness. The authors admirably balance judicious presentation of the range of available understandings with clear articulation of their own positions on key issues. This book is essential reading for everyone involved in mental health work." Christopher Dowrick, Professor of Primary Medical Care, University of Liverpool, UK "Pilgrim and Rogers have for the last twenty years given us the key text in the sociology of mental health and illness. Each edition has captured the multi-layered and ever changing landscape of theory and practice around psychiatry and mental health, providing an essential tool for teachers and researchers, and much loved by students for the dexterity in combining scope and accessibility. This latest volume, with its focus on community mental health, user movements criminal justice and the need for inter-agency working, alongside the more classical sociological critiques around social theories and social inequalities, demonstrates more than ever that sociological perspectives are crucial in the understanding and explanation of mental and emotional healthcare and practice, hence its audience extends across the related disciplines to everyone who is involved in this highly controversial and socially relevant arena." Gillian Bendelow, School of Law Politics and Sociology, University of Sussex, UK "From the classic bedrock studies to contemporary sociological perspectives on the current

controversy over which scientific organizations will define diagnosis, Rogers and Pilgrim provide a comprehensive, readable and elegant overview of how social factors shape the onset and response to mental health and mental illness. Their sociological vision embraces historical, professional and socio-cultural context and processes as they shape the lives of those in the community and those who provide care; the organizations mandated to deliver services and those that have ended up becoming unsuitable substitutes; and the successful and unsuccessful efforts to improve the lives through science, challenge and law." Bernice Pescosolido, Distinguished Professor of Sociology, Indiana University, USA

The Master and Margarita

One of the most beloved novels of all time, Colleen McCullough's magnificent saga of dreams, struggles, dark passions, and forbidden love in the Australian outback has enthralled readers the world over. *The Thorn Birds* is a chronicle of three generations of Clearys—an indomitable clan of ranchers carving lives from a beautiful, hard land while contending with the bitterness, frailty, and secrets that penetrate their family. It is a poignant love story, a powerful epic of struggle and sacrifice, a celebration of individuality and spirit. Most of all, it is the story of the Clearys' only daughter, Meggie, and the haunted priest, Father Ralph de Bricassart—and the intense joining of two hearts and souls over a lifetime, a relationship that dangerously oversteps sacred boundaries of ethics and dogma.

2024

Shocking Stories of the Most Infamous Unsolved Crimes Every criminal dreams of committing the perfect crime. A crime that is so well executed, with clues and evidence so scarce, that even the experts are left baffled. *The Killer Book of Cold Cases* takes you behind the crime scene tape and deep into the investigations of some of the most puzzling and notorious cold cases of all time—from murders to kidnappings to massive bombings that were open for years before the criminal was finally brought to justice. Read about: *The New York City judge whose disappearance was so famous, his name became synonymous with cold cases * The first use of DNA to help solve a murder case that had been cold for years * The bomber who took down an entire plane of people, just to collect on his mother's insurance * The legendary bank robber D.B. Cooper * The murder of two cops in a small California town—a case that took more than 50 years to solve * The Mad Bomber, who drove New Yorkers half crazy in the fifties by planting bombs all over the city Bury yourself in these edge-of-your-seat tales, read chilling quotes, and test your crime IQ with cold-case trivia. You'll stay up wondering which criminals might still be on the loose!

Ulysses

"Premier ouvrage proposant une analyse internationale et comparative sur le sujet essentiel de l'indépendance de la profession des juristes d'entreprise. Fréquemment, tant au niveau européen qu'au niveau national, cette indépendance n'est pas reconnue. Or, cette absence de reconnaissance entraîne de nombreuses questions, en particulier pour les clients de cette profession : les entreprises. Ce livre blanc explique l'importance d'un tel concept et montre que l'indépendance intellectuelle est un prérequis à tout avis ou conseil juridique pertinent. L'ouvrage rassemble près de 60 contributions de praticiens - juristes, avocats et universitaires venant de plus de 20 pays sur quatre continents et fait part de vingt propositions concrètes pour faire évoluer le statut des juristes au sein des entreprises." [Éditeur].

John Wayne Gacy

A chronicle of the abuse allowed by the British state of Emergency Laws established in the North.

