Poona in Bygone Days

Excerpt from Poona in Bygone Days The illustrations in this book are chiefly taken from original pictures and photographs in my historical collection at Satara; and I am greatly indebted to Mr. R. D. Banerji, m.a., Superintendent, Archaeological Survey, Western Circle, Poona, for the valuable help he has rendered

me in their reproduction. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works."

Poona in Bygone Days (Classic Reprint)

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

Poona in Bygone Days

As an invitation to interrogate the secular modality of art, the book unsettles both the categories of 'art' and 'secular' in their theoretical and historical implications. It questions the temporal, spatial and cultural binaries between the 'sacred' and the 'secular' that have shaped art historical scholarship as well as artistic practice. All the essays here are anchored in a conception of a region, whether we call it South Asia or the Indian subcontinent – one, fissured by histories of partition, state formations and religious nationalisms, but still offering a collective site from which to speak to the disciplines of art and the knowledge worlds in which they are embedded. The book asks: How do we complicate the religious designations of pre-modern art and architecture and the new forms of their resurgence in contemporary iconographies and monuments? How do we re-conceptualize the public and the political, as fiery contestations and new curatorial practices reconfigure the meaning of art in the proliferating spaces of museums, galleries, biennales and festivals? How do we understand South Asian art's deep entanglements with the politics of the present?

Poona in Bygone Days - Primary Source Edition

January 30th, 1774, a forgotten yet momentous date when a revolutionary movement originating in western India declared the formation of a republican government with executive powers residing not in kings or reigning monarchs but a representative council chosen by popular will. In the next quarter of a century, this government, known as the "Karbhari Sarkar", expanded to cover the subcontinent from the Himalayas in the north to the river Kaveri in the south. It gave a crushing defeat to the British East India Company after an intense eight years of war and pushed back western imperialism by over three decades. It protected India's north-western borders and repulsed successive invasions of the Afghan Durranis. It officially ended the Mughal Empire and transferred all imperial executive power to itself. Never before was a republican experiment on a pan-Indian and subcontinent wide-scale ever achieved. It was, in essence, the "First Republic" of India. The unsung and untold story of India's First Republic, though forgotten in popular consciousness, has been kept alive in numerous primary sources of 18th-century history in Marathi, English, French, Portuguese, Persian and multiple Indian languages. Based on a study of these sources, The First Republic attempts to outline the rise and fall of the Imperial Karbhari Sarkar.

How Secular Is Art?

Volume V, ART: This volume contains 47 articles by scholars of Art History, representing various aspects of art. It covers the topics like the Buddhist narrative art and Buddha's iconography with reference to Amaravati school of Art, Jaina Art, Terracotta art, Iconography of Siva, Vishnu, Surya, Mahishasuramardini, Ganesa, Kartikeya, Dikpalas and Navagrahas and a few articles on Kuchipudi dance and folk art forms. This volume serves as a valuable source book for the students, research scholars and teachers as well in the fields. This volume also highlights the love and affection of Prof. P. Chenna Reddy enjoys in the intellectual world. The felicitation Volume is brought out in a series of 12 independent books covering a total of 460 articles. Every volume contains two sections. The first section contains the biographical sketch of Prof. P. Chenna Reddy, his achievements and contribution to archaeology, history and Society. The second section of each volume is subject specific, E.g., Volume-I

on Archaeology, Volume II on Early and Medieval Indian History, Volume III on Modern Indian History, Volume IV on Epigraphy and Numismatics, Volume V on Art, Volume VI on Architecture, Volume VII on Religion and Philosophy, Volume VIII on Economy, Trade and Commerce, Volume IX on Literature, Volume X Tribal and Folklore, Volume XI Contemporary India and Diaspora, Volume XII, Tourism and contains as many as 460 articles and contributed by renowned scholars.

The First Republic

Grounded in a variety of rich and diverse source materials such as periodicals meant for women and edited by women, song and cookbooks, book reviews and court records, the author of this pioneering study mobilises claims for the existence of an Indian feminism in the nineteenth century. Anagol traces the ways in which Indian women engaged with the power structures-both colonialist and patriarchal-which sought to define them. Through her analysis of Indian male reactions to movements of assertion by women, Anagol shows that the development of feminist consciousness in India from the late nineteenth century to the coming of Gandhi was not one of uninterrupted unilinear progression. The book illustrates the ways in which such movements were based upon a consciousness of the inequalities in gender relations and highlights the determination of an emerging female intelligentsia to remedy it. The author's innovative study of women and crime challenges the notion of passivity by uncovering instances of individual resistance in the domestic sphere. Her study of women's perspectives and participation in the Age of Consent Bill debates clearly demonstrates how the rebellion of wives and their assertion in the colonial courts had resulted in male reaction to reform rather than the current historiographical claims that it was a response purely to threats posed by 'colonial masculinity'. Anagol's investigation of the growth of the women's press, their writings and participation in the wider vernacular press highlights the relationship between symbolic or 'hidden' resistance and open assertion by women.