EBOOK: A Sociology of Mental Health and Illness

Global Arbitration Review's Guide to Advocacy is a practical book for specialists and would-be specialists on how to be persuasive during international arbitration, featuring unique insight from well-known arbitrators on advocacy. The fully revised Second Edition is a useful tool for junior lawyers who wish to develop their advocacy skills, as well as a manual for civil trained lawyers who would like to feel more at ease with cross-examination as it breaks the arbitral process into key steps and explains the advocacy "opportunity" that each represents (focusing on the principles at work rather than specifics). Woven throughout are gems from big name arbitrators - tips, complaints,

musings and reminiscences - providing a new, 360-degree view of written and oral submissions. The Second Edition contains several new chapters and a fresh tranche of arbitrator contributions. While the first edition covers the basics through chapters on, inter alia, written submissions, cross-examination, opening submissions and closing arguments, this second edition delves deeper by exploring 'Cultural Considerations in Advocacy'. These are aimed at advocates raised within a particular national or regional style who wish to know what adjustments to make when in the international milieu; and vice versa. These chapters contain observations of help when some of the players in the arbitration - be they arbitrators, opponents or others - hail from Asia, Latin America, United States or the UK.

The Thorn Birds

'How the Law Works is a gem of a book, for law students and for everyone else. It is a must read for anyone interested in how society is shaped and controlled via law.' Dr Steven Vaughan, solicitor, Senior Lecturer, Birmingham Law School 'How the Law Works is a comprehensive, witty and easy-to-read guide to the law. I thoroughly recommend it to non-lawyers who want to improve their knowledge of the legal system and to potential students as an introduction to the law of England and Wales.' HH Judge Lynn Tayton QC Reviews of the first edition: 'A friendly, readable and surprisingly entertaining overview of what can be a daunting and arcane subject to the outsider.' The Law Teacher 'An easy-to-read, fascinating book . . . brimful with curios, anecdote and explanation.' The Times How the Law Works is a refreshingly clear and reliable guide to today's legal system. Offering interesting and comprehensive coverage, it makes sense of all the curious features of the law in day to day life and in current affairs. Explaining the law and legal jargon in plain English, it provides an accessible entry point to the different types of law and legal techniques, as well as today's compensation culture and human rights law. In addition to explaining the role of judges, lawyers, juries and parliament, it clarifies the mechanisms behind criminal and civil law. How the Law Works is essential reading for anyone approaching law for the first time, or for anyone who is interested in an engaging introduction to the subject's bigger picture.

The Killer Book of Cold Cases

The most comprehensive account to date of the 9/11 attack on the Pentagon and aftermath, this volume includes unprecedented details on the impact on the Pentagon building and personnel and the scope of the rescue, recovery, and caregiving effort. It features 32 pages of photographs and more than a dozen diagrams and illustrations not previously available.

Company Lawyers

Shane Cleary is living a comfortable life. He has money. He has a girl. But a visit from a friend shakes up his status quo. Chess may be the metaphor, but the case is one that lifts the lid on problems nobody in Boston wants to talk about. Murder. Race. Class. It's all Hush Hush. Neither the crime nor the verdict is simple, and yet it is Black and White. Shane will need more than a suit of armor if he wants to play knight. Can Justice be found? And at what cost?

A Law Unto Itself

In 1895 twenty-six-year-old Bridget Cleary disappeared from her house in rural Tipperary. At first, some said that the fairies had taken her into their stronghold in a nearby hill, from where she would emerge, riding a white horse. But then her badly burned body was found in a shallow grave. Her husband, father, aunt and four cousins were arrested and charged, while newspapers in nearby Clonmel, and then in Dublin, Cork, London and further afield attempted to make sense of what had happened. In this lurid and fascinating episode, set in the last decade of the nineteenth century, we witness the collision of town and country, of storytelling and science, of old and new. The torture and burning of Bridget Cleary caused a sensation in 1895 which continues to reverberate more than a hundred years later. Winner of the Irish Times Prize for Non-Fiction