A Handbook for Travellers in India, Burma and Ceylon

Partha Mitter's book is a pioneering study of the history of modern art on the Indian subcontinent from 1850 to 1922. The author tells the story of Indian art during the Raj, set against the interplay of colonialism and nationalism. The work addresses the tensions and contradictions that attended the advent of European naturalism in India, as part of the imperial design for the westernisation of the elite, and traces the artistic evolution from unquestioning westernisation to the construction of Hindu national identity. Through a wide range of literary and pictorial sources, *Art and Nationalism in Colonial India* balances the study of colonial cultural institutions and networks with the ideologies of the nationalist and intellectual movements which followed. The result is a book of immense significance, both in the context of South Asian history and in the wider context of art history.

Handbook for Travellers in India, Burma and Ceylon Including All British India, the Portuguese and French Possessions, and the Indian States

'Performative Politics and the Cultures of Hinduism' focuses on one of the major festivals of western India, the Ganapati Utsava, dedicated to the elephant-headed god. Raminder Kaur uses this occasion as the central anthropological and historiographical site within which to examine the dynamic relationship between spectacle, religion and nationalist politics.

The Cambridge History of India

This book is on military history of India. This is an aspect of Indian history that has received scanty attention. The political, social, and cultural aspects of Indian history have been more than adequately dealt with by eminent Indian and western scholars. This deficiency is largely responsible for the lack of insight in the real life of India and has produced distorted judgments about things Indian. Those who want to have correct perspective of Indian history must learn the military aspect of Indian history. In this book the following six battles have been described and analyzed 1. The battle of Jhelum. 2. The battle of Tarori. 3. The battle of Kanwa. 4. The battle of Rakshas-Tagadi. 5. The battle of Panipat. 6. The battle of Assaye. The conclusion is that if India wants to remain free and not become a satellite of a bigger power, it must build an indigenously superior weapon-system. Borrowed knowledge and weapons may help overcome temporary deficiency, but it is not a permanent solution.

Kalyana Mitra: Volume 5

This third and last of the three-volume Who's Who in Islamic Studies presents the scholarly world at long last with its own biographical encyclopaedia. Taking as a starting point the inventory of authors from the renowned Index Islamicus, the author, Wolfgang Behn (Berlin), has systematically collected numerous data on the lives and works of the tens of thousands of authors listed in the Index Islamicus from 1665 to 1980. This Biographical Companion will be an indispensable reference tool for the serious student and scholar of Islamic Studies. It enables the user to quickly gain knowledge on the life, work, and professional background of almost every major and minor author, and thus to place each author in his/her proper perspective. A tremendous achievement and a true must for every library.

The Emergence of Feminism in India, 1850-1920

Michael J. Franklin's *Romantic Representations of British India* is a timely study of the impact of Orientalist knowledge upon British culture during the Romantic period. The subject of the book is not so much India, but the British cultural understanding of India, particularly between 1750 and 1850. Franklin opens up new areas of investigation in Romantic-period culture, as those texts previously located in the ghetto of 'Anglo-Indian writing' are restored to a central place in the wider field of Romanticism. The essays within this collection cover a wide range of topics and are written by an impressive troupe of contributors including P.J. Marshall, Anne Mellor, and Nigel Leask. Students and academics involved with literary studies and history will find this book extremely useful, though musicologists and historians of science and of religion will also make good use of the book, as will those interested in questions of gender, race, and colonialism.

Art and Nationalism in Colonial India, 1850-1922

Includes section "Reviews and notices of books".

Performative Politics and the Cultures of Hinduism

Contributed articles on problems of urbanization in India, with special reference to the nine cities with a million or more population each in 1974.

Decisive Battles India Lost (326 B. C. to 1803 A. D.)

For almost 100 years, the city of Poona served as the de facto capital of the Maratha Empire, which dominated much of the history of India in the 18th century. An important contribution to the urban history of pre-modern India, this book describes Poona's physical and demographic contours, the place of the ruling family in its political and cultural life, the city government, the role of power-brokers in the urban structure, and the city's economy, society, religion, literature, and arts

Prevalence Of Of Various Castes And Sub-Castes. Which Made Social Mobility Extremly Difficult. Without Dustjacket In Good Condition.

The Indian City

'A beautiful collection, full of affection and an extremely funny book.' - Salman Rushdie In this collection of nine linked stories, young Farrukh recounts his years growing up in a Parsi neighbourhood in Poona during the fifties. Sarbatwalla Chowk is the centre of the world of those he remembers: Eddie the Inventor and his Big Boy; the massive Samson, who lives on the street and refuses to get a job; the blind man and his guide, Black Dog, supposed to have special powers; Terry Soakum, the Australian crybaby who has his eye on Farrukh's swimming trunks; Confession D'Souza, the scholarship boy who loses favour with the Jesuits over a 'dirty book' and later becomes a courageous journalist; Chamak, a permanent pimple on his big nose, who wants to win the college elections and the heart of 'Jhansi-ki-Rani'. There's Farrukh himself, distressed over a pair of broken spectacles, or a knife-fight at school. Warm, funny, sometimes sad but always delightful, Poona Company seems as fresh as when it was first published in 1980, and presents a picture of small-town India observed with a sharp eye and a fond heart - a combination still rare in Indian fiction.

Million Cities of India

Poona in the Eighteenth Century