State Violence in Northern Ireland, 1969-1997

"A must-read for fans of Cornwell and Grafton" Booklist "Taut suspense, a brave and likable heroine, a clever plot, and a slam-bang ending add up to a high-water mark for this popular series" Booklist on Close to the Bone Forensic scientist Theresa MacLean stumbles across a murder rather too close for comfort when she returns to the Medical Examiner's office following a late-night call to find one deskman missing and the other beaten to death. Written in blood above the dead man's head is a single

word: 'Confess'. It's the first time a homicide has taken place actually within the ME's office. Medical Examiner Stone works on how to spin the news while Theresa works the scene. When a second victim is discovered, Theresa uncovers a link to the death of another co-worker, records secretary Diane Allman, who was murdered in her own home ten years before. As she painstakingly pieces the clues together, Theresa realizes that she has become an integral part of a ruthless killer's murderous agenda. And if she is to survive, she must find out what really happened to Diane all those years ago.

Guide to Advocacy

WALKING WITH ALETHEIA is a story of how Jean Hargadon Wehner--through time, perseverance and inherent wisdom--found the courage to confront demons of sexual abuse from priests at her Catholic HS, ultimately leading to a place of resilience, hope and walking with Aletheia--the Greek goddess of truth. How, in the end, one can see the power and healing effect of the mind by leaning into the truth. This is a book of deep healing. Literary Nonfiction. Memoir.

How the Law Works

The real-life Alex Vause from the critically acclaimed, top-rated Netflix show *Orange Is the New Black* tells her story in her own words for the first time—a powerful, surprising memoir about crime and punishment, friendship and marriage, and a life caught in the ruinous drug trade and beyond. Fans nationwide have fallen in love with *Orange Is the New Black*, the critically acclaimed and wildly popular Netflix show based on Piper Kerman's sensational #1 New York Times bestseller. Now, Catherine Cleary Wolters—the inspiration for Alex Vause, Piper's ex-girlfriend, friend, and sometimes-romantic partner on the show—tells her true story, offering details and insights that fill in the blanks, set the record straight, and answer common fan questions. An insightful, frustrating, heartbreaking, and uplifting analysis of crime and punishment in our times, *Out of Orange* is an intimate look at international drug crime—a seemingly glamorous lifestyle that dazzles unsuspecting young women and eventually leads them to the seedy world of prison. Told by a woman originally thrust into the spotlight without her permission—Wolters learned about Piper's memoir in the media—*Out of Orange* chronicles Wolter's time in the drug trade, her incarceration, her friendships and acquaintances with odd cellmates, her two marriages, and her complicated relationship with Piper. But Wolters is not solely defined by her past; she also reflects on her life and the person she is today. Filled with colorful characters, fascinating tales, painful sobering lessons, and hard-earned wisdom, *Out of Orange* is sure to be provocative, entertaining, and ultimately inspiring.

Remarks

How does a girl go from being a shy, awkward bookworm to the biggest porn star in the world? In *Sinner Takes All*, Tera Patrick reveals all, including: her career as an international model; losing her virginity at fourteen to a thirtysomething photographer; learning oral sex techniques backstage at a Guns N' Roses concert; having an orgy with a team of firefighters; her unglamorous job in a nursing home; her first forays into the adult movie business; and how, with her husband's help, she launched her own multimillion-dollar empire. Along the way, she dishes on the emotional side of being Tera Patrick, writing candidly about her battles with depression and anxiety. She also discusses finding true love and building a healthy marriage, achievements that many consider to be impossible in the world of porn. Featuring hundreds of photos, plus diary pages and scintillating sidebars, *Sinner Takes All* takes the tell-all to raunchy new heights.

Pentagon 9/11

Edited by Xabier Agirre Aranburu, Morten Bergsmo, Simon De Smet and Carsten Stahn, this 1,108-page book offers detailed analyses on how the investigation and preparation of fact-rich cases can be improved, both in national and international jurisdictions. Twenty-four chapters organized in five parts address, inter alia, evidence and analysis, systemic challenges in case-preparation, investigation plans as instruments of quality control, and judicial and prosecutorial participation in investigation and case-preparation. The authors include Antonio Angotti, Devasheesh Bais, Olympia Bekou, Gilbert Bitti, Leïla Bourguiba, Thijs B. Bouwknecht, Ewan Brown, Eleni Chaitidou, Cale Davis, Markus Eikel, Shreeyash Uday Lalit, Moa Lidén, Tor-Geir Myhrer, Trond Myklebust, Matthias Neuner, Christian Axboe Nielsen, Gilad Noam, Gavin Oxburgh, David Re, Alf Butenschøn Skre, Usha Tandon, William Webster and William H. Wiley, in addition to the four co-editors. There are also forewords by Fatou Bensouda and Manoj Kumar Sinha, and a prologue by Gregory S. Gordon. The book follows from a conference at

the Indian Law Institute in New Delhi, and is the main outcome of the third leg of a research project of the Centre for International Law Research and Policy (CILRAP) known as the 'Quality Control Project'. Other books produced by the project are *Quality Control in Fact-Finding* (Second Edition, 2020) and *Quality Control in Preliminary Examination: Volumes 1 and 2* (2018). Covering three distinct phases - documentation, preliminary examination and investigation - the volumes consider how the quality of each phase can be improved. Emphasis is placed on the nourishment of an individual mindset and institutional culture of quality control.

Hush Hush

Writings from the old-school Republican and New York Times–bestselling author of *How the Hell Did This Happen?: “Hilarious”* (Christopher Buckley, author of *Thank You for Smoking*). In this collection of pieces, the outrageous political satirist renowned for such classics as *Parliament of Whores* takes on a wide range of cultural and political issues, and explains the platform of the Republican Party Reptile: “I think our agenda is clear. We are opposed to: government spending, Kennedy kids, seat-belt laws . . . busing our children anywhere other than Yale, trailer courts near our vacation homes . . . all tiny Third World countries that don’t have banking secrecy laws, aerobics, the UN, taxation without tax loopholes, and jewelry on men. We are in favor of: guns, drugs, fast cars, free love (if our wives don’t find out), a sound dollar . . . and a strong military with spiffy uniforms. There are thousands of people in America who feel this way, especially after three or four drinks. If all of us would unite and work together, we could give this country . . . well, a real bad hangover.” “To say that P. J. O’Rourke is funny is like saying the Rocky Mountains are scenic—accurate but insufficient. At his best he’s downright exhilarating . . . Republican Party Reptile is as rambunctiously entertaining as a greased pig catching contest. If you can find a funnier writer than P. J. O’Rourke, buy him a brandy, but don’t lend him the keys to your pickup.” —Chicago Tribune

Library Journal

Cocktail waitress Sookie Stackhouse is having a streak of bad luck. First her co-worker is killed, and no one seems to care. Then she comes face-to-face with a beastly creature which gives her a painful and poisonous lashing. Enter the vampires, who graciously suck the poison from her veins (like they didn’t enjoy it). The point is: they saved her life. So when one of the bloodsuckers asks for a favour, she obliges - and soon Sookie’s in Dallas, using her telepathic skills to search for a missing vampire. She’s supposed to interview certain humans involved, but she makes one condition: the vampires must promise to behave, and let the humans go unharmed. But that’s easier said than done, and all it takes is one delicious blonde and one small mistake for things to turn deadly ... The Sookie Stackhouse books are delightful Southern Gothic supernatural mysteries, starring Sookie, the telepathic cocktail waitress, and a cast of increasingly colourful characters, including vampires, werewolves and things that really do go bump in the night.

The Burning Of Bridget Cleary

The new edition of this volume provides guidance for new and experienced interviewers to help them develop, shape and reflect on interviewing as a qualitative research process. It offers examples of interviewing techniques as well as a discussion of the complexities of interviewing and its connections with the broader issues of qualitative research.

Close to the Bone

She took a dare and fell in love. Truth would have been the smarter choice. After years of living under her father’s thumb, Emmeline is ready to break free. She’s abandoned her life as a New York socialite to follow her dream of becoming a kindergarten teacher in a small, wholesome town. Seeing the man that nearly broke her was absolutely not what she had hoped to find in Prescott, Montana. Nick hasn’t seen his Emmy in nine years, but that doesn’t mean he’s forgotten a thing about the woman he loves. After just one blissful night as man and wife, he gave her up, sacrificing his own happiness to keep her safe—far away from him. But the moment she walks back into his lonely life is the moment he decides never to let her go again. He won’t waste his second chance. All he has to do is win back Emmeline’s heart, keep her safe from the shadows in his past and prove to her that taking a wager on him is a sure bet.
